466 Medicaid shall, upon review of the recommendation, the proceedings
467 and the record, prepare a written decision which shall be mailed
468 to the nursing facility provider no later than twenty (20) days
469 after the submission of the recommendation by the panel. The
470 decision of the executive director is final, subject only to
471 judicial review.

472 (x) Appeals from a final decision shall be made to
473 the Chancery Court of Hinds County. The appeal shall be filed
474 with the court within thirty (30) days from the date the decision
475 of the Executive Director of the Division of Medicaid becomes
476 final.

477 (xi) The action of the Division of Medicaid under
478 review shall be stayed until all administrative proceedings have
479 been exhausted.

480 (xii) Appeals by nursing facility providers
481 involving any issues other than those two (2) specified in
482 subparagraphs (i)(A) and (ii)(B) shall be taken in accordance with

483 the administrative hearing procedures established by the Division
484 of Medicaid.

485 (e) When a facility of a category that does not require
486 a certificate of need for construction and that could not be
487 eligible for Medicaid reimbursement is constructed to nursing
488 facility specifications for licensure and certification, and the
489 facility is subsequently converted to a nursing facility pursuant
490 to a certificate of need that authorizes conversion only and the
491 applicant for the certificate of need was assessed an application
492 review fee based on capital expenditures incurred in constructing
493 the facility, the division shall allow reimbursement for capital
494 expenditures necessary for construction of the facility that were
495 incurred within the twenty-four (24) consecutive calendar months
496 immediately preceding the date that the certificate of need
497 authorizing such conversion was issued, to the same extent that
498 reimbursement would be allowed for construction of a new nursing
499 facility pursuant to a certificate of need that authorizes such
500 construction. The reimbursement authorized in this subparagraph
501 (e) may be made only to facilities the construction of which was
502 completed after June 30, 1989. Before the division shall be
503 authorized to make the reimbursement authorized in this
504 subparagraph (e), the division first must have received approval
505 from the Health Care Financing Administration of the United States
506 Department of Health and Human Services of the change in the state
507 Medicaid plan providing for such reimbursement.

508 (5) Periodic screening and diagnostic services for
509 individuals under age twenty-one (21) years as are needed to
510 identify physical and mental defects and to provide health care
511 treatment and other measures designed to correct or ameliorate
512 defects and physical and mental illness and conditions discovered
513 by the screening services regardless of whether these services are
514 included in the state plan. The division may include in its
515 periodic screening and diagnostic program those discretionary
516 services authorized under the federal regulations adopted to

517 implement Title XIX of the federal Social Security Act, as
518 amended. The division, in obtaining physical therapy services,
519 occupational therapy services, and services for individuals with
520 speech, hearing and language disorders, may enter into a
521 cooperative agreement with the State Department of Education for
522 the provision of such services to handicapped students by public
523 school districts using state funds which are provided from the
524 appropriation to the Department of Education to obtain federal
525 matching funds through the division. The division, in obtaining
526 medical and psychological evaluations for children in the custody
527 of the State Department of Human Services may enter into a
528 cooperative agreement with the State Department of Human Services
529 for the provision of such services using state funds which are
530 provided from the appropriation to the Department of Human
531 Services to obtain federal matching funds through the division.

532 On July 1, 1993, all fees for periodic screening and
533 diagnostic services under this paragraph (5) shall be increased by
534 twenty-five percent (25%) of the reimbursement rate in effect on
535 June 30, 1993.

536 (6) Physician's services. On January 1, 1996, all fees for
537 physicians' services shall be reimbursed at seventy percent (70%)
538 of the rate established on January 1, 1994, under Medicare (Title
539 XVIII of the Social Security Act), as amended, and the division
540 may adjust the physicians' reimbursement schedule to reflect the
541 differences in relative value between Medicaid and Medicare.

542 (7) (a) Home health services for eligible persons, not to
543 exceed in cost the prevailing cost of nursing facility services,
544 not to exceed sixty (60) visits per year.

545 (b) Repealed.

546 (8) Emergency medical transportation services. On January
547 1, 1994, emergency medical transportation services shall be
548 reimbursed at seventy percent (70%) of the rate established under
549 Medicare (Title XVIII of the Social Security Act), as amended.

550 "Emergency medical transportation services" shall mean, but shall

551 not be limited to, the following services by a properly permitted
552 ambulance operated by a properly licensed provider in accordance
553 with the Emergency Medical Services Act of 1974 (Section 41-59-1
554 et seq.): (i) basic life support, (ii) advanced life support,
555 (iii) mileage, (iv) oxygen, (v) intravenous fluids, (vi)
556 disposable supplies, (vii) similar services.

557 (9) Legend and other drugs as may be determined by the
558 division. The division may implement a program of prior approval
559 for drugs to the extent permitted by law. Payment by the division
560 for covered multiple source drugs shall be limited to the lower of
561 the upper limits established and published by the Health Care
562 Financing Administration (HCFA) plus a dispensing fee of Four
563 Dollars and Ninety-one Cents (\$4.91), or the estimated acquisition
564 cost (EAC) as determined by the division plus a dispensing fee of
565 Four Dollars and Ninety-one Cents (\$4.91), or the providers' usual
566 and customary charge to the general public. The division shall
567 allow five (5) prescriptions per month for noninstitutionalized
568 Medicaid recipients.

569 Payment for other covered drugs, other than multiple source
570 drugs with HCFA upper limits, shall not exceed the lower of the
571 estimated acquisition cost as determined by the division plus a
572 dispensing fee of Four Dollars and Ninety-one Cents (\$4.91) or the
573 providers' usual and customary charge to the general public.

574 Payment for nonlegend or over-the-counter drugs covered on
575 the division's formulary shall be reimbursed at the lower of the
576 division's estimated shelf price or the providers' usual and
577 customary charge to the general public. No dispensing fee shall
578 be paid.

579 The division shall develop and implement a program of payment
580 for additional pharmacist services, with payment to be based on
581 demonstrated savings, but in no case shall the total payment
582 exceed twice the amount of the dispensing fee.

583 As used in this paragraph (9), "estimated acquisition cost"
584 means the division's best estimate of what price providers

585 generally are paying for a drug in the package size that providers
586 buy most frequently. Product selection shall be made in
587 compliance with existing state law; however, the division may
588 reimburse as if the prescription had been filled under the generic
589 name. The division may provide otherwise in the case of specified
590 drugs when the consensus of competent medical advice is that
591 trademarked drugs are substantially more effective.

592 (10) Dental care that is an adjunct to treatment of an acute
593 medical or surgical condition; services of oral surgeons and
594 dentists in connection with surgery related to the jaw or any
595 structure contiguous to the jaw or the reduction of any fracture
596 of the jaw or any facial bone; and emergency dental extractions
597 and treatment related thereto. On January 1, 1994, all fees for
598 dental care and surgery under authority of this paragraph (10)
599 shall be increased by twenty percent (20%) of the reimbursement
600 rate as provided in the Dental Services Provider Manual in effect
601 on December 31, 1993.

602 (11) Eyeglasses necessitated by reason of eye surgery, and
603 as prescribed by a physician skilled in diseases of the eye or an
604 optometrist, whichever the patient may select.

605 (12) Intermediate care facility services.

606 (a) The division shall make full payment to all
607 intermediate care facilities for the mentally retarded for each
608 day, not exceeding thirty-six (36) days per year, that a patient
609 is absent from the facility on home leave. However, before
610 payment may be made for more than eighteen (18) home leave days in
611 a year for a patient, the patient must have written authorization
612 from a physician stating that the patient is physically and
613 mentally able to be away from the facility on home leave. Such
614 authorization must be filed with the division before it will be
615 effective, and the authorization shall be effective for three (3)
616 months from the date it is received by the division, unless it is
617 revoked earlier by the physician because of a change in the
618 condition of the patient.

619 (b) All state-owned intermediate care facilities for
620 the mentally retarded shall be reimbursed on a full reasonable
621 cost basis.

622 (13) Family planning services, including drugs, supplies and
623 devices, when such services are under the supervision of a
624 physician.

625 (14) Clinic services. Such diagnostic, preventive,
626 therapeutic, rehabilitative or palliative services furnished to an
627 outpatient by or under the supervision of a physician or dentist
628 in a facility which is not a part of a hospital but which is
629 organized and operated to provide medical care to outpatients.
630 Clinic services shall include any services reimbursed as
631 outpatient hospital services which may be rendered in such a
632 facility, including those that become so after July 1, 1991. On
633 January 1, 1994, all fees for physicians' services reimbursed
634 under authority of this paragraph (14) shall be reimbursed at
635 seventy percent (70%) of the rate established on January 1, 1993,
636 under Medicare (Title XVIII of the Social Security Act), as
637 amended, or the amount that would have been paid under the
638 division's fee schedule that was in effect on December 31, 1993,
639 whichever is greater, and the division may adjust the physicians'
640 reimbursement schedule to reflect the differences in relative
641 value between Medicaid and Medicare. However, on January 1, 1994,
642 the division may increase any fee for physicians' services in the
643 division's fee schedule on December 31, 1993, that was greater
644 than seventy percent (70%) of the rate established under Medicare
645 by no more than ten percent (10%). On January 1, 1994, all fees
646 for dentists' services reimbursed under authority of this
647 paragraph (14) shall be increased by twenty percent (20%) of the
648 reimbursement rate as provided in the Dental Services Provider
649 Manual in effect on December 31, 1993.

650 (15) Home- and community-based services, as provided under
651 Title XIX of the federal Social Security Act, as amended, under
652 waivers, subject to the availability of funds specifically

653 appropriated therefor by the Legislature. Payment for such
654 services shall be limited to individuals who would be eligible for
655 and would otherwise require the level of care provided in a
656 nursing facility. The division shall certify case management
657 agencies to provide case management services and provide for home-
658 and community-based services for eligible individuals under this
659 paragraph. The home- and community-based services under this
660 paragraph and the activities performed by certified case
661 management agencies under this paragraph shall be funded using
662 state funds that are provided from the appropriation to the
663 Division of Medicaid and used to match federal funds under a
664 cooperative agreement between the division and the Department of
665 Human Services.

666 (16) Mental health services. Approved therapeutic and case
667 management services provided by (a) an approved regional mental
668 health/retardation center established under Sections 41-19-31
669 through 41-19-39, or by another community mental health service
670 provider meeting the requirements of the Department of Mental
671 Health to be an approved mental health/retardation center if
672 determined necessary by the Department of Mental Health, using
673 state funds which are provided from the appropriation to the State
674 Department of Mental Health and used to match federal funds under
675 a cooperative agreement between the division and the department,
676 or (b) a facility which is certified by the State Department of
677 Mental Health to provide therapeutic and case management services,
678 to be reimbursed on a fee for service basis. Any such services
679 provided by a facility described in paragraph (b) must have the
680 prior approval of the division to be reimbursable under this
681 section. After June 30, 1997, mental health services provided by
682 regional mental health/retardation centers established under
683 Sections 41-19-31 through 41-19-39, or by hospitals as defined in
684 Section 41-9-3(a) and/or their subsidiaries and divisions, or by
685 psychiatric residential treatment facilities as defined in Section
686 43-11-1, or by another community mental health service provider

687 meeting the requirements of the Department of Mental Health to be
688 an approved mental health/retardation center if determined
689 necessary by the Department of Mental Health, shall not be
690 included in or provided under any capitated managed care pilot
691 program provided for under paragraph (24) of this section.

695 not expend more than Three Hundred Thousand Dollars (\$300,000.00)
696 of state funds annually to pay for medical supplies authorized
697 under this paragraph.

698 (18) Notwithstanding any other provision of this section to
699 the contrary, the division shall make additional reimbursement to
700 hospitals which serve a disproportionate share of low-income

709 determined to be at risk. Services to be performed include case

718 Part H of the Individuals with Disabilities Education Act (IDEA).

719 The State Department of Health shall certify annually in writing
720 to the director of the division the dollar amount of state early

721 intervention funds available which shall be utilized as a
722 certified match for Medicaid matching funds. Those funds then
723 shall be used to provide expanded targeted case management
724 services for Medicaid eligible children with special needs who are
725 eligible for the state's early intervention system.

726 Qualifications for persons providing service coordination shall be
727 determined by the State Department of Health and the Division of
728 Medicaid.

730 disabled approved services as allowed by a waiver from the U.S.
731 Department of Health and Human Services for home- and
732 community-based services for physically disabled people using
733 state funds which are provided from the appropriation to the State
734 Department of Rehabilitation Services and used to match federal
735 funds under a cooperative agreement between the division and the
736 department, provided that funds for these services are
737 specifically appropriated to the Department of Rehabilitation
738 Services.

766 be allowed unlimited days of psychiatric services provided in
767 licensed psychiatric residential treatment facilities.

769 the division by a public or private provider. Notwithstanding any
770 other provision in this article to the contrary, the division
771 shall establish rates of reimbursement to providers rendering care
772 and services authorized under this section, and may revise such
773 rates of reimbursement without amendment to this section by the
774 Legislature for the purpose of achieving effective and accessible
775 health services, and for responsible containment of costs. This
776 shall include, but not be limited to, one (1) module of capitated

826 shall not expend more than Three Hundred Thousand Dollars
827 (\$300,000.00) annually to provide such personal care services.
828 The division shall develop recommendations for the effective
829 regulation of any facilities that would provide personal care
830 services which may become eligible for Medicaid reimbursement
831 under this section, and shall present such recommendations with
832 any proposed legislation to the 1996 Regular Session of the
833 Legislature on or before January 1, 1996.

834 (35) Services and activities authorized in Sections

857 manipulation is appropriate treatment. Reimbursement for
858 chiropractic services shall not exceed Seven Hundred Dollars
859 (\$700.00) per year per recipient.

860 Notwithstanding any provision of this article, except as
861 authorized in the following paragraph and in Section 43-13-139,
862 neither (a) the limitations on quantity or frequency of use of or
863 the fees or charges for any of the care or services available to
864 recipients under this section, nor (b) the payments or rates of
865 reimbursement to providers rendering care or services authorized
866 under this section to recipients, may be increased, decreased or
867 otherwise changed from the levels in effect on July 1, 1986,
868 unless such is authorized by an amendment to this section by the
869 Legislature. However, the restriction in this paragraph shall not
870 prevent the division from changing the payments or rates of
871 reimbursement to providers without an amendment to this section
872 whenever such changes are required by federal law or regulation,
873 or whenever such changes are necessary to correct administrative
874 errors or omissions in calculating such payments or rates of
875 reimbursement.

876 Notwithstanding any provision of this article, no new groups
877 or categories of recipients and new types of care and services may
878 be added without enabling legislation from the Mississippi
879 Legislature, except that the division may authorize such changes
880 without enabling legislation when such addition of recipients or
881 services is ordered by a court of proper authority. The director
882 shall keep the Governor advised on a timely basis of the funds
883 available for expenditure and the projected expenditures. In the
884 event current or projected expenditures can be reasonably
885 anticipated to exceed the amounts appropriated for any fiscal
886 year, the Governor, after consultation with the director, shall
887 discontinue any or all of the payment of the types of care and
888 services as provided herein which are deemed to be optional
889 services under Title XIX of the federal Social Security Act, as
890 amended, for any period necessary to not exceed appropriated

891 funds, and when necessary shall institute any other cost
892 containment measures on any program or programs authorized under
893 the article to the extent allowed under the federal law governing
894 such program or programs, it being the intent of the Legislature
895 that expenditures during any fiscal year shall not exceed the
896 amounts appropriated for such fiscal year.

897 When the method of federal funding for Medicaid is changed to
898 a system of federal block grants provided to the states, the
899 division shall utilize the funds from the federal block grants
900 provided to Mississippi in a manner so that the care and services
901 described in this section will continue to be provided to eligible
902 recipients.

903 SECTION 6. Section 43-13-133, Mississippi Code of 1972, is
904 amended as follows:

905 43-13-133. It is the intent of the Legislature that all
906 federal * * * funds for medical assistance * * * paid into any
907 state health agency after the passage of this article shall be
908 used exclusively to defray the cost of medical assistance expended
909 under the terms of this article.

910 SECTION 7. Section 43-13-139, Mississippi Code of 1972, is
911 brought forward as follows:

912 43-13-139. Nothing contained in this article shall be
913 construed to prevent the Governor, in his discretion, from
914 discontinuing or limiting medical assistance to any individuals
915 who are classified or deemed to be within any optional group or
916 optional category of recipients as prescribed under Title XIX of
917 the federal Social Security Act or the implementing federal
918 regulations. If the Congress or the United States Department of
919 Health and Human Services ceases to provide federal matching funds
920 for any group or category of recipients or any type of care and
921 services, the division shall cease state funding for such group or
922 category or such type of care and services, notwithstanding any
923 provision of this article.

924 SECTION 8. (1) There is created a Medicaid Block Grant

925 Transition Task Force, to be composed of the Chairmen of the
926 Public Health and Welfare Committees and Appropriations Committees
927 of the Mississippi House of Representatives and Senate, or their
928 designees; the State Health Officer; the Executive Director of the
929 Division of Medicaid; and three (3) consumer of services
930 representatives appointed one (1) each by the Governor, the
931 Speaker of the House of Representatives and the Lieutenant
932 Governor. Appointments shall be made within thirty (30) days
933 after passage of this act. Within fifteen (15) days after the
934 appointments, on a day to be jointly designated by the Lieutenant
935 Governor and House Speaker, the task force shall meet and organize
936 as a group.

937 (2) The task force shall have the following powers and
938 duties:

939 (a) To identify federal and state sources of funding
940 for the purposes for which Medicaid block grants are intended, to
