HOUSE BILL NO. 853

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,
2 TO INCREASE THE REIMBURSEMENT RATES FOR DENTAL SERVICES UNDER THE
3 MEDICAID PROGRAM; AND FOR RELATED PURPOSES.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

5 SECTION 1. Section 43-13-117, Mississippi Code of 1972, is
6 amended as follows:

7 43-13-117. Medical assistance as authorized by this article
8 shall include payment of part or all of the costs, at the
9 discretion of the division or its successor, with approval of the
10 Governor, of the following types of care and services rendered to
11 eligible applicants who shall have been determined to be eligible
12 for such care and services, within the limits of state
13 appropriations and federal matching funds:

14 (1) Inpatient hospital services.

15 (a) The division shall allow thirty (30) days of
16 inpatient hospital care annually for all Medicaid recipients;
17 however, before any recipient will be allowed more than fifteen
18 (15) days of inpatient hospital care in any one (1) year, he must
19 obtain prior approval therefor from the division. The division
20 shall be authorized to allow unlimited days in disproportionate
21 hospitals as defined by the division for eligible infants under
22 the age of six (6) years.

23 (b) From and after July 1, 1994, the Executive Director
24 of the Division of Medicaid shall amend the Mississippi Title XIX
25 Inpatient Hospital Reimbursement Plan to remove the occupancy rate
26 penalty from the calculation of the Medicaid Capital Cost
27 Component utilized to determine total hospital costs allocated to

28 the Medicaid Program.

29 (2) Outpatient hospital services. Provided that where the
30 same services are reimbursed as clinic services, the division may
31 revise the rate or methodology of outpatient reimbursement to
32 maintain consistency, efficiency, economy and quality of care.

33 (3) Laboratory and X-ray services.

34 (4) Nursing facility services.

35 (a) The division shall make full payment to nursing
36 facilities for each day, not exceeding thirty-six (36) days per
37 year, that a patient is absent from the facility on home leave.
38 However, before payment may be made for more than eighteen (18)
39 home leave days in a year for a patient, the patient must have
40 written authorization from a physician stating that the patient is
41 physically and mentally able to be away from the facility on home
42 leave. Such authorization must be filed with the division before
43 it will be effective and the authorization shall be effective for
44 three (3) months from the date it is received by the division,
45 unless it is revoked earlier by the physician because of a change
46 in the condition of the patient.

47 (b) Repealed.

48 (c) From and after July 1, 1997, all state-owned
49 nursing facilities shall be reimbursed on a full reasonable costs
50 basis. From and after July 1, 1997, payments by the division to
51 nursing facilities for return on equity capital shall be made at
52 the rate paid under Medicare (Title XVIII of the Social Security
53 Act), but shall be no less than seven and one-half percent (7.5%)
54 nor greater than ten percent (10%).

55 (d) A Review Board for nursing facilities is
56 established to conduct reviews of the Division of Medicaid's
57 decision in the areas set forth below:

58 (i) Review shall be heard in the following areas:

59 (A) Matters relating to cost reports
60 including, but not limited to, allowable costs and cost
61 adjustments resulting from desk reviews and audits.

62 (B) Matters relating to the Minimum Data Set
63 Plus (MD +) or successor assessment formats including but not
64 limited to audits, classifications and submissions.

65 (ii) The Review Board shall be composed of six (6)

66 members, three (3) having expertise in one (1) of the two (2)
67 areas set forth above and three (3) having expertise in the other
68 area set forth above. Each panel of three (3) shall only review
69 appeals arising in its area of expertise. The members shall be
70 appointed as follows:

71 (A) In each of the areas of expertise defined
72 under subparagraphs (i)(A) and (i)(B), the Executive Director of
73 the Division of Medicaid shall appoint one (1) person chosen from
74 the private sector nursing home industry in the state, which may
75 include independent accountants and consultants serving the
76 industry;

77 (B) In each of the areas of expertise defined
78 under subparagraphs (i)(A) and (i)(B), the Executive Director of
79 the Division of Medicaid shall appoint one (1) person who is
80 employed by the state who does not participate directly in desk
81 reviews or audits of nursing facilities in the two (2) areas of
82 review;

83 (C) The two (2) members appointed by the
84 Executive Director of the Division of Medicaid in each area of
85 expertise shall appoint a third member in the same area of
86 expertise.

87 In the event of a conflict of interest on the part of any
88 Review Board members, the Executive Director of the Division of
89 Medicaid or the other two (2) panel members, as applicable, shall
90 appoint a substitute member for conducting a specific review.

91 (iii) The Review Board panels shall have the power
92 to preserve and enforce order during hearings; to issue subpoenas;
93 to administer oaths; to compel attendance and testimony of
94 witnesses; or to compel the production of books, papers, documents
95 and other evidence; or the taking of depositions before any
96 designated individual competent to administer oaths; to examine
97 witnesses; and to do all things conformable to law that may be
98 necessary to enable it effectively to discharge its duties. The
99 Review Board panels may appoint such person or persons as they

100 shall deem proper to execute and return process in connection
101 therewith.

102 (iv) The Review Board shall promulgate, publish
103 and disseminate to nursing facility providers rules of procedure
104 for the efficient conduct of proceedings, subject to the approval
105 of the Executive Director of the Division of Medicaid and in
106 accordance with federal and state administrative hearing laws and
107 regulations.

108 (v) Proceedings of the Review Board shall be of
109 record.

110 (vi) Appeals to the Review Board shall be in
111 writing and shall set out the issues, a statement of alleged facts
112 and reasons supporting the provider's position. Relevant
113 documents may also be attached. The appeal shall be filed within
114 thirty (30) days from the date the provider is notified of the
115 action being appealed or, if informal review procedures are taken,
116 as provided by administrative regulations of the Division of
117 Medicaid, within thirty (30) days after a decision has been
118 rendered through informal hearing procedures.

119 (vii) The provider shall be notified of the
120 hearing date by certified mail within thirty (30) days from the
121 date the Division of Medicaid receives the request for appeal.
122 Notification of the hearing date shall in no event be less than
123 thirty (30) days before the scheduled hearing date. The appeal
124 may be heard on shorter notice by written agreement between the
125 provider and the Division of Medicaid.

126 (viii) Within thirty (30) days from the date of
127 the hearing, the Review Board panel shall render a written
128 recommendation to the Executive Director of the Division of
129 Medicaid setting forth the issues, findings of fact and applicable
130 law, regulations or provisions.

131 (ix) The Executive Director of the Division of
132 Medicaid shall, upon review of the recommendation, the proceedings
133 and the record, prepare a written decision which shall be mailed

134 to the nursing facility provider no later than twenty (20) days
135 after the submission of the recommendation by the panel. The
136 decision of the executive director is final, subject only to
137 judicial review.

138 (x) Appeals from a final decision shall be made to
139 the Chancery Court of Hinds County. The appeal shall be filed
140 with the court within thirty (30) days from the date the decision
141 of the Executive Director of the Division of Medicaid becomes
142 final.

143 (xi) The action of the Division of Medicaid under
144 review shall be stayed until all administrative proceedings have
145 been exhausted.

146 (xii) Appeals by nursing facility providers
147 involving any issues other than those two (2) specified in
148 subparagraphs (i)(A) and (ii)(B) shall be taken in accordance with
149 the administrative hearing procedures established by the Division
150 of Medicaid.

151 (e) When a facility of a category that does not require
152 a certificate of need for construction and that could not be
153 eligible for Medicaid reimbursement is constructed to nursing
154 facility specifications for licensure and certification, and the
155 facility is subsequently converted to a nursing facility pursuant
156 to a certificate of need that authorizes conversion only and the
157 applicant for the certificate of need was assessed an application
158 review fee based on capital expenditures incurred in constructing
159 the facility, the division shall allow reimbursement for capital
160 expenditures necessary for construction of the facility that were
161 incurred within the twenty-four (24) consecutive calendar months
162 immediately preceding the date that the certificate of need
163 authorizing such conversion was issued, to the same extent that
164 reimbursement would be allowed for construction of a new nursing
165 facility pursuant to a certificate of need that authorizes such
166 construction. The reimbursement authorized in this subparagraph
167 (e) may be made only to facilities the construction of which was

168 completed after June 30, 1989. Before the division shall be
169 authorized to make the reimbursement authorized in this
170 subparagraph (e), the division first must have received approval
171 from the Health Care Financing Administration of the United States
172 Department of Health and Human Services of the change in the state
173 Medicaid plan providing for such reimbursement.

174 (5) Periodic screening and diagnostic services for
175 individuals under age twenty-one (21) years as are needed to
176 identify physical and mental defects and to provide health care
177 treatment and other measures designed to correct or ameliorate
178 defects and physical and mental illness and conditions discovered
179 by the screening services regardless of whether these services are
180 included in the state plan. The division may include in its
181 periodic screening and diagnostic program those discretionary
182 services authorized under the federal regulations adopted to
183 implement Title XIX of the federal Social Security Act, as
184 amended. The division, in obtaining physical therapy services,
185 occupational therapy services, and services for individuals with
186 speech, hearing and language disorders, may enter into a
187 cooperative agreement with the State Department of Education for
188 the provision of such services to handicapped students by public
189 school districts using state funds which are provided from the
190 appropriation to the Department of Education to obtain federal
191 matching funds through the division. The division, in obtaining
192 medical and psychological evaluations for children in the custody
193 of the State Department of Human Services may enter into a
194 cooperative agreement with the State Department of Human Services
195 for the provision of such services using state funds which are
196 provided from the appropriation to the Department of Human
197 Services to obtain federal matching funds through the division.

198 On July 1, 1993, all fees for periodic screening and
199 diagnostic services under this paragraph (5) shall be increased by
200 twenty-five percent (25%) of the reimbursement rate in effect on
201 June 30, 1993.

202 (6) Physician's services. On January 1, 1996, all fees for
203 physicians' services shall be reimbursed at seventy percent (70%)
204 of the rate established on January 1, 1994, under Medicare (Title
205 XVIII of the Social Security Act), as amended, and the division
206 may adjust the physicians' reimbursement schedule to reflect the
207 differences in relative value between Medicaid and Medicare.

208 (7) (a) Home health services for eligible persons, not to
209 exceed in cost the prevailing cost of nursing facility services,
210 not to exceed sixty (60) visits per year.

211 (b) Repealed.

212 (8) Emergency medical transportation services. On January
213 1, 1994, emergency medical transportation services shall be
214 reimbursed at seventy percent (70%) of the rate established under
215 Medicare (Title XVIII of the Social Security Act), as amended.
216 "Emergency medical transportation services" shall mean, but shall
217 not be limited to, the following services by a properly permitted
218 ambulance operated by a properly licensed provider in accordance
219 with the Emergency Medical Services Act of 1974 (Section 41-59-1
220 et seq.): (i) basic life support, (ii) advanced life support,
221 (iii) mileage, (iv) oxygen, (v) intravenous fluids, (vi)
222 disposable supplies, (vii) similar services.

223 (9) Legend and other drugs as may be determined by the
224 division. The division may implement a program of prior approval
225 for drugs to the extent permitted by law. Payment by the division
226 for covered multiple source drugs shall be limited to the lower of
227 the upper limits established and published by the Health Care
228 Financing Administration (HCFA) plus a dispensing fee of Four
229 Dollars and Ninety-one Cents (\$4.91), or the estimated acquisition
230 cost (EAC) as determined by the division plus a dispensing fee of
231 Four Dollars and Ninety-one Cents (\$4.91), or the providers' usual
232 and customary charge to the general public. The division shall
233 allow five (5) prescriptions per month for noninstitutionalized
234 Medicaid recipients.

235 Payment for other covered drugs, other than multiple source

236 drugs with HCFA upper limits, shall not exceed the lower of the
237 estimated acquisition cost as determined by the division plus a
238 dispensing fee of Four Dollars and Ninety-one Cents (\$4.91) or the
239 providers' usual and customary charge to the general public.

240 Payment for nonlegend or over-the-counter drugs covered on
241 the division's formulary shall be reimbursed at the lower of the
242 division's estimated shelf price or the providers' usual and
243 customary charge to the general public. No dispensing fee shall
244 be paid.

245 The division shall develop and implement a program of payment
246 for additional pharmacist services, with payment to be based on
247 demonstrated savings, but in no case shall the total payment
248 exceed twice the amount of the dispensing fee.

249 As used in this paragraph (9), "estimated acquisition cost"
250 means the division's best estimate of what price providers
251 generally are paying for a drug in the package size that providers
252 buy most frequently. Product selection shall be made in
253 compliance with existing state law; however, the division may
254 reimburse as if the prescription had been filled under the generic
255 name. The division may provide otherwise in the case of specified
256 drugs when the consensus of competent medical advice is that
257 trademarked drugs are substantially more effective.

258 (10) Dental care that is an adjunct to treatment of an acute
259 medical or surgical condition; services of oral surgeons and
260 dentists in connection with surgery related to the jaw or any
261 structure contiguous to the jaw or the reduction of any fracture
262 of the jaw or any facial bone; and emergency dental extractions
263 and treatment related thereto. On July 1, 1999, all fees for
264 dental care and surgery under authority of this paragraph (10)
265 shall be increased twice the amount of the reimbursement rate that
266 was in effect on June 30, 1999.

267 (11) Eyeglasses necessitated by reason of eye surgery, and
268 as prescribed by a physician skilled in diseases of the eye or an
269 optometrist, whichever the patient may select.

270 (12) Intermediate care facility services.

271 (a) The division shall make full payment to all
272 intermediate care facilities for the mentally retarded for each
273 day, not exceeding thirty-six (36) days per year, that a patient
274 is absent from the facility on home leave. However, before
275 payment may be made for more than eighteen (18) home leave days in
276 a year for a patient, the patient must have written authorization
277 from a physician stating that the patient is physically and
278 mentally able to be away from the facility on home leave. Such
279 authorization must be filed with the division before it will be
280 effective, and the authorization shall be effective for three (3)
281 months from the date it is received by the division, unless it is
282 revoked earlier by the physician because of a change in the
283 condition of the patient.

284 (b) All state-owned intermediate care facilities for
285 the mentally retarded shall be reimbursed on a full reasonable
286 cost basis.

287 (13) Family planning services, including drugs, supplies and
288 devices, when such services are under the supervision of a
289 physician.

290 (14) Clinic services. Such diagnostic, preventive,
291 therapeutic, rehabilitative or palliative services furnished to an
292 outpatient by or under the supervision of a physician or dentist
293 in a facility which is not a part of a hospital but which is
294 organized and operated to provide medical care to outpatients.
295 Clinic services shall include any services reimbursed as
296 outpatient hospital services which may be rendered in such a
297 facility, including those that become so after July 1, 1991. On
298 January 1, 1994, all fees for physicians' services reimbursed
299 under authority of this paragraph (14) shall be reimbursed at
300 seventy percent (70%) of the rate established on January 1, 1993,
301 under Medicare (Title XVIII of the Social Security Act), as
302 amended, or the amount that would have been paid under the
303 division's fee schedule that was in effect on December 31, 1993,

304 whichever is greater, and the division may adjust the physicians'
305 reimbursement schedule to reflect the differences in relative
306 value between Medicaid and Medicare. However, on January 1, 1994,
307 the division may increase any fee for physicians' services in the
308 division's fee schedule on December 31, 1993, that was greater
309 than seventy percent (70%) of the rate established under Medicare
310 by no more than ten percent (10%). On January 1, 1994, all fees
311 for dentists' services reimbursed under authority of this
312 paragraph (14) shall be increased by twenty percent (20%) of the
313 reimbursement rate as provided in the Dental Services Provider
314 Manual in effect on December 31, 1993.

315 (15) Home- and community-based services, as provided under
316 Title XIX of the federal Social Security Act, as amended, under
317 waivers, subject to the availability of funds specifically
318 appropriated therefor by the Legislature. Payment for such
319 services shall be limited to individuals who would be eligible for
320 and would otherwise require the level of care provided in a
321 nursing facility. The division shall certify case management
322 agencies to provide case management services and provide for home-
323 and community-based services for eligible individuals under this
324 paragraph. The home- and community-based services under this
325 paragraph and the activities performed by certified case
326 management agencies under this paragraph shall be funded using
327 state funds that are provided from the appropriation to the
328 Division of Medicaid and used to match federal funds under a
329 cooperative agreement between the division and the Department of
330 Human Services.

331 (16) Mental health services. Approved therapeutic and case
332 management services provided by (a) an approved regional mental
333 health/retardation center established under Sections 41-19-31
334 through 41-19-39, or by another community mental health service
335 provider meeting the requirements of the Department of Mental
336 Health to be an approved mental health/retardation center if
337 determined necessary by the Department of Mental Health, using

338 state funds which are provided from the appropriation to the State
339 Department of Mental Health and used to match federal funds under
340 a cooperative agreement between the division and the department,
341 or (b) a facility which is certified by the State Department of
342 Mental Health to provide therapeutic and case management services,
343 to be reimbursed on a fee for service basis. Any such services
344 provided by a facility described in paragraph (b) must have the
345 prior approval of the division to be reimbursable under this
346 section. After June 30, 1997, mental health services provided by
347 regional mental health/retardation centers established under
348 Sections 41-19-31 through 41-19-39, or by hospitals as defined in
349 Section 41-9-3(a) and/or their subsidiaries and divisions, or by
350 psychiatric residential treatment facilities as defined in Section
351 43-11-1, or by another community mental health service provider
352 meeting the requirements of the Department of Mental Health to be
353 an approved mental health/retardation center if determined
354 necessary by the Department of Mental Health, shall not be
355 included in or provided under any capitated managed care pilot
356 program provided for under paragraph (24) of this section.

357 (17) Durable medical equipment services and medical supplies
358 restricted to patients receiving home health services unless
359 waived on an individual basis by the division. The division shall
360 not expend more than Three Hundred Thousand Dollars (\$300,000.00)
361 of state funds annually to pay for medical supplies authorized
362 under this paragraph.

363 (18) Notwithstanding any other provision of this section to
364 the contrary, the division shall make additional reimbursement to
365 hospitals which serve a disproportionate share of low-income
366 patients and which meet the federal requirements for such payments
367 as provided in Section 1923 of the federal Social Security Act and
368 any applicable regulations.

369 (19) (a) Perinatal risk management services. The division
370 shall promulgate regulations to be effective from and after
371 October 1, 1988, to establish a comprehensive perinatal system for

372 risk assessment of all pregnant and infant Medicaid recipients and
373 for management, education and follow-up for those who are
374 determined to be at risk. Services to be performed include case
375 management, nutrition assessment/counseling, psychosocial
376 assessment/counseling and health education. The division shall
377 set reimbursement rates for providers in conjunction with the
378 State Department of Health.

379 (b) Early intervention system services. The division
380 shall cooperate with the State Department of Health, acting as
381 lead agency, in the development and implementation of a statewide
382 system of delivery of early intervention services, pursuant to
383 Part H of the Individuals with Disabilities Education Act (IDEA).

384 The State Department of Health shall certify annually in writing
385 to the director of the division the dollar amount of state early
386 intervention funds available which shall be utilized as a
387 certified match for Medicaid matching funds. Those funds then
388 shall be used to provide expanded targeted case management
389 services for Medicaid eligible children with special needs who are
390 eligible for the state's early intervention system.

391 Qualifications for persons providing service coordination shall be
392 determined by the State Department of Health and the Division of
393 Medicaid.

394 (20) Home- and community-based services for physically
395 disabled approved services as allowed by a waiver from the U.S.
396 Department of Health and Human Services for home- and
397 community-based services for physically disabled people using
398 state funds which are provided from the appropriation to the State
399 Department of Rehabilitation Services and used to match federal
400 funds under a cooperative agreement between the division and the
401 department, provided that funds for these services are
402 specifically appropriated to the Department of Rehabilitation
403 Services.

404 (21) Nurse practitioner services. Services furnished by a
405 registered nurse who is licensed and certified by the Mississippi

406 Board of Nursing as a nurse practitioner including, but not
407 limited to, nurse anesthetists, nurse midwives, family nurse
408 practitioners, family planning nurse practitioners, pediatric
409 nurse practitioners, obstetrics-gynecology nurse practitioners and
410 neonatal nurse practitioners, under regulations adopted by the
411 division. Reimbursement for such services shall not exceed ninety
412 percent (90%) of the reimbursement rate for comparable services
413 rendered by a physician.

414 (22) Ambulatory services delivered in federally qualified
415 health centers and in clinics of the local health departments of
416 the State Department of Health for individuals eligible for
417 medical assistance under this article based on reasonable costs as
418 determined by the division.

419 (23) Inpatient psychiatric services. Inpatient psychiatric
420 services to be determined by the division for recipients under age
421 twenty-one (21) which are provided under the direction of a
422 physician in an inpatient program in a licensed acute care
423 psychiatric facility or in a licensed psychiatric residential
424 treatment facility, before the recipient reaches age twenty-one
425 (21) or, if the recipient was receiving the services immediately
426 before he reached age twenty-one (21), before the earlier of the
427 date he no longer requires the services or the date he reaches age
428 twenty-two (22), as provided by federal regulations. Recipients
429 shall be allowed forty-five (45) days per year of psychiatric
430 services provided in acute care psychiatric facilities, and shall
431 be allowed unlimited days of psychiatric services provided in
432 licensed psychiatric residential treatment facilities.

433 (24) Managed care services in a program to be developed by
434 the division by a public or private provider. Notwithstanding any
435 other provision in this article to the contrary, the division
436 shall establish rates of reimbursement to providers rendering care
437 and services authorized under this section, and may revise such
438 rates of reimbursement without amendment to this section by the
439 Legislature for the purpose of achieving effective and accessible

440 health services, and for responsible containment of costs. This
441 shall include, but not be limited to, one (1) module of capitated
442 managed care in a rural area, and one (1) module of capitated
443 managed care in an urban area.

444 (25) Birthing center services.

445 (26) Hospice care. As used in this paragraph, the term
446 "hospice care" means a coordinated program of active professional
447 medical attention within the home and outpatient and inpatient
448 care which treats the terminally ill patient and family as a unit,
449 employing a medically directed interdisciplinary team. The
450 program provides relief of severe pain or other physical symptoms
451 and supportive care to meet the special needs arising out of
452 physical, psychological, spiritual, social and economic stresses
453 which are experienced during the final stages of illness and
454 during dying and bereavement and meets the Medicare requirements
455 for participation as a hospice as provided in 42 CFR Part 418.

456 (27) Group health plan premiums and cost sharing if it is
457 cost effective as defined by the Secretary of Health and Human
458 Services.

460 effective as defined by the Secretary of Health and Human
461 Services. Medicare eligible must have Medicare Part B before
462 other insurance premiums can be paid.

463 (29) The Division of Medicaid may apply for a waiver from
464 the Department of Health and Human Services for home- and
465 community-based services for developmentally disabled people using
466 state funds which are provided from the appropriation to the State
467 Department of Mental Health and used to match federal funds under
468 a cooperative agreement between the division and the department,
469 provided that funds for these services are specifically
470 appropriated to the Department of Mental Health.

471 (30) Pediatric skilled nursing services for eligible persons
472 under twenty-one (21) years of age.

473 (31) Targeted case management services for children with

474 special needs, under waivers from the U.S. Department of Health
475 and Human Services, using state funds that are provided from the
476 appropriation to the Mississippi Department of Human Services and
477 used to match federal funds under a cooperative agreement between
478 the division and the department.
