HOUSE BILL NO. 853  
(As Passed the House)

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,  
2 TO INCREASE THE REIMBURSEMENT RATES FOR DENTAL SERVICES UNDER THE  
3 MEDICAID PROGRAM; TO REINSTATE THE AUTHORITY OF THE DIVISION OF  
4 MEDICAID TO IMPLEMENT THE CASE-MIX REIMBURSEMENT SYSTEM FOR  
5 NURSING FACILITY SERVICES; AND FOR RELATED PURPOSES.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

7 SECTION 1. Section 43-13-117, Mississippi Code of 1972, is  
8 amended as follows:

9 43-13-117. Medical assistance as authorized by this article  
10 shall include payment of part or all of the costs, at the  
11 discretion of the division or its successor, with approval of the  
12 Governor, of the following types of care and services rendered to  
13 eligible applicants who shall have been determined to be eligible  
14 for such care and services, within the limits of state  
15 appropriations and federal matching funds:

16 (1) Inpatient hospital services.

17 (a) The division shall allow thirty (30) days of  
18 inpatient hospital care annually for all Medicaid recipients;  
19 however, before any recipient will be allowed more than fifteen  
20 (15) days of inpatient hospital care in any one (1) year, he must  
21 obtain prior approval therefor from the division. The division  
22 shall be authorized to allow unlimited days in disproportionate  
23 hospitals as defined by the division for eligible infants under  
24 the age of six (6) years.

25 (b) From and after July 1, 1994, the Executive Director  
26 of the Division of Medicaid shall amend the Mississippi Title XIX  
27 Inpatient Hospital Reimbursement Plan to remove the occupancy rate  
28 penalty from the calculation of the Medicaid Capital Cost

29 Component utilized to determine total hospital costs allocated to  
30 the Medicaid Program.

31 (2) Outpatient hospital services. Provided that where the  
32 same services are reimbursed as clinic services, the division may  
33 revise the rate or methodology of outpatient reimbursement to  
34 maintain consistency, efficiency, economy and quality of care.

35 (3) Laboratory and X-ray services.

36 (4) Nursing facility services.

37 (a) The division shall make full payment to nursing  
38 facilities for each day, not exceeding thirty-six (36) days per  
39 year, that a patient is absent from the facility on home leave.  
40 However, before payment may be made for more than eighteen (18)  
41 home leave days in a year for a patient, the patient must have  
42 written authorization from a physician stating that the patient is  
43 physically and mentally able to be away from the facility on home  
44 leave. Such authorization must be filed with the division before  
45 it will be effective and the authorization shall be effective for  
46 three (3) months from the date it is received by the division,  
47 unless it is revoked earlier by the physician because of a change  
48 in the condition of the patient.

49 (b) From and after July 1, 1999, the division shall  
50 implement the integrated case-mix payment and quality monitoring  
51 system developed pursuant to Section 43-13-122, which includes the  
52 fair rental system for property costs and in which recapture of  
53 depreciation is eliminated. The division may revise the  
54 reimbursement methodology for the case-mix payment system by  
55 reducing payment for hospital leave and therapeutic home leave  
56 days to the lowest case-mix category for nursing facilities,  
57 modifying the current method of scoring residents so that only  
58 services provided at the nursing facility are considered in  
59 calculating a facility's per diem, and the division may limit  
60 administrative and operating costs, but in no case shall these  
61 costs be less than one hundred nine percent (109%) of the median  
62 administrative and operating costs for each class of facility, not  
63 to exceed the median used to calculate the nursing facility  
64 reimbursement for fiscal year 1998, to be applied uniformly to all  
65 long-term care facilities.

66 (c) From and after July 1, 1997, all state-owned

67 nursing facilities shall be reimbursed on a full reasonable costs  
68 basis. \* \* \*

69 (d) A Review Board for nursing facilities is  
70 established to conduct reviews of the Division of Medicaid's  
71 decision in the areas set forth below:

72 (i) Review shall be heard in the following areas:

73 (A) Matters relating to cost reports  
74 including, but not limited to, allowable costs and cost  
75 adjustments resulting from desk reviews and audits.

76 (B) Matters relating to the Minimum Data Set  
77 Plus (MD +) or successor assessment formats including but not  
78 limited to audits, classifications and submissions.

79 (ii) The Review Board shall be composed of six (6)  
80 members, three (3) having expertise in one (1) of the two (2)  
81 areas set forth above and three (3) having expertise in the other  
82 area set forth above. Each panel of three (3) shall only review  
83 appeals arising in its area of expertise. The members shall be  
84 appointed as follows:

85 (A) In each of the areas of expertise defined  
86 under subparagraphs (i)(A) and (i)(B), the Executive Director of  
87 the Division of Medicaid shall appoint one (1) person chosen from  
88 the private sector nursing home industry in the state, which may  
89 include independent accountants and consultants serving the  
90 industry;

91 (B) In each of the areas of expertise defined  
92 under subparagraphs (i)(A) and (i)(B), the Executive Director of  
93 the Division of Medicaid shall appoint one (1) person who is  
94 employed by the state who does not participate directly in desk  
95 reviews or audits of nursing facilities in the two (2) areas of  
96 review;

97 (C) The two (2) members appointed by the  
98 Executive Director of the Division of Medicaid in each area of  
99 expertise shall appoint a third member in the same area of  
100 expertise.

101 In the event of a conflict of interest on the part of any  
102 Review Board members, the Executive Director of the Division of  
103 Medicaid or the other two (2) panel members, as applicable, shall  
104 appoint a substitute member for conducting a specific review.

105 (iii) The Review Board panels shall have the power  
106 to preserve and enforce order during hearings; to issue subpoenas;  
107 to administer oaths; to compel attendance and testimony of  
108 witnesses; or to compel the production of books, papers, documents  
109 and other evidence; or the taking of depositions before any  
110 designated individual competent to administer oaths; to examine  
111 witnesses; and to do all things conformable to law that may be  
112 necessary to enable it effectively to discharge its duties. The  
113 Review Board panels may appoint such person or persons as they  
114 shall deem proper to execute and return process in connection  
115 therewith.

116 (iv) The Review Board shall promulgate, publish  
117 and disseminate to nursing facility providers rules of procedure  
118 for the efficient conduct of proceedings, subject to the approval  
119 of the Executive Director of the Division of Medicaid and in  
120 accordance with federal and state administrative hearing laws and  
121 regulations.

122 (v) Proceedings of the Review Board shall be of  
123 record.

124 (vi) Appeals to the Review Board shall be in  
125 writing and shall set out the issues, a statement of alleged facts  
126 and reasons supporting the provider's position. Relevant  
127 documents may also be attached. The appeal shall be filed within  
128 thirty (30) days from the date the provider is notified of the  
129 action being appealed or, if informal review procedures are taken,  
130 as provided by administrative regulations of the Division of  
131 Medicaid, within thirty (30) days after a decision has been  
132 rendered through informal hearing procedures.

133 (vii) The provider shall be notified of the  
134 hearing date by certified mail within thirty (30) days from the

135 date the Division of Medicaid receives the request for appeal.  
136 Notification of the hearing date shall in no event be less than  
137 thirty (30) days before the scheduled hearing date. The appeal  
138 may be heard on shorter notice by written agreement between the  
139 provider and the Division of Medicaid.

140 (viii) Within thirty (30) days from the date of  
141 the hearing, the Review Board panel shall render a written  
142 recommendation to the Executive Director of the Division of  
143 Medicaid setting forth the issues, findings of fact and applicable  
144 law, regulations or provisions.

145 (ix) The Executive Director of the Division of  
146 Medicaid shall, upon review of the recommendation, the proceedings  
147 and the record, prepare a written decision which shall be mailed  
148 to the nursing facility provider no later than twenty (20) days  
149 after the submission of the recommendation by the panel. The  
150 decision of the executive director is final, subject only to  
151 judicial review.

152 (x) Appeals from a final decision shall be made to  
153 the Chancery Court of Hinds County. The appeal shall be filed  
154 with the court within thirty (30) days from the date the decision  
155 of the Executive Director of the Division of Medicaid becomes  
156 final.

157 (xi) The action of the Division of Medicaid under  
158 review shall be stayed until all administrative proceedings have  
159 been exhausted.

160 (xii) Appeals by nursing facility providers  
161 involving any issues other than those two (2) specified in  
162 subparagraphs (i)(A) and (ii)(B) shall be taken in accordance with  
163 the administrative hearing procedures established by the Division  
164 of Medicaid.

165 (e) When a facility of a category that does not require  
166 a certificate of need for construction and that could not be  
167 eligible for Medicaid reimbursement is constructed to nursing  
168 facility specifications for licensure and certification, and the

169 facility is subsequently converted to a nursing facility pursuant  
170 to a certificate of need that authorizes conversion only and the  
171 applicant for the certificate of need was assessed an application  
172 review fee based on capital expenditures incurred in constructing  
173 the facility, the division shall allow reimbursement for capital  
174 expenditures necessary for construction of the facility that were  
175 incurred within the twenty-four (24) consecutive calendar months  
176 immediately preceding the date that the certificate of need  
177 authorizing such conversion was issued, to the same extent that  
178 reimbursement would be allowed for construction of a new nursing  
179 facility pursuant to a certificate of need that authorizes such  
180 construction. The reimbursement authorized in this subparagraph  
181 (e) may be made only to facilities the construction of which was  
182 completed after June 30, 1989. Before the division shall be  
183 authorized to make the reimbursement authorized in this  
184 subparagraph (e), the division first must have received approval  
185 from the Health Care Financing Administration of the United States  
186 Department of Health and Human Services of the change in the state  
187 Medicaid plan providing for such reimbursement.

188 (5) Periodic screening and diagnostic services for  
189 individuals under age twenty-one (21) years as are needed to  
190 identify physical and mental defects and to provide health care  
191 treatment and other measures designed to correct or ameliorate  
192 defects and physical and mental illness and conditions discovered  
193 by the screening services regardless of whether these services are  
194 included in the state plan. The division may include in its  
195 periodic screening and diagnostic program those discretionary  
196 services authorized under the federal regulations adopted to  
197 implement Title XIX of the federal Social Security Act, as  
198 amended. The division, in obtaining physical therapy services,  
199 occupational therapy services, and services for individuals with  
200 speech, hearing and language disorders, may enter into a  
201 cooperative agreement with the State Department of Education for  
202 the provision of such services to handicapped students by public

203 school districts using state funds which are provided from the  
204 appropriation to the Department of Education to obtain federal  
205 matching funds through the division. The division, in obtaining  
206 medical and psychological evaluations for children in the custody  
207 of the State Department of Human Services may enter into a  
208 cooperative agreement with the State Department of Human Services  
209 for the provision of such services using state funds which are  
210 provided from the appropriation to the Department of Human  
211 Services to obtain federal matching funds through the division.

212 On July 1, 1993, all fees for periodic screening and  
213 diagnostic services under this paragraph (5) shall be increased by  
214 twenty-five percent (25%) of the reimbursement rate in effect on  
215 June 30, 1993.

216 (6) Physician's services. On January 1, 1996, all fees for  
217 physicians' services shall be reimbursed at seventy percent (70%)  
218 of the rate established on January 1, 1994, under Medicare (Title  
219 XVIII of the Social Security Act), as amended, and the division  
220 may adjust the physicians' reimbursement schedule to reflect the  
221 differences in relative value between Medicaid and Medicare.

222 (7) (a) Home health services for eligible persons, not to  
223 exceed in cost the prevailing cost of nursing facility services,  
224 not to exceed sixty (60) visits per year.

225 (b) Repealed.

226 (8) Emergency medical transportation services. On January  
227 1, 1994, emergency medical transportation services shall be  
228 reimbursed at seventy percent (70%) of the rate established under  
229 Medicare (Title XVIII of the Social Security Act), as amended.  
230 "Emergency medical transportation services" shall mean, but shall  
231 not be limited to, the following services by a properly permitted  
232 ambulance operated by a properly licensed provider in accordance  
233 with the Emergency Medical Services Act of 1974 (Section 41-59-1  
234 et seq.): (i) basic life support, (ii) advanced life support,  
235 (iii) mileage, (iv) oxygen, (v) intravenous fluids, (vi)  
236 disposable supplies, (vii) similar services.

237 (9) Legend and other drugs as may be determined by the  
238 division. The division may implement a program of prior approval  
239 for drugs to the extent permitted by law. Payment by the division  
240 for covered multiple source drugs shall be limited to the lower of  
241 the upper limits established and published by the Health Care  
242 Financing Administration (HCFA) plus a dispensing fee of Four  
243 Dollars and Ninety-one Cents (\$4.91), or the estimated acquisition  
244 cost (EAC) as determined by the division plus a dispensing fee of  
245 Four Dollars and Ninety-one Cents (\$4.91), or the providers' usual  
246 and customary charge to the general public. The division shall  
247 allow five (5) prescriptions per month for noninstitutionalized  
248 Medicaid recipients.

249 Payment for other covered drugs, other than multiple source  
250 drugs with HCFA upper limits, shall not exceed the lower of the  
251 estimated acquisition cost as determined by the division plus a  
252 dispensing fee of Four Dollars and Ninety-one Cents (\$4.91) or the  
253 providers' usual and customary charge to the general public.

254 Payment for nonlegend or over-the-counter drugs covered on  
255 the division's formulary shall be reimbursed at the lower of the  
256 division's estimated shelf price or the providers' usual and  
257 customary charge to the general public. No dispensing fee shall  
258 be paid.

259 The division shall develop and implement a program of payment  
260 for additional pharmacist services, with payment to be based on  
261 demonstrated savings, but in no case shall the total payment  
262 exceed twice the amount of the dispensing fee.

263 As used in this paragraph (9), "estimated acquisition cost"  
264 means the division's best estimate of what price providers  
265 generally are paying for a drug in the package size that providers  
266 buy most frequently. Product selection shall be made in  
267 compliance with existing state law; however, the division may  
268 reimburse as if the prescription had been filled under the generic  
269 name. The division may provide otherwise in the case of specified  
270 drugs when the consensus of competent medical advice is that

271 trademarked drugs are substantially more effective.

272 (10) Dental care that is an adjunct to treatment of an acute  
273 medical or surgical condition; services of oral surgeons and  
274 dentists in connection with surgery related to the jaw or any  
275 structure contiguous to the jaw or the reduction of any fracture  
276 of the jaw or any facial bone; and emergency dental extractions  
277 and treatment related thereto. On July 1, 1999, all fees for  
278 dental care and surgery under authority of this paragraph (10)  
279 shall be increased to one hundred forty percent (140%) of the  
280 amount of the reimbursement rate that was in effect on June 30,  
281 1999. It is the intent of the Legislature to encourage more  
282 dentists to participate in the Medicaid program.

283 (11) Eyeglasses necessitated by reason of eye surgery, and  
284 as prescribed by a physician skilled in diseases of the eye or an  
285 optometrist, whichever the patient may select.

286 (12) Intermediate care facility services.

287 (a) The division shall make full payment to all  
288 intermediate care facilities for the mentally retarded for each  
289 day, not exceeding thirty-six (36) days per year, that a patient  
290 is absent from the facility on home leave. However, before  
291 payment may be made for more than eighteen (18) home leave days in  
292 a year for a patient, the patient must have written authorization  
293 from a physician stating that the patient is physically and  
294 mentally able to be away from the facility on home leave. Such  
295 authorization must be filed with the division before it will be  
296 effective, and the authorization shall be effective for three (3)  
297 months from the date it is received by the division, unless it is  
298 revoked earlier by the physician because of a change in the  
299 condition of the patient.

300 (b) All state-owned intermediate care facilities for  
301 the mentally retarded shall be reimbursed on a full reasonable  
302 cost basis.

303 (13) Family planning services, including drugs, supplies and  
304 devices, when such services are under the supervision of a

305 physician.

306 (14) Clinic services. Such diagnostic, preventive,  
307 therapeutic, rehabilitative or palliative services furnished to an  
308 outpatient by or under the supervision of a physician or dentist  
309 in a facility which is not a part of a hospital but which is  
310 organized and operated to provide medical care to outpatients.  
311 Clinic services shall include any services reimbursed as  
312 outpatient hospital services which may be rendered in such a  
313 facility, including those that become so after July 1, 1991. On  
314 January 1, 1994, all fees for physicians' services reimbursed  
315 under authority of this paragraph (14) shall be reimbursed at  
316 seventy percent (70%) of the rate established on January 1, 1993,  
317 under Medicare (Title XVIII of the Social Security Act), as  
318 amended, or the amount that would have been paid under the  
319 division's fee schedule that was in effect on December 31, 1993,  
320 whichever is greater, and the division may adjust the physicians'  
321 reimbursement schedule to reflect the differences in relative  
322 value between Medicaid and Medicare. However, on January 1, 1994,  
323 the division may increase any fee for physicians' services in the  
324 division's fee schedule on December 31, 1993, that was greater  
325 than seventy percent (70%) of the rate established under Medicare  
326 by no more than ten percent (10%). On January 1, 1994, all fees  
327 for dentists' services reimbursed under authority of this  
328 paragraph (14) shall be increased by twenty percent (20%) of the  
329 reimbursement rate as provided in the Dental Services Provider  
330 Manual in effect on December 31, 1993.

331 (15) Home- and community-based services, as provided under  
332 Title XIX of the federal Social Security Act, as amended, under  
333 waivers, subject to the availability of funds specifically  
334 appropriated therefor by the Legislature. Payment for such  
335 services shall be limited to individuals who would be eligible for  
336 and would otherwise require the level of care provided in a  
337 nursing facility. The division shall certify case management  
338 agencies to provide case management services and provide for home-

339 and community-based services for eligible individuals under this  
340 paragraph. The home- and community-based services under this  
341 paragraph and the activities performed by certified case  
342 management agencies under this paragraph shall be funded using  
343 state funds that are provided from the appropriation to the  
344 Division of Medicaid and used to match federal funds under a  
345 cooperative agreement between the division and the Department of  
346 Human Services.

347 (16) Mental health services. Approved therapeutic and case  
348 management services provided by (a) an approved regional mental  
349 health/retardation center established under Sections 41-19-31  
350 through 41-19-39, or by another community mental health service  
351 provider meeting the requirements of the Department of Mental  
352 Health to be an approved mental health/retardation center if  
353 determined necessary by the Department of Mental Health, using  
354 state funds which are provided from the appropriation to the State  
355 Department of Mental Health and used to match federal funds under  
356 a cooperative agreement between the division and the department,  
357 or (b) a facility which is certified by the State Department of  
358 Mental Health to provide therapeutic and case management services,  
359 to be reimbursed on a fee for service basis. Any such services  
360 provided by a facility described in paragraph (b) must have the  
361 prior approval of the division to be reimbursable under this  
362 section. After June 30, 1997, mental health services provided by  
363 regional mental health/retardation centers established under  
364 Sections 41-19-31 through 41-19-39, or by hospitals as defined in  
365 Section 41-9-3(a) and/or their subsidiaries and divisions, or by  
366 psychiatric residential treatment facilities as defined in Section  
367 43-11-1, or by another community mental health service provider  
368 meeting the requirements of the Department of Mental Health to be  
369 an approved mental health/retardation center if determined  
370 necessary by the Department of Mental Health, shall not be  
371 included in or provided under any capitated managed care pilot  
372 program provided for under paragraph (24) of this section.

373 (17) Durable medical equipment services and medical supplies  
374 restricted to patients receiving home health services unless  
375 waived on an individual basis by the division. The division shall  
376 not expend more than Three Hundred Thousand Dollars (\$300,000.00)  
377 of state funds annually to pay for medical supplies authorized  
378 under this paragraph.

379 (18) Notwithstanding any other provision of this section to  
380 the contrary, the division shall make additional reimbursement to  
381 hospitals which serve a disproportionate share of low-income  
382 patients and which meet the federal requirements for such payments  
383 as provided in Section 1923 of the federal Social Security Act and  
384 any applicable regulations.

385 (19) (a) Perinatal risk management services. The division  
386 shall promulgate regulations to be effective from and after  
387 October 1, 1988, to establish a comprehensive perinatal system for  
388 risk assessment of all pregnant and infant Medicaid recipients and  
389 for management, education and follow-up for those who are  
390 determined to be at risk. Services to be performed include case  
391 management, nutrition assessment/counseling, psychosocial  
392 assessment/counseling and health education. The division shall  
393 set reimbursement rates for providers in conjunction with the  
394 State Department of Health.

395 (b) Early intervention system services. The division  
396 shall cooperate with the State Department of Health, acting as  
397 lead agency, in the development and implementation of a statewide  
398 system of delivery of early intervention services, pursuant to  
399 Part H of the Individuals with Disabilities Education Act (IDEA).

400 The State Department of Health shall certify annually in writing  
401 to the director of the division the dollar amount of state early  
402 intervention funds available which shall be utilized as a  
403 certified match for Medicaid matching funds. Those funds then  
404 shall be used to provide expanded targeted case management  
405 services for Medicaid eligible children with special needs who are  
406 eligible for the state's early intervention system.

407 Qualifications for persons providing service coordination shall be  
408 determined by the State Department of Health and the Division of  
409 Medicaid.

410 (20) Home- and community-based services for physically  
411 disabled approved services as allowed by a waiver from the U.S.  
412 Department of Health and Human Services for home- and  
413 community-based services for physically disabled people using  
414 state funds which are provided from the appropriation to the State  
415 Department of Rehabilitation Services and used to match federal  
416 funds under a cooperative agreement between the division and the  
417 department, provided that funds for these services are  
418 specifically appropriated to the Department of Rehabilitation  
419 Services.

420 (21) Nurse practitioner services. Services furnished by a  
421 registered nurse who is licensed and certified by the Mississippi  
422 Board of Nursing as a nurse practitioner including, but not  
423 limited to, nurse anesthetists, nurse midwives, family nurse  
424 practitioners, family planning nurse practitioners, pediatric  
425 nurse practitioners, obstetrics-gynecology nurse practitioners and  
426 neonatal nurse practitioners, under regulations adopted by the  
427 division. Reimbursement for such services shall not exceed ninety  
428 percent (90%) of the reimbursement rate for comparable services  
429 rendered by a physician.

430 (22) Ambulatory services delivered in federally qualified  
431 health centers and in clinics of the local health departments of  
432 the State Department of Health for individuals eligible for  
433 medical assistance under this article based on reasonable costs as
