9 power and an objective voice of reason and integrity in the State  
10 of Mississippi and across the Valley region; and

11 WHEREAS, during his 22-year tenure as Executive Director, Mr.  
12 Campbell has adhered to a common sense approach to solving

15 seven state Valley region and in the national arena of public  
16 power; and

17 WHEREAS, Mr. Campbell has labored behind the scenes with this  
18 Legislature and the federal government to preserve and protect the  
19 interests of all the electric utility rate payers of this state,  
20 and in the neighboring Valley states, where consumer owned  
21 utilities serve their customer-owners; and

22 WHEREAS, Mr. Campbell has diligently worked to defend the  
23 rights of Valley citizens in this state and throughout the region  
24 to continue to enjoy the benefits of navigation, flood control and  
25 land stewardship which are provided through the Tennessee Valley  
26 Authority with annual appropriations from the federal government;

27 and

28 WHEREAS, Mr. Campbell has fought to preserve the historic  
29 preference principle and protect thousands of our citizens and  
30 rate payers of the 28 consumer-owned utilities in Mississippi  
31 which buy their power from the Tennessee Valley Authority, from  
32 having to pay, through their local electric bills, for the cost of  
33 navigation and flood control which is regularly provided by  
34 federal government appropriations to other agencies in all other  
35 regions of our nation; and

36 WHEREAS, in recognition of challenges that changed the  
37 utility workplace environment, Mr. Campbell fostered the creation  
38 of a comprehensive technical education and training effort to  
39 upgrade skills and retrain the employees of consumer-owned  
40 utilities through this state and the Valley region in order that  
41 they may continue their productive employment and better serve the  
42 utility customers, through their local utilities, in the  
43 communities where they live and work; and

44 WHEREAS, Mr. Campbell responded with creativity and innovation  
45 during a time of adversity, when consumer-owned utilities in this  
46 state and through the Valley region were faced with the unexpected  
47 loss of their commercial liability and other insurance, by  
48 successfully creating a captive insurance company to meet the  
49 unique insurance needs of his association's utility members at low  
50 cost; and

51 WHEREAS, his efforts through Tennessee Valley Public Power  
52 Association, to maintain reliable, safe, low-cost electric power  
53 as the strategic engine that drives a significant portion of the  
54 economic chain of events of our state, have helped to create and  
55 retain jobs in our local communities, fostered the development of  
56 new industries and other beneficial economic development projects,  
57 which in turn have generated tax revenues to support the  
58 development of new and improved public infrastructure to improve  
59 the overall quality of life that our citizens enjoy in our local  
60 communities and in our state; and

61 WHEREAS, Mr. Campbell greatly appreciates the support and  
62 fellowship he receives from the many employees and volunteer  
63 governing board members of the 28 consumer-owned Tennessee Valley
