306 team of qualified professionals and the parent of the child and  
307 certified by a Screening Team as defined by the State Board of  
308 Education;

309 (b) In making such a determination of eligibility, a  
310 child shall not be determined to be a child with a disability if  
311 the determinant factor for such determination is lack of  
312 instruction in reading or math or limited English proficiency; and

313 (c) A copy of the evaluation report and the  
314 documentation of determination of eligibility will be given to the  
315 parent.

361 training and information center or community parent resource  
362 center in the state established under IDEA, or an appropriate

387 appropriate public education to the child, the parent of a child  
388 with a disability or the agency shall have the opportunity to

428 of the impartial due process hearing officer.

429           (5) Except as provided under IDEA, during the pendency of  
430 any proceedings conducted pursuant to this section, unless the

438 of competent jurisdiction, as deemed necessary by the agency.

439           SECTION 7. (1) The State Board of Education shall establish

473 (b) Comment publicly on any rules or regulations  
474 proposed by the State Department of Education regarding the  
475 education of children with disabilities;

476 (c) Advise the State Department of Education in  
477 developing evaluations and reporting on data to the secretary in  
478 accordance with the requirements under IDEA; and

479 (d) Advise the State Department of Education in  
480 developing and implementing policies relating to the coordination  
481 of services for children with disabilities.

482 (5) The advisory panel shall be provided the opportunity to  
483 provide comments to the State Board of Education on rules or  
484 regulations proposed by the State Department of Education relating  
485 to the implementation of the IDEA 1997 Amendments.

486 SECTION 8. The State Department of Education shall establish  
487 goals for the performance of children with disabilities that will  
488 promote the purpose of IDEA and are consistent, to the maximum  
489 extent appropriate, with other goals and standards for children  
490 established by the State Department of Education. Performance  
491 indicators used to assess progress toward achieving those goals  
492 that, at a minimum, address the performance of children with  
493 disabilities on assessments, drop-out rates, and graduation rates  
494 shall be developed. Every two (2) years, the progress toward

495 meeting the established performance goals shall be reported to the  
496 public.

497       SECTION 9. (1) Children with disabilities shall be included  
498 in general statewide and district-wide assessments programs, with  
499 appropriate accommodations, where necessary. As appropriate, the  
500 State Department of Education and the local educational agency  
501 shall:

502               (a) Develop policies and procedures for the  
503 participation of children with disabilities in alternate  
504 assessments for those children who cannot participate in statewide  
505 and district-wide assessment programs; and

506               (b) Develop and, beginning not later than July 1, 2000,  
507 conduct those alternate assessments.

508       (2) The State Department of Education shall make available  
509 to the public, and report to the public with the same frequency  
510 and in the same detail as it reports on the assessment of  
511 nondisabled children, the following:

512               (a) The number of children with disabilities  
513 participating in regular assessments;

514               (b) The number of children participating in alternate  
515 assessments;

516               (c) The performance of those children on regular  
517 assessments, beginning not later than July 1, 1998, and on  
518 alternate assessments, not later than July 1, 2000, if doing so  
519 would be statistically sound and would not result in the  
520 disclosure of performance results identifiable to individual  
521 children; and

522               (d) Data relating to the performance of children with  
523 disabilities shall be disaggregated for assessments conducted  
524 after July 1, 1998.

525       SECTION 10. There is hereby created in the State Treasury a  
526 special fund to be designated as the "Special Education, Special  
527 Services Fund" which shall be used to distribute any funds

528 specifically appropriated by the Legislature to such fund. Any  
529 funds remaining in the fund at the end of the fiscal year shall  
530 not lapse into the State General Fund, but shall carryover to  
531 subsequent fiscal years. Any interest accruing on any unexpended  
532 balance in the Special Education, Special Services Fund shall be  
533 invested by the State Treasurer and shall remain in the fund.

534 SECTION 11. Section 37-16-9, Mississippi Code of 1972, is  
535 amended as follows:

536 37-16-9. (1) The state board shall, after a public hearing  
537 and consideration, make provision for appropriate modification of  
538 testing instruments and procedures for students with identified  
539 handicaps or disabilities in order to ensure that the results of  
540 the testing represent the student's achievement, rather than  
541 reflecting the student's impaired sensory, manual, speaking or  
542 psychological process skills, except when such skills are the  
543 factors the test purports to measure.

544 (2) The public hearing and consideration required hereunder  
545 shall not be construed to amend or nullify the requirements of  
546 security relating to the contents of examinations or assessment  
547 instruments and related materials or data.

548 (3) Children with disabilities shall be included in general  
549 statewide and district-wide assessments programs, with appropriate  
550 accommodations, where necessary. As appropriate, the State  
551 Department of Education and the local educational agency shall:

552 (a) Develop policies and procedures for the  
553 participation of children with disabilities in alternate  
554 assessments for those children who cannot participate in statewide  
555 and district-wide assessment programs; and

556 (b) Develop and, beginning not later than July 1, 2000,  
557 conduct those alternate assessments.

558 (4) The State Department of Education shall make available  
559 to the public, and report to the public with the same frequency  
560 and in the same detail as it reports on the assessment of

561 nondisabled children, the following:

562 (a) The number of children with disabilities  
563 participating in regular assessments;

564 (b) The number of children participating in alternate  
565 assessments;

566 (c) The performance of those children on regular  
567 assessments, beginning not later than July 1, 1998, and on  
568 alternate assessments, not later than July 1, 2000, if doing so  
569 would be statistically sound and would not result in the  
570 disclosure of performance results identifiable to individual  
571 children; and

572 (d) Data relating to the performance of children with  
573 disabilities shall be disaggregated for assessments conducted  
574 after July 1, 1998.

575 SECTION 12. Section 37-23-1, Mississippi Code of 1972, is  
576 amended as follows:

577 37-23-1. The purpose of Sections 37-23-1 through 37-23-159  
578 is to mandate free appropriate public educational services and  
579 equipment for exceptional children in the age range three (3)  
580 through twenty (20) for whom the regular school programs are not  
581 adequate and to provide, on a permissive basis, a free appropriate  
582 public education, as a part of the state's early intervention  
583 system in accordance with regulations developed in collaboration  
584 with the agency designated as "lead agency" under Part C of the  
585 Individuals with Disabilities Education Act. The portion of the  
586 regulations developed in collaboration with the lead agency which  
587 are necessary to implement the programs under the authority of the  
588 State Board of Education shall be presented to the State Board of  
589 Education for adoption. \* \* \* This specifically includes, but  
590 shall not be limited to, provision for day schools for the deaf  
591 and blind of an age under six (6) years, where early training is  
592 in accordance with the most advanced and best approved scientific  
593 methods of instruction, always taking into consideration the best

594 interests of the child and his improvement at a time during which  
595 he is most susceptible of improvement. Educational programs to  
596 exceptional children under the age of three (3) years shall be  
597 eligible for minimum program funds as defined in Sections 37-23-3  
598 and 37-19-5.

599 The educational programs and services provided for  
600 exceptional children in Sections 37-23-1 through 37-23-15,  
601 37-23-31 through 37-23-35, 37-23-61 through 37-23-75 and 37-23-77  
602 shall be designed to provide individualized appropriate special  
603 education and related services that enable a child to reach his or  
604 her appropriate and uniquely designed goals for success. The  
605 State Board of Education shall establish an accountability system  
606 for special education programs and students with disabilities.  
607 The system shall establish accountability standards for services  
608 provided to improve the educational skills designed to prepare  
609 children for life after their years in school. These standards  
610 shall be a part of the accreditation system and shall be  
611 implemented before July 1, 1996.

612 The State Department of Education shall establish goals for  
613 the performance of children with disabilities that will promote  
614 the purpose of IDEA and are consistent, to the maximum extent  
615 appropriate, with other goals and standards for children  
616 established by the State Department of Education. Performance  
617 indicators used to assess progress toward achieving those goals  
618 that, at a minimum, address the performance of children with  
619 disabilities on assessments, drop-out rates, and graduation rates  
620 shall be developed. Every two (2) years, the progress toward  
621 meeting the established performance goals shall be reported to the  
622 public.

623 SECTION 13. Section 37-23-3, Mississippi Code of 1972, is  
624 amended as follows:

625 37-23-3. (1) An exceptional child shall be defined as any  
626 child as herein defined, in the age range birth through twenty

627 (20) years of age with mental retardation, hearing impairments  
628 (including deafness), speech or language impairments, visual  
629 impairments (including blindness), emotional disturbance,  
630 orthopedic impairments, autism, traumatic brain injury, other  
631 health impairments, or specific learning disabilities and, by  
632 reason thereof, needs special education and related services. Such  
633 children shall be determined by competent professional persons in  
634 such disciplines as medicine, psychology, special education,  
635 speech pathology and social work and shall be considered  
636 exceptional children for the purposes of Sections 37-23-1 through  
637 37-23-159. Such professional persons shall be approved by the  
638 State Department of Education. The mandate for the provision of  
639 educational programs to exceptional children shall only apply to  
640 the children in the age range three (3) through twenty (20).  
641 Children who are potentially in need of special educational and  
642 related services must be considered for the services on an  
643 individual basis.

644 (2) During the Fiscal Year 1995 and Fiscal Year 1996, the  
645 State Department of Education shall conduct a pilot project in one  
646 or more school districts which shall test the method of providing  
647 language services described in this subsection. For purposes of  
648 this pilot project, a child with a disability as defined in the  
649 Individuals with Disabilities Education Act (IDEA) may not be  
650 denied language services because his measured cognitive  
651 functioning is equivalent to or lower than his measured  
652 functioning level in the language area. In order for language  
653 services to be provided for a child, the measure functioning level  
654 of the child in the language area must indicate a delay relative  
655 to the child's chronological age. Individual determination of a  
656 child's needs must take into consideration the need for  
657 development in the language area, the need for support for basic  
658 adaptive skills in language development and the extent to which the  
659 child's lack of ability in the language area may have interfered

660 with academic achievement or development milestones. In the area  
661 of language development, a child's need of alternative or  
662 augmentative communication modes and the need for language  
663 development must be considered fundamental in making their  
664 determination of need for services.

665 (3) The State Department of Education shall report to the  
666 Education Committees of the House of Representatives and the  
667 Senate by December 1, 1995, and December 1, 1996, on the results  
668 of the pilot project described in subsection (2) of this section.

669 Such reports shall include, but not be limited to, the project;  
670 the number and ages of the children who applied for participation  
671 and who did participate in the pilot project; and evaluation of  
672 the benefits obtained by the children who participated in the  
673 pilot project; an estimate of the number of children who would  
674 likely utilize similar services if provided on a statewide basis;  
675 and an estimate of the cost of providing such services on a  
676 statewide basis.

677 (4) The State Board of Education shall promulgate  
678 regulations which ensure services are provided to children as such  
679 services are defined in this chapter.

680 SECTION 14. Section 37-23-5, Mississippi Code of 1972, is  
681 amended as follows:

682 37-23-5. Except as otherwise provided in Senate Bill No.  
683 2506, 1999 Regular Session, the State Department of Education is  
684 empowered to foster, inspect, approve and administer a program of  
685 education for exceptional children. The State Department of  
686 Education shall make the necessary rules and regulations in  
687 keeping with the provision of Sections 37-23-1 through 37-23-9 and  
688 applicable federal laws and regulations which are not in conflict  
689 with Mississippi law for its proper administration and shall  
690 employ such personnel as may be necessary to administer such  
691 program.

692 The department shall require that the program of education

693 for exceptional children be designed to provide individualized  
694 appropriate special education and related services that enable a  
695 child to reach his or her appropriate and uniquely designed goals  
696 for success.

697 SECTION 15. Section 37-23-9, Mississippi Code of 1972, is  
698 amended as follows:

699 37-23-9. Except as otherwise provided in Senate Bill No.  
700 2506, 1999 Regular Session, course of study, teacher-pupil ratio,  
701 adequacy of methods of instruction, in-service training  
702 qualifications of teachers and technicians, and necessary  
703 equipment for special education must comply with the requirements  
704 established by the state department of education. Boards of  
705 trustees of the districts wherein a special class or classes are  
706 established are to employ teachers as provided by law for the  
707 purpose of teaching the established special classes.

708 SECTION 16. Section 37-23-11, Mississippi Code of 1972, is  
709 amended as follows:

710 Section 37-23-11. (1) When any public agency directly  
711 responsible for the education of exceptional children \* \* \*  
712 shall: (a) initiate or change the identification, evaluation, or  
713 educational placement of the child or the provision of a free  
714 appropriate public education to the child, or (b) refuse to  
715 initiate or change the identification, evaluation, or educational  
716 placement of the child or the provision of a free appropriate  
717 public education to the child, the parent of a child with a  
718 disability or the agency shall have the opportunity to request a  
719 state-level impartial due process hearing.

720 (2) A hearing officer \* \* \* shall have the power to issue a  
721 subpoena to compel the attendance of witnesses or the production  
722 of documents specifically relevant to the resolution to the issues  
723 of the hearing.

724 (3) The State Department of Education shall promulgate rules  
725 and regulations consistent the requirements under IDEA to

726 establish a system for the provision of state-level impartial due  
727 process hearings. Such provisions shall include:

728 (a) At least five (5) business days prior to a hearing  
729 being conducted, each party shall disclose to all other parties  
730 all evaluations completed by that date and recommendations based  
731 on the offering party's evaluations that the party intends to use  
732 at the hearing. A hearing officer may bar any party that fails to  
733 comply with this requirement from introducing the relevant  
734 evaluation or recommendation at the hearing without the consent of  
735 the other party.

736 (b) A hearing may not be conducted by an employee of  
737 the State Department of Education or the local educational agency  
738 involved in the education or care of the child.

739 (c) The right of either party to be accompanied and  
740 advised by counsel and by individuals with special knowledge or  
741 training with respect to the problems of children with  
742 disabilities.

743 (d) The right of either party to present evidence and  
744 confront and cross-examine witnesses.

745 (e) The right, at the option of parents, to a written,  
746 or, electronic verbatim record of such hearing.

747 (f) The right, at the option of parents, to electronic  
748 findings of fact and decisions.

749 (g) Findings and facts shall be made available to the  
750 public and transmitted to the advisory panel consistent with the  
751 requirements under IDEA.

752 (4) The decision made by the hearing officer shall be final,  
753 except that any party aggrieved by the findings and decision made  
754 by the hearing officer shall have the right to bring a civil  
755 action with respect to the issues of the due process hearing.  
756 Such civil action may be brought in any court of competent  
757 jurisdiction within thirty (30) days from the date of the decision  
758 of the impartial due process hearing officer.

759       (5) Except as provided under IDEA, during the pendency of  
760 any proceedings conducted pursuant to this section, unless the  
761 local educational agency and the parents otherwise agree, the  
762 child will remain in the then-current educational placement of  
763 such child, or, if applying for initial admission to a public  
764 school, shall, with the consent of the parents, be placed in the  
765 public school program until all such proceeding have been  
766 completed. This requirement does not limit the local educational  
767 agency from obtaining a temporary restraining order from any court  
768 of competent jurisdiction, as deemed necessary by the agency.

769       SECTION 17. This act shall take effect and be in force from  
770 and after July 1, 1999.
