363 eligible for Medicaid reimbursement is constructed to nursing
364 facility specifications for licensure and certification, and the
365 facility is subsequently converted to a nursing facility pursuant
366 to a certificate of need that authorizes conversion only and the
367 applicant for the certificate of need was assessed an application
368 review fee based on capital expenditures incurred in constructing

399 school districts using state funds which are provided from the
400 appropriation to the Department of Education to obtain federal
401 matching funds through the division. The division, in obtaining

426 "Emergency medical transportation services" shall mean, but shall
427 not be limited to, the following services by a properly permitted

446 Director.

447 Payment for other covered drugs, other than multiple source
448 drugs with HCFA upper limits, shall not exceed the lower of the

457 The division shall develop and implement a program of payment
458 for additional pharmacist services, with payment to be based on
459 demonstrated savings, but in no case shall the total payment
460 exceed twice the amount of the dispensing fee.

461 As used in this paragraph (9), "estimated acquisition cost"
462 means the division's best estimate of what price providers
463 generally are paying for a drug in the package size that providers
464 buy most frequently. Product selection shall be made in
465 compliance with existing state law; however, the division may
466 reimburse as if the prescription had been filled under the generic
467 name. The division may provide otherwise in the case of specified
468 drugs when the consensus of competent medical advice is that
469 trademarked drugs are substantially more effective.

470 (10) Dental care that is an adjunct to treatment of an acute
471 medical or surgical condition; services of oral surgeons and
472 dentists in connection with surgery related to the jaw or any
473 structure contiguous to the jaw or the reduction of any fracture
474 of the jaw or any facial bone; and emergency dental extractions
475 and treatment related thereto. On January 1, 1994, all fees for
476 dental care and surgery under authority of this paragraph (10)
477 shall be increased by twenty percent (20%) of the reimbursement
478 rate as provided in the Dental Services Provider Manual in effect
479 on December 31, 1993.

483 (12) Intermediate care facility services.

484 (a) The division shall make full payment to all
485 intermediate care facilities for the mentally retarded for each
486 day, not exceeding thirty-six (36) days per year, that a patient
487 is absent from the facility on home leave. However, before
488 payment may be made for more than eighteen (18) home leave days in
489 a year for a patient, the patient must have written authorization

490 from a physician stating that the patient is physically and
491 mentally able to be away from the facility on home leave. Such
492 authorization must be filed with the division before it will be
493 effective, and the authorization shall be effective for three (3)
494 months from the date it is received by the division, unless it is
495 revoked earlier by the physician because of a change in the
496 condition of the patient.

497 (b) All state-owned intermediate care facilities for
498 the mentally retarded shall be reimbursed on a full reasonable

507 organized and operated to provide medical care to outpatients.
508 Clinic services shall include any services reimbursed as
509 outpatient hospital services which may be rendered in such a
510 facility, including those that become so after July 1, 1991. On
511 January 1, 1994, all fees for physicians' services reimbursed
512 under authority of this paragraph (14) shall be reimbursed at
513 seventy percent (70%) of the rate established on January 1, 1993,
514 under Medicare (Title XVIII of the Social Security Act), as
515 amended, or the amount that would have been paid under the
516 division's fee schedule that was in effect on December 31, 1993,
517 whichever is greater, and the division may adjust the physicians'
518 reimbursement schedule to reflect the differences in relative
519 value between Medicaid and Medicare. However, on January 1, 1994,
520 the division may increase any fee for physicians' services in the
521 division's fee schedule on December 31, 1993, that was greater

531 appropriated therefor by the Legislature. Payment for such
532 services shall be limited to individuals who would be eligible for
533 and would otherwise require the level of care provided in a
534 nursing facility. The division shall certify case management
535 agencies to provide case management services and provide for home-
536 and community-based services for eligible individuals under this
537 paragraph. The home- and community-based services under this
538 paragraph and the activities performed by certified case
539 management agencies under this paragraph shall be funded using
540 state funds that are provided from the appropriation to the
541 Division of Medicaid and used to match federal funds under a
542 cooperative agreement between the division and the Department of
543 Human Services.

544 (16) Mental health services. Approved therapeutic and case
545 management services provided by (a) an approved regional mental
546 health/retardation center established under Sections 41-19-31

562 Section 41-9-3(a) and/or their subsidiaries and divisions, or by
563 psychiatric residential treatment facilities as defined in Section
564 43-11-1, or by another community mental health service provider
565 meeting the requirements of the Department of Mental Health to be
566 an approved mental health/retardation center if determined
567 necessary by the Department of Mental Health, shall not be

596 Part H of the Individuals with Disabilities Education Act (IDEA).

597 The State Department of Health shall certify annually in writing
598 to the director of the division the dollar amount of state early
599 intervention funds available which shall be utilized as a
600 certified match for Medicaid matching funds. Those funds then
601 shall be used to provide expanded targeted case management
602 services for Medicaid eligible children with special needs who are
603 eligible for the state's early intervention system.

612 Department of Rehabilitation Services and used to match federal

648 other provision in this article to the contrary, the division
649 shall establish rates of reimbursement to providers rendering care
650 and services authorized under this section, and may revise such
651 rates of reimbursement without amendment to this section by the
652 Legislature for the purpose of achieving effective and accessible
653 health services, and for responsible containment of costs. This
