67 physical facility or site within one thousand three hundred twenty
68 (1,320) feet from the main entrance of the health care facility
69 where the health care service is located, or (ii) is the result of

98 Medicaid, Office of the Governor, has not certified in writing

100 revaluation of the assets or from increased interest and

102 (i) Any activity described in paragraphs (a) through

113 with an existing health care facility as defined in subparagraph
114 (ix) of Section 41-7-173(h).

115 (2) The State Department of Health shall not grant approval
116 for or issue a certificate of need to any person proposing the new
117 construction of, addition to, or expansion of any health care
118 facility defined in subparagraphs (iv) (skilled nursing facility)
119 and (vi) (intermediate care facility) of Section 41-7-173(h) or
120 the conversion of vacant hospital beds to provide skilled or
121 intermediate nursing home care, except as hereinafter authorized:

122 (a) The department may issue a certificate of need to
123 any person proposing the new construction of any health care
124 facility defined in subparagraphs (iv) and (vi) of Section
125 41-7-173(h) as part of a life care retirement facility, in any
126 county bordering on the Gulf of Mexico in which is located a
127 National Aeronautics and Space Administration facility, not to
128 exceed forty (40) beds. From and after July 1, 1999, there shall
129 be no prohibition or restrictions on participation in the Medicaid
130 program (Section 43-13-101 et seq.) for the beds in the health
131 care facility that were authorized under this paragraph (a).

132 (b) The department may issue certificates of need in
133 Harrison County to provide skilled nursing home care for

136 shall be no prohibition or restrictions on participation in the
137 Medicaid program (Section 43-13-101 et seq.) for the beds in the

138 nursing facilities that were authorized under this paragraph (b).

139 (c) The department may issue a certificate of need for
140 the addition to or expansion of any skilled nursing facility that
141 is part of an existing continuing care retirement community
142 located in Madison County, provided that the recipient of the
143 certificate of need agrees in writing that the skilled nursing
144 facility will not at any time participate in the Medicaid program
145 (Section 43-13-101 et seq.) or admit or keep any patients in the
146 skilled nursing facility who are participating in the Medicaid
147 program. This written agreement by the recipient of the
148 certificate of need shall be fully binding on any subsequent owner
149 of the skilled nursing facility, if the ownership of the facility
150 is transferred at any time after the issuance of the certificate
151 of need. Agreement that the skilled nursing facility will not
152 participate in the Medicaid program shall be a condition of the
153 issuance of a certificate of need to any person under this
154 paragraph (c), and if such skilled nursing facility at any time
155 after the issuance of the certificate of need, regardless of the
156 ownership of the facility, participates in the Medicaid program or
157 admits or keeps any patients in the facility who are participating
158 in the Medicaid program, the State Department of Health shall
159 revoke the certificate of need, if it is still outstanding, and
160 shall deny or revoke the license of the skilled nursing facility,
161 at the time that the department determines, after a hearing
162 complying with due process, that the facility has failed to comply
163 with any of the conditions upon which the certificate of need was
164 issued, as provided in this paragraph and in the written agreement
165 by the recipient of the certificate of need. The total number of

166 beds that may be authorized under the authority of this paragraph
167 (c) shall not exceed sixty (60) beds.

168 (d) The State Department of Health may issue a
169 certificate of need to any hospital located in DeSoto County for
170 the new construction of a skilled nursing facility, not to exceed
171 one hundred twenty (120) beds, in DeSoto County. From and after
172 July 1, 1999, there shall be no prohibition or restrictions on
173 participation in the Medicaid program (Section 43-13-101 et seq.)
174 for the beds in the nursing facility that were authorized under
175 this paragraph (d).

176 (e) The State Department of Health may issue a
177 certificate of need for the construction of a nursing facility or
178 the conversion of beds to nursing facility beds at a personal care
179 facility for the elderly in Lowndes County that is owned and
180 operated by a Mississippi nonprofit corporation, not to exceed
181 sixty (60) beds. From and after July 1, 1999, there shall be no
182 prohibition or restrictions on participation in the Medicaid
183 program (Section 43-13-101 et seq.) for the beds in the nursing
184 facility that were authorized under this paragraph (e).

185 (f) The State Department of Health may issue a
186 certificate of need for conversion of a county hospital facility
187 in Itawamba County to a nursing facility, not to exceed sixty (60)
188 beds, including any necessary construction, renovation or
189 expansion. From and after July 1, 1999, there shall be no
190 prohibition or restrictions on participation in the Medicaid
191 program (Section 43-13-101 et seq.) for the beds in the nursing
192 facility that were authorized under this paragraph (f).

193 (g) The State Department of Health may issue a

194 certificate of need for the construction or expansion of nursing
195 facility beds or the conversion of other beds to nursing facility
196 beds in either Hinds, Madison or Rankin Counties, not to exceed
197 sixty (60) beds. From and after July 1, 1999, there shall be no
198 prohibition or restrictions on participation in the Medicaid
199 program (Section 43-13-101 et seq.) for the beds in the nursing
200 facility that were authorized under this paragraph (g).

201 (h) The State Department of Health may issue a
202 certificate of need for the construction or expansion of nursing
203 facility beds or the conversion of other beds to nursing facility
204 beds in either Hancock, Harrison or Jackson Counties, not to
205 exceed sixty (60) beds. From and after July 1, 1999, there shall
206 be no prohibition or restrictions on participation in the Medicaid
207 program (Section 43-13-101 et seq.) for the beds in the facility
208 that were authorized under this paragraph (h).

209 (i) The department may issue a certificate of need for
210 the new construction of a skilled nursing facility in Leake
211 County, provided that the recipient of the certificate of need
212 agrees in writing that the skilled nursing facility will not at
213 any time participate in the Medicaid program (Section 43-13-101 et
214 seq.) or admit or keep any patients in the skilled nursing
215 facility who are participating in the Medicaid program. This
216 written agreement by the recipient of the certificate of need
217 shall be fully binding on any subsequent owner of the skilled
218 nursing facility, if the ownership of the facility is transferred
219 at any time after the issuance of the certificate of need.
220 Agreement that the skilled nursing facility will not participate
221 in the Medicaid program shall be a condition of the issuance of a

222 certificate of need to any person under this paragraph (i), and if
223 such skilled nursing facility at any time after the issuance of
224 the certificate of need, regardless of the ownership of the
225 facility, participates in the Medicaid program or admits or keeps
226 any patients in the facility who are participating in the Medicaid
227 program, the State Department of Health shall revoke the
228 certificate of need, if it is still outstanding, and shall deny or
229 revoke the license of the skilled nursing facility, at the time
230 that the department determines, after a hearing complying with due
231 process, that the facility has failed to comply with any of the
232 conditions upon which the certificate of need was issued, as
233 provided in this paragraph and in the written agreement by the
234 recipient of the certificate of need. The provision of Section
235 43-7-193(1) regarding substantial compliance of the projection of
236 need as reported in the current State Health Plan is waived for
237 the purposes of this paragraph. The total number of nursing
238 facility beds that may be authorized by any certificate of need
239 issued under this paragraph (i) shall not exceed sixty (60) beds.
240 If the skilled nursing facility authorized by the certificate of
241 need issued under this paragraph is not constructed and fully
242 operational within eighteen (18) months after July 1, 1994, the
243 State Department of Health, after a hearing complying with due
244 process, shall revoke the certificate of need, if it is still
245 outstanding, and shall not issue a license for the skilled nursing
246 facility at any time after the expiration of the eighteen-month
247 period.

248 (j) The department may issue certificates of need to
249 allow any existing freestanding long-term care facility in

250 Tishomingo County and Hancock County that on July 1, 1995, is
251 licensed with fewer than sixty (60) beds. For the purposes of
252 this paragraph (j), the provision of Section 41-7-193(1) requiring
253 substantial compliance with the projection of need as reported in
254 the current State Health Plan is waived. From and after July 1,
255 1999, there shall be no prohibition or restrictions on
256 participation in the Medicaid program (Section 43-13-101 et seq.)
257 for the beds in the long-term care facilities that were authorized
258 under this paragraph (j).

259 (k) The department may issue a certificate of need for
260 the construction of a nursing facility at a continuing care
261 retirement community in Lowndes County, provided that the
262 recipient of the certificate of need agrees in writing that the
263 nursing facility will not at any time participate in the Medicaid
264 program (Section 43-13-101 et seq.) or admit or keep any patients
265 in the nursing facility who are participating in the Medicaid
266 program. This written agreement by the recipient of the
267 certificate of need shall be fully binding on any subsequent owner
268 of the nursing facility, if the ownership of the facility is
269 transferred at any time after the issuance of the certificate of
270 need. Agreement that the nursing facility will not participate in
271 the Medicaid program shall be a condition of the issuance of a
272 certificate of need to any person under this paragraph (k), and if
273 such nursing facility at any time after the issuance of the
274 certificate of need, regardless of the ownership of the facility,
275 participates in the Medicaid program or admits or keeps any
276 patients in the facility who are participating in the Medicaid
277 program, the State Department of Health shall revoke the

278 certificate of need, if it is still outstanding, and shall deny or
279 revoke the license of the nursing facility, at the time that the
280 department determines, after a hearing complying with due process,
281 that the facility has failed to comply with any of the conditions
282 upon which the certificate of need was issued, as provided in this
283 paragraph and in the written agreement by the recipient of the
284 certificate of need. The total number of beds that may be
285 authorized under the authority of this paragraph (k) shall not
286 exceed sixty (60) beds.

287 (1) Provided that funds are specifically appropriated
288 therefor by the Legislature, the department may issue a
289 certificate of need to a rehabilitation hospital in Hinds County
290 for the construction of a sixty-bed long-term care nursing
291 facility dedicated to the care and treatment of persons with
292 severe disabilities including persons with spinal cord and
293 closed-head injuries and ventilator-dependent patients. The
294 provision of Section 41-7-193(1) regarding substantial compliance
295 with projection of need as reported in the current State Health
296 Plan is hereby waived for the purpose of this paragraph.

297 (m) The State Department of Health may issue a
298 certificate of need to a county-owned hospital in the Second
299 Judicial District of Panola County for the conversion of not more
300 than seventy-two (72) hospital beds to nursing facility beds,
301 provided that the recipient of the certificate of need agrees in
302 writing that none of the beds at the nursing facility will be
303 certified for participation in the Medicaid program (Section
304 43-13-101 et seq.), and that no claim will be submitted for
305 Medicaid reimbursement in the nursing facility in any day or for

306 any patient in the nursing facility. This written agreement by
307 the recipient of the certificate of need shall be a condition of
308 the issuance of the certificate of need under this paragraph, and
309 the agreement shall be fully binding on any subsequent owner of
310 the nursing facility if the ownership of the nursing facility is
311 transferred at any time after the issuance of the certificate of
312 need. After this written agreement is executed, the Division of
313 Medicaid and the State Department of Health shall not certify any
314 of the beds in the nursing facility for participation in the
315 Medicaid program. If the nursing facility violates the terms of
316 the written agreement by admitting or keeping in the nursing
317 facility on a regular or continuing basis any patients who are
318 participating in the Medicaid program, the State Department of
319 Health shall revoke the license of the nursing facility, at the
320 time that the department determines, after a hearing complying
321 with due process, that the nursing facility has violated the
322 condition upon which the certificate of need was issued, as
323 provided in this paragraph and in the written agreement. If the
324 certificate of need authorized under this paragraph is not issued
325 within twelve (12) months after July 1, 2001, the department shall
326 deny the application for the certificate of need and shall not
327 issue the certificate of need at any time after the twelve-month
328 period, unless the issuance is contested. If the certificate of
329 need is issued and substantial construction of the nursing
330 facility beds has not commenced within eighteen (18) months after
331 July 1, 2001, the State Department of Health, after a hearing
332 complying with due process, shall revoke the certificate of need
333 if it is still outstanding, and the department shall not issue a

334 license for the nursing facility at any time after the
335 eighteen-month period. Provided, however, that if the issuance of
336 the certificate of need is contested, the department shall require
337 substantial construction of the nursing facility beds within six
338 (6) months after final adjudication on the issuance of the
339 certificate of need.

340 (n) The department may issue a certificate of need for
341 the new construction, addition or conversion of skilled nursing
342 facility beds in Madison County, provided that the recipient of
343 the certificate of need agrees in writing that the skilled nursing
344 facility will not at any time participate in the Medicaid program
345 (Section 43-13-101 et seq.) or admit or keep any patients in the
346 skilled nursing facility who are participating in the Medicaid
347 program. This written agreement by the recipient of the
348 certificate of need shall be fully binding on any subsequent owner
349 of the skilled nursing facility, if the ownership of the facility
350 is transferred at any time after the issuance of the certificate
351 of need. Agreement that the skilled nursing facility will not
352 participate in the Medicaid program shall be a condition of the
353 issuance of a certificate of need to any person under this
354 paragraph (n), and if such skilled nursing facility at any time
355 after the issuance of the certificate of need, regardless of the
356 ownership of the facility, participates in the Medicaid program or
357 admits or keeps any patients in the facility who are participating
358 in the Medicaid program, the State Department of Health shall
359 revoke the certificate of need, if it is still outstanding, and
360 shall deny or revoke the license of the skilled nursing facility,
361 at the time that the department determines, after a hearing

362 complying with due process, that the facility has failed to comply
363 with any of the conditions upon which the certificate of need was
364 issued, as provided in this paragraph and in the written agreement
365 by the recipient of the certificate of need. The total number of
366 nursing facility beds that may be authorized by any certificate of
367 need issued under this paragraph (n) shall not exceed sixty (60)
368 beds. If the certificate of need authorized under this paragraph
369 is not issued within twelve (12) months after July 1, 1998, the
370 department shall deny the application for the certificate of need
371 and shall not issue the certificate of need at any time after the
372 twelve-month period, unless the issuance is contested. If the
373 certificate of need is issued and substantial construction of the
374 nursing facility beds has not commenced within eighteen (18)
375 months after the effective date of July 1, 1998, the State
376 Department of Health, after a hearing complying with due process,
377 shall revoke the certificate of need if it is still outstanding,
378 and the department shall not issue a license for the nursing
379 facility at any time after the eighteen-month period. Provided,
380 however, that if the issuance of the certificate of need is
381 contested, the department shall require substantial construction
382 of the nursing facility beds within six (6) months after final
383 adjudication on the issuance of the certificate of need.

384 (o) The department may issue a certificate of need for
385 the new construction, addition or conversion of skilled nursing
386 facility beds in Leake County, provided that the recipient of the
387 certificate of need agrees in writing that the skilled nursing
388 facility will not at any time participate in the Medicaid program
389 (Section 43-13-101 et seq.) or admit or keep any patients in the

390 skilled nursing facility who are participating in the Medicaid
391 program. This written agreement by the recipient of the
392 certificate of need shall be fully binding on any subsequent owner
393 of the skilled nursing facility, if the ownership of the facility
394 is transferred at any time after the issuance of the certificate
395 of need. Agreement that the skilled nursing facility will not
396 participate in the Medicaid program shall be a condition of the
397 issuance of a certificate of need to any person under this
398 paragraph (o), and if such skilled nursing facility at any time
399 after the issuance of the certificate of need, regardless of the
400 ownership of the facility, participates in the Medicaid program or
401 admits or keeps any patients in the facility who are participating
402 in the Medicaid program, the State Department of Health shall
403 revoke the certificate of need, if it is still outstanding, and
404 shall deny or revoke the license of the skilled nursing facility,
405 at the time that the department determines, after a hearing
406 complying with due process, that the facility has failed to comply
407 with any of the conditions upon which the certificate of need was
408 issued, as provided in this paragraph and in the written agreement
409 by the recipient of the certificate of need. The total number of
410 nursing facility beds that may be authorized by any certificate of
411 need issued under this paragraph (o) shall not exceed sixty (60)
412 beds. If the certificate of need authorized under this paragraph
413 is not issued within twelve (12) months after July 1, 2001, the
414 department shall deny the application for the certificate of need
415 and shall not issue the certificate of need at any time after the
416 twelve-month period, unless the issuance is contested. If the
417 certificate of need is issued and substantial construction of the

418 nursing facility beds has not commenced within eighteen (18)
419 months after the effective date of July 1, 2001, the State
420 Department of Health, after a hearing complying with due process,
421 shall revoke the certificate of need if it is still outstanding,
422 and the department shall not issue a license for the nursing
423 facility at any time after the eighteen-month period. Provided,
424 however, that if the issuance of the certificate of need is
425 contested, the department shall require substantial construction
426 of the nursing facility beds within six (6) months after final
427 adjudication on the issuance of the certificate of need.

428 (p) The department may issue a certificate of need for
429 the construction of a municipally-owned nursing facility within
430 the Town of Belmont in Tishomingo County, not to exceed sixty (60)
431 beds, provided that the recipient of the certificate of need
432 agrees in writing that the skilled nursing facility will not at
433 any time participate in the Medicaid program (Section 43-13-101 et
434 seq.) or admit or keep any patients in the skilled nursing
435 facility who are participating in the Medicaid program. This
436 written agreement by the recipient of the certificate of need
437 shall be fully binding on any subsequent owner of the skilled
438 nursing facility, if the ownership of the facility is transferred
439 at any time after the issuance of the certificate of need.

440 Agreement that the skilled nursing facility will not participate
441 in the Medicaid program shall be a condition of the issuance of a
442 certificate of need to any person under this paragraph (p), and if
443 such skilled nursing facility at any time after the issuance of
444 the certificate of need, regardless of the ownership of the
445 facility, participates in the Medicaid program or admits or keeps

446 any patients in the facility who are participating in the Medicaid
447 program, the State Department of Health shall revoke the
448 certificate of need, if it is still outstanding, and shall deny or
449 revoke the license of the skilled nursing facility, at the time
450 that the department determines, after a hearing complying with due
451 process, that the facility has failed to comply with any of the
452 conditions upon which the certificate of need was issued, as
453 provided in this paragraph and in the written agreement by the
454 recipient of the certificate of need. The provision of Section
455 43-7-193(1) regarding substantial compliance of the projection of
456 need as reported in the current State Health Plan is waived for
457 the purposes of this paragraph. If the certificate of need
458 authorized under this paragraph is not issued within twelve (12)
459 months after July 1, 1998, the department shall deny the
460 application for the certificate of need and shall not issue the
461 certificate of need at any time after the twelve-month period,
462 unless the issuance is contested. If the certificate of need is
463 issued and substantial construction of the nursing facility beds
464 has not commenced within eighteen (18) months after July 1, 1998,
465 the State Department of Health, after a hearing complying with due
466 process, shall revoke the certificate of need if it is still
467 outstanding, and the department shall not issue a license for the
468 nursing facility at any time after the eighteen-month period.
469 Provided, however, that if the issuance of the certificate of need
470 is contested, the department shall require substantial
471 construction of the nursing facility beds within six (6) months
472 after final adjudication on the issuance of the certificate of
473 need.

474 (q) (i) Beginning on July 1, 1999, the State
475 Department of Health shall issue certificates of need during each
476 of the next four (4) fiscal years for the construction or
477 expansion of nursing facility beds or the conversion of other beds
478 to nursing facility beds in each county in the state having a need
479 for fifty (50) or more additional nursing facility beds, as shown
480 in the fiscal year 1999 State Health Plan, in the manner provided
481 in this paragraph (q). The total number of nursing facility beds
482 that may be authorized by any certificate of need authorized under
483 this paragraph (q) shall not exceed sixty (60) beds.

484 (ii) Subject to the provisions of subparagraph
485 (v), during each of the next four (4) fiscal years, the department
486 shall issue six (6) certificates of need for new nursing facility
487 beds, as follows: During fiscal years 2000, 2001 and 2002, one
488 (1) certificate of need shall be issued for new nursing facility
489 beds in the county in each of the four (4) Long-Term Care Planning
490 Districts designated in the fiscal year 1999 State Health Plan
491 that has the highest need in the district for those beds; and two
492 (2) certificates of need shall be issued for new nursing facility
493 beds in the two (2) counties from the state at large that have the
494 highest need in the state for those beds, when considering the
495 need on a statewide basis and without regard to the Long-Term Care
496 Planning Districts in which the counties are located. During
497 fiscal year 2003, one (1) certificate of need shall be issued for
498 new nursing facility beds in any county having a need for fifty
499 (50) or more additional nursing facility beds, as shown in the
500 fiscal year 1999 State Health Plan, that has not received a
501 certificate of need under this paragraph (q) during the three (3)

502 previous fiscal years. During fiscal year 2000, in addition to
503 the six (6) certificates of need authorized in this subparagraph,
504 the department also shall issue a certificate of need for new
505 nursing facility beds in Amite County and a certificate of need
506 for new nursing facility beds in Carroll County.

507 (iii) Subject to the provisions of subparagraph
508 (v), the certificate of need issued under subparagraph (ii) for
509 nursing facility beds in each Long-Term Care Planning District
510 during each fiscal year shall first be available for nursing
511 facility beds in the county in the district having the highest
512 need for those beds, as shown in the fiscal year 1999 State Health
513 Plan. If there are no applications for a certificate of need for
514 nursing facility beds in the county having the highest need for
515 those beds by the date specified by the department, then the
516 certificate of need shall be available for nursing facility beds
517 in other counties in the district in descending order of the need
518 for those beds, from the county with the second highest need to
519 the county with the lowest need, until an application is received
520 for nursing facility beds in an eligible county in the district.

521 (iv) Subject to the provisions of subparagraph
522 (v), the certificate of need issued under subparagraph (ii) for
523 nursing facility beds in the two (2) counties from the state at
524 large during each fiscal year shall first be available for nursing
525 facility beds in the two (2) counties that have the highest need
526 in the state for those beds, as shown in the fiscal year 1999
527 State Health Plan, when considering the need on a statewide basis
528 and without regard to the Long-Term Care Planning Districts in
529 which the counties are located. If there are no applications for

530 a certificate of need for nursing facility beds in either of the
531 two (2) counties having the highest need for those beds on a
532 statewide basis by the date specified by the department, then the
533 certificate of need shall be available for nursing facility beds
534 in other counties from the state at large in descending order of
535 the need for those beds on a statewide basis, from the county with
536 the second highest need to the county with the lowest need, until
537 an application is received for nursing facility beds in an
538 eligible county from the state at large.

539 (v) If a certificate of need is authorized to be
540 issued under this paragraph (q) for nursing facility beds in a
541 county on the basis of the need in the Long-Term Care Planning
542 District during any fiscal year of the four-year period, a
543 certificate of need shall not also be available under this
544 paragraph (q) for additional nursing facility beds in that county
545 on the basis of the need in the state at large, and that county
546 shall be excluded in determining which counties have the highest
547 need for nursing facility beds in the state at large for that
548 fiscal year. After a certificate of need has been issued under
549 this paragraph (q) for nursing facility beds in a county during
550 any fiscal year of the four-year period, a certificate of need
551 shall not be available again under this paragraph (q) for
552 additional nursing facility beds in that county during the
553 four-year period, and that county shall be excluded in determining
554 which counties have the highest need for nursing facility beds in
555 succeeding fiscal years.

556 (r) (i) Beginning on July 1, 1999, the State
557 Department of Health shall issue certificates of need during each

558 of the next two (2) fiscal years for the construction or expansion
559 of nursing facility beds or the conversion of other beds to
560 nursing facility beds in each of the four (4) Long-Term Care
561 Planning Districts designated in the fiscal year 1999 State Health
562 Plan, to provide care exclusively to patients with Alzheimer's
563 disease.

564 (ii) Not more than twenty (20) beds may be authorized
565 by any certificate of need issued under this paragraph (r), and
566 not more than a total of sixty (60) beds may be authorized in any
567 Long-Term Care Planning District by all certificates of need
568 issued under this paragraph (r). However, the total number of
569 beds that may be authorized by all certificates of need issued
570 under this paragraph (r) during any fiscal year shall not exceed
571 one hundred twenty (120) beds, and the total number of beds that
572 may be authorized in any Long-Term Care Planning District during
573 any fiscal year shall not exceed forty (40) beds. Of the
574 certificates of need that are issued for each Long-Term Care
575 Planning District during the next two (2) fiscal years, at least
576 one (1) shall be issued for beds in the northern part of the
577 district, at least one (1) shall be issued for beds in the central
578 part of the district, and at least one (1) shall be issued for
579 beds in the southern part of the district.

580 (iii) The State Department of Health, in
581 consultation with the Department of Mental Health and the Division
582 of Medicaid, shall develop and prescribe the staffing levels,
583 space requirements and other standards and requirements that must
584 be met with regard to the nursing facility beds authorized under
585 this paragraph (r) to provide care exclusively to patients with

586 Alzheimer's disease.

587 (3) The State Department of Health may grant approval for
588 and issue certificates of need to any person proposing the new
589 construction of, addition to, conversion of beds of or expansion
590 of any health care facility defined in subparagraph (x)
591 (psychiatric residential treatment facility) of Section
592 41-7-173(h). The total number of beds which may be authorized by
593 such certificates of need shall not exceed two hundred
594 seventy-four (274) beds for the entire state.

595 (a) Of the total number of beds authorized under this
596 subsection, the department shall issue a certificate of need to a
597 privately owned psychiatric residential treatment facility in
598 Simpson County for the conversion of sixteen (16) intermediate
599 care facility for the mentally retarded (ICF-MR) beds to
600 psychiatric residential treatment facility beds, provided that
601 facility agrees in writing that the facility shall give priority
602 for the use of those sixteen (16) beds to Mississippi residents
603 who are presently being treated in out-of-state facilities.

604 (b) Of the total number of beds authorized under this
605 subsection, the department may issue a certificate or certificates
606 of need for the construction or expansion of psychiatric
607 residential treatment facility beds or the conversion of other
608 beds to psychiatric residential treatment facility beds in Warren
609 County, not to exceed sixty (60) psychiatric residential treatment
610 facility beds, provided that the facility agrees in writing that
611 no more than thirty (30) of the beds at the psychiatric
612 residential treatment facility will be certified for participation
613 in the Medicaid program (Section 43-13-101 et seq.) for the use of

614 any patients other than those who are participating only in the
615 Medicaid program of another state, and that no claim will be
616 submitted to the Division of Medicaid for Medicaid reimbursement
617 for more than thirty (30) patients in the psychiatric residential
618 treatment facility in any day or for any patient in the
619 psychiatric residential treatment facility who is in a bed that is
620 not Medicaid-certified. This written agreement by the recipient
621 of the certificate of need shall be a condition of the issuance of
622 the certificate of need under this paragraph, and the agreement
623 shall be fully binding on any subsequent owner of the psychiatric
624 residential treatment facility if the ownership of the facility is
625 transferred at any time after the issuance of the certificate of
626 need. After this written agreement is executed, the Division of
627 Medicaid and the State Department of Health shall not certify more
628 than thirty (30) of the beds in the psychiatric residential
629 treatment facility for participation in the Medicaid program for
630 the use of any patients other than those who are participating
631 only in the Medicaid program of another state. If the psychiatric
632 residential treatment facility violates the terms of the written
633 agreement by admitting or keeping in the facility on a regular or
634 continuing basis more than thirty (30) patients who are
635 participating in the Mississippi Medicaid program, the State
636 Department of Health shall revoke the license of the facility, at
637 the time that the department determines, after a hearing complying
638 with due process, that the facility has violated the condition
639 upon which the certificate of need was issued, as provided in this
640 paragraph and in the written agreement.

641 (c) Of the total number of beds authorized under this

642 subsection, the department shall issue a certificate of need to a
643 hospital currently operating Medicaid-certified acute psychiatric
644 beds for adolescents in DeSoto County, for the establishment of a
645 forty-bed psychiatric residential treatment facility in DeSoto
646 County, provided that the hospital agrees in writing (i) that the
647 hospital shall give priority for the use of those forty (40) beds
648 to Mississippi residents who are presently being treated in
649 out-of-state facilities, and (ii) that no more than fifteen (15)
650 of the beds at the psychiatric residential treatment facility will
651 be certified for participation in the Medicaid program (Section
652 43-13-101 et seq.), and that no claim will be submitted for
653 Medicaid reimbursement for more than fifteen (15) patients in the
654 psychiatric residential treatment facility in any day or for any
655 patient in the psychiatric residential treatment facility who is
656 in a bed that is not Medicaid-certified. This written agreement
657 by the recipient of the certificate of need shall be a condition
658 of the issuance of the certificate of need under this paragraph,
659 and the agreement shall be fully binding on any subsequent owner
660 of the psychiatric residential treatment facility if the ownership
661 of the facility is transferred at any time after the issuance of
662 the certificate of need. After this written agreement is
663 executed, the Division of Medicaid and the State Department of
664 Health shall not certify more than fifteen (15) of the beds in the
665 psychiatric residential treatment facility for participation in
666 the Medicaid program. If the psychiatric residential treatment
667 facility violates the terms of the written agreement by admitting
668 or keeping in the facility on a regular or continuing basis more
669 than fifteen (15) patients who are participating in the Medicaid

670 program, the State Department of Health shall revoke the license
671 of the facility, at the time that the department determines, after
672 a hearing complying with due process, that the facility has
673 violated the condition upon which the certificate of need was
674 issued, as provided in this paragraph and in the written
675 agreement.

676 (d) Of the total number of beds authorized under this
677 subsection, the department may issue a certificate or certificates
678 of need for the construction or expansion of psychiatric
679 residential treatment facility beds or the conversion of other
680 beds to psychiatric treatment facility beds, not to exceed thirty
681 (30) psychiatric residential treatment facility beds, in either
682 Alcorn, Tishomingo, Prentiss, Lee, Itawamba, Monroe, Chickasaw,
683 Pontotoc, Calhoun, Lafayette, Union, Benton or Tippah Counties.

684 (e) Of the total number of beds authorized under this
685 subsection (3) the department shall issue a certificate of need to
686 a privately owned, nonprofit psychiatric residential treatment
687 facility in Hinds County for an eight-bed expansion of the
688 facility, provided that the facility agrees in writing that the
689 facility shall give priority for the use of those eight (8) beds
690 to Mississippi residents who are presently being treated in
691 out-of-state facilities.

692 (4) (a) From and after July 1, 1993, the department shall
693 not issue a certificate of need to any person for the new
694 construction of any hospital, psychiatric hospital or chemical
695 dependency hospital that will contain any child/adolescent
696 psychiatric or child/adolescent chemical dependency beds, or for
697 the conversion of any other health care facility to a hospital,

698 psychiatric hospital or chemical dependency hospital that will
699 contain any child/adolescent psychiatric or child/adolescent
700 chemical dependency beds, or for the addition of any
701 child/adolescent psychiatric or child/adolescent chemical
702 dependency beds in any hospital, psychiatric hospital or chemical
703 dependency hospital, or for the conversion of any beds of another
704 category in any hospital, psychiatric hospital or chemical
705 dependency hospital to child/adolescent psychiatric or
706 child/adolescent chemical dependency beds, except as hereinafter
707 authorized:

708 (i) The department may issue certificates of need
709 to any person for any purpose described in this subsection,
710 provided that the hospital, psychiatric hospital or chemical
711 dependency hospital does not participate in the Medicaid program
712 (Section 43-13-101 et seq.) at the time of the application for the
713 certificate of need and the owner of the hospital, psychiatric
714 hospital or chemical dependency hospital agrees in writing that
715 the hospital, psychiatric hospital or chemical dependency hospital
716 will not at any time participate in the Medicaid program or admit
717 or keep any patients who are participating in the Medicaid program
718 in the hospital, psychiatric hospital or chemical dependency
719 hospital. This written agreement by the recipient of the
720 certificate of need shall be fully binding on any subsequent owner
721 of the hospital, psychiatric hospital or chemical dependency
722 hospital, if the ownership of the facility is transferred at any
723 time after the issuance of the certificate of need. Agreement
724 that the hospital, psychiatric hospital or chemical dependency
725 hospital will not participate in the Medicaid program shall be a

726 condition of the issuance of a certificate of need to any person
727 under this subparagraph (a)(i), and if such hospital, psychiatric
728 hospital or chemical dependency hospital at any time after the
729 issuance of the certificate of need, regardless of the ownership
730 of the facility, participates in the Medicaid program or admits or
731 keeps any patients in the hospital, psychiatric hospital or
732 chemical dependency hospital who are participating in the Medicaid
733 program, the State Department of Health shall revoke the
734 certificate of need, if it is still outstanding, and shall deny or
735 revoke the license of the hospital, psychiatric hospital or
736 chemical dependency hospital, at the time that the department
737 determines, after a hearing complying with due process, that the
738 hospital, psychiatric hospital or chemical dependency hospital has
739 failed to comply with any of the conditions upon which the
740 certificate of need was issued, as provided in this subparagraph
741 and in the written agreement by the recipient of the certificate
742 of need.

743 (ii) The department may issue a certificate of
744 need for the conversion of existing beds in a county hospital in
745 Choctaw County from acute care beds to child/adolescent chemical
746 dependency beds. For purposes of this subparagraph, the
747 provisions of Section 41-7-193(1) requiring substantial compliance
748 with the projection of need as reported in the current State
749 Health Plan is waived. The total number of beds that may be
750 authorized under authority of this subparagraph shall not exceed
751 twenty (20) beds. There shall be no prohibition or restrictions
752 on participation in the Medicaid program (Section 43-13-101 et
753 seq.) for the hospital receiving the certificate of need

754 authorized under this subparagraph (a)(ii) or for the beds
755 converted pursuant to the authority of that certificate of need.

756 (iii) The department may issue a certificate or
757 certificates of need for the construction or expansion of
758 child/adolescent psychiatric beds or the conversion of other beds
759 to child/adolescent psychiatric beds in Warren County. For
760 purposes of this subparagraph, the provisions of Section
761 41-7-193(1) requiring substantial compliance with the projection
762 of need as reported in the current State Health Plan are waived.
763 The total number of beds that may be authorized under the
764 authority of this subparagraph shall not exceed twenty (20) beds.

765 There shall be no prohibition or restrictions on participation in
766 the Medicaid program (Section 43-13-101 et seq.) for the person
767 receiving the certificate of need authorized under this
768 subparagraph (a)(iii) or for the beds converted pursuant to the
769 authority of that certificate of need.

770 (iv) The department shall issue a certificate of
771 need to the Region 7 Mental Health/Retardation Commission for the
772 construction or expansion of child/adolescent psychiatric beds or
773 the conversion of other beds to child/adolescent psychiatric beds
774 in any of the counties served by the commission. For purposes of
775 this subparagraph, the provisions of Section 41-7-193(1) requiring
776 substantial compliance with the projection of need as reported in
777 the current State Health Plan is waived. The total number of beds
778 that may be authorized under the authority of this subparagraph
779 shall not exceed twenty (20) beds. There shall be no prohibition
780 or restrictions on participation in the Medicaid program (Section
781 43-13-101 et seq.) for the person receiving the certificate of

782 need authorized under this subparagraph (a)(iv) or for the beds
783 converted pursuant to the authority of that certificate of need.

784 (v) The department may issue a certificate of need
785 to any county hospital located in Leflore County for the
786 construction or expansion of adult psychiatric beds or the
787 conversion of other beds to adult psychiatric beds, not to exceed
788 twenty (20) beds, provided that the recipient of the certificate
789 of need agrees in writing that the adult psychiatric beds will not
790 at any time be certified for participation in the Medicaid program
791 and that the hospital will not admit or keep any patients who are
792 participating in the Medicaid program in any of such adult
793 psychiatric beds. This written agreement by the recipient of the
794 certificate of need shall be fully binding on any subsequent owner
795 of the hospital if the ownership of the hospital is transferred at
796 any time after the issuance of the certificate of need. Agreement
797 that the adult psychiatric beds will not be certified for
798 participation in the Medicaid program shall be a condition of the
799 issuance of a certificate of need to any person under this
800 subparagraph (a)(v), and if such hospital at any time after the
801 issuance of the certificate of need, regardless of the ownership
802 of the hospital, has any of such adult psychiatric beds certified
803 for participation in the Medicaid program or admits or keeps any
804 Medicaid patients in such adult psychiatric beds, the State
805 Department of Health shall revoke the certificate of need, if it
806 is still outstanding, and shall deny or revoke the license of the
807 hospital at the time that the department determines, after a
808 hearing complying with due process, that the hospital has failed
809 to comply with any of the conditions upon which the certificate of

810 need was issued, as provided in this subparagraph and in the
811 written agreement by the recipient of the certificate of need.

812 (vi) The department may issue a certificate or
813 certificates of need for the expansion of child psychiatric beds
814 or the conversion of other beds to child psychiatric beds at the
815 University of Mississippi Medical Center. For purposes of this
816 subparagraph (a)(vi), the provision of Section 41-7-193(1)
817 requiring substantial compliance with the projection of need as
818 reported in the current State Health Plan is waived. The total
819 number of beds that may be authorized under the authority of this
820 subparagraph (a)(vi) shall not exceed fifteen (15) beds. There
821 shall be no prohibition or restrictions on participation in the
822 Medicaid program (Section 43-13-101 et seq.) for the hospital
823 receiving the certificate of need authorized under this
824 subparagraph (a)(vi) or for the beds converted pursuant to the
825 authority of that certificate of need.

826 (b) From and after July 1, 1990, no hospital,
827 psychiatric hospital or chemical dependency hospital shall be
828 authorized to add any child/adolescent psychiatric or
829 child/adolescent chemical dependency beds or convert any beds of
830 another category to child/adolescent psychiatric or
831 child/adolescent chemical dependency beds without a certificate of
832 need under the authority of subsection (1)(c) of this section.

833 (5) The department may issue a certificate of need to a
834 county hospital in Winston County for the conversion of fifteen
835 (15) acute care beds to geriatric psychiatric care beds.

836 (6) The State Department of Health shall issue a certificate
837 of need to a Mississippi corporation qualified to manage a

838 long-term care hospital as defined in Section 41-7-173(h)(xii) in
839 Harrison County, not to exceed eighty (80) beds, including any
840 necessary renovation or construction required for licensure and
841 certification, provided that the recipient of the certificate of
842 need agrees in writing that the long-term care hospital will not
843 at any time participate in the Medicaid program (Section 43-13-101
844 et seq.) or admit or keep any patients in the long-term care
845 hospital who are participating in the Medicaid program. This
846 written agreement by the recipient of the certificate of need
847 shall be fully binding on any subsequent owner of the long-term
848 care hospital, if the ownership of the facility is transferred at
849 any time after the issuance of the certificate of need. Agreement
850 that the long-term care hospital will not participate in the
851 Medicaid program shall be a condition of the issuance of a
852 certificate of need to any person under this subsection (6), and
853 if such long-term care hospital at any time after the issuance of
854 the certificate of need, regardless of the ownership of the
855 facility, participates in the Medicaid program or admits or keeps
856 any patients in the facility who are participating in the Medicaid
857 program, the State Department of Health shall revoke the
858 certificate of need, if it is still outstanding, and shall deny or
859 revoke the license of the long-term care hospital, at the time
860 that the department determines, after a hearing complying with due
861 process, that the facility has failed to comply with any of the
862 conditions upon which the certificate of need was issued, as
863 provided in this subsection and in the written agreement by the
864 recipient of the certificate of need. For purposes of this
865 subsection, the provision of Section 41-7-193(1) requiring

866 substantial compliance with the projection of need as reported in
867 the current State Health Plan is hereby waived.

868 (7) The State Department of Health may issue a certificate
869 of need to any hospital in the state to utilize a portion of its
870 beds for the "swing-bed" concept. Any such hospital must be in
871 conformance with the federal regulations regarding such swing-bed
872 concept at the time it submits its application for a certificate
873 of need to the State Department of Health, except that such
874 hospital may have more licensed beds or a higher average daily
875 census (ADC) than the maximum number specified in federal
876 regulations for participation in the swing-bed program. Any
877 hospital meeting all federal requirements for participation in the
878 swing-bed program which receives such certificate of need shall
879 render services provided under the swing-bed concept to any
880 patient eligible for Medicare (Title XVIII of the Social Security
881 Act) who is certified by a physician to be in need of such
882 services, and no such hospital shall permit any patient who is
883 eligible for both Medicaid and Medicare or eligible only for
884 Medicaid to stay in the swing beds of the hospital for more than
885 thirty (30) days per admission unless the hospital receives prior
886 approval for such patient from the Division of Medicaid, Office of
887 the Governor. Any hospital having more licensed beds or a higher
888 average daily census (ADC) than the maximum number specified in
889 federal regulations for participation in the swing-bed program
890 which receives such certificate of need shall develop a procedure
891 to insure that before a patient is allowed to stay in the swing
892 beds of the hospital, there are no vacant nursing home beds
893 available for that patient located within a fifty-mile radius of

894 the hospital. When any such hospital has a patient staying in the
895 swing beds of the hospital and the hospital receives notice from a
896 nursing home located within such radius that there is a vacant bed
897 available for that patient, the hospital shall transfer the
898 patient to the nursing home within a reasonable time after receipt
899 of the notice. Any hospital which is subject to the requirements
900 of the two (2) preceding sentences of this subsection may be
901 suspended from participation in the swing-bed program for a
902 reasonable period of time by the State Department of Health if the
903 department, after a hearing complying with due process, determines
904 that the hospital has failed to comply with any of those
905 requirements.

906 (8) The Department of Health shall not grant approval for or
907 issue a certificate of need to any person proposing the new
908 construction of, addition to or expansion of a health care
909 facility as defined in subparagraph (viii) of Section 41-7-173(h).

910 (9) The Department of Health shall not grant approval for or
911 issue a certificate of need to any person proposing the
912 establishment of, or expansion of the currently approved territory
913 of, or the contracting to establish a home office, subunit or
914 branch office within the space operated as a health care facility
915 as defined in Section 41-7-173(h)(i) through (viii) by a health
916 care facility as defined in subparagraph (ix) of Section
917 41-7-173(h).

918 (10) Health care facilities owned and/or operated by the
919 state or its agencies are exempt from the restraints in this
920 section against issuance of a certificate of need if such addition
921 or expansion consists of repairing or renovation necessary to

922 comply with the state licensure law. This exception shall not
923 apply to the new construction of any building by such state
924 facility. This exception shall not apply to any health care
925 facilities owned and/or operated by counties, municipalities,
926 districts, unincorporated areas, other defined persons, or any
927 combination thereof.

928 (11) The new construction, renovation or expansion of or
929 addition to any health care facility defined in subparagraph (ii)
930 (psychiatric hospital), subparagraph (iv) (skilled nursing
931 facility), subparagraph (vi) (intermediate care facility),
932 subparagraph (viii) (intermediate care facility for the mentally
933 retarded) and subparagraph (x) (psychiatric residential treatment
934 facility) of Section 41-7-173(h) which is owned by the State of
935 Mississippi and under the direction and control of the State
936 Department of Mental Health, and the addition of new beds or the
937 conversion of beds from one category to another in any such
938 defined health care facility which is owned by the State of
939 Mississippi and under the direction and control of the State
940 Department of Mental Health, shall not require the issuance of a
941 certificate of need under Section 41-7-171 et seq.,
942 notwithstanding any provision in Section 41-7-171 et seq. to the
943 contrary.

944 (12) The new construction, renovation or expansion of or
945 addition to any veterans homes or domiciliaries for eligible
946 veterans of the State of Mississippi as authorized under Section
947 35-1-19 shall not require the issuance of a certificate of need,
948 notwithstanding any provision in Section 41-7-171 et seq. to the
949 contrary.

950 (13) The new construction of a nursing facility or nursing
951 facility beds or the conversion of other beds to nursing facility
952 beds shall not require the issuance of a certificate of need,
953 notwithstanding any provision in Section 41-7-171 et seq. to the
954 contrary, if the conditions of this subsection are met.

955 (a) Before any construction or conversion may be
956 undertaken without a certificate of need, the owner of the nursing
957 facility, in the case of an existing facility, or the applicant to
958 construct a nursing facility, in the case of new construction,
959 first must file a written notice of intent and sign a written
960 agreement with the State Department of Health that the entire
961 nursing facility will not at any time participate in or have any
962 beds certified for participation in the Medicaid program (Section
963 43-13-101 et seq.), will not admit or keep any patients in the
964 nursing facility who are participating in the Medicaid program,
965 and will not submit any claim for Medicaid reimbursement for any
966 patient in the facility. This written agreement by the owner or
967 applicant shall be a condition of exercising the authority under
968 this subsection without a certificate of need, and the agreement
969 shall be fully binding on any subsequent owner of the nursing
970 facility if the ownership of the facility is transferred at any
971 time after the agreement is signed. After the written agreement
972 is signed, the Division of Medicaid and the State Department of
973 Health shall not certify any beds in the nursing facility for
974 participation in the Medicaid program. If the nursing facility
975 violates the terms of the written agreement by participating in
976 the Medicaid program, having any beds certified for participation
977 in the Medicaid program, admitting or keeping any patient in the

978 facility who is participating in the Medicaid program, or
979 submitting any claim for Medicaid reimbursement for any patient in
980 the facility, the State Department of Health shall revoke the
981 license of the nursing facility at the time that the department
982 determines, after a hearing complying with due process, that the
983 facility has violated the terms of the written agreement.

984 (b) For the purposes of this subsection, participation
985 in the Medicaid program by a nursing facility includes Medicaid
986 reimbursement of coinsurance and deductibles for recipients who
987 are qualified Medicare beneficiaries and/or those who are dually
988 eligible. Any nursing facility exercising the authority under
989 this subsection may not bill or submit a claim to the Division of
990 Medicaid for services to qualified Medicare beneficiaries and/or
991 those who are dually eligible.

992 (c) The new construction of a nursing facility or
993 nursing facility beds or the conversion of other beds to nursing
994 facility beds described in this section must be either a part of a
995 completely new continuing care retirement community, as described
996 in the latest edition of the Mississippi State Health Plan, or an
997 addition to existing personal care and independent living
998 components, and so that the completed project will be a continuing
999 care retirement community, containing (i) independent living
1000 accommodations, (ii) personal care beds, and (iii) the nursing
1001 home facility beds. The three (3) components must be located on a
1002 single site and be operated as one (1) inseparable facility. The
1003 nursing facility component must contain a minimum of thirty (30)
1004 beds. Any nursing facility beds authorized by this section will
1005 not be counted against the bed need set forth in the State Health

1006 Plan, as identified in Section 41-7-171, et seq.

1007 This subsection (13) shall stand repealed from and after July
1008 1, 2001.

1009 (14) The State Department of Health shall issue a
1010 certificate of need to any hospital which is currently licensed
1011 for two hundred fifty (250) or more acute care beds and is located
1012 in any general hospital service area not having a comprehensive
1013 cancer center, for the establishment and equipping of such a
1014 center which provides facilities and services for outpatient
1015 radiation oncology therapy, outpatient medical oncology therapy,
1016 and appropriate support services including the provision of
1017 radiation therapy services. The provision of Section 41-7-193(1)
1018 regarding substantial compliance with the projection of need as
1019 reported in the current State Health Plan is waived for the
1020 purpose of this subsection.

1021 (15) Nothing in this section or in any other provision of
1022 Section 41-7-171 et seq. shall prevent any nursing facility from
1023 designating an appropriate number of existing beds in the facility
1024 as beds for providing care exclusively to patients with
1025 Alzheimer's disease.

1026 (16) The department shall issue a certificate of need to
1027 the private, nonprofit acute care hospital offering obstetrical
1028 services in Hinds County that provided the highest percentage of
1029 Medicaid services in that county in 1997 and has no more than four
1030 hundred fifty (450) licensed acute care beds, for the relocation
1031 within the county of acute care licensed beds/services and the
1032 construction of the necessary facilities, the total number of
1033 relocated beds not to exceed sixty-five (65) beds.

1034 This project is in the highest public interest and meets the
1035 goals and public policy of the certificate of need program by
1036 increasing access for low income and minority populations in the
1037 county with the highest Medicaid eligible population in the state.

1038 As a condition of granting the certificate of need, the Medicaid
1039 utilization rate at the hospital shall be fifteen percent (15%)
1040 Medicaid and the Medicaid utilization rate for obstetrical
1041 service, based on number of deliveries, at the facility to which
1042 the beds are to be relocated shall be twenty-five percent (25%).

1043 For the purposes of this subsection (16), the provisions of
1044 Section 41-7-193(1) requiring substantial compliance with the
1045 projection of need as reported in the current State Health Plan is
1046 waived.

1047 SECTION 2. This act shall take effect and be in force from
1048 and after its passage.
