HOUSE BILL NO. 1379

1 AN ACT TO CREATE THE "PARTICIPATING PROVIDER PROTECTION ACT";
2 TO PROHIBIT INAPPROPRIATELY DISCOUNTED CLAIMS BY SILENT PREFERRED
3 PROVIDER ORGANIZATIONS AND PENALIZE THE PAYERS THAT ENGAGE IN SUCH
4 PROHIBITED PRACTICE; TO REQUIRE HEALTH INSURERS TO PROVIDE CERTAIN
5 INFORMATION ON MEMBER IDENTIFICATION CARDS; AND FOR RELATED
6 PURPOSES.

7 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

8 SECTION 1. This article shall be known and may be cited as
9 the "Participating Provider Protection Act."

10 SECTION 2. As used in this article:

11 (a) "Alternative rates of payment" means the rate at
12 which or sum for which the provider agrees to perform specified
13 health care services. The rate shall be negotiated between
14 purchaser and provider and shall be in effect for a fixed term.
15 It may, but need not, include a discount from the provider's
16 customary fee.

17 (b) "Group purchaser" means an organization or entity
18 which contracts with providers for the purpose of establishing a
19 preferred provider organization. "Group purchaser" may include:

20 (i) Entities which contract for the benefit of
21 their insureds, employees or members such as insurers, self-funded
22 organizations, medical service plans, trusts or employers who
23 establish or participate in self-funded trusts or programs.

24 (ii) Entities which serve as brokers for the
25 formation of such contracts, including health care financiers,
26 third party administrators, providers or other intermediaries.

27 (c) "Participating provider" means a provider who has
28 agreed to provide health care services to members of a group

29 purchaser with an expectation of receiving payment directly or
30 indirectly from the preferred provider organization.

31 (d) "Preferred provider organization (PPO)" means a
32 contractual agreement or agreements between a provider or
33 providers and a group purchaser or purchasers to provide for
34 alternative rates of payment specified in advance for a defined
35 period of time in which the provider agrees to accept the
36 alternative rates of payment offered by group purchasers to their
37 members whenever a member chooses to use the provider's services
38 during the defined period of time; and there is a tangible benefit
39 to the provider in offering such alternative rates of payment to
40 the group purchaser.

41 Preferred provider organization agreements should include,
42 but not be limited to, the following components:

43 (i) Incentives which encourage the member to
44 utilize the participating providers;

45 (ii) Procedures to provide the participating
46 provider with a means to determine whether the patient qualifies
47 for alternative rates of payment;

48 (iii) Participation in a resource monitoring
49 component to insure quality control both for patient care and cost
50 effectiveness; and

51 (iv) Procedures to encourage prompt payment for
52 services rendered.

53 (e) "Provider" means any physician, hospital or other
54 natural or artificial person licensed or otherwise authorized to
55 furnish health care services.

56 (f) "Tangible benefit" means, but is not limited to:

57 (i) Any reasonable expectation of a demonstrable
58 increase in or maintenance of usage of the provider's services;

59 (ii) Contractual provisions requiring quality
60 control of patient care and participation in resource monitoring
61 procedures; and

62 (iii) Any reasonable expectation of prompt payment
63 for services rendered.

64 SECTION 3. (1) Except as otherwise provided in this
65 section, the requirement of this section shall apply to all

66 preferred provider organization agreements that are applicable to
67 health care services rendered in this state and to group
68 purchasers as defined in this article. The provisions of this
69 section shall not apply to a group purchaser when providing health
70 care benefits through its own network or direct provider
71 agreements or to such agreements of a group purchaser.

72 (2) A preferred provider organization's alternative rates of
73 payment shall not be enforceable or binding upon any provider
74 unless such organization is clearly identified on the benefit card
75 issued to the member by the group purchaser or other entity
76 accessing a group purchaser's contractual agreement or agreements
77 and presented to the participating provider when health care
78 services are provided. When more than one preferred provider
79 organization is shown on the benefit card of a group purchaser or
80 other entity, the applicable contractual agreement that shall be
81 binding on a provider shall be determined as follows:

82 (a) The first preferred provider organization domiciled
83 in this state, listed on the benefit card, beginning on the front
84 of the card, reading from left to right, line by line, from top to
85 bottom, that is applicable to a provider on the date health care
86 services are rendered, shall establish the contractual agreement
87 for payment that shall apply.

88 (b) If there is no preferred provider organization
89 domiciled in this state listed on the benefit card, the first
90 preferred provider organization domiciled outside this state
91 listed on the benefit card, following the same process outlined in
92 paragraph (a) of this subsection shall establish the contractual
93 agreement for payment that shall apply.

94 (c) The side of the benefit card that prominently
95 identifies the name of the carrier, insurer, or plan sponsor and
96 beneficiary shall be deemed to be the front of the card.

97 (d) When no preferred provider organization is listed,
98 the carrier, insurer or plan sponsor identified by the benefit

99 card shall be deemed to be the group purchaser for purposes of
100 this section.

101 (e) When no benefit card is issued or utilized by a
102 group purchaser or other entity, written notification shall be
103 required of any entity accessing an existing group purchaser's
104 contractual agreement or agreements, at least thirty (30) days
105 before accessing health care services through a participating
106 provider under such agreement or agreements.

107 (3) A preferred provider organization agreement shall not be
108 applied or used on a retroactive basis unless all providers of
109 health care services that are affected by the application of
110 alternative rates of payment receive written notification from the
111 entity that seeks such an arrangement and agree in writing to be
112 reimbursed at the alternative rates of payment.

113 (4) In no instance shall any provider be bound by the terms
114 of a preferred provider organization agreement that is in
115 violation of this section.

116 (5) Any claim submitted by a provider for health care
117 services provided to a person identified by the provider and a
118 group purchaser as eligible for alternative rates of payment in a
119 preferred provider organization agreement shall be subject to the
120 standards for claims submission and timely payment set forth in
121 Section 83-9-5.

122 (6) Failure to comply with the provisions of this section
123 shall subject a group purchaser to damages payable to the provider
124 of double the fair market value of the health care services
125 provided, but in no event less than the greater of Fifty Dollars
126 (\$50.00) per day of noncompliance or Two Thousand Dollars
127 (\$2,000.00), together with attorney's fees to be determined by the
128 court. A provider may institute this action in any court of
129 competent jurisdiction.

130 SECTION 4. Whenever any hospital or other provider is a
131 party to a preferred provider organization agreement, there shall

132 be a rebuttable presumption that such hospital or other provider
133 contracted with the expectation of receiving a tangible benefit.
134 Unless clearly indicated otherwise in a preferred provider
135 organization contractual arrangement, it shall be presumed that
136 the hospital or other provider negotiated the contract with the
137 knowledge that such agreement would result in a tangible benefit
138 to the hospital or other provider.

139 SECTION 5. (1) Every health insurer authorized to write
140 health and accident policies of insurance in this state who issues
141 a member identification card, membership card, identification
142 card, benefit card, insurance coverage card or other documentation
143 of coverage to any policy holder or health plan participant shall,
144 in issuing such card or cards, satisfy the requirements of this
145 section.

146 (2) No health insurer acting as the administrator for a
147 health benefit plan which plan is not fully insured shall issue
148 any member identification card, membership card, identification
149 card, benefit card, insurance coverage card or other documentation
150 of coverage on which the name of the health insurer is prominently
151 displayed on the face of such card or documentation. The name of
152 the health benefit plan's sponsor shall be prominently displayed
153 on the face of such card or documentation with an annotation that
154 the plan's benefits are being administered by the health insurance
155 insurer.

156 (3) The Commissioner of Insurance may promulgate rules and
157 regulations implementing the provisions of this section.

158 (4) This section shall apply to any health and accident
159 member identification card, membership card, identification card,
160 benefit card, insurance coverage card or other documentation of
161 coverage issued, reissued, or replaced on or after July 1, 2000,
162 and any such card or other documentation issued before July 1,
163 2000, shall be replaced to conform to the provisions of this
164 section on or before its renewal date, but in no event later than

165 July 1, 2001.

166 SECTION 6. This act shall take effect and be in force from
167 and after July 1, 2000.
