5 Guangzhou, China, to perform tests and procedures for an effective
6 treatment for lung cancer; and

7 WHEREAS, Dr. Sewell, an assistant professor of radiology at

11 world's authority on it; and

12 WHEREAS, Dr. Sewell performed this procedure for the first
13 time in the world at UMC in 1999, and the Guangzhou, China, Study

30 WHEREAS, in Dr. Sewell's procedure, there is less trauma to
31 the body and a much shorter recovery period than for conventional
32 surgery or chemotherapy; and

33 WHEREAS, in 1995, when General Electric invited the Medical
