8 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

9 SECTION 5. Section 31-7-9, Mississippi Code of 1972, is  
10 amended as follows:

11 31-7-9. (1) The Office of Purchasing and Travel shall adopt  
12 purchasing regulations governing the purchase by any agency of any  
13 commodity or commodities and establishing standards and  
14 specifications for a commodity or commodities and the maximum fair  
15 prices of a commodity or commodities, which prices shall be not  
16 more than the fair market value of the commodities, subject to the  
17 approval of the Public Procurement Review Board. It shall have  
18 the power to amend, add to or eliminate purchasing regulations.  
19 The adoption of, amendment, addition to or elimination of  
20 purchasing regulations shall be based upon a determination by the  
21 Office of Purchasing and Travel with the approval of the Public  
22 Procurement Review Board, that such action is reasonable and  
23 practicable and advantageous to promote efficiency and economy in  
24 the purchase of commodities by the agencies of the state. Upon  
25 the adoption of any purchasing regulation, or an amendment,  
26 addition or elimination therein, copies of same shall be furnished  
27 to the State Auditor and to all agencies affected thereby.  
28 Thereafter, and except as otherwise may be provided in subsection  
29 (2) of this section, no agency of the state shall purchase any

30 commodities covered by existing purchasing regulations unless such  
31 commodities be in conformity with the standards and specifications  
32 set forth in the purchasing regulations and unless the price  
33 thereof does not exceed the maximum fair price established by such  
34 purchasing regulations. The \* \* \* Office of Purchasing and Travel  
35 shall furnish to any county or municipality or other local public  
36 agency of the state requesting same, copies of purchasing  
37 regulations adopted by the Office of Purchasing and Travel and any  
38 amendments, changes or eliminations of same that may be made from  
39 time to time.

40 (2) The Office of Purchasing and Travel shall adopt, subject  
41 to the approval of the Public Procurement Review Board, purchasing  
42 regulations governing the purchase of unmarked vehicles to be used  
43 by the Bureau of Narcotics and Department of Public Safety in  
44 official investigations pursuant to Section 25-1-87. Such  
45 regulations shall ensure that purchases of such vehicles shall be  
46 at a fair price and shall take into consideration the peculiar  
47 needs of the Bureau of Narcotics and Department of Public Safety  
48 in undercover operations.

49 SECTION 2. Section 31-7-12, Mississippi Code of 1972, is  
50 amended as follows:

51 31-7-12. (1) Except in regard to purchases of unmarked  
52 vehicles made in accordance with purchasing regulations adopted by  
53 the Department of Finance and Administration pursuant to Section  
54 31-7-9(2), all agencies shall purchase commodities at the state  
55 contract price from the approved source, unless approval is  
56 granted by the Department of Finance and Administration to solicit  
57 purchases outside the terms of the contracts. However, prices  
58 accepted by an agency shall be less than the prices set by the  
59 state contract. Prices accepted by an agency shall be obtained in  
60 compliance with paragraph (a), (b) or (c) of Section 31-7-13. It  
61 shall be the responsibility of the Department of Finance and  
62 Administration to ascertain that the resulting prices shall

63 provide a cost effective alternative to the established state  
64 contract.

65 (2) Governing authorities may purchase commodities approved  
66 by the Department of Finance and Administration from the state  
67 contract vendor, or from any source offering the identical  
68 commodity, at a price not exceeding the state contract price  
69 established by the Department of Finance and Administration for  
70 such commodity, without obtaining or advertising for competitive  
71 bids. Governing authorities that do not exercise the option to  
72 purchase such commodities from the state contract vendor or from  
73 another source offering the identical commodity at a price not  
74 exceeding the state contract price established by the Department  
75 of Finance and Administration shall make such purchases pursuant  
76 to the provisions of Section 31-7-13 without regard to state  
77 contract prices established by the Department of Finance and  
78 Administration, unless such purchases are authorized to be made  
79 under subsection (5) of this section.

80 (3) Nothing in this section shall prohibit governing  
81 authorities from purchasing, pursuant to subsection (2) of this  
82 section, commodities approved by the Department of Finance and  
83 Administration at a price not exceeding the state contract price  
84 established by the Department of Finance and Administration.

85 (4) The Department of Finance and Administration shall  
86 ensure that the prices of all commodities on the state contract  
87 are the lowest and best prices available from any source offering  
88 that commodity at the same level of quality or service, utilizing  
89 the reasonable standards established therefor by the Department of  
90 Finance and Administration. All such prices shall be not more  
91 than the fair market value of the commodities, as determined by  
92 the Department of Finance and Administration. If the Department  
93 of Finance and Administration does not list an approved price for  
94 the particular item involved, purchase shall be made according to  
95 statutory bidding and licensing requirements. To encourage

96 prudent purchasing practices, the Department of Finance and  
97 Administration shall be authorized and empowered to exempt certain  
98 commodities from the requirement that the lowest and best price be  
99 approved by order placed on its minutes.

100 (5) In any purchase by an agency from a state contract  
101 vendor, the vendor must sell their commodities to the agency at  
102 prices not more than the fair market value of the commodities.

103 (6) Any school district may purchase commodities from  
104 vendors with which any levying authority of the school district,  
105 as defined in Section 37-57-1, has contracted through competitive  
106 bidding procedures pursuant to Section 31-7-13 for purchases of  
107 the same commodities. Purchases authorized by this subsection may  
108 be made by a school district without obtaining or advertising for  
109 competitive bids, and such purchases shall be made at the same  
110 prices and under the same conditions as purchases of the same  
111 commodities are to be made by the levying authority of the school  
112 district under the contract with the vendor.

113 SECTION 3. This act shall take effect and be in force from  
114 and after July 1, 2001.
