The State Treasurer shall certify to the State Tax Commission on or before the fifteenth day of each month the amount to be paid to the "Highway Bonds Sinking Fund" as provided by said Chapter 130, Laws
of 1938, and subsequent acts authorizing the issuance of bonds payable from gasoline, diesel fuel or kerosene tax revenue, on a parity with the bonds issued under authority of said Chapter 130; and the State Tax Commission shall, on or before the twenty-fifth day of each month, pay into the State Treasury for credit to the "Highway Bonds Sinking Fund" the amount so certified to him by the State Treasurer due to be paid into such fund each month. for that purpose.

3. The balance shall be deposited in the
State Treasury to the credit of the State Highway Fund.

(b) Subject to the provisions that said basis of
distribution shall in no wise affect adversely the amount
specifically pledged in paragraph (a) of this section to be paid
into the "Highway Bonds Sinking Fund," the following shall be
deducted from the amount produced by the state tax on gasoline,
diesel fuel or kerosene tax collections, excluding collections
derived from the portion of the gasoline excise tax that exceeds
Seven Cents (7¢) per gallon, from the portion of the tax on
aviation gas under Section 27-55-11 that exceeds Six and

excess of Ten Cents (10¢) per gallon under Section 27-61-5:

(i) Twenty percent (20%) of such amount which
shall be earmarked and set aside for the construction,
reconstruction and maintenance of the highways and roads of the
state, provided that if such twenty percent (20%) should reduce
any county to a lesser amount than that received in the fiscal
year ending June 30, 1966, then such twenty percent (20%) shall be
reduced to a percentage to provide that no county shall receive
less than its portion for the fiscal year ending June 30, 1966;
(ii) The amount allowed as refund on gasoline or

(v) The amount for deposit into the special
aviation fund under paragraph (d) of this section; and
(vi) The remainder shall be divided on a basis of
nine-fourteenths (9/14) and five-fourteenths (5/14) (being the
same basis as Four and One-half Cents (4-1/2¢) and Two and
One-half Cents (2-1/2¢) is to Seven Cents (7¢) on gasoline, and
six and forty-three one-hundredths (6.43) and three and

(9/14) division shall be allocated to the Transportation
Department and paid into the State Treasury as provided in this
section and in Section 27-5-103 and the five-fourteenths (5/14)
division shall be returned to the counties of the state on the
following basis:
1. In each fiscal year, each county shall be
paid each month the same percentage of the monthly total to be
distributed as was paid to that county during the same month in
the fiscal year which ended April 9, 1960, until the county
receives One Hundred Ninety Thousand Dollars ($190,000.00) in such
fiscal year, at which time funds shall be distributed under the
provisions of paragraph (b)(vi)4. of this section.
2. If after payments in 1. above, any county has not received a total of One Hundred Ninety Thousand Dollars ($190,000.00) at the end of the fiscal year ending June 30, 1961, and each fiscal year thereafter, then any available funds not distributed under 1. above shall be used to bring such county or counties up to One Hundred Ninety Thousand Dollars ($190,000.00) or such funds shall be divided equally among such counties not reaching One Hundred Ninety Thousand Dollars ($190,000.00) if there is not sufficient money to bring all the counties to said One Hundred Ninety Thousand Dollars ($190,000.00).

3. When a county has been paid an amount equal to the total which was paid to the same county during the fiscal year ended April 9, 1960, such county shall receive no further payments during the then current fiscal year until the last month of such current fiscal year, at which time distribution will be made under 2. above, except as set out in 4. below.

4. During the last month of the current fiscal year, should it be determined that there are funds available in excess of the amount distributed for the year under 1. and 2. above, then such excess funds shall be distributed among the various counties as follows:

One-third (1/3) of such excess to be divided equally among the counties;

One-third (1/3) of such excess to be paid to the counties in the proportion which the population of each county bears to the total population of the state according to the last federal census;

One-third (1/3) of such excess to be paid to the counties in the proportion which the number of square miles of each county bears to the total square miles in the state.

5. It is the declared purpose and intent of the Legislature that no county shall be paid less than was paid during the year ended April 9, 1960, unless the amount to be
distributed to all counties in any year is less than the amount distributed to all counties during the year ended April 9, 1960.

The Municipal Aid Fund as established by Section 27-5-103 shall not participate in any portion of any funds allocated to any county hereunder over and above One Hundred Ninety Thousand Dollars ($190,000.00).

In any county having countywide road or bridge bonds, or supervisors district or district road or bridge bonds outstanding, which exceed, in the aggregate, twelve percent (12%) of the assessed valuation of the taxable property of the county or district, it shall be the duty of the board of supervisors to set aside not less than sixty percent (60%) of such county’s share or district’s share of the gasoline, diesel fuel or kerosene taxes to be used in paying the principal and interest on such road or bridge bonds as they mature.

In any county having such countywide road or bridge bonds or district road or bridge bonds outstanding which exceed, in the aggregate, eight percent (8%) of the assessed valuation of the taxable property of the county, but which do not exceed, in the aggregate, twelve percent (12%) of the assessed valuation of the taxable property of the county, it shall be the duty of the board of supervisors to set aside not less than thirty-five percent (35%) of such county’s share of the gasoline, diesel fuel or kerosene taxes to be used in paying the principal and interest of such road or bridge bonds as they mature.

In any county having such countywide road or bridge bonds or district road or bridge bonds outstanding which exceed, in the aggregate, five percent (5%) of the assessed valuation of the taxable property of the county, but which do not exceed, in the aggregate, eight percent (8%) of the assessed valuation of the taxable property of the county, it shall be the duty of the board of supervisors to set aside not less than twenty percent (20%) of such county’s share of the gasoline, diesel fuel or kerosene taxes
...to be used in paying the principal and interest of such road and bridge bonds as they mature.

In any county having such countywide road or bridge bonds or district road or bridge bonds outstanding which do not exceed, in the aggregate, five percent (5%) of the assessed valuation of the taxable property of the county, it shall be the duty of the board of supervisors to set aside not less than ten percent (10%) of such county's share of the gasoline, diesel fuel or kerosene taxes to be used in paying the principal and interest on such road or bridge bonds as they mature.

The portion of any such county's share of the gasoline, diesel fuel or kerosene taxes thus set aside for the payment of the principal and interest of road or bridge bonds, as provided for in this section, shall be used first in paying the currently maturing installments of the principal and interest of such countywide road or bridge bonds, if there be any such countywide road or bridge bonds outstanding, and secondly, in paying the currently maturing installments of principal and interest of district road or bridge bonds outstanding. It shall be the duty of the board of supervisors to pay bonds and interest maturing in each supervisors district out of the supervisors district's share of the gasoline, diesel fuel or kerosene taxes of such district.

The remaining portion of such county's share of the gasoline, diesel fuel or kerosene taxes, after setting aside the portion above provided for the payment of the principal and interest of bonds, shall be used in the construction and maintenance of any public highways, bridges, or culverts of the county, including the roads in special or separate road districts, in the discretion of the board of supervisors, or in paying the interest and principal of county road and bridge bonds or district road and bridge bonds, in the discretion of the board of supervisors.

In any county having no countywide road or bridge bonds or district road or bridge bonds outstanding, all such county's share...
of the gasoline, diesel fuel or kerosene taxes shall be used in
the construction, reconstruction, and maintenance of the public
highways, bridges, or culverts of the county as the board of
supervisors may determine.

In every county in which there are county road bonds or
seawall or road protection bonds outstanding which were issued for
the purpose of building bridges or constructing public roads or
seawalls, such funds shall be used in the manner provided by law.

(c) From the amount produced by the nine-fourteenths
(9/14) division allocated to the Transportation Department, there
shall be deducted:

(i) The amount paid to the State Treasurer for the
"Highway Bonds Sinking Fund" under paragraph (a) of this section;

(ii) Any amounts due counties in accordance with
Section 65-33-45 which have outstanding bonds issued for seawall
or road protection purposes, issued under provisions of Chapter
319, Laws of 1924, and amendments thereto;

(iii) Beginning August 15, 2002, and on or before
the fifteenth day of each month thereafter, an amount equal to

semiannual bond and interest payment date for the bonds issued
under Sections 65-39-5 through 65-39-33. On or before the
twenty-fifth day of each month the State Tax Commission shall pay
into the State Treasury for credit to the Gaming Counties Bond
Sinking Fund created in Section 65-39-3, the amount so certified
by the State Treasurer;

(iv) Except as otherwise provided in Section
31-17-127, the remainder shall be paid by the State Tax Commission
to the State Treasurer on the fifteenth day of each month next
succeeding the month in which the gasoline, diesel fuel or
kerosene taxes were collected to the credit of the State Highway
Fund.
The funds allocated for the construction, reconstruction, and improvement of state highways, bridges, and culverts, or so much thereof as may be necessary, shall first be used in conjunction with funds supplied by the federal government for such purposes and allocated to the State Transportation Department to be expended on the state highway system. It is specifically provided hereby that the necessary portion of such funds hereinabove allocated to the State Transportation Department may be used for the prompt payment of principal and interest on highway bonds heretofore issued, including such bonds issued or to be issued under the provisions of Chapter 312, Laws of 1956, and amendments thereto.

Nothing contained in this section shall be construed to reduce the amount of such gasoline, diesel fuel or kerosene excise taxes levied by the state, allotted under the provisions of Title 65, Chapter 33, Mississippi Code of 1972, to counties in which there are outstanding bonds issued for seawall or road protection purposes issued under the provisions of Chapter 319, Laws of 1924, and amendments thereto; the amount of said gasoline, diesel fuel or kerosene excise taxes designated in this section for the payment of bonds and interest authorized and issued or to be issued under the provisions of Chapter 130, Laws of 1938, and subsequent acts authorizing the issuance of bonds payable from gasoline, diesel fuel or kerosene tax revenue, shall, in such counties, be considered as being paid "into the State Treasury to the credit of the State Highway Fund" within the meaning of Section 65-33-45 in computing the amount to be paid to such counties under the provisions of said section, and this section shall be administered in connection with Title 65, Chapter 33, Mississippi Code of 1972, and Sections 65-33-45, 65-33-47 and 65-33-49 dealing with seawalls, as if made a part of this section.

(d) The proceeds of the Five and One-fourth Cents (5.25¢) of the tax per gallon on oils used as a propellant for jet
aircraft engines, and Six and Four-tenths Cents (6.4¢) of the tax per gallon on aviation gasoline and the tax of One Cent (1¢) per gallon for each gallon of gasoline for which a refund has been made pursuant to Section 27-55-23 because such gasoline was used for aviation purposes, shall be paid to the State Treasury into a special fund to be used exclusively, pursuant to legislative appropriation, for the support and development of aeronautics as defined in Section 61-1-3.

(e) State highway funds in an amount equal to the difference between Forty-two Million Dollars ($42,000,000.00) and the annual debt service payable on the state's highway revenue refunding bonds, Series 1985, shall be expended for the construction, reconstruction or pavement maintenance of highways designated under the Four-Lane Highway Program created under Section 65-3-97.

(f) "Gasoline, diesel fuel or kerosene taxes" as used in this section shall be deemed to mean and include state gasoline, diesel fuel or kerosene taxes levied and imposed on distributors of gasoline, diesel fuel or kerosene, and all state excise taxes derived from any fuel used to propel vehicles upon the highways of this state, when levied by any statute.

[With regard to any county which is required to operate on a countywide system of road administration as described in Section 19-2-3, this section shall read as follows:]
