27-65-75. On or before the fifteenth day of each month, the revenue collected under the provisions of this chapter during the preceding month shall be paid and distributed as follows:

(1) On or before August 15, 1992, and each succeeding month thereafter through July 15, 1993, eighteen percent (18%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3) and 27-65-21, on business activities within a municipal corporation shall be allocated for distribution to such municipality and paid to such municipal corporation. On or before August 15, 1993, and each succeeding month thereafter, eighteen and one-half percent (18-1/2%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3) and 27-65-21, on business activities within a municipal corporation shall be allocated for distribution to such municipality and paid to such municipal corporation.

A municipal corporation, for the purpose of distributing the tax under this subsection, shall mean and include all incorporated cities, towns and villages.

Monies allocated for distribution and credited to a municipal corporation under this subsection may be pledged as security for any loan received by the municipal corporation for the purpose of capital improvements as authorized under Section 57-1-303, or loans as authorized under Section 57-44-7, or water systems improvements as authorized under Section 41-3-16.

In any county having a county seat which is not an incorporated municipality, the distribution provided hereunder shall be made as though the county seat was an incorporated municipality; however, the distribution to such municipality shall
be paid to the county treasury wherein the municipality is located and such funds shall be used for road, bridge and street construction or maintenance therein.

(2) On or before September 15, 1987, and each succeeding month thereafter, from the revenue collected under this chapter during the preceding month One Million One Hundred Twenty-five Thousand Dollars ($1,125,000.00) shall be allocated for distribution to municipal corporations as defined under subsection (1) of this section in the proportion that the number of gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in each such municipality during the preceding fiscal year bears to the total gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in municipalities statewide during the preceding fiscal year. The State Tax Commission shall require all distributors of gasoline and diesel fuel to report to the commission monthly the total number of gallons of gasoline and diesel fuel sold by them to consumers and retailers in each municipality during the preceding month. The State Tax Commission shall have the authority to promulgate such rules and regulations as is necessary to determine the number of gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in each municipality. In determining the percentage allocation of funds under this subsection for the fiscal year beginning July 1, 1987, and ending June 30, 1988, the State Tax Commission may consider gallons of gasoline and diesel fuel sold for a period of less than one (1) fiscal year. For the purposes of this subsection, the term "fiscal year" means the fiscal year beginning July 1 of a year.

(3) On or before September 15, 1987, and on or before the fifteenth day of each succeeding month, until the date specified in Section 65-39-35, the proceeds derived from contractors' taxes levied under Section 27-65-21 on contracts for the construction or reconstruction of highways designated under the Four-Lane Highway
Program created under Section 65-3-97 shall, except as otherwise provided in Section 31-17-127, be deposited into the State Treasury to the credit of the State Highway Fund to be used to fund such Four-Lane Highway Program. The Mississippi Department of Transportation shall provide to the State Tax Commission such information as is necessary to determine the amount of proceeds to be distributed under this subsection.

(4) On or before August 15, 1994, and on or before the fifteenth day of each succeeding month through July 15, 1999, from the proceeds of gasoline, diesel fuel or kerosene taxes as provided in Section 27-5-101(a) (ii), Four Million Dollars ($4,000,000.00) shall be deposited in the State Treasury to the credit of a special fund designated as the "State Aid Road Fund," created by Section 65-9-17. On or before August 15, 1999, and on or before the fifteenth day of each succeeding month, from the total amount of the proceeds of gasoline, diesel fuel or kerosene taxes apportioned by Section 27-5-101(a) (ii), Four Million Dollars ($4,000,000.00) or an amount equal to twenty-three and one-fourth percent (23.25%) of such funds, whichever is the greater amount, shall be deposited in the State Treasury to the credit of the "State Aid Road Fund," created by Section 65-9-17. Such funds shall be pledged to pay the principal of and interest on state aid road bonds heretofore issued under Sections 19-9-51 through 19-9-77, in lieu of and in substitution for the funds heretofore allocated to counties under this section. Such funds may not be pledged for the payment of any state aid road bonds issued after April 1, 1981; however, this prohibition against the pledging of any such funds for the payment of bonds shall not apply to any bonds for which intent to issue such bonds has been published, for the first time, as provided by law prior to March 29, 1981. From the amount of taxes paid into the special fund pursuant to this subsection and subsection (9) of this section, there shall be first deducted and paid the amount necessary to pay
the expenses of the Office of State Aid Road Construction, as authorized by the Legislature for all other general and special fund agencies. The remainder of the fund shall be allocated monthly to the several counties in accordance with the following formula:

(a) One-third (1/3) shall be allocated to all counties in equal shares;

(b) One-third (1/3) shall be allocated to counties based on the proportion that the total number of rural road miles in a county bears to the total number of rural road miles in all counties of the state; and

(c) One-third (1/3) shall be allocated to counties based on the proportion that the rural population of the county bears to the total rural population in all counties of the state, according to the latest federal decennial census.

For the purposes of this subsection, the term "gasoline, diesel fuel or kerosene taxes" means such taxes as defined in paragraph (f) of Section 27-5-101.

The amount of funds allocated to any county under this subsection for any fiscal year after fiscal year 1994 shall not be less than the amount allocated to such county for fiscal year 1994. Monies allocated to a county from the State Aid Road Fund for fiscal year 1995 or any fiscal year thereafter that exceed the amount of funds allocated to that county from the State Aid Road Fund for fiscal year 1994, first must be expended by the county for replacement or rehabilitation of bridges on the state aid road system that have a sufficiency rating of less than twenty-five (25), according to National Bridge Inspection standards before such monies may be approved for expenditure by the State Aid Road Engineer on other projects that qualify for the use of state aid road funds.
