460 (SSI) program. The eligibility of individuals covered under this
461 paragraph shall be determined by the commission and those
462 individuals shall be entitled to buy-in coverage of Medicare Part
463 A premiums only under the provisions of this paragraph (15).

464 (16) In accordance with the terms and conditions of
465 approved Title XIX waiver from the United States Department of
466 Health and Human Services, persons provided home- and
467 community-based services who are physically disabled and certified
468 by the commission as eligible due to applying the income and
469 deeming requirements as if they were institutionalized.

470 (17) In accordance with the terms of the federal
471 Personal Responsibility and Work Opportunity Reconciliation Act of
472 1996 (Public Law 104-193), persons who become ineligible for
473 assistance under Title IV-A of the federal Social Security Act, as
474 amended, because of increased income from or hours of employment
475 of the caretaker relative or because of the expiration of the
476 applicable earned income disregards, who were eligible for
477 Medicaid for at least three (3) of the six (6) months preceding
478 the month in which such ineligibility begins, shall be eligible
479 for Medicaid assistance for up to twenty-four (24) months;
480 however, Medicaid assistance for more than twelve (12) months may
481 be provided only if a federal waiver is obtained to provide that
482 assistance for more than twelve (12) months and federal and state
483 funds are available to provide that assistance.

484 (18) Persons who become ineligible for assistance under
485 Title IV-A of the federal Social Security Act, as amended, as a
486 result, in whole or in part, of the collection or increased
487 collection of child or spousal support under Title IV-D of the
488 federal Social Security Act, as amended, who were eligible for
489 Medicaid for at least three (3) of the six (6) months immediately
490 preceding the month in which that ineligibility begins, shall be

491 eligible for Medicaid for an additional four (4) months beginning
492 with the month in which that ineligibility begins.

493 (19) Disabled workers, whose incomes are above the
494 Medicaid eligibility limits, but below two hundred fifty percent
495 (250%) of the federal poverty level, shall be allowed to purchase
496 Medicaid coverage on a sliding fee scale developed by the
497 commission.

498 (20) Medicaid eligible children under age eighteen (18)
499 shall remain eligible for Medicaid benefits until the end of a
500 period of twelve (12) months following an eligibility
501 determination, or until such time that the individual exceeds age
502 eighteen (18).

503 (21) Women of childbearing age whose family income does
504 not exceed one hundred eighty-five percent (185%) of the federal
505 poverty level. The eligibility of individuals covered under this
506 paragraph (21) shall be determined by the commission, and those
507 individuals determined eligible shall only receive family planning
508 services covered under Section 43-13-117(13) and not any other
509 services covered under Medicaid. However, any individual eligible
510 under this paragraph (21) who is also eligible under any other
511 provision of this section shall receive the benefits to which he
512 or she is entitled under that other provision, in addition to
513 family planning services covered under Section 43-13-117(13).

514 The commission shall apply to the United States Secretary of
515 Health and Human Services for a federal waiver of the applicable
516 provisions of Title XIX of the federal Social Security Act, as
517 amended, and any other applicable provisions of federal law as
518 necessary to allow for the implementation of this paragraph (21).
519 The provisions of this paragraph (21) shall be implemented from
520 and after the date that the commission receives the federal
521 waiver.

522 (22) Persons who are workers with a potentially severe
523 disability, as determined by the commission, shall be allowed to

524 purchase Medicaid coverage. The term "worker with a potentially
525 severe disability" means a person who is at least sixteen (16)
526 years of age but under sixty-five (65) years of age, who has a
527 physical or mental impairment that is reasonably expected to cause
528 the person to become blind or disabled as defined under Section
529 1614(a) of the federal Social Security Act, as amended, if the
530 person does not receive items and services provided under
531 Medicaid.

532 The eligibility of persons under this paragraph (22) shall be
533 conducted as a demonstration project that is consistent with
534 Section 204 of the Ticket to Work and Work Incentives Improvement
535 Act of 1999, Public Law 106-170, for a certain number of persons
536 as specified by the commission. The eligibility of individuals
537 covered under this paragraph (22) shall be determined by the
538 commission.

539 The commission shall apply to the United States Secretary of
540 Health and Human Services for a federal waiver of the applicable
541 provisions of Title XIX of the federal Social Security Act, as
542 amended, and any other applicable provisions of federal law as
543 necessary to allow for the implementation of this paragraph (22).
544 The provisions of this paragraph (22) shall be implemented from
545 and after the date that the commission receives the federal
546 waiver.

547 SECTION 8. Section 43-13-116, Mississippi Code of 1972, is
548 amended as follows:

549 43-13-116. (1) * * * The commission shall fully implement
550 and carry out the administrative functions of determining the
551 eligibility of those persons who qualify for Medicaid under
552 Section 43-13-115.

553 (2) In determining Medicaid eligibility, the commission may
554 enter into an agreement with the Secretary of the Department of
555 Health and Human Services for the purpose of securing the transfer
556 of eligibility information from the Social Security Administration

557 on those individuals receiving Supplemental Security Income (SSI)
558 benefits under the federal Social Security Act and any other
559 information necessary in determining Medicaid eligibility. In
560 addition, the commission may enter into contractual arrangements
561 with its fiscal agent or with the State Department of Human
562 Services in securing electronic data processing support as may be
563 necessary.

564 (3) Administrative hearings shall be available to any
565 applicant who requests it because his or her claim of eligibility
566 for services is denied or is not acted upon with reasonable
567 promptness or by any recipient who requests it because he or she
568 believes the commission has erroneously taken action to deny,
569 reduce, or terminate benefits. The commission need not grant a
570 hearing if the sole issue is a federal or state law requiring an
571 automatic change adversely affecting some or all recipients.
572 Eligibility determinations that are made by other agencies and
573 certified to the commission under Section 43-13-115 are not
574 subject to the administrative hearing procedures of the
575 commission but are subject to the administrative hearing
576 procedures of the agency that determined eligibility.

577 (a) A request may be made either for a local regional
578 office hearing or a state office hearing when the local regional
579 office has made the initial decision that the claimant seeks to
580 appeal or when the regional office has not acted with reasonable
581 promptness in making a decision on a claim for eligibility or
582 services. The only exception to requesting a local hearing is
583 when the issue under appeal involves either (i) a disability or
584 blindness denial, or termination, or (ii) a level of care denial
585 or termination for a disabled child living at home. An appeal
586 involving disability, blindness or level of care must be handled
587 as a state level hearing. The decision from the local hearing may
588 be appealed to the state office for a state hearing. A decision

589 to deny, reduce or terminate benefits that is initially made at
590 the state office may be appealed by requesting a state hearing.

591 (b) A request for a hearing, either state or local,
592 must be made in writing by the claimant or claimant's legal
593 representative. "Legal representative" includes the claimant's
594 authorized representative, an attorney retained by the claimant or
595 claimant's family to represent the claimant, a paralegal
596 representative with a legal aid services, a parent of a minor
597 child if the claimant is a child, a legal guardian or conservator
598 or an individual with power of attorney for the claimant. The
599 claimant may also be represented by anyone that he or she so
600 designates but must give the designation to the Medicaid regional
601 office or state office in writing, if the person is not the legal
602 representative, legal guardian, or authorized representative.

603 (c) The claimant may make a request for a hearing in
604 person at the regional office but an oral request must be put into
605 written form. Regional office staff will determine from the
606 claimant if a local or state hearing is requested and assist the
607 claimant in completing and signing the appropriate form. Regional
608 office staff may forward a state hearing request to the
609 appropriate division in the state office or the claimant may mail
610 the form to the address listed on the form. The claimant may make
611 a written request for a hearing by letter. A simple statement
612 requesting a hearing that is signed by the claimant or legal
613 representative is sufficient; however, if possible, the claimant
614 should state the reason for the request. The letter may be mailed
615 to the regional office or it may be mailed to the state office. If
616 the letter does not specify the type of hearing desired, local or
617 state, Medicaid staff will attempt to contact the claimant to
618 determine the level of hearing desired. If contact cannot be made
619 within three (3) days of receipt of the request, the request will
620 be assumed to be for a local hearing and scheduled accordingly. A

621 hearing will not be scheduled until either a letter or the
622 appropriate form is received by the regional or state office.

623 (d) When both members of a couple wish to appeal an
624 action or inaction by the commission that affects both
625 applications or cases similarly and arose from the same issue, one
626 or both may file the request for hearing, both may present
627 evidence at the hearing, and the commission's decision will be
628 applicable to both. If both file a request for hearing, two (2)
629 hearings will be registered but they will be conducted on the same
630 day and in the same place, either consecutively or jointly, as the
631 couple wishes. If they so desire, only one of the couple need
632 attend the hearing.

633 (e) The procedure for administrative hearings shall be
634 as follows:

635 (i) The claimant has thirty (30) days from the
636 date the commission mails the appropriate notice to the claimant
637 of its decision regarding eligibility, services, or benefits to
638 request either a state or local hearing. This time period may be
639 extended if the claimant can show good cause for not filing within
640 thirty (30) days. Good cause includes, but may not be limited to,
641 illness, failure to receive the notice, being out of state, or
642 some other reasonable explanation. If good cause can be shown, a
643 late request may be accepted provided the facts in the case remain
644 the same. If a claimant's circumstances have changed or if good
645 cause for filing a request beyond thirty (30) days is not shown, a
646 hearing request will not be accepted. If the claimant wishes to
647 have eligibility reconsidered, he or she may reapply.

648 (ii) If a claimant or representative requests a
649 hearing in writing during the advance notice period before
650 benefits are reduced or terminated, benefits must be continued or
651 reinstated to the benefit level in effect before the effective
652 date of the adverse action. Benefits will continue at the
653 original level until the final hearing decision is rendered. Any

654 hearing requested after the advance notice period will not be
655 accepted as a timely request in order for continuation of benefits
656 to apply.

657 (iii) Upon receipt of a written request for a
658 hearing, the request will be acknowledged in writing within twenty
659 (20) days and a hearing scheduled. The claimant or representative
660 will be given at least five (5) days' advance notice of the
661 hearing date. The local and/or state level hearings will be held
662 by telephone unless, at the hearing officer's discretion, it is
663 determined that an in-person hearing is necessary. If a local
664 hearing is requested, the regional office will notify the claimant
665 or representative in writing of the time of the local hearing. If
666 a state hearing is requested, the state office will notify the
667 claimant or representative in writing of the time of the state
668 hearing. If an in-person hearing is necessary, local hearings
669 will be held at the regional office and state hearings will be
670 held at the state office unless other arrangements are
671 necessitated by the claimant's inability to travel.

672 (iv) All persons attending a hearing will attend
673 for the purpose of giving information on behalf of the claimant or
674 rendering the claimant assistance in some other way, or for the
675 purpose of representing the commission.

676 (v) A state or local hearing request may be
677 withdrawn at any time before the scheduled hearing, or after the
678 hearing is held but before a decision is rendered. The withdrawal
679 must be in writing and signed by the claimant or representative.
680 A hearing request will be considered abandoned if the claimant or
681 representative fails to appear at a scheduled hearing without good
682 cause. If no one appears for a hearing, the appropriate office
683 will notify the claimant in writing that the hearing is dismissed
684 unless good cause is shown for not attending. The proposed
685 commission action will be taken on the case following failure to
686 appear for a hearing if the action has not already been effected.

687 (vi) The claimant or his representative has the
688 following rights in connection with a local or state hearing:

689 (A) The right to examine at a reasonable time
690 before the date of the hearing and during the hearing the content
691 of the claimant's case record;

692 (B) The right to have legal representation at
693 the hearing and to bring witnesses;

694 (C) The right to produce documentary evidence
695 and establish all facts and circumstances concerning eligibility,
696 services, or benefits;

697 (D) The right to present an argument without
698 undue interference;

699 (E) The right to question or refute any
700 testimony or evidence including an opportunity to confront and
701 cross-examine adverse witnesses.

702 (vii) When a request for a local hearing is
703 received by the regional office or if the regional office is
704 notified by the state office that a local hearing has been
705 requested, the Medicaid specialist supervisor in the regional
706 office will review the case record, reexamine the action taken on
707 the case, and determine if policy and procedures have been
708 followed. If any adjustments or corrections should be made, the
709 Medicaid specialist supervisor will ensure that corrective action
710 is taken. If the request for hearing was timely made such that
711 continuation of benefits applies, the Medicaid specialist
712 supervisor will ensure that benefits continue at the level before
713 the proposed adverse action that is the subject of the appeal.
714 The Medicaid specialist supervisor will also ensure that all
715 needed information, verification, and evidence is in the case
716 record for the hearing.

717 (viii) When a state hearing is requested that
718 appeals the action or inaction of a regional office, the regional
719 office will prepare copies of the case record and forward it to

720 the appropriate division in the state office no later than five
721 (5) days after receipt of the request for a state hearing. The
722 original case record will remain in the regional office. Either
723 the original case record in the regional office or the copy
724 forwarded to the state office will be available for inspection by
725 the claimant or claimant's representative a reasonable time before
726 the date of the hearing.

727 (ix) The Medicaid specialist supervisor will serve
728 as the hearing officer for a local hearing unless the Medicaid
729 specialist supervisor actually participated in the eligibility,
730 benefits, or services decision under appeal, in which case the
731 Medicaid specialist supervisor must appoint a Medicaid specialist
732 in the regional office who did not actually participate in the
733 decision under appeal to serve as hearing officer. The local
734 hearing will be an informal proceeding in which the claimant or
735 representative may present new or additional information, may
736 question the action taken on the client's case, and will hear an
737 explanation from commission staff as to the regulations and
738 requirements that were applied to claimant's case in making the
739 decision.

740 (x) After the hearing, the hearing officer will
741 prepare a written summary of the hearing procedure and file it
742 with the case record. The hearing officer will consider the facts
743 presented at the local hearing in reaching a decision. The
744 claimant will be notified of the local hearing decision on the
745 appropriate form that will state clearly the reason for the
746 decision, the policy that governs the decision, the claimant's
747 right to appeal the decision to the state office, and, if the
748 original adverse action is upheld, the new effective date of the
749 reduction or termination of benefits or services if continuation
750 of benefits applied during the hearing process. The new effective
751 date of the reduction or termination of benefits or services must
752 be at the end of the fifteen-day advance notice period from the

753 mailing date of the notice of hearing decision. The notice to
754 claimant will be made part of the case record.

755 (xi) The claimant has the right to appeal a local
756 hearing decision by requesting a state hearing in writing within
757 fifteen (15) days of the mailing date of the notice of local
758 hearing decision. The state hearing request should be made to the
759 regional office. If benefits have been continued pending the
760 local hearing process, then benefits will continue throughout the
761 fifteen-day advance notice period for an adverse local hearing
762 decision. If a state hearing is timely requested within the
763 fifteen-day period, then benefits will continue pending the state
764 hearing process. State hearings requested after the fifteen-day
765 local hearing advance notice period will not be accepted unless
766 the initial thirty-day period for filing a hearing request has not
767 expired because the local hearing was held early, in which case a
768 state hearing request will be accepted as timely within the number
769 of days remaining of the unexpired initial thirty-day period in
770 addition to the fifteen-day time period. Continuation of benefits
771 during the state hearing process, however, will only apply if the
772 state hearing request is received within the fifteen-day advance
773 notice period.

774 (xii) When a request for a state hearing is
775 received in the regional office, the request will be made part of
776 the case record and the regional office will prepare the case
777 record and forward it to the appropriate division in the state
778 office within five (5) days of receipt of the state hearing
779 request. A request for a state hearing received in the state
780 office will be forwarded to the regional office for inclusion in
781 the case record and the regional office will prepare the case
782 record and forward it to the appropriate division in the state
783 office within five (5) days of receipt of the state hearing
784 request.

785 (xiii) Upon receipt of the hearing record, the
786 commission shall assign an impartial hearing officer * * * to hear
787 the case * * *. Hearing officers will be individuals with
788 appropriate expertise employed by the commission and who have not
789 been involved in any way with the action or decision on appeal in
790 the case. The hearing officer will review the case record and if
791 the review shows that an error was made in the action of the
792 commission or in the interpretation of policy, or that a change of
793 policy has been made, the hearing officer will discuss these
794 matters with the appropriate commission personnel and request that
795 an appropriate adjustment be made. Appropriate commission
796 personnel will discuss the matter with the claimant and if the
797 claimant is agreeable to the adjustment of the claim, then
798 commission personnel will request in writing dismissal of the
799 hearing and the reason therefor, to be placed in the case record.
800 If the hearing is to go forward, it shall be scheduled by the
801 hearing officer in the manner set forth in subparagraph (iii) of
802 this paragraph (e).

803 (xiv) In conducting the hearing, the state hearing
804 officer will inform those present of the following:

805 (A) That the hearing will be recorded on tape
806 and that a transcript of the proceedings will be typed for the
807 record;

808 (B) The action taken by the commission which
809 prompted the appeal;

810 (C) An explanation of the claimant's rights
811 during the hearing as outlined in subparagraph (vi) of this
812 paragraph (e);

813 (D) That the purpose of the hearing is for
814 the claimant to express dissatisfaction and present additional
815 information or evidence;

816 (E) That the case record is available for
817 review by the claimant or representative during the hearing;

818 (F) That the final hearing decision will be
819 rendered by the commission on the basis of facts presented at the
820 hearing and the case record and that the claimant will be notified
821 by letter of the final decision.

822 (xv) During the hearing, the claimant and/or
823 representative will be allowed an opportunity to make a full
824 statement concerning the appeal and will be assisted, if
825 necessary, in disclosing all information on which the claim is
826 based. All persons representing the claimant and those
827 representing the commission will have the opportunity to state all
828 facts pertinent to the appeal. The hearing officer may recess or
829 continue the hearing for a reasonable time should additional
830 information or facts be required or if some change in the
831 claimant's circumstances occurs during the hearing process which
832 impacts the appeal. When all information has been presented, the
833 hearing officer will close the hearing and stop the recorder.

834 (xvi) Immediately following the hearing the
835 hearing tape will be transcribed and a copy of the transcription
836 forwarded to the regional office for filing in the case record.
837 As soon as possible, the hearing officer shall review the evidence
838 and record of the proceedings, testimony, exhibits, and other
839 supporting documents, prepare a written summary of the facts as
840 the hearing officer finds them, and prepare a written
841 recommendation of action to be taken by the commission, citing
842 appropriate policy and regulations that govern the recommendation.
843 The decision cannot be based on any material, oral or written, not
844 available to the claimant before or during the hearing. The
845 hearing officer's recommendation will become part of the case
846 record which will be submitted to the commission for further
847 review and decision.

848 (xvii) The commission, upon review of the
849 recommendation, proceedings and the record, may sustain the
850 recommendation of the hearing officer, reject the same, or remand

851 the matter to the hearing officer to take additional testimony and
852 evidence, in which case, the hearing officer thereafter shall
853 submit to the commission a new recommendation. The commission
854 shall prepare a written decision summarizing the facts and
855 identifying policies and regulations that support the decision,
856 which shall be mailed to the claimant and the representative, with
857 a copy to the regional office if appropriate, as soon as possible
858 after submission of a recommendation by the hearing officer. The
859 decision notice will specify any action to be taken by the
860 commission, specify any revised eligibility dates or, if
861 continuation of benefits applies, will notify the claimant of the
862 new effective date of reduction or termination of benefits or
863 services, which will be fifteen (15) days from the mailing date of
864 the notice of decision. The decision rendered by the commission
865 is final and binding. The claimant is entitled to seek judicial
866 review in a court of proper jurisdiction.

867 (xviii) The commission must take final
868 administrative action on a hearing, whether state or local, within
869 ninety (90) days from the date of the initial request for a
870 hearing.

871 (xix) A group hearing may be held for a number of
872 claimants under the following circumstances:

873 (A) The commission may consolidate the cases
874 and conduct a single group hearing when the only issue involved is
875 one (1) of a single law or commission policy;

876 (B) The claimants may request a group hearing
877 when there is one (1) issue of commission policy common to all of
878 them.

879 In all group hearings, whether initiated by the commission or
880 by the claimants, the policies governing fair hearings must be
881 followed. Each claimant in a group hearing must be permitted to
882 present his or her own case and be represented by his or her own
883 representative, or to withdraw from the group hearing and have his

884 or her appeal heard individually. As in individual hearings, the
885 hearing will be conducted only on the issue being appealed, and
886 each claimant will be expected to keep individual testimony within
887 a reasonable time frame as a matter of consideration to the other
888 claimants involved.

889 (xx) Any specific matter necessitating an
890 administrative hearing not otherwise provided under this article
891 or commission policy shall be afforded under the hearing
892 procedures as outlined above. If the specific time frames of such
893 a unique matter relating to requesting, granting, and concluding
894 of the hearing is contrary to the time frames as set out in the
895 hearing procedures above, the specific time frames will govern
896 over the time frames as set out within these procedures.

897 (4) The commission may employ eligibility, technical,
898 clerical and supportive staff as may be required in carrying out
899 and fully implementing the determination of Medicaid eligibility,
900 including conducting quality control reviews and the investigation
901 of the improper receipt of Medicaid assistance * * *. Staffing
902 needs will be set forth in the annual appropriation act for the
903 commission. Additional office space as needed in performing
904 eligibility, quality control and investigative functions shall be
905 obtained by the commission.

906 SECTION 9. Section 43-13-117, Mississippi Code of 1972, is
907 amended as follows:

908 43-13-117. Medicaid assistance as authorized by this
909 article shall include payment of part or all of the costs, at the
910 discretion of the commission, of the following types of care and
911 services rendered to eligible applicants who shall have been
912 determined to be eligible for that care and services, within the
913 limits of state appropriations and federal matching funds:

914 (1) Inpatient hospital services.

915 (a) The commission shall allow thirty (30) days of
916 inpatient hospital care annually for all Medicaid recipients. The

917 commission may allow unlimited days in disproportionate hospitals
918 as defined by the commission for eligible infants under the age of
919 six (6) years.

920 (b) From and after July 1, 1994, the commission
921 shall amend the Mississippi Title XIX Inpatient Hospital
922 Reimbursement Plan to remove the occupancy rate penalty from the
923 calculation of the Medicaid Capital Cost Component utilized to
924 determine total hospital costs allocated to the Medicaid program.

925 (c) Hospitals will receive an additional payment
926 for the implantable programmable pump implanted in an inpatient
927 basis. The payment pursuant to written invoice will be in
928 addition to the facility's per diem reimbursement and will
929 represent a reduction of costs on the facility's annual cost
930 report, and shall not exceed Ten Thousand Dollars (\$10,000.00) per
931 year per recipient. This paragraph (c) shall stand repealed on
932 July 1, 2001.

933 (2) Outpatient hospital services. * * * Where the same
934 services are reimbursed as clinic services, the commission may
935 revise the rate or methodology of outpatient reimbursement to
936 maintain consistency, efficiency, economy and quality of care.
937 The commission shall develop a Medicaid-specific cost-to-charge
938 ratio calculation from data provided by hospitals to determine an
939 allowable rate payment for outpatient hospital services, and shall
940 submit a report thereon to the Medical Care Advisory Committee on
941 or before December 1, 1999. The committee shall make a
942 recommendation on the specific cost-to-charge reimbursement method
943 for outpatient hospital services to the 2000 Regular Session of
944 the Legislature.

945 (3) Laboratory and x-ray services.

946 (4) Nursing facility services.

947 (a) The commission shall make full payment to
948 nursing facilities for each day, not exceeding fifty-two (52) days
949 per year, that a patient is absent from the facility on home

950 leave. Payment may be made for the following home leave days in
951 addition to the fifty-two-day limitation: Christmas, the day
952 before Christmas, the day after Christmas, Thanksgiving, the day
953 before Thanksgiving and the day after Thanksgiving. However,
954 before payment may be made for more than eighteen (18) home leave
955 days in a year for a patient, the patient must have written
956 authorization from a physician stating that the patient is
957 physically and mentally able to be away from the facility on home
958 leave. That authorization must be filed with the commission
959 before it will be effective and the authorization shall be
960 effective for three (3) months from the date it is received by the
961 commission, unless it is revoked earlier by the physician because
962 of a change in the condition of the patient.

963 (b) From and after July 1, 1997, the commission
964 shall implement the integrated case-mix payment and quality
965 monitoring system, which includes the fair rental system for
966 property costs and in which recapture of depreciation is
967 eliminated. The commission may reduce the payment for hospital
968 leave and therapeutic home leave days to the lower of the case-mix
969 category as computed for the resident on leave using the
970 assessment being utilized for payment at that point in time, or a
971 case-mix score of 1.000 for nursing facilities, and shall compute
972 case-mix scores of residents so that only services provided at the
973 nursing facility are considered in calculating a facility's per
974 diem. The commission may limit allowable management fees and home
975 office costs to either three percent (3%), five percent (5%) or
976 seven percent (7%) of other allowable costs, including allowable
977 therapy costs and property costs, based on the types of management
978 services provided, as follows:

979 A maximum of up to three percent (3%) shall be allowed where
980 centralized managerial and administrative services are provided by
981 the management company or home office.

982 A maximum of up to five percent (5%) shall be allowed where
983 centralized managerial and administrative services and limited
984 professional and consultant services are provided.

985 A maximum of up to seven percent (7%) shall be allowed where
986 a full spectrum of centralized managerial services, administrative
987 services, professional services and consultant services are
988 provided.

989 (c) From and after July 1, 1997, all state-owned
990 nursing facilities shall be reimbursed on a full reasonable cost
991 basis.

992 (d) When a facility of a category that does not
993 require a certificate of need for construction and that could not
994 be eligible for Medicaid reimbursement is constructed to nursing
995 facility specifications for licensure and certification, and the
996 facility is subsequently converted to a nursing facility under a
997 certificate of need that authorizes conversion only and the
998 applicant for the certificate of need was assessed an application
999 review fee based on capital expenditures incurred in constructing
1000 the facility, the commission shall allow reimbursement for capital
1001 expenditures necessary for construction of the facility that were
1002 incurred within the twenty-four (24) consecutive calendar months
1003 immediately preceding the date that the certificate of need
1004 authorizing the conversion was issued, to the same extent that
1005 reimbursement would be allowed for construction of a new nursing
1006 facility under a certificate of need that authorizes that
1007 construction. The reimbursement authorized in this subparagraph
1008 (d) may be made only to facilities the construction of which was
1009 completed after June 30, 1989. Before the commission may make the
1010 reimbursement authorized in this subparagraph (d), the commission
1011 first must have received approval from the Health Care Financing
1012 Administration of the United States Department of Health and Human
1013 Services of the change in the state Medicaid plan providing for
1014 the reimbursement.

1015 (e) The commission shall develop and implement,
1016 not later than January 1, 2001, a case-mix payment add-on
1017 determined by time studies and other valid statistical data that
1018 will reimburse a nursing facility for the additional cost of
1019 caring for a resident who has a diagnosis of Alzheimer's or other
1020 related dementia and exhibits symptoms that require special care.
1021 Any such case-mix add-on payment shall be supported by a
1022 determination of additional cost. The commission shall also
1023 develop and implement as part of the fair rental reimbursement
1024 system for nursing facility beds, an Alzheimer's resident bed
1025 depreciation enhanced reimbursement system that will provide an
1026 incentive to encourage nursing facilities to convert or construct
1027 beds for residents with Alzheimer's or other related dementia.

1028 (f) The commission shall develop and implement a
1029 referral process for long-term care alternatives for Medicaid
1030 beneficiaries and applicants. No Medicaid beneficiary shall be
1031 admitted to a Medicaid-certified nursing facility unless a
1032 licensed physician certifies that nursing facility care is
1033 appropriate for that person on a standardized form to be prepared
1034 and provided to nursing facilities by the commission. The
1035 physician shall forward a copy of that certification to the
1036 commission within twenty-four (24) hours after it is signed by the
1037 physician. Any physician who fails to forward the certification
1038 to the commission within the time period specified in this
1039 paragraph shall be ineligible for Medicaid reimbursement for any
1040 physician's services performed for the applicant. The commission
1041 shall determine, through an assessment of the applicant conducted
1042 within two (2) business days after receipt of the physician's
1043 certification, whether the applicant also could live appropriately
1044 and cost-effectively at home or in some other community-based
1045 setting if home- or community-based services were available to the
1046 applicant. The time limitation prescribed in this paragraph shall
1047 be waived in cases of emergency. If the commission determines

1048 that a home- or other community-based setting is appropriate and
1049 cost-effective, the commission shall:

1050 (i) Advise the applicant or the applicant's
1051 legal representative that a home- or other community-based setting
1052 is appropriate;

1053 (ii) Provide a proposed care plan and inform
1054 the applicant or the applicant's legal representative regarding
1055 the degree to which the services in the care plan are available in
1056 a home- or in other community-based setting rather than nursing
1057 facility care; and

1058 (iii) Explain that the plan and services are
1059 available only if the applicant or the applicant's legal
1060 representative chooses a home- or community-based alternative to
1061 nursing facility care, and that the applicant is free to choose
1062 nursing facility care.

1063 The commission may provide the services described in this
1064 paragraph (f) directly or through contract with case managers from
1065 the local Area Agencies on Aging, and shall coordinate long-term
1066 care alternatives to avoid duplication with hospital discharge
1067 planning procedures.

1068 Placement in a nursing facility may not be denied by the
1069 commission if home- or community-based services that would be more
1070 appropriate than nursing facility care are not actually available,
1071 or if the applicant chooses not to receive the appropriate home-
1072 or community-based services.

1073 The commission shall provide an opportunity for a fair
1074 hearing under federal regulations to any applicant who is not
1075 given the choice of home- or community-based services as an
1076 alternative to institutional care.

1077 The commission shall make full payment for long-term care
1078 alternative services.

1079 The commission shall apply for necessary federal waivers to
1080 assure that additional services providing alternatives to nursing

1081 facility care are made available to applicants for nursing
1082 facility care.

1083 (5) Periodic screening and diagnostic services for
1084 individuals under age twenty-one (21) years as are needed to
1085 identify physical and mental defects and to provide health care
1086 treatment and other measures designed to correct or ameliorate
1087 defects and physical and mental illness and conditions discovered
1088 by the screening services regardless of whether these services are
1089 included in the state plan. The commission may include in its
1090 periodic screening and diagnostic program those discretionary
1091 services authorized under the federal regulations adopted to
1092 implement Title XIX of the federal Social Security Act, as
1093 amended. The commission, in obtaining physical therapy services,
1094 occupational therapy services, and services for individuals with
1095 speech, hearing and language disorders, may enter into a
1096 cooperative agreement with the State Department of Education for
1097 the provision of those services to handicapped students by public
1098 school districts using state funds that are provided from the
1099 appropriation to the Department of Education to obtain federal
1100 matching funds through the commission. The commission, in
1101 obtaining medical and psychological evaluations for children in
1102 the custody of the State Department of Human Services may enter
1103 into a cooperative agreement with the State Department of Human
1104 Services for the provision of those services using state funds
1105 that are provided from the appropriation to the Department of
1106 Human Services to obtain federal matching funds through the
1107 commission.

1108 On July 1, 1993, all fees for periodic screening and
1109 diagnostic services under this paragraph (5) shall be increased by
1110 twenty-five percent (25%) of the reimbursement rate in effect on
1111 June 30, 1993.

1112 (6) Physician's services. All fees for physicians'
1113 services that are covered only by Medicaid shall be reimbursed at

1114 ninety percent (90%) of the rate established on January 1, 1999,
1115 and as adjusted each January thereafter, under Medicare (Title
1116 XVIII of the Social Security Act, as amended), and which shall in
1117 no event be less than seventy percent (70%) of the rate
1118 established on January 1, 1994. All fees for physicians' services
1119 that are covered by both Medicare and Medicaid shall be reimbursed
1120 at ten percent (10%) of the adjusted Medicare payment established
1121 on January 1, 1999, and as adjusted each January thereafter, under
1122 Medicare (Title XVIII of the Social Security Act, as amended), and
1123 which shall in no event be less than seven percent (7%) of the
1124 adjusted Medicare payment established on January 1, 1994.

1125 (7) (a) Home health services for eligible persons, not
1126 to exceed in cost the prevailing cost of nursing facility
1127 services, not to exceed sixty (60) visits per year.

1128 (b) Repealed.

1129 (8) Emergency medical transportation services. On
1130 January 1, 1994, emergency medical transportation services shall
1131 be reimbursed at seventy percent (70%) of the rate established
1132 under Medicare (Title XVIII of the Social Security Act, as
1133 amended). "Emergency medical transportation services" shall mean,
1134 but shall not be limited to, the following services by a properly
1135 permitted ambulance operated by a properly licensed provider in
1136 accordance with the Emergency Medical Services Act of 1974
1137 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced
1138 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,
1139 (vi) disposable supplies, (vii) similar services.

1140 (9) Legend and other drugs as may be determined by the
1141 commission. The commission may implement a program of prior
1142 approval for drugs to the extent permitted by law. Payment by the
1143 commission for covered multiple source drugs shall be limited to
1144 the lower of the upper limits established and published by the
1145 Health Care Financing Administration (HCFA) plus a dispensing fee
1146 of Four Dollars and Ninety-one Cents (\$4.91), or the estimated

1147 acquisition cost (EAC) as determined by the commission plus a
1148 dispensing fee of Four Dollars and Ninety-one Cents (\$4.91), or
1149 the providers' usual and customary charge to the general public.
1150 The commission shall allow five (5) prescriptions per month for
1151 noninstitutionalized Medicaid recipients; however, exceptions for
1152 up to ten (10) prescriptions per month shall be allowed, with the
1153 approval of the commission.

1154 Payment for other covered drugs, other than multiple source
1155 drugs with HCFA upper limits, shall not exceed the lower of the
1156 estimated acquisition cost as determined by the commission plus a
1157 dispensing fee of Four Dollars and Ninety-one Cents (\$4.91) or the
1158 providers' usual and customary charge to the general public.

1159 Payment for nonlegend or over-the-counter drugs covered on
1160 the commission's formulary shall be reimbursed at the lower of the
1161 commission's estimated shelf price or the providers' usual and
1162 customary charge to the general public. No dispensing fee shall
1163 be paid.

1164 The commission shall develop and implement a program of
1165 payment for additional pharmacist services, with payment to be
1166 based on demonstrated savings, but in no case shall the total
1167 payment exceed twice the amount of the dispensing fee.

1168 As used in this paragraph (9), "estimated acquisition cost"
1169 means the commission's best estimate of what price providers
1170 generally are paying for a drug in the package size that providers
1171 buy most frequently. Product selection shall be made in
1172 compliance with existing state law; however, the commission may
1173 reimburse as if the prescription had been filled under the generic
1174 name. The commission may provide otherwise in the case of
1175 specified drugs when the consensus of competent medical advice is
1176 that trademarked drugs are substantially more effective.

1177 (10) Dental care that is an adjunct to treatment of an
1178 acute medical or surgical condition; services of oral surgeons and
1179 dentists in connection with surgery related to the jaw or any

1180 structure contiguous to the jaw or the reduction of any fracture
1181 of the jaw or any facial bone; and emergency dental extractions
1182 and treatment related thereto. On July 1, 1999, all fees for
1183 dental care and surgery under authority of this paragraph (10)
1184 shall be increased to one hundred sixty percent (160%) of the
1185 amount of the reimbursement rate that was in effect on June 30,
1186 1999. It is the intent of the Legislature to encourage more
1187 dentists to participate in the Medicaid program.

1188 (11) Eyeglasses necessitated by reason of eye surgery,
1189 and as prescribed by a physician skilled in diseases of the eye or
1190 an optometrist, whichever the patient may select, or one (1) pair
1191 every three (3) years as prescribed by a physician or an
1192 optometrist, whichever the patient may select.

1193 (12) Intermediate care facility services.

1194 (a) The commission shall make full payment to all
1195 intermediate care facilities for the mentally retarded for each
1196 day, not exceeding eighty-four (84) days per year, that a patient
1197 is absent from the facility on home leave. Payment may be made
1198 for the following home leave days in addition to the
1199 eighty-four-day limitation: Christmas, the day before Christmas,
1200 the day after Christmas, Thanksgiving, the day before Thanksgiving
1201 and the day after Thanksgiving. However, before payment may be
1202 made for more than eighteen (18) home leave days in a year for a
1203 patient, the patient must have written authorization from a
1204 physician stating that the patient is physically and mentally able
1205 to be away from the facility on home leave. That authorization
1206 must be filed with the commission before it will be effective, and
1207 the authorization shall be effective for three (3) months from the
1208 date it is received by the commission, unless it is revoked
1209 earlier by the physician because of a change in the condition of
1210 the patient.

1211 (b) All state-owned intermediate care facilities
1212 for the mentally retarded shall be reimbursed on a full reasonable
1213 cost basis.

1214 (c) The commission may limit allowable management
1215 fees and home office costs to either three percent (3%), five
1216 percent (5%) or seven percent (7%) of other allowable costs,
1217 including allowable therapy costs and property costs, based on the
1218 types of management services provided, as follows:

1219 A maximum of up to three percent (3%) shall be allowed where
1220 centralized managerial and administrative services are provided by
1221 the management company or home office.

1222 A maximum of up to five percent (5%) shall be allowed where
1223 centralized managerial and administrative services and limited
1224 professional and consultant services are provided.

1225 A maximum of up to seven percent (7%) shall be allowed where
1226 a full spectrum of centralized managerial services, administrative
1227 services, professional services and consultant services are
1228 provided.

1229 (13) Family planning services, including drugs,
1230 supplies and devices, when those services are under the
1231 supervision of a physician.

1232 (14) Clinic services. Such diagnostic, preventive,
1233 therapeutic, rehabilitative or palliative services furnished to an
1234 outpatient by or under the supervision of a physician or dentist
1235 in a facility that is not a part of a hospital but that is
1236 organized and operated to provide medical care to outpatients.
1237 Clinic services shall include any services reimbursed as
1238 outpatient hospital services that may be rendered in such a
1239 facility, including those that become so after July 1, 1991. On
1240 July 1, 1999, all fees for physicians' services reimbursed under
1241 authority of this paragraph (14) shall be reimbursed at ninety
1242 percent (90%) of the rate established on January 1, 1999, and as
1243 adjusted each January thereafter, under Medicare (Title XVIII of

1244 the Social Security Act, as amended), and which shall in no event
1245 be less than seventy percent (70%) of the rate established on
1246 January 1, 1994. All fees for physicians' services that are
1247 covered by both Medicare and Medicaid shall be reimbursed at ten
1248 percent (10%) of the adjusted Medicare payment established on
1249 January 1, 1999, and as adjusted each January thereafter, under
1250 Medicare (Title XVIII of the Social Security Act, as amended), and
1251 which shall in no event be less than seven percent (7%) of the
1252 adjusted Medicare payment established on January 1, 1994. On July
1253 1, 1999, all fees for dentists' services reimbursed under
1254 authority of this paragraph (14) shall be increased to one hundred
1255 sixty percent (160%) of the amount of the reimbursement rate that
1256 was in effect on June 30, 1999.

1257 (15) Home- and community-based services, as provided
1258 under Title XIX of the federal Social Security Act, as amended,
1259 under waivers, subject to the availability of funds specifically
1260 appropriated therefor by the Legislature. Payment for those
1261 services shall be limited to individuals who would be eligible for
1262 and would otherwise require the level of care provided in a
1263 nursing facility. The home- and community-based services
1264 authorized under this paragraph shall be expanded over a five-year
1265 period beginning July 1, 1999. The commission shall certify case
1266 management agencies to provide case management services and
1267 provide for home- and community-based services for eligible
1268 individuals under this paragraph. The home- and community-based
1269 services under this paragraph and the activities performed by
1270 certified case management agencies under this paragraph shall be
1271 funded using state funds that are provided from the appropriation
1272 to the commission and used to match federal funds.

1273 (16) Mental health services. Approved therapeutic and
1274 case management services provided by (a) an approved regional
1275 mental health/retardation center established under Sections
1276 41-19-31 through 41-19-39, or by another community mental health

1277 service provider meeting the requirements of the Department of
1278 Mental Health to be an approved mental health/retardation center
1279 if determined necessary by the Department of Mental Health, using
1280 state funds that are provided from the appropriation to the State
1281 Department of Mental Health and used to match federal funds under
1282 a cooperative agreement between the commission and the department,
1283 or (b) a facility that is certified by the State Department of
1284 Mental Health to provide therapeutic and case management services,
1285 to be reimbursed on a fee for service basis. Any such services
1286 provided by a facility described in paragraph (b) must have the
1287 prior approval of the commission to be reimbursable under this
1288 section. After June 30, 1997, mental health services provided by
1289 regional mental health/retardation centers established under
1290 Sections 41-19-31 through 41-19-39, or by hospitals as defined in
1291 Section 41-9-3(a) and/or their subsidiaries and divisions, or by
1292 psychiatric residential treatment facilities as defined in Section
1293 43-11-1, or by another community mental health service provider
1294 meeting the requirements of the Department of Mental Health to be
1295 an approved mental health/retardation center if determined
1296 necessary by the Department of Mental Health, shall not be
1297 included in or provided under any capitated managed care pilot
1298 program provided for under paragraph (24) of this section. From
1299 and after July 1, 2000, the commission may contract with a
1300 134-bed specialty hospital located on Highway 39 North in
1301 Lauderdale County for the use of not more than sixty (60) beds at
1302 the facility to provide mental health services for children and
1303 adolescents and for crisis intervention services for emotionally
1304 disturbed children with behavioral problems, with priority to be
1305 given to children in the custody of the Department of Human
1306 Services who are, or otherwise will be, receiving such services
1307 out-of-state.

1308 (17) Durable medical equipment services and medical
1309 supplies. The commission may require durable medical equipment

1310 providers to obtain a surety bond in the amount and to the
1311 specifications as established by the Balanced Budget Act of 1997.

1312 (18) Notwithstanding any other provision of this
1313 section to the contrary, the commission shall make additional
1314 reimbursement to hospitals that serve a disproportionate share of
1315 low-income patients and that meet the federal requirements for
1316 the payments as provided in Section 1923 of the federal Social
1317 Security Act and any applicable regulations. However, from and
1318 after January 1, 2000, no public hospital shall participate in the
1319 Medicaid disproportionate share program unless the public hospital
1320 participates in an intergovernmental transfer program as provided
1321 in Section 1903 of the federal Social Security Act and any
1322 applicable regulations. Administration and support for
1323 participating hospitals shall be provided by the Mississippi
1324 Hospital Association.

1325 (19) (a) Perinatal risk management services. The
1326 commission shall promulgate regulations to be effective from and
1327 after October 1, 1988, to establish a comprehensive perinatal
1328 system for risk assessment of all pregnant and infant Medicaid
1329 recipients and for management, education and follow-up for those
1330 who are determined to be at risk. Services to be performed
1331 include case management, nutrition assessment/counseling,
1332 psychosocial assessment/counseling and health education. The
1333 commission shall set reimbursement rates for providers in
1334 conjunction with the State Department of Health.

1335 (b) Early intervention system services. The
1336 commission shall cooperate with the State Department of Health,
1337 acting as lead agency, in the development and implementation of a
1338 statewide system of delivery of early intervention services,
1339 pursuant to Part H of the Individuals with Disabilities Education
1340 Act (IDEA). The State Department of Health shall certify annually
1341 in writing to the commission the dollar amount of state early
1342 intervention funds available that shall be utilized as a certified

1343 match for Medicaid matching funds. Those funds then shall be used
1344 to provide expanded targeted case management services for Medicaid
1345 eligible children with special needs who are eligible for the
1346 state's early intervention system. Qualifications for persons
1347 providing service coordination shall be determined by the State
1348 Department of Health and the commission.

1349 (20) Home- and community-based services for physically
1350 disabled approved services as allowed by a waiver from the United
1351 States Department of Health and Human Services for home- and
1352 community-based services for physically disabled people using
1353 state funds that are provided from the appropriation to the State
1354 Department of Rehabilitation Services and used to match federal
1355 funds under a cooperative agreement between the commission and the
1356 department, provided that funds for these services are
1357 specifically appropriated to the Department of Rehabilitation
1358 Services.

1359 (21) Nurse practitioner services. Services furnished
1360 by a registered nurse who is licensed and certified by the
1361 Mississippi Board of Nursing as a nurse practitioner including,
1362 but not limited to, nurse anesthetists, nurse midwives, family
1363 nurse practitioners, family planning nurse practitioners,
1364 pediatric nurse practitioners, obstetrics-gynecology nurse
1365 practitioners and neonatal nurse practitioners, under regulations
1366 adopted by the commission. Reimbursement for such services shall
1367 not exceed ninety percent (90%) of the reimbursement rate for
1368 comparable services rendered by a physician.

1369 (22) Ambulatory services delivered in federally
1370 qualified health centers and in clinics of the local health
1371 departments of the State Department of Health for individuals
1372 eligible for Medicaid under this article based on reasonable costs
1373 as determined by the commission.

1374 (23) Inpatient psychiatric services. Inpatient
1375 psychiatric services to be determined by the commission for

1376 recipients under age twenty-one (21) that are provided under the
1377 direction of a physician in an inpatient program in a licensed
1378 acute care psychiatric facility or in a licensed psychiatric
1379 residential treatment facility, before the recipient reaches age
1380 twenty-one (21) or, if the recipient was receiving the services
1381 immediately before he reached age twenty-one (21), before the
1382 earlier of the date he no longer requires the services or the date
1383 he reaches age twenty-two (22), as provided by federal
1384 regulations. Recipients shall be allowed forty-five (45) days per
1385 year of psychiatric services provided in acute care psychiatric
1386 facilities, and shall be allowed unlimited days of psychiatric
1387 services provided in licensed psychiatric residential treatment
1388 facilities. The commission may limit allowable management fees

1413 of reimbursement to providers rendering care and services
1414 authorized under this paragraph (24), and may revise such rates of

1425 and supportive care to meet the special needs arising out of
1426 physical, psychological, spiritual, social and economic stresses

1507 established under Section 37-33-261 and used to match federal

1508 funds under a cooperative agreement between the commission and the
1509 department.

1510 (42) Notwithstanding any other provision in this
1511 article to the contrary, the commission may develop a population
1512 health management program for women and children health services
1513 through the age of two (2). This program is primarily for

1516 develop a revised payment methodology which may include at-risk
1517 capitated payments.

1518 (43) The commission shall provide reimbursement,
1519 according to a payment schedule developed by the commission, for
1520 smoking cessation medications for pregnant women during their

1523 Notwithstanding any provision of this article, except as
1524 authorized in the following paragraph and in Section 43-13-139,
1525 neither (a) the limitations on quantity or frequency of use of or
1526 the fees or charges for any of the care or services available to
1527 recipients under this section, nor (b) the payments or rates of
1528 reimbursement to providers rendering care or services authorized
1529 under this section to recipients, may be increased, decreased or
1530 otherwise changed from the levels in effect on July 1, 1999,
1531 unless they are authorized by an amendment to this section by the
1532 Legislature. However, the restriction in this paragraph shall not
1533 prevent the commission from changing the payments or rates of
1534 reimbursement to providers without an amendment to this section
1535 whenever those changes are required by federal law or regulation,
1536 or whenever those changes are necessary to correct administrative
1537 errors or omissions in calculating those payments or rates of
1538 reimbursement.

1539 Notwithstanding any provision of this article, no new groups
1540 or categories of recipients and new types of care and services may

1541 be added without enabling legislation from the Mississippi
1542 Legislature, except that the commission may authorize those
1543 changes without enabling legislation when the addition of
1544 recipients or services is ordered by a court of proper authority.
1545 If current or projected expenditures of the commission can be
1546 reasonably anticipated to exceed the amounts appropriated for any
1547 fiscal year, the commission shall discontinue any or all of the
1548 payment of the types of care and services as provided in this
1549 section that are deemed to be optional services under Title XIX of
1550 the federal Social Security Act, as amended, for any period
1551 necessary to not exceed appropriated funds, and when necessary
1552 shall institute any other cost containment measures on any program
1553 or programs authorized under the article to the extent allowed
1554 under the federal law governing that program or programs, it being
1555 the intent of the Legislature that expenditures during any fiscal
1556 year shall not exceed the amounts appropriated for that fiscal
1557 year.

1558 SECTION 10. Section 43-13-118, Mississippi Code of 1972, is
1559 amended as follows:

1560 43-13-118. It shall be the duty of each provider
1561 participating in the Medicaid program to keep and maintain books,
1562 documents, and other records as prescribed by the commission in
1563 substantiation of its claim for services rendered Medicaid
1564 recipients, and those books, documents, and other records shall be
1565 kept and maintained for a period of five (5) years or for whatever
1566 longer period as may be required or prescribed under federal or
1567 state statutes and shall be subject to audit by the commission.
1568 The commission shall be entitled to full recoupment of the amount
1569 that the commission or the Division of Medicaid has paid any
1570 provider of medical service who has failed to keep or maintain
1571 records as required in this section.

1572 SECTION 11. Section 43-13-120, Mississippi Code of 1972, is
1573 amended as follows:

1574 43-13-120. (1) Any person who is a Medicaid recipient and
1575 is receiving Medicaid assistance for services provided in a
1576 long-term care facility under the provisions of Section 43-13-117
1577 from the commission, who dies intestate and leaves no known heirs,
1578 shall have deemed, through his acceptance of that Medicaid
1579 assistance, the commission as his beneficiary to all those funds
1580 in an amount not to exceed Two Hundred Fifty Dollars (\$250.00)
1581 that are in his possession at the time of his death. Those funds,
1582 together with any accrued interest thereon, shall be reported by
1583 the long-term care facility to the State Treasurer in the manner
1584 provided in subsection (2).

1585 (2) The report of the funds shall be verified, shall be on a
1586 form prescribed or approved by the Treasurer, and shall include
1587 (a) the name of the deceased person and his last known address
1588 before entering the long-term care facility; (b) the name and last
1589 known address of each person who may possess an interest in the
1590 funds; and (c) any other information that the Treasurer prescribes
1591 by regulation as necessary for the administration of this section.
1592 The report shall be filed with the Treasurer before November 1 of
1593 each year in which the long-term care facility has provided
1594 services to a person or persons having funds to which this section
1595 applies.

1596 (3) Within one hundred twenty (120) days from November 1 of
1597 each year in which a report is made under subsection (2), the
1598 Treasurer shall cause notice to be published in a newspaper having
1599 general circulation in the county of this state in which is
1600 located the last known address of the person or persons named in
1601 the report who may possess an interest in the funds, or if no such
1602 person is named in the report, in the county in which is located
1603 the last known address of the deceased person before entering the
1604 long-term care facility. If no address is given in the report or
1605 if the address is outside of this state, the notice shall be
1606 published in a newspaper having general circulation in the county

1607 in which the facility is located. The notice shall contain (a)
1608 the name of the deceased person; (b) his last known address before
1609 entering the facility; (c) the name and last known address of each
1610 person named in the report who may possess an interest in the
1611 funds; and (d) a statement that any person possessing an interest
1612 in the funds must make a claim for the funds to the Treasurer
1613 within ninety (90) days after the publication date or the funds
1614 will become the property of the State of Mississippi. In any year
1615 in which the Treasurer publishes a notice of abandoned property
1616 under Section 89-12-27, the Treasurer may combine the notice
1617 required by this section with the notice of abandoned property.
1618 The cost to the Treasurer of publishing the notice required by
1619 this section shall be paid by the commission.

1620 (4) Each long-term care facility that makes a report of
1621 funds of a deceased person under this section shall pay over and
1622 deliver the funds, together with any accrued interest thereon, to
1623 the Treasurer not later than ten (10) days after notice of the
1624 funds has been published by the Treasurer as provided in
1625 subsection (3). If a claim to the funds is not made by any person
1626 having an interest in the funds within ninety (90) days of the
1627 published notice, the Treasurer shall place the funds in the
1628 special fund in the State Treasury to the credit of the
1629 commission, to be expended by the commission for the purposes
1630 provided under Mississippi Medicaid Law.

1631 (5) This section shall not be applicable to any Medicaid
1632 patient in a long-term care facility of a state institution listed
1633 in Section 41-7-73, who has a personal deposit fund as provided
1634 for in Section 41-7-90.

1635 SECTION 12. Section 43-13-121, Mississippi Code of 1972, is
1636 amended as follows:

1637 43-13-121. (1) The commission may administer a program of
1638 Medicaid assistance under the provisions of this article and * * *
1639 do the following:

1640 (a) Adopt and promulgate reasonable rules, regulations
1641 and standards, * * * in accordance with the Administrative
1642 Procedures Law, Section 25-43-1 et seq.:

1643 (i) Establishing methods and procedures as may be
1644 necessary for the proper and efficient administration of this
1645 article;

1646 (ii) Providing Medicaid assistance to all
1647 qualified recipients under the provisions of this article as the
1648 commission may determine and within the limits of appropriated
1649 funds;

1650 (iii) Establishing reasonable fees, charges and
1651 rates for medical services and drugs; and in doing so shall fix
1652 all such fees, charges and rates at the minimum levels absolutely
1653 necessary to provide the Medicaid assistance authorized by this
1654 article, and shall not change any such fees, charges or rates
1655 except as may be authorized in Section 43-13-117;

1656 (iv) Providing for fair and impartial hearings;

1657 (v) Providing safeguards for preserving the
1658 confidentiality of records; and

1659 (vi) For detecting and processing fraudulent
1660 practices and abuses of the program;

1661 (b) Receive and expend state, federal and other funds
1662 in accordance with court judgments or settlements and agreements
1663 between the State of Mississippi and the federal government, the
1664 rules and regulations promulgated by the commission, and within
1665 the limitations and restrictions of this article and within the
1666 limits of funds available for that purpose;

1667 (c) Subject to the limits imposed by this article, to
1668 submit a plan for Medicaid assistance to the federal Department of
1669 Health and Human Services for approval under the provisions of the
1670 Social Security Act, to act for the state in making negotiations
1671 relative to the submission and approval of that plan, to make such
1672 arrangements, not inconsistent with the law, as may be required by

1673 or pursuant to federal law to obtain and retain that approval and
1674 to secure for the state the benefits of the provisions of that
1675 law;

1676 No agreements, specifically including the general plan for
1677 the operation of the Medicaid program in this state, shall be made
1678 by and between the commission and the Department of Health and
1679 Human Services unless the Attorney General of the State of
1680 Mississippi has reviewed the agreements, specifically including
1681 the operational plan, and has certified in writing to the
1682 commission that the agreements, including the plan of operation,
1683 have been drawn strictly in accordance with the terms and
1684 requirements of this article;

1685 (d) Pursuant to the purposes and intent of this article
1686 and in compliance with its provisions, provide for aged persons
1687 otherwise eligible for the benefits provided under Title XVIII of
1688 the federal Social Security Act by expenditure of funds available
1689 for those purposes;

1690 (e) To make reports to the federal Department of Health
1691 and Human Services as from time to time may be required by that
1692 federal department and to the Mississippi Legislature as
1693 hereinafter provided;

1694 (f) Define and determine the scope, duration and amount
1695 of Medicaid assistance that may be provided in accordance with
1696 this article and establish priorities therefor in conformity with
1697 this article;

1698 (g) Cooperate and contract with other state agencies
1699 for the purpose of coordinating Medicaid assistance rendered under
1700 this article and eliminating duplication and inefficiency in the
1701 program;

1702 (h) Adopt and use an official seal of the commission;

1703 (i) Sue in its own name on behalf of the State of
1704 Mississippi and employ legal counsel on a contingency basis with
1705 the approval of the Attorney General;

1706 (j) To recover any and all payments incorrectly made by
1707 the commission or by the Division of Medicaid * * * to a recipient
1708 or provider from the recipient or provider receiving the payments;

1709 (k) To recover any and all payments by the commission
1710 or by the Division of Medicaid * * * fraudulently obtained by a
1711 recipient or provider. Additionally, if recovery of any payments
1712 fraudulently obtained by a recipient or provider is made in any
1713 court, then, upon motion of the commission, the judge of the court
1714 may award twice the payments recovered as damages;

1715 (l) Have full, complete and plenary power and authority
1716 to conduct such investigations as it may deem necessary and
1717 requisite of alleged or suspected violations or abuses of the
1718 provisions of this article or of the regulations adopted under
1719 this article including, but not limited to, fraudulent or unlawful
1720 act or deed by applicants for Medicaid or other benefits, or
1721 payments made to any person, firm or corporation under the terms,
1722 conditions and authority of this article, to suspend or disqualify
1723 any provider of services, applicant or recipient for gross abuse,
1724 fraudulent or unlawful acts for such periods, including
1725 permanently, and under such conditions as the commission may deem
1726 proper and just, including the imposition of a legal rate of
1727 interest on the amount improperly or incorrectly paid. If an
1728 administrative hearing becomes necessary, the commission may, if
1729 the provider does not succeed in his defense, tax the costs of the
1730 administrative hearing, including the costs of the court reporter
1731 or stenographer and transcript, to the provider. The convictions
1732 of a recipient or a provider in a state or federal court for
1733 abuse, fraudulent or unlawful acts under this chapter shall
1734 constitute an automatic disqualification of the recipient or
1735 automatic disqualification of the provider from participation
1736 under the Medicaid program.

1737 A conviction, for the purposes of this chapter, shall include
1738 a judgment entered on a plea of nolo contendere or a

1739 nonadjudicated guilty plea and shall have the same force as a
1740 judgment entered pursuant to a guilty plea or a conviction
1741 following trial. A certified copy of the judgment of the court of
1742 competent jurisdiction of the conviction shall constitute prima
1743 facie evidence of the conviction for disqualification purposes;

1744 (m) Establish and provide such methods of
1745 administration as may be necessary for the proper and efficient
1746 operation of the Medicaid program, fully utilizing computer
1747 equipment as may be necessary to oversee and control all current
1748 expenditures for purposes of this article, and to closely monitor
1749 and supervise all recipient payments and vendors rendering such
1750 services under this article; and

1751 (n) To cooperate and contract with the federal
1752 government for the purpose of providing Medicaid assistance to
1753 Vietnamese and Cambodian refugees, under the provisions of Public
1754 Law 94-23 and Public Law 94-24, including any amendments thereto,
1755 only to the extent that the assistance and the administrative cost
1756 related thereto are one hundred percent (100%) reimbursable by the
1757 federal government. For the purposes of Section 43-13-117,
1758 persons receiving Medicaid assistance under Public Law 94-23 and
1759 Public Law 94-24, including any amendments thereto, shall not be
1760 considered a new group or category of recipient.

1761 (2) The commission also shall exercise such additional
1762 powers and perform such other duties as may be conferred upon the
1763 commission by act of the Legislature hereafter.

1764 (3) The commission, and the State Department of Health as
1765 the agency for licensure of health care facilities and
1766 certification and inspection for the Medicaid and/or Medicare
1767 programs, shall contract for or otherwise provide for the
1768 consolidation of on-site inspections of health care facilities
1769 that are necessitated by the respective programs and functions of
1770 the commission and the department.

1771 (4) The commission and its hearing officers shall have power
1772 to preserve and enforce order during hearings; to issue subpoenas
1773 for, to administer oaths to and to compel the attendance and
1774 testimony of witnesses, or the production of books, papers,
1775 documents and other evidence, or the taking of depositions before
1776 any designated individual competent to administer oaths; to
1777 examine witnesses; and to do all things conformable to law that
1778 may be necessary to enable them effectively to discharge the
1779 duties of their office. In compelling the attendance and
1780 testimony of witnesses, or the production of books, papers,
1781 documents and other evidence, or the taking of depositions, as
1782 authorized by this section, the commission or its hearing officers
1783 may designate an individual employed by the commission or some
1784 other suitable person to execute and return that process, whose
1785 action in executing and returning that process shall be as lawful
1786 as if done by the sheriff or some other proper officer authorized
1787 to execute and return process in the county where the witness may
1788 reside. In carrying out the investigatory powers under the
1789 provisions of this article, the executive director or other
1790 designated person or persons may examine, obtain, copy or
1791 reproduce the books, papers, documents, medical charts,
1792 prescriptions and other records relating to medical care and
1793 services furnished by the provider to a recipient or designated
1794 recipients of Medicaid services under investigation. In the
1795 absence of the voluntary submission of the books, papers,
1796 documents, medical charts, prescriptions and other records, the
1797 commission, the executive director, or other designated person
1798 may issue and serve subpoenas instantly upon the provider, his
1799 agent, servant or employee for the production of the books,
1800 papers, documents, medical charts, prescriptions or other records
1801 during an audit or investigation of the provider. If any provider
1802 or his agent, servant or employee * * * refuses to produce the
1803 records after being duly subpoenaed, the commission or the

1804 executive director may certify those facts and institute contempt
1805 proceedings in the manner, time, and place as authorized by law
1806 for administrative proceedings. As an additional remedy, the
1807 commission may recover all amounts paid to the provider covering
1808 the period of the audit or investigation, inclusive of a legal
1809 rate of interest and a reasonable attorney's fee and costs of
1810 court if suit becomes necessary. Commission staff shall have
1811 immediate access to the provider's physical location, facilities,
1812 records, documents, books, and any other records relating to
1813 medical care and services rendered to recipients during regular
1814 business hours.

1815 (5) If any person in proceedings before the commission
1816 disobeys or resists any lawful order or process, or misbehaves
1817 during a hearing or so near the place thereof as to obstruct the
1818 same, or neglects to produce, after having been ordered to do so,
1819 any pertinent book, paper or document, or refuses to appear after
1820 having been subpoenaed, or upon appearing refuses to take the oath
1821 as a witness, or after having taken the oath refuses to be
1822 examined according to law, the commission shall certify the facts
1823 to any court having jurisdiction in the place in which it is
1824 sitting, and the court shall thereupon, in a summary manner, hear
1825 the evidence as to the acts complained of, and if the evidence so
1826 warrants, punish that person in the same manner and to the same
1827 extent as for a contempt committed before the court, or commit
1828 that person upon the same condition as if the doing of the
1829 forbidden act had occurred with reference to the process of, or in
1830 the presence of, the court.

1831 (6) In suspending or terminating any provider from
1832 participation in the Medicaid program, the commission shall
1833 preclude the provider from submitting claims for payment, either
1834 personally or through any clinic, group, corporation or other
1835 association to the commission or its fiscal agents for any
1836 services or supplies provided under the Medicaid program except

1837 for those services or supplies provided before the suspension or
1838 termination. No clinic, group, corporation or other association
1839 that is a provider of services shall submit claims for payment to
1840 the commission or its fiscal agents for any services or supplies
1841 provided by a person within that organization who has been
1842 suspended or terminated from participation in the Medicaid program
1843 except for those services or supplies provided before the
1844 suspension or termination. When this provision is violated by a
1845 provider of services that is a clinic, group, corporation or other
1846 association, the commission may suspend or terminate that
1847 organization from participation. Suspension may be applied by the
1848 commission to all known affiliates of a provider, provided that
1849 each decision to include an affiliate is made on a case-by-case
1850 basis after giving due regard to all relevant facts and
1851 circumstances. The violation, failure, or inadequacy of
1852 performance may be imputed to a person with whom the provider is
1853 affiliated where the conduct was accomplished with the course of
1854 his official duty or was effectuated by him with the knowledge or
1855 approval of that person.

1856 (7) If the commission ascertains that a provider has been
1857 convicted of a felony under federal or state law for an offense
1858 which the commission determines is detrimental to the best
1859 interests of the program or of Medicaid recipients, the
1860 commission may refuse to enter into an agreement with the
1861 provider, or may terminate or refuse to renew an existing
1862 agreement.

1863 SECTION 13. Section 43-13-122, Mississippi Code of 1972, is
1864 amended as follows:

1865 43-13-122. (1) The commission may apply to the Health Care
1866 Financing Administration of the United States Department of Health
1867 and Human Services for waivers and research and demonstration
1868 grants as are otherwise authorized by the Legislature in this
1869 chapter.

1870 (2) The commission may accept and expend any grants,
1871 donations or contributions from any public or private organization
1872 together with any additional federal matching funds that may
1873 accrue and including, but not limited to, one hundred percent
1874 (100%) federal grant funds or funds from any governmental entity
1875 or instrumentality thereof in furthering the purposes and
1876 objectives of the Mississippi Medicaid program, provided that
1877 those receipts and expenditures are reported and otherwise handled
1878 in accordance with the General Fund Stabilization Act. The
1879 Department of Finance and Administration may transfer monies to
1880 the commission from special funds in the State Treasury in amounts
1881 not exceeding the amounts authorized in the appropriation to the
1882 commission.

1883 SECTION 14. Section 43-13-123, Mississippi Code of 1972, is
1884 amended as follows:

1885 43-13-123. The determination of the method of providing
1886 payment of claims under this article shall be made by the
1887 commission, which methods may be:

1888 (1) By contract with insurance companies licensed to do
1889 business in the State of Mississippi or with nonprofit hospital
1890 service corporations, medical or dental service corporations,
1891 authorized to do business in Mississippi to underwrite on an
1892 insured premium approach, such medical assistance benefits as may
1893 be available, and any carrier selected under the provisions of
1894 this article is * * * expressly authorized and empowered to
1895 undertake the performance of the requirements of that contract.

1896 (2) By contract with an insurance company licensed to
1897 do business in the State of Mississippi or with nonprofit hospital
1898 service, medical or dental service organizations, or other
1899 organizations including data processing companies, authorized to
1900 do business in Mississippi to act as fiscal agent.

1901 The commission shall solicit, receive, review, accept and
1902 award contracts for services to be provided under either of the

1903 above-described provisions after advertising for bids by
1904 publication of notice therefor in one or more newspapers having a
1905 general circulation in the State of Mississippi, which * * *
1906 notice shall be published for at least once a week for three (3)
1907 consecutive weeks, the first publication of which shall be at
1908 least twenty-one (21) days before the date set in the notice for
1909 the receipt of bids. Final determination on acceptance of a bid
1910 for the purposes of this provision will be subject to the review
1911 and approval of the Public Procurement Review Board.

1912 The authorization of the foregoing methods shall not preclude
1913 other methods of providing payment of claims through direct
1914 operation of the program by the state or its agencies.

1915 SECTION 15. Section 43-13-125, Mississippi Code of 1972, is
1916 amended as follows:

1917 43-13-125. (1) If Medicaid assistance is provided to a
1918 recipient under this article for injuries, disease or sickness
1919 caused under circumstances creating a cause of action in favor of
1920 the recipient against any person, firm or corporation, then the
1921 commission shall be entitled to recover the proceeds that may
1922 result from the exercise of any rights of recovery which the
1923 recipient may have against any such person, firm or corporation to
1924 the extent of the commission's interest on behalf of the
1925 recipient. The recipient shall execute and deliver instruments
1926 and papers to do whatever is necessary to secure those rights and
1927 shall do nothing after the Medicaid assistance is provided to
1928 prejudice the subrogation rights of the commission. Court orders
1929 or agreements for reimbursement of the commission's interest shall
1930 direct those payments to the commission, which may endorse any and
1931 all, including, but not limited to, multi-payee checks, drafts,
1932 money orders, or other negotiable instruments representing
1933 Medicaid payment recoveries that are received. In accordance with
1934 Section 43-13-305, endorsement of multi-payee checks, drafts,

1935 money orders or other negotiable instruments by the commission
1936 shall be deemed endorsed by the recipient.

1937 The commission may compromise or settle any such claim and
1938 execute a release of any claim it has by virtue of this section.

1939 (2) The acceptance of Medicaid assistance under this article
1940 or the making of a claim under this article shall not affect the
1941 right of a recipient or his legal representative to recover the
1942 commission's interest as an element of special damages in any
1943 action at law; however, a copy of the pleadings shall be certified
1944 to the commission at the time of the institution of suit, and
1945 proof of that notice shall be filed of record in that action. The
1946 commission may, at any time before the trial on the facts, join in
1947 that action or may intervene in that action. Any amount recovered
1948 by a recipient or his legal representative shall be applied as
1949 follows:

1950 (a) The reasonable costs of the collection, including
1951 attorney's fees, as approved and allowed by the court in which
1952 the action is pending, or in case of settlement without suit, by
1953 the legal representative of the commission;

1954 (b) The amount of the commission's interest on behalf
1955 of the recipient; or such pro rata amount as may be arrived at by
1956 the legal representative of the commission and the recipient's
1957 attorney, or as set by the court having jurisdiction; and

1958 (c) Any excess shall be awarded to the recipient.

1959 (3) No compromise of any claim by the recipient or his legal
1960 representative shall be binding upon or affect the rights of the
1961 commission against the third party unless the commission has
1962 entered into the compromise. Any compromise effected by the
1963 recipient or his legal representative with the third party in the
1964 absence of advance notification to and approved by the commission
1965 shall constitute conclusive evidence of the liability of the third
1966 party, and the commission, in litigating its claim against the
1967 third party, shall be required only to prove the amount and

1968 correctness of its claim relating to the injury, disease or
1969 sickness. If the recipient or his legal representative fails to
1970 notify the commission of the institution of legal proceedings
1971 against a third party for which the commission has a cause of
1972 action, the facts relating to negligence and the liability of the
1973 third party, if judgment is rendered for the recipient, shall
1974 constitute conclusive evidence of liability in a subsequent action
1975 maintained by the commission and only the amount and correctness
1976 of the commission's claim relating to injuries, disease or
1977 sickness shall be tried before the court. The commission may
1978 bring that action against the third party and his insurer jointly
1979 or against the insurer alone.

1980 (4) Nothing in this section shall be construed to diminish
1981 or otherwise restrict the subrogation rights of the commission
1982 against a third party for Medicaid assistance provided by the
1983 commission to the recipient as a result of injuries, disease or
1984 sickness caused under circumstances creating a cause of action in
1985 favor of the recipient against such a third party.

1986 (5) Any amounts recovered by the commission under this
1987 section shall, by the commission, be placed to the credit of the
1988 funds appropriated for benefits under this article proportionate
1989 to the amounts provided by the state and federal governments
1990 respectively.

1991 SECTION 16. Section 43-13-127, Mississippi Code of 1972, is
1992 amended as follows:

1993 43-13-127. Within sixty (60) days after the end of each
1994 fiscal year and at each regular session of the Legislature, the
1995 commission shall make and publish a report to the Governor and to
1996 the Legislature, showing for the period of time covered the
1997 following:

1998 (a) The total number of recipients;

1999 (b) The total amount paid for Medicaid assistance and
2000 care under this article;

- 2001 (c) The total number of applications;
- 2002 (d) The number of applications approved;
- 2003 (e) The number of applications denied;
- 2004 (f) The amount expended for administration of the
2005 provisions of this article;
- 2006 (g) The amount of money received from the federal
2007 government, if any;
- 2008 (h) The amount of money recovered by reason of
2009 collections from third persons by reason of assignment or
2010 subrogation, and the disposition of the same;
- 2011 (i) The actions and activities of the commission in
2012 detecting and investigating suspected or alleged fraudulent
2013 practices, violations and abuses of the Medicaid program;
- 2014 (j) Any recommendations it may have as to expanding,
2015 enlarging, limiting or restricting, the eligibility of persons
2016 covered by this article or services provided by this article, to
2017 make more effective the basic purposes of this article; to
2018 eliminate or curtail fraudulent practices and inequities in the
2019 plan or administration thereof; and to continue to participate in
2020 receiving federal funds for the furnishing of medical assistance
2021 under Title XIX of the Social Security Act or other federal law.

2022 SECTION 17. Section 43-13-137, Mississippi Code of 1972, is
2023 amended as follows:

2024 43-13-137. The commission is an agency as defined under
2025 Section 25-43-3 and, therefore, must comply in all respects with
2026 the Administrative Procedures Law, Section 25-43-1 et seq.

2027 SECTION 18. Section 43-13-139, Mississippi Code of 1972, is
2028 amended as follows:

2029 43-13-139. Nothing contained in this article shall be
2030 construed to prevent the commission, in its discretion and through
2031 a majority vote of its members, from discontinuing or limiting
2032 Medicaid to any individuals who are classified or deemed to be
2033 within any optional group or optional category of recipients as

2034 prescribed under Title XIX of the federal Social Security Act or
2035 the implementing federal regulations. If the Congress or the
2036 United States Department of Health and Human Services ceases to
2037 provide federal matching funds for any group or category of
2038 recipients or any type of care and services, the commission shall
2039 cease state funding for that group or category or that type of
2040 care and services, notwithstanding any provision of this article.

2041 SECTION 19. This act shall take effect and be in force from
2042 and after July 1, 2001.
