(2) The State Board of Contractors shall, on an annual 28 29 basis, solicit from the Mississippi state institutions of higher 30 learning, all the public community and junior colleges, the Mississippi Construction Education Foundation, public high schools 31 32 that participate in the Mississippi Construction Education 33 Foundation's "school-to-work" program and certain construction educational trusts, applications for the use of such funds in 34 construction education and craft training programs in a manner 35 prescribed by the board. The board may appoint a technical 36 37 advisory committee to advise the board on the most needed areas of 38 construction education and craft training, continuing education or research relating to the construction education and craft training 39 40 in the state, based on significant changes in the construction 41 industry's practices, economic development or on problems costing public or private contractors substantial waste. The board shall 42 ensure that the monies distributed from this fund are properly 43 44 spent to promote construction education and craft training in programs in the state which are approved by the board. 45 seventy-five percent (75%) of the monies distributed by the board, 46 47 pursuant to this section, must be used for construction craft 48 training. 49 (3) Each university, junior college, community college, the Mississippi Construction Education Foundation, public high school 50 51 that participates in the foundation's "school-to-work" program and 52 construction educational trust receiving funds pursuant to this section for construction education or construction craft training 53 54 programs shall utilize such funds only for construction education 55 and craft training curricula and program development, faculty development, equipment, student scholarships, student 56 assistantships, and for continuing education programs related to 57 58 construction education and craft training. Such funds shall not 59 be commingled with the normal operating funds of the educational institution, regardless of the source of such funds. 60

- The State Board of Contractors shall ensure the 61 62 distribution of reports and the availability of construction 63 education programs established pursuant to this section to all 64 segments of the construction industry that are subject to the fee 65 provided under this section. The board shall cause a report to be made to the Legislature in October of each year, summarizing the 66 allocation of funds by institution or program and summarizing the 67 new projects funded and the status of previously funded projects. 68
- (5) All monies deposited into the Construction Education

 Fund shall be used exclusively for construction education and

 craft training, and any unspent funds at the end of the fiscal

 year shall not revert to the General Fund of the State Treasury

 but shall be available for construction education and craft

 training in subsequent fiscal years.
- 75 (6) All expenditures from the Construction Education Fund 76 shall be by requisition to the State Auditor, signed by the 77 executive secretary of the board and countersigned by the chairman 78 or vice chairman of the board, and the State Treasurer shall issue 79 his warrants thereon.
- SECTION 2. This act shall take effect and be in force from and after July 1, 2001.
