SECTION 1. Section 37-7-203, Mississippi Code of 1972, is amended as follows:

[Until January 1, 2003, this section will read as follows:]

37-7-203. (1) The boards of trustees of all municipal separate school districts created under * * * this chapter, either with or without added territory, shall consist of five (5) members, each to be chosen for a term of five (5) years. However, in order to provide for an orderly transition in the membership of municipal separate school district boards of trustees from appointed members, or appointed and elected members, to elected members only, the terms of office of the school board members which expire in the years 2003, 2004, 2005, 2006 and 2007 shall be extended from March until the first Monday of July in the same
year, at which time the respective member's duly elected successor shall take office. Each member of the board of trustees shall be chosen so that the term of office of one (1) member shall expire each year. In the event the added territory of a municipal separate school district furnishes fifteen percent (15%) or more of the pupils enrolled in the schools of such district, then at least one (1) member of the board of trustees of such school district shall be a resident of the added territory outside the corporate limits. In the event the added territory of a municipal separate school district furnishes thirty percent (30%) or more of the pupils enrolled in the schools of such district, then not more than two (2) members of the board of trustees of such school district shall be residents of the added territory outside the corporate limits. In the event the added territory of a municipal separate school district in a county in which Mississippi Highways 8 and 15 intersect furnishes thirty percent (30%) or more of the pupils enrolled in the schools of such district, then the five (5) members of the board of trustees of such school district shall be elected at large from such school district for a term of five (5) years each except that the two (2) elected trustees presently serving on such board shall continue to serve for their respective terms of office. The three (3) appointed trustees presently serving on such board shall continue to serve until their successors are elected in March of 1975 in the manner provided for in Section 37-7-215. At such election, one (1) trustee shall be elected for a term of two (2) years, one (1) for a term of three (3) years and one (1) for a term of five (5) years. Subsequent terms for each successor trustee shall be for five (5) years or for a term expiring on the first Monday of July if the term expires in the year 2003, 2004, 2005, 2006 or 2007. In the event one (1) of two (2) municipal separate school districts located in any county with two (2) judicial districts, District 1 being comprised of Supervisors Districts 1, 2, 4 and 5, and District 2
being comprised of Supervisors District 3, with added territory
embraces three (3) full supervisors districts of a county, one (1)
trustee shall be elected from each of the three (3) supervisors
districts outside the corporate limits of the municipality. In
the further event that the territory of a municipal separate
school district located in any county with two (2) judicial
districts, District 1 being comprised of Supervisors Districts 1,
2, 4 and 5, and District 2 being comprised of Supervisors District
3, with added territory embraces four (4) full supervisors
districts in the county, and in any county in which a municipal
separate school district embraces the entire county in which
Highways 14 and 15 intersect, one (1) trustee shall be elected
from each supervisors district.

Except as otherwise provided herein, the trustees of such a
municipal separate school district shall be elected by a majority
of the governing authorities of the municipality at the first
meeting of the governing authorities held in the month of February
of each year, and the term of office of the member so elected
shall commence on the first Saturday of March following. In the
case of a member of the board of trustees who is required to come
from the added territory outside the corporate limits as is above
provided, such member of the board of trustees shall be elected by
the qualified electors of the school district residing in such
added territory outside the corporate limits at the same time and
in the same manner as is otherwise provided in this article for
the election of trustees of school districts other than municipal
separate school districts.

In the event that a portion of a county school district is
reconstituted, in the manner provided by law, into a municipal
separate school district with added territory and in the event
that the trustees to be elected from the added territory are
requested to be elected from separate election districts within
the added territory, instead of elected at-large, by the Attorney
General of the United States as a result of and pursuant to preclearance under Section 5 of the Voting Rights Act of 1965 as amended and extended, and in the event the added territory of a municipal separate school district of a municipality furnishes thirty percent (30%) or more of the pupils enrolled in the schools of such district, then two (2) members of the board of trustees shall be residents of the added territory outside the corporate limits of such municipality and shall be elected from special trustee election districts by the qualified electors thereof as herein provided. The governing authorities of such municipality shall apportion the added territory into two (2) special trustee election districts as nearly equal as possible according to population and other factors heretofore pronounced by the courts. The governing authorities of such municipality shall thereafter publish the same in a newspaper of general circulation within the school district for at least two (2) consecutive weeks; and after having given notice of publication and recording the same upon the minutes of the governing authorities, the new district lines shall thereafter be effective. Any person elected from the new trustee election districts constituted herein shall be elected in the manner provided for in Section 37-7-215 for a term of five (5) years or for a term expiring on the first Monday of July if the term of office expires in the year 2003, 2004, 2005, 2006 or 2007. Any vacancy in the office of a trustee elected from such trustee election district, whether occasioned by redistricting or by other cause, shall be filled by appointment of the governing authorities of the municipality, provided that the person so appointed shall serve only until the first Saturday of March following his appointment, at which time a person shall be elected for the remainder of the unexpired term in the manner provided in Section 37-7-215.

In any county organizing a countywide municipal separate school district after January 1, 1965, the trustees thereof to be
elected from outside the municipality, such trustees shall be elected by the board of supervisors of such county, and the superintendent of such school district shall have authority to pay out and distribute the funds of the district. In the event a municipal separate school district should occupy territory in a county other than that in which the municipality is located and fifteen percent (15%) or more of the pupils enrolled in the schools of such district shall come from the territory of the district in the county other than that in which the municipality is located, the territory of such county in which the municipality is not located shall be entitled to one (1) member on the board of trustees of such school district. The trustee shall be a resident of the territory of that part of the district lying in the county in which the municipality is not located and shall be elected by the qualified electors of the territory of such county at the same time and in the same manner as is provided for the election of trustees of school districts other than municipal separate school districts having territory in two (2) or more counties.

All vacancies shall be filled for the unexpired terms by appointment of the governing authorities of the municipality; except that in the case of the trustees coming from the added territory outside the corporate limits, the person so appointed shall serve only until the first Saturday of March following his appointment, at which time a person shall be elected for the remainder of the unexpired term in the manner otherwise provided herein.

No person who is a member of such governing body, or who is an employee of the municipality, or who is a member of the county board of education, or who is a trustee of any public, private or sectarian school or college located in the county, inclusive of the municipal separate school district, or who is a teacher in or a trustee of the school district, shall be eligible for appointment to the board of trustees.
(2) In counties of less than fifteen thousand (15,000) people having a municipal separate school district with added territory which embraces all the territory of a county, one (1) or more trustees of such district shall be nominated from each supervisors district upon petition of fifty (50) qualified electors of the district, or twenty percent (20%) of the qualified electors of such district, whichever number shall be smaller, and shall be elected by a plurality of the vote of the qualified electors of the county. One (1) trustee so elected shall reside in each supervisors district of the county. In such counties embraced entirely by a municipal separate school district there shall be no county board of education after the formation of such district and the county superintendent of education shall act as superintendent of schools of the district and shall be appointed by the board of trustees of the district, and the provisions of subsection (1) of this section and the first paragraph of Section 37-7-211 shall not apply to such districts.

[From and after January 1, 2003, this section will read as follows:]

37-7-203. (1) The school boards * * * of all municipal separate school districts * * * shall consist of five (5) members. Beginning in 2003, the members of the school board shall be elected from special school board member districts in the manner provided under this section.

(2) As soon as practicable after the results of the 2000 federal decennial census are published, the municipal governing authority shall apportion the municipal separate school district, including any added territory, into five (5) single school board member districts. The school board member districts must be as nearly equal as possible according to population. The municipal governing authority shall submit the school board member district lines to the Attorney General of the United States for preclearance or to the United States District Court for the
District of Columbia for a declaratory judgment in accordance with
the provisions of the Voting Rights Act of 1965, as amended and
extended. If the school board member district lines are
precleared by the United States Department of Justice or approved
by the United States District Court, the municipal governing
authority and the school board of the municipal separate school
district shall place upon their minutes the boundaries established
for the five (5) school board member districts, and the school
board shall publish the boundaries in a newspaper of general
circulation within the school district for at least three (3)
consecutive weeks. After having given notice of publication and
recording the publication upon the minutes of the school board,
the school board member district lines shall be effective. As
soon as practicable after the results of the 2010 federal
decennial census and every federal decennial census thereafter are
published, the municipal governing authority shall reapportion the
school board member districts in the manner prescribed in this
subsection for the creation of the original districts.

(3) In order to provide for an orderly transition in the
membership of municipal separate school boards from appointed
members, or appointed and elected members, to elected members
only, the following election schedule is established for all
municipal separate school districts:

(a) On the first Tuesday after the first Monday in June
2003, an election shall be held for the purpose of electing a
member of the school board to succeed the member whose term of
office expires on the first Monday of July 2003. The initial term
of office of this elected member of the school board shall expire
on the first Monday of July 2005.

(b) On the first Tuesday after the first Monday in June
2004, an election shall be held for the purpose of electing a
member of the school board to succeed the member whose term of
office expires on the first Monday of July 2004. The initial term
of office of this elected member of the school board shall expire on the first Monday of July 2005.

(c) At the general municipal election held on the first Tuesday after the first Monday in June 2005, an election shall be held for the purpose of electing a member of the school board to succeed the member whose term of office expires on the first Monday of July 2005 and for electing the successors to the members elected under paragraphs (a) and (b) of this subsection. The term of office of these elected members of the school board shall expire on the first Monday of July 2009.

(d) On the first Tuesday after the first Monday in June 2006, an election shall be held for the purpose of electing a member of the school board to succeed the member whose term of office expires on the first Monday of July 2006. The initial term of office of this elected member of the school board shall expire on the first Monday of July 2009.

(e) On the first Tuesday after the first Monday in June 2007, an election shall be held for the purpose of electing a member of the school board to succeed the member whose term of office expires on the first Monday of July 2007. The initial term of office of this elected member of the school board shall expire on the first Monday of July 2009.

Upon the expiration of the initial terms of office, all persons elected to serve on the school board of a municipal separate school district shall serve for a term of four (4) years. On the first Tuesday after the first Monday in June 2009, and every four (4) years thereafter, the election of members of the school boards of municipal separate school districts shall be held in the same manner and at the same time as the general municipal elections are held.

(4) Candidates for the school board of the municipal separate school district shall file with the municipal election commissioners, not more than ninety (90) days and not less than...
sixty (60) days before the date of the election, a petition of nomination signed by at least fifty (50) or twenty percent (20%) of the qualified electors of the school board member district, whichever is less. The name of each qualified candidate shall be placed on the ballot. The election shall be held in the same manner as the general municipal elections are held. The candidate in each school board member district who receives a majority of the votes cast by the qualified electors in that district shall be elected. However, if no candidate receives a majority of the votes, a runoff election shall be held two (2) weeks after the election. The names of the candidate receiving the highest number of votes and the candidate, or candidates in the event of a tie, receiving the next highest vote for the office shall be placed on the ballot in the runoff election. The person receiving the highest number of votes cast by the qualified electors in the runoff election shall be elected. All persons elected to serve on the school board of the municipal separate school district shall take office on the first Monday of July next following the date of their election.

(5) Whenever there is a vacancy in the membership of the school board of the municipal separate school district, the vacancy shall be filled, depending upon the length of the unexpired term of the vacated office, in the manner provided under this subsection.

(a) If the unexpired term of the vacated office is six months or less, the remaining members of the school board shall appoint, within sixty (60) days after the vacancy occurs, a person to serve the unexpired portion of the term. The appointee shall be selected from the qualified electors of the school board member district in which the vacancy occurs. The chairman of the school board shall certify to the Secretary of State the fact of the appointment, and the Governor shall commission the person appointed.
(b) If the unexpired term of the vacated office is greater than six (6) months, an election shall be held to fill the vacancy. The school board shall certify in writing the fact of the vacancy to the governing authority of the municipality. At the next regular meeting of the governing authority after its receipt of certification of the vacancy from the school board, the governing authority shall make and enter on its minutes an order for an election to be held in the school board member district in which the vacancy exists and shall fix the date upon which the election shall be held, which date shall not be less than thirty (30) days nor more than forty-five (45) days after the date upon which the order is adopted.

The municipal clerk shall publish notice of the election in a newspaper of general circulation within the municipality once each week for three (3) successive weeks preceding the date of the election. The first notice must be published at least thirty (30) days before the date of the election. Notice also shall be given by the school board by posting a copy of the notice at three (3) public places in the school board member district in which the vacancy exists and at the administrative offices of the school board not less than twenty-one (21) days before the date of the election.

Candidates for the vacated office shall file with the municipal clerk, not less than ten (10) days before the date of the election, a petition of nomination signed by at least fifty (50) or twenty percent (20%) of the qualified electors of the school board member district, whichever is less. The election shall be held, as far as practicable, in the same manner as school board elections are conducted under this section. The candidate who receives a majority of the votes cast by the qualified electors in the school board member district shall be elected. However, if no candidate receives a majority of the votes, a runoff election shall be held two (2) weeks after the election.
The names of the candidate receiving the highest number of votes
and the candidate, or candidates in the event of a tie, receiving
the next highest vote for the office shall be placed on the ballot
in the runoff election. The person receiving the highest number
of votes cast by the qualified electors in the runoff election
shall be elected. The clerk of the municipal election commission
shall give a certificate of election to the person elected and
shall return to the Secretary of State a copy of the order of
holding the election and its results, certified by the municipal
clerk. The Governor shall commission the person elected to serve
the remainder of the unexpired term.

However, if nine (9) days before the date of the election
only one (1) person has qualified as a candidate, the governing
authority shall dispense with the election, and the remaining
members of the school board shall appoint that candidate to fill
the unexpired term. If no person has qualified at least nine (9)
days before the election, the governing authority shall dispense
with the election, and the remaining members of the school board
shall appoint a person, selected from the qualified electors of
the school board member district in which the vacancy exists, to
fill the unexpired term. The chairman of the school board shall
certify to the Secretary of State the fact of the appointment, and
the Governor shall commission the person appointed.

manner provided by subsection (1) of Section 37-7-203, and all of
the provisions thereof shall be fully applicable in all respects

 preclearance or to the United States District Court for the
District of Columbia for a declaratory judgment in accordance with
the provisions of the Voting Rights Act of 1965, as amended and
extended. If the school board member district lines are
 precleared by the United States Department of Justice or approved
by the United States District Court, the municipal governing
authority and the school board of the special municipal separate
school district shall place upon their minutes the boundaries
established for the five school board member districts, and
the school board shall publish the boundaries in a newspaper of
general circulation within the school district for at least three

The municipal clerk shall publish notice of the election in a newspaper of general circulation within the municipality once each week for three (3) successive weeks preceding the date of the election. The first notice must be published at least thirty (30) days before the date of the election. Notice also shall be given by the school board by posting a copy of the notice at three (3) public places in the school board member district in which the vacancy exists and at the administrative offices of the school board not less than twenty-one (21) days before the date of the election.

Candidates for the vacated office shall file with the municipal clerk, not less than ten (10) days before the date of the election, a petition of nomination signed by at least fifty (50) or twenty percent (20%) of the qualified electors of the school board member district, whichever is less. The clerk of the municipal election commission shall give a certificate of election to the person elected and shall return to the Secretary of State a copy of the order of holding the election and its results, certified by the municipal clerk.
