MISSISSIPPI LEGISLATURE

To: Education; Appropriations

HOUSE BILL NO. 895

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. The following shall be codified as Section 25-11-126, Mississippi Code of 1972:

25-11-126. (1) (a) Any person who has retired under Section 25-11-111 and is receiving a retirement allowance under this article, who was employed as a teacher in a public school district at the time of retirement, may be employed after retirement in a public school district in this state as a teacher in an academic subject area in which there exists a critical shortage of teachers, as designated by the State Board of Education, and may continue receiving his or her retirement allowance while employed as a teacher after retirement in addition...
to receiving the salary authorized under Section 37-19-7(3), as
provided in this section.

(b) Any person who is employed in a public school
district in this state as a teacher in an academic subject area in
which there exists a critical shortage of teachers, as designated
by the State Board of Education, who becomes eligible for
retirement under Section 25-11-111 during that employment as a
teacher, may receive a retirement allowance under this article
while continuing to be employed as a teacher in the public school
district in addition to receiving the salary authorized under
Section 37-19-7(3), as provided in this section.

(2) (a) Any person described in subsection (1)(a) of this
section must notify the executive director of the retirement
system, before being employed as a teacher in a public school
district after retirement, whether the person chooses to continue
receiving his or her retirement allowance while employed as a
teacher after retirement. If the person chooses not to continue
receiving his or her retirement allowance while employed as a
teacher after retirement, the person's retirement allowance will
cease on the day that he or she begins employment as a teacher
after retirement. After the person terminates employment as a
teacher that was begun after retirement, in order to begin
receiving a retirement allowance under this article again, the
person must make application to the executive director of the
retirement system, and the person's retirement allowance will
begin on the first of the month following the date that the
application is received by the executive director.

(b) Any person described in subsection (1)(b) who
chooses to receive a retirement allowance while continuing to be
employed as a teacher in the public school district must make
application to the executive director of the retirement system,
and the person's retirement allowance will begin on the first of
the month following the date that the application is received by
the executive director. Those persons are not required to
withdraw from service in order to receive the retirement
allowance.

(3) (a) Any person described in subsection (1)(a) of this
section who chooses not to receive his or her retirement allowance
while employed as a teacher after retirement will be a
contributing member of the retirement system and will receive
creditable service for the period during which he or she is
employed as a teacher without receiving a retirement allowance.
If the person has previously received a retirement allowance under
this article and is employed as a teacher after retirement for
more than six (6) months without receiving a retirement allowance,
the person's retirement allowance will be recomputed when he or
she retires again, and will include the creditable service that
was earned after the person again became a contributing member of
the retirement system.

(b) Any person who chooses to continue receiving a
retirement allowance while employed as a teacher after retirement
and any person who chooses to receive a retirement allowance while
continuing to be employed as a teacher may choose to be a
contributing member of the retirement system for the period during
which he or she receives a retirement allowance while employed as
a teacher. The person must make this choice at the time of
notification or application to the executive director of the
system under subsection (2) or (3) of this section.

(c) If a person chooses to be a contributing member of
the retirement system for the period during which he or she
receives a retirement allowance while employed as a teacher after
retirement or while continuing to be employed as a teacher, the
person will receive creditable service for that period of
employment as a teacher. The person’s retirement allowance during
the period of employment as a teacher will not be based on any of
the creditable service that the person is earning during that
period; however, if the person is employed as a teacher for more than six (6) months, the person's retirement allowance will be recomputed when he or she terminates employment as a teacher, and the recomputed retirement allowance will include the creditable service that the person earned during the period of employment as a teacher.

(d) If a person chooses not to be a contributing member of the retirement system for the period during which he or she receives a retirement allowance while employed as a teacher after retirement or while continuing to be employed as a teacher, the person will not receive any creditable service for that period of employment as a teacher, and the person's retirement allowance will not be recomputed when he or she terminates employment as a teacher.

(e) After a person has made the choice of whether or not to be a contributing member of the retirement system for the period during which he or she receives a retirement allowance while employed as a teacher after retirement or while continuing to be employed as a teacher, that choice may not be changed.

SECTION 2. Section 25-11-103, Mississippi Code of 1972, is amended as follows:

25-11-103. The following words and phrases as used in Articles 1 and 3, unless a different meaning is plainly required by the context, shall have the following meanings:

(a) "Accumulated contributions" shall mean the sum of all the amounts deducted from the compensation of a member and credited to his individual account in the annuity savings account, together with regular interest thereon as provided in Section 25-11-123.

(b) "Actuarial cost" shall mean the amount of funds presently required to provide future benefits as determined by the board based on applicable tables and formulas provided by the actuary.
(c) "Actuarial equivalent" shall mean a benefit of equal value to the accumulated contributions, annuity or benefit, as the case may be, when computed upon the basis of such mortality tables as shall be adopted by the board of trustees, and regular interest.

(d) "Actuarial tables" shall mean such tables of mortality and rates of interest as shall be adopted by the board in accordance with the recommendation of the actuary.

(e) "Agency" shall mean any governmental body employing persons in the state service.

(f) "Average compensation" shall mean the average of the four (4) highest years of earned compensation reported for an employee in a fiscal or calendar year period, or combination thereof which do not overlap, or the last forty-eight (48) consecutive months of earned compensation reported for an employee. The four (4) years need not be successive or joined years of service. In no case shall the average compensation so determined be in excess of One Hundred Twenty-five Thousand Dollars ($125,000.00). In computing the average compensation, any amount paid in a lump sum for personal leave shall be included in the calculation to the extent that such amount does not exceed an amount which is equal to thirty (30) days of earned compensation and to the extent that it does not cause the employees' earned compensation to exceed the maximum reportable amount specified in Section 25-11-103(k); provided, however, that such thirty-day limitation shall not prevent the inclusion in the calculation of leave earned under federal regulations prior to July 1, 1976, and frozen as of that date as referred to in Section 25-3-99. Only the amount of lump sum pay for personal leave due and paid upon the death of a member attributable for up to one hundred fifty (150) days shall be used in the deceased member's average compensation calculation in determining the beneficiary's benefits. In computing the average compensation, no amounts shall
be used which are in excess of the amount on which contributions
were required and paid. If any member who is or has been granted
any increase in annual salary or compensation of more than eight
percent (8%) retires within twenty-four (24) months from the date
that such increase becomes effective, then the board shall exclude
that part of the increase in salary or compensation that exceeds
eight percent (8%) in calculating that member's average
compensation for retirement purposes. The board may enforce this
provision by rule or regulation. However, increases in
compensation in excess of eight percent (8%) per year granted
within twenty-four (24) months of the date of retirement may be
included in such calculation of average compensation if
satisfactory proof is presented to the board showing that the
increase in compensation was the result of an actual change in the
position held or services rendered, or that such compensation
increase was authorized by the State Personnel Board or was
increased as a result of statutory enactment, and the employer
furnishes an affidavit stating that such increase granted within
the last twenty-four (24) months was not contingent on a promise
or agreement of the employee to retire. Nothing in Section
25-3-31 shall affect the calculation of the average compensation
of any member for the purposes of this article. The average
compensation of any member who retires before July 1, 1992, shall
not exceed the annual salary of the Governor.

(g) "Beneficiary" shall mean any person entitled to
receive a retirement allowance, an annuity or other benefit as
provided by Articles 1 and 3. In the event of the death prior to
retirement of any member whose spouse and/or children are not
entitled to a retirement allowance on the basis that the member
has less than four (4) years of service credit and/or has not been
married for a minimum of one (1) year or the spouse has waived his
or her entitlement to a retirement allowance pursuant to Section
25-11-114, the lawful spouse of a member at the time of the death
of such member shall be the beneficiary of such member unless the
member has designated another beneficiary subsequent to the date
of marriage in writing, and filed such writing in the office of
the executive director of the board of trustees. No designation
or change of beneficiary shall be made in any other manner.

(h) "Board" shall mean the board of trustees provided
in Section 25-11-15 to administer the retirement system herein
created.

(i) "Creditable service" shall mean "prior service," "retroactive service" and all lawfully credited unused leave not exceeding the accrual rates and limitations provided in Section 25-3-91 et seq., as of the date of withdrawal from service plus "membership service" for which credit is allowable as provided in Section 25-11-109. Except to limit creditable service reported to the system for the purpose of computing an employee's retirement allowance or annuity or benefits provided in this article, nothing in this paragraph shall limit or otherwise restrict the power of the governing authority of a municipality or other political subdivision of the state to adopt such vacation and sick leave policies as it deems necessary.

(j) "Child" means either a natural child of the member, a child that has been made a child of the member by applicable court action before the death of the member, or a child under the permanent care of the member at the time of the latter's death, which permanent care status shall be determined by evidence satisfactory to the board.

(k) "Earned compensation" shall mean the full amount earned by an employee for a given pay period including any maintenance furnished up to a maximum of One Hundred Twenty-five Thousand Dollars ($125,000.00) per year, and proportionately for less than one (1) year of service. The value of such maintenance when not paid in money shall be fixed by the employing state agency, and, in case of doubt, by the board of trustees as defined

H. B. No. 895

in Section 25-11-15. In any case, earned compensation shall be
limited to the regular periodic compensation paid, exclusive of
litigation fees, bond fees, and other similar extraordinary
nonrecurring payments. In addition, any member in a covered
position, as defined by Public Employees' Retirement System laws
and regulations, who is also employed by another covered agency or
political subdivision shall have the earnings of that additional
employment reported to the Public Employees' Retirement System
regardless of whether the additional employment is sufficient in
itself to be a covered position. In the case of fee officials,
the net earnings from their office after deduction of expenses
shall apply, except that in no case shall earned compensation be
less than the total direct payments made by the state or
governmental subdivisions to the official, and employer and
employee contributions shall be paid thereon. In the case of
members of the state Legislature, all remuneration or amounts
paid, except mileage allowance, shall apply. The amount by which
an eligible employee's salary is reduced pursuant to a salary
reduction agreement authorized under Section 25-17-5 shall be
included as earned compensation under this paragraph, provided
this inclusion does not conflict with federal law, including
federal regulations and federal administrative interpretations
thereunder, pertaining to the Federal Insurance Contributions Act
or to Internal Revenue Code Section 125 cafeteria plans.
Compensation in addition to an employee's base salary that is paid
to the employee pursuant to the vacation and sick leave policies
of a municipality or other political subdivision of the state that
employs him which exceeds the maximums authorized by Section
25-3-91 et seq., shall be excluded from the calculation of earned
compensation under this article. The maximum salary applicable
for retirement purposes before July 1, 1992, shall be the salary
of the Governor. Nothing in Section 25-3-31 shall affect the
determination of the earned compensation of any member for the purposes of this article.

(l) "Employee" means any person legally occupying a position in the state service, and shall include the employees of the retirement system created hereunder.

(m) "Employer" shall mean the State of Mississippi or any of its departments, agencies or subdivisions from which any employee receives his compensation.

(n) "Executive director" shall mean the secretary to the board of trustees, as provided in Section 25-11-15(9), and the administrator of the Public Employees' Retirement System and all systems under the management of the board of trustees. Wherever the term "Executive Secretary of the Public Employees' Retirement System" or "executive secretary" appears in this article or in any other provision of law, it shall be construed to mean the Executive Director of the Public Employees' Retirement System.

(o) "Fiscal year" shall mean the period beginning on July 1 of any year and ending on June 30 of the next succeeding year.

(p) "Medical board" shall mean the board of physicians or any governmental or nongovernmental disability determination service designated by the board of trustees that is qualified to make disability determinations as provided for in Section 25-11-119.

(q) "Member" shall mean any person included in the membership of the system as provided in Section 25-11-105.

(r) "Membership service" shall mean service as an employee rendered while a member of the retirement system.

(s) "Position" means any office or any employment in the state service, or two (2) or more of them, the duties of which call for services to be rendered by one (1) person, including positions jointly employed by federal and state agencies administering federal and state funds. The employer shall
determine upon initial employment and during the course of employment of an employee who does not meet the criteria for coverage in the Public Employees' Retirement System based on the position held, whether the employee is or becomes eligible for coverage in the Public Employees' Retirement System based upon any other employment in a covered agency or political subdivision. If or when the employee meets the eligibility criteria for coverage in such other position, then the employer must withhold contributions and report wages from the noncovered position in accordance with the provisions for reporting of earned compensation. Failure to deduct and report those contributions shall not relieve the employee or employer of liability thereof. The board shall adopt such rules and regulations as necessary to implement and enforce this provision.

(t) "Prior service" shall mean service rendered before February 1, 1953, for which credit is allowable under Sections 25-11-105 and 25-11-109, and which shall allow prior service for any person who is now or becomes a member of the Public Employees' Retirement System and who does contribute to the system for a minimum period of four (4) years.

(u) "Regular interest" shall mean interest compounded annually at such a rate as shall be determined by the board in accordance with Section 25-11-121.

(v) "Retirement allowance" shall mean an annuity for life as provided in this article, payable each year in twelve (12) equal monthly installments beginning as of the date fixed by the board. The retirement allowance shall be calculated in accordance with Section 25-11-111. Provided, any spouse who received a spouse retirement benefit in accordance with Section 25-11-111(d) prior to March 31, 1971, and said benefits were terminated because of eligibility for a social security benefit, may again receive his spouse retirement benefit from and after making application.
with the board of trustees to reinstate such spouse retirement
benefit.

(w) "Retroactive service" shall mean service rendered
after February 1, 1953, for which credit is allowable under
Section 25-11-105(b) and Section 25-11-105(k).

(x) "System" shall mean the Public Employees'
Retirement System of Mississippi established and described in
Section 25-11-101.

(y) "State" shall mean the State of Mississippi or any
political subdivision thereof or instrumentality thereof.

(z) "State service" shall mean all offices and
positions of trust or employment in the employ of the state, or
any political subdivision or instrumentality thereof, which elect
to participate as provided by Section 25-11-105(f), including the
position of elected or fee officials of the counties and their
deputies and employees performing public services or any
department, independent agency, board or commission thereof, and
shall also include all offices and positions of trust or
employment in the employ of joint state and federal agencies
administering state and federal funds and service rendered by
employees of the public schools. Effective July 1, 1973, all
nonprofessional public school employees, such as bus drivers,
janitors, maids, maintenance workers and cafeteria employees,
shall have the option to become members in accordance with Section
25-11-105(b), and shall be eligible to receive credit for services
prior to July 1, 1973, provided the contributions and interest are
paid by the employee in accordance with said section; provided,
further, that the county or municipal separate school district may
pay the employer contribution and pro rata share of interest of
the retroactive service from available funds. From and after July
1, 1998, retroactive service credit shall be purchased at the
actuarial cost in accordance with Section 25-11-105(b).
(aa) "Withdrawal from service" shall mean complete severance of employment in the state service of any member by resignation, dismissal or discharge, except in the case of persons who become eligible for retirement under this article during their employment as a teacher and who choose to receive a retirement allowance while continuing to be employed as a teacher as authorized by Section 25-11-126.

(bb) The masculine pronoun, wherever used, shall include the feminine pronoun.

SECTION 3. Section 25-11-105, Mississippi Code of 1972, is amended as follows:

25-11-105. I. THOSE WHO ARE ELIGIBLE FOR MEMBERSHIP

The membership of this retirement system shall be composed as follows:

(a) All persons who shall become employees in the state service after January 31, 1953, and whose wages are subject to payroll taxes and are lawfully reported on IRS Form W-2, except (i) those persons who are specifically excluded, (ii) those persons to whom election is provided in Articles 1 and 3, and (iii) those persons who continue receiving a retirement allowance while employed as a teacher after retirement and those persons who receive a retirement allowance while continuing to be employed as a teacher, as authorized by Section 25-11-126, shall become members of the retirement system as a condition of their employment.

(b) All persons who shall become employees in the state service after January 31, 1953, except those specifically excluded or as to whom election is provided in Articles 1 and 3, unless they shall file with the board prior to the lapse of sixty (60) days of employment or sixty (60) days after the effective date of the cited articles, whichever is later, on a form prescribed by the board, a notice of election not to be covered by the membership of the retirement system and a duly executed waiver of
all present and prospective benefits which would otherwise inure to them on account of their participation in the system, shall become members of the retirement system; provided, however, that no credit for prior service will be granted to members until they have contributed to Article 3 of the retirement system for a minimum period of at least four (4) years. Such members shall receive credit for services performed prior to January 1, 1953, in employment now covered by Article 3, but no credit shall be granted for retroactive services between January 1, 1953, and the date of their entry into the retirement system unless the employee pays into the retirement system both the employer's and the employee's contributions on wages paid him during the period from January 31, 1953, to the date of his becoming a contributing member, together with interest at the rate determined by the board of trustees. Members reentering after withdrawal from service shall qualify for prior service under the provisions of Section 25-11-117. From and after July 1, 1998, upon eligibility as noted above, the member may receive credit for such retroactive service provided:

(1) The member shall furnish proof satisfactory to the board of trustees of certification of such service from the covered employer where the services were performed; and

(2) The member shall pay to the retirement system on the date he or she is eligible for such credit or at any time thereafter prior to the date of retirement the actuarial cost for each year of such creditable service. The provisions of this subparagraph (2) shall be subject to the limitations of Section 415 of the Internal Revenue Code and regulations promulgated thereunder. Nothing contained in this paragraph (b) shall be construed to limit the authority of the board to allow the correction of reporting errors or omissions based on the payment of the employee and employer contributions plus applicable interest.
(c) All persons who shall become employees in the state service after January 31, 1953, and who are eligible for membership in any other retirement system shall become members of this retirement system as a condition of their employment unless they elect at the time of their employment to become a member of such other system.

(d) All persons who are employees in the state service on January 31, 1953, and who are members of any nonfunded retirement system operated by the State of Mississippi, or any of its departments or agencies, shall become members of this system with prior service credit unless, before February 1, 1953, they shall file a written notice with the board of trustees that they do not elect to become members.

(e) All persons who are employees in the state service on January 31, 1953, and who under existing laws are members of any fund operated for the retirement of employees by the State of Mississippi, or any of its departments or agencies, shall not be entitled to membership in this retirement system unless, before February 1, 1953, any such person shall indicate by a notice filed with the board, on a form prescribed by the board, his individual election and choice to participate in this system, but no such person shall receive prior service credit unless he becomes a member on or before February 1, 1953.

(f) Each political subdivision of the state and each instrumentality of the state or a political subdivision, or both, is hereby authorized to submit, for approval by the board of trustees, a plan for extending the benefits of this article to employees of any such political subdivision or instrumentality. Each such plan or any amendment to the plan for extending benefits thereof shall be approved by the board of trustees if it finds that such plan, or such plan as amended, is in conformity with such requirements as are provided in Articles 1 and 3; however, upon approval of such plan or any such plan heretofore approved by
the board of trustees, the approved plan shall not be subject to
cancellation or termination by the political subdivision or
instrumentality, except that any community hospital serving a
municipality that joined the Public Employees' Retirement System
as of November 1, 1956, to offer social security coverage for its
employees and subsequently extended retirement annuity coverage to
its employees as of December 1, 1965, may, upon documentation of
extreme financial hardship, have future retirement annuity
coverage cancelled or terminated at the discretion of the board of
trustees. No such plan shall be approved unless:

   (1) It provides that all services which constitute
employment as defined in Section 25-11-5 and are performed in the
employ of the political subdivision or instrumentality, by any
employees thereof, shall be covered by the plan; with the
exception of municipal employees who are already covered by
existing retirement plans; provided, however, those employees in
this class may elect to come under the provisions of this article;

   (2) It specifies the source or sources from which
the funds necessary to make the payments required by paragraph (d)
of Section 25-11-123 and of paragraph (f)(5)B and C of this
section are expected to be derived and contains reasonable
assurance that such sources will be adequate for such purpose;

   (3) It provides for such methods of administration
of the plan by the political subdivision or instrumentality as are
found by the board of trustees to be necessary for the proper and
efficient administration thereof;

   (4) It provides that the political subdivision or
instrumentality will make such reports, in such form and
containing such information, as the board of trustees may from
time to time require;

   (5) It authorizes the board of trustees to
terminate the plan in its entirety in the discretion of the board
if it finds that there has been a failure to comply substantially
with any provision contained in such plan, such termination to
take effect at the expiration of such notice and on such
conditions as may be provided by regulations of the board and as
may be consistent with applicable federal law.

A. The board of trustees shall not finally
refuse to approve a plan submitted under paragraph (f), and shall
not terminate an approved plan without reasonable notice and
opportunity for hearing to each political subdivision or
instrumentality affected thereby. The board's decision in any
such case shall be final, conclusive and binding unless an appeal
be taken by the political subdivision or instrumentality aggrieved
thereby to the Circuit Court of Hinds County, Mississippi, in
accordance with the provisions of law with respect to civil causes
by certiorari.

B. Each political subdivision or
instrumentality as to which a plan has been approved under this
section shall pay into the contribution fund, with respect to
wages (as defined in Section 25-11-5), at such time or times as
the board of trustees may by regulation prescribe, contributions
in the amounts and at the rates specified in the applicable
agreement entered into by the board.

C. Every political subdivision or
instrumentality required to make payments under paragraph (f)(5)B
hereof is authorized, in consideration of the employees' retention
in or entry upon employment after enactment of Articles 1 and 3,
to impose upon its employees, as to services which are covered by
an approved plan, a contribution with respect to wages (as defined
in Section 25-11-5) not exceeding the amount provided in Section
25-11-123(d) if such services constituted employment within the
meaning of Articles 1 and 3, and to deduct the amount of such
contribution from the wages as and when paid. Contributions so
collected shall be paid into the contribution fund as partial
discharge of the liability of such political subdivisions or
instrumentalities under paragraph (f)(5)B hereof. Failure to
deduct such contribution shall not relieve the employee or
employer of liability thereof.

D. Any state agency, school, political
subdivision, instrumentality or any employer that is required to
submit contribution payments or wage reports under any section of
this chapter shall be assessed interest on delinquent payments or
wage reports as determined by the board of trustees in accordance
with rules and regulations adopted by the board and such assessed
interest may be recovered by action in a court of competent
jurisdiction against such reporting agency liable therefor or may,
upon due certification of delinquency and at the request of the
board of trustees, be deducted from any other monies payable to
such reporting agency by any department or agency of the state.

E. Each political subdivision of the state
and each instrumentality of the state or a political subdivision
or subdivisions which submits a plan for approval of the board, as
provided in this section, shall reimburse the board for coverage
into the expense account, its pro rata share of the total expense
of administering Articles 1 and 3 as provided by regulations of
said board.

(g) The board may, in its discretion, deny the right of
membership in this system to any class of employees whose
compensation is only partly paid by the state or who are occupying
positions on a part-time or intermittent basis. The board may, in
its discretion, make optional with employees in any such classes
their individual entrance into this system.

(h) An employee whose membership in this system is
contingent on his own election, and who elects not to become a
member, may thereafter apply for and be admitted to membership;
but no such employee shall receive prior service credit unless he
becomes a member prior to July 1, 1953, except as provided in
(i) In the event any member of this system should change his employment to any agency of the state having an actuarially funded retirement system, the board of trustees may authorize the transfer of the member's creditable service and of the present value of the member's employer's accumulation account and of the present value of the member's accumulated membership contributions to such other system, provided the employee agrees to the transfer of his accumulated membership contributions and provided such other system is authorized to receive and agrees to make such transfer.

In the event any member of any other actuarially funded system maintained by an agency of the state changes his employment to an agency covered by this system, the board of trustees may authorize the receipt of the transfer of the member's creditable service and of the present value of the member's employer's accumulation account and of the present value of the member's accumulated membership contributions from such other system, provided the employee agrees to the transfer of his accumulated membership contributions to this system and provided the other system is authorized and agrees to make such transfer.

(j) Wherever herein state employment is referred to, it shall include joint employment by state and federal agencies of all kinds.

(k) Employees of a political subdivision or instrumentality who were employed by such political subdivision or instrumentality prior to an agreement between such entity and the Public Employees' Retirement System to extend the benefits of this article to its employees, and which agreement provides for the establishment of retroactive service credit, and who have been members of the retirement system and have remained contributors to the retirement system for four (4) years, may receive credit for such retroactive service with such political subdivision or instrumentality, provided the employee and/or employer, as
provided under the terms of the modification of the joinder agreement in allowing such coverage, pay into the retirement system the employer's and employee's contributions on wages paid the member during such previous employment, together with interest or actuarial cost as determined by the board covering the period from the date the service was rendered until the payment for the credit for such service was made. Such wages shall be verified by the Social Security Administration or employer payroll records. Effective July 1, 1998, upon eligibility as noted above, a member may receive credit for such retroactive service with such political subdivision or instrumentality provided:

(1) The member shall furnish proof satisfactory to the board of trustees of certification of such services from the political subdivision or instrumentality where the services were rendered or verification by the Social Security Administration; and

(2) The member shall pay to the retirement system on the date he or she is eligible for such credit or at any time thereafter prior to the date of retirement the actuarial cost for each year of such creditable service. The provisions of this subparagraph (2) shall be subject to the limitations of Section 415 of the Internal Revenue Code and regulations promulgated thereunder.

Nothing contained in this paragraph (k) shall be construed to limit the authority of the board to allow the correction of reporting errors or omissions based on the payment of employee and employer contributions plus applicable interest. Payment for such time shall be made in increments of not less than one-quarter (1/4) year of creditable service beginning with the most recent service. Upon the payment of all or part of such required contributions, plus interest or the actuarial cost as provided above, the member shall receive credit for the period of
creditable service for which full payment has been made to the 
retirement system.

(l) Through June 30, 1998, any state service eligible 
for retroactive service credit, no part of which has ever been 
reported, and requiring the payment of employee and employer 
contributions plus interest, or, from and after July 1, 1998, any 
state service eligible for retroactive service credit, no part of 
which has ever been reported to the retirement system, and 
requiring the payment of the actuarial cost for such creditable 
service, may, at the member's option, be purchased in quarterly 
increments as provided above at such time as its purchase is 
otherwise allowed.

(m) All rights to purchase retroactive service credit 
or repay a refund as provided in Section 25-11-101 et seq. shall 
terminate upon retirement.

II. THOSE WHO ARE NOT ELIGIBLE FOR MEMBERSHIP

The following classes of employees and officers shall not 
become members of this retirement system, any other provisions of 
Articles 1 and 3 to the contrary notwithstanding:

(a) Patient or inmate help in state charitable, penal 
or correctional institutions;

(b) Students of any state educational institution

SECTION 4. Section 25-11-127, Mississippi Code of 1972, is amended as follows:

25-11-127. No person who is being paid a retirement allowance or a pension after retirement under this article shall be employed or paid for any service by the State of Mississippi, except as provided in this section or in Section 25-11-126. This section shall not apply to any pensioner who has been elected to public office after retirement, nor to any person employed because of special knowledge or experience. This section shall not be construed to mean that any person employed or elected under the above exceptions shall become a member under Article 3 of the retirement system unless the person chooses to become a contributing member of the retirement system as authorized by Section 25-11-126, nor shall any retirant of this retirement system who is reemployed or is reelected to office after retirement continue to draw retirement benefits while so reemployed or reelected, except those persons who choose to continue receiving a retirement allowance during their employment as teachers as authorized by Section 25-11-126. Any person who has been retired under the provisions of Articles 1 and 3 and who is later reemployed in service covered by this article, except for those persons who choose to continue receiving a retirement allowance during their employment as teachers as authorized by Section 25-11-126, shall cease to receive benefits under this article and the person shall again become a contributing member of the retirement system unless the person chooses not to be a contributing member as authorized by Section 25-11-126. When the person retires again, if the person has been a contributing member of the retirement system during his or her reemployment and the reemployment exceeds six (6) months, the person shall have his or her benefit recomputed, including service after again becoming a member, provided that the total retirement allowance paid to the retired member in his or her previous retirement shall be deducted from the member's
retirement reserve and taken into consideration in recalculating
the retirement allowance under a new option selected. Nothing
contained in this section shall be construed as prohibiting any
county or city not a member of the Public Employees' Retirement

In addition, through June 30, 1988, nothing contained in this
section shall be construed as prohibiting any governmental unit

seventy-three (73) who are not eligible for membership at the time
of employment under Article 3.

The board of trustees of the retirement system shall have the
right to prescribe rules and regulations for the carrying out of
this provision.

The provisions of this section shall not be construed to
prohibit any retirant, regardless of age, from being employed and
from drawing retirement allowance either (a) for a period of time
not to exceed one hundred twenty (120) days in any fiscal year,
but less than one-half (1/2) of the normal working days for the
position in any fiscal year, or (b) for a period of time in any
fiscal year sufficient in length to permit a retirant to earn not
in excess of twenty-five percent (25%) of retirant's average

regular position filled. Notice shall be given in writing to the

However, any such officer or employee may receive, in addition to the retirement allowance, any per diem, office expense allowance, mileage or travel expense authorized by any statute of the State of Mississippi.

Any * * * member may continue in municipal or county office or employment or be reemployed or elected in a municipality or county, provided that the person files annually, in writing, in the office of the employer and the office of the executive director of the system before those services, a waiver of all salary or compensation and elects to receive in lieu of that salary or compensation a retirement allowance as provided in this section, in which event no salary or compensation shall thereafter be due or payable for those services.
