shall require all institutions of higher learning to admit students who graduate from a public school in Mississippi in the top ten percent (10%) of their high school class without such students taking an American College Test (ACT) or Scholastic Aptitude Test (SAT) or any other entrance examination. The board shall have general supervision of the conduct of libraries and laboratories, the care of dormitories, buildings, and grounds; the business methods and arrangement of accounts and records; the organization of the administrative plan of each institution; and all other matters incident to the proper functioning of the institutions. The board shall have the authority to establish minimum standards of achievement as a prerequisite for entrance into any of the institutions under its jurisdiction, which standards need not be uniform between the various institutions and which may be based upon such criteria as the board may establish.

(c) The board shall exercise all the powers and prerogatives conferred upon it under the laws establishing and providing for the operation of the several institutions herein specified. The board shall adopt such bylaws and regulations from time to time as it deems expedient for the proper supervision and control of the several institutions of higher learning, insofar as such bylaws and regulations are not repugnant to the Constitution and laws, and not inconsistent with the object for which these institutions were established. The board shall have power and authority to prescribe rules and regulations for policing the campuses and all buildings of the respective institutions, to authorize the arrest of all persons violating on any campus any criminal law of the state, and to have such law violators turned over to the civil authorities.

(d) For all institutions specified herein, the board shall provide a uniform system of recording and of accounting approved by the State Department of Audit. The board shall annually prepare, or cause to be prepared, a budget for each institution of
higher learning for the succeeding year which must be prepared and
in readiness for at least thirty (30) days before the convening of
the regular session of the Legislature. All relationships and
negotiations between the state Legislature and its various
committees and the institutions named herein shall be carried on
through the board of trustees. No official, employee or agent
representing any of the separate institutions shall appear before
the Legislature or any committee thereof except upon the written
order of the board or upon the request of the Legislature or a
committee thereof.

(e) For all institutions specified herein, the board shall
prepare an annual report to the Legislature setting forth the
disbursements of all monies appropriated to the respective
institutions. Each report to the Legislature shall show how the
money appropriated to the several institutions has been expended,
beginning and ending with the fiscal years of the institutions,
showing the name of each teacher, officer, and employee, and the
salary paid each, and an itemized statement of each and every item
of receipts and expenditures. Each report must be balanced, and
must begin with the former balance. If any property belonging to
the state or the institution is used for profit, the reports shall
show the expense incurred in managing the property and the amount
received therefrom. The reports shall also show a summary of the
gross receipts and gross disbursements for each year and shall
show the money on hand at the beginning of the fiscal period of
the institution next preceding each session of the Legislature and
the necessary amount of expense to be incurred from said date to
January 1 following. The board shall keep the annual expenditures
of each institution herein mentioned within the income derived
from legislative appropriations and other sources, but in case of
emergency arising from acts of providence, epidemics, fire or
storm with the written approval of the Governor and by written
consent of a majority of the Senators and of the Representatives
it may exceed the income. The board shall require a surety bond in a surety company authorized to do business in this state, of every employee who is the custodian of funds belonging to one or more of the institutions mentioned herein, which bond shall be in a sum to be fixed by the board in an amount that will properly safeguard the said funds, the premium for which shall be paid out of the funds appropriated for said institutions.

(f) The board shall have the power and authority to elect the heads of the various institutions of higher learning and to contract with all deans, professors, and other members of the teaching staff, and all administrative employees of said institutions for a term of not exceeding four (4) years. The board shall have the power and authority to terminate any such contract at any time for malfeasance, inefficiency, or contumacious conduct, but never for political reasons. It shall be the policy of the board to permit the executive head of each institution to nominate for election by the board all subordinate employees of the institution over which he presides. It shall be the policy of the board to elect all officials for a definite tenure of service and to reelect during the period of satisfactory service. The board shall have the power to make any adjustments it thinks necessary between the various departments and schools of any institution or between the different institutions.

(g) The board shall keep complete minutes and records of all proceedings which shall be open for inspection by any citizen of the state.

(h) The board shall have the power to contract, on a shared-savings, lease or lease-purchase basis, for energy efficiency services and/or equipment as prescribed in Section 31-7-14, not to exceed ten (10) years.

(i) The Board of Trustees of State Institutions of Higher Learning, for and on behalf of Jackson State University, is hereby authorized to convey by donation or otherwise easements across
portions of certain real estate located in the City of Jackson, Hinds County, Mississippi, for right-of-way required for the Metro Parkway Project.

SECTION 2. This act shall take effect and be in force from and after July 1, 2001.
