HOUSE BILL NO. 1000

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,
 2 TO PROVIDE THAT NURSING FACILITY SERVICES FOR THE SEVERELY
 3 DISABLED WILL BE MEDICAID REIMBURSABLE; TO PROVIDE THAT THOSE
 4 SERVICES MUST BE PROVIDED IN A LONG-TERM CARE NURSING FACILITY
 5 DEDICATED TO THE CARE AND TREATMENT OF PERSONS WITH SEVERE
 6 DISABILITIES; TO PROVIDE THAT THOSE SERVICES SHALL BE REIMBURSED
 7 AS A SEPARATE CATEGORY OF NURSING FACILITIES; AND FOR RELATED
 8 PURPOSES.

9 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

10 SECTION 1. Section 43-13-117, Mississippi Code of 1972, is
 11 amended as follows:

12 43-13-117. Medical assistance as authorized by this article
 13 shall include payment of part or all of the costs, at the
 14 discretion of the division or its successor, with approval of the
 15 Governor, of the following types of care and services rendered to
 16 eligible applicants who shall have been determined to be eligible
 17 for such care and services, within the limits of state
 18 appropriations and federal matching funds:

19 (1) Inpatient hospital services.

20 (a) The division shall allow thirty (30) days of
 21 inpatient hospital care annually for all Medicaid recipients. The
 22 division shall be authorized to allow unlimited days in
 23 disproportionate hospitals as defined by the division for eligible
 24 infants under the age of six (6) years.

25 (b) From and after July 1, 1994, the Executive
 26 Director of the Division of Medicaid shall amend the Mississippi
 27 Title XIX Inpatient Hospital Reimbursement Plan to remove the
 28 occupancy rate penalty from the calculation of the Medicaid

29 Capital Cost Component utilized to determine total hospital costs
30 allocated to the Medicaid program.

31 (c) Hospitals will receive an additional payment
32 for the implantable programmable pump implanted in an inpatient
33 basis. The payment pursuant to written invoice will be in
34 addition to the facility's per diem reimbursement and will
35 represent a reduction of costs on the facility's annual cost
36 report, and shall not exceed Ten Thousand Dollars (\$10,000.00) per
37 year per recipient. This paragraph (c) shall stand repealed on
38 July 1, 2001.

39 (2) Outpatient hospital services. Provided that where
40 the same services are reimbursed as clinic services, the division
41 may revise the rate or methodology of outpatient reimbursement to
42 maintain consistency, efficiency, economy and quality of care.
43 The division shall develop a Medicaid-specific cost-to-charge
44 ratio calculation from data provided by hospitals to determine an
45 allowable rate payment for outpatient hospital services, and shall
46 submit a report thereon to the Medical Advisory Committee on or
47 before December 1, 1999. The committee shall make a
48 recommendation on the specific cost-to-charge reimbursement method
49 for outpatient hospital services to the 2000 Regular Session of
50 the Legislature.

51 (3) Laboratory and x-ray services.

52 (4) Nursing facility services.

53 (a) The division shall make full payment to
54 nursing facilities for each day, not exceeding fifty-two (52) days
55 per year, that a patient is absent from the facility on home
56 leave. Payment may be made for the following home leave days in
57 addition to the fifty-two-day limitation: Christmas, the day
58 before Christmas, the day after Christmas, Thanksgiving, the day
59 before Thanksgiving and the day after Thanksgiving. However,
60 before payment may be made for more than eighteen (18) home leave
61 days in a year for a patient, the patient must have written

62 authorization from a physician stating that the patient is
63 physically and mentally able to be away from the facility on home
64 leave. Such authorization must be filed with the division before
65 it will be effective and the authorization shall be effective for
66 three (3) months from the date it is received by the division,
67 unless it is revoked earlier by the physician because of a change
68 in the condition of the patient.

69 (b) From and after July 1, 1997, the division
70 shall implement the integrated case-mix payment and quality
71 monitoring system, which includes the fair rental system for
72 property costs and in which recapture of depreciation is
73 eliminated. The division may reduce the payment for hospital
74 leave and therapeutic home leave days to the lower of the case-mix
75 category as computed for the resident on leave using the
76 assessment being utilized for payment at that point in time, or a
77 case-mix score of 1.000 for nursing facilities, and shall compute
78 case-mix scores of residents so that only services provided at the
79 nursing facility are considered in calculating a facility's per
80 diem. The division is authorized to limit allowable management
81 fees and home office costs to either three percent (3%), five
82 percent (5%) or seven percent (7%) of other allowable costs,
83 including allowable therapy costs and property costs, based on the
84 types of management services provided, as follows:

85 A maximum of up to three percent (3%) shall be allowed where
86 centralized managerial and administrative services are provided by
87 the management company or home office.

88 A maximum of up to five percent (5%) shall be allowed where
89 centralized managerial and administrative services and limited
90 professional and consultant services are provided.

91 A maximum of up to seven percent (7%) shall be allowed where
92 a full spectrum of centralized managerial services, administrative
93 services, professional services and consultant services are
94 provided.

95 (c) From and after July 1, 1997, all state-owned
96 nursing facilities shall be reimbursed on a full reasonable cost
97 basis.

98 (d) When a facility of a category that does not
99 require a certificate of need for construction and that could not
100 be eligible for Medicaid reimbursement is constructed to nursing
101 facility specifications for licensure and certification, and the
102 facility is subsequently converted to a nursing facility pursuant
103 to a certificate of need that authorizes conversion only and the
104 applicant for the certificate of need was assessed an application
105 review fee based on capital expenditures incurred in constructing
106 the facility, the division shall allow reimbursement for capital
107 expenditures necessary for construction of the facility that were
108 incurred within the twenty-four (24) consecutive calendar months
109 immediately preceding the date that the certificate of need
110 authorizing such conversion was issued, to the same extent that
111 reimbursement would be allowed for construction of a new nursing
112 facility pursuant to a certificate of need that authorizes such
113 construction. The reimbursement authorized in this subparagraph
114 (d) may be made only to facilities the construction of which was
115 completed after June 30, 1989. Before the division shall be
116 authorized to make the reimbursement authorized in this
117 subparagraph (d), the division first must have received approval
118 from the Health Care Financing Administration of the United States
119 Department of Health and Human Services of the change in the state
120 Medicaid plan providing for such reimbursement.

121 (e) The division shall develop and implement, not
122 later than January 1, 2001, a case-mix payment add-on determined
123 by time studies and other valid statistical data which will
124 reimburse a nursing facility for the additional cost of caring for
125 a resident who has a diagnosis of Alzheimer's or other related
126 dementia and exhibits symptoms that require special care. Any
127 such case-mix add-on payment shall be supported by a determination

128 of additional cost. The division shall also develop and implement
129 as part of the fair rental reimbursement system for nursing
130 facility beds, an Alzheimer's resident bed depreciation enhanced
131 reimbursement system which will provide an incentive to encourage
132 nursing facilities to convert or construct beds for residents with
133 Alzheimer's or other related dementia.

134 (f) The Division of Medicaid shall develop and
135 implement a referral process for long-term care alternatives for
136 Medicaid beneficiaries and applicants. No Medicaid beneficiary
137 shall be admitted to a Medicaid-certified nursing facility unless
138 a licensed physician certifies that nursing facility care is
139 appropriate for that person on a standardized form to be prepared
140 and provided to nursing facilities by the Division of Medicaid.
141 The physician shall forward a copy of that certification to the
142 Division of Medicaid within twenty-four (24) hours after it is
143 signed by the physician. Any physician who fails to forward the
144 certification to the Division of Medicaid within the time period
145 specified in this paragraph shall be ineligible for Medicaid
146 reimbursement for any physician's services performed for the
147 applicant. The Division of Medicaid shall determine, through an
148 assessment of the applicant conducted within two (2) business days
149 after receipt of the physician's certification, whether the
150 applicant also could live appropriately and cost-effectively at
151 home or in some other community-based setting if home- or
152 community-based services were available to the applicant. The
153 time limitation prescribed in this paragraph shall be waived in
154 cases of emergency. If the Division of Medicaid determines that a
155 home- or other community-based setting is appropriate and
156 cost-effective, the division shall:

157 (i) Advise the applicant or the applicant's
158 legal representative that a home- or other community-based setting
159 is appropriate;

160 (ii) Provide a proposed care plan and inform
161 the applicant or the applicant's legal representative regarding
162 the degree to which the services in the care plan are available in
163 a home- or in other community-based setting rather than nursing
164 facility care; and

165 (iii) Explain that such plan and services are
166 available only if the applicant or the applicant's legal
167 representative chooses a home- or community-based alternative to
168 nursing facility care, and that the applicant is free to choose
169 nursing facility care.

170 The Division of Medicaid may provide the services described
171 in this paragraph (f) directly or through contract with case
172 managers from the local Area Agencies on Aging, and shall
173 coordinate long-term care alternatives to avoid duplication with
174 hospital discharge planning procedures.

175 Placement in a nursing facility may not be denied by the
176 division if home- or community-based services that would be more
177 appropriate than nursing facility care are not actually available,
178 or if the applicant chooses not to receive the appropriate home-
179 or community-based services.

180 The division shall provide an opportunity for a fair hearing
181 under federal regulations to any applicant who is not given the
182 choice of home- or community-based services as an alternative to
183 institutional care.

184 The division shall make full payment for long-term care
185 alternative services.

186 The division shall apply for necessary federal waivers to
187 assure that additional services providing alternatives to nursing
188 facility care are made available to applicants for nursing
189 facility care.

190 (5) Periodic screening and diagnostic services for
191 individuals under age twenty-one (21) years as are needed to
192 identify physical and mental defects and to provide health care

193 treatment and other measures designed to correct or ameliorate
194 defects and physical and mental illness and conditions discovered
195 by the screening services regardless of whether these services are
196 included in the state plan. The division may include in its
197 periodic screening and diagnostic program those discretionary
198 services authorized under the federal regulations adopted to
199 implement Title XIX of the federal Social Security Act, as
200 amended. The division, in obtaining physical therapy services,
201 occupational therapy services, and services for individuals with
202 speech, hearing and language disorders, may enter into a
203 cooperative agreement with the State Department of Education for
204 the provision of such services to handicapped students by public
205 school districts using state funds which are provided from the
206 appropriation to the Department of Education to obtain federal
207 matching funds through the division. The division, in obtaining
208 medical and psychological evaluations for children in the custody
209 of the State Department of Human Services may enter into a
210 cooperative agreement with the State Department of Human Services
211 for the provision of such services using state funds which are
212 provided from the appropriation to the Department of Human
213 Services to obtain federal matching funds through the division.

214 On July 1, 1993, all fees for periodic screening and
215 diagnostic services under this paragraph (5) shall be increased by
216 twenty-five percent (25%) of the reimbursement rate in effect on
217 June 30, 1993.

218 (6) Physician's services. All fees for physicians'
219 services that are covered only by Medicaid shall be reimbursed at
220 ninety percent (90%) of the rate established on January 1, 1999,
221 and as adjusted each January thereafter, under Medicare (Title
222 XVIII of the Social Security Act, as amended), and which shall in
223 no event be less than seventy percent (70%) of the rate
224 established on January 1, 1994. All fees for physicians' services
225 that are covered by both Medicare and Medicaid shall be reimbursed

226 at ten percent (10%) of the adjusted Medicare payment established
227 on January 1, 1999, and as adjusted each January thereafter, under
228 Medicare (Title XVIII of the Social Security Act, as amended), and
229 which shall in no event be less than seven percent (7%) of the
230 adjusted Medicare payment established on January 1, 1994.

231 (7) (a) Home health services for eligible persons, not
232 to exceed in cost the prevailing cost of nursing facility
233 services, not to exceed sixty (60) visits per year.

234 (b) Repealed.

235 (8) Emergency medical transportation services. On
236 January 1, 1994, emergency medical transportation services shall
237 be reimbursed at seventy percent (70%) of the rate established
238 under Medicare (Title XVIII of the Social Security Act, as
239 amended). "Emergency medical transportation services" shall mean,
240 but shall not be limited to, the following services by a properly
241 permitted ambulance operated by a properly licensed provider in
242 accordance with the Emergency Medical Services Act of 1974
243 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced
244 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,
245 (vi) disposable supplies, (vii) similar services.

246 (9) Legend and other drugs as may be determined by the
247 division. The division may implement a program of prior approval
248 for drugs to the extent permitted by law. Payment by the division
249 for covered multiple source drugs shall be limited to the lower of
250 the upper limits established and published by the Health Care
251 Financing Administration (HCFA) plus a dispensing fee of Four
252 Dollars and Ninety-one Cents (\$4.91), or the estimated acquisition
253 cost (EAC) as determined by the division plus a dispensing fee of
254 Four Dollars and Ninety-one Cents (\$4.91), or the providers' usual
255 and customary charge to the general public. The division shall
256 allow five (5) prescriptions per month for noninstitutionalized
257 Medicaid recipients; however, exceptions for up to ten (10)

258 prescriptions per month shall be allowed, with the approval of the
259 director.

260 Payment for other covered drugs, other than multiple source
261 drugs with HCFA upper limits, shall not exceed the lower of the
262 estimated acquisition cost as determined by the division plus a
263 dispensing fee of Four Dollars and Ninety-one Cents (\$4.91) or the
264 providers' usual and customary charge to the general public.

265 Payment for nonlegend or over-the-counter drugs covered on
266 the division's formulary shall be reimbursed at the lower of the
267 division's estimated shelf price or the providers' usual and
268 customary charge to the general public. No dispensing fee shall
269 be paid.

270 The division shall develop and implement a program of payment
271 for additional pharmacist services, with payment to be based on
272 demonstrated savings, but in no case shall the total payment
273 exceed twice the amount of the dispensing fee.

274 As used in this paragraph (9), "estimated acquisition cost"
275 means the division's best estimate of what price providers
276 generally are paying for a drug in the package size that providers
277 buy most frequently. Product selection shall be made in
278 compliance with existing state law; however, the division may
279 reimburse as if the prescription had been filled under the generic
280 name. The division may provide otherwise in the case of specified
281 drugs when the consensus of competent medical advice is that
282 trademarked drugs are substantially more effective.

283 (10) Dental care that is an adjunct to treatment of an
284 acute medical or surgical condition; services of oral surgeons and
285 dentists in connection with surgery related to the jaw or any
286 structure contiguous to the jaw or the reduction of any fracture
287 of the jaw or any facial bone; and emergency dental extractions
288 and treatment related thereto. On July 1, 1999, all fees for
289 dental care and surgery under authority of this paragraph (10)
290 shall be increased to one hundred sixty percent (160%) of the

291 amount of the reimbursement rate that was in effect on June 30,
292 1999. It is the intent of the Legislature to encourage more
293 dentists to participate in the Medicaid program.

294 (11) Eyeglasses necessitated by reason of eye surgery,
295 and as prescribed by a physician skilled in diseases of the eye or
296 an optometrist, whichever the patient may select, or one (1) pair
297 every three (3) years as prescribed by a physician or an
298 optometrist, whichever the patient may select.

299 (12) Intermediate care facility services.

300 (a) The division shall make full payment to all
301 intermediate care facilities for the mentally retarded for each
302 day, not exceeding eighty-four (84) days per year, that a patient
303 is absent from the facility on home leave. Payment may be made
304 for the following home leave days in addition to the
305 eighty-four-day limitation: Christmas, the day before Christmas,
306 the day after Christmas, Thanksgiving, the day before Thanksgiving
307 and the day after Thanksgiving. However, before payment may be
308 made for more than eighteen (18) home leave days in a year for a
309 patient, the patient must have written authorization from a
310 physician stating that the patient is physically and mentally able
311 to be away from the facility on home leave. Such authorization
312 must be filed with the division before it will be effective, and
313 the authorization shall be effective for three (3) months from the
314 date it is received by the division, unless it is revoked earlier
315 by the physician because of a change in the condition of the
316 patient.

317 (b) All state-owned intermediate care facilities
318 for the mentally retarded shall be reimbursed on a full reasonable
319 cost basis.

320 (c) The division is authorized to limit allowable
321 management fees and home office costs to either three percent
322 (3%), five percent (5%) or seven percent (7%) of other allowable

323 costs, including allowable therapy costs and property costs, based
324 on the types of management services provided, as follows:

325 A maximum of up to three percent (3%) shall be allowed where
326 centralized managerial and administrative services are provided by
327 the management company or home office.

328 A maximum of up to five percent (5%) shall be allowed where
329 centralized managerial and administrative services and limited
330 professional and consultant services are provided.

331 A maximum of up to seven percent (7%) shall be allowed where
332 a full spectrum of centralized managerial services, administrative
333 services, professional services and consultant services are
334 provided.

335 (13) Family planning services, including drugs,
336 supplies and devices, when such services are under the supervision
337 of a physician.

338 (14) Clinic services. Such diagnostic, preventive,
339 therapeutic, rehabilitative or palliative services furnished to an
340 outpatient by or under the supervision of a physician or dentist
341 in a facility which is not a part of a hospital but which is
342 organized and operated to provide medical care to outpatients.
343 Clinic services shall include any services reimbursed as
344 outpatient hospital services which may be rendered in such a
345 facility, including those that become so after July 1, 1991. On
346 July 1, 1999, all fees for physicians' services reimbursed under
347 authority of this paragraph (14) shall be reimbursed at ninety
348 percent (90%) of the rate established on January 1, 1999, and as
349 adjusted each January thereafter, under Medicare (Title XVIII of
350 the Social Security Act, as amended), and which shall in no event
351 be less than seventy percent (70%) of the rate established on
352 January 1, 1994. All fees for physicians' services that are
353 covered by both Medicare and Medicaid shall be reimbursed at ten
354 percent (10%) of the adjusted Medicare payment established on
355 January 1, 1999, and as adjusted each January thereafter, under

356 Medicare (Title XVIII of the Social Security Act, as amended), and
357 which shall in no event be less than seven percent (7%) of the
358 adjusted Medicare payment established on January 1, 1994. On July
359 1, 1999, all fees for dentists' services reimbursed under
360 authority of this paragraph (14) shall be increased to one hundred
361 sixty percent (160%) of the amount of the reimbursement rate that
362 was in effect on June 30, 1999.

363 (15) Home- and community-based services, as provided
364 under Title XIX of the federal Social Security Act, as amended,
365 under waivers, subject to the availability of funds specifically
366 appropriated therefor by the Legislature. Payment for such
367 services shall be limited to individuals who would be eligible for
368 and would otherwise require the level of care provided in a
369 nursing facility. The home- and community-based services
370 authorized under this paragraph shall be expanded over a five-year
371 period beginning July 1, 1999. The division shall certify case
372 management agencies to provide case management services and
373 provide for home- and community-based services for eligible
374 individuals under this paragraph. The home- and community-based
375 services under this paragraph and the activities performed by
376 certified case management agencies under this paragraph shall be
377 funded using state funds that are provided from the appropriation
378 to the Division of Medicaid and used to match federal funds.

379 (16) Mental health services. Approved therapeutic and
380 case management services provided by (a) an approved regional
381 mental health/retardation center established under Sections
382 41-19-31 through 41-19-39, or by another community mental health
383 service provider meeting the requirements of the Department of
384 Mental Health to be an approved mental health/retardation center
385 if determined necessary by the Department of Mental Health, using
386 state funds which are provided from the appropriation to the State
387 Department of Mental Health and used to match federal funds under
388 a cooperative agreement between the division and the department,

389 or (b) a facility which is certified by the State Department of
390 Mental Health to provide therapeutic and case management services,
391 to be reimbursed on a fee for service basis. Any such services
392 provided by a facility described in paragraph (b) must have the
393 prior approval of the division to be reimbursable under this
394 section. After June 30, 1997, mental health services provided by
395 regional mental health/retardation centers established under
396 Sections 41-19-31 through 41-19-39, or by hospitals as defined in
397 Section 41-9-3(a) and/or their subsidiaries and divisions, or by
398 psychiatric residential treatment facilities as defined in Section
399 43-11-1, or by another community mental health service provider
400 meeting the requirements of the Department of Mental Health to be
401 an approved mental health/retardation center if determined
402 necessary by the Department of Mental Health, shall not be
403 included in or provided under any capitated managed care pilot
404 program provided for under paragraph (24) of this section. From
405 and after July 1, 2000, the division is authorized to contract
406 with a one-hundred-thirty-four-bed specialty hospital located on
407 Highway 39 North in Lauderdale County for the use of not more than
408 sixty (60) beds at the facility to provide mental health services
409 for children and adolescents and for crisis intervention services
410 for emotionally disturbed children with behavioral problems, with
411 priority to be given to children in the custody of the Department
412 of Human Services who are, or otherwise will be, receiving such
413 services out-of-state.

414 (17) Durable medical equipment services and medical
415 supplies. The Division of Medicaid may require durable medical
416 equipment providers to obtain a surety bond in the amount and to
417 the specifications as established by the Balanced Budget Act of
418 1997.

419 (18) Notwithstanding any other provision of this
420 section to the contrary, the division shall make additional
421 reimbursement to hospitals which serve a disproportionate share of

422 low-income patients and which meet the federal requirements for
423 such payments as provided in Section 1923 of the federal Social
424 Security Act and any applicable regulations. However, from and
425 after January 1, 2000, no public hospital shall participate in the
426 Medicaid disproportionate share program unless the public hospital
427 participates in an intergovernmental transfer program as provided
428 in Section 1903 of the federal Social Security Act and any
429 applicable regulations. Administration and support for
430 participating hospitals shall be provided by the Mississippi
431 Hospital Association.

432 (19) (a) Perinatal risk management services. The
433 division shall promulgate regulations to be effective from and
434 after October 1, 1988, to establish a comprehensive perinatal
435 system for risk assessment of all pregnant and infant Medicaid
436 recipients and for management, education and follow-up for those
437 who are determined to be at risk. Services to be performed
438 include case management, nutrition assessment/counseling,
439 psychosocial assessment/counseling and health education. The
440 division shall set reimbursement rates for providers in
441 conjunction with the State Department of Health.

442 (b) Early intervention system services. The
443 division shall cooperate with the State Department of Health,
444 acting as lead agency, in the development and implementation of a
445 statewide system of delivery of early intervention services,
446 pursuant to Part H of the Individuals with Disabilities Education
447 Act (IDEA). The State Department of Health shall certify annually
448 in writing to the director of the division the dollar amount of
449 state early intervention funds available which shall be utilized
450 as a certified match for Medicaid matching funds. Those funds
451 then shall be used to provide expanded targeted case management
452 services for Medicaid eligible children with special needs who are
453 eligible for the state's early intervention system.

454 Qualifications for persons providing service coordination shall be

455 determined by the State Department of Health and the Division of
456 Medicaid.

457 (20) Home- and community-based services for physically
458 disabled approved services as allowed by a waiver from the United
459 States Department of Health and Human Services for home- and
460 community-based services for physically disabled people using
461 state funds which are provided from the appropriation to the State
462 Department of Rehabilitation Services and used to match federal
463 funds under a cooperative agreement between the division and the
464 department, provided that funds for these services are
465 specifically appropriated to the Department of Rehabilitation
466 Services.

467 (21) Nurse practitioner services. Services furnished
468 by a registered nurse who is licensed and certified by the
469 Mississippi Board of Nursing as a nurse practitioner including,
470 but not limited to, nurse anesthetists, nurse midwives, family
471 nurse practitioners, family planning nurse practitioners,
472 pediatric nurse practitioners, obstetrics-gynecology nurse
473 practitioners and neonatal nurse practitioners, under regulations
474 adopted by the division. Reimbursement for such services shall
475 not exceed ninety percent (90%) of the reimbursement rate for
476 comparable services rendered by a physician.
