HOUSE BILL NO. 1001

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,
 2 TO REVISE THE MEDICAID REIMBURSEMENT PROVISIONS APPLICABLE TO
 3 MEDICARE BENEFICIARIES WHO ARE DUALY ELIGIBLE AS
 4 MEDICARE/MEDICAID BENEFICIARIES AND ARE PATIENTS IN DISTINCT PART
 5 SKILLED NURSING FACILITIES OR DISTINCT PART GERIATRIC PSYCHIATRIC
 6 FACILITIES; TO PROVIDE THAT REHABILITATION SERVICES PROVIDED IN A
 7 LEVEL II REHABILITATIVE UNIT LICENSED BY THE STATE DEPARTMENT OF
 8 HEALTH WILL BE REIMBURSABLE UNDER MEDICAID; AND FOR RELATED
 9 PURPOSES.

10 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

11 SECTION 1. Section 43-13-117, Mississippi Code of 1972, is
 12 amended as follows:

13 43-13-117. Medical assistance as authorized by this article
 14 shall include payment of part or all of the costs, at the
 15 discretion of the division or its successor, with approval of the
 16 Governor, of the following types of care and services rendered to
 17 eligible applicants who shall have been determined to be eligible
 18 for such care and services, within the limits of state
 19 appropriations and federal matching funds:

20 (1) Inpatient hospital services.

21 (a) The division shall allow thirty (30) days of
 22 inpatient hospital care annually for all Medicaid recipients. The
 23 division shall be authorized to allow unlimited days in
 24 disproportionate hospitals as defined by the division for eligible
 25 infants under the age of six (6) years.

26 (b) From and after July 1, 1994, the Executive
 27 Director of the Division of Medicaid shall amend the Mississippi
 28 Title XIX Inpatient Hospital Reimbursement Plan to remove the
 29 occupancy rate penalty from the calculation of the Medicaid

30 Capital Cost Component utilized to determine total hospital costs
31 allocated to the Medicaid program.

32 (c) Hospitals will receive an additional payment
33 for the implantable programmable pump implanted in an inpatient
34 basis. The payment pursuant to written invoice will be in
35 addition to the facility's per diem reimbursement and will
36 represent a reduction of costs on the facility's annual cost
37 report, and shall not exceed Ten Thousand Dollars (\$10,000.00) per
38 year per recipient. This paragraph (c) shall stand repealed on
39 July 1, 2001.

40 (2) Outpatient hospital services. Provided that where
41 the same services are reimbursed as clinic services, the division
42 may revise the rate or methodology of outpatient reimbursement to
43 maintain consistency, efficiency, economy and quality of care.
44 The division shall develop a Medicaid-specific cost-to-charge
45 ratio calculation from data provided by hospitals to determine an
46 allowable rate payment for outpatient hospital services, and shall
47 submit a report thereon to the Medical Advisory Committee on or
48 before December 1, 1999. The committee shall make a
49 recommendation on the specific cost-to-charge reimbursement method
50 for outpatient hospital services to the 2000 Regular Session of
51 the Legislature.

52 (3) Laboratory and x-ray services.

53 (4) Nursing facility services.

54 (a) The division shall make full payment to
55 nursing facilities for each day, not exceeding fifty-two (52) days
56 per year, that a patient is absent from the facility on home
57 leave. Payment may be made for the following home leave days in
58 addition to the fifty-two-day limitation: Christmas, the day
59 before Christmas, the day after Christmas, Thanksgiving, the day
60 before Thanksgiving and the day after Thanksgiving. However,
61 before payment may be made for more than eighteen (18) home leave
62 days in a year for a patient, the patient must have written

63 authorization from a physician stating that the patient is
64 physically and mentally able to be away from the facility on home
65 leave. Such authorization must be filed with the division before
66 it will be effective and the authorization shall be effective for
67 three (3) months from the date it is received by the division,
68 unless it is revoked earlier by the physician because of a change
69 in the condition of the patient.

70 (b) From and after July 1, 1997, the division
71 shall implement the integrated case-mix payment and quality
72 monitoring system, which includes the fair rental system for
73 property costs and in which recapture of depreciation is
74 eliminated. The division may reduce the payment for hospital
75 leave and therapeutic home leave days to the lower of the case-mix
76 category as computed for the resident on leave using the
77 assessment being utilized for payment at that point in time, or a
78 case-mix score of 1.000 for nursing facilities, and shall compute
79 case-mix scores of residents so that only services provided at the
80 nursing facility are considered in calculating a facility's per
81 diem. The division is authorized to limit allowable management
82 fees and home office costs to either three percent (3%), five
83 percent (5%) or seven percent (7%) of other allowable costs,
84 including allowable therapy costs and property costs, based on the
85 types of management services provided, as follows:

86 A maximum of up to three percent (3%) shall be allowed where
87 centralized managerial and administrative services are provided by
88 the management company or home office.

89 A maximum of up to five percent (5%) shall be allowed where
90 centralized managerial and administrative services and limited
91 professional and consultant services are provided.

92 A maximum of up to seven percent (7%) shall be allowed where
93 a full spectrum of centralized managerial services, administrative
94 services, professional services and consultant services are
95 provided.

96 (c) From and after July 1, 1997, all state-owned
97 nursing facilities shall be reimbursed on a full reasonable cost
98 basis.

99 (d) When a facility of a category that does not
100 require a certificate of need for construction and that could not
101 be eligible for Medicaid reimbursement is constructed to nursing
102 facility specifications for licensure and certification, and the
103 facility is subsequently converted to a nursing facility pursuant
104 to a certificate of need that authorizes conversion only and the
105 applicant for the certificate of need was assessed an application
106 review fee based on capital expenditures incurred in constructing
107 the facility, the division shall allow reimbursement for capital
108 expenditures necessary for construction of the facility that were
109 incurred within the twenty-four (24) consecutive calendar months
110 immediately preceding the date that the certificate of need
111 authorizing such conversion was issued, to the same extent that
112 reimbursement would be allowed for construction of a new nursing
113 facility pursuant to a certificate of need that authorizes such
114 construction. The reimbursement authorized in this subparagraph
115 (d) may be made only to facilities the construction of which was
116 completed after June 30, 1989. Before the division shall be
117 authorized to make the reimbursement authorized in this
118 subparagraph (d), the division first must have received approval
119 from the Health Care Financing Administration of the United States
120 Department of Health and Human Services of the change in the state
121 Medicaid plan providing for such reimbursement.

122 (e) The division shall develop and implement, not
123 later than January 1, 2001, a case-mix payment add-on determined
124 by time studies and other valid statistical data which will
125 reimburse a nursing facility for the additional cost of caring for
126 a resident who has a diagnosis of Alzheimer's or other related
127 dementia and exhibits symptoms that require special care. Any
128 such case-mix add-on payment shall be supported by a determination

129 of additional cost. The division shall also develop and implement
130 as part of the fair rental reimbursement system for nursing
131 facility beds, an Alzheimer's resident bed depreciation enhanced
132 reimbursement system which will provide an incentive to encourage
133 nursing facilities to convert or construct beds for residents with
134 Alzheimer's or other related dementia.

135 (f) The Division of Medicaid shall develop and
136 implement a referral process for long-term care alternatives for
137 Medicaid beneficiaries and applicants. No Medicaid beneficiary
138 shall be admitted to a Medicaid-certified nursing facility unless
139 a licensed physician certifies that nursing facility care is
140 appropriate for that person on a standardized form to be prepared
141 and provided to nursing facilities by the Division of Medicaid.
142 The physician shall forward a copy of that certification to the
143 Division of Medicaid within twenty-four (24) hours after it is
144 signed by the physician. Any physician who fails to forward the
145 certification to the Division of Medicaid within the time period
146 specified in this paragraph shall be ineligible for Medicaid
147 reimbursement for any physician's services performed for the
148 applicant. The Division of Medicaid shall determine, through an
149 assessment of the applicant conducted within two (2) business days
150 after receipt of the physician's certification, whether the
151 applicant also could live appropriately and cost-effectively at
152 home or in some other community-based setting if home- or
153 community-based services were available to the applicant. The
154 time limitation prescribed in this paragraph shall be waived in
155 cases of emergency. If the Division of Medicaid determines that a
156 home- or other community-based setting is appropriate and
157 cost-effective, the division shall:

158 (i) Advise the applicant or the applicant's
159 legal representative that a home- or other community-based setting
160 is appropriate;

161 (ii) Provide a proposed care plan and inform
162 the applicant or the applicant's legal representative regarding
163 the degree to which the services in the care plan are available in
164 a home- or in other community-based setting rather than nursing
165 facility care; and

166 (iii) Explain that such plan and services are
167 available only if the applicant or the applicant's legal
168 representative chooses a home- or community-based alternative to
169 nursing facility care, and that the applicant is free to choose
170 nursing facility care.

171 The Division of Medicaid may provide the services described
172 in this paragraph (f) directly or through contract with case
173 managers from the local Area Agencies on Aging, and shall
174 coordinate long-term care alternatives to avoid duplication with
175 hospital discharge planning procedures.

176 Placement in a nursing facility may not be denied by the
177 division if home- or community-based services that would be more
178 appropriate than nursing facility care are not actually available,
179 or if the applicant chooses not to receive the appropriate home-
180 or community-based services.

181 The division shall provide an opportunity for a fair hearing
182 under federal regulations to any applicant who is not given the
183 choice of home- or community-based services as an alternative to
184 institutional care.

185 The division shall make full payment for long-term care
186 alternative services.

187 The division shall apply for necessary federal waivers to
188 assure that additional services providing alternatives to nursing
189 facility care are made available to applicants for nursing
190 facility care.

191 (5) Periodic screening and diagnostic services for
192 individuals under age twenty-one (21) years as are needed to
193 identify physical and mental defects and to provide health care

194 treatment and other measures designed to correct or ameliorate
195 defects and physical and mental illness and conditions discovered
196 by the screening services regardless of whether these services are
197 included in the state plan. The division may include in its
198 periodic screening and diagnostic program those discretionary
199 services authorized under the federal regulations adopted to
200 implement Title XIX of the federal Social Security Act, as
201 amended. The division, in obtaining physical therapy services,
202 occupational therapy services, and services for individuals with
203 speech, hearing and language disorders, may enter into a
204 cooperative agreement with the State Department of Education for
205 the provision of such services to handicapped students by public
206 school districts using state funds which are provided from the
207 appropriation to the Department of Education to obtain federal
208 matching funds through the division. The division, in obtaining
209 medical and psychological evaluations for children in the custody
210 of the State Department of Human Services may enter into a
211 cooperative agreement with the State Department of Human Services
212 for the provision of such services using state funds which are
213 provided from the appropriation to the Department of Human
214 Services to obtain federal matching funds through the division.

215 On July 1, 1993, all fees for periodic screening and
216 diagnostic services under this paragraph (5) shall be increased by
217 twenty-five percent (25%) of the reimbursement rate in effect on
218 June 30, 1993.

219 (6) Physician's services. All fees for physicians'
220 services that are covered only by Medicaid shall be reimbursed at
221 ninety percent (90%) of the rate established on January 1, 1999,
222 and as adjusted each January thereafter, under Medicare (Title
223 XVIII of the Social Security Act, as amended), and which shall in
224 no event be less than seventy percent (70%) of the rate
225 established on January 1, 1994. All fees for physicians' services
226 that are covered by both Medicare and Medicaid shall be reimbursed

227 at ten percent (10%) of the adjusted Medicare payment established
228 on January 1, 1999, and as adjusted each January thereafter, under
229 Medicare (Title XVIII of the Social Security Act, as amended), and
230 which shall in no event be less than seven percent (7%) of the
231 adjusted Medicare payment established on January 1, 1994.

232 (7) (a) Home health services for eligible persons, not
233 to exceed in cost the prevailing cost of nursing facility
234 services, not to exceed sixty (60) visits per year.

235 (b) Repealed.

236 (8) Emergency medical transportation services. On
237 January 1, 1994, emergency medical transportation services shall
238 be reimbursed at seventy percent (70%) of the rate established
239 under Medicare (Title XVIII of the Social Security Act, as
240 amended). "Emergency medical transportation services" shall mean,
241 but shall not be limited to, the following services by a properly
242 permitted ambulance operated by a properly licensed provider in
243 accordance with the Emergency Medical Services Act of 1974
244 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced
245 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,
246 (vi) disposable supplies, (vii) similar services.

247 (9) Legend and other drugs as may be determined by the
248 division. The division may implement a program of prior approval
249 for drugs to the extent permitted by law. Payment by the division
250 for covered multiple source drugs shall be limited to the lower of
251 the upper limits established and published by the Health Care
252 Financing Administration (HCFA) plus a dispensing fee of Four
253 Dollars and Ninety-one Cents (\$4.91), or the estimated acquisition
254 cost (EAC) as determined by the division plus a dispensing fee of
255 Four Dollars and Ninety-one Cents (\$4.91), or the providers' usual
256 and customary charge to the general public. The division shall
257 allow five (5) prescriptions per month for noninstitutionalized
258 Medicaid recipients; however, exceptions for up to ten (10)

259 prescriptions per month shall be allowed, with the approval of the
260 director.

261 Payment for other covered drugs, other than multiple source
262 drugs with HCFA upper limits, shall not exceed the lower of the
263 estimated acquisition cost as determined by the division plus a
264 dispensing fee of Four Dollars and Ninety-one Cents (\$4.91) or the
265 providers' usual and customary charge to the general public.

266 Payment for nonlegend or over-the-counter drugs covered on
267 the division's formulary shall be reimbursed at the lower of the
268 division's estimated shelf price or the providers' usual and
269 customary charge to the general public. No dispensing fee shall
270 be paid.

271 The division shall develop and implement a program of payment
272 for additional pharmacist services, with payment to be based on
273 demonstrated savings, but in no case shall the total payment
274 exceed twice the amount of the dispensing fee.

275 As used in this paragraph (9), "estimated acquisition cost"
276 means the division's best estimate of what price providers
277 generally are paying for a drug in the package size that providers
278 buy most frequently. Product selection shall be made in
279 compliance with existing state law; however, the division may
280 reimburse as if the prescription had been filled under the generic
281 name. The division may provide otherwise in the case of specified
282 drugs when the consensus of competent medical advice is that
283 trademarked drugs are substantially more effective.

284 (10) Dental care that is an adjunct to treatment of an
285 acute medical or surgical condition; services of oral surgeons and
286 dentists in connection with surgery related to the jaw or any
287 structure contiguous to the jaw or the reduction of any fracture
288 of the jaw or any facial bone; and emergency dental extractions
289 and treatment related thereto. On July 1, 1999, all fees for
290 dental care and surgery under authority of this paragraph (10)
291 shall be increased to one hundred sixty percent (160%) of the

292 amount of the reimbursement rate that was in effect on June 30,
293 1999. It is the intent of the Legislature to encourage more
294 dentists to participate in the Medicaid program.

295 (11) Eyeglasses necessitated by reason of eye surgery,
296 and as prescribed by a physician skilled in diseases of the eye or
297 an optometrist, whichever the patient may select, or one (1) pair
298 every three (3) years as prescribed by a physician or an
299 optometrist, whichever the patient may select.

300 (12) Intermediate care facility services.

301 (a) The division shall make full payment to all
302 intermediate care facilities for the mentally retarded for each
303 day, not exceeding eighty-four (84) days per year, that a patient
304 is absent from the facility on home leave. Payment may be made
305 for the following home leave days in addition to the
306 eighty-four-day limitation: Christmas, the day before Christmas,
307 the day after Christmas, Thanksgiving, the day before Thanksgiving
308 and the day after Thanksgiving. However, before payment may be
309 made for more than eighteen (18) home leave days in a year for a
310 patient, the patient must have written authorization from a
311 physician stating that the patient is physically and mentally able
312 to be away from the facility on home leave. Such authorization
313 must be filed with the division before it will be effective, and
314 the authorization shall be effective for three (3) months from the
315 date it is received by the division, unless it is revoked earlier
316 by the physician because of a change in the condition of the
317 patient.

318 (b) All state-owned intermediate care facilities
319 for the mentally retarded shall be reimbursed on a full reasonable
320 cost basis.

321 (c) The division is authorized to limit allowable
322 management fees and home office costs to either three percent
323 (3%), five percent (5%) or seven percent (7%) of other allowable

324 costs, including allowable therapy costs and property costs, based
325 on the types of management services provided, as follows:

326 A maximum of up to three percent (3%) shall be allowed where
327 centralized managerial and administrative services are provided by
328 the management company or home office.

329 A maximum of up to five percent (5%) shall be allowed where
330 centralized managerial and administrative services and limited
331 professional and consultant services are provided.

332 A maximum of up to seven percent (7%) shall be allowed where
333 a full spectrum of centralized managerial services, administrative
334 services, professional services and consultant services are
335 provided.

336 (13) Family planning services, including drugs,
337 supplies and devices, when such services are under the supervision
338 of a physician.

339 (14) Clinic services. Such diagnostic, preventive,
340 therapeutic, rehabilitative or palliative services furnished to an
341 outpatient by or under the supervision of a physician or dentist
342 in a facility which is not a part of a hospital but which is
343 organized and operated to provide medical care to outpatients.
344 Clinic services shall include any services reimbursed as
345 outpatient hospital services which may be rendered in such a
346 facility, including those that become so after July 1, 1991. On
347 July 1, 1999, all fees for physicians' services reimbursed under
348 authority of this paragraph (14) shall be reimbursed at ninety
349 percent (90%) of the rate established on January 1, 1999, and as
350 adjusted each January thereafter, under Medicare (Title XVIII of
351 the Social Security Act, as amended), and which shall in no event
352 be less than seventy percent (70%) of the rate established on
353 January 1, 1994. All fees for physicians' services that are
354 covered by both Medicare and Medicaid shall be reimbursed at ten
355 percent (10%) of the adjusted Medicare payment established on
356 January 1, 1999, and as adjusted each January thereafter, under

357 Medicare (Title XVIII of the Social Security Act, as amended), and
358 which shall in no event be less than seven percent (7%) of the
359 adjusted Medicare payment established on January 1, 1994. On July
360 1, 1999, all fees for dentists' services reimbursed under
361 authority of this paragraph (14) shall be increased to one hundred
362 sixty percent (160%) of the amount of the reimbursement rate that
363 was in effect on June 30, 1999.

364 (15) Home- and community-based services, as provided
365 under Title XIX of the federal Social Security Act, as amended,
366 under waivers, subject to the availability of funds specifically
367 appropriated therefor by the Legislature. Payment for such
368 services shall be limited to individuals who would be eligible for
369 and would otherwise require the level of care provided in a
370 nursing facility. The home- and community-based services
371 authorized under this paragraph shall be expanded over a five-year
372 period beginning July 1, 1999. The division shall certify case
373 management agencies to provide case management services and
374 provide for home- and community-based services for eligible
375 individuals under this paragraph. The home- and community-based
376 services under this paragraph and the activities performed by
377 certified case management agencies under this paragraph shall be
378 funded using state funds that are provided from the appropriation
379 to the Division of Medicaid and used to match federal funds.

380 (16) Mental health services. Approved therapeutic and
381 case management services provided by (a) an approved regional
382 mental health/retardation center established under Sections
383 41-19-31 through 41-19-39, or by another community mental health
384 service provider meeting the requirements of the Department of
385 Mental Health to be an approved mental health/retardation center
386 if determined necessary by the Department of Mental Health, using
387 state funds which are provided from the appropriation to the State
388 Department of Mental Health and used to match federal funds under
389 a cooperative agreement between the division and the department,

390 or (b) a facility which is certified by the State Department of
391 Mental Health to provide therapeutic and case management services,
392 to be reimbursed on a fee for service basis. Any such services
393 provided by a facility described in paragraph (b) must have the
394 prior approval of the division to be reimbursable under this
395 section. After June 30, 1997, mental health services provided by
396 regional mental health/retardation centers established under
397 Sections 41-19-31 through 41-19-39, or by hospitals as defined in
398 Section 41-9-3(a) and/or their subsidiaries and divisions, or by
399 psychiatric residential treatment facilities as defined in Section
400 43-11-1, or by another community mental health service provider
401 meeting the requirements of the Department of Mental Health to be
402 an approved mental health/retardation center if determined
403 necessary by the Department of Mental Health, shall not be
404 included in or provided under any capitated managed care pilot
405 program provided for under paragraph (24) of this section. From
406 and after July 1, 2000, the division is authorized to contract
407 with a 134-bed specialty hospital located on Highway 39 North in
408 Lauderdale County for the use of not more than sixty (60) beds at
409 the facility to provide mental health services for children and
410 adolescents and for crisis intervention services for emotionally
411 disturbed children with behavioral problems, with priority to be
412 given to children in the custody of the Department of Human
413 Services who are, or otherwise will be, receiving such services
414 out-of-state.

415 (17) Durable medical equipment services and medical
416 supplies. The Division of Medicaid may require durable medical
417 equipment providers to obtain a surety bond in the amount and to
418 the specifications as established by the Balanced Budget Act of
419 1997.

420 (18) Notwithstanding any other provision of this
421 section to the contrary, the division shall make additional
422 reimbursement to hospitals which serve a disproportionate share of

423 low-income patients and which meet the federal requirements for
424 such payments as provided in Section 1923 of the federal Social
425 Security Act and any applicable regulations. However, from and
426 after January 1, 2000, no public hospital shall participate in the
427 Medicaid disproportionate share program unless the public hospital
428 participates in an intergovernmental transfer program as provided
429 in Section 1903 of the federal Social Security Act and any
430 applicable regulations. Administration and support for
431 participating hospitals shall be provided by the Mississippi
432 Hospital Association.

433 (19) (a) Perinatal risk management services. The
434 division shall promulgate regulations to be effective from and
435 after October 1, 1988, to establish a comprehensive perinatal
436 system for risk assessment of all pregnant and infant Medicaid
437 recipients and for management, education and follow-up for those
438 who are determined to be at risk. Services to be performed
439 include case management, nutrition assessment/counseling,
440 psychosocial assessment/counseling and health education. The
441 division shall set reimbursement rates for providers in
442 conjunction with the State Department of Health.

443 (b) Early intervention system services. The
444 division shall cooperate with the State Department of Health,
445 acting as lead agency, in the development and implementation of a
446 statewide system of delivery of early intervention services,
447 pursuant to Part H of the Individuals with Disabilities Education
448 Act (IDEA). The State Department of Health shall certify annually
449 in writing to the director of the division the dollar amount of
450 state early intervention funds available which shall be utilized
451 as a certified match for Medicaid matching funds. Those funds
452 then shall be used to provide expanded targeted case management
453 services for Medicaid eligible children with special needs who are
454 eligible for the state's early intervention system.

455 Qualifications for persons providing service coordination shall be

456 determined by the State Department of Health and the Division of
457 Medicaid.

458 (20) Home- and community-based services for physically
459 disabled approved services as allowed by a waiver from the United
460 States Department of Health and Human Services for home- and
461 community-based services for physically disabled people using
462 state funds which are provided from the appropriation to the State
463 Department of Rehabilitation Services and used to match federal
464 funds under a cooperative agreement between the division and the
465 department, provided that funds for these services are
466 specifically appropriated to the Department of Rehabilitation
467 Services.

468 (21) Nurse practitioner services. Services furnished
469 by a registered nurse who is licensed and certified by the
470 Mississippi Board of Nursing as a nurse practitioner including,
471 but not limited to, nurse anesthetists, nurse midwives, family
472 nurse practitioners, family planning nurse practitioners,
473 pediatric nurse practitioners, obstetrics-gynecology nurse
474 practitioners and neonatal nurse practitioners, under regulations
475 adopted by the division. Reimbursement for such services shall
