13 condition for graduation from a public high school in Mississippi.

14 SECTION 2. Section 37-13-131, Mississippi Code of 1972, is
15 amended as follows:

16 37-13-131. (1) The State Department of Education is
17 designated as the state agency responsible for the administration
18 and supervision of the Comprehensive School Health Education
19 Program as an educational curriculum in the State of Mississippi.
20 It is the intent of the Legislature that all funds made available
21 to the State Department of Education for the purpose of
22 comprehensive school health education shall be administered by the
23 State Department of Education.

24 (2) Pursuant to the provisions of subsection (1) of this
25 section, the State Department of Education is authorized to
26 establish an Office of Comprehensive School Health Education
27 within the framework of the State Department of Education for the
28 purpose of developing standards, procedures and criteria for the

29 administration and supervision of a statewide program of health
30 education in Kindergarten through Grade 12. The State Department
31 of Education, through the Office of Comprehensive School Health
32 Education, shall assume the further responsibility for promoting a
33 statewide effort designed to prepare local school faculties and
34 staffs to incorporate the comprehensive health education concept
35 into their local educational programs.

36 (3) The Mississippi Department of Health, in conjunction
37 with the Office of Student Development-Branch of Health-Related

45 school environment. These curriculum components shall be designed
46 to develop decision-making competencies related to health and
47 health behavior. Such curriculum components are intended to
48 motivate health maintenance and promote wellness, not only to
49 prevent disease or disability. The Mississippi Department of
50 Health, in conjunction with the Office of Student
51 Development-Branch of Health-Related Services of the Department of
52 Education, shall develop the strategic plan * * *.
