HOUSE BILL NO. 1298

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,  
2 TO DIRECT THE DIVISION OF MEDICAID TO ESTABLISH A MEDICARE UPPER  
3 PAYMENT LIMITS PROGRAM AS ALLOWED UNDER FEDERAL LAW; TO AUTHORIZE  
4 THE DIVISION TO MAKE AN ASSESSMENT ON EACH HOSPITAL FOR THE SOLE  
5 PURPOSE OF FINANCING THE STATE PORTION OF THE MEDICARE UPPER  
6 PAYMENT LIMITS PROGRAM; TO PROVIDE THAT THE DIVISION SHALL PAY  
7 HOSPITALS THE MEDICARE UPPER PAYMENT LIMIT; TO AUTHORIZE THE  
8 DIVISION TO CONTRACT WITH THE MISSISSIPPI HOSPITAL ASSOCIATION TO  
9 PROVIDE ADMINISTRATIVE SUPPORT FOR THE OPERATION OF THE  
10 DISPROPORTIONATE SHARE HOSPITAL PROGRAM AND THE MEDICARE UPPER  
11 PAYMENT LIMITS PROGRAM; AND FOR RELATED PURPOSES.

12 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

13 SECTION 1. Section 43-13-117, Mississippi Code of 1972, is  
14 amended as follows:

15 43-13-117. Medical assistance as authorized by this article  
16 shall include payment of part or all of the costs, at the  
17 discretion of the division or its successor, with approval of the  
18 Governor, of the following types of care and services rendered to  
19 eligible applicants who shall have been determined to be eligible  
20 for such care and services, within the limits of state  
21 appropriations and federal matching funds:

22 (1) Inpatient hospital services.

23 (a) The division shall allow thirty (30) days of  
24 inpatient hospital care annually for all Medicaid recipients. The  
25 division shall be authorized to allow unlimited days in  
26 disproportionate hospitals as defined by the division for eligible  
27 infants under the age of six (6) years.

28 (b) From and after July 1, 1994, the Executive  
29 Director of the Division of Medicaid shall amend the Mississippi  
30 Title XIX Inpatient Hospital Reimbursement Plan to remove the

31 occupancy rate penalty from the calculation of the Medicaid  
32 Capital Cost Component utilized to determine total hospital costs  
33 allocated to the Medicaid program.

34 (c) Hospitals will receive an additional payment  
35 for the implantable programmable pump implanted in an inpatient  
36 basis. The payment pursuant to written invoice will be in  
37 addition to the facility's per diem reimbursement and will  
38 represent a reduction of costs on the facility's annual cost  
39 report, and shall not exceed Ten Thousand Dollars (\$10,000.00) per  
40 year per recipient. This paragraph (c) shall stand repealed on  
41 July 1, 2001.

42 (2) Outpatient hospital services. Provided that where  
43 the same services are reimbursed as clinic services, the division  
44 may revise the rate or methodology of outpatient reimbursement to  
45 maintain consistency, efficiency, economy and quality of care.  
46 The division shall develop a Medicaid-specific cost-to-charge  
47 ratio calculation from data provided by hospitals to determine an  
48 allowable rate payment for outpatient hospital services, and shall  
49 submit a report thereon to the Medical Advisory Committee on or  
50 before December 1, 1999. The committee shall make a  
51 recommendation on the specific cost-to-charge reimbursement method  
52 for outpatient hospital services to the 2000 Regular Session of  
53 the Legislature.

54 (3) Laboratory and x-ray services.

55 (4) Nursing facility services.

56 (a) The division shall make full payment to  
57 nursing facilities for each day, not exceeding fifty-two (52) days  
58 per year, that a patient is absent from the facility on home  
59 leave. Payment may be made for the following home leave days in  
60 addition to the fifty-two-day limitation: Christmas, the day  
61 before Christmas, the day after Christmas, Thanksgiving, the day  
62 before Thanksgiving and the day after Thanksgiving. However,  
63 before payment may be made for more than eighteen (18) home leave

64 days in a year for a patient, the patient must have written  
65 authorization from a physician stating that the patient is  
66 physically and mentally able to be away from the facility on home  
67 leave. Such authorization must be filed with the division before  
68 it will be effective and the authorization shall be effective for  
69 three (3) months from the date it is received by the division,  
70 unless it is revoked earlier by the physician because of a change  
71 in the condition of the patient.

72 (b) From and after July 1, 1997, the division  
73 shall implement the integrated case-mix payment and quality  
74 monitoring system, which includes the fair rental system for  
75 property costs and in which recapture of depreciation is  
76 eliminated. The division may reduce the payment for hospital  
77 leave and therapeutic home leave days to the lower of the case-mix  
78 category as computed for the resident on leave using the  
79 assessment being utilized for payment at that point in time, or a  
80 case-mix score of 1.000 for nursing facilities, and shall compute  
81 case-mix scores of residents so that only services provided at the  
82 nursing facility are considered in calculating a facility's per  
83 diem. The division is authorized to limit allowable management  
84 fees and home office costs to either three percent (3%), five  
85 percent (5%) or seven percent (7%) of other allowable costs,  
86 including allowable therapy costs and property costs, based on the  
87 types of management services provided, as follows:

88 A maximum of up to three percent (3%) shall be allowed where  
89 centralized managerial and administrative services are provided by  
90 the management company or home office.

91 A maximum of up to five percent (5%) shall be allowed where  
92 centralized managerial and administrative services and limited  
93 professional and consultant services are provided.

94 A maximum of up to seven percent (7%) shall be allowed where  
95 a full spectrum of centralized managerial services, administrative

96 services, professional services and consultant services are  
97 provided.

98 (c) From and after July 1, 1997, all state-owned  
99 nursing facilities shall be reimbursed on a full reasonable cost  
100 basis.

101 (d) When a facility of a category that does not  
102 require a certificate of need for construction and that could not  
103 be eligible for Medicaid reimbursement is constructed to nursing  
104 facility specifications for licensure and certification, and the  
105 facility is subsequently converted to a nursing facility pursuant  
106 to a certificate of need that authorizes conversion only and the  
107 applicant for the certificate of need was assessed an application  
108 review fee based on capital expenditures incurred in constructing  
109 the facility, the division shall allow reimbursement for capital  
110 expenditures necessary for construction of the facility that were  
111 incurred within the twenty-four (24) consecutive calendar months  
112 immediately preceding the date that the certificate of need  
113 authorizing such conversion was issued, to the same extent that  
114 reimbursement would be allowed for construction of a new nursing  
115 facility pursuant to a certificate of need that authorizes such  
116 construction. The reimbursement authorized in this subparagraph  
117 (d) may be made only to facilities the construction of which was  
118 completed after June 30, 1989. Before the division shall be  
119 authorized to make the reimbursement authorized in this  
120 subparagraph (d), the division first must have received approval  
121 from the Health Care Financing Administration of the United States  
122 Department of Health and Human Services of the change in the state  
123 Medicaid plan providing for such reimbursement.

124 (e) The division shall develop and implement, not  
125 later than January 1, 2001, a case-mix payment add-on determined  
126 by time studies and other valid statistical data which will  
127 reimburse a nursing facility for the additional cost of caring for  
128 a resident who has a diagnosis of Alzheimer's or other related

129 dementia and exhibits symptoms that require special care. Any  
130 such case-mix add-on payment shall be supported by a determination  
131 of additional cost. The division shall also develop and implement  
132 as part of the fair rental reimbursement system for nursing  
133 facility beds, an Alzheimer's resident bed depreciation enhanced  
134 reimbursement system which will provide an incentive to encourage  
135 nursing facilities to convert or construct beds for residents with  
136 Alzheimer's or other related dementia.

137 (f) The Division of Medicaid shall develop and  
138 implement a referral process for long-term care alternatives for  
139 Medicaid beneficiaries and applicants. No Medicaid beneficiary  
140 shall be admitted to a Medicaid-certified nursing facility unless  
141 a licensed physician certifies that nursing facility care is  
142 appropriate for that person on a standardized form to be prepared  
143 and provided to nursing facilities by the Division of Medicaid.  
144 The physician shall forward a copy of that certification to the  
145 Division of Medicaid within twenty-four (24) hours after it is  
146 signed by the physician. Any physician who fails to forward the  
147 certification to the Division of Medicaid within the time period  
148 specified in this paragraph shall be ineligible for Medicaid  
149 reimbursement for any physician's services performed for the  
150 applicant. The Division of Medicaid shall determine, through an  
151 assessment of the applicant conducted within two (2) business days  
152 after receipt of the physician's certification, whether the  
153 applicant also could live appropriately and cost-effectively at  
154 home or in some other community-based setting if home- or  
155 community-based services were available to the applicant. The  
156 time limitation prescribed in this paragraph shall be waived in  
157 cases of emergency. If the Division of Medicaid determines that a  
158 home- or other community-based setting is appropriate and  
159 cost-effective, the division shall:

160 (i) Advise the applicant or the applicant's  
161 legal representative that a home- or other community-based setting  
162 is appropriate;

163 (ii) Provide a proposed care plan and inform  
164 the applicant or the applicant's legal representative regarding  
165 the degree to which the services in the care plan are available in  
166 a home- or in other community-based setting rather than nursing  
167 facility care; and

168 (iii) Explain that such plan and services are  
169 available only if the applicant or the applicant's legal  
170 representative chooses a home- or community-based alternative to  
171 nursing facility care, and that the applicant is free to choose  
172 nursing facility care.

173 The Division of Medicaid may provide the services described  
174 in this paragraph (f) directly or through contract with case  
175 managers from the local Area Agencies on Aging, and shall  
176 coordinate long-term care alternatives to avoid duplication with  
177 hospital discharge planning procedures.

178 Placement in a nursing facility may not be denied by the  
179 division if home- or community-based services that would be more  
180 appropriate than nursing facility care are not actually available,  
181 or if the applicant chooses not to receive the appropriate home-  
182 or community-based services.

183 The division shall provide an opportunity for a fair hearing  
184 under federal regulations to any applicant who is not given the  
185 choice of home- or community-based services as an alternative to  
186 institutional care.

187 The division shall make full payment for long-term care  
188 alternative services.

189 The division shall apply for necessary federal waivers to  
190 assure that additional services providing alternatives to nursing  
191 facility care are made available to applicants for nursing  
192 facility care.

193           (5) Periodic screening and diagnostic services for  
194 individuals under age twenty-one (21) years as are needed to  
195 identify physical and mental defects and to provide health care  
196 treatment and other measures designed to correct or ameliorate  
197 defects and physical and mental illness and conditions discovered  
198 by the screening services regardless of whether these services are  
199 included in the state plan. The division may include in its  
200 periodic screening and diagnostic program those discretionary  
201 services authorized under the federal regulations adopted to  
202 implement Title XIX of the federal Social Security Act, as  
203 amended. The division, in obtaining physical therapy services,  
204 occupational therapy services, and services for individuals with  
205 speech, hearing and language disorders, may enter into a  
206 cooperative agreement with the State Department of Education for  
207 the provision of such services to handicapped students by public  
208 school districts using state funds which are provided from the  
209 appropriation to the Department of Education to obtain federal  
210 matching funds through the division. The division, in obtaining  
211 medical and psychological evaluations for children in the custody  
212 of the State Department of Human Services may enter into a  
213 cooperative agreement with the State Department of Human Services  
214 for the provision of such services using state funds which are  
215 provided from the appropriation to the Department of Human  
216 Services to obtain federal matching funds through the division.

217           On July 1, 1993, all fees for periodic screening and  
218 diagnostic services under this paragraph (5) shall be increased by  
219 twenty-five percent (25%) of the reimbursement rate in effect on  
220 June 30, 1993.

221           (6) Physician's services. All fees for physicians'  
222 services that are covered only by Medicaid shall be reimbursed at  
223 ninety percent (90%) of the rate established on January 1, 1999,  
224 and as adjusted each January thereafter, under Medicare (Title  
225 XVIII of the Social Security Act, as amended), and which shall in

226 no event be less than seventy percent (70%) of the rate  
227 established on January 1, 1994. All fees for physicians' services  
228 that are covered by both Medicare and Medicaid shall be reimbursed  
229 at ten percent (10%) of the adjusted Medicare payment established  
230 on January 1, 1999, and as adjusted each January thereafter, under  
231 Medicare (Title XVIII of the Social Security Act, as amended), and  
232 which shall in no event be less than seven percent (7%) of the  
233 adjusted Medicare payment established on January 1, 1994.

234 (7) (a) Home health services for eligible persons, not  
235 to exceed in cost the prevailing cost of nursing facility  
236 services, not to exceed sixty (60) visits per year.

237 (b) Repealed.

238 (8) Emergency medical transportation services. On  
239 January 1, 1994, emergency medical transportation services shall  
240 be reimbursed at seventy percent (70%) of the rate established  
241 under Medicare (Title XVIII of the Social Security Act, as  
242 amended). "Emergency medical transportation services" shall mean,  
243 but shall not be limited to, the following services by a properly  
244 permitted ambulance operated by a properly licensed provider in  
245 accordance with the Emergency Medical Services Act of 1974  
246 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced  
247 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,  
248 (vi) disposable supplies, (vii) similar services.

249 (9) Legend and other drugs as may be determined by the  
250 division. The division may implement a program of prior approval  
251 for drugs to the extent permitted by law. Payment by the division  
252 for covered multiple source drugs shall be limited to the lower of  
253 the upper limits established and published by the Health Care  
254 Financing Administration (HCFA) plus a dispensing fee of Four  
255 Dollars and Ninety-one Cents (\$4.91), or the estimated acquisition  
256 cost (EAC) as determined by the division plus a dispensing fee of  
257 Four Dollars and Ninety-one Cents (\$4.91), or the providers' usual  
258 and customary charge to the general public. The division shall

259 allow five (5) prescriptions per month for noninstitutionalized  
260 Medicaid recipients; however, exceptions for up to ten (10)  
261 prescriptions per month shall be allowed, with the approval of the  
262 director.

263 Payment for other covered drugs, other than multiple source  
264 drugs with HCFA upper limits, shall not exceed the lower of the  
265 estimated acquisition cost as determined by the division plus a  
266 dispensing fee of Four Dollars and Ninety-one Cents (\$4.91) or the  
267 providers' usual and customary charge to the general public.

268 Payment for nonlegend or over-the-counter drugs covered on  
269 the division's formulary shall be reimbursed at the lower of the  
270 division's estimated shelf price or the providers' usual and  
271 customary charge to the general public. No dispensing fee shall  
272 be paid.

273 The division shall develop and implement a program of payment  
274 for additional pharmacist services, with payment to be based on  
275 demonstrated savings, but in no case shall the total payment  
276 exceed twice the amount of the dispensing fee.

277 As used in this paragraph (9), "estimated acquisition cost"  
278 means the division's best estimate of what price providers  
279 generally are paying for a drug in the package size that providers  
280 buy most frequently. Product selection shall be made in  
281 compliance with existing state law; however, the division may  
282 reimburse as if the prescription had been filled under the generic  
283 name. The division may provide otherwise in the case of specified  
284 drugs when the consensus of competent medical advice is that  
285 trademarked drugs are substantially more effective.

286 (10) Dental care that is an adjunct to treatment of an  
287 acute medical or surgical condition; services of oral surgeons and  
288 dentists in connection with surgery related to the jaw or any  
289 structure contiguous to the jaw or the reduction of any fracture  
290 of the jaw or any facial bone; and emergency dental extractions  
291 and treatment related thereto. On July 1, 1999, all fees for

292 dental care and surgery under authority of this paragraph (10)  
293 shall be increased to one hundred sixty percent (160%) of the  
294 amount of the reimbursement rate that was in effect on June 30,  
295 1999. It is the intent of the Legislature to encourage more  
296 dentists to participate in the Medicaid program.

297 (11) Eyeglasses necessitated by reason of eye surgery,  
298 and as prescribed by a physician skilled in diseases of the eye or  
299 an optometrist, whichever the patient may select, or one (1) pair  
300 every three (3) years as prescribed by a physician or an  
301 optometrist, whichever the patient may select.

302 (12) Intermediate care facility services.

303 (a) The division shall make full payment to all  
304 intermediate care facilities for the mentally retarded for each  
305 day, not exceeding eighty-four (84) days per year, that a patient  
306 is absent from the facility on home leave. Payment may be made  
307 for the following home leave days in addition to the  
308 eighty-four-day limitation: Christmas, the day before Christmas,  
309 the day after Christmas, Thanksgiving, the day before Thanksgiving  
310 and the day after Thanksgiving. However, before payment may be  
311 made for more than eighteen (18) home leave days in a year for a  
312 patient, the patient must have written authorization from a  
313 physician stating that the patient is physically and mentally able  
314 to be away from the facility on home leave. Such authorization  
315 must be filed with the division before it will be effective, and  
316 the authorization shall be effective for three (3) months from the  
317 date it is received by the division, unless it is revoked earlier  
318 by the physician because of a change in the condition of the  
319 patient.

320 (b) All state-owned intermediate care facilities  
321 for the mentally retarded shall be reimbursed on a full reasonable  
322 cost basis.

323 (c) The division is authorized to limit allowable  
324 management fees and home office costs to either three percent

325 (3%), five percent (5%) or seven percent (7%) of other allowable  
326 costs, including allowable therapy costs and property costs, based  
327 on the types of management services provided, as follows:

328 A maximum of up to three percent (3%) shall be allowed where  
329 centralized managerial and administrative services are provided by  
330 the management company or home office.

331 A maximum of up to five percent (5%) shall be allowed where  
332 centralized managerial and administrative services and limited  
333 professional and consultant services are provided.

334 A maximum of up to seven percent (7%) shall be allowed where  
335 a full spectrum of centralized managerial services, administrative  
336 services, professional services and consultant services are  
337 provided.

338 (13) Family planning services, including drugs,  
339 supplies and devices, when such services are under the supervision  
340 of a physician.

341 (14) Clinic services. Such diagnostic, preventive,  
342 therapeutic, rehabilitative or palliative services furnished to an  
343 outpatient by or under the supervision of a physician or dentist  
344 in a facility which is not a part of a hospital but which is  
345 organized and operated to provide medical care to outpatients.  
346 Clinic services shall include any services reimbursed as  
347 outpatient hospital services which may be rendered in such a  
348 facility, including those that become so after July 1, 1991. On  
349 July 1, 1999, all fees for physicians' services reimbursed under  
350 authority of this paragraph (14) shall be reimbursed at ninety  
351 percent (90%) of the rate established on January 1, 1999, and as  
352 adjusted each January thereafter, under Medicare (Title XVIII of  
353 the Social Security Act, as amended), and which shall in no event  
354 be less than seventy percent (70%) of the rate established on  
355 January 1, 1994. All fees for physicians' services that are  
356 covered by both Medicare and Medicaid shall be reimbursed at ten  
357 percent (10%) of the adjusted Medicare payment established on

358 January 1, 1999, and as adjusted each January thereafter, under  
359 Medicare (Title XVIII of the Social Security Act, as amended), and  
360 which shall in no event be less than seven percent (7%) of the  
361 adjusted Medicare payment established on January 1, 1994. On July  
362 1, 1999, all fees for dentists' services reimbursed under  
363 authority of this paragraph (14) shall be increased to one hundred  
364 sixty percent (160%) of the amount of the reimbursement rate that  
365 was in effect on June 30, 1999.

366 (15) Home- and community-based services, as provided  
367 under Title XIX of the federal Social Security Act, as amended,  
368 under waivers, subject to the availability of funds specifically  
369 appropriated therefor by the Legislature. Payment for such  
370 services shall be limited to individuals who would be eligible for  
371 and would otherwise require the level of care provided in a  
372 nursing facility. The home- and community-based services  
373 authorized under this paragraph shall be expanded over a five-year  
374 period beginning July 1, 1999. The division shall certify case  
375 management agencies to provide case management services and  
376 provide for home- and community-based services for eligible  
377 individuals under this paragraph. The home- and community-based  
378 services under this paragraph and the activities performed by  
379 certified case management agencies under this paragraph shall be  
380 funded using state funds that are provided from the appropriation  
381 to the Division of Medicaid and used to match federal funds.

382 (16) Mental health services. Approved therapeutic and  
383 case management services provided by (a) an approved regional  
384 mental health/retardation center established under Sections  
385 41-19-31 through 41-19-39, or by another community mental health  
386 service provider meeting the requirements of the Department of  
387 Mental Health to be an approved mental health/retardation center  
388 if determined necessary by the Department of Mental Health, using  
389 state funds which are provided from the appropriation to the State  
390 Department of Mental Health and used to match federal funds under

391 a cooperative agreement between the division and the department,  
392 or (b) a facility which is certified by the State Department of  
393 Mental Health to provide therapeutic and case management services,  
394 to be reimbursed on a fee for service basis. Any such services  
395 provided by a facility described in paragraph (b) must have the  
396 prior approval of the division to be reimbursable under this  
397 section. After June 30, 1997, mental health services provided by  
398 regional mental health/retardation centers established under  
399 Sections 41-19-31 through 41-19-39, or by hospitals as defined in  
400 Section 41-9-3(a) and/or their subsidiaries and divisions, or by  
401 psychiatric residential treatment facilities as defined in Section  
402 43-11-1, or by another community mental health service provider  
403 meeting the requirements of the Department of Mental Health to be  
404 an approved mental health/retardation center if determined  
405 necessary by the Department of Mental Health, shall not be  
406 included in or provided under any capitated managed care pilot  
407 program provided for under paragraph (24) of this section. From  
408 and after July 1, 2000, the division is authorized to contract  
409 with a 134-bed specialty hospital located on Highway 39 North in  
410 Lauderdale County for the use of not more than sixty (60) beds at  
411 the facility to provide mental health services for children and  
412 adolescents and for crisis intervention services for emotionally  
413 disturbed children with behavioral problems, with priority to be  
414 given to children in the custody of the Department of Human  
415 Services who are, or otherwise will be, receiving such services  
416 out-of-state.

417 (17) Durable medical equipment services and medical  
418 supplies. The Division of Medicaid may require durable medical  
419 equipment providers to obtain a surety bond in the amount and to  
420 the specifications as established by the Balanced Budget Act of  
421 1997.

422 (18) (a) Notwithstanding any other provision of this  
423 section to the contrary, the division shall make additional

424 reimbursement to hospitals which serve a disproportionate share of  
425 low-income patients and which meet the federal requirements for  
426 such payments as provided in Section 1923 of the federal Social  
427 Security Act and any applicable regulations. However, from and  
428 after January 1, 2000, no public hospital shall participate in the
