With the funds herein appropriated, it is the intention of the Legislature that it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2003 do not exceed Fiscal Year 2002 funds appropriated for that purpose, unless programs or positions are added to the agency's Fiscal Year 2003 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. It shall be the responsibility of the agency head to insure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2002 appropriation for "Personal Services" when annualized. If, at the end of any calendar month, the State Personnel Board determines that the agency has taken action(s) which would cause the agency to exceed this projected annual cost or the Fiscal Year 2002 "Personal Services"
appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Pursuant to policies established by the State Personnel Board, the agency head may, on a case by case basis and from within funds available, recommend equity salary adjustments. Such adjustments shall not be retroactive and may be made when an employee with greater or equal state service experience and qualifications is being paid less than an employee working in the same job classification within the same agency.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

Unless expressly authorized herein by the Legislature, no funds appropriated shall be expended to pay expenses incurred by more than four (4) employees or other representatives of the agency for attending the same conference, seminar or workshop, either in-state or out-of-state; however, such funds may be expended for expenses incurred by more than four (4) employees or other representatives for attendance at the same conference, seminar or workshop (a) if attendance is required in order to maintain professional certification or licensure, which certification or licensure is required by the employees' job descriptions or by law, or (b) if such expenditure has received the prior written approval of the Department of Finance and Administration.

SECTION 4. It is the intent of the Legislature that the Department of Environmental Quality shall have authority to escalate the various budgets in both funds and positions, with the approval of the State Fiscal Officer, from any special funds collected or available, in the current fiscal year or any prior
fiscal year, not to exceed Five Million Dollars ($5,000,000.00),
to the agency for expenditure. Upon such approval, the Department
of Environmental Quality may expend such funds in the manner
authorized by law.

The Executive Director of the Department of Environmental
Quality shall submit to the Department of Finance and
Administration a certified statement providing a detailed
explanation for any escalation, including a justification for the
establishment of any new positions or reclassification of existing
positions and the existence of any required matching funds for
those positions, and an assessment of the impact on the agency's
general fund budget for the three (3) fiscal years following the
fiscal year in which the escalation is requested.

SECTION 5. It shall be unlawful for any officer, employee or
other person whatsoever to use or permit or authorize the use of
any automobile or any other motor vehicle owned by the State of
Mississippi or any department, agency or institution thereof for
any purpose other than upon the official business of the State of
Mississippi or any agency, department or institution thereof.

It is the intent of the Legislature that motor vehicles
authorized to be owned and operated by this agency shall comply
