thereof;

charges for the services rendered by or through the facilities of
such district;
(f) To pledge all or any part of its revenues to the payment of its obligations;

(g) To make such covenants in connection with the issuance of bonds or to secure the payment of bonds that a private business corporation can make under the general laws of the state;

(h) To use any right-of-way, easement or other similar property right, including right of eminent domain as provided by Section 11-27-81 et seq., Mississippi Code of 1972, necessary or convenient in connection with the acquisition, improvement, operation or maintenance of the facilities of the district, held by the state or any political subdivision thereof, provided that the regulations set by law or established by the governing body for the use of the property are followed;

(i) To enter into contracts and agreements with and accept grants from any agency of the United States of America, State of Mississippi or any municipality relating to the construction, operation, maintenance and replacement of any sewer collection system or treatment facilities;

The amount of the revenue bonds authorized to be issued shall not exceed an aggregate amount of Two Million Dollars ($2,000,000.00). Except as otherwise provided in this act, all powers with respect to wastewater treatment facilities granted to municipalities of the state by Sections 21-27-11 through 21-27-69 and Section 19-5-151 et seq., Mississippi Code of 1972, including the issuance of revenue bonds, are conferred upon and may be exercised with the district by the board.

Section 6. The commission shall have full power and authority to issue all bonds of the district, but before issuing any bonds, the commission shall adopt a resolution declaring its intention so to do, stating the amount of the bonds proposed to be issued, and the date upon which the commission proposes to direct
the issuance of the bonds. The resolution shall be published once a week for at least three (3) consecutive weeks in at least one newspaper qualified under the provisions of Section 13-3-31, Mississippi Code of 1972, in the county in which the district lies and having a general circulation in the district which lies in the county. The first publication of the resolution shall be made not less than twenty-one (21) days prior to the date fixed in the resolution for the issuance of the bonds, and the last publication shall be made not more than seven (7) days prior to such date. If ten percent (10%) of the users of the district shall file a written protest against the issuance of such bonds on or before the date specified in such resolution, then an election on the question of the issuance of such bonds shall be called and held in the manner to be provided by the commission by rules and regulations promulgated prior to the adoption of the resolution declaring the commission's intention to issue the bonds.

Section 7. There shall be and there is created a statutory lien in the nature of a mortgage lien upon any system or systems acquired or constructed in accordance with this act, including all extensions and improvements thereof or combinations thereof subsequently made. The statutory lien shall be in favor of the holder or holders of any bonds issued pursuant to this act and all such property shall remain subject to the statutory lien until the payment in full of the principal of and interest on the bonds. Any holder of the bonds or any of the coupons representing interest thereon may either at law or in equity, by suit, action, mandamus or other proceedings, in any court of competent jurisdiction, protect and enforce such statutory lien and compel performance of all duties required by this act, including the making and collection of sufficient rates for the service or services, the proper accounting thereof, and the performance of any duties required by covenants with the holders of any bonds issued in accordance with this act.
If any default is made in the payment of the principal of or interest on the bonds, any court having jurisdiction of the action may appoint a receiver to administer the district and the system or systems, with power to charge and collect rates sufficient to provide for the payment of all bonds and obligations outstanding against the system or systems and for the payment of operating expenses and to apply the income and revenues in conformity with the provisions of this act and any covenants with bondholders.

Section 8. No holder or holders of any bonds issued pursuant to this act shall ever have the right to compel the levy of any tax to pay the bonds or the interest thereon. Each bond shall recite in substance that the bond and interest thereon is payable solely from the revenue pledged to the payment thereof and that the bond does not constitute a debt of the district within the meaning of any statutory limitation.

Section 9. The board of commissioners of the district issuing bonds pursuant to this act shall prescribe and collect reasonable rates, fees, tolls or charges for the services, facilities and commodities of its system or systems, shall prescribe penalties for nonpayment, and shall revise the rates, fees, tolls or charges from time to time whenever necessary to insure that the system or systems shall be and always remain self-supporting. The rates, fees, tolls or charges prescribed shall always produce revenue at least sufficient (a) to provide for all expenses of operation and maintenance of the system or systems, including reserves, and (b) to pay when due all bonds and interest thereon for the payment of which the revenues are or shall have been pledged, charged or otherwise encumbered, including reserves.

Section 10. The property and revenue of the district shall be exempt from all state, county and municipal taxation. Bonds issued pursuant to this act and the income therefrom shall be exempt from all state, county and municipal taxation, except...
inheritance, transfer and estate taxes, and it may be so stated on the face of the bonds.

Section 11. Any area adjacent to any district created pursuant to this act and situated within the same county as the district may be annexed to and become a part of the district by the procedure prescribed below:

(a) The board of supervisors, after due investigation, may adopt a resolution finding and determining (i) that the public convenience and necessity require extension of the district and (ii) that the extension to the district is economically sound and desirable. The resolution shall designate the contemplated territorial limits of the extended district and the municipalities and sewer districts proposed to be served.

(b) A certified copy of the resolution as so adopted shall be published in a newspaper published in the county and having a general circulation within the proposed district once a week for at least three (3) consecutive weeks prior to the date specified in the resolution as the date upon which the board intends to create the district. The first publication shall be made not less than twenty-one (21) days prior to the date specified, and the last publication shall be made not more than seven (7) days prior to the date.

(c) If twenty percent (20%) of the qualified electors of the proposed district file a written petition with the board of supervisors on or before the date specified protesting the extension of the district, the board of supervisors shall call an election on the question of the extending of the district. The election shall be held and conducted by the election commissioners of the county as nearly as may be in accordance with the general laws governing elections and the election commissioners shall determine which of the qualified electors of the county reside within the proposed district and only such qualified electors that reside within the proposed district shall be entitled to vote in
the election. Notice of the election, setting the time, place or places, and purpose of the election shall be published by the clerk of the board of supervisors. The notice shall be published for the time and in the manner provided for the publication of the resolution of intention. The ballots to be prepared for and used at the election shall be in substantially the following form:

For extension of ________________ district ( )
Against extension of ________________ district ( )

and voters shall vote by placing a cross mark (x) or a check mark (✓) opposite their choice.

(d) If no petition requiring an election be filed or if a majority of those voting at an election vote in favor of the creation of the district, the board of supervisors shall adopt a resolution creating the district as described in the resolution of intention.

(e) Any party having an interest in the subject matter and aggrieved or prejudiced by the findings and adjudications of the board of supervisors may appeal to the circuit court of the county in the manner provided by law for appeals from orders of the board of supervisors; provided, that the appeal shall be taken within a period of fifteen (15) days from and after the date of the adoption of the resolution extending any such district.

All costs incident to the publication of notice and all other costs incident to the hearings, election and proceedings shall be paid by the district.

Within ninety (90) days after the close of each fiscal year, the commissioners shall publish in a newspaper of general circulation in the county a sworn statement showing the financial condition of the district, the earnings for the fiscal year just ended, a statement of the sewer rates being charged and a brief statement of the method used in arriving at the rates. The statement shall also be filed with the board of supervisors creating the district.
Section 12. For the purposes of Section 77-3-1, Mississippi Code of 1972, this wastewater treatment facility shall be deemed to be a municipal sewage district not subject to the jurisdiction of the Mississippi Public Service Commission, except as provided by Section 77-3-1, Mississippi Code of 1972, and in this act.

Section 13. Any revenue bonds issued under the provisions of this act may be submitted to validation under the provisions of Sections 31-13-1 through 31-13-11, Mississippi Code of 1972.

SECTION 2. This act shall take effect and be in force from and after its passage.
