288 (vi) The segment is in an urban area and involves
289 the completion of bypasses or other construction which will
290 facilitate and accommodate major traffic movement.

292 authorizes the construction of a highway segment of less than ten
293 (10) miles in length, the commission shall set forth and record in
294 its official minutes explanation and justification therefor based
295 upon one or more of the conditions prescribed in paragraph (7) (a)

309 federal bridge replacement funds for fiscal year 1988 and each
310 fiscal year thereafter when the segments proposed for construction
311 contain bridges that are eligible for replacement under the
312 Federal Aid Bridge Replacement Program.

313 (9) The Transportation Department shall submit a report to
314 the Legislature by January 10 of each calendar year setting forth
315 the current status of the construction program set forth in this
