33 SECTION 1. Section 43-14-1, Mississippi Code of 1972, is  
34 amended as follows:

35 43-14-1. (1) The purpose of this chapter is to provide for  
36 the development and implementation of a coordinated interagency  
37 system of necessary services and care \* \* \* for (a) children and  
38 youth up to age twenty-one (21) with serious emotional/behavioral  
39 disorders, including, but not limited to, conduct disorders, or

40 mental illness who require services from a multiple services and  
41 multiple programs system; (b) children suspended or expelled from  
42 a local school district for serious and chronic misconduct; (c)  
43 children with alcohol and drug abuse problems; (d) children with  
44 co-occurring disorders (mental illness and alcohol and drug abuse  
45 problems); (e) neglected, abused or delinquent children with  
46 serious emotional or behavioral problems that would be subject to  
47 the jurisdiction of the Department of Human Services or the youth  
48 court; and (f) those children with special mental health needs,  
49 including, but not limited to, those who are sexually reactive,  
50 for whom the necessary array of specialized services and support  
51 is not available in the state, in the most fiscally responsible  
52 (cost efficient) manner possible, based on an individualized plan  
53 of care which takes into account other available interagency  
54 programs, including, but not limited to, Early Intervention Act of  
55 Infants and Toddlers, Section 41-87-1 et seq., Early Periodic  
56 Screening Diagnosis and Treatment, Section 43-13-117(5), waived  
57 program for home- and community-based services for developmentally  
58 disabled people, Section 43-13-117(29), and waived program for  
59 targeted case management services for children with special needs,  
60 Section 43-13-117(31), those children identified through the  
61 federal Individuals with Disabilities Education Act of 1997 as  
62 having a serious emotional disorder (EMD), the Mississippi  
63 Children's Health Insurance Program Phase I and Phase II and  
64 waived programs for children with serious emotional  
65 disturbances, Section 43-13-117(44), and is tied to clinically  
66 appropriate outcomes. Some of the outcomes are to reduce the  
67 number of inappropriate out-of-home placements inclusive of those  
68 out-of-state and to reduce the number of inappropriate school  
69 suspensions and expulsions for this population of children. From  
70 and after July 1, 2001, this coordinated interagency system of  
71 necessary services and care shall be named the System of Care  
72 program. Children to be served by this chapter who are eligible

73 for Medicaid shall be screened through the Medicaid Early Periodic  
74 Screening Diagnosis and Treatment (EPSDT) and their needs for  
75 medically necessary services shall be certified through the EPSDT  
76 process. Children who are not Medicaid-eligible shall have access  
77 to their necessary services in the System of Care program through  
78 the funding formula determined by the Interagency Coordinating  
79 Council for Children and Youth and funded through the operating  
80 fund provided in Section 43-14-5. For purposes of this chapter, a  
81 "System of Care" is defined as a coordinated network of agencies  
82 and providers working as a team to make a full range of mental  
83 health and other necessary services available as needed by  
84 children with mental health problems and their families. The  
85 System of Care shall be:

86 (a) Child centered, family focused and family driven;

87 (b) Community based;

88 (c) Culturally competent and responsive; and shall

89 provide for:

90 (i) Service coordination or case management;

91 (ii) Prevention and early identification and

92 intervention;

94 providers, and to the adult service system;

95 (iv) Human rights protection and advocacy;

96 (v) Nondiscrimination in access to services;

97 (vi) A comprehensive array of services;

98 (vii) Individualized service planning;

99 (viii) Services in the least restrictive

100 environment;

101 (ix) Family participation in all aspects of

102 planning, service delivery and evaluation; and

103 (x) Integrated services with coordinated planning

104 across child-serving agencies.

105           (2) There is established the Interagency Coordinating  
106 Council for Children and Youth (hereinafter referred to as the  
107 "ICCCY") which shall assume the responsibilities of the Children's  
108 Advisory Council established under Section 43-14-1 et seq. and the  
109 Juvenile Health Recovery Advisory Board established under Section  
110 43-27-301 et seq., and implement the interagency System of Care  
111 authorized under this chapter. The ICCCY shall consist of the  
112 following membership: (a) the Attorney General; (b) the State  
113 Superintendent of Public Education; (c) the Executive Director of

120 as Allies for Children's Mental Health, Inc. The council shall  
121 meet upon the call of the Attorney General before August 1, 2001,  
122 and shall organize for business by selecting a chairman, who shall  
123 serve for a one-year term and may be selected for subsequent  
124 terms. The council shall adopt internal organizational procedures  
125 necessary for efficient operation of the council. Each member of  
126 the council shall designate necessary staff of their departments  
127 to assist the ICCCY in performing its duties and responsibilities.  
128 The ICCCY shall meet and conduct business at least twice annually.  
129 The chairman of the ICCCY shall notify all persons who request  
130 such notice as to the date, time and place of each meeting.

131           (3) The Interagency System of Care Council is created to  
132 develop and make recommendations to the ICCCY established under  
133 subsection (2) as deemed necessary to implement the ICCCY's  
134 responsibilities relating to all programs serving the children  
135 described herein. The Interagency System of Care Council is  
136 authorized to serve as the state management team with the  
137 responsibility of overseeing the local Multidisciplinary

138 Assessment and Planning (MAP) teams, the collection and analysis  
139 of data necessary to implement and operate the System of Care, and  
140 to develop necessary financing strategies, and may apply for  
141 grants from public and private sources necessary to carry out its  
142 responsibilities. The Interagency System of Care Council shall be  
143 comprised of one (1) member from each of the appropriate  
144 child-serving divisions or sections of the State Department of  
145 Health, the Department of Human Services, the State Department of  
146 Mental Health, the State Department of Education, the Division of  
147 Medicaid of the Governor's Office, the Department of  
148 Rehabilitation Services, the Attorney General's Office, the  
149 Executive Director of the Mississippi Association of School  
150 Superintendents, the Executive Director of the Public Education  
151 Forum of Mississippi, a representative from the Council of  
152 Administrators for Special Education/Mississippi Organization of  
153 Special Education Supervisors (CASE/MOSES), a family member  
154 designated by Mississippi Families as Allies for Children's Mental  
155 Health, Inc., a family member designated by the Foster Family  
156 Association of Mississippi, a representative from the Mississippi  
157 Council of Youth Court Judges, a representative from the  
158 Governor's Office, three (3) persons appointed by the Speaker of  
159 the House of Representatives and three (3) persons appointed by  
160 the Lieutenant Governor, who, to the extent possible, shall have  
161 special expertise in working with children and youth with special  
162 mental health needs. Appointments to the Interagency System of  
163 Care Council shall be made within sixty (60) days after the  
164 effective date of this act. The council shall organize by  
165 selecting a chairman from its membership to serve on an annual  
166 basis, and the chairman may be re-elected. The Interagency System  
167 of Care Council shall appoint an executive committee to meet as  
168 needed in carrying out its functions and to meet with the ICCCY.

169 (4) The Interagency Coordinating Council for Children and  
170 Youth is so authorized and shall oversee a planning process that

171 mandates that each child and/or youth-serving state agency define  
172 in writing how each agency utilizes its federal and state  
173 statutes, policy requirements and funding streams to identify  
174 and/or serve children and youth with emotional disabilities or  
175 disorders, and mandate further that each define any additional  
176 federal statutes, state statutes and/or other agency regulations,  
177 processes or guidelines that are now being or could be used to  
178 identify and serve this population of children and youth. The  
179 ICCCY shall review and implement the plan for comprehensive,  
180 multidisciplinary care, treatment and placement of children  
181 developed by the Juvenile Health Recovery Board established under  
182 Section 43-27-303, Mississippi Code of 1972, and shall make  
183 necessary recommendations for legislation to the Legislature.

184       (5) The ICCCY shall oversee a pool of state funds  
185 contributed by each participating state agency and additional  
186 funds from the Mississippi Tobacco Health Care Expenditure Fund,  
187 subject to specific appropriation therefor by the Legislature.  
188 Part of this pool of funds shall be available for increasing the  
189 present funding levels by matching Medicaid funds in order to  
190 increase the existing resources available for necessary  
191 community-based services for Medicaid beneficiaries. \* \* \*

192       (6) The local coordinating care entities to administer the  
193 System of Care programs \* \* \* shall be designated by the ICCCY  
194 using a Request for Proposal (RFP) process. Each local  
195 coordinating care entity shall be an administrative body capable  
196 of securing and insuring the delivery of services and care across  
197 all necessary agencies and/or any other appropriate service  
198 provider(s) to meet each child or youth's authorized plan of care.  
199 After June 30, 2001, the ICCCY will add \* \* \* additional  
200 coordinating care entities in each congressional district of the  
201 state so that all of the children in the State of Mississippi  
202 served by this chapter will be covered by June 30, 2011. Those  
203 local coordinating care entities designated by the ICCCY shall be

204 those that clearly reflect their capability to select and secure  
205 appropriate services and care in the most cost-efficient and  
206 timely manner for the children and youth who are to be served by  
207 this chapter.

208 (7) Each local coordinating care entity shall work with a  
209 local Multidisciplinary Assessment and Planning Team (MAP) which  
210 shall be made up of local interagency administrators and others  
211 who have special interest in and expertise with the population of  
212 children named in subsection (1) who shall provide policy  
213 oversight and community commitment to the local System of Care  
214 programs. Each local MAP team shall serve as the single point of  
215 entry to ensure that comprehensive diagnosis and assessment occur  
216 and shall coordinate needed services through the local  
217 coordinating care entity for the children named in subsection (1).  
218 Local children in crisis shall have first priority for access to  
219 the MAP team processes and local System of Care programs.

220 (8) The Interagency Coordinating Council for Children and  
221 Youth shall contract with the selected local coordinating care  
222 entity in the additional designated System of Care regions, and  
223 these entities shall administer the program according to the terms  
224 of the contract with the ICCCY.

225 (9) Each state agency named in subsection (2) of this  
226 section shall enter into a binding interagency agreement to  
227 participate in the oversight of the statewide System of Care  
228 programs for the children and youth described in this section.  
229 The agreement shall be signed and in effect by July 1 of each  
230 year \* \* \*.

231 SECTION 2. Section 43-14-3, Mississippi Code of 1972, is  
232 amended as follows:

233 43-14-3. In addition to the specific authority provided in  
234 Section 43-14-1, the powers and responsibilities of the  
235 Interagency Coordinating Council for Children and Youth shall be  
236 as follows:

237 (a) To expand \* \* \* the System of Care programs into  
238 each congressional district from a minimum of one (1) per  
239 congressional district;

240 (b) To implement a Request for Proposal process through  
241 which \* \* \* local coordinating care entities will be selected in  
242 each congressional district to perform the functions provided in  
243 Section 43-14-7;

244 (c) To serve in an advisory capacity and to provide  
245 state level leadership and oversight to the development of  
246 the \* \* \* System of Care programs;

247 (d) To insure the creation and availability of an  
248 annual pool of funds from each participating agency member of the  
249 ICCCY that includes the amount to be contributed by each agency  
250 and a process for utilization of those funds;

251 (e) To contract and expend funds for any contractual  
252 technical assistance and consultation necessary to the System of  
253 Care programs; and

254 (f) To implement and operate the Plan for  
255 Comprehensive, Multidisciplinary Care, Treatment and Placement  
256 submitted by the Juvenile Health Recovery Board pursuant to  
257 Section 43-27-301 et seq., and make any necessary recommendations  
258 to the Legislature.

259 SECTION 3. Section 43-14-5, Mississippi Code of 1972, is  
260 amended as follows:

261 43-14-5. There is created in the State Treasury a special  
262 fund into which shall be deposited all funds contributed by the  
263 Department of Human Services, State Department of Health,  
264 Department of Mental Health and State Department of Education for  
265 the operation of the \* \* \* System of Care programs. By the first  
266 quarter of each state fiscal year, each agency named in this  
267 section shall pay into the special fund out of its annual  
268 appropriation a sum equal to the amount determined by the  
269 ICCCY \* \* \*. The ICCCY shall designate the agency of the state

270 that will be the administering agency for the System of Care  
271 program authorized under this chapter with full authority to adopt  
272 rules and regulations for the implementation of the program, the  
273 access of funds and for the coordination of the System of Care  
274 program with the state's other assistance programs. If the  
275 Division of Medicaid is designated as the administering agency for  
276 the System of Care program, the division shall have all of the  
277 authority set forth in Section 43-13-1-1 et seq. Payment for  
278 services dictated by the plan of care shall be made to the  
279 providers of the services by the selected local coordinating care  
280 entity in each of the designated System of Care regions utilizing  
281 the blended fund pool established under this section for the  
282 System of Care program.

283 SECTION 4. Section 43-13-117, Mississippi Code of 1972, is  
284 amended as follows:

285 43-13-117. Medical assistance as authorized by this article  
286 shall include payment of part or all of the costs, at the  
287 discretion of the division or its successor, with approval of the  
288 Governor, of the following types of care and services rendered to  
289 eligible applicants who shall have been determined to be eligible  
290 for such care and services, within the limits of state  
291 appropriations and federal matching funds:

292 (1) Inpatient hospital services.

293 (a) The division shall allow thirty (30) days of  
294 inpatient hospital care annually for all Medicaid recipients. The  
295 division shall be authorized to allow unlimited days in  
296 disproportionate hospitals as defined by the division for eligible  
297 infants under the age of six (6) years.

298 (b) From and after July 1, 1994, the Executive  
299 Director of the Division of Medicaid shall amend the Mississippi  
300 Title XIX Inpatient Hospital Reimbursement Plan to remove the  
301 occupancy rate penalty from the calculation of the Medicaid

302 Capital Cost Component utilized to determine total hospital costs  
303 allocated to the Medicaid program.

304 (c) Hospitals will receive an additional payment  
305 for the implantable programmable pump implanted in an inpatient  
306 basis. The payment pursuant to written invoice will be in  
307 addition to the facility's per diem reimbursement and will  
308 represent a reduction of costs on the facility's annual cost  
309 report, and shall not exceed Ten Thousand Dollars (\$10,000.00) per  
310 year per recipient. This paragraph (c) shall stand repealed on  
311 July 1, 2001.

312 (2) Outpatient hospital services. Provided that where  
313 the same services are reimbursed as clinic services, the division  
314 may revise the rate or methodology of outpatient reimbursement to  
315 maintain consistency, efficiency, economy and quality of care.  
316 The division shall develop a Medicaid-specific cost-to-charge  
317 ratio calculation from data provided by hospitals to determine an  
318 allowable rate payment for outpatient hospital services, and shall  
319 submit a report thereon to the Medical Advisory Committee on or  
320 before December 1, 1999. The committee shall make a  
321 recommendation on the specific cost-to-charge reimbursement method  
322 for outpatient hospital services to the 2000 Regular Session of  
323 the Legislature.

324 (3) Laboratory and x-ray services.

325 (4) Nursing facility services.

326 (a) The division shall make full payment to  
327 nursing facilities for each day, not exceeding fifty-two (52) days  
328 per year, that a patient is absent from the facility on home  
329 leave. Payment may be made for the following home leave days in  
330 addition to the fifty-two-day limitation: Christmas, the day  
331 before Christmas, the day after Christmas, Thanksgiving, the day  
332 before Thanksgiving and the day after Thanksgiving. However,  
333 before payment may be made for more than eighteen (18) home leave  
334 days in a year for a patient, the patient must have written

335 authorization from a physician stating that the patient is  
336 physically and mentally able to be away from the facility on home  
337 leave. Such authorization must be filed with the division before  
338 it will be effective and the authorization shall be effective for  
339 three (3) months from the date it is received by the division,  
340 unless it is revoked earlier by the physician because of a change  
341 in the condition of the patient.

342 (b) From and after July 1, 1997, the division  
343 shall implement the integrated case-mix payment and quality  
344 monitoring system, which includes the fair rental system for  
345 property costs and in which recapture of depreciation is  
346 eliminated. The division may reduce the payment for hospital  
347 leave and therapeutic home leave days to the lower of the case-mix  
348 category as computed for the resident on leave using the  
349 assessment being utilized for payment at that point in time, or a  
350 case-mix score of 1.000 for nursing facilities, and shall compute  
351 case-mix scores of residents so that only services provided at the  
352 nursing facility are considered in calculating a facility's per  
353 diem. The division is authorized to limit allowable management  
354 fees and home office costs to either three percent (3%), five  
355 percent (5%) or seven percent (7%) of other allowable costs,  
356 including allowable therapy costs and property costs, based on the  
357 types of management services provided, as follows:

358 A maximum of up to three percent (3%) shall be allowed where  
359 centralized managerial and administrative services are provided by  
360 the management company or home office.

361 A maximum of up to five percent (5%) shall be allowed where  
362 centralized managerial and administrative services and limited  
363 professional and consultant services are provided.

364 A maximum of up to seven percent (7%) shall be allowed where  
365 a full spectrum of centralized managerial services, administrative  
366 services, professional services and consultant services are  
367 provided.

368 (c) From and after July 1, 1997, all state-owned  
369 nursing facilities shall be reimbursed on a full reasonable cost  
370 basis.

371 (d) When a facility of a category that does not  
372 require a certificate of need for construction and that could not  
373 be eligible for Medicaid reimbursement is constructed to nursing  
374 facility specifications for licensure and certification, and the  
375 facility is subsequently converted to a nursing facility pursuant  
376 to a certificate of need that authorizes conversion only and the  
377 applicant for the certificate of need was assessed an application  
378 review fee based on capital expenditures incurred in constructing  
379 the facility, the division shall allow reimbursement for capital  
380 expenditures necessary for construction of the facility that were  
381 incurred within the twenty-four (24) consecutive calendar months  
382 immediately preceding the date that the certificate of need  
383 authorizing such conversion was issued, to the same extent that  
384 reimbursement would be allowed for construction of a new nursing  
385 facility pursuant to a certificate of need that authorizes such  
386 construction. The reimbursement authorized in this subparagraph  
387 (d) may be made only to facilities the construction of which was  
388 completed after June 30, 1989. Before the division shall be  
389 authorized to make the reimbursement authorized in this  
390 subparagraph (d), the division first must have received approval  
391 from the Health Care Financing Administration of the United States  
392 Department of Health and Human Services of the change in the state  
393 Medicaid plan providing for such reimbursement.

394 (e) The division shall develop and implement, not  
395 later than January 1, 2001, a case-mix payment add-on determined  
396 by time studies and other valid statistical data which will  
397 reimburse a nursing facility for the additional cost of caring for  
398 a resident who has a diagnosis of Alzheimer's or other related  
399 dementia and exhibits symptoms that require special care. Any  
400 such case-mix add-on payment shall be supported by a determination

401 of additional cost. The division shall also develop and implement  
402 as part of the fair rental reimbursement system for nursing  
403 facility beds, an Alzheimer's resident bed depreciation enhanced  
404 reimbursement system which will provide an incentive to encourage  
405 nursing facilities to convert or construct beds for residents with  
406 Alzheimer's or other related dementia.

407 (f) The Division of Medicaid shall develop and  
408 implement a referral process for long-term care alternatives for  
409 Medicaid beneficiaries and applicants. No Medicaid beneficiary  
410 shall be admitted to a Medicaid-certified nursing facility unless  
411 a licensed physician certifies that nursing facility care is  
412 appropriate for that person on a standardized form to be prepared  
413 and provided to nursing facilities by the Division of Medicaid.  
414 The physician shall forward a copy of that certification to the  
415 Division of Medicaid within twenty-four (24) hours after it is  
416 signed by the physician. Any physician who fails to forward the  
417 certification to the Division of Medicaid within the time period  
418 specified in this paragraph shall be ineligible for Medicaid  
419 reimbursement for any physician's services performed for the  
420 applicant. The Division of Medicaid shall determine, through an  
421 assessment of the applicant conducted within two (2) business days  
422 after receipt of the physician's certification, whether the  
423 applicant also could live appropriately and cost-effectively at  
424 home or in some other community-based setting if home- or  
425 community-based services were available to the applicant. The  
426 time limitation prescribed in this paragraph shall be waived in  
427 cases of emergency. If the Division of Medicaid determines that a  
428 home- or other community-based setting is appropriate and  
429 cost-effective, the division shall:

430 (i) Advise the applicant or the applicant's  
431 legal representative that a home- or other community-based setting  
432 is appropriate;

433 (ii) Provide a proposed care plan and inform  
434 the applicant or the applicant's legal representative regarding  
435 the degree to which the services in the care plan are available in  
436 a home- or in other community-based setting rather than nursing  
437 facility care; and

438 (iii) Explain that such plan and services are  
439 available only if the applicant or the applicant's legal  
440 representative chooses a home- or community-based alternative to  
441 nursing facility care, and that the applicant is free to choose  
442 nursing facility care.

443 The Division of Medicaid may provide the services described  
444 in this paragraph (f) directly or through contract with case  
445 managers from the local Area Agencies on Aging, and shall  
446 coordinate long-term care alternatives to avoid duplication with  
447 hospital discharge planning procedures.

448 Placement in a nursing facility may not be denied by the  
449 division if home- or community-based services that would be more  
450 appropriate than nursing facility care are not actually available,  
451 or if the applicant chooses not to receive the appropriate home-  
452 or community-based services.

453 The division shall provide an opportunity for a fair hearing  
454 under federal regulations to any applicant who is not given the  
455 choice of home- or community-based services as an alternative to  
456 institutional care.

457 The division shall make full payment for long-term care  
458 alternative services.

459 The division shall apply for necessary federal waivers to  
460 assure that additional services providing alternatives to nursing  
461 facility care are made available to applicants for nursing  
462 facility care.

463 (5) Periodic screening and diagnostic services for  
464 individuals under age twenty-one (21) years as are needed to  
465 identify physical and mental defects and to provide health care

466 treatment and other measures designed to correct or ameliorate  
467 defects and physical and mental illness and conditions discovered  
468 by the screening services regardless of whether these services are  
469 included in the state plan. The division may include in its  
470 periodic screening and diagnostic program those discretionary  
471 services authorized under the federal regulations adopted to  
472 implement Title XIX of the federal Social Security Act, as  
473 amended. The division, in obtaining physical therapy services,  
474 occupational therapy services, and services for individuals with  
475 speech, hearing and language disorders, may enter into a  
476 cooperative agreement with the State Department of Education for  
477 the provision of such services to handicapped students by public  
478 school districts using state funds which are provided from the  
479 appropriation to the Department of Education to obtain federal  
480 matching funds through the division. The division, in obtaining  
481 medical and psychological evaluations for children in the custody  
482 of the State Department of Human Services may enter into a  
483 cooperative agreement with the State Department of Human Services  
484 for the provision of such services using state funds which are  
485 provided from the appropriation to the Department of Human  
486 Services to obtain federal matching funds through the division.

487 On July 1, 1993, all fees for periodic screening and  
488 diagnostic services under this paragraph (5) shall be increased by  
489 twenty-five percent (25%) of the reimbursement rate in effect on  
490 June 30, 1993.

491 (6) Physician's services. All fees for physicians'  
492 services that are covered only by Medicaid shall be reimbursed at  
493 ninety percent (90%) of the rate established on January 1, 1999,  
494 and as adjusted each January thereafter, under Medicare (Title  
495 XVIII of the Social Security Act, as amended), and which shall in  
496 no event be less than seventy percent (70%) of the rate  
497 established on January 1, 1994. All fees for physicians' services  
498 that are covered by both Medicare and Medicaid shall be reimbursed

499 at ten percent (10%) of the adjusted Medicare payment established  
500 on January 1, 1999, and as adjusted each January thereafter, under  
501 Medicare (Title XVIII of the Social Security Act, as amended), and  
502 which shall in no event be less than seven percent (7%) of the  
503 adjusted Medicare payment established on January 1, 1994.

504 (7) (a) Home health services for eligible persons, not  
505 to exceed in cost the prevailing cost of nursing facility  
506 services, not to exceed sixty (60) visits per year.

507 (b) Repealed.

508 (8) Emergency medical transportation services. On  
509 January 1, 1994, emergency medical transportation services shall  
510 be reimbursed at seventy percent (70%) of the rate established  
511 under Medicare (Title XVIII of the Social Security Act, as  
512 amended). "Emergency medical transportation services" shall mean,  
513 but shall not be limited to, the following services by a properly  
514 permitted ambulance operated by a properly licensed provider in  
515 accordance with the Emergency Medical Services Act of 1974  
516 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced  
517 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,  
518 (vi) disposable supplies, (vii) similar services.

519 (9) Legend and other drugs as may be determined by the  
520 division. The division may implement a program of prior approval  
521 for drugs to the extent permitted by law. Payment by the division  
522 for covered multiple source drugs shall be limited to the lower of  
523 the upper limits established and published by the Health Care  
524 Financing Administration (HCFA) plus a dispensing fee of Four  
525 Dollars and Ninety-one Cents (\$4.91), or the estimated acquisition  
526 cost (EAC) as determined by the division plus a dispensing fee of  
527 Four Dollars and Ninety-one Cents (\$4.91), or the providers' usual  
528 and customary charge to the general public. The division shall  
529 allow five (5) prescriptions per month for noninstitutionalized  
530 Medicaid recipients; however, exceptions for up to ten (10)

531 prescriptions per month shall be allowed, with the approval of the  
532 director.

533 Payment for other covered drugs, other than multiple source  
534 drugs with HCFA upper limits, shall not exceed the lower of the  
535 estimated acquisition cost as determined by the division plus a  
536 dispensing fee of Four Dollars and Ninety-one Cents (\$4.91) or the  
537 providers' usual and customary charge to the general public.

538 Payment for nonlegend or over-the-counter drugs covered on  
539 the division's formulary shall be reimbursed at the lower of the  
540 division's estimated shelf price or the providers' usual and  
541 customary charge to the general public. No dispensing fee shall  
542 be paid.

543 The division shall develop and implement a program of payment  
544 for additional pharmacist services, with payment to be based on  
545 demonstrated savings, but in no case shall the total payment  
546 exceed twice the amount of the dispensing fee.

547 As used in this paragraph (9), "estimated acquisition cost"  
548 means the division's best estimate of what price providers  
549 generally are paying for a drug in the package size that providers  
550 buy most frequently. Product selection shall be made in  
551 compliance with existing state law; however, the division may  
552 reimburse as if the prescription had been filled under the generic  
553 name. The division may provide otherwise in the case of specified  
554 drugs when the consensus of competent medical advice is that  
555 trademarked drugs are substantially more effective.

556 (10) Dental care that is an adjunct to treatment of an  
557 acute medical or surgical condition; services of oral surgeons and  
558 dentists in connection with surgery related to the jaw or any  
559 structure contiguous to the jaw or the reduction of any fracture  
560 of the jaw or any facial bone; and emergency dental extractions  
561 and treatment related thereto. On July 1, 1999, all fees for  
562 dental care and surgery under authority of this paragraph (10)  
563 shall be increased to one hundred sixty percent (160%) of the

564 amount of the reimbursement rate that was in effect on June 30,  
565 1999. It is the intent of the Legislature to encourage more  
566 dentists to participate in the Medicaid program.

567 (11) Eyeglasses necessitated by reason of eye surgery,  
568 and as prescribed by a physician skilled in diseases of the eye or  
569 an optometrist, whichever the patient may select, or one (1) pair  
570 every three (3) years as prescribed by a physician or an  
571 optometrist, whichever the patient may select.

572 (12) Intermediate care facility services.

573 (a) The division shall make full payment to all  
574 intermediate care facilities for the mentally retarded for each  
575 day, not exceeding eighty-four (84) days per year, that a patient  
576 is absent from the facility on home leave. Payment may be made  
577 for the following home leave days in addition to the  
578 eighty-four-day limitation: Christmas, the day before Christmas,  
579 the day after Christmas, Thanksgiving, the day before Thanksgiving  
580 and the day after Thanksgiving. However, before payment may be  
581 made for more than eighteen (18) home leave days in a year for a  
582 patient, the patient must have written authorization from a  
583 physician stating that the patient is physically and mentally able  
584 to be away from the facility on home leave. Such authorization  
585 must be filed with the division before it will be effective, and  
586 the authorization shall be effective for three (3) months from the  
587 date it is received by the division, unless it is revoked earlier  
588 by the physician because of a change in the condition of the  
589 patient.

590 (b) All state-owned intermediate care facilities  
591 for the mentally retarded shall be reimbursed on a full reasonable  
592 cost basis.

593 (c) The division is authorized to limit allowable  
594 management fees and home office costs to either three percent  
595 (3%), five percent (5%) or seven percent (7%) of other allowable

596 costs, including allowable therapy costs and property costs, based  
597 on the types of management services provided, as follows:

598         A maximum of up to three percent (3%) shall be allowed where  
599 centralized managerial and administrative services are provided by  
600 the management company or home office.

601         A maximum of up to five percent (5%) shall be allowed where  
602 centralized managerial and administrative services and limited  
603 professional and consultant services are provided.

604         A maximum of up to seven percent (7%) shall be allowed where  
605 a full spectrum of centralized managerial services, administrative  
606 services, professional services and consultant services are  
607 provided.

608                 (13) Family planning services, including drugs,  
609 supplies and devices, when such services are under the supervision  
610 of a physician.

611                 (14) Clinic services. Such diagnostic, preventive,  
612 therapeutic, rehabilitative or palliative services furnished to an  
613 outpatient by or under the supervision of a physician or dentist  
614 in a facility which is not a part of a hospital but which is  
615 organized and operated to provide medical care to outpatients.  
616 Clinic services shall include any services reimbursed as  
617 outpatient hospital services which may be rendered in such a  
618 facility, including those that become so after July 1, 1991. On  
619 July 1, 1999, all fees for physicians' services reimbursed under  
620 authority of this paragraph (14) shall be reimbursed at ninety  
621 percent (90%) of the rate established on January 1, 1999, and as  
622 adjusted each January thereafter, under Medicare (Title XVIII of  
623 the Social Security Act, as amended), and which shall in no event  
624 be less than seventy percent (70%) of the rate established on  
625 January 1, 1994. All fees for physicians' services that are  
626 covered by both Medicare and Medicaid shall be reimbursed at ten  
627 percent (10%) of the adjusted Medicare payment established on  
628 January 1, 1999, and as adjusted each January thereafter, under

629 Medicare (Title XVIII of the Social Security Act, as amended), and  
630 which shall in no event be less than seven percent (7%) of the  
631 adjusted Medicare payment established on January 1, 1994. On July  
632 1, 1999, all fees for dentists' services reimbursed under  
633 authority of this paragraph (14) shall be increased to one hundred  
634 sixty percent (160%) of the amount of the reimbursement rate that  
635 was in effect on June 30, 1999.

636           (15) Home- and community-based services, as provided  
637 under Title XIX of the federal Social Security Act, as amended,  
638 under waivers, subject to the availability of funds specifically  
639 appropriated therefor by the Legislature. Payment for such  
640 services shall be limited to individuals who would be eligible for  
641 and would otherwise require the level of care provided in a  
642 nursing facility. The home- and community-based services  
643 authorized under this paragraph shall be expanded over a five-year  
644 period beginning July 1, 1999. The division shall certify case  
645 management agencies to provide case management services and  
646 provide for home- and community-based services for eligible  
647 individuals under this paragraph. The home- and community-based  
648 services under this paragraph and the activities performed by  
649 certified case management agencies under this paragraph shall be  
650 funded using state funds that are provided from the appropriation  
651 to the Division of Medicaid and used to match federal funds.

652           (16) Mental health services. Approved therapeutic and  
653 case management services provided by (a) an approved regional  
654 mental health/retardation center established under Sections  
655 41-19-31 through 41-19-39, or by another community mental health  
656 service provider meeting the requirements of the Department of  
657 Mental Health to be an approved mental health/retardation center  
658 if determined necessary by the Department of Mental Health, using  
659 state funds which are provided from the appropriation to the State  
660 Department of Mental Health and used to match federal funds under  
661 a cooperative agreement between the division and the department,

662 or (b) a facility which is certified by the State Department of  
663 Mental Health to provide therapeutic and case management services,  
664 to be reimbursed on a fee for service basis. Any such services  
665 provided by a facility described in paragraph (b) must have the  
666 prior approval of the division to be reimbursable under this  
667 section. After June 30, 1997, mental health services provided by  
668 regional mental health/retardation centers established under  
669 Sections 41-19-31 through 41-19-39, or by hospitals as defined in  
670 Section 41-9-3(a) and/or their subsidiaries and divisions, or by  
671 psychiatric residential treatment facilities as defined in Section  
672 43-11-1, or by another community mental health service provider  
673 meeting the requirements of the Department of Mental Health to be  
674 an approved mental health/retardation center if determined  
675 necessary by the Department of Mental Health, shall not be  
676 included in or provided under any capitated managed care pilot  
677 program provided for under paragraph (24) of this section. From  
678 and after July 1, 2000, the division is authorized to contract  
679 with a 134-bed specialty hospital located on Highway 39 North in  
680 Lauderdale County for the use of not more than sixty (60) beds at  
681 the facility to provide mental health services for children and  
682 adolescents and for crisis intervention services for emotionally  
683 disturbed children with behavioral problems, with priority to be  
684 given to children in the custody of the Department of Human  
685 Services who are, or otherwise will be, receiving such services  
686 out-of-state.

687 (17) Durable medical equipment services and medical  
688 supplies. The Division of Medicaid may require durable medical  
689 equipment providers to obtain a surety bond in the amount and to  
690 the specifications as established by the Balanced Budget Act of  
691 1997.

692 (18) Notwithstanding any other provision of this  
693 section to the contrary, the division shall make additional  
694 reimbursement to hospitals which serve a disproportionate share of

695 low-income patients and which meet the federal requirements for  
696 such payments as provided in Section 1923 of the federal Social  
697 Security Act and any applicable regulations. However, from and  
698 after January 1, 2000, no public hospital shall participate in the  
699 Medicaid disproportionate share program unless the public hospital  
700 participates in an intergovernmental transfer program as provided  
701 in Section 1903 of the federal Social Security Act and any  
702 applicable regulations. Administration and support for  
703 participating hospitals shall be provided by the Mississippi  
704 Hospital Association.

705           (19) (a) Perinatal risk management services. The  
706 division shall promulgate regulations to be effective from and  
707 after October 1, 1988, to establish a comprehensive perinatal  
708 system for risk assessment of all pregnant and infant Medicaid  
709 recipients and for management, education and follow-up for those  
710 who are determined to be at risk. Services to be performed  
711 include case management, nutrition assessment/counseling,  
712 psychosocial assessment/counseling and health education. The  
713 division shall set reimbursement rates for providers in  
714 conjunction with the State Department of Health.

715           (b) Early intervention system services. The  
716 division shall cooperate with the State Department of Health,  
717 acting as lead agency, in the development and implementation of a  
718 statewide system of delivery of early intervention services,  
719 pursuant to Part H of the Individuals with Disabilities Education  
720 Act (IDEA). The State Department of Health shall certify annually  
721 in writing to the director of the division the dollar amount of  
722 state early intervention funds available which shall be utilized  
723 as a certified match for Medicaid matching funds. Those funds  
724 then shall be used to provide expanded targeted case management  
725 services for Medicaid eligible children with special needs who are  
726 eligible for the state's early intervention system.

728 determined by the State Department of Health and the Division of  
729 Medicaid.

730           (20) Home- and community-based services for physically  
731 disabled approved services as allowed by a waiver from the United  
732 States Department of Health and Human Services for home- and  
733 community-based services for physically disabled people using  
734 state funds which are provided from the appropriation to the State  
735 Department of Rehabilitation Services and used to match federal  
736 funds under a cooperative agreement between the division and the  
737 department, provided that funds for these services are  
738 specifically appropriated to the Department of Rehabilitation  
739 Services.

740           (21) Nurse practitioner services. Services furnished  
741 by a registered nurse who is licensed and certified by the  
742 Mississippi Board of Nursing as a nurse practitioner including,  
743 but not limited to, nurse anesthetists, nurse midwives, family  
744 nurse practitioners, family planning nurse practitioners,  
745 pediatric nurse practitioners, obstetrics-gynecology nurse  
746 practitioners and neonatal nurse practitioners, under regulations  
747 adopted by the division. Reimbursement for such services shall  
748 not exceed ninety percent (90%) of the reimbursement rate for  
749 comparable services rendered by a physician.

750           (22) Ambulatory services delivered in federally  
751 qualified health centers and in clinics of the local health  
752 departments of the State Department of Health for individuals  
753 eligible for medical assistance under this article based on  
754 reasonable costs as determined by the division.

755           (23) Inpatient psychiatric services. Inpatient  
756 psychiatric services to be determined by the division for  
757 recipients under age twenty-one (21) which are provided under the  
758 direction of a physician in an inpatient program in a licensed  
759 acute care psychiatric facility or in a licensed psychiatric  
760 residential treatment facility, before the recipient reaches age

761 twenty-one (21) or, if the recipient was receiving the services  
762 immediately before he reached age twenty-one (21), before the  
763 earlier of the date he no longer requires the services or the date  
764 he reaches age twenty-two (22), as provided by federal  
765 regulations. Recipients shall be allowed forty-five (45) days per  
766 year of psychiatric services provided in acute care psychiatric  
767 facilities, and shall be allowed unlimited days of psychiatric  
768 services provided in licensed psychiatric residential treatment  
769 facilities. The division is authorized to limit allowable  
770 management fees and home office costs to either three percent  
771 (3%), five percent (5%) or seven percent (7%) of other allowable  
772 costs, including allowable therapy costs and property costs, based  
773 on the types of management services provided, as follows:

774         A maximum of up to three percent (3%) shall be allowed where  
775 centralized managerial and administrative services are provided by  
776 the management company or home office.

777         A maximum of up to five percent (5%) shall be allowed where  
778 centralized managerial and administrative services and limited  
779 professional and consultant services are provided.

785 by the division by a public or private provider. If managed care  
786 services are provided by the division to Medicaid recipients, and  
787 those managed care services are operated, managed and controlled  
788 by and under the authority of the division, the division shall be  
789 responsible for educating the Medicaid recipients who are  
790 participants in the managed care program regarding the manner in  
791 which the participants should seek health care under the program.  
792 Notwithstanding any other provision in this article to the  
793 contrary, the division shall establish rates of reimbursement to

794 providers rendering care and services authorized under this  
795 paragraph (24), and may revise such rates of reimbursement without  
796 amendment to this section by the Legislature for the purpose of  
797 achieving effective and accessible health services, and for  
798 responsible containment of costs.

799           (25) Birthing center services.

800           (26) Hospice care. As used in this paragraph, the term  
801 "hospice care" means a coordinated program of active professional  
802 medical attention within the home and outpatient and inpatient  
803 care which treats the terminally ill patient and family as a unit,  
804 employing a medically directed interdisciplinary team. The  
805 program provides relief of severe pain or other physical symptoms  
806 and supportive care to meet the special needs arising out of  
807 physical, psychological, spiritual, social and economic stresses  
808 which are experienced during the final stages of illness and

815 effective as defined by the Secretary of Health and Human  
816 Services. Medicare eligible must have Medicare Part B before  
817 other insurance premiums can be paid.

818           (29) The Division of Medicaid may apply for a waiver  
819 from the Department of Health and Human Services for home- and  
820 community-based services for developmentally disabled people using  
821 state funds which are provided from the appropriation to the State  
822 Department of Mental Health and used to match federal funds under  
823 a cooperative agreement between the division and the department,  
824 provided that funds for these services are specifically  
825 appropriated to the Department of Mental Health.

827 persons under twenty-one (21) years of age.

828                   (31) Targeted case management services for children

835 Sanatoria operated by or listed and certified by The First Church

838 such services are subject to reimbursement under Section 1903 of  
839 the Social Security Act.

840                   (33) Podiatrist services.

841                   (34) The division shall make application to the United

847 43-27-101 and 43-27-103, using state funds that are provided from  
848 the appropriation to the State Department of Human Services and  
849 used to match federal funds under a cooperative agreement between  
850 the division and the department.
