SENATE RESOLUTION NO. 68

A RESOLUTION URGING THE PRESIDENT AND THE CONGRESS OF THE
UNITED STATES TO INCREASE FUNDING FOR SPECIAL EDUCATION FROM AN
AVERAGE FEDERAL SHARE OF 12% NATIONWIDE TO THE 40% LEVEL
AUTHORIZED BY THE INDIVIDUALS WITH DISABILITIES EDUCATION ACT.
WHEREAS, special education programs serving students with
disabilities provide essential services to children and their
families; and

8 WHEREAS, state and local educational agencies are mandated by 9 federal law to provide a free appropriate public education for 10 children with disabilities; and

11 WHEREAS, the architects of America's Constitution and Bill of Rights constructed a unique form of federalism under which the 12 people delegated to the national government certain limited powers 13 14 while reserving all other authority to the states and the people; 15 the powers of the two government levels were carefully balanced and each had distinct roles with most day-to-day functions being 16 17 left at the level closest to the people; the founders expected state power to rival national power; and 18

WHEREAS, the states were and are well aware of the 19 20 constitutional obligation to provide public education for children 21 with disabilities; many of the states enacted constitutionally 22 sound special education laws prior to enactment in 1975 by Congress of Public Law 94-142, the Education for All Handicapped 23 Children Act, known since 1990 as the Individuals with 24 25 Disabilities Education Act or IDEA; nearly six million American 26 children receive special education services provided by the states 27 at a cost of almost \$40 Billion, only about \$5.7 Billion of which 28 is federal money; and

WHEREAS, enactment of the IDEA transferred decisions about 29 30 the ways in which special education services would be provided 31 from state capitals to Washington, D.C.; in an effort to alleviate 32 the intrusion that transfer of control over special education had 33 upon an area traditionally reserved to the states, the Act authorized appropriation of a sum equal to 40% of the average per 34 pupil expenditure for general education pupils; congressional 35 36 appropriations have never come near the authorization level; and

37 WHEREAS, costs associated with serving children with 38 disabilities continue to rise, and meeting those substantial costs 39 requires a strong partnership between local, state, and federal 40 governments; and

41 WHEREAS, underfunding of special education programs affects 42 the quality of services provided to children with disabilities; 43 and

44 WHEREAS, underfunding results in local school districts 45 redirecting resources that could otherwise be used for all 46 children; and

WHEREAS, according to recent estimates, Mississippi received 47 48 \$52,992,000.00 from Congress for Part B services under IDEA; and WHEREAS, if Congress would fully fund its commitment, in 49 fiscal year 2002, Mississippi would receive \$159,115,000.00; and 50 51 WHEREAS, the federal commitment to states and localities under the federal Individuals with Disabilities Education Act to 52 53 contribute 40% of the excess costs of providing a free appropriate public education has never been fulfilled; and 54

55 WHEREAS, despite recent large increases in federal special 56 education funding, the federal share is still less than one-half 57 the original commitment to states and localities:

58 NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE STATE OF 59 MISSISSIPPI, That the Senate urges the United States Congress and S. R. No. 68 *SSO1/R1461* 01/SS01/R1461 PAGE 2 60 President George W. Bush to increase funding for special education 61 so that the statutory goal of providing up to 40% of the national 62 average per-pupil expenditure required to serve children and youth 63 with disabilities be achieved within the next three years.

64 BE IT FURTHER RESOLVED, That the Secretary of State send 65 copies of this resolution to President George W. Bush, the members 66 of the Mississippi Congressional Delegation, the National 67 Conference of State Legislatures, the State Board of Education, 68 and the State Superintendent of Education, and be made available 69 to the Capitol Press Corps.
