TO THE HOUSE OF REPRESENTATIVES:

GOVERNOR'S VETO MESSAGE FOR HOUSE BILL 1611

I am returning House Bill Number 1611: "AN ACT MAKING AN APPROPRIATION TO THE STATE DEPARTMENT OF EDUCATION FOR THE SUPPORT AND MAINTENANCE OF THE COMMON SCHOOLS OF MISSISSIPPI, FOR THE MINIMUM EDUCATION PROGRAM AND FOR THE EDUCATION OF HOSPITALIZED AND EXCEPTIONAL CHILDREN FOR THE FISCAL YEAR 2002" without my approval and assign the following reason for my veto.

House Bill No. 1611 provides for a \$17.1 million cut in general funds to the Department of Education's Minimum Program and only funds the Minimum Program by utilizing approximately \$30.5 million in Education Enhancement textbook and classroom supply funds as authorized by House Bill No. 776. In other words, the Legislature has funded the minimum program by reducing the resources for textbooks and classroom supplies, both of which are critical to our teachers being able to teach effectively and our students being able to learn. This is not the way to build a sound foundation for education in our state.

Mississippi's teachers deserve our support. While we are giving teachers a \$23 million raise with one hand, we are taking away \$14.1 million with the other hand by drastically reducing funding for classroom supplies. This does not send a vote of confidence to our teachers.

While most Mississippians do not spend every day worrying about the budget bills considered by the Mississippi legislature, they do spend every day concerned about educating their children, getting health care when they need it, paying their bills and building a future or planning for retirement. Within a budget totaling more than \$3 billion, we can assist Mississippi families in doing those very things.

Within a \$3 billion budget, there are untold points of compromise and untold areas of debate, but only a very limited number of priorities and a short list of requirements. On behalf of Mississippi taxpayers, I have asked members of the legislature to take into consideration a number of unusual issues facing us in the upcoming fiscal year.

Mississippi's state budget is a blueprint for the success of our people, not a battle plan for the politics of personality. That blueprint can not be drawn accurately if we fail to take into consideration the slowing of our national and state economy, if we fail to take into account the profound shortfall of revenue coming into the state coffers during the present fiscal year, if we fail to properly assess how much we are going to grow and where we will choose to direct that growth.

Yesterday the U.S. Department of Commerce reported that the U.S. economy grew at an annual rate of just 1% in the fourth quarter of 2000, the weakest performance in five years. Estimates for the first quarter of 2001 suggest 0% growth. Business investments have been sharply reduced. State revenues for March are projected to be \$15-\$18 million below estimates, a 7% fall off. Forecasts for the coming year call for sluggish growth. These clear signals demand fiscal prudence by our state leadership.

We are fortunate to have in place a number of safeguards to protect Mississippi taxpayers from a state government operating in the red. The Mississippi legislature is specifically prohibited from appropriating any more than 98% of projected revenues so that 2% can be set aside in our working cash stabilization fund for cash flow and emergency use.

In addition, the Governor must by law put scissors to agency budgets in any month when revenues fall below 98% of what has been projected by the legislature. With these safeguards in place, Mississippi state government will never spend more than we take in.

However, this years' legislature seems to want to ignore the downturn in our economy and asks that we swallow a budget pill that is too big. We simply will not take in the dollars necessary to fund these bills. Considered together, the budget bills total \$3.541 billion in general fund dollars.

When all the fancy words and all the big numbers are set aside, one simple truth remains. We will not have the resources necessary to pay for all that the legislature has funded. We can not erase the shortfall from this year, anticipate a shortfall for next year, and expect to provide our people with education, health care, safety and other necessary functions of government. It just can't be done.

Therefore, I can not in good conscience sign these bills without asking the Mississippi legislature, representatives duly elected by our people, to reconsider their efforts and take one more look at where we can make responsible decisions and set a reasonable direction for our state, together. Let's talk about making fiscally conservative projections, giving our agency directors flexibility to better manage their resources, and let's give our people a reason to have confidence in our actions for years to come.

Respectfully submitted,

RONNIE MUSGROVE
