BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. Section 27-7-15, Mississippi Code of 1972, is amended as follows:

[ *** Through June 30, 2003, this section shall read as follows:] 27-7-15. (1) For the purposes of this article, except as otherwise provided, the term "gross income" means and includes the income of a taxpayer derived from salaries, wages, fees or compensation for service, of whatever kind and in whatever form paid, including income from governmental agencies and subdivisions thereof; or from professions, vocations, trades, businesses, commerce or sales, or renting or dealing in property, or reacquired property; also from annuities, interest, rents, dividends, securities, insurance premiums, reinsurance premiums, considerations for supplemental insurance contracts, or the transaction of any business carried on for gain or profit, or gains, or profits, and income derived from any source whatever and in whatever form paid. The amount of all such items of income shall be included in the gross income for the taxable year in which received by the taxpayer. The amount by which an eligible employee's salary is reduced pursuant to a salary reduction...
agreement authorized under Section 25-17-5 shall be excluded from the term "gross income" within the meaning of this article.

(2) In determining gross income for the purpose of this section, the following, under regulations prescribed by the commissioner, shall be applicable:

(a) Dealers in property. Federal rules, regulations and revenue procedures shall be followed with respect to installment sales unless a transaction results in the shifting of income from inside the state to outside the state.

(b) Casual sales of property.

(i) Prior to January 1, 2001, federal rules, regulations and revenue procedures shall be followed with respect to installment sales except they shall be applied and administered as if House Resolution No. 3594, the Installment Tax Correction Act of 2000 of the 106th Congress had not been enacted. This provision will generally affect taxpayers, reporting on the accrual method of accounting, entering into installment note agreements on or after December 17, 1999. Any gain or profit resulting from the casual sale of property will be recognized in the year of sale.

(ii) From and after January 1, 2001, federal rules, regulations and revenue procedures shall be followed with respect to installment sales except as provided in this subparagraph (ii). Gain or profit from the casual sale of property shall be recognized in the year of sale. When a taxpayer recognizes gain on the casual sale of property in which the gain is deferred for federal income tax purposes, a taxpayer may elect to defer the payment of tax resulting from the gain as allowed and to the extent provided under regulations prescribed by the commissioner. If the payment of the tax is made on a deferred basis, the tax shall be computed based on the applicable rate for the income reported in the year the payment is made. Except as otherwise provided in subparagraph (iii) of this paragraph (b),
deferring the payment of the tax shall not affect the liability
for the tax. If at any time the installment note is sold,
contributed, transferred or disposed of in any manner and for any
purpose by the original note holder, or the original note holder
is merged, liquidated, dissolved or withdrawn from this state,
then all deferred tax payments under this section shall
immediately become due and payable.

(iii) If the selling price of the property is
reduced by any alteration in the terms of an installment note,
including default by the purchaser, the gain to be recognized is
recomputed based on the adjusted selling price in the same manner
as for federal income tax purposes. The tax on this amount, less
the previously paid tax on the recognized gain, is payable over
the period of the remaining installments. If the tax on the
previously recognized gain has been paid in full to this state,
the return on which the payment was made may be amended for this
purpose only. The statute of limitations in Section 27-7-49 shall
not bar an amended return for this purpose.

(c) Reserves of insurance companies. In the case of
insurance companies, any amounts in excess of the legally required
reserves shall be included as gross income.

(d) Affiliated companies or persons. As regards sales,
exchanges or payments for services from one to another of
affiliated companies or persons or under other circumstances where
the relation between the buyer and seller is such that gross
proceeds from the sale or the value of the exchange or the payment
for services are not indicative of the true value of the subject
matter of the sale, exchange or payment for services, the
commissioner shall prescribe uniform and equitable rules for
determining the true value of the gross income, gross sales,
exchanges or payment for services, or require consolidated returns
of affiliates.
(e) Alimony and separate maintenance payments. The federal rules, regulations and revenue procedures in determining the deductibility and taxability of alimony payments shall be followed in this state.

(f) Reimbursement for expenses of moving. There shall be included in gross income (as compensation for services) any amount received or accrued, directly or indirectly, by an individual as a payment for or reimbursement of expenses of moving from one residence to another residence which is attributable to employment or self-employment.

(f) Income received by any religious denomination or by
any institution or trust for moral or mental improvements,
religious, Bible, tract, charitable, benevolent, fraternal,

article.

excluded from gross income such portion of actual premiums
received from an individual policyholder as is paid back or
credited to or treated as an abatement of premiums of such

dividends may be specifically identified in the possession of the

subdivision thereof. The exemption allowed under this paragraph
(k) shall be available to the spouse or other beneficiary at the
death of the primary retiree.

pensions, annuities or optional retirement allowances paid by any
public or governmental retirement system not designated in
subsection (k) or any private retirement system or plan of which
the recipient was a member at any time during the period of his
employment. Amounts received as a distribution under a Roth
Individual Retirement Account shall be treated in the same manner
as provided under the Internal Revenue Code of 1986, as amended.
The exemption allowed under this paragraph (l) shall be available
to the spouse or other beneficiary at the death of the primary
retiree.
