BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:  

SECTION 1. (1) There is established a Deferred Retirement Option Program (DROP) for members of the Public Employees' Retirement System, which shall be administered by the board of trustees of the retirement system. The DROP program will allow any eligible member of the retirement system to retire and continue working as a public employee for any period selected by the person not exceeding five (5) years. The eligible member shall receive his or her regular salary during the selected DROP period and the retirement allowance he or she would have otherwise received during the DROP period will be paid into an account for the benefit of the member. The proceeds of the account will be...
paid to the member upon termination of the selected DROP period. This payment shall be in addition to the member's regular retirement allowance, which shall begin being paid directly to the member at the termination of the selected DROP period.

(2) Members who desire to participate in the DROP program must sign up for the program within twelve (12) months immediately following the date upon which the member first reaches his or her normal retirement date. For purposes of this section, a person's normal retirement date is the date upon which the person accumulates twenty-five (25) years of creditable service; however, if a person reaches normal retirement age before age sixty (60), the decision to participate may be deferred to the twelve (12) months immediately following the date the member attains the age of fifty-five (55). The decision to participate in the DROP program is irrevocable once it is made, and a member participating in the DROP program may not terminate participation before the end of the selected period of participation without terminating employment.

(3) Any eligible member who wishes to participate in the DROP program shall apply to the retirement system. In the application, the member must select a period of participation of one (1) to five (5) years, which period shall be irrevocable once it is made. Participation in the DROP program shall begin on the first day of the month following the month in which the member's application is approved by the board of trustees of the retirement system.

(4) During the time that a member participates in the DROP program, the member shall receive the regular salary for his or her position, and the retirement system shall deposit monthly into a DROP account for the benefit of the member the retirement allowance that the member would have received if the member had retired and not participated in the DROP program. The DROP account shall be held in reserve until the end of the period of
participation in the DROP program, and regular interest shall be paid on the monies in the DROP account during the time that the member participates in the DROP program and until the monies are paid to the member. At the end of the period that the member participates in the DROP program, the member shall receive the accumulated monies in the DROP account, including all interest earned on the account, in a lump sum or in monthly installment payments, as selected by the member. In addition, the member shall receive his or her regular retirement allowance under Section 25-11-111. The monies in the DROP account shall not be considered to be part of the member's regular retirement allowance; however, if the member chooses to have the monies in the DROP account paid in monthly installment payments, those monies shall be paid to the member at the same time as the regular retirement allowance.

(5) Any member participating in the DROP program shall not be an active member of the retirement system and shall not receive any creditable service for the period during which he or she participates in the program. In addition, the salary earned by the member while participating in the DROP program shall not be part of the member's earned compensation for the purposes of the retirement system and shall not be part of the member's average compensation used to calculate the member's retirement allowance.

(6) The board of the trustees of the retirement system may adopt rules and regulations as necessary for the implementation of the DROP program established under this section.

(7) The definitions in Section 25-11-103 shall be applicable to the terms used in this section.

SECTION 2. Section 25-11-105, Mississippi Code of 1972, is amended as follows:

25-11-105. I. THOSE WHO ARE ELIGIBLE FOR MEMBERSHIP

The membership of this retirement system shall be composed as
(a) All persons who shall become employees in the state service after January 31, 1953, and whose wages are subject to payroll taxes and are lawfully reported on IRS Form W-2, except (i) those persons who are specifically excluded, (ii) those persons to whom election is provided in Articles 1 and 3, and (iii) those persons who are participating in the Deferred Retirement Option Program established under Section 1 of this act, shall become members of the retirement system as a condition of their employment.

(b) All persons who shall become employees in the state service after January 31, 1953, except those specifically excluded or as to whom election is provided in Articles 1 and 3, unless they shall file with the board prior to the lapse of sixty (60) days of employment or sixty (60) days after the effective date of the cited articles, whichever is later, on a form prescribed by the board, a notice of election not to be covered by the membership of the retirement system and a duly executed waiver of all present and prospective benefits which would otherwise inure to them on account of their participation in the system, shall become members of the retirement system; however, no credit for prior service will be granted to members until they have contributed to Article 3 of the retirement system for a minimum period of at least four (4) years. Such members shall receive credit for services performed prior to January 1, 1953, in employment now covered by Article 3, but no credit shall be granted for retroactive services between January 1, 1953, and the date of their entry into the retirement system unless the employee pays into the retirement system both the employer's and the employee's contributions on wages paid him during the period from January 31, 1953, to the date of his becoming a contributing member, together with interest at the rate determined by the board of trustees. Members reentering after withdrawal from service shall qualify for prior service under the provisions of Section...
25-11-117. From and after July 1, 1998, upon eligibility as noted above, the member may receive credit for such retroactive service provided:

(1) The member shall furnish proof satisfactory to the board of trustees of certification of such service from the covered employer where the services were performed; and

(2) The member shall pay to the retirement system on the date he or she is eligible for such credit or at any time thereafter prior to the date of retirement the actuarial cost for each year of such creditable service. The provisions of this subparagraph (2) shall be subject to the limitations of Section 415 of the Internal Revenue Code and regulations promulgated thereunder.

Nothing contained in this paragraph (b) shall be construed to limit the authority of the board to allow the correction of reporting errors or omissions based on the payment of the employee and employer contributions plus applicable interest.

(c) All persons who shall become employees in the state service after January 31, 1953, and who are eligible for membership in any other retirement system shall become members of this retirement system as a condition of their employment unless they elect at the time of their employment to become a member of such other system.

(d) All persons who are employees in the state service on January 31, 1953, and who are members of any nonfunded retirement system operated by the State of Mississippi, or any of its departments or agencies, shall become members of this system with prior service credit unless, before February 1, 1953, they shall file a written notice with the board of trustees that they do not elect to become members.

(e) All persons who are employees in the state service on January 31, 1953, and who under existing laws are members of any fund operated for the retirement of employees by the State of Mississippi.
Mississippi, or any of its departments or agencies, shall not be entitled to membership in this retirement system unless, before February 1, 1953, any such person shall indicate by a notice filed with the board, on a form prescribed by the board, his individual election and choice to participate in this system, but no such person shall receive prior service credit unless he becomes a member on or before February 1, 1953.

(f) Each political subdivision of the state and each instrumentality of the state or a political subdivision, or both, is hereby authorized to submit, for approval by the board of trustees, a plan for extending the benefits of this article to employees of any such political subdivision or instrumentality. Each such plan or any amendment to the plan for extending benefits thereof shall be approved by the board of trustees if it finds that such plan, or such plan as amended, is in conformity with such requirements as are provided in Articles 1 and 3; however, upon approval of such plan or any such plan heretofore approved by the board of trustees, the approved plan shall not be subject to cancellation or termination by the political subdivision or instrumentality, except that any community hospital serving a municipality that joined the Public Employees’ Retirement System as of November 1, 1956, to offer social security coverage for its employees and subsequently extended retirement annuity coverage to its employees as of December 1, 1965, may, upon documentation of extreme financial hardship, have future retirement annuity coverage cancelled or terminated at the discretion of the board of trustees. No such plan shall be approved unless:

(1) It provides that all services which constitute employment as defined in Section 25-11-5 and are performed in the employ of the political subdivision or instrumentality, by any employees thereof, shall be covered by the plan; with the exception of municipal employees who are already covered by
existing retirement plans; however, those employees in this class may elect to come under the provisions of this article;

(2) It specifies the source or sources from which the funds necessary to make the payments required by paragraph (d) of Section 25-11-123 and of paragraph (f)(5)B and C of this section are expected to be derived and contains reasonable assurance that such sources will be adequate for such purpose;

(3) It provides for such methods of administration of the plan by the political subdivision or instrumentality as are found by the board of trustees to be necessary for the proper and efficient administration thereof;

(4) It provides that the political subdivision or instrumentality will make such reports, in such form and containing such information, as the board of trustees may from time to time require;

(5) It authorizes the board of trustees to terminate the plan in its entirety in the discretion of the board if it finds that there has been a failure to comply substantially with any provision contained in such plan, such termination to take effect at the expiration of such notice and on such conditions as may be provided by regulations of the board and as may be consistent with applicable federal law.

A. The board of trustees shall not finally refuse to approve a plan submitted under paragraph (f), and shall not terminate an approved plan without reasonable notice and opportunity for hearing to each political subdivision or instrumentality affected thereby. The board's decision in any such case shall be final, conclusive and binding unless an appeal be taken by the political subdivision or instrumentality aggrieved thereby to the Circuit Court of Hinds County, Mississippi, in accordance with the provisions of law with respect to civil causes by certiorari.
B. Each political subdivision or instrumentality as to which a plan has been approved under this section shall pay into the contribution fund, with respect to wages (as defined in Section 25-11-5), at such time or times as the board of trustees may by regulation prescribe, contributions in the amounts and at the rates specified in the applicable agreement entered into by the board.

C. Every political subdivision or instrumentality required to make payments under paragraph (f)(5)B hereof is authorized, in consideration of the employees' retention in or entry upon employment after enactment of Articles 1 and 3, to impose upon its employees, as to services which are covered by an approved plan, a contribution with respect to wages (as defined in Section 25-11-5) not exceeding the amount provided in Section 25-11-123(d) if such services constituted employment within the meaning of Articles 1 and 3, and to deduct the amount of such contribution from the wages as and when paid. Contributions so collected shall be paid into the contribution fund as partial discharge of the liability of such political subdivisions or instrumentalities under paragraph (f)(5)B hereof. Failure to deduct such contribution shall not relieve the employee or employer of liability thereof.

D. Any state agency, school, political subdivision, instrumentality or any employer that is required to submit contribution payments or wage reports under any section of this chapter shall be assessed interest on delinquent payments or wage reports as determined by the board of trustees in accordance with rules and regulations adopted by the board and such assessed interest may be recovered by action in a court of competent jurisdiction against such reporting agency liable therefor or may, upon due certification of delinquency and at the request of the board of trustees, be deducted from any other monies payable to such reporting agency by any department or agency of the state.
E. Each political subdivision of the state and each instrumentality of the state or a political subdivision or subdivisions which submits a plan for approval of the board, as provided in this section, shall reimburse the board for coverage into the expense account, its pro rata share of the total expense of administering Articles 1 and 3 as provided by regulations of the board.

(g) The board may, in its discretion, deny the right of membership in this system to any class of employees whose compensation is only partly paid by the state or who are occupying positions on a part-time or intermittent basis. The board may, in its discretion, make optional with employees in any such classes their individual entrance into this system.

(h) An employee whose membership in this system is contingent on his own election, and who elects not to become a member, may thereafter apply for and be admitted to membership; but no such employee shall receive prior service credit unless he becomes a member prior to July 1, 1953, except as provided in paragraph (b).

(i) In the event any member of this system should change his employment to any agency of the state having an actuarially funded retirement system, the board of trustees may authorize the transfer of the member's creditable service and of the present value of the member's employer's accumulation account and of the present value of the member's accumulated membership contributions to such other system, provided the employee agrees to the transfer of his accumulated membership contributions and provided such other system is authorized to receive and agrees to make such transfer.

In the event any member of any other actuarially funded system maintained by an agency of the state changes his employment to an agency covered by this system, the board of trustees may authorize the receipt of the transfer of the member's creditable...
service and of the present value of the member's employer's accumulation account and of the present value of the member's accumulated membership contributions from such other system, provided the employee agrees to the transfer of his accumulated membership contributions to this system and provided the other system is authorized and agrees to make such transfer.

(j) Wherever herein state employment is referred to, it shall include joint employment by state and federal agencies of all kinds.

(k) Employees of a political subdivision or instrumentality who were employed by such political subdivision or instrumentality prior to an agreement between such entity and the Public Employees' Retirement System to extend the benefits of this article to its employees, and which agreement provides for the establishment of retroactive service credit, and who have been members of the retirement system and have remained contributors to the retirement system for four (4) years, may receive credit for such retroactive service with such political subdivision or instrumentality, provided the employee and/or employer, as provided under the terms of the modification of the joinder agreement in allowing such coverage, pay into the retirement system the employer's and employee's contributions on wages paid the member during such previous employment, together with interest or actuarial cost as determined by the board covering the period from the date the service was rendered until the payment for the credit for such service was made. Such wages shall be verified by the Social Security Administration or employer payroll records. Effective July 1, 1998, upon eligibility as noted above, a member may receive credit for such retroactive service with such political subdivision or instrumentality provided:

(1) The member shall furnish proof satisfactory to the board of trustees of certification of such services from the political subdivision or instrumentality where the services were
The member shall pay to the retirement system on the date he or she is eligible for such credit or at any time thereafter prior to the date of retirement the actuarial cost for each year of such creditable service. The provisions of this subparagraph (2) shall be subject to the limitations of Section 415 of the Internal Revenue Code and regulations promulgated thereunder.

Nothing contained in this paragraph (k) shall be construed to limit the authority of the board to allow the correction of reporting errors or omissions based on the payment of employee and employer contributions plus applicable interest. Payment for such time shall be made in increments of not less than one-quarter (1/4) year of creditable service beginning with the most recent service. Upon the payment of all or part of such required contributions, plus interest or the actuarial cost as provided above, the member shall receive credit for the period of creditable service for which full payment has been made to the retirement system.

Through June 30, 1998, any state service eligible for retroactive service credit, no part of which has ever been reported, and requiring the payment of employee and employer contributions plus interest, or, from and after July 1, 1998, any state service eligible for retroactive service credit, no part of which has ever been reported to the retirement system, and requiring the payment of the actuarial cost for such creditable service, may, at the member's option, be purchased in quarterly increments as provided above at such time as its purchase is otherwise allowed.

All rights to purchase retroactive service credit or repay a refund as provided in Section 25-11-101 et seq. shall terminate upon retirement.
II. THOSE WHO ARE NOT ELIGIBLE FOR MEMBERSHIP

The following classes of employees and officers shall not become members of this retirement system, any other provisions of Articles 1 and 3 to the contrary notwithstanding:

(a) Patient or inmate help in state charitable, penal or correctional institutions;

(b) Students of any state educational institution employed by any agency of the state for temporary, part-time or intermittent work;

(c) Participants of Comprehensive Employment and Training Act of 1973 (CETA) being Public Law 93-203, who enroll on or after July 1, 1979.

III. TERMINATION OF MEMBERSHIP

Membership in this system shall cease by a member withdrawing his accumulated contributions, or by a member withdrawing from active service with a retirement allowance, or by a member's death.

SECTION 3. Section 25-11-109, Mississippi Code of 1972, is amended as follows:

25-11-109. (1) Under such rules and regulations as the board of trustees shall adopt, each person who becomes a member of this retirement system, as provided in Section 25-11-105, on or prior to July 1, 1953, or who becomes a member and contributes to the system for a minimum period of four (4) years, shall receive credit for all state service rendered before February 1, 1953. To receive such credit, such member shall file a detailed statement of all services as an employee rendered by him in the state service before February 1, 1953. For any member who joined the system after July 1, 1953, any creditable service for which the member is not required to make contributions shall not be credited to the member until the member has contributed to the system for a minimum period of at least four (4) years.
(2) In the computation of membership service or prior service under the provisions of this article, the total months of accumulative service during any fiscal year shall be calculated in accordance with the schedule as follows: ten (10) or more months of creditable service during any fiscal year shall constitute a year of creditable service; seven (7) months to nine (9) months inclusive, three-quarters (3/4) of a year of creditable service; four (4) months to six (6) months inclusive, one-half-year of creditable service; one (1) month to three (3) months inclusive, one-quarter (1/4) of a year of creditable service. In no case shall credit be allowed for any period of absence without compensation except for disability while in receipt of a disability retirement allowance, nor shall less than fifteen (15) days of service in any month, or service less than the equivalent of one-half (1/2) of the normal working load for the position and less than one-half (1/2) of the normal compensation for the position in any month, constitute a month of creditable service, nor shall more than one (1) year of service be creditable for all services rendered in any one (1) fiscal year; provided that for a school employee, substantial completion of the legal school term when and where the service was rendered shall constitute a year of service credit for both prior service and membership service. Any state or local elected official shall be deemed a full-time employee for the purpose of creditable service for prior service or membership service. However, an appointed or elected official compensated on a per diem basis only shall not be allowed creditable service for terms of office.

In the computation of any retirement allowance or any annuity or benefits provided in this article, any fractional period of service of less than one (1) year shall be taken into account and a proportionate amount of such retirement allowance, annuity or benefit shall be granted for any such fractional period of service.
In the computation of unused leave for creditable service authorized in Section 25-11-103, the following shall govern:

Twenty-one (21) days of unused leave shall constitute one (1) month of creditable service and in no case shall credit be allowed for any period of unused leave of less than fifteen (15) days.

The number of months of unused leave shall determine the number of quarters or years of creditable service in accordance with the above schedule for membership and prior service. In order for the member to receive creditable service for the number of days of unused leave, the system must receive certification from the governing authority.

For the purpose of this subsection, for members of the system who are elected officers and who retire on or after July 1, 1987, the following shall govern:

(a) For service prior to July 1, 1984, the members shall receive credit for leave (combined personal and major medical) for service as an elected official prior to that date at the rate of thirty (30) days per year.

(b) For service on and after July 1, 1984, the member shall receive credit for personal and major medical leave beginning July 1, 1984, at the rates authorized in Sections 25-3-93 and 25-3-95, computed as a full-time employee.

(3) Subject to the above restrictions and to such other rules and regulations as the board may adopt, the board shall verify, as soon as practicable after the filing of such statements of service, the services therein claimed.

(4) Upon verification of the statement of prior service, the board shall issue a prior service certificate certifying to each member the length of prior service for which credit shall have been allowed on the basis of his statement of service. So long as membership continues, a prior service certificate shall be final and conclusive for retirement purposes as to such service, provided that any member may within five (5) years from the date
of issuance or modification of such certificate request the board
doing trustees to modify or correct his prior service certificate.
Any modification or correction authorized shall only apply
prospectively.

When membership ceases, such prior service certificates shall
become void. Should the employee again become a member, he shall
enter the system as an employee not entitled to prior service
credit except as provided in Sections 25-11-105(I), 25-11-113 and
25-11-117.

(5) Creditable service at retirement, on which the
retirement allowance of a member shall be based, shall consist of
the membership service rendered by him since he last became a
member, and also, if he has a prior service certificate which is
in full force and effect, the amount of the service certified on
his prior service certificate. Creditable service shall not
consist of any service rendered while participating in the
Deferred Retirement Option Program established under Section 1 of
this act.

(6) Anything in this article to the contrary
notwithstanding, any member who served on active duty in the Armed
Forces of the United States, or who served in maritime service
during periods of hostility in World War II, shall be entitled to
creditable service at no cost for his service on active duty in
the Armed Forces or in such maritime service, provided he entered
state service after his discharge from the Armed Forces or entered
state service after he completed such maritime service. The
maximum period for such creditable service for all military
service as defined in this subsection (6) shall not exceed four
(4) years unless positive proof can be furnished by such person
that he was retained in the Armed Forces during World War II or in
maritime service during World War II by causes beyond his control
and without opportunity of discharge. The member shall furnish
proof satisfactory to the board of trustees of certification of
military service or maritime service records showing dates of entrance into active duty service and the date of discharge. From and after July 1, 1993, no creditable service shall be granted for any military service or maritime service to a member who qualifies for a retirement allowance in another public retirement system administered by the Board of Trustees of the Public Employees' Retirement System based in whole or in part on such military or maritime service. In no case shall the member receive creditable service if the member received a dishonorable discharge from the Armed Forces of the United States.

(7) (a) Any member of the Public Employees' Retirement System whose membership service is interrupted as a result of qualified military service within the meaning of Section 414(u)(5) of the Internal Revenue Code, and who has received the maximum service credit available under subsection (6) of this section, shall receive creditable service for the period of qualified military service that does not qualify as creditable service under subsection (6) of this section upon reentering membership service in an amount not to exceed five (5) years if:

(i) The member pays the contributions he would have made to the retirement system if he had remained in membership service for the period of qualified military service based upon his salary at the time his membership service was interrupted;

(ii) The member returns to membership service within ninety (90) days of the end of his qualified military service; and

(iii) The employer at the time the member's service was interrupted and to which employment the member returns pays the contributions it would have made into the retirement system for such period based on the member's salary at the time the service was interrupted.
(b) The payments required to be made in paragraph 531 (a)(i) of this subsection may be made over a period beginning with 532 the date of return to membership service and not exceeding three 533 (3) times the member's qualified military service; provided, 534 however, that in no event shall such period exceed fifteen (15) 535 years.

(c) The member shall furnish proof satisfactory to the 537 board of trustees of certification of military service showing 538 dates of entrance into qualified service and the date of discharge 539 as well as proof that the member has returned to active employment 540 within the time specified.

(8) Any member of the Public Employees' Retirement System 543 who has at least four (4) years of membership service credit shall 544 be entitled to receive a maximum of five (5) years creditable 545 service for service rendered in another state as a public employee 546 of such other state, or a political subdivision, public education 547 system or other governmental instrumentality thereof, or service 548 rendered as a teacher in American overseas dependent schools 549 conducted by the Armed Forces of the United States for children of 550 citizens of the United States residing in areas outside the 551 continental United States, provided that:

(a) The member shall furnish proof satisfactory to the 553 board of trustees of certification of such services from the 554 state, public education system, political subdivision or 555 retirement system of the state where the services were performed 556 or the governing entity of the American overseas dependent school 557 where the services were performed; and

(b) The member is not receiving or will not be entitled 559 to receive from the public retirement system of the other state or 560 from any other retirement plan, including optional retirement 561 plans, sponsored by the employer, a retirement allowance including 562 such services; and
(c) The member shall pay to the retirement system on the date he or she is eligible for credit for such out-of-state service or at any time thereafter prior to date of retirement the actuarial cost as determined by the actuary for each year of out-of-state creditable service. The provisions of this subsection are subject to the limitations of Section 415 of the Internal Revenue Code and regulations promulgated thereunder.

(9) Any member of the Public Employees' Retirement System who has at least four (4) years of membership service credit and who receives, or has received, professional leave without compensation for professional purposes directly related to the employment in state service shall receive creditable service for the period of professional leave without compensation provided:

(a) The professional leave is performed with a public institution or public agency of this state, or another state or federal agency;

(b) The employer approves the professional leave showing the reason for granting the leave and makes a determination that the professional leave will benefit the employee and employer;

(c) Such professional leave shall not exceed two (2) years during any ten-year period of state service;

(d) The employee shall serve the employer on a full-time basis for a period of time equivalent to the professional leave period granted immediately following the termination of the leave period;

(e) The contributing member shall pay to the retirement system the actuarial cost as determined by the actuary for each year of professional leave. The provisions of this subsection are subject to the regulations of the Internal Revenue Code limitations;
(f) Such other rules and regulations consistent herewith as the board may adopt and in case of question, the board shall have final power to decide the questions.

Any actively contributing member participating in the School Administrator Sabbatical Program established in Section 37-9-77 shall qualify for continued participation under this subsection (9).

(10) Any member of the Public Employees' Retirement System who has at least four (4) years of credited membership service shall be entitled to receive a maximum of ten (10) years creditable service for:

(a) Any service rendered as an employee of any political subdivision of this state, or any instrumentality thereof, which does not participate in the Public Employees' Retirement System; or

(b) Any service rendered as an employee of any political subdivision of this state, or any instrumentality thereof, which participates in the Public Employees' Retirement System but did not elect retroactive coverage; or

(c) Any service rendered as an employee of any political subdivision of this state, or any instrumentality thereof, for which coverage of the employee's position was or is excluded; provided that the member pays into the retirement system the actuarial cost as determined by the actuary for each year, or portion thereof, of such service. Payment for such service may be made in increments of one-quarter-year of creditable service. After a member has made full payment to the retirement system for all or any part of such service, the member shall receive creditable service for the period of such service for which full payment has been made to the retirement system.

SECTION 4. Section 25-11-117, Mississippi Code of 1972, is amended as follows:
25-11-117. (1) A member may be paid a refund of the amount of accumulated contributions to the credit of the member in the annuity savings account provided the member has withdrawn from state service and further provided the member has not returned to state service on the date the refund of the accumulated contributions would be paid. Such refund of the contributions to the credit of the member in the annuity savings account shall be paid within ninety (90) days from receipt in the office of the retirement system of the properly completed form requesting such payment. In the event of death prior to retirement of any member whose spouse and/or children are not entitled to a retirement allowance, the accumulated contributions to the credit of the deceased member in the annuity savings account and any Deferred Retirement Option Program account shall be paid to the designated beneficiary on file in writing in the office of executive director of the board of trustees within ninety (90) days from receipt of a properly completed form requesting such payment. If there is no such designated beneficiary on file for such deceased member in the office of the system, upon the filing of a proper request with the board, the contributions to the credit of the deceased member in the annuity savings account and any Deferred Retirement Option Program account shall be refunded pursuant to Section 25-11-117.1(1). The payment of the refund shall discharge all obligations of the retirement system to the member on account of any creditable service rendered by the member prior to the receipt of the refund. By the acceptance of the refund, the member shall waive and relinquish all accrued rights in the system.

(2) Pursuant to the Unemployment Compensation Amendments of 1992 (Public Law 102-318 (UCA)), a member or the spouse of a member who is an eligible beneficiary entitled to a refund under this section may elect, on a form prescribed by the board under rules and regulations established by the board, to have an eligible rollover distribution of accumulated contributions...
payable under this section paid directly to an eligible retirement plan or individual retirement account. If the member or the spouse of a member who is an eligible beneficiary makes such election and specifies the eligible retirement plan or individual retirement account to which such distribution is to be paid, the distribution will be made in the form of a direct trustee-to-trustee transfer to the specified eligible retirement plan. Flexible rollovers under this subsection shall not be considered assignments under Section 25-11-129.

(3) If any person who has received a refund reenters the state service and again becomes a member of the system, the member may repay all or part of the amounts previously received as a refund, together with regular interest covering the period from the date of refund to the date of repayment; provided, however, that the amounts that are repaid by the member and the creditable service related thereto shall not be used in any benefit calculation or determination until the member has remained a contributor to the system for a period of at least four (4) years subsequent to such member's reentry into state service. Repayment for such time shall be made in increments of not less than one-quarter (1/4) year of creditable service beginning with the most recent service for which refund has been made. Upon the repayment of all or part of such refund and interest, the member shall again receive credit for the period of creditable service for which full repayment has been made to the system.

SECTION 5. Section 25-11-127, Mississippi Code of 1972, is amended as follows:

25-11-127. (1) No person who is being paid a retirement allowance or a pension after retirement under this article shall be employed or paid for any service by the State of Mississippi, except as provided in this section, unless the person was a participant in the Deferred Retirement Option Program established under Section 1 of this act, in which case Section 1 of this act
also shall apply. This section shall not apply to any pensioner who has been elected to public office after retirement, nor to any person employed because of special knowledge or experience. This section shall not be construed to mean that any person elected under the above exceptions shall become a member under Article 3 of the retirement system, nor shall any retiree of this retirement system who is reemployed or is reelected to office after retirement continue to draw retirement benefits while so reemployed.

(2) Any person who has been retired under the provisions of Articles 1 and 3 and who is later reemployed in service covered by this article shall cease to receive benefits under this article and shall again become a contributing member of the retirement system. When the person retires again, if the reemployment exceeds six (6) months, the person shall have his or her benefit recomputed, including service after again becoming a member, provided that the total retirement allowance paid to the retired member in his or her previous retirement shall be deducted from the member’s retirement reserve and taken into consideration in recalculating the retirement allowance under a new option selected.

(3) Nothing contained in this section shall be construed as prohibiting any county or city not a member of the Public Employees’ Retirement System from employing persons up to the age of seventy-three (73). In addition, through June 30, 1988, nothing contained in this section shall be construed as prohibiting any governmental unit that is a member from employing persons up to the age of seventy-three (73) who are not eligible for membership at the time of employment under Article 3.

(4) The board of trustees of the retirement system shall have the right to prescribe rules and regulations for carrying out the provisions of this section.
(5) The provisions of this section shall not be construed to prohibit any retiree, regardless of age, from being employed and drawing a retirement allowance either:

(a) For a period of time not to exceed one-half (1/2)

of the normal working days for the position in any fiscal year during which the retiree will receive no more than one-half (1/2)

of the salary in effect for the position at the time of employment, or

(b) For a period of time in any fiscal year sufficient in length to permit a retiree to earn not in excess of twenty-five percent (25%) of retiree's average compensation.

To determine the normal working days for a position under paragraph (a) of this subsection, the employer shall determine the required number of working days for the position on a full-time basis and the equivalent number of hours representing the full-time position. The retiree then may work up to one-half (1/2) of the required number of working days or up to one-half (1/2) of the equivalent number of hours and receive up to one-half (1/2) of the salary for the position. In the case of employment with multiple employers, the limitation shall equal one-half (1/2) of the number of days or hours for a single full-time position.

Notice shall be given in writing to the executive director of the system, setting forth the facts upon which the employment is being made, and the notice shall be given within five (5) days from the date of employment and also from the date of termination of the employment.

(6) Any member who has attained seventy (70) years of age and who has forty (40) or more years of creditable service may continue in office or employment or be reemployed or elected, provided that the person files annually, in writing, in the office of the employer and the office of the executive director of the system before those services, a waiver of all salary or compensation and elects to receive in lieu of that salary or
compensation a retirement allowance as provided in this section, in which event no salary or compensation shall thereafter be due or payable for those services. However, any such officer or employee may receive, in addition to the retirement allowance, any per diem, office expense allowance, mileage or travel expense authorized by any statute of the State of Mississippi.

(7) Any member may continue in municipal or county office or employment or be reemployed or elected in a municipality or county, provided that the person files annually, in writing, in the office of the employer and the office of the executive director of the system before those services, a waiver of all salary or compensation and elects to receive in lieu of that salary or compensation a retirement allowance as provided in this section, in which event no salary or compensation shall thereafter be due or payable for those services. However, any such officer or employee may receive, in addition to the retirement allowance, any per diem, office expense allowance, mileage or travel expense authorized by any statute of the State of Mississippi.

SECTION 6. This act shall take effect and be in force from and after July 1, 2002.
