Public notice of the time and place of the test shall be given at least forty-eight (48) hours prior thereto by publication once in one or more daily or weekly newspapers published in the county, city or jurisdiction where such equipment is used, if a newspaper is published therein, otherwise in a newspaper of general circulation therein. The test shall be witnessed by representatives of the political parties, candidates, the press and the public. It shall be conducted by processing a preaudited group of ballots so ** marked as to record a predetermined number of valid votes for each candidate and on each measure, and shall include for each office one or more ballots which have votes in excess of the number allowed by law in order to test the ability of the automatic tabulating equipment to reject such votes. If any error is detected, the cause therefor shall be ascertained and corrected and an errorless count shall be made and certified to by the officials in charge before the count is started. The tabulating equipment shall pass the same test at the conclusion of the count before the election returns are approved as official. On completion of the count, the programs, test materials and ballots shall be sealed and retained as provided for paper ballots.

**SECTION 9.** This act shall take effect and be in force from and after October 1, 2004, provided that it is effectuated under
Section 5 of the Voting Rights Act of 1965, as amended and extended.
