128 19-5-307. (1) When any district is created, the board of

131 affairs, and shall fix the domicile of the board at any point  
132 within the district. The members of the board shall be qualified  
133 electors of the district, two (2) of whom shall be appointed for  
134 terms of two (2) years, three (3) for terms of three (3) years,  
135 and two (2) for terms of four (4) years, dating from the date of  
136 the adoption of the ordinance creating the district. Thereafter,

137 all appointments of the members shall be for terms of four (4)  
138 years.

139 (2) The board of commissioners shall have complete and sole  
140 authority to appoint a chairman and any other officers it may deem  
141 necessary from among the membership of the board of commissioners.

142 (3) A majority of the board of commissioners membership  
143 shall constitute a quorum and all official action of the board of  
144 commissioners shall require a quorum.

145 (4) The board of commissioners shall have authority to  
146 employ such employees, experts and consultants as it may deem  
147 necessary to assist the board of commissioners in the discharge of  
148 its responsibilities to the extent that funds are made available.

149 (5) In lieu of appointing a board of commissioners, the  
150 board of supervisors of the county may serve as the board of  
151 commissioners of the district, in which case it shall assume all  
152 the powers and duties of the board of commissioners as provided in  
153 Section 19-5-301 et seq.

154 (6) All emergency communications districts shall purchase,  
155 lease or lease-purchase equipment used to comply with the FCC  
156 Order, as defined in Section 19-5-333, from a products and  
157 equipment list maintained by the Mississippi Department of  
158 Information Technology Services; however, items not available from  
159 the list, or items which may be purchased at a lower price, shall  
160 be purchased in accordance with the Public Purchasing Law (Section  
161 31-7-13).

162 **SECTION 3.** Section 19-5-313, Mississippi Code of 1972, is  
163 reenacted as follows:

164 19-5-313. (1) The board of supervisors may levy an  
165 emergency telephone service charge in an amount not to exceed One  
166 Dollar (\$1.00) per residential telephone subscriber line per month  
167 and Two Dollars (\$2.00) per commercial telephone subscriber line  
168 per month for exchange telephone service. Any emergency telephone  
169 service charge shall have uniform application and shall be imposed

170 throughout the entirety of the district to the greatest extent  
171 possible in conformity with availability of such service in any  
172 area of the district. Those districts which exist on the date of  
173 enactment of Chapter 539, Laws of 1993, shall convert to the  
174 following structure for service charge levy: If the current  
175 charge is five percent (5%) of the basic tariff service rate, the  
176 new collection shall be Eighty Cents (\$.80) per month per  
177 residential subscriber line and One Dollar and Sixty Cents (\$1.60)  
178 per month per commercial subscriber line. The collections may be  
179 adjusted as outlined in Chapter 539, Laws of 1993, and within the  
180 limits set forth herein.

181 (2) If the proceeds generated by the emergency telephone  
182 service charge exceed the amount of monies necessary to fund the  
183 service, the board of supervisors may authorize such excess funds  
184 to be expended by the county and the municipalities in the  
185 counties to perform the duties and pay the costs relating to  
186 identifying roads, highways and streets, as provided by Section  
187 65-7-143. The board of supervisors shall determine how the funds  
188 are to be distributed in the county and among municipalities in  
189 the county for paying the costs relating to identifying roads,  
190 highways and streets. The board of supervisors may temporarily  
191 reduce the service charge rate or temporarily suspend the service  
192 charge if the proceeds generated exceed the amount that is  
193 necessary to fund the service and/or to pay costs relating to  
194 identifying roads, highways and streets. Such excess funds may  
195 also be used in the development of county or district  
196 communications and paging systems when used primarily for the  
197 alerting and dispatching of public safety entities and for other  
198 administrative costs such as management personnel, maintenance  
199 personnel and related building and operational requirements. Such  
200 excess funds may be placed in a depreciation fund for emergency  
201 and obsolescence replacement of equipment necessary for the

202 operation of the overall 911 emergency telephone and alerting  
203 systems.

204 (3) No such service charge shall be imposed upon more than  
205 twenty-five (25) exchange access facilities per person per  
206 location. Trunks or service lines used to supply service to CMRS  
207 providers shall not have a service charge levied against them.  
208 Every billed service user shall be liable for any service charge  
209 imposed under this section until it has been paid to the service  
210 supplier. The duty of the service supplier to collect any such  
211 service charge shall commence upon the date of its implementation,  
212 which shall be specified in the resolution for the installation of  
213 such service. Any such emergency telephone service charge shall  
214 be added to and may be stated separately in the billing by the  
215 service supplier to the service user.

216 (4) The service supplier shall have no obligation to take  
217 any legal action to enforce the collection of any emergency  
218 telephone service charge. However, the service supplier shall  
219 annually provide the board of supervisors and board of  
220 commissioners with a list of the amount uncollected, together with  
221 the names and addresses of those service users who carry a balance  
222 that can be determined by the service supplier to be nonpayment of  
223 such service charge. The service charge shall be collected at the  
224 same time as the tariff rate in accordance with the regular  
225 billing practice of the service supplier. Good faith compliance  
226 by the service supplier with this provision shall constitute a  
227 complete defense to any legal action or claim which may result  
228 from the service supplier's determination of nonpayment and/or the  
229 identification of service users in connection therewith.

230 (5) The amounts collected by the service supplier  
231 attributable to any emergency telephone service charge shall be  
232 due the county treasury monthly. The amount of service charge  
233 collected each month by the service supplier shall be remitted to  
234 the county no later than sixty (60) days after the close of the

235 month. A return, in such form as the board of supervisors and the  
236 service supplier agree upon, shall be filed with the county,  
237 together with a remittance of the amount of service charge  
238 collected payable to the county. The service supplier shall  
239 maintain records of the amount of service charge collected for a  
240 period of at least two (2) years from date of collection. The  
241 board of supervisors and board of commissioners shall receive an  
242 annual audit of the service supplier's books and records with  
243 respect to the collection and remittance of the service charge.  
244 From the gross receipts to be remitted to the county, the service  
245 supplier shall be entitled to retain as an administrative fee, an  
246 amount equal to one percent (1%) thereof. From and after March  
247 10, 1987, the service charge is a county fee and is not subject to  
248 any sales, use, franchise, income, excise or any other tax, fee or  
249 assessment and shall not be considered revenue of the service  
250 supplier for any purpose.

251 (6) In order to provide additional funding for the district,  
252 the board of commissioners may receive federal, state, county or  
253 municipal funds, as well as funds from private sources, and may  
254 expend such funds for the purposes of Section 19-5-301 et seq.
