After the ten-year period, the Mississippi Development Authority may make loans to such processors but shall assess a penalty of two percent (2%) greater than the current prime rate on the amount of the loan payable by the processor in monthly installments.

SECTION 2. Section 57-61-9, Mississippi Code of 1972, is amended as follows:

57-61-9. (1) Any private company desiring assistance from a municipality shall submit to the municipality a letter of intent to locate, expand or build a facility entirely or partially within the municipality or on land the municipality is authorized to own or otherwise acquire. The letter of intent shall include:
(a) Except for strategic investments, a commitment that the proposed project will create and maintain a minimum of ten (10) net new full-time equivalent jobs, will create and maintain at least a five percent (5%) increase in full-time equivalent jobs in the case of expansion of an enterprise already located at the site or at least a twenty-five percent (25%) increase in full-time equivalent jobs pursuant to subsection (9) of Section 57-61-15 and will create and maintain at least one (1) net new full-time equivalent job for every Fifteen Thousand Dollars ($15,000.00) either loaned or granted for the project. The commitment required by this paragraph (a) shall include any jobs created prior to the effective date of this chapter resulting from contracts entered into contingent upon assistance being made available under this chapter. All jobs required to be maintained by this paragraph (a) shall be maintained until such time as any loan made under this chapter for the benefit of a private company is repaid. The letter of intent shall include a statement that the private company understands that if it is cited by the Immigration and Naturalization Service as knowingly having employed illegal immigrants, the company shall be liable for a penalty of two percent (2%) greater than the current prime rate on the remainder of the loan made for its benefit.

(b) A statement that the specific improvements are necessary for the efficient and cost-effective operation of the private company, together with supporting financial and engineering documentation.

(c) Any commitment to pay rental on, or to make loan repayments related to, the improvements to be made with funds loaned to a municipality under this chapter.

(d) If required by the Mississippi Development Authority, a notarized statement of willingness to grant a lien on the facility for which the improvement is being provided, in an amount and a manner to be determined by the Mississippi Authority.
Development Authority, which lien may be foreclosed in the event that the private company fails to operate in the facility according to the terms of the agreement and/or to collateralize the loan made for the benefit of the private company for which the improvement is being provided in an amount and manner to be determined by the Mississippi Development Authority. In the event the contractual agreement is to be entered into with a department or subsidiary of the United States government, the Mississippi Development Authority shall determine that the governmental unit will operate the proposed project for a sufficient number of years to retire the loan based on increased revenue estimates by the University Research Center and any agreement entered into shall reflect that the interest paid on any loan for such purpose shall be included in Mississippi's contributory value in the project. In the event the private company requesting the assistance is a subsidiary of another corporation, if required by the Mississippi Development Authority, any contractual agreement entered into shall also require the parent company to unconditionally warrant the performance of the subsidiary in carrying out the terms of the agreement or it shall require the subsidiary and/or the parent company to pledge assets in an amount and a manner to be determined by the Mississippi Development Authority and/or to collateralize the loan in an amount and a manner to be determined by the Mississippi Development Authority to ensure the performance of the terms of the contract.

(2) Upon receipt of the letter of intent from a private company, the municipality may apply to the Mississippi Development Authority for a loan or grant. The application from the municipality shall include but not be limited to:

This includes local funds available through issuance of bonds or other means, state funds available through existing programs, and available federal program funds such as community development block grant funds, urban development action grant funds, and economic development administration funds.

(i) A demonstration that insufficient private funds are available at reasonable rates and terms within the necessary time to fund improvement on property owned by the private company.

(3) The Mississippi Development Authority shall consider grant and loan applications based on the following criteria:

(a) The number of net new full-time equivalent jobs that will be provided and the amount of additional state and local tax revenue estimated by the University Research Center to be
directly generated by the private company’s new investment, and
additionally, as to loan applications by state agencies, the
extent to which shipping through the port will be increased by the
proposed port development projects, the degree to which jobs will
be increased in the port area and the impact on port revenues.

(b) The ability to repay the principal and interest, in
the case of a loan, based on increased revenue estimates and any
revenue-producing provision of a contractual agreement.

(c) The increase in the employment base of the state.

The Mississippi Development Authority and the University
Research Center may use the resources and capabilities of the
planning and development districts in carrying out the provisions
of this chapter.

(4) No loan shall be made in excess of the amounts which can
be repaid with the increased revenues estimated by the University
Research Center, provided that this subsection (4) shall not apply
to loans in connection with a United States Navy home port.

(5) (a) Notwithstanding anything contained in this chapter,
an agency of the State of Mississippi operating a state-owned
port, and hereinabove identified as a "municipality" and
"governmental unit" for purposes of this chapter, may make
application for a loan or grant under the terms and provisions of
this chapter. In addition, a public agency operating a port
bordering on the Gulf of Mexico, which shall be considered to be a
"municipality" or a "governmental unit" for the purposes of this
chapter, may make application for a loan or grant under the terms
and provisions of this chapter from funds other than those funds
authorized for a state-owned port under paragraph (e)(iii) of
Section 57-61-11. The application shall be initiated by
submission of a letter of intent to engage in a project or
projects for the purpose of effecting enlargement and improvement
in all facilities used and useful in attracting international and
foreign commerce through the port. Projects eligible for
inclusion in the letter of intent may include, but not be restricted to:

(i) Dredging and deepening the access channel and harbor basin of the port;

(ii) Effecting the enlargement of the land area of the port by reclamation;

(iii) Construction and installation of piling, bulkheads, docks, wharves, warehouses and appurtenances; and

(iv) Acquisition of facilities and equipment for handling bulk and containerized cargo.

(b) With respect to a state-owned port bordering on the Gulf of Mexico, the letter of intent shall include the following information and any other information required by the Mississippi Development Authority:

(i) Present and future annual tonnages expected as a result of the improvements.

(ii) Reasons why present facilities are inadequate to enable the port to compete, including limitations imposed by insufficient depth of channel and basin.

(iii) Increased channel and basin depths necessary to accommodate modern shipping.

(iv) Comparison of the percentage of the world’s cargo shipping that can now be accommodated with what could be accommodated with project improvements.

(v) Economic contribution to the region and state resulting from increased shipping activity.

(vi) Statement of degree to which port revenues are expected to be increased as a result of projects.

(vii) Financial data of port activities, including cost of project, degree of federal funding available and required local participation.

On or before January 1, 1989, a state-owned port described in this paragraph (b) shall submit to the Senate Finance Committee
and the House Ways and Means Committee of the Mississippi Legislature a comprehensive, written report updating for each committee the information listed in items (i) through (vii) of this paragraph (b) with particular emphasis on the economic contribution to the region and state by shipping activity at the port; on financial data with respect to the degree of federal funding available and local participation in funding port activities; and on progress made in dredging and completing other improvements necessary to accommodate modern shipping.

(c) The Mississippi Development Authority shall consider grant and loan applications based on the following:

(i) The extent to which shipping through the port will be increased by the proposed projects.

(ii) The degree to which jobs will be increased in the port area.

(iii) Impact on port revenues.

(iv) The ability of the port to repay interest and principal in the case of a loan.

(6) A municipality may apply to the Mississippi Development Authority for a grant under the terms and provisions of this chapter, and the Mississippi Development Authority may award grants to a municipality subject to limitations contained in this chapter. The application shall be initiated by submission of a letter of intent to engage in a project or projects for the purpose of providing improvements necessary to accommodate a United States Navy home port.

(7) The Legislature hereby finds and determines that financing facilities necessary to accommodate a Navy home port serves a valid public purpose in that a Navy home port will significantly contribute to the employment base of the state which is in great need of assistance; provided, that in the event such facilities are no longer required for use by the Navy as a home port, such facilities shall revert as provided in Section 59-9-21.
(8) Notwithstanding any provision or requirement of this chapter to the contrary, a municipality may make application for a loan under this chapter, in an amount not to exceed Five Million Dollars ($5,000,000.00), for the purpose of acquiring and developing land to be used as a technology/industrial park for which there is a binding commitment by one or more private companies to create and maintain not less than an aggregate of three hundred (300) jobs meeting minimum criteria established by the Mississippi Development Authority. Such a commitment by a private company shall not disqualify the private company from obtaining assistance under this section. The match requirements of this section shall not apply to any loan made pursuant to this subsection (8).

(9) (a) A municipality is authorized to negotiate a contract for the acquisition, construction and erection of a project or any portion of a project hereunder where a municipality finds that, because of the particular nature of a project or any portion thereof, it would be in the best public interest of the municipality to negotiate.

(b) Contracts by a private company for the acquisition, construction or erection of a project which receives assistance under this chapter shall be effected in the manner prescribed by law for public contracts, unless the Mississippi Development Authority makes a written finding that, because of special circumstances with respect to the projects or any portion thereof, it would better serve the public interest or more effectively achieve the purposes of this chapter to enter into such contracts based on negotiation.

(10) A municipality is authorized upon such terms and conditions as the municipality may deem advisable, provided such terms and conditions shall not be in conflict with the provisions of this chapter, to (a) acquire, whether by construction, purchase, gift or lease, all of or any portion of a project
hereunder; (b) to lease or sell to others all of or any portion of
a project hereunder; and (c) to lend to the private company the
proceeds of the loan from the board to such municipality.

(11) All agreements between a municipality and a private
company related directly or indirectly to a project or a portion
of a project to be funded in whole or in part under this chapter
are subject to approval by the Mississippi Development Authority.

SECTION 3. Section 57-61-11, Mississippi Code of 1972, is
amended as follows:

57-61-11. The Mississippi Development Authority shall
establish such guidelines, rules and regulations for the repayment
of funds loaned pursuant to this chapter as may be necessary.
These provisions shall include but not be limited to the
following:

(a) Funds may be loaned for a maximum of ten (10) years
or the estimated useful life of the property as established by the
United States Department of Treasury, whichever is greater.

(b) The rate of interest charged by the Mississippi
Development Authority for improvements not on publicly owned
property may be negotiated by the Mississippi Development
Authority. Private companies that are cited by the Immigration
and Naturalization Service for knowingly having employed illegal
immigrants shall be liable for a penalty equal to two percent (2%)
greater than the current prime rate for the remainder of the loans
made for their benefit. The penalty shall be payable in monthly
installments.

(c) For all improvements funded through this chapter
which occur on publicly owned property, repayment of funds loaned
may, in the discretion of the Mississippi Development Authority,
involve only the principal amount loaned with no interest charged
thereon.

(d) An audit by a certified public accountant of all
costs of a project hereunder must be submitted to the Mississippi
Development Authority not later than ninety (90) days after a
project's completion. Such an audit shall certify that all of the
funds loaned or granted pursuant to this chapter were disbursed in
accordance with the terms of this chapter and shall be paid for by
the private company benefited by the project.

(e) Notwithstanding the foregoing, in the case of an
application under Section 57-61-9(5)(a), the guidelines shall
include but not be limited to the following:

(i) Funds may be loaned for a maximum of twenty
(20) years, or the estimated useful life of improvements on the
land areas of the port, whichever is greater.

(ii) The rate of interest charged by the
Mississippi Development Authority for loans for port projects may
be negotiated by the Mississippi Development Authority and shall
be consistent with Section 57-61-11(b) and (c).

(iii) The total of grants and loans to any one
state-owned port made pursuant to an application under Section
57-61-9(5)(a) shall not exceed Twenty Million Dollars
($20,000,000.00).

(iv) Before any loan or grant may be made under
Section 57-61-9(5)(a) to a state-owned port bordering the Gulf of
Mexico, the applicant shall make adequate assurance to the
Mississippi Development Authority that federal participation in
the cost of the project or projects has been committed contingent
only upon availability of local participation in accordance with
federal guidelines.

(v) Notwithstanding any provision of this chapter
to the contrary, the Mississippi Development Authority shall
utilize not more than Five Million Dollars ($5,000,000.00) out of
the proceeds of bonds authorized to be issued in this chapter to
be made available as interest-bearing loans to state-owned ports
for the purpose of repairing, renovating, maintaining and
improving the state-owned port. The Mississippi Development
Authority shall establish an amortization schedule for the repayment of any loans made pursuant to this subparagraph. The state-owned port shall not spend any revenues for other purposes unless payments on the loan are being timely made according to the amortization schedule. The match requirements of this section and Section 57-61-9 shall not apply to any loan made pursuant to this subparagraph.

(f) For a period of ten (10) years from the date that a private company is cited by the Immigration and Naturalization Service as knowingly having employed illegal immigrants, the Mississippi Development Authority shall not make any loan funds available under this chapter to such company.

SECTION 4. Section 57-61-14, Mississippi Code of 1972, is amended as follows:

In accordance with Section 27-65-111, purchases of tangible personal property or services by a private company, as defined in this chapter, with proceeds of bonds issued under this chapter, shall be exempt from sales tax.
