SECTION 2. Section 27-65-75, Mississippi Code of 1972, is amended as follows:

27-65-75. On or before the fifteenth day of each month, the revenue collected under the provisions of this chapter during the preceding month shall be paid and distributed as follows:

(1) On or before August 15, 1992, and each succeeding month thereafter through July 15, 1993, eighteen percent (18%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3) and 27-65-21, on business activities within a municipal corporation shall be allocated for distribution to such municipality and paid to such municipal corporation. On or before August 15, 1993, and each succeeding month thereafter, through July 15, 2004, eighteen and one-half percent (18-1/2%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3), 27-65-21 and
27-65-17(4), on business activities within a municipal corporation and twenty-five percent (25%) of the sales tax revenue collected during the preceding month under the provisions of Section 27-65-17(4) on business activities within a municipal corporation shall be allocated for distribution to such municipality and paid to such municipal corporation. On or before August 15, 2005, and each succeeding month thereafter, through July 15, 2006, eighteen and one-half percent (18-1/2%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3), 27-65-21 and 27-65-17(4), on business activities within a municipal corporation and thirty-three one-third percent (33.333%) of the sales tax revenue collected during the preceding month under the provisions of Section 27-65-17(4) on business activities within a municipal corporation and all of the sales tax revenue collected during the preceding month under the provisions of Section 27-65-17(4) on business activities within a municipal corporation shall be allocated for distribution to such municipality and paid to such municipal corporation.

A municipal corporation, for the purpose of distributing the tax under this subsection, shall mean and include all incorporated cities, towns and villages. Monies allocated for distribution and credited to a municipal corporation under this subsection may be pledged as security for any loan received by the municipal corporation for the purpose of
capital improvements as authorized under Section 57-1-303, or
loans as authorized under Section 57-44-7, or water systems
improvements as authorized under Section 41-3-16.

In any county having a county seat which is not an
incorporated municipality, the distribution provided hereunder
shall be made as though the county seat was an incorporated
municipality; however, the distribution to such municipality shall
be paid to the county treasury wherein the municipality is located
and such funds shall be used for road, bridge and street
construction or maintenance therein.

(2) On or before September 15, 1987, and each succeeding
month thereafter, from the revenue collected under this chapter
during the preceding month One Million One Hundred Twenty-five
Thousand Dollars ($1,125,000.00) shall be allocated for
distribution to municipal corporations as defined under subsection
(1) of this section in the proportion that the number of gallons
of gasoline and diesel fuel sold by distributors to consumers and
retailers in each such municipality during the preceding fiscal
year bears to the total gallons of gasoline and diesel fuel sold
by distributors to consumers and retailers in municipalities
statewide during the preceding fiscal year. The State Tax
Commission shall require all distributors of gasoline and diesel
fuel to report to the commission monthly the total number of
gallons of gasoline and diesel fuel sold by them to consumers and
retailers in each municipality during the preceding month. The
State Tax Commission shall have the authority to promulgate such
rules and regulations as is necessary to determine the number of
gallons of gasoline and diesel fuel sold by distributors to
consumers and retailers in each municipality. In determining the
percentage allocation of funds under this subsection for the
fiscal year beginning July 1, 1987, and ending June 30, 1988, the
State Tax Commission may consider gallons of gasoline and diesel
fuel sold for a period of less than one (1) fiscal year. For the
purposes of this subsection, the term "fiscal year" means the fiscal year beginning July 1 of a year.

(3) On or before September 15, 1987, and on or before the fifteenth day of each succeeding month, until the date specified in Section 65-39-35, the proceeds derived from contractors' taxes levied under Section 27-65-21 on contracts for the construction or reconstruction of highways designated under the Four-Lane Highway Program created under Section 65-3-97 shall, except as otherwise provided in Section 31-17-127, be deposited into the State Treasury to the credit of the State Highway Fund to be used to fund such Four-Lane Highway Program. The Mississippi Department of Transportation shall provide to the State Tax Commission such information as is necessary to determine the amount of proceeds to be distributed under this subsection.

(4) On or before August 15, 1994, and on or before the fifteenth day of each succeeding month through July 15, 1999, from the proceeds of gasoline, diesel fuel or kerosene taxes as provided in Section 27-5-101(a)(ii), Four Million Dollars ($4,000,000.00) shall be deposited in the State Treasury to the credit of a special fund designated as the "State Aid Road Fund," created by Section 65-9-17. On or before August 15, 1999, and on or before the fifteenth day of each succeeding month, from the total amount of the proceeds of gasoline, diesel fuel or kerosene taxes apportioned by Section 27-5-101(a)(ii), Four Million Dollars ($4,000,000.00) or an amount equal to twenty-three and one-fourth percent (23.25%) of such funds, whichever is the greater amount, shall be deposited in the State Treasury to the credit of the "State Aid Road Fund," created by Section 65-9-17. Such funds shall be pledged to pay the principal of and interest on state aid road bonds heretofore issued under Sections 19-9-51 through 19-9-77, in lieu of and in substitution for the funds heretofore allocated to counties under this section. Such funds may not be pledged for the payment of any state aid road bonds.
issued after April 1, 1981; however, this prohibition against the
pledging of any such funds for the payment of bonds shall not
apply to any bonds for which intent to issue such bonds has been
published, for the first time, as provided by law prior to March
29, 1981. From the amount of taxes paid into the special fund
pursuant to this subsection and subsection (9) of this section,
there shall be first deducted and paid the amount necessary to pay
the expenses of the Office of State Aid Road Construction, as
authorized by the Legislature for all other general and special
fund agencies. The remainder of the fund shall be allocated
monthly to the several counties in accordance with the following
formula:

(a) One-third (1/3) shall be allocated to all counties
in equal shares;

(b) One-third (1/3) shall be allocated to counties
based on the proportion that the total number of rural road miles
in a county bears to the total number of rural road miles in all
counties of the state; and

(c) One-third (1/3) shall be allocated to counties
based on the proportion that the rural population of the county
bears to the total rural population in all counties of the state,
according to the latest federal decennial census.

For the purposes of this subsection, the term "gasoline,
diesel fuel or kerosene taxes" means such taxes as defined in
paragraph (f) of Section 27-5-101.

The amount of funds allocated to any county under this
subsection for any fiscal year after fiscal year 1994 shall not be
less than the amount allocated to such county for fiscal year
1994. Monies allocated to a county from the State Aid Road Fund
for fiscal year 1995 or any fiscal year thereafter that exceed the
amount of funds allocated to that county from the State Aid Road
Fund for fiscal year 1994, first must be expended by the county
for replacement or rehabilitation of bridges on the state aid road
system that have a sufficiency rating of less than twenty-five (25), according to National Bridge Inspection standards before such monies may be approved for expenditure by the State Aid Road Engineer on other projects that qualify for the use of state aid road funds.

Any reference in the general laws of this state or the Mississippi Code of 1972 to Section 27-5-105 shall mean and be construed to refer and apply to subsection (4) of Section 27-65-75.

(5) One Million Six Hundred Sixty-six Thousand Six Hundred Sixty-six Dollars ($1,666,666.00) each month shall be paid into the special fund known as the "State Public School Building Fund" created and existing under the provisions of Sections 37-47-1 through 37-47-67. Such payments into said fund are to be made on the last day of each succeeding month hereafter.

(6) An amount each month beginning August 15, 1983, through November 15, 1986, as specified in Section 6 of Chapter 542, Laws of 1983, shall be paid into the special fund known as the Correctional Facilities Construction Fund created in Section 6 of Chapter 542, Laws of 1983.

(7) On or before August 15, 1992, and each succeeding month thereafter through July 15, 2000, two and two hundred sixty-six one-thousandths percent (2.266%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Section 27-65-17(2) shall be deposited by the commission into the School Ad Valorem Tax Reduction Fund created pursuant to Section 37-61-35. On or before August 15, 2000, and each succeeding month thereafter, two and two hundred sixty-six one-thousandths percent (2.266%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Section 27-65-17(2), shall be deposited into the School Ad Valorem Tax Reduction Fund created
under Section 37-61-35 until such time that the total amount
deposited into the fund during a fiscal year equals Forty-two
Million Dollars ($42,000,000.00). Thereafter, the amounts
diverted under this subsection (7) during the fiscal year in
excess of Forty-two Million Dollars ($42,000,000.00) shall be
deposited into the Education Enhancement Fund created under
Section 37-61-33 for appropriation by the Legislature as other
education needs and shall not be subject to the percentage
appropriation requirements set forth in Section 37-61-33.

(8) On or before August 15, 1992, and each succeeding month
thereafter, nine and seventy-three one-thousandths percent
(9.073%) of the total sales tax revenue collected during the
preceding month under the provisions of this chapter, except that
collected under the provisions of Section 27-65-17(2) shall be
deposited into the Education Enhancement Fund created pursuant to
Section 37-61-33.

(9) On or before August 15, 1994, and each succeeding month
thereafter, from the revenue collected under this chapter during
the preceding month, Two Hundred Fifty Thousand Dollars
($250,000.00) shall be paid into the State Aid Road Fund.

(10) On or before August 15, 1994, and each succeeding month
thereafter through August 15, 1995, from the revenue collected
under this chapter during the preceding month, Two Million Dollars
($2,000,000.00) shall be deposited into the Motor Vehicle Ad
Valorem Tax Reduction Fund established in Section 27-51-105.

(11) Notwithstanding any other provision of this section to
the contrary, on or before February 15, 1995, and each succeeding
month thereafter, the sales tax revenue collected during the
preceding month under the provisions of Section 27-65-17(2) and
the corresponding levy in Section 27-65-23 on the rental or lease
of private carriers of passengers and light carriers of property

(13) On or before July 15, 1994, and on or before the fifteenth day of each succeeding month thereafter, that portion of the avails of the tax imposed in Section 27-65-22, which is derived from activities held on the Mississippi state fairgrounds complex, shall be paid into a special fund hereby created in the State Treasury and shall be expended pursuant to legislative appropriations solely to defray the costs of repairs and renovation at such Trade Mart and Coliseum.

(14) On or before August 15, 1998, and each succeeding month thereafter through July 15, 2005, that portion of the avails of the tax imposed in Section 27-65-23 which is derived from sales by cotton compresses or cotton warehouses and which would otherwise be paid into the General Fund, shall be deposited in an amount not to exceed Two Million Dollars ($2,000,000.00) into the special fund created pursuant to Section 69-37-39.

(17) The remainder of the amounts collected under the provisions of this chapter shall be paid into the State Treasury to the credit of the General Fund.

(18) It shall be the duty of the municipal officials of any municipality which expands its limits, or of any community which incorporates as a municipality, to notify the commissioner of such action thirty (30) days before the effective date. Failure to so notify the commissioner shall cause such municipality to forfeit the revenue which it would have been entitled to receive during this period of time when the commissioner had no knowledge of the action. If any funds have been erroneously disbursed to any municipality or any overpayment of tax is recovered by the taxpayer, the commissioner may make correction and adjust the error or overpayment with such municipality by withholding the necessary funds from any subsequent payment to be made to the municipality.
