HOUSE BILL NO. 1888

AN ACT TO AMEND SECTIONS 43-13-107, 43-13-116 AND 43-13-117, MISSISSIPPI CODE OF 1972, TO PROVIDE FOR THE APPOINTMENT OF A JOINT LEGISLATIVE COMMITTEE THAT WILL MEET WITH THE EXECUTIVE DIRECTOR OF THE DIVISION OF MEDICAID TO DEVELOP A STRATEGY FOR ADDRESSING THE GROWING COSTS OF THE MEDICAID PROGRAM; TO REQUIRE THE DIVISION OF MEDICAID TO VERIFY THE ELIGIBILITY OF APPLICANTS FOR AND RECIPIENTS OF MEDICAID; TO PROVIDE THE GOVERNOR AND THE EXECUTIVE DIRECTOR OF THE DIVISION OF MEDICAID WITH MORE FLEXIBILITY TO ADMINISTER THE MEDICAID PROGRAM, BY AUTHORIZING THE DIVISION TO ESTABLISH THE TYPES OF CARE AND SERVICES TO BE AVAILABLE TO ELIGIBLE APPLICANTS FOR AND RECIPIENTS OF MEDICAID, WHICH INCLUDES DETERMINING THE QUANTITY OR FREQUENCY OF USE OF SERVICES, CHARGES FOR SERVICES AND THE SETTING OF PROVIDER REIMBURSEMENT RATES; AND FOR RELATED PURPOSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. Section 43-13-107, Mississippi Code of 1972, as amended by House Bill No. 1200, 2002 Regular Session, is amended as follows:

43-13-107. (1) The Division of Medicaid is created in the Office of the Governor and established to administer this article and perform such other duties as are prescribed by law.

(2) (a) The Governor shall appoint a full-time executive director, with the advice and consent of the Senate, who shall be either (i) a physician with administrative experience in a medical care or health program, or (ii) a person holding a graduate degree in medical care administration, public health, hospital administration, or the equivalent, or (iii) a person holding a bachelor's degree in business administration or hospital administration, with at least ten (10) years' experience in management-level administration of Medicaid programs, and who shall serve at the will and pleasure of the Governor. The executive director shall be the official secretary and legal custodian of the records of the division; shall be the agent of...
the division for the purpose of receiving all service of process, summons and notices directed to the division; and shall perform such other duties as the Governor may prescribe from time to time.

(b) The executive director, with the approval of the Governor and subject to the rules and regulations of the State Personnel Board, shall employ such professional, administrative, stenographic, secretarial, clerical and technical assistance as may be necessary to perform the duties required in administering this article and fix the compensation therefor, all in accordance with a state merit system meeting federal requirements when the salary of the executive director is not set by law, that salary shall be set by the State Personnel Board. No employees of the Division of Medicaid shall be considered to be staff members of the immediate Office of the Governor; however, the provisions of Section 25-9-107(c)(xv) shall apply to the executive director and other administrative heads of the division.

(3) (a) There is established a Medical Care Advisory Committee, which shall be the committee that is required by federal regulation to advise the Division of Medicaid about health and medical care services.

(b) The advisory committee shall consist of not less than eleven (11) members, as follows:

(i) The Governor shall appoint five (5) members, one (1) from each congressional district as presently constituted;

(ii) The Lieutenant Governor shall appoint three (3) members, one (1) from each Supreme Court district;

(iii) The Speaker of the House of Representatives shall appoint three (3) members, one (1) from each Supreme Court district.

All members appointed under this paragraph shall either be health care providers or consumers of health care services. One (1) member appointed by each of the appointing authorities shall be a board certified physician.
(c) The respective chairmen of the House Public Health and Welfare Committee, the House Appropriations Committee, the Senate Public Health and Welfare Committee and the Senate Appropriations Committee, or their designees, one (1) member of the State Senate appointed by the Lieutenant Governor and one (1) member of the House of Representatives appointed by the Speaker of the House, shall serve as ex officio nonvoting members of the advisory committee.

(d) In addition to the committee members required by paragraph (b), the advisory committee shall consist of such other members as are necessary to meet the requirements of the federal regulation applicable to the advisory committee, who shall be appointed as provided in the federal regulation.

(e) The chairmanship of the advisory committee shall alternate for twelve-month periods between the chairmen of the House and Senate Public Health and Welfare Committees, with the Chairman of the House Public Health and Welfare Committee serving as the first chairman.

(f) The members of the advisory committee specified in paragraph (b) shall serve for terms that are concurrent with the terms of members of the Legislature, and any member appointed under paragraph (b) may be reappointed to the advisory committee. The members of the advisory committee specified in paragraph (b) shall serve without compensation, but shall receive reimbursement to defray actual expenses incurred in the performance of committee business as authorized by law. Legislators shall receive per diem and expenses which may be paid from the contingent expense funds of their respective houses in the same amounts as provided for committee meetings when the Legislature is not in session.

(g) The advisory committee shall meet not less than quarterly, and advisory committee members shall be furnished written notice of the meetings at least ten (10) days before the date of the meeting.
(h) The executive director shall submit to the advisory committee all amendments, modifications and changes to the state plan for the operation of the Medicaid program, for review by the advisory committee before the amendments, modifications or changes may be implemented by the division.

(i) The advisory committee, among its duties and responsibilities, shall:

(i) Advise the division with respect to amendments, modifications and changes to the state plan for the operation of the Medicaid program;

(ii) Advise the division with respect to issues concerning receipt and disbursement of funds and eligibility for Medicaid;

(iii) Advise the division with respect to determining the quantity, quality and extent of medical care provided under this article;

(iv) Communicate the views of the medical care professions to the division and communicate the views of the division to the medical care professions;

(v) Gather information on reasons that medical care providers do not participate in the Medicaid program and changes that could be made in the program to encourage more providers to participate in the Medicaid program, and advise the division with respect to encouraging physicians and other medical care providers to participate in the Medicaid program;

(vi) Provide a written report on or before November 30 of each year to the Governor, Lieutenant Governor and Speaker of the House of Representatives.

(4) (a) There is established a Drug Use Review Board, which shall be the board that is required by federal law to:

(i) Review and initiate retrospective drug use, review including ongoing periodic examination of claims data and other records in order to identify patterns of fraud, abuse, gross
overuse, or inappropriate or medically unnecessary care, among physicians, pharmacists and individuals receiving Medicaid benefits or associated with specific drugs or groups of drugs.

(ii) Review and initiate ongoing interventions for physicians and pharmacists, targeted toward therapy problems or individuals identified in the course of retrospective drug use reviews.

(iii) On an ongoing basis, assess data on drug use against explicit predetermined standards using the compendia and literature set forth in federal law and regulations.

(b) The board shall consist of not less than twelve members appointed by the Governor or his designee.

(c) The board shall meet at least quarterly, and board members shall be furnished written notice of the meetings at least ten (10) days before the date of the meeting.

(d) The board meetings shall be open to the public, members of the press, legislators and consumers. Additionally, all documents provided to board members shall be available to members of the Legislature in the same manner, and shall be made available to others for a reasonable fee for copying. However, patient confidentiality and provider confidentiality shall be protected by blinding patient names and provider names with numerical or other anonymous identifiers. The board meetings shall be subject to the Open Meetings Act (Section 25-41-1 et seq.). Board meetings conducted in violation of this section shall be deemed unlawful.

(5) (a) There is established a Pharmacy and Therapeutics Committee, which shall be appointed by the Governor or his designee.

(b) The committee shall meet at least quarterly, and committee members shall be furnished written notice of the meetings at least ten (10) days before the date of the meeting.
(c) The committee meetings shall be open to the public, members of the press, legislators and consumers. Additionally, all documents provided to committee members shall be available to members of the Legislature in the same manner, and shall be made available to others for a reasonable fee for copying. However, patient confidentiality and provider confidentiality shall be protected by blinding patient names and provider names with numerical or other anonymous identifiers. The committee meetings shall be subject to the Open Meetings Act (Section 25-41-1 et seq.). Committee meetings conducted in violation of this section shall be deemed unlawful.

(d) After a thirty-day public notice, the executive director or his or her designee shall present the division's recommendation regarding prior approval for a therapeutic class of drugs to the committee.

(e) Upon reviewing the information and recommendations, the committee shall forward a written recommendation approved by a majority of the committee to the executive director or his or her designee. The decisions of the committee regarding any limitations to be imposed on any drug or its use for a specified indication shall be based on sound clinical evidence found in labeling, drug compendia, and peer reviewed clinical literature pertaining to use of the drug in the relevant population.

(f) Upon reviewing and considering all recommendations including recommendation of the committee, comments, and data, the executive director shall make a final determination whether to require prior approval of a therapeutic class of drugs, or modify existing prior approval requirements for a therapeutic class of drugs.

(g) At least thirty (30) days before the executive director implements new or amended prior authorization decisions, written notice of the executive director's decision shall be provided to all prescribing Medicaid providers, all Medicaid...
enrolled pharmacies, and any other party who has requested the
notification. However, notice given under Section 25-43-7(1) will
substitute for and meet the requirement for notice under this
subsection.

(6) (a) The Speaker of the House of Representatives and the
Lieutenant Governor shall appoint a joint legislative committee to
meet with the Executive Director of the Division of Medicaid for
the purpose of developing a sound strategy for addressing the
increasing costs of the Medicaid program. The goal of the
strategy shall be to ensure that the division will be able to
administer the program within the amount of appropriated funds and
avoid large deficits before the end of the fiscal year, while
being as fair and equitable as possible to the recipients and
providers of Medicaid services.

(b) The committee shall consist of the Chairmen of the
Public Health and Welfare Committees of the House and Senate, the
Chairmen of the Appropriations Committees of the House and Senate,
and such other members of the House as may be appointed by the
Speaker, and such other members of the Senate as may be appointed
by the Lieutenant Governor. The appointed members of the
committee shall be appointed not later than seven (7) days after
the effective date of House Bill No. 1888, 2002 Regular Session.

(c) This subsection shall stand repealed on July 1, 2002.

(7) This section shall stand repealed on July 1, 2004.

SECTION 2. Section 43-13-116, Mississippi Code of 1972, is
amended as follows:

43-13-116. (1) * * * The Division of Medicaid shall fully
implement and carry out the administrative functions of
determining the eligibility of those persons who qualify for
Medicaid under Section 43-13-115. The division shall verify the
eligibility of applicants for and recipients of Medicaid services
in cases where the determination of eligibility is being made by
another agency or is being made on the basis of information
provided by another agency or entity.

(2) In determining Medicaid eligibility, the Division of
Medicaid may enter into an agreement with the Secretary of the
Department of Health and Human Services for the purpose of
securing the transfer of eligibility information from the Social
Security Administration on those individuals receiving
Supplemental Security Income (SSI) benefits under the federal
Social Security Act and any other information necessary in
determining Medicaid eligibility. In addition, the Division of
Medicaid may enter into contractual arrangements with its fiscal
agent or with the State Department of Human Services in securing
electronic data processing support as may be necessary.

(3) Administrative hearings shall be available to any
applicant who requests it because his or her claim of eligibility
for services is denied or is not acted upon with reasonable
promptness or by any recipient who requests it because he or she
believes the agency has erroneously taken action to deny, reduce,
or terminate benefits. The agency need not grant a hearing if the
sole issue is a federal or state law requiring an automatic change
adversely affecting some or all recipients. Eligibility
determinations that are made by other agencies and certified to
the Division of Medicaid under Section 43-13-115 are not subject
to the administrative hearing procedures of the Division of
Medicaid, but are subject to the administrative hearing procedures
of the agency that determined eligibility.

(a) A request may be made either for a local regional
office hearing or a state office hearing when the local regional
office has made the initial decision that the claimant seeks to
appeal or when the regional office has not acted with reasonable
promptness in making a decision on a claim for eligibility or
services. The only exception to requesting a local hearing is
when the issue under appeal involves either (i) a disability or
blindness denial, or termination, or (ii) a level of care denial or termination for a disabled child living at home. An appeal involving disability, blindness or level of care must be handled as a state level hearing. The decision from the local hearing may be appealed to the state office for a state hearing. A decision to deny, reduce or terminate benefits that is initially made at the state office may be appealed by requesting a state hearing.

(b) A request for a hearing, either state or local, must be made in writing by the claimant or claimant's legal representative. "Legal representative" includes the claimant's authorized representative, an attorney retained by the claimant or claimant's family to represent the claimant, a paralegal representative with a legal aid services, a parent of a minor child if the claimant is a child, a legal guardian or conservator or an individual with power of attorney for the claimant. The claimant may also be represented by anyone that he or she so designates but must give the designation to the Medicaid regional office or state office in writing, if the person is not the legal representative, legal guardian, or authorized representative.

(c) The claimant may make a request for a hearing in person at the regional office but an oral request must be put into written form. Regional office staff will determine from the claimant if a local or state hearing is requested and assist the claimant in completing and signing the appropriate form. Regional office staff may forward a state hearing request to the appropriate division in the state office or the claimant may mail the form to the address listed on the form. The claimant may make a written request for a hearing by letter. A simple statement requesting a hearing that is signed by the claimant or legal representative is sufficient; however, if possible, the claimant should state the reason for the request. The letter may be mailed to the regional office or it may be mailed to the state office. If the letter does not specify the type of hearing desired, local...
or state, Medicaid staff will attempt to contact the claimant to
determine the level of hearing desired. If contact cannot be made
within three (3) days of receipt of the request, the request will
be assumed to be for a local hearing and scheduled accordingly. A
hearing will not be scheduled until either a letter or the
appropriate form is received by the regional or state office.

(d) When both members of a couple wish to appeal an
action or inaction by the agency that affects both applications or
cases similarly and arose from the same issue, one or both may
file the request for hearing, both may present evidence at the
hearing, and the agency’s decision will be applicable to both. If
both file a request for hearing, two (2) hearings will be
registered but they will be conducted on the same day and in the
same place, either consecutively or jointly, as the couple wishes.
If they so desire, only one of the couple need attend the hearing.

(e) The procedure for administrative hearings shall be
as follows:

(i) The claimant has thirty (30) days from the
date the agency mails the appropriate notice to the claimant of
its decision regarding eligibility, services, or benefits to
request either a state or local hearing. This time period may be
extended if the claimant can show good cause for not filing within
thirty (30) days. Good cause includes, but may not be limited to,
illiness, failure to receive the notice, being out of state, or
some other reasonable explanation. If good cause can be shown, a
late request may be accepted provided the facts in the case remain
the same. If a claimant's circumstances have changed or if good
cause for filing a request beyond thirty (30) days is not shown, a
hearing request will not be accepted. If the claimant wishes to
have eligibility reconsidered, he or she may reapply.

(ii) If a claimant or representative requests a
hearing in writing during the advance notice period before
benefits are reduced or terminated, benefits must be continued or
reinstated to the benefit level in effect before the effective
date of the adverse action. Benefits will continue at the
original level until the final hearing decision is rendered. Any
hearing requested after the advance notice period will not be
accepted as a timely request in order for continuation of benefits
to apply.

(iii) Upon receipt of a written request for a
hearing, the request will be acknowledged in writing within twenty
(20) days and a hearing scheduled. The claimant or representative
will be given at least five (5) days' advance notice of the
hearing date. The local and/or state level hearings will be held
by telephone unless, at the hearing officer's discretion, it is
determined that an in-person hearing is necessary. If a local
hearing is requested, the regional office will notify the claimant
or representative in writing of the time of the local hearing. If
a state hearing is requested, the state office will notify the
claimant or representative in writing of the time of the state
hearing. If an in-person hearing is necessary, local hearings
will be held at the regional office and state hearings will be
held at the state office unless other arrangements are
necessitated by the claimant's inability to travel.

(iv) All persons attending a hearing will attend
for the purpose of giving information on behalf of the claimant or
rendering the claimant assistance in some other way, or for the
purpose of representing the Division of Medicaid.

(v) A state or local hearing request may be
withdrawn at any time before the scheduled hearing, or after the
hearing is held but before a decision is rendered. The withdrawal
must be in writing and signed by the claimant or representative.
A hearing request will be considered abandoned if the claimant or
representative fails to appear at a scheduled hearing without good
cause. If no one appears for a hearing, the appropriate office
will notify the claimant in writing that the hearing is dismissed.
unless good cause is shown for not attending. The proposed agency action will be taken on the case following failure to appear for a hearing if the action has not already been effected.

(vi) The claimant or his representative has the following rights in connection with a local or state hearing:

(A) The right to examine at a reasonable time before the date of the hearing and during the hearing the content of the claimant's case record;

(B) The right to have legal representation at the hearing and to bring witnesses;

(C) The right to produce documentary evidence and establish all facts and circumstances concerning eligibility, services, or benefits;

(D) The right to present an argument without undue interference;

(E) The right to question or refute any testimony or evidence including an opportunity to confront and cross-examine adverse witnesses.

(vii) When a request for a local hearing is received by the regional office or if the regional office is notified by the state office that a local hearing has been requested, the Medicaid specialist supervisor in the regional office will review the case record, reexamine the action taken on the case, and determine if policy and procedures have been followed. If any adjustments or corrections should be made, the Medicaid specialist supervisor will ensure that corrective action is taken. If the request for hearing was timely made such that continuation of benefits applies, the Medicaid specialist supervisor will ensure that benefits continue at the level before the proposed adverse action that is the subject of the appeal. The Medicaid specialist supervisor will also ensure that all needed information, verification, and evidence is in the case record for the hearing.
(viii) When a state hearing is requested that appeals the action or inaction of a regional office, the regional office will prepare copies of the case record and forward it to the appropriate division in the state office no later than five (5) days after receipt of the request for a state hearing. The original case record will remain in the regional office. Either the original case record in the regional office or the copy forwarded to the state office will be available for inspection by the claimant or claimant's representative a reasonable time before the date of the hearing.

(ix) The Medicaid specialist supervisor will serve as the hearing officer for a local hearing unless the Medicaid specialist supervisor actually participated in the eligibility, benefits, or services decision under appeal, in which case the Medicaid specialist supervisor must appoint a Medicaid specialist in the regional office who did not actually participate in the decision under appeal to serve as hearing officer. The local hearing will be an informal proceeding in which the claimant or representative may present new or additional information, may question the action taken on the client's case, and will hear an explanation from agency staff as to the regulations and requirements that were applied to claimant's case in making the decision.

(x) After the hearing, the hearing officer will prepare a written summary of the hearing procedure and file it with the case record. The hearing officer will consider the facts presented at the local hearing in reaching a decision. The claimant will be notified of the local hearing decision on the appropriate form that will state clearly the reason for the decision, the policy that governs the decision, the claimant's right to appeal the decision to the state office, and, if the original adverse action is upheld, the new effective date of the reduction or termination of benefits or services if continuation...
of benefits applied during the hearing process. The new effective
date of the reduction or termination of benefits or services must
be at the end of the fifteen-day advance notice period from the
mailing date of the notice of hearing decision. The notice to
claimant will be made part of the case record.

(xi) The claimant has the right to appeal a local
hearing decision by requesting a state hearing in writing within
fifteen (15) days of the mailing date of the notice of local
hearing decision. The state hearing request should be made to the
regional office. If benefits have been continued pending the
local hearing process, then benefits will continue throughout the
fifteen-day advance notice period for an adverse local hearing
decision. If a state hearing is timely requested within the
fifteen-day period, then benefits will continue pending the state
hearing process. State hearings requested after the fifteen-day
local hearing advance notice period will not be accepted unless
the initial thirty-day period for filing a hearing request has not
expired because the local hearing was held early, in which case a
state hearing request will be accepted as timely within the number
of days remaining of the unexpired initial thirty-day period in
addition to the fifteen-day time period. Continuation of benefits
during the state hearing process, however, will only apply if the
state hearing request is received within the fifteen-day advance
notice period.

(xii) When a request for a state hearing is
received in the regional office, the request will be made part of
the case record and the regional office will prepare the case
record and forward it to the appropriate division in the state
office within five (5) days of receipt of the state hearing
request. A request for a state hearing received in the state
office will be forwarded to the regional office for inclusion in
the case record and the regional office will prepare the case
record and forward it to the appropriate division in the state
office within five (5) days of receipt of the state hearing request.

(xiii) Upon receipt of the hearing record, an impartial hearing officer will be assigned to hear the case either by the Executive Director of the Division of Medicaid or his or her designee. Hearing officers will be individuals with appropriate expertise employed by the division and who have not been involved in any way with the action or decision on appeal in the case. The hearing officer will review the case record and if the review shows that an error was made in the action of the agency or in the interpretation of policy, or that a change of policy has been made, the hearing officer will discuss these matters with the appropriate agency personnel and request that an appropriate adjustment be made. Appropriate agency personnel will discuss the matter with the claimant and if the claimant is agreeable to the adjustment of the claim, then agency personnel will request in writing dismissal of the hearing and the reason therefor, to be placed in the case record. If the hearing is to go forward, it shall be scheduled by the hearing officer in the manner set forth in subparagraph (iii) of this paragraph (e).

(xiv) In conducting the hearing, the state hearing officer will inform those present of the following:

(A) That the hearing will be recorded on tape and that a transcript of the proceedings will be typed for the record;

(B) The action taken by the agency which prompted the appeal;

(C) An explanation of the claimant's rights during the hearing as outlined in subparagraph (vi) of this paragraph (e);

(D) That the purpose of the hearing is for the claimant to express dissatisfaction and present additional information or evidence;
(E) That the case record is available for review by the claimant or representative during the hearing;

(F) That the final hearing decision will be rendered by the Executive Director of the Division of Medicaid on the basis of facts presented at the hearing and the case record and that the claimant will be notified by letter of the final decision.

(xv) During the hearing, the claimant and/or representative will be allowed an opportunity to make a full statement concerning the appeal and will be assisted, if necessary, in disclosing all information on which the claim is based. All persons representing the claimant and those representing the Division of Medicaid will have the opportunity to state all facts pertinent to the appeal. The hearing officer may recess or continue the hearing for a reasonable time should additional information or facts be required or if some change in the claimant's circumstances occurs during the hearing process which impacts the appeal. When all information has been presented, the hearing officer will close the hearing and stop the recorder.

(xvi) Immediately following the hearing the hearing tape will be transcribed and a copy of the transcription forwarded to the regional office for filing in the case record. As soon as possible, the hearing officer shall review the evidence and record of the proceedings, testimony, exhibits, and other supporting documents, prepare a written summary of the facts as the hearing officer finds them, and prepare a written recommendation of action to be taken by the agency, citing appropriate policy and regulations that govern the recommendation. The decision cannot be based on any material, oral or written, not available to the claimant before or during the hearing. The hearing officer's recommendation will become part of the case
record which will be submitted to the Executive Director of the Division of Medicaid for further review and decision.

(xvii) The Executive Director of the Division of Medicaid, upon review of the recommendation, proceedings and the record, may sustain the recommendation of the hearing officer, reject the same, or remand the matter to the hearing officer to take additional testimony and evidence, in which case, the hearing officer thereafter shall submit to the executive director a new recommendation. The executive director shall prepare a written decision summarizing the facts and identifying policies and regulations that support the decision, which shall be mailed to the claimant and the representative, with a copy to the regional office if appropriate, as soon as possible after submission of a recommendation by the hearing officer. The decision notice will specify any action to be taken by the agency, specify any revised eligibility dates or, if continuation of benefits applies, will notify the claimant of the new effective date of reduction or termination of benefits or services, which will be fifteen (15) days from the mailing date of the notice of decision. The decision rendered by the Executive Director of the Division of Medicaid is final and binding. The claimant is entitled to seek judicial review in a court of proper jurisdiction.

(xviii) The Division of Medicaid must take final administrative action on a hearing, whether state or local, within ninety (90) days from the date of the initial request for a hearing.

(xix) A group hearing may be held for a number of claimants under the following circumstances:

(A) The Division of Medicaid may consolidate the cases and conduct a single group hearing when the only issue involved is one (1) of a single law or agency policy;
(B) The claimants may request a group hearing when there is one (1) issue of agency policy common to all of them.

In all group hearings, whether initiated by the Division of Medicaid or by the claimants, the policies governing fair hearings must be followed. Each claimant in a group hearing must be permitted to present his or her own case and be represented by his or her own representative, or to withdraw from the group hearing and have his or her appeal heard individually. As in individual hearings, the hearing will be conducted only on the issue being appealed, and each claimant will be expected to keep individual testimony within a reasonable time frame as a matter of consideration to the other claimants involved.

(xx) Any specific matter necessitating an administrative hearing not otherwise provided under this article or agency policy shall be afforded under the hearing procedures as outlined above. If the specific time frames of such a unique matter relating to requesting, granting, and concluding of the hearing is contrary to the time frames as set out in the hearing procedures above, the specific time frames will govern over the time frames as set out within these procedures.

(4) The Executive Director of the Division of Medicaid, with the approval of the Governor, shall be authorized to employ eligibility, technical, clerical and supportive staff as may be required in carrying out and fully implementing the determination of Medicaid eligibility, including conducting quality control reviews and the investigation of the improper receipt of Medicaid. Staffing needs will be set forth in the annual appropriation act for the division. Additional office space as needed in performing eligibility, quality control and investigative functions shall be obtained by the division.
SECTION 3. Section 43-13-117, Mississippi Code of 1972, as amended by House Bill No. 1200, Senate Bill No. 3060 and Senate Bill No. 2189, 2002 Regular Session, is amended as follows:

43-13-117. Medicaid as authorized by this article shall include payment of part or all of the costs, at the discretion of the division or its successor, with approval of the Governor, of the following types of care and services rendered to eligible applicants who have been determined to be eligible for that care and services, within the limits of state appropriations and federal matching funds:

1. Inpatient hospital services.
   a. The division shall allow thirty (30) days of inpatient hospital care annually for all Medicaid recipients. Precertification of inpatient days must be obtained as required by the division. The division may allow unlimited days in disproportionate hospitals as defined by the division for eligible infants under the age of six (6) years if certified as medically necessary as required by the division.
   b. From and after July 1, 1994, the Executive Director of the Division of Medicaid shall amend the Mississippi Title XIX Inpatient Hospital Reimbursement Plan to remove the occupancy rate penalty from the calculation of the Medicaid Capital Cost Component utilized to determine total hospital costs allocated to the Medicaid program.
   c. Hospitals will receive an additional payment for the implantable programmable baclofen drug pump used to treat spasticity which is implanted on an inpatient basis. The payment pursuant to written invoice will be in addition to the facility's per diem reimbursement and will represent a reduction of costs on the facility's annual cost report, and shall not exceed Ten Thousand Dollars ($10,000.00) per year per recipient. This paragraph (c) shall stand repealed on July 1, 2005.
(2) Outpatient hospital services. Where the same services are reimbursed as clinic services, the division may revise the rate or methodology of outpatient reimbursement to maintain consistency, efficiency, economy and quality of care.

(3) Laboratory and x-ray services.

(4) Nursing facility services.
   
   (a) The division shall make full payment to nursing facilities for each day, not exceeding fifty-two (52) days per year, that a patient is absent from the facility on home leave. Payment may be made for the following home leave days in addition to the fifty-two-day limitation: Christmas, the day before Christmas, the day after Christmas, Thanksgiving, the day before Thanksgiving and the day after Thanksgiving.
   
   (b) From and after July 1, 1997, the division shall implement the integrated case-mix payment and quality monitoring system, which includes the fair rental system for property costs and in which recapture of depreciation is eliminated. The division may reduce the payment for hospital leave and therapeutic home leave days to the lower of the case-mix category as computed for the resident on leave using the assessment being utilized for payment at that point in time, or a case-mix score of 1.000 for nursing facilities, and shall compute case-mix scores of residents so that only services provided at the nursing facility are considered in calculating a facility's per diem.

During the period between May 1, 2002, and December 1, 2002, the Chairmen of the Public Health and Welfare Committees of the Senate and the House of Representatives may appoint a joint study committee to consider the issue of setting uniform reimbursement rates for nursing facilities. The study committee will consist of the Chairmen of the Public Health and Welfare Committees, three members of the Senate and three (3) members of the House. The
study committee shall complete its work in not more than three (3) meetings.

(c) From and after July 1, 1997, all state-owned nursing facilities shall be reimbursed on a full reasonable cost basis.

(d) When a facility of a category that does not require a certificate of need for construction and that could not be eligible for Medicaid reimbursement is constructed to nursing facility specifications for licensure and certification, and the facility is subsequently converted to a nursing facility under a certificate of need that authorizes conversion only and the applicant for the certificate of need was assessed an application review fee based on capital expenditures incurred in constructing the facility, the division shall allow reimbursement for capital expenditures necessary for construction of the facility that were incurred within the twenty-four (24) consecutive calendar months immediately preceding the date that the certificate of need authorizing the conversion was issued, to the same extent that reimbursement would be allowed for construction of a new nursing facility under a certificate of need that authorizes that construction. The reimbursement authorized in this subparagraph (d) may be made only to facilities the construction of which was completed after June 30, 1989. Before the division shall be authorized to make the reimbursement authorized in this subparagraph (d), the division first must have received approval from the Health Care Financing Administration of the United States Department of Health and Human Services of the change in the state Medicaid plan providing for the reimbursement.

(e) The division shall develop and implement, not later than January 1, 2001, a case-mix payment add-on determined by time studies and other valid statistical data that will reimburse a nursing facility for the additional cost of caring for a resident who has a diagnosis of Alzheimer's or other related
dementia and exhibits symptoms that require special care. Any such case-mix add-on payment shall be supported by a determination of additional cost. The division shall also develop and implement as part of the fair rental reimbursement system for nursing facility beds, an Alzheimer's resident bed depreciation enhanced reimbursement system that will provide an incentive to encourage nursing facilities to convert or construct beds for residents with Alzheimer's or other related dementia.

(f) The Division of Medicaid shall develop and implement a referral process for long-term care alternatives for Medicaid beneficiaries and applicants. No Medicaid beneficiary shall be admitted to a Medicaid-certified nursing facility unless a licensed physician certifies that nursing facility care is appropriate for that person on a standardized form to be prepared and provided to nursing facilities by the Division of Medicaid. The physician shall forward a copy of that certification to the Division of Medicaid within twenty-four (24) hours after it is signed by the physician. Any physician who fails to forward the certification to the Division of Medicaid within the time period specified in this paragraph shall be ineligible for Medicaid reimbursement for any physician's services performed for the applicant. The Division of Medicaid shall determine, through an assessment of the applicant conducted within two (2) business days after receipt of the physician's certification, whether the applicant also could live appropriately and cost-effectively at home or in some other community-based setting if home- or community-based services were available to the applicant. The time limitation prescribed in this paragraph shall be waived in cases of emergency. If the Division of Medicaid determines that a home- or other community-based setting is appropriate and cost-effective, the division shall:
(i) Advise the applicant or the applicant's legal representative that a home- or other community-based setting is appropriate;

(ii) Provide a proposed care plan and inform the applicant or the applicant's legal representative regarding the degree to which the services in the care plan are available in a home- or in other community-based setting rather than nursing facility care; and

(iii) Explain that the plan and services are available only if the applicant or the applicant's legal representative chooses a home- or community-based alternative to nursing facility care, and that the applicant is free to choose nursing facility care.

The Division of Medicaid may provide the services described in this paragraph (f) directly or through contract with case managers from the local Area Agencies on Aging, and shall coordinate long-term care alternatives to avoid duplication with hospital discharge planning procedures.

Placement in a nursing facility may not be denied by the division if home- or community-based services that would be more appropriate than nursing facility care are not actually available, or if the applicant chooses not to receive the appropriate home- or community-based services.

The division shall provide an opportunity for a fair hearing under federal regulations to any applicant who is not given the choice of home- or community-based services as an alternative to institutional care.

The division shall make full payment for long-term care alternative services.

The division shall apply for necessary federal waivers to assure that additional services providing alternatives to nursing facility care are made available to applicants for nursing facility care.
(5) Periodic screening and diagnostic services for individuals under age twenty-one (21) years as are needed to identify physical and mental defects and to provide health care treatment and other measures designed to correct or ameliorate defects and physical and mental illness and conditions discovered by the screening services regardless of whether these services are included in the state plan. The division may include in its periodic screening and diagnostic program those discretionary services authorized under the federal regulations adopted to implement Title XIX of the federal Social Security Act, as amended. The division, in obtaining physical therapy services, occupational therapy services, and services for individuals with speech, hearing and language disorders, may enter into a cooperative agreement with the State Department of Education for the provision of those services to handicapped students by public school districts using state funds that are provided from the appropriation to the Department of Education to obtain federal matching funds through the division. The division, in obtaining medical and psychological evaluations for children in the custody of the State Department of Human Services may enter into a cooperative agreement with the State Department of Human Services for the provision of those services using state funds that are provided from the appropriation to the Department of Human Services to obtain federal matching funds through the division.

(6) Physician's services. The division shall allow twelve (12) physician visits annually. All fees for physicians' services that are covered only by Medicaid shall be reimbursed at ninety percent (90%) of the rate established on January 1, 1999, and as adjusted each January thereafter, under Medicare (Title XVIII of the Social Security Act, as amended), and which shall in no event be less than seventy percent (70%) of the rate established on January 1, 1994. All fees for physicians' services that are covered by both Medicare and Medicaid shall be reimbursed
at ten percent (10%) of the adjusted Medicare payment established on January 1, 1999, and as adjusted each January thereafter, under Medicare (Title XVIII of the Social Security Act, as amended), and which shall in no event be less than seventy percent (70%) of the adjusted Medicare payment established on January 1, 1994.

(7) (a) Home health services for eligible persons, not to exceed in cost the prevailing cost of nursing facility services, not to exceed sixty (60) visits per year. All home health visits must be precertified as required by the division.

(b) Repealed.

(8) Emergency medical transportation services. On January 1, 1994, emergency medical transportation services shall be reimbursed at seventy percent (70%) of the rate established under Medicare (Title XVIII of the Social Security Act, as amended). "Emergency medical transportation services" shall mean, but shall not be limited to, the following services by a properly permitted ambulance operated by a properly licensed provider in accordance with the Emergency Medical Services Act of 1974 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids, (vi) disposable supplies, (vii) similar services.

(9) (a) Legend and other drugs as may be determined by the division. The division shall opt out of the federal drug rebate program and shall create a closed drug formulary as soon as practicable after the effective date of Senate Bill No. 2189, 2002 Regular Session. Drugs included on the formulary will be those with the lowest and best price as determined through a bidding process. The division may implement a program of prior approval for drugs to the extent permitted by law. The division shall allow seven (7) prescriptions per month for each noninstitutionalized Medicaid recipient; however, after a noninstitutionalized or institutionalized recipient has received five (5) prescriptions in any month, each additional prescription
during that month must have the prior approval of the division. The division shall not reimburse for any portion of a prescription that exceeds a thirty-four-day supply of the drug based on the daily dosage.

The dispensing fee for each new or refill prescription shall be Three Dollars and Ninety-one Cents ($3.91). The division shall develop and implement a program of payment for additional pharmacist services, with payment to be based on demonstrated savings, but in no case shall the total payment exceed twice the amount of the dispensing fee.

All claims for drugs for dually eligible Medicare/Medicaid beneficiaries that are paid for by Medicare must be submitted to Medicare for payment before they may be processed by the division's on-line payment system.

The division shall develop a pharmacy policy in which drugs in tamper-resistant packaging that are prescribed for a resident of a nursing facility but are not dispensed to the resident shall be returned to the pharmacy and not billed to Medicaid, in accordance with guidelines of the State Board of Pharmacy.

(b) Legend and other drugs as may be determined by the division. The division may implement a program of prior approval for drugs to the extent permitted by law. Payment by the division for covered multiple source drugs shall be limited to the lower of the upper limits established and published by the Centers for Medicare and Medicaid Services (CMS) plus a dispensing fee, or the estimated acquisition cost (EAC) plus a dispensing fee, or the providers' usual and customary charge to the general public. The division shall allow seven (7) prescriptions per month for each noninstitutionalized Medicaid recipient; however, after a noninstitutionalized or institutionalized recipient has received five (5) prescriptions in any month, each additional prescription during that month must have the prior approval of the division. The division shall not reimburse for any portion of a prescription
that exceeds a thirty-four-day supply of the drug based on the
daily dosage.

Payment for other covered drugs, other than multiple source
drugs with CMS upper limits, shall not exceed the lower of the
estimated acquisition cost plus a dispensing fee or the providers'
usual and customary charge to the general public.

Payment for nonlegend or over-the-counter drugs covered on
the division's formulary shall be reimbursed at the lower of the
division's estimated shelf price or the providers' usual and
customary charge to the general public. No dispensing fee shall
be paid.

The dispensing fee for each new or refill prescription shall
be Three Dollars and Ninety-one Cents ($3.91).

The Medicaid provider shall not prescribe, the Medicaid
pharmacy shall not bill, and the division shall not reimburse for
name brand drugs if there are equally effective generic
equivalents available and if the generic equivalents are the least
expensive.

The division shall develop and implement a program of payment
for additional pharmacist services, with payment to be based on
demonstrated savings, but in no case shall the total payment
exceed twice the amount of the dispensing fee.

All claims for drugs for dually eligible Medicare/Medicaid
beneficiaries that are paid for by Medicare must be submitted to
Medicare for payment before they may be processed by the
division's on-line payment system.

The division shall develop a pharmacy policy in which drugs
in tamper-resistant packaging that are prescribed for a resident
of a nursing facility but are not dispensed to the resident shall
be returned to the pharmacy and not billed to Medicaid, in
accordance with guidelines of the State Board of Pharmacy.
As used in this paragraph (9), "estimated acquisition cost" means twelve percent (12%) less than the average wholesale price for a drug.

(c) The division may operate the drug program under the provisions of subparagraph (b) until the closed drug formulary required by subparagraph (a) is established and implemented. Subparagraph (a) of this paragraph (9) shall stand repealed on July 1, 2003.

(10) Dental care that is an adjunct to treatment of an acute medical or surgical condition; services of oral surgeons and dentists in connection with surgery related to the jaw or any structure contiguous to the jaw or the reduction of any fracture of the jaw or any facial bone; and emergency dental extractions and treatment related thereto. On July 1, 1999, all fees for dental care and surgery under authority of this paragraph (10) shall be increased to one hundred sixty percent (160%) of the amount of the reimbursement rate that was in effect on June 30, 1999. It is the intent of the Legislature to encourage more dentists to participate in the Medicaid program.

(11) Eyeglasses for all Medicaid beneficiaries who have (a) had surgery on the eyeball or ocular muscle that results in a vision change for which eyeglasses or a change in eyeglasses is medically indicated within six (6) months of the surgery and is in accordance with policies established by the division, or (b) one pair every five (5) years and in accordance with policies established by the division. In either instance, the eyeglasses must be prescribed by a physician skilled in diseases of the eye or an optometrist, whichever the beneficiary may select.

(12) Intermediate care facility services.

(a) The division shall make full payment to all intermediate care facilities for the mentally retarded for each day, not exceeding eighty-four (84) days per year, that a patient is absent from the facility on home leave. Payment may be made
for the following home leave days in addition to the eighty-four-day limitation: Christmas, the day before Christmas, the day after Christmas, Thanksgiving, the day before Thanksgiving and the day after Thanksgiving.

(b) All state-owned intermediate care facilities for the mentally retarded shall be reimbursed on a full reasonable cost basis.

(13) Family planning services, including drugs, supplies and devices, when those services are under the supervision of a physician.

(14) Clinic services. Such diagnostic, preventive, therapeutic, rehabilitative or palliative services furnished to an outpatient by or under the supervision of a physician or dentist in a facility that is not a part of a hospital but that is organized and operated to provide medical care to outpatients. Clinic services shall include any services reimbursed as outpatient hospital services that may be rendered in such a facility, including those that become so after July 1, 1991. On July 1, 1999, all fees for physicians' services reimbursed under authority of this paragraph (14) shall be reimbursed at ninety percent (90%) of the rate established on January 1, 1999, and as adjusted each January thereafter, under Medicare (Title XVIII of the Social Security Act, as amended), and which shall in no event be less than seventy percent (70%) of the rate established on January 1, 1994. All fees for physicians' services that are covered by both Medicare and Medicaid shall be reimbursed at ten percent (10%) of the adjusted Medicare payment established on January 1, 1999, and as adjusted each January thereafter, under Medicare (Title XVIII of the Social Security Act, as amended), and which shall in no event be less than seventy percent (70%) of the adjusted Medicare payment established on January 1, 1994. On July 1, 1999, all fees for dentists' services reimbursed under authority of this paragraph (14) shall be increased to one hundred
sixty percent (160%) of the amount of the reimbursement rate that
was in effect on June 30, 1999.

(15) Home- and community-based services, as provided
under Title XIX of the federal Social Security Act, as amended,
under waivers, subject to the availability of funds specifically
appropriated therefor by the Legislature. Payment for those
services shall be limited to individuals who would be eligible for
and would otherwise require the level of care provided in a
nursing facility. The home- and community-based services
authorized under this paragraph shall be expanded over a five-year
period beginning July 1, 1999. The division shall certify case
management agencies to provide case management services and
provide for home- and community-based services for eligible
individuals under this paragraph. The home- and community-based
services under this paragraph and the activities performed by
certified case management agencies under this paragraph shall be
funded using state funds that are provided from the appropriation
to the Division of Medicaid and used to match federal funds.

(16) Mental health services. Approved therapeutic and
case management services (a) provided by an approved regional
mental health/retardation center established under Sections
41-19-31 through 41-19-39, or by another community mental health
service provider meeting the requirements of the Department of
Mental Health to be an approved mental health/retardation center
if determined necessary by the Department of Mental Health, using
state funds that are provided from the appropriation to the State
Department of Mental Health and/or funds transferred to the
department by a political subdivision or instrumentality of the
state and used to match federal funds under a cooperative
agreement between the division and the department, or (b) provided
by a facility that is certified by the State Department of Mental
Health to provide therapeutic and case management services, to be
reimbursed on a fee for service basis, or (c) provided in the
community by a facility or program operated by the Department of Mental Health. Any such services provided by a facility described in paragraph (b) must have the prior approval of the division to be reimbursable under this section. After June 30, 1997, mental health services provided by regional mental health/retardation centers established under Sections 41-19-31 through 41-19-39, or by hospitals as defined in Section 41-9-3(a) and/or their subsidiaries and divisions, or by psychiatric residential treatment facilities as defined in Section 43-11-1, or by another community mental health service provider meeting the requirements of the Department of Mental Health to be an approved mental health/retardation center if determined necessary by the Department of Mental Health, shall not be included in or provided under any capitated managed care pilot program provided for under paragraph (24) of this section.

(17) Durable medical equipment services and medical supplies. Precertification of durable medical equipment and medical supplies must be obtained as required by the division. The Division of Medicaid may require durable medical equipment providers to obtain a surety bond in the amount and to the specifications as established by the Balanced Budget Act of 1997.

(18) (a) Notwithstanding any other provision of this section to the contrary, the division shall make additional reimbursement to hospitals that serve a disproportionate share of low-income patients and that meet the federal requirements for those payments as provided in Section 1923 of the federal Social Security Act and any applicable regulations. However, from and after January 1, 1999, no public hospital shall participate in the Medicaid disproportionate share program unless the public hospital participates in an intergovernmental transfer program as provided in Section 1903 of the federal Social Security Act and any applicable regulations. Administration and support for
participating hospitals shall be provided by the Mississippi Hospital Association.

(b) The division shall establish a Medicare Upper Payment Limits Program, as defined in Section 1902(a)(30) of the federal Social Security Act and any applicable federal regulations, for hospitals, and may establish a Medicare Upper Payments Limits Program for nursing facilities. The division shall assess each hospital and, if the program is established for nursing facilities, shall assess each nursing facility, for the sole purpose of financing the state portion of the Medicare Upper Payment Limits Program. This assessment shall be based on Medicaid utilization, or other appropriate method consistent with federal regulations, and will remain in effect as long as the state participates in the Medicare Upper Payment Limits Program. The division shall make additional reimbursement to hospitals and, if the program is established for nursing facilities, shall make additional reimbursement to nursing facilities, for the Medicare Upper Payment Limits, as defined in Section 1902(a)(30) of the federal Social Security Act and any applicable federal regulations. This paragraph (b) shall stand repealed from and after July 1, 2005.

(c) The division shall contract with the Mississippi Hospital Association to provide administrative support for the operation of the disproportionate share hospital program and the Medicare Upper Payment Limits Program. This paragraph (c) shall stand repealed from and after July 1, 2005.

(19) (a) Perinatal risk management services. The division shall promulgate regulations to be effective from and after October 1, 1988, to establish a comprehensive perinatal system for risk assessment of all pregnant and infant Medicaid recipients and for management, education and follow-up for those who are determined to be at risk. Services to be performed include case management, nutrition assessment/counseling,
psychosocial assessment/counseling and health education. The division shall set reimbursement rates for providers in conjunction with the State Department of Health.

(b) Early intervention system services. The division shall cooperate with the State Department of Health, acting as lead agency, in the development and implementation of a statewide system of delivery of early intervention services, under Part C of the Individuals with Disabilities Education Act (IDEA). The State Department of Health shall certify annually in writing to the executive director of the division the dollar amount of state early intervention funds available that will be utilized as a certified match for Medicaid matching funds. Those funds then shall be used to provide expanded targeted case management services for Medicaid eligible children with special needs who are eligible for the state's early intervention system.

Qualifications for persons providing service coordination shall be determined by the State Department of Health and the Division of Medicaid.

(20) Home- and community-based services for physically disabled approved services as allowed by a waiver from the United States Department of Health and Human Services for home- and community-based services for physically disabled people using state funds that are provided from the appropriation to the State Department of Rehabilitation Services and used to match federal funds under a cooperative agreement between the division and the department, provided that funds for these services are specifically appropriated to the Department of Rehabilitation Services.

(21) Nurse practitioner services. Services furnished by a registered nurse who is licensed and certified by the Mississippi Board of Nursing as a nurse practitioner, including, but not limited to, nurse anesthetists, nurse midwives, family nurse practitioners, family planning nurse practitioners,
pediatric nurse practitioners, obstetrics-gynecology nurse practitioners and neonatal nurse practitioners, under regulations adopted by the division. Reimbursement for those services shall not exceed ninety percent (90%) of the reimbursement rate for comparable services rendered by a physician.

(22) Ambulatory services delivered in federally qualified health centers, rural health centers and clinics of the local health departments of the State Department of Health for individuals eligible for Medicaid under this article based on reasonable costs as determined by the division.

(23) Inpatient psychiatric services. Inpatient psychiatric services to be determined by the division for recipients under age twenty-one (21) that are provided under the direction of a physician in an inpatient program in a licensed acute care psychiatric facility or in a licensed psychiatric residential treatment facility, before the recipient reaches age twenty-one (21) or, if the recipient was receiving the services immediately before he reached age twenty-one (21), before the earlier of the date he no longer requires the services or the date he reaches age twenty-two (22), as provided by federal regulations. Precertification of inpatient days and residential treatment days must be obtained as required by the division.

(24) [Deleted]

(25) Birthing center services.

(26) Hospice care. As used in this paragraph, the term "hospice care" means a coordinated program of active professional medical attention within the home and outpatient and inpatient care that treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social and economic stresses that are experienced during the final stages of illness and during
dying and bereavement and meets the Medicare requirements for participation as a hospice as provided in federal regulations.

(27) Group health plan premiums and cost sharing if it is cost effective as defined by the Secretary of Health and Human Services.

(28) Other health insurance premiums that are cost effective as defined by the Secretary of Health and Human Services. Medicare eligible must have Medicare Part B before other insurance premiums can be paid.

(29) The Division of Medicaid may apply for a waiver from the Department of Health and Human Services for home- and community-based services for developmentally disabled people using state funds that are provided from the appropriation to the State Department of Mental Health and/or funds transferred to the department by a political subdivision or instrumentality of the state and used to match federal funds under a cooperative agreement between the division and the department, provided that funds for these services are specifically appropriated to the Department of Mental Health and/or transferred to the department by a political subdivision or instrumentality of the state.

(30) Pediatric skilled nursing services for eligible persons under twenty-one (21) years of age.

(31) Targeted case management services for children with special needs, under waivers from the United States Department of Health and Human Services, using state funds that are provided from the appropriation to the Mississippi Department of Human Services and used to match federal funds under a cooperative agreement between the division and the department.

(32) Care and services provided in Christian Science Sanatoria listed and certified by the Commission for Accreditation of Christian Science Nursing Organizations/Facilities, Inc., rendered in connection with treatment by prayer or spiritual means.
to the extent that those services are subject to reimbursement under Section 1903 of the Social Security Act.

(33) Podiatrist services.

(34) The division shall make application to the United States Health Care Financing Administration for a waiver to develop a program of services to personal care and assisted living homes in Mississippi. This waiver shall be completed by December 1, 1999.

(35) Services and activities authorized in Sections 43-27-101 and 43-27-103, using state funds that are provided from the appropriation to the State Department of Human Services and used to match federal funds under a cooperative agreement between the division and the department.

(36) Nonemergency transportation services for Medicaid-eligible persons, to be provided by the Division of Medicaid. The division may contract with additional entities to administer nonemergency transportation services as it deems necessary. All providers shall have a valid driver's license, vehicle inspection sticker, valid vehicle license tags and a standard liability insurance policy covering the vehicle.

(37) [Deleted]

(38) Chiropractic services. A chiropractor's manual manipulation of the spine to correct a subluxation, if x-ray demonstrates that a subluxation exists and if the subluxation has resulted in a neuromusculoskeletal condition for which manipulation is appropriate treatment, and related spinal x-rays performed to document these conditions. Reimbursement for chiropractic services shall not exceed Seven Hundred Dollars ($700.00) per year per beneficiary.

(39) Dually eligible Medicare/Medicaid beneficiaries. The division shall pay the Medicare deductible and ten percent (10%) coinsurance amounts for services available under Medicare.
for the duration and scope of services otherwise available under
the Medicaid program.

(40) [Deleted]

(41) Services provided by the State Department of
Rehabilitation Services for the care and rehabilitation of persons
with spinal cord injuries or traumatic brain injuries, as allowed
under waivers from the United States Department of Health and
Human Services, using up to seventy-five percent (75%) of the
funds that are appropriated to the Department of Rehabilitation
Services from the Spinal Cord and Head Injury Trust Fund
established under Section 37-33-261 and used to match federal
funds under a cooperative agreement between the division and the
department.

(42) Notwithstanding any other provision in this
article to the contrary, the division may develop a population
health management program for women and children health services
through the age of two (2) years. This program is primarily for
obstetrical care associated with low birth weight and pre-term
babies. The division may apply to the federal Centers for
Medicare and Medicaid Services (CMS) for a Section 1115 waiver or
any other waivers that may enhance the program. In order to
effect cost savings, the division may develop a revised payment
methodology that may include at-risk capitated payments, and may
require member participation in accordance with the terms and
conditions of an approved federal waiver.

(43) The division shall provide reimbursement,
according to a payment schedule developed by the division, for
smoking cessation medications for pregnant women during their
pregnancy and other Medicaid-eligible women who are of
child-bearing age.

(44) Nursing facility services for the severely
disabled.
(a) Severe disabilities include, but are not limited to, spinal cord injuries, closed head injuries and ventilator dependent patients.

(b) Those services must be provided in a long-term care nursing facility dedicated to the care and treatment of persons with severe disabilities, and shall be reimbursed as a separate category of nursing facilities.

(45) Physician assistant services. Services furnished by a physician assistant who is licensed by the State Board of Medical Licensure and is practicing with physician supervision under regulations adopted by the board, under regulations adopted by the division. Reimbursement for those services shall not exceed ninety percent (90%) of the reimbursement rate for comparable services rendered by a physician.

(46) The division shall make application to the federal Centers for Medicare and Medicaid Services (CMS) for a waiver to develop and provide services for children with serious emotional disturbances as defined in Section 43-14-1(1), which may include home- and community-based services, case management services or managed care services through mental health providers certified by the Department of Mental Health. The division may implement and provide services under this waivered program only if funds for these services are specifically appropriated for this purpose by the Legislature, or if funds are voluntarily provided by affected agencies.

(47) Notwithstanding any other provision in this article to the contrary, the division, in conjunction with the State Department of Health, shall develop and implement disease management programs statewide for individuals with asthma, diabetes or hypertension, including the use of grants, waivers, demonstrations or other projects as necessary.

(48) Pediatric long-term acute care hospital services.
(a) Pediatric long-term acute care hospital services means services provided to eligible persons under twenty-one (21) years of age by a freestanding Medicare-certified hospital that has an average length of inpatient stay greater than twenty-five (25) days and that is primarily engaged in providing chronic or long-term medical care to persons under twenty-one (21) years of age.

(b) The services under this paragraph (48) shall be reimbursed as a separate category of hospital services.

(49) The division shall establish copayments for all Medicaid services for which copayments are allowable under federal law or regulation, except for nonemergency transportation services, and shall set the amount of the copayment for each of those services at the maximum amount allowable under federal law or regulation.

Notwithstanding any other provision of this article to the contrary, the division shall reduce the rate of reimbursement to providers for any service provided under this section by five percent (5%) of the allowed amount for that service. However, the reduction in the reimbursement rates required by this paragraph shall not apply to inpatient hospital services, nursing facility services, intermediate care facility services, psychiatric residential treatment facility services, pharmacy services provided under paragraph (9) of this section, or any service provided by the University of Mississippi Medical Center or a state agency, a state facility or a public agency that either provides its own state match through intergovernmental transfer or certification of funds to the division, or a service for which the federal government sets the reimbursement methodology and rate.

In addition, the reduction in the reimbursement rates required by this paragraph shall not apply to case management services and home delivered meal services provided under the home- and community-based services program for the elderly and disabled by a
planning and development district, if the planning and development
district transfers to the division a sum equal to the amount of
the reduction in reimbursement that would otherwise be made for
those services under this paragraph.

Notwithstanding any provision of this article, except as
authorized in the following paragraph and in Section 43-13-139,
neither (a) the limitations on quantity or frequency of use of or
the fees or charges for any of the care or services available to
recipients under this section, nor (b) the payments or rates of
reimbursement to providers rendering care or services authorized
under this section to recipients, may be increased, decreased or
otherwise changed from the levels in effect on July 1, 1999,
unless they are authorized by an amendment to this section by the
Legislature. However, the restriction in this paragraph shall not
prevent the division from changing the payments or rates of
reimbursement to providers without an amendment to this section
whenever those changes are required by federal law or regulation,
or whenever those changes are necessary to correct administrative
errors or omissions in calculating those payments or rates of
reimbursement.

Notwithstanding any provision of this article, no new groups
or categories of recipients and new types of care and services may
be added without enabling legislation from the Mississippi
Legislature, except that the division may authorize those changes
without enabling legislation when the addition of recipients or
services is ordered by a court of proper authority. The executive
director shall keep the Governor advised on a timely basis of the
funds available for expenditure and the projected expenditures.
If current or projected expenditures of the division can be
reasonably anticipated to exceed the amounts appropriated for any
fiscal year, the Governor, after consultation with the executive
director, shall discontinue any or all of the payment of the types
of care and services as provided in this section that are deemed
to be optional services under Title XIX of the federal Social
Security Act, as amended, for any period necessary to not exceed
appropriated funds, and when necessary shall institute any other
cost containment measures on any program or programs authorized
under the article to the extent allowed under the federal law
governing that program or programs, it being the intent of the
Legislature that expenditures during any fiscal year shall not
exceed the amounts appropriated for that fiscal year.

Notwithstanding any other provision of this article, from May
1, 2002, through June 30, 2004, the Governor is authorized, by
means of an executive order and in consultation with the executive
director of the division, to adopt and administer a state plan for
medical assistance in accordance with Titles XIX and XXI of the
federal Social Security Act, as amended, provided that the state
plan is administered within the amount of funds appropriated to
the division by the Legislature. In adopting and administering
the state plan, the division is authorized (a) to establish the
types of care and services to be available to eligible applicants
for and recipients of Medicaid; (b) to establish the amount,
duration, scope and terms and conditions of the care and services
for recipients, including the quantity or frequency of use of, and
the fees or charges for, any of the care or services available to
recipients; (c) to set the payments or rates of reimbursement to
providers rendering care or services to recipients; (d) to
establish such rules and regulations as may be necessary or
desirable for implementation of the state plan; and (e) to take
such actions as necessary to secure the maximum amount of federal
financial participation available for the program.

Notwithstanding any other provision of this article, it shall
be the duty of each nursing facility, intermediate care facility
for the mentally retarded, psychiatric residential treatment
facility, and nursing facility for the severely disabled that is
participating in the Medicaid program to keep and maintain books,
documents and other records as prescribed by the Division of Medicaid in substantiation of its cost reports for a period of three (3) years after the date of submission to the Division of Medicaid of an original cost report, or three (3) years after the date of submission to the Division of Medicaid of an amended cost report.

This section shall stand repealed on July 1, 2004.

SECTION 4. It is the intent of the Legislature that the amendments to Section 43-13-117, Mississippi Code of 1972, contained in this House Bill No. 1888, 2002 Regular Session, shall supersede the amendments to that section contained in House Bill No. 1200, Senate Bill No. 3060 and Senate Bill No. 2189, 2002 Regular Session.

SECTION 5. This act shall take effect and be in force from and after its passage.
