BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. (1) The Department of Corrections may establish
a five-year pilot program at the special-needs facility in
Lauderdale County to provide a two-hundred-fifty-bed unit
dedicated to an intensive and comprehensive alcohol and other drug
treatment program for inmates. The department shall establish
guidelines for the program consistent with the mission of public

dysfunctional thinking and behavioral patterns, and prepare
inmates to make a successful and crime-free readjustment to the
community.

(2) (a) The department may contract with public, private or
nonprofit organizations to develop, operate and administer the
treatment program. If the department contracts for the private
operation of the program, the department shall reimburse the
private contractor at the per diem rate allowed regional
facilities under Section 47-5-933.

(b) An intensive and comprehensive treatment and rehabilitation component which addresses the specific drug or alcohol problem of the inmate. This component shall include relapse prevention strategies, anger management strategies and regimented discipline strategies.

The plan shall require the inmate to be tracked in at least thirty-day intervals to measure compliance with his established transition plan.

(d) A monitoring assessment of recidivism containing post-release history of substance abuse, breaches of trust, arrests, convictions, employment, community functioning, and marital and family interaction.

(4) The department shall file a report annually on the program with specific data on recidivism of inmates including the data required in subsection (3)(d).

(5) The program authorized under this section may be renewed if it meets performance requirements as may be determined by the Legislature.

(6) This section shall repeal on January 1, 2008.
