SENATE BILL NO. 3048

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,  
2 TO PROVIDE THAT VETERANS MAY PAY A PRICE NOT TO EXCEED THE  
3 MEDICAID REIMBURSEMENT RATE FOR PRESCRIPTION MEDICINES PLUS A  
4 PROCESSING FEE FROM ALL PHARMACISTS PARTICIPATING IN THE MEDICAID  
5 PROGRAM; AND FOR RELATED PURPOSES.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

7 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is  
8 amended as follows:

9 43-13-117. Medical assistance as authorized by this article  
10 shall include payment of part or all of the costs, at the  
11 discretion of the division or its successor, with approval of the  
12 Governor, of the following types of care and services rendered to  
13 eligible applicants who shall have been determined to be eligible  
14 for such care and services, within the limits of state  
15 appropriations and federal matching funds:

16 (1) Inpatient hospital services.

17 (a) The division shall allow thirty (30) days of  
18 inpatient hospital care annually for all Medicaid recipients.  
19 Precertification of inpatient days must be obtained as required by  
20 the division. The division shall be authorized to allow unlimited  
21 days in disproportionate hospitals as defined by the division for  
22 eligible infants under the age of six (6) years.

23 (b) From and after July 1, 1994, the Executive  
24 Director of the Division of Medicaid shall amend the Mississippi  
25 Title XIX Inpatient Hospital Reimbursement Plan to remove the  
26 occupancy rate penalty from the calculation of the Medicaid  
27 Capital Cost Component utilized to determine total hospital costs  
28 allocated to the Medicaid program.

29                   (c) Hospitals will receive an additional payment  
30 for the implantable programmable baclofen drug pump used to treat  
31 spasticity which is implanted on an inpatient basis. The payment  
32 pursuant to written invoice will be in addition to the facility's  
33 per diem reimbursement and will represent a reduction of costs on  
34 the facility's annual cost report, and shall not exceed Ten  
35 Thousand Dollars (\$10,000.00) per year per recipient. This  
36 paragraph (c) shall stand repealed on July 1, 2005.

37                   (2) Outpatient hospital services. Provided that where  
38 the same services are reimbursed as clinic services, the division  
39 may revise the rate or methodology of outpatient reimbursement to  
40 maintain consistency, efficiency, economy and quality of care.  
41 The division shall develop a Medicaid-specific cost-to-charge  
42 ratio calculation from data provided by hospitals to determine an  
43 allowable rate payment for outpatient hospital services, and shall  
44 submit a report thereon to the Medical Advisory Committee on or  
45 before December 1, 1999. The committee shall make a  
46 recommendation on the specific cost-to-charge reimbursement method  
47 for outpatient hospital services to the 2000 Regular Session of  
48 the Legislature.

49                   (3) Laboratory and x-ray services.

50                   (4) Nursing facility services.

51                   (a) The division shall make full payment to  
52 nursing facilities for each day, not exceeding fifty-two (52) days  
53 per year, that a patient is absent from the facility on home  
54 leave. Payment may be made for the following home leave days in  
55 addition to the fifty-two-day limitation: Christmas, the day  
56 before Christmas, the day after Christmas, Thanksgiving, the day  
57 before Thanksgiving and the day after Thanksgiving.

58                   (b) From and after July 1, 1997, the division  
59 shall implement the integrated case-mix payment and quality  
60 monitoring system, which includes the fair rental system for  
61 property costs and in which recapture of depreciation is

62 eliminated. The division may reduce the payment for hospital  
63 leave and therapeutic home leave days to the lower of the case-mix  
64 category as computed for the resident on leave using the  
65 assessment being utilized for payment at that point in time, or a  
66 case-mix score of 1.000 for nursing facilities, and shall compute  
67 case-mix scores of residents so that only services provided at the  
68 nursing facility are considered in calculating a facility's per  
69 diem.

70 (c) From and after July 1, 1997, all state-owned  
71 nursing facilities shall be reimbursed on a full reasonable cost  
72 basis.

73 (d) When a facility of a category that does not  
74 require a certificate of need for construction and that could not  
75 be eligible for Medicaid reimbursement is constructed to nursing  
76 facility specifications for licensure and certification, and the  
77 facility is subsequently converted to a nursing facility pursuant  
78 to a certificate of need that authorizes conversion only and the  
79 applicant for the certificate of need was assessed an application  
80 review fee based on capital expenditures incurred in constructing  
81 the facility, the division shall allow reimbursement for capital  
82 expenditures necessary for construction of the facility that were  
83 incurred within the twenty-four (24) consecutive calendar months  
84 immediately preceding the date that the certificate of need  
85 authorizing such conversion was issued, to the same extent that  
86 reimbursement would be allowed for construction of a new nursing  
87 facility pursuant to a certificate of need that authorizes such  
88 construction. The reimbursement authorized in this subparagraph  
89 (d) may be made only to facilities the construction of which was  
90 completed after June 30, 1989. Before the division shall be  
91 authorized to make the reimbursement authorized in this  
92 subparagraph (d), the division first must have received approval  
93 from the Health Care Financing Administration of the United States

94 Department of Health and Human Services of the change in the state  
95 Medicaid plan providing for such reimbursement.

96 (e) The division shall develop and implement, not  
97 later than January 1, 2001, a case-mix payment add-on determined  
98 by time studies and other valid statistical data which will  
99 reimburse a nursing facility for the additional cost of caring for  
100 a resident who has a diagnosis of Alzheimer's or other related  
101 dementia and exhibits symptoms that require special care. Any  
102 such case-mix add-on payment shall be supported by a determination  
103 of additional cost. The division shall also develop and implement  
104 as part of the fair rental reimbursement system for nursing  
105 facility beds, an Alzheimer's resident bed depreciation enhanced  
106 reimbursement system which will provide an incentive to encourage  
107 nursing facilities to convert or construct beds for residents with  
108 Alzheimer's or other related dementia.

109 (f) The Division of Medicaid shall develop and  
110 implement a referral process for long-term care alternatives for  
111 Medicaid beneficiaries and applicants. No Medicaid beneficiary  
112 shall be admitted to a Medicaid-certified nursing facility unless  
113 a licensed physician certifies that nursing facility care is  
114 appropriate for that person on a standardized form to be prepared  
115 and provided to nursing facilities by the Division of Medicaid.  
116 The physician shall forward a copy of that certification to the  
117 Division of Medicaid within twenty-four (24) hours after it is  
118 signed by the physician. Any physician who fails to forward the  
119 certification to the Division of Medicaid within the time period  
120 specified in this paragraph shall be ineligible for Medicaid  
121 reimbursement for any physician's services performed for the  
122 applicant. The Division of Medicaid shall determine, through an  
123 assessment of the applicant conducted within two (2) business days  
124 after receipt of the physician's certification, whether the  
125 applicant also could live appropriately and cost-effectively at  
126 home or in some other community-based setting if home- or

127 community-based services were available to the applicant. The  
128 time limitation prescribed in this paragraph shall be waived in  
129 cases of emergency. If the Division of Medicaid determines that a  
130 home- or other community-based setting is appropriate and  
131 cost-effective, the division shall:

132 (i) Advise the applicant or the applicant's  
133 legal representative that a home- or other community-based setting  
134 is appropriate;

135 (ii) Provide a proposed care plan and inform  
136 the applicant or the applicant's legal representative regarding  
137 the degree to which the services in the care plan are available in  
138 a home- or in other community-based setting rather than nursing  
139 facility care; and

140 (iii) Explain that such plan and services are  
141 available only if the applicant or the applicant's legal  
142 representative chooses a home- or community-based alternative to  
143 nursing facility care, and that the applicant is free to choose  
144 nursing facility care.

145 The Division of Medicaid may provide the services described  
146 in this paragraph (f) directly or through contract with case  
147 managers from the local Area Agencies on Aging, and shall  
148 coordinate long-term care alternatives to avoid duplication with  
149 hospital discharge planning procedures.

150 Placement in a nursing facility may not be denied by the  
151 division if home- or community-based services that would be more  
152 appropriate than nursing facility care are not actually available,  
153 or if the applicant chooses not to receive the appropriate home-  
154 or community-based services.

155 The division shall provide an opportunity for a fair hearing  
156 under federal regulations to any applicant who is not given the  
157 choice of home- or community-based services as an alternative to  
158 institutional care.

159           The division shall make full payment for long-term care  
160 alternative services.

161           The division shall apply for necessary federal waivers to  
162 assure that additional services providing alternatives to nursing  
163 facility care are made available to applicants for nursing  
164 facility care.

165           (5) Periodic screening and diagnostic services for  
166 individuals under age twenty-one (21) years as are needed to  
167 identify physical and mental defects and to provide health care  
168 treatment and other measures designed to correct or ameliorate  
169 defects and physical and mental illness and conditions discovered  
170 by the screening services regardless of whether these services are  
171 included in the state plan. The division may include in its  
172 periodic screening and diagnostic program those discretionary  
173 services authorized under the federal regulations adopted to  
174 implement Title XIX of the federal Social Security Act, as  
175 amended. The division, in obtaining physical therapy services,  
176 occupational therapy services, and services for individuals with  
177 speech, hearing and language disorders, may enter into a  
178 cooperative agreement with the State Department of Education for  
179 the provision of such services to handicapped students by public  
180 school districts using state funds which are provided from the  
181 appropriation to the Department of Education to obtain federal  
182 matching funds through the division. The division, in obtaining  
183 medical and psychological evaluations for children in the custody  
184 of the State Department of Human Services may enter into a  
185 cooperative agreement with the State Department of Human Services  
186 for the provision of such services using state funds which are  
187 provided from the appropriation to the Department of Human  
188 Services to obtain federal matching funds through the division.

189           On July 1, 1993, all fees for periodic screening and  
190 diagnostic services under this paragraph (5) shall be increased by

191 twenty-five percent (25%) of the reimbursement rate in effect on  
192 June 30, 1993.

193 (6) Physician's services. The division shall allow  
194 twelve (12) physician visits annually. All fees for physicians'  
195 services that are covered only by Medicaid shall be reimbursed at  
196 ninety percent (90%) of the rate established on January 1, 1999,  
197 and as adjusted each January thereafter, under Medicare (Title  
198 XVIII of the Social Security Act, as amended), and which shall in  
199 no event be less than seventy percent (70%) of the rate  
200 established on January 1, 1994. All fees for physicians' services  
201 that are covered by both Medicare and Medicaid shall be reimbursed  
202 at ten percent (10%) of the adjusted Medicare payment established  
203 on January 1, 1999, and as adjusted each January thereafter, under  
204 Medicare (Title XVIII of the Social Security Act, as amended), and  
205 which shall in no event be less than seventy percent (70%) of the  
206 adjusted Medicare payment established on January 1, 1994.

207 (7) (a) Home health services for eligible persons, not  
208 to exceed in cost the prevailing cost of nursing facility  
209 services, not to exceed sixty (60) visits per year. All home  
210 health visits must be precertified as required by the division.

211 (b) Repealed.

212 (8) Emergency medical transportation services. On  
213 January 1, 1994, emergency medical transportation services shall  
214 be reimbursed at seventy percent (70%) of the rate established  
215 under Medicare (Title XVIII of the Social Security Act, as  
216 amended). "Emergency medical transportation services" shall mean,  
217 but shall not be limited to, the following services by a properly  
218 permitted ambulance operated by a properly licensed provider in  
219 accordance with the Emergency Medical Services Act of 1974  
220 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced  
221 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,  
222 (vi) disposable supplies, (vii) similar services.

223           (9) Legend and other drugs as may be determined by the  
224 division. The division may implement a program of prior approval  
225 for drugs to the extent permitted by law. Payment by the division  
226 for covered multiple source drugs shall be limited to the lower of  
227 the upper limits established and published by the Health Care  
228 Financing Administration (HCFA) plus a dispensing fee of Four  
229 Dollars and Ninety-one Cents (\$4.91), or the estimated acquisition  
230 cost (EAC) as determined by the division plus a dispensing fee of  
231 Four Dollars and Ninety-one Cents (\$4.91), or the providers' usual  
232 and customary charge to the general public. The division shall  
233 allow ten (10) prescriptions per month for noninstitutionalized  
234 Medicaid recipients.

235           Payment for other covered drugs, other than multiple source  
236 drugs with HCFA upper limits, shall not exceed the lower of the  
237 estimated acquisition cost as determined by the division plus a  
238 dispensing fee of Four Dollars and Ninety-one Cents (\$4.91) or the  
239 providers' usual and customary charge to the general public.

240           Payment for nonlegend or over-the-counter drugs covered on  
241 the division's formulary shall be reimbursed at the lower of the  
242 division's estimated shelf price or the providers' usual and  
243 customary charge to the general public. No dispensing fee shall  
244 be paid.

245           The division shall develop and implement a program of payment  
246 for additional pharmacist services, with payment to be based on  
247 demonstrated savings, but in no case shall the total payment  
248 exceed twice the amount of the dispensing fee.

249           As used in this paragraph (9), "estimated acquisition cost"  
250 means the division's best estimate of what price providers  
251 generally are paying for a drug in the package size that providers  
252 buy most frequently. Product selection shall be made in  
253 compliance with existing state law; however, the division may  
254 reimburse as if the prescription had been filled under the generic  
255 name. The division may provide otherwise in the case of specified

256 drugs when the consensus of competent medical advice is that  
257 trademarked drugs are substantially more effective.

258 As a condition of a pharmacy's participation in the Medicaid  
259 program, the pharmacy, upon presentation of a valid prescription  
260 for the patient and the patient's veterans identification card or  
261 other proper document, shall charge veteran beneficiaries a price  
262 that does not exceed the Medicaid reimbursement rate for  
263 prescription medicines, and an amount, as set by the Division of  
264 Medicaid to cover electronic transmission charges. However,  
265 veteran beneficiaries shall not be allowed to use the Medicaid  
266 reimbursement rate for over-the-counter medications or compounded  
267 prescriptions. The Division of Medicaid shall determine the  
268 proper identification to be shown by the veteran in order to  
269 qualify for the rate prescribed herein, which may be the card  
270 issued by the U.S. Bureau of Veterans Affairs if the veteran is  
271 retired, or a DD214 form if the veteran is discharged but not  
272 retired. The Division of Medicaid shall also provide a mechanism  
273 to calculate and transmit the price to the pharmacy, but shall not  
274 apply the Medicaid drug utilization review process for purposes of  
275 this section. The division shall monitor pharmacy participation  
276 with the requirements of this paragraph and report to the  
277 Legislature annually on that participation including information  
278 on any pharmacies that discontinue participation in the Medicaid  
279 program and the reasons given for the discontinuance.

280 (10) Dental care that is an adjunct to treatment of an  
281 acute medical or surgical condition; services of oral surgeons and  
282 dentists in connection with surgery related to the jaw or any  
283 structure contiguous to the jaw or the reduction of any fracture  
284 of the jaw or any facial bone; and emergency dental extractions  
285 and treatment related thereto. On July 1, 1999, all fees for  
286 dental care and surgery under authority of this paragraph (10)  
287 shall be increased to one hundred sixty percent (160%) of the  
288 amount of the reimbursement rate that was in effect on June 30,

289 1999. It is the intent of the Legislature to encourage more  
290 dentists to participate in the Medicaid program.

291 (11) Eyeglasses necessitated by reason of eye surgery,  
292 and as prescribed by a physician skilled in diseases of the eye or  
293 an optometrist, whichever the patient may select, or one (1) pair  
294 every three (3) years as prescribed by a physician or an  
295 optometrist, whichever the patient may select.

296 (12) Intermediate care facility services.

297 (a) The division shall make full payment to all  
298 intermediate care facilities for the mentally retarded for each  
299 day, not exceeding eighty-four (84) days per year, that a patient  
300 is absent from the facility on home leave. Payment may be made  
301 for the following home leave days in addition to the  
302 eighty-four-day limitation: Christmas, the day before Christmas,  
303 the day after Christmas, Thanksgiving, the day before Thanksgiving  
304 and the day after Thanksgiving.

305 (b) All state-owned intermediate care facilities  
306 for the mentally retarded shall be reimbursed on a full reasonable  
307 cost basis.

308 (13) Family planning services, including drugs,  
309 supplies and devices, when such services are under the supervision  
310 of a physician.

311 (14) Clinic services. Such diagnostic, preventive,  
312 therapeutic, rehabilitative or palliative services furnished to an  
313 outpatient by or under the supervision of a physician or dentist  
314 in a facility which is not a part of a hospital but which is  
315 organized and operated to provide medical care to outpatients.  
316 Clinic services shall include any services reimbursed as  
317 outpatient hospital services which may be rendered in such a  
318 facility, including those that become so after July 1, 1991. On  
319 July 1, 1999, all fees for physicians' services reimbursed under  
320 authority of this paragraph (14) shall be reimbursed at ninety  
321 percent (90%) of the rate established on January 1, 1999, and as

322 adjusted each January thereafter, under Medicare (Title XVIII of  
323 the Social Security Act, as amended), and which shall in no event  
324 be less than seventy percent (70%) of the rate established on  
325 January 1, 1994. All fees for physicians' services that are  
326 covered by both Medicare and Medicaid shall be reimbursed at ten  
327 percent (10%) of the adjusted Medicare payment established on  
328 January 1, 1999, and as adjusted each January thereafter, under  
329 Medicare (Title XVIII of the Social Security Act, as amended), and  
330 which shall in no event be less than seventy percent (70%) of the  
331 adjusted Medicare payment established on January 1, 1994. On July  
332 1, 1999, all fees for dentists' services reimbursed under  
333 authority of this paragraph (14) shall be increased to one hundred  
334 sixty percent (160%) of the amount of the reimbursement rate that  
335 was in effect on June 30, 1999.

336 (15) Home- and community-based services, as provided  
337 under Title XIX of the federal Social Security Act, as amended,  
338 under waivers, subject to the availability of funds specifically  
339 appropriated therefor by the Legislature. Payment for such  
340 services shall be limited to individuals who would be eligible for  
341 and would otherwise require the level of care provided in a  
342 nursing facility. The home- and community-based services  
343 authorized under this paragraph shall be expanded over a five-year  
344 period beginning July 1, 1999. The division shall certify case  
345 management agencies to provide case management services and  
346 provide for home- and community-based services for eligible  
347 individuals under this paragraph. The home- and community-based  
348 services under this paragraph and the activities performed by  
349 certified case management agencies under this paragraph shall be  
350 funded using state funds that are provided from the appropriation  
351 to the Division of Medicaid and used to match federal funds.

352 (16) Mental health services. Approved therapeutic and  
353 case management services provided by (a) an approved regional  
354 mental health/retardation center established under Sections

355 41-19-31 through 41-19-39, or by another community mental health  
356 service provider meeting the requirements of the Department of  
357 Mental Health to be an approved mental health/retardation center  
358 if determined necessary by the Department of Mental Health, using  
359 state funds which are provided from the appropriation to the State  
360 Department of Mental Health and used to match federal funds under  
361 a cooperative agreement between the division and the department,  
362 or (b) a facility which is certified by the State Department of  
363 Mental Health to provide therapeutic and case management services,  
364 to be reimbursed on a fee for service basis. Any such services  
365 provided by a facility described in paragraph (b) must have the  
366 prior approval of the division to be reimbursable under this  
367 section. After June 30, 1997, mental health services provided by  
368 regional mental health/retardation centers established under  
369 Sections 41-19-31 through 41-19-39, or by hospitals as defined in  
370 Section 41-9-3(a) and/or their subsidiaries and divisions, or by  
371 psychiatric residential treatment facilities as defined in Section  
372 43-11-1, or by another community mental health service provider  
373 meeting the requirements of the Department of Mental Health to be  
374 an approved mental health/retardation center if determined  
375 necessary by the Department of Mental Health, shall not be  
376 included in or provided under any capitated managed care pilot  
377 program provided for under paragraph (24) of this section.

378 (17) Durable medical equipment services and medical  
379 supplies. Precertification of durable medical equipment and  
380 medical supplies must be obtained as required by the division.  
381 The Division of Medicaid may require durable medical equipment  
382 providers to obtain a surety bond in the amount and to the  
383 specifications as established by the Balanced Budget Act of 1997.

384 (18) (a) Notwithstanding any other provision of this  
385 section to the contrary, the division shall make additional  
386 reimbursement to hospitals which serve a disproportionate share of  
387 low-income patients and which meet the federal requirements for

388 such payments as provided in Section 1923 of the federal Social  
389 Security Act and any applicable regulations. However, from and  
390 after January 1, 2000, no public hospital shall participate in the  
391 Medicaid disproportionate share program unless the public hospital  
392 participates in an intergovernmental transfer program as provided  
393 in Section 1903 of the federal Social Security Act and any  
394 applicable regulations. Administration and support for  
395 participating hospitals shall be provided by the Mississippi  
396 Hospital Association.

397 (b) The division shall establish a Medicare Upper  
398 Payment Limits Program as defined in Section 1902 (a) (30) of the  
399 federal Social Security Act and any applicable federal  
400 regulations. The division shall assess each hospital for the sole  
401 purpose of financing the state portion of the Medicare Upper  
402 Payment Limits Program. This assessment shall be based on  
403 Medicaid utilization, or other appropriate method consistent with  
404 federal regulations, and will remain in effect as long as the  
405 state participates in the Medicare Upper Payment Limits Program.  
406 The division shall make additional reimbursement to hospitals for  
407 the Medicare Upper Payment Limits as defined in Section 1902 (a)  
408 (30) of the federal Social Security Act and any applicable federal  
409 regulations. This paragraph (b) shall stand repealed from and  
410 after July 1, 2005.

411 (c) The division shall contract with the  
412 Mississippi Hospital Association to provide administrative support  
413 for the operation of the disproportionate share hospital program  
414 and the Medicare Upper Payment Limits Program. This paragraph (c)  
415 shall stand repealed from and after July 1, 2005.

416 (19) (a) Perinatal risk management services. The  
417 division shall promulgate regulations to be effective from and  
418 after October 1, 1988, to establish a comprehensive perinatal  
419 system for risk assessment of all pregnant and infant Medicaid  
420 recipients and for management, education and follow-up for those

421 who are determined to be at risk. Services to be performed  
422 include case management, nutrition assessment/counseling,  
423 psychosocial assessment/counseling and health education. The  
424 division shall set reimbursement rates for providers in
