SENATE BILL NO. 3221

AN ACT TO AMEND SECTIONS 43-13-107, 43-13-116 AND 43-13-117, MISSISSIPPI CODE OF 1972, TO PROVIDE FOR THE APPOINTMENT OF A JOINT LEGISLATIVE COMMITTEE THAT WILL MEET WITH THE EXECUTIVE DIRECTOR OF THE DIVISION OF MEDICAID TO DEVELOP A STRATEGY FOR ADDRESSING THE GROWING COSTS OF THE MEDICAID PROGRAM; TO REQUIRE THE DIVISION OF MEDICAID TO VERIFY THE ELIGIBILITY OF APPLICANTS FOR AND RECIPIENTS OF MEDICAID; TO PROVIDE THAT NO PERSON SHALL BE ELIGIBLE FOR MEDICAID SERVICES WHO HAS NOT REQUALIFIED FOR SERVICES; TO DELETE THE EXEMPTION ON COPAYMENTS FOR NONEMERGENCY TRANSPORTATION SERVICES; TO PROVIDE THE GOVERNOR AND THE EXECUTIVE DIRECTOR OF THE DIVISION OF MEDICAID WITH MORE FLEXIBILITY TO ADMINISTER THE MEDICAID PROGRAM, BY AUTHORIZING THE DIVISION TO ESTABLISH THE TYPES OF CARE AND SERVICES TO BE AVAILABLE TO ELIGIBLE APPLICANTS FOR AND RECIPIENTS OF MEDICAID, WHICH INCLUDES DETERMINING THE QUANTITY OR FREQUENCY OF USE OF SERVICES, CHARGES FOR SERVICES AND THE SETTING OF PROVIDER REIMBURSEMENT RATES; TO AMEND SECTION 41-86-15, MISSISSIPPI CODE OF 1972, TO DELETE THE PRESUMPTIVE ELIGIBILITY FOR CHILDREN FOR SERVICES UNDER THE CHIPS PROGRAM, AND TO REPEAL SECTION 43-13-115.1, MISSISSIPPI CODE OF 1972, WHICH PROVIDES FOR PRESumptive ELIGIBILITY FOR CHILDREN UNDER 19 YEARS OF AGE UNDER THE MEDICAID PROGRAM; AND FOR RELATED PURPOSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. Section 43-13-107, Mississippi Code of 1972, as amended by House Bill No. 1200, 2002 Regular Session, is amended as follows:

43-13-107. (1) The Division of Medicaid is created in the Office of the Governor and established to administer this article and perform such other duties as are prescribed by law.

(2) (a) The Governor shall appoint a full-time executive director, with the advice and consent of the Senate, who shall be either (i) a physician with administrative experience in a medical care or health program, or (ii) a person holding a graduate degree in medical care administration, public health, hospital administration, or the equivalent, or (iii) a person holding a bachelor's degree in business administration or hospital administration, with at least ten (10) years' experience in
management-level administration of Medicaid programs, and who shall serve at the will and pleasure of the Governor. The executive director shall be the official secretary and legal custodian of the records of the division; shall be the agent of the division for the purpose of receiving all service of process, summons and notices directed to the division; and shall perform such other duties as the Governor may prescribe from time to time.

(b) The executive director, with the approval of the Governor and subject to the rules and regulations of the State Personnel Board, shall employ such professional, administrative, stenographic, secretarial, clerical and technical assistance as may be necessary to perform the duties required in administering this article and fix the compensation therefor, all in accordance with a state merit system meeting federal requirements when the salary of the executive director is not set by law, that salary shall be set by the State Personnel Board. No employees of the Division of Medicaid shall be considered to be staff members of the immediate Office of the Governor; however, the provisions of Section 25-9-107(c)(xv) shall apply to the executive director and other administrative heads of the division.

(3) (a) There is established a Medical Care Advisory Committee, which shall be the committee that is required by federal regulation to advise the Division of Medicaid about health and medical care services.

(b) The advisory committee shall consist of not less than eleven (11) members, as follows:

(i) The Governor shall appoint five (5) members, one (1) from each congressional district as presently constituted;

(ii) The Lieutenant Governor shall appoint three (3) members, one (1) from each Supreme Court district;

(iii) The Speaker of the House of Representatives shall appoint three (3) members, one (1) from each Supreme Court district.
All members appointed under this paragraph shall either be health care providers or consumers of health care services. One (1) member appointed by each of the appointing authorities shall be a board certified physician.

(c) The respective chairmen of the House Public Health and Welfare Committee, the House Appropriations Committee, the Senate Public Health and Welfare Committee and the Senate Appropriations Committee, or their designees, one (1) member of the State Senate appointed by the Lieutenant Governor and one (1) member of the House of Representatives appointed by the Speaker of the House, shall serve as ex officio nonvoting members of the advisory committee.

(d) In addition to the committee members required by paragraph (b), the advisory committee shall consist of such other members as are necessary to meet the requirements of the federal regulation applicable to the advisory committee, who shall be appointed as provided in the federal regulation.

(e) The chairmanship of the advisory committee shall alternate for twelve-month periods between the chairmen of the House and Senate Public Health and Welfare Committees, with the Chairman of the House Public Health and Welfare Committee serving as the first chairman.

(f) The members of the advisory committee specified in paragraph (b) shall serve for terms that are concurrent with the terms of members of the Legislature, and any member appointed under paragraph (b) may be reappointed to the advisory committee. The members of the advisory committee specified in paragraph (b) shall serve without compensation, but shall receive reimbursement to defray actual expenses incurred in the performance of committee business as authorized by law. Legislators shall receive per diem and expenses which may be paid from the contingent expense funds of their respective houses in the same amounts as provided for committee meetings when the Legislature is not in session.
(g) The advisory committee shall meet not less than quarterly, and advisory committee members shall be furnished written notice of the meetings at least ten (10) days before the date of the meeting.

(h) The executive director shall submit to the advisory committee all amendments, modifications and changes to the state plan for the operation of the Medicaid program, for review by the advisory committee before the amendments, modifications or changes may be implemented by the division.

(i) The advisory committee, among its duties and responsibilities, shall:

   (i) Advise the division with respect to amendments, modifications and changes to the state plan for the operation of the Medicaid program;

   (ii) Advise the division with respect to issues concerning receipt and disbursement of funds and eligibility for Medicaid;

   (iii) Advise the division with respect to determining the quantity, quality and extent of medical care provided under this article;

   (iv) Communicate the views of the medical care professions to the division and communicate the views of the division to the medical care professions;

   (v) Gather information on reasons that medical care providers do not participate in the Medicaid program and changes that could be made in the program to encourage more providers to participate in the Medicaid program, and advise the division with respect to encouraging physicians and other medical care providers to participate in the Medicaid program;

   (vi) Provide a written report on or before November 30 of each year to the Governor, Lieutenant Governor and Speaker of the House of Representatives.
(4) (a) There is established a Drug Use Review Board, which shall be the board that is required by federal law to:

(i) Review and initiate retrospective drug use, review including ongoing periodic examination of claims data and other records in order to identify patterns of fraud, abuse, gross overuse, or inappropriate or medically unnecessary care, among physicians, pharmacists and individuals receiving Medicaid benefits or associated with specific drugs or groups of drugs.

(ii) Review and initiate ongoing interventions for physicians and pharmacists, targeted toward therapy problems or individuals identified in the course of retrospective drug use reviews.

(iii) On an ongoing basis, assess data on drug use against explicit predetermined standards using the compendia and literature set forth in federal law and regulations.

(b) The board shall consist of not less than twelve members appointed by the Governor or his designee.

(c) The board shall meet at least quarterly, and board members shall be furnished written notice of the meetings at least ten (10) days before the date of the meeting.

(d) The board meetings shall be open to the public, members of the press, legislators and consumers. Additionally, all documents provided to board members shall be available to members of the Legislature in the same manner, and shall be made available to others for a reasonable fee for copying. However, patient confidentiality and provider confidentiality shall be protected by blinding patient names and provider names with numerical or other anonymous identifiers. The board meetings shall be subject to the Open Meetings Act (Section 25-41-1 et seq.). Board meetings conducted in violation of this section shall be deemed unlawful.
(5) (a) There is established a Pharmacy and Therapeutics Committee, which shall be appointed by the Governor or his designee.

(b) The committee shall meet at least quarterly, and committee members shall be furnished written notice of the meetings at least ten (10) days before the date of the meeting.

(c) The committee meetings shall be open to the public, members of the press, legislators and consumers. Additionally, all documents provided to committee members shall be available to members of the Legislature in the same manner, and shall be made available to others for a reasonable fee for copying. However, patient confidentiality and provider confidentiality shall be protected by blinding patient names and provider names with numerical or other anonymous identifiers. The committee meetings shall be subject to the Open Meetings Act (Section 25-41-1 et seq.). Committee meetings conducted in violation of this section shall be deemed unlawful.

(d) After a thirty-day public notice, the executive director or his or her designee shall present the division's recommendation regarding prior approval for a therapeutic class of drugs to the committee.

(e) Upon reviewing the information and recommendations, the committee shall forward a written recommendation approved by a majority of the committee to the executive director or his or her designee. The decisions of the committee regarding any limitations to be imposed on any drug or its use for a specified indication shall be based on sound clinical evidence found in labeling, drug compendia, and peer reviewed clinical literature pertaining to use of the drug in the relevant population.

(f) Upon reviewing and considering all recommendations including recommendation of the committee, comments, and data, the executive director shall make a final determination whether to require prior approval of a therapeutic class of drugs, or modify
existing prior approval requirements for a therapeutic class of
drugs.

(g) At least thirty (30) days before the executive
director implements new or amended prior authorization decisions,
written notice of the executive director's decision shall be
provided to all prescribing Medicaid providers, all Medicaid
enrolled pharmacies, and any other party who has requested the
notification. However, notice given under Section 25-43-7(1) will
substitute for and meet the requirement for notice under this
subsection.

(6) (a) The Speaker of the House of Representatives and the
Lieutenant Governor shall appoint a joint legislative committee to
meet with the Executive Director of the Division of Medicaid for
the purpose of developing a sound strategy for addressing the
increasing costs of the Medicaid program and for receiving monthly
reports from the division regarding the level of expenditures in
the program to date. The goal of the strategy shall be to ensure
that the division will be able to administer the program within
the amount of appropriated funds and avoid large deficits before
the end of the fiscal year, while being as fair and equitable as
possible to the recipients and providers of Medicaid services.

(b) The committee shall consist of the Chairmen of the
Public Health and Welfare Committees of the House and Senate, the
Chairmen of the Appropriations Committees of the House and Senate,
and such other members of the House as may be appointed by the
Speaker, and such other members of the Senate as may be appointed
by the Lieutenant Governor. The appointed members of the
committee shall be appointed not later than seven (7) days after
the effective date of Senate Bill No. 3221, 2002 Regular Session.

(c) This subsection shall stand repealed on July 1,
2003.

(7) This section shall stand repealed on July 1, 2004.
SECTION 2. Section 43-13-116, Mississippi Code of 1972, is amended as follows:

43-13-116. (1) *** The Division of Medicaid shall fully implement and carry out the administrative functions of determining the eligibility of those persons who qualify for Medicaid under Section 43-13-115. The division shall verify the eligibility of applicants for and recipients of Medicaid services in cases where the determination of eligibility is being made by another agency or is being made on the basis of information provided by another agency or entity. No person shall be eligible for Medicaid services who has attained the age of twenty-one (21) and has not attained the age of fifty-nine (59) who has not requalified for Medicaid services on or before June 30, 2003, except for persons who have been determined to be disabled for purposes of federal social security disability payments or are otherwise specifically exempt by federal statute or regulation.

(2) In determining Medicaid eligibility, the Division of Medicaid may enter into an agreement with the Secretary of the Department of Health and Human Services for the purpose of securing the transfer of eligibility information from the Social Security Administration on those individuals receiving Supplemental Security Income (SSI) benefits under the federal Social Security Act and any other information necessary in determining Medicaid eligibility. In addition, the Division of Medicaid may enter into contractual arrangements with its fiscal agent or with the State Department of Human Services in securing electronic data processing support as may be necessary.

(3) Administrative hearings shall be available to any applicant who requests it because his or her claim of eligibility for services is denied or is not acted upon with reasonable promptness or by any recipient who requests it because he or she believes the agency has erroneously taken action to deny, reduce, or terminate benefits. The agency need not grant a hearing if the
sole issue is a federal or state law requiring an automatic change adversely affecting some or all recipients. Eligibility determinations that are made by other agencies and certified to the Division of Medicaid under Section 43-13-115 are not subject to the administrative hearing procedures of the Division of Medicaid, but are subject to the administrative hearing procedures of the agency that determined eligibility.

(a) A request may be made either for a local regional office hearing or a state office hearing when the local regional office has made the initial decision that the claimant seeks to appeal or when the regional office has not acted with reasonable promptness in making a decision on a claim for eligibility or services. The only exception to requesting a local hearing is when the issue under appeal involves either (i) a disability or blindness denial, or termination, or (ii) a level of care denial or termination for a disabled child living at home. An appeal involving disability, blindness or level of care must be handled as a state level hearing. The decision from the local hearing may be appealed to the state office for a state hearing. A decision to deny, reduce or terminate benefits that is initially made at the state office may be appealed by requesting a state hearing.

(b) A request for a hearing, either state or local, must be made in writing by the claimant or claimant's legal representative. "Legal representative" includes the claimant's authorized representative, an attorney retained by the claimant or claimant's family to represent the claimant, a paralegal representative with a legal aid services, a parent of a minor child if the claimant is a child, a legal guardian or conservator or an individual with power of attorney for the claimant. The claimant may also be represented by anyone that he or she so designates but must give the designation to the Medicaid regional office or state office in writing, if the person is not the legal representative, legal guardian, or authorized representative.
(c) The claimant may make a request for a hearing in person at the regional office but an oral request must be put into written form. Regional office staff will determine from the claimant if a local or state hearing is requested and assist the claimant in completing and signing the appropriate form. Regional office staff may forward a state hearing request to the appropriate division in the state office or the claimant may mail the form to the address listed on the form. The claimant may make a written request for a hearing by letter. A simple statement requesting a hearing that is signed by the claimant or legal representative is sufficient; however, if possible, the claimant should state the reason for the request. The letter may be mailed to the regional office or it may be mailed to the state office. If the letter does not specify the type of hearing desired, local or state, Medicaid staff will attempt to contact the claimant to determine the level of hearing desired. If contact cannot be made within three (3) days of receipt of the request, the request will be assumed to be for a local hearing and scheduled accordingly. A hearing will not be scheduled until either a letter or the appropriate form is received by the regional or state office.

(d) When both members of a couple wish to appeal an action or inaction by the agency that affects both applications or cases similarly and arose from the same issue, one or both may file the request for hearing, both may present evidence at the hearing, and the agency's decision will be applicable to both. If both file a request for hearing, two (2) hearings will be registered but they will be conducted on the same day and in the same place, either consecutively or jointly, as the couple wishes. If they so desire, only one of the couple need attend the hearing.

(e) The procedure for administrative hearings shall be as follows:

(i) The claimant has thirty (30) days from the date the agency mails the appropriate notice to the claimant of
its decision regarding eligibility, services, or benefits to request either a state or local hearing. This time period may be extended if the claimant can show good cause for not filing within thirty (30) days. Good cause includes, but may not be limited to, illness, failure to receive the notice, being out of state, or some other reasonable explanation. If good cause can be shown, a late request may be accepted provided the facts in the case remain the same. If a claimant's circumstances have changed or if good cause for filing a request beyond thirty (30) days is not shown, a hearing request will not be accepted. If the claimant wishes to have eligibility reconsidered, he or she may reapply.

(ii) If a claimant or representative requests a hearing in writing during the advance notice period before benefits are reduced or terminated, benefits must be continued or reinstated to the benefit level in effect before the effective date of the adverse action. Benefits will continue at the original level until the final hearing decision is rendered. Any hearing requested after the advance notice period will not be accepted as a timely request in order for continuation of benefits to apply.

(iii) Upon receipt of a written request for a hearing, the request will be acknowledged in writing within twenty (20) days and a hearing scheduled. The claimant or representative will be given at least five (5) days' advance notice of the hearing date. The local and/or state level hearings will be held by telephone unless, at the hearing officer's discretion, it is determined that an in-person hearing is necessary. If a local hearing is requested, the regional office will notify the claimant or representative in writing of the time of the local hearing. If a state hearing is requested, the state office will notify the claimant or representative in writing of the time of the state hearing. If an in-person hearing is necessary, local hearings will be held at the regional office and state hearings will be...
held at the state office unless other arrangements are
necessitated by the claimant's inability to travel.

(iv) All persons attending a hearing will attend
for the purpose of giving information on behalf of the claimant or
rendering the claimant assistance in some other way, or for the
purpose of representing the Division of Medicaid.

(v) A state or local hearing request may be
withdrawn at any time before the scheduled hearing, or after the
hearing is held but before a decision is rendered. The withdrawal
must be in writing and signed by the claimant or representative.
A hearing request will be considered abandoned if the claimant or
representative fails to appear at a scheduled hearing without good
cause. If no one appears for a hearing, the appropriate office
will notify the claimant in writing that the hearing is dismissed
unless good cause is shown for not attending. The proposed agency
action will be taken on the case following failure to appear for a
hearing if the action has not already been effected.

(vi) The claimant or his representative has the
following rights in connection with a local or state hearing:

(A) The right to examine at a reasonable time
before the date of the hearing and during the hearing the content
of the claimant's case record;

(B) The right to have legal representation at
the hearing and to bring witnesses;

(C) The right to produce documentary evidence
and establish all facts and circumstances concerning eligibility,
services, or benefits;

(D) The right to present an argument without
undue interference;

(E) The right to question or refute any
testimony or evidence including an opportunity to confront and
cross-examine adverse witnesses.
(vii) When a request for a local hearing is received by the regional office or if the regional office is notified by the state office that a local hearing has been requested, the Medicaid specialist supervisor in the regional office will review the case record, reexamine the action taken on the case, and determine if policy and procedures have been followed. If any adjustments or corrections should be made, the Medicaid specialist supervisor will ensure that corrective action is taken. If the request for hearing was timely made such that continuation of benefits applies, the Medicaid specialist supervisor will ensure that benefits continue at the level before the proposed adverse action that is the subject of the appeal. The Medicaid specialist supervisor will also ensure that all needed information, verification, and evidence is in the case record for the hearing.

(viii) When a state hearing is requested that appeals the action or inaction of a regional office, the regional office will prepare copies of the case record and forward it to the appropriate division in the state office no later than five (5) days after receipt of the request for a state hearing. The original case record will remain in the regional office. Either the original case record in the regional office or the copy forwarded to the state office will be available for inspection by the claimant or claimant's representative a reasonable time before the date of the hearing.

(ix) The Medicaid specialist supervisor will serve as the hearing officer for a local hearing unless the Medicaid specialist supervisor actually participated in the eligibility, benefits, or services decision under appeal, in which case the Medicaid specialist supervisor must appoint a Medicaid specialist in the regional office who did not actually participate in the decision under appeal to serve as hearing officer. The local hearing will be an informal proceeding in which the claimant or
representative may present new or additional information, may
question the action taken on the client's case, and will hear an
explanation from agency staff as to the regulations and
requirements that were applied to claimant's case in making the
decision.

(x) After the hearing, the hearing officer will
prepare a written summary of the hearing procedure and file it
with the case record. The hearing officer will consider the facts
presented at the local hearing in reaching a decision. The
claimant will be notified of the local hearing decision on the
appropriate form that will state clearly the reason for the
decision, the policy that governs the decision, the claimant's
right to appeal the decision to the state office, and, if the
original adverse action is upheld, the new effective date of the
reduction or termination of benefits or services if continuation
of benefits applied during the hearing process. The new effective
date of the reduction or termination of benefits or services must
be at the end of the fifteen-day advance notice period from the
mailing date of the notice of hearing decision. The notice to
claimant will be made part of the case record.

(xi) The claimant has the right to appeal a local
hearing decision by requesting a state hearing in writing within
fifteen (15) days of the mailing date of the notice of local
hearing decision. The state hearing request should be made to the
regional office. If benefits have been continued pending the
local hearing process, then benefits will continue throughout the
fifteen-day advance notice period for an adverse local hearing
decision. If a state hearing is timely requested within the
fifteen-day period, then benefits will continue pending the state
hearing process. State hearings requested after the fifteen-day
local hearing advance notice period will not be accepted unless
the initial thirty-day period for filing a hearing request has not
expired because the local hearing was held early, in which case a
state hearing request will be accepted as timely within the number of days remaining of the unexpired initial thirty-day period in addition to the fifteen-day time period. Continuation of benefits during the state hearing process, however, will only apply if the state hearing request is received within the fifteen-day advance notice period.

(xii) When a request for a state hearing is received in the regional office, the request will be made part of the case record and the regional office will prepare the case record and forward it to the appropriate division in the state office within five (5) days of receipt of the state hearing request. A request for a state hearing received in the state office will be forwarded to the regional office for inclusion in the case record and the regional office will prepare the case record and forward it to the appropriate division in the state office within five (5) days of receipt of the state hearing request.

(xiii) Upon receipt of the hearing record, an impartial hearing officer will be assigned to hear the case either by the Executive Director of the Division of Medicaid or his or her designee. Hearing officers will be individuals with appropriate expertise employed by the division and who have not been involved in any way with the action or decision on appeal in the case. The hearing officer will review the case record and if the review shows that an error was made in the action of the agency or in the interpretation of policy, or that a change of policy has been made, the hearing officer will discuss these matters with the appropriate agency personnel and request that an appropriate adjustment be made. Appropriate agency personnel will discuss the matter with the claimant and if the claimant is agreeable to the adjustment of the claim, then agency personnel will request in writing dismissal of the hearing and the reason therefor, to be placed in the case record. If the hearing is to
go forward, it shall be scheduled by the hearing officer in the
manner set forth in subparagraph (iii) of this paragraph (e).

(xiv) In conducting the hearing, the state hearing
officer will inform those present of the following:

(A) That the hearing will be recorded on tape
and that a transcript of the proceedings will be typed for the
record;

(B) The action taken by the agency which
prompted the appeal;

(C) An explanation of the claimant's rights
during the hearing as outlined in subparagraph (vi) of this
paragraph (e);

(D) That the purpose of the hearing is for
the claimant to express dissatisfaction and present additional
information or evidence;

(E) That the case record is available for
review by the claimant or representative during the hearing;

(F) That the final hearing decision will be
rendered by the Executive Director of the Division of Medicaid on
the basis of facts presented at the hearing and the case record
and that the claimant will be notified by letter of the final
decision.

(xv) During the hearing, the claimant and/or
representative will be allowed an opportunity to make a full
statement concerning the appeal and will be assisted, if
necessary, in disclosing all information on which the claim is
based. All persons representing the claimant and those
representing the Division of Medicaid will have the opportunity to
state all facts pertinent to the appeal. The hearing officer may
recess or continue the hearing for a reasonable time should
additional information or facts be required or if some change in
the claimant's circumstances occurs during the hearing process
which impacts the appeal. When all information has been
presented, the hearing officer will close the hearing and stop the
recorder.

(xvi) Immediately following the hearing the
hearing tape will be transcribed and a copy of the transcription
forwarded to the regional office for filing in the case record.
As soon as possible, the hearing officer shall review the evidence
and record of the proceedings, testimony, exhibits, and other
supporting documents, prepare a written summary of the facts as
the hearing officer finds them, and prepare a written
recommendation of action to be taken by the agency, citing
appropriate policy and regulations that govern the recommendation.
The decision cannot be based on any material, oral or written, not
available to the claimant before or during the hearing. The
hearing officer’s recommendation will become part of the case
record which will be submitted to the Executive Director of the
Division of Medicaid for further review and decision.

(xvii) The Executive Director of the Division of
Medicaid, upon review of the recommendation, proceedings and the
record, may sustain the recommendation of the hearing officer,
reject the same, or remand the matter to the hearing officer to
take additional testimony and evidence, in which case, the hearing
officer thereafter shall submit to the executive director a new
recommendation. The executive director shall prepare a written
decision summarizing the facts and identifying policies and
regulations that support the decision, which shall be mailed to
the claimant and the representative, with a copy to the regional
office if appropriate, as soon as possible after submission of a
recommendation by the hearing officer. The decision notice will
specify any action to be taken by the agency, specify any revised
eligibility dates or, if continuation of benefits applies, will
notify the claimant of the new effective date of reduction or
termination of benefits or services, which will be fifteen (15)
days from the mailing date of the notice of decision. The
decision rendered by the Executive Director of the Division of Medicaid is final and binding. The claimant is entitled to seek judicial review in a court of proper jurisdiction.

(xviii) The Division of Medicaid must take final administrative action on a hearing, whether state or local, within ninety (90) days from the date of the initial request for a hearing.

(xix) A group hearing may be held for a number of claimants under the following circumstances:

(A) The Division of Medicaid may consolidate the cases and conduct a single group hearing when the only issue involved is one (1) of a single law or agency policy;

(B) The claimants may request a group hearing when there is one (1) issue of agency policy common to all of them.

In all group hearings, whether initiated by the Division of Medicaid or by the claimants, the policies governing fair hearings must be followed. Each claimant in a group hearing must be permitted to present his or her own case and be represented by his or her own representative, or to withdraw from the group hearing and have his or her appeal heard individually. As in individual hearings, the hearing will be conducted only on the issue being appealed, and each claimant will be expected to keep individual testimony within a reasonable time frame as a matter of consideration to the other claimants involved.

(xx) Any specific matter necessitating an administrative hearing not otherwise provided under this article or agency policy shall be afforded under the hearing procedures as outlined above. If the specific time frames of such a unique matter relating to requesting, granting, and concluding of the hearing is contrary to the time frames as set out in the hearing procedures above, the specific time frames will govern over the time frames as set out within these procedures.
(4) The Executive Director of the Division of Medicaid, with the approval of the Governor, shall be authorized to employ eligibility, technical, clerical and supportive staff as may be required in carrying out and fully implementing the determination of Medicaid eligibility, including conducting quality control reviews and the investigation of the improper receipt of Medicaid. Staffing needs will be set forth in the annual appropriation act for the division. Additional office space as needed in performing eligibility, quality control and investigative functions shall be obtained by the division.

SECTION 3. Section 43-13-117, Mississippi Code of 1972, as amended by House Bill No. 1200, Senate Bill No. 3060 and Senate Bill No. 2189, 2002 Regular Session, is amended as follows:

43-13-117. Medicaid as authorized by this article shall include payment of part or all of the costs, at the discretion of the division or its successor, with approval of the Governor, of the following types of care and services rendered to eligible applicants who have been determined to be eligible for that care and services, within the limits of state appropriations and federal matching funds:

(1) Inpatient hospital services.
   (a) The division shall allow thirty (30) days of inpatient hospital care annually for all Medicaid recipients. Precertification of inpatient days must be obtained as required by the division. The division may allow unlimited days in disproportionate hospitals as defined by the division for eligible infants under the age of six (6) years if certified as medically necessary as required by the division.
   (b) From and after July 1, 1994, the Executive Director of the Division of Medicaid shall amend the Mississippi Title XIX Inpatient Hospital Reimbursement Plan to remove the occupancy rate penalty from the calculation of the Medicaid
Capital Cost Component utilized to determine total hospital costs allocated to the Medicaid program.

(c) Hospitals will receive an additional payment for the implantable programmable baclofen drug pump used to treat spasticity which is implanted on an inpatient basis. The payment pursuant to written invoice will be in addition to the facility's per diem reimbursement and will represent a reduction of costs on the facility's annual cost report, and shall not exceed Ten Thousand Dollars ($10,000.00) per year per recipient. This paragraph (c) shall stand repealed on July 1, 2005.

(2) Outpatient hospital services. Where the same services are reimbursed as clinic services, the division may revise the rate or methodology of outpatient reimbursement to maintain consistency, efficiency, economy and quality of care.

(3) Laboratory and x-ray services.

(4) Nursing facility services.

(a) The division shall make full payment to nursing facilities for each day, not exceeding fifty-two (52) days per year, that a patient is absent from the facility on home leave. Payment may be made for the following home leave days in addition to the fifty-two-day limitation: Christmas, the day before Christmas, the day after Christmas, Thanksgiving, the day before Thanksgiving, and the day after Thanksgiving.

(b) From and after July 1, 1997, the division shall implement the integrated case-mix payment and quality monitoring system, which includes the fair rental system for property costs and in which recapture of depreciation is eliminated. The division may reduce the payment for hospital leave and therapeutic home leave days to the lower of the case-mix category as computed for the resident on leave using the assessment being utilized for payment at that point in time, or a case-mix score of 1.000 for nursing facilities, and shall compute case-mix scores of residents so that only services provided at the...
nursing facility are considered in calculating a facility's per

diem.

During the period between May 1, 2002, and December 1, 2002,
the Chairmen of the Public Health and Welfare Committees of the
Senate and the House of Representatives may appoint a joint study
committee to consider the issue of setting uniform reimbursement
rates for nursing facilities. The study committee will consist of
the Chairmen of the Public Health and Welfare Committees, three
(3) members of the Senate and three (3) members of the House. The
study committee shall complete its work in not more than three (3)
meetings.

(c) From and after July 1, 1997, all state-owned
nursing facilities shall be reimbursed on a full reasonable cost
basis.

(d) When a facility of a category that does not
require a certificate of need for construction and that could not
be eligible for Medicaid reimbursement is constructed to nursing
facility specifications for licensure and certification, and the
facility is subsequently converted to a nursing facility under a
certificate of need that authorizes conversion only and the
applicant for the certificate of need was assessed an application
review fee based on capital expenditures incurred in constructing
the facility, the division shall allow reimbursement for capital
expenditures necessary for construction of the facility that were
incurred within the twenty-four (24) consecutive calendar months
immediately preceding the date that the certificate of need
authorizing the conversion was issued, to the same extent that
reimbursement would be allowed for construction of a new nursing
facility under a certificate of need that authorizes that
construction. The reimbursement authorized in this subparagraph
(d) may be made only to facilities the construction of which was
completed after June 30, 1989. Before the division shall be
authorized to make the reimbursement authorized in this
subparagraph (d), the division first must have received approval from the Health Care Financing Administration of the United States Department of Health and Human Services of the change in the state Medicaid plan providing for the reimbursement.

(e) The division shall develop and implement, not later than January 1, 2001, a case-mix payment add-on determined by time studies and other valid statistical data that will reimburse a nursing facility for the additional cost of caring for a resident who has a diagnosis of Alzheimer's or other related dementia and exhibits symptoms that require special care. Any such case-mix add-on payment shall be supported by a determination of additional cost. The division shall also develop and implement as part of the fair rental reimbursement system for nursing facility beds, an Alzheimer's resident bed depreciation enhanced reimbursement system that will provide an incentive to encourage nursing facilities to convert or construct beds for residents with Alzheimer's or other related dementia.

(f) The Division of Medicaid shall develop and implement a referral process for long-term care alternatives for Medicaid beneficiaries and applicants. No Medicaid beneficiary shall be admitted to a Medicaid-certified nursing facility unless a licensed physician certifies that nursing facility care is appropriate for that person on a standardized form to be prepared and provided to nursing facilities by the Division of Medicaid. The physician shall forward a copy of that certification to the Division of Medicaid within twenty-four (24) hours after it is signed by the physician. Any physician who fails to forward the certification to the Division of Medicaid within the time period specified in this paragraph shall be ineligible for Medicaid reimbursement for any physician's services performed for the applicant. The Division of Medicaid shall determine, through an assessment of the applicant conducted within two (2) business days after receipt of the physician's certification, whether the
applicant also could live appropriately and cost-effectively at
home or in some other community-based setting if home- or
community-based services were available to the applicant. The
time limitation prescribed in this paragraph shall be waived in
cases of emergency. If the Division of Medicaid determines that a
home- or other community-based setting is appropriate and
cost-effective, the division shall:

(i) Advise the applicant or the applicant's
legal representative that a home- or other community-based setting
is appropriate;

(ii) Provide a proposed care plan and inform
the applicant or the applicant's legal representative regarding
the degree to which the services in the care plan are available in
a home- or in other community-based setting rather than nursing
facility care; and

(iii) Explain that the plan and services are
available only if the applicant or the applicant's legal
representative chooses a home- or community-based alternative to
nursing facility care, and that the applicant is free to choose
nursing facility care.

The Division of Medicaid may provide the services described
in this paragraph (f) directly or through contract with case
managers from the local Area Agencies on Aging, and shall
coordinate long-term care alternatives to avoid duplication with
hospital discharge planning procedures.

Placement in a nursing facility may not be denied by the
division if home- or community-based services that would be more
appropriate than nursing facility care are not actually available,
or if the applicant chooses not to receive the appropriate home-
or community-based services.

The division shall provide an opportunity for a fair hearing
under federal regulations to any applicant who is not given the
choice of home- or community-based services as an alternative to institutional care.

The division shall make full payment for long-term care alternative services.

The division shall apply for necessary federal waivers to assure that additional services providing alternatives to nursing facility care are made available to applicants for nursing facility care.

(5) Periodic screening and diagnostic services for individuals under age twenty-one (21) years as are needed to identify physical and mental defects and to provide health care treatment and other measures designed to correct or ameliorate defects and physical and mental illness and conditions discovered by the screening services regardless of whether these services are included in the state plan. The division may include in its periodic screening and diagnostic program those discretionary services authorized under the federal regulations adopted to implement Title XIX of the federal Social Security Act, as amended. The division, in obtaining physical therapy services, occupational therapy services, and services for individuals with speech, hearing and language disorders, may enter into a cooperative agreement with the State Department of Education for the provision of those services to handicapped students by public school districts using state funds that are provided from the appropriation to the Department of Education to obtain federal matching funds through the division. The division, in obtaining medical and psychological evaluations for children in the custody of the State Department of Human Services may enter into a cooperative agreement with the State Department of Human Services for the provision of those services using state funds that are provided from the appropriation to the Department of Human Services to obtain federal matching funds through the division.
(6) Physician's services. The division shall allow twelve (12) physician visits annually. All fees for physicians' services that are covered only by Medicaid shall be reimbursed at ninety percent (90%) of the rate established on January 1, 1999, and as adjusted each January thereafter, under Medicare (Title XVIII of the Social Security Act, as amended), and which shall in no event be less than seventy percent (70%) of the rate established on January 1, 1994. All fees for physicians' services that are covered by both Medicare and Medicaid shall be reimbursed at ten percent (10%) of the adjusted Medicare payment established on January 1, 1999, and as adjusted each January thereafter, under Medicare (Title XVIII of the Social Security Act, as amended), and which shall in no event be less than seventy percent (70%) of the adjusted Medicare payment established on January 1, 1994.

(7) (a) Home health services for eligible persons, not to exceed in cost the prevailing cost of nursing facility services, not to exceed sixty (60) visits per year. All home health visits must be precertified as required by the division.

(b) Repealed.

(8) Emergency medical transportation services. On January 1, 1994, emergency medical transportation services shall be reimbursed at seventy percent (70%) of the rate established under Medicare (Title XVIII of the Social Security Act, as amended). "Emergency medical transportation services" shall mean, but shall not be limited to, the following services by a properly permitted ambulance operated by a properly licensed provider in accordance with the Emergency Medical Services Act of 1974 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids, (vi) disposable supplies, (vii) similar services.

(9) (a) Legend and other drugs as may be determined by the division. The division shall opt out of the federal drug rebate program and shall create a closed drug formulary as soon as
practicable after the effective date of Senate Bill No. 2189, 2002 Regular Session. Drugs included on the formulary will be those with the lowest and best price as determined through a bidding process. The division may implement a program of prior approval for drugs to the extent permitted by law. The division shall allow seven (7) prescriptions per month for each noninstitutionalized Medicaid recipient; however, after a noninstitutionalized or institutionalized recipient has received five (5) prescriptions in any month, each additional prescription during that month must have the prior approval of the division. The division shall not reimburse for any portion of a prescription that exceeds a thirty-four-day supply of the drug based on the daily dosage.

The dispensing fee for each new or refill prescription shall be Three Dollars and Ninety-one Cents ($3.91). The division shall develop and implement a program of payment for additional pharmacist services, with payment to be based on demonstrated savings, but in no case shall the total payment exceed twice the amount of the dispensing fee.

All claims for drugs for dually eligible Medicare/Medicaid beneficiaries that are paid for by Medicare must be submitted to Medicare for payment before they may be processed by the division's on-line payment system.

The division shall develop a pharmacy policy in which drugs in tamper-resistant packaging that are prescribed for a resident of a nursing facility but are not dispensed to the resident shall be returned to the pharmacy and not billed to Medicaid, in accordance with guidelines of the State Board of Pharmacy.

(b) Legend and other drugs as may be determined by the division. The division may implement a program of prior approval for drugs to the extent permitted by law. Payment by the division for covered multiple source drugs shall be limited to the lower of the upper limits established and published by the Centers
for Medicare and Medicaid Services (CMS) plus a dispensing fee, or the estimated acquisition cost (EAC) plus a dispensing fee, or the providers' usual and customary charge to the general public. The division shall allow seven (7) prescriptions per month for each noninstitutionalized Medicaid recipient; however, after a noninstitutionalized or institutionalized recipient has received five (5) prescriptions in any month, each additional prescription during that month must have the prior approval of the division. The division shall not reimburse for any portion of a prescription that exceeds a thirty-four-day supply of the drug based on the daily dosage.

Payment for other covered drugs, other than multiple source drugs with CMS upper limits, shall not exceed the lower of the estimated acquisition cost plus a dispensing fee or the providers' usual and customary charge to the general public.

Payment for nonlegend or over-the-counter drugs covered on the division's formulary shall be reimbursed at the lower of the division's estimated shelf price or the providers' usual and customary charge to the general public. No dispensing fee shall be paid.

The dispensing fee for each new or refill prescription shall be Three Dollars and Ninety-one Cents ($3.91).

The Medicaid provider shall not prescribe, the Medicaid pharmacy shall not bill, and the division shall not reimburse for name brand drugs if there are equally effective generic equivalents available and if the generic equivalents are the least expensive.

The division shall develop and implement a program of payment for additional pharmacist services, with payment to be based on demonstrated savings, but in no case shall the total payment exceed twice the amount of the dispensing fee.

All claims for drugs for dually eligible Medicare/Medicaid beneficiaries that are paid for by Medicare must be submitted to
Medicare for payment before they may be processed by the division's on-line payment system.

The division shall develop a pharmacy policy in which drugs in tamper-resistant packaging that are prescribed for a resident of a nursing facility but are not dispensed to the resident shall be returned to the pharmacy and not billed to Medicaid, in accordance with guidelines of the State Board of Pharmacy.

As used in this paragraph (9), "estimated acquisition cost" means twelve percent (12%) less than the average wholesale price for a drug.

(c) The division may operate the drug program under the provisions of subparagraph (b) until the closed drug formulary required by subparagraph (a) is established and implemented. Subparagraph (a) of this paragraph (9) shall stand repealed on July 1, 2003.

(10) Dental care that is an adjunct to treatment of an acute medical or surgical condition; services of oral surgeons and dentists in connection with surgery related to the jaw or any structure contiguous to the jaw or the reduction of any fracture of the jaw or any facial bone; and emergency dental extractions and treatment related thereto. On July 1, 1999, all fees for dental care and surgery under authority of this paragraph (10) shall be increased to one hundred sixty percent (160%) of the amount of the reimbursement rate that was in effect on June 30, 1999. It is the intent of the Legislature to encourage more dentists to participate in the Medicaid program.

(11) Eyeglasses for all Medicaid beneficiaries who have (a) had surgery on the eyeball or ocular muscle that results in a vision change for which eyeglasses or a change in eyeglasses is medically indicated within six (6) months of the surgery and is in accordance with policies established by the division, or (b) one (1) pair every five (5) years and in accordance with policies established by the division. In either instance, the eyeglasses
must be prescribed by a physician skilled in diseases of the eye
or an optometrist, whichever the beneficiary may select.

(12) Intermediate care facility services.

(a) The division shall make full payment to all
intermediate care facilities for the mentally retarded for each
day, not exceeding eighty-four (84) days per year, that a patient
is absent from the facility on home leave. Payment may be made
for the following home leave days in addition to the
eighty-four-day limitation: Christmas, the day before Christmas,
the day after Christmas, Thanksgiving, the day before Thanksgiving
and the day after Thanksgiving.

(b) All state-owned intermediate care facilities
for the mentally retarded shall be reimbursed on a full reasonable
cost basis.

(13) Family planning services, including drugs,
supplies and devices, when those services are under the
supervision of a physician.

(14) Clinic services. Such diagnostic, preventive,
therapeutic, rehabilitative or palliative services furnished to an
outpatient by or under the supervision of a physician or dentist
in a facility that is not a part of a hospital but that is
organized and operated to provide medical care to outpatients.
Clinic services shall include any services reimbursed as
outpatient hospital services that may be rendered in such a
facility, including those that become so after July 1, 1991. On
July 1, 1999, all fees for physicians' services reimbursed under
authority of this paragraph (14) shall be reimbursed at ninety
percent (90%) of the rate established on January 1, 1999, and as
adjusted each January thereafter, under Medicare (Title XVIII of
the Social Security Act, as amended), and which shall in no event
be less than seventy percent (70%) of the rate established on
January 1, 1994. All fees for physicians' services that are
covered by both Medicare and Medicaid shall be reimbursed at ten
percent (10%) of the adjusted Medicare payment established on January 1, 1999, and as adjusted each January thereafter, under Medicare (Title XVIII of the Social Security Act, as amended), and which shall in no event be less than seventy percent (70%) of the adjusted Medicare payment established on January 1, 1994. On July 1, 1999, all fees for dentists' services reimbursed under authority of this paragraph (14) shall be increased to one hundred sixty percent (160%) of the amount of the reimbursement rate that was in effect on June 30, 1999.

(15) Home- and community-based services, as provided under Title XIX of the federal Social Security Act, as amended, under waivers, subject to the availability of funds specifically appropriated therefor by the Legislature. Payment for those services shall be limited to individuals who would be eligible for and would otherwise require the level of care provided in a nursing facility. The home- and community-based services authorized under this paragraph shall be expanded over a five-year period beginning July 1, 1999. The division shall certify case management agencies to provide case management services and provide for home- and community-based services for eligible individuals under this paragraph. The home- and community-based services under this paragraph and the activities performed by certified case management agencies under this paragraph shall be funded using state funds that are provided from the appropriation to the Division of Medicaid and used to match federal funds.

(16) Mental health services. Approved therapeutic and case management services (a) provided by an approved regional mental health/retardation center established under Sections 41-19-31 through 41-19-39, or by another community mental health service provider meeting the requirements of the Department of Mental Health to be an approved mental health/retardation center if determined necessary by the Department of Mental Health, using state funds that are provided from the appropriation to the State
Department of Mental Health and/or funds transferred to the
department by a political subdivision or instrumentality of the
state and used to match federal funds under a cooperative
agreement between the division and the department, or (b) provided
by a facility that is certified by the State Department of Mental
Health to provide therapeutic and case management services, to be
reimbursed on a fee for service basis, or (c) provided in the
community by a facility or program operated by the Department of
Mental Health. Any such services provided by a facility described
in paragraph (b) must have the prior approval of the division to
be reimbursable under this section. After June 30, 1997, mental
health services provided by regional mental health/retardation
centers established under Sections 41-19-31 through 41-19-39, or
by hospitals as defined in Section 41-9-3(a) and/or their
subsidiaries and divisions, or by psychiatric residential
treatment facilities as defined in Section 43-11-1, or by another
community mental health service provider meeting the requirements
of the Department of Mental Health to be an approved mental
health/retardation center if determined necessary by the
Department of Mental Health, shall not be included in or provided
under any capitated managed care pilot program provided for under
paragraph (24) of this section.

(17) Durable medical equipment services and medical
supplies. Precertification of durable medical equipment and
medical supplies must be obtained as required by the division.
The Division of Medicaid may require durable medical equipment
providers to obtain a surety bond in the amount and to the
specifications as established by the Balanced Budget Act of 1997.

(18) (a) Notwithstanding any other provision of this
section to the contrary, the division shall make additional
reimbursement to hospitals that serve a disproportionate share of
low-income patients and that meet the federal requirements for
those payments as provided in Section 1923 of the federal Social
Security Act and any applicable regulations. However, from and after January 1, 1999, no public hospital shall participate in the Medicaid disproportionate share program unless the public hospital participates in an intergovernmental transfer program as provided in Section 1903 of the federal Social Security Act and any applicable regulations. Administration and support for participating hospitals shall be provided by the Mississippi Hospital Association.

(b) The division shall establish a Medicare Upper Payment Limits Program, as defined in Section 1902(a)(30) of the federal Social Security Act and any applicable federal regulations, for hospitals, and may establish a Medicare Upper Payments Limits Program for nursing facilities. The division shall assess each hospital and, if the program is established for nursing facilities, shall assess each nursing facility, for the sole purpose of financing the state portion of the Medicare Upper Payment Limits Program. This assessment shall be based on Medicaid utilization, or other appropriate method consistent with federal regulations, and will remain in effect as long as the state participates in the Medicare Upper Payment Limits Program. The division shall make additional reimbursement to hospitals and, if the program is established for nursing facilities, shall make additional reimbursement to nursing facilities, for the Medicare Upper Payment Limits, as defined in Section 1902(a)(30) of the federal Social Security Act and any applicable federal regulations. This paragraph (b) shall stand repealed from and after July 1, 2005.

(c) The division shall contract with the Mississippi Hospital Association to provide administrative support for the operation of the disproportionate share hospital program and the Medicare Upper Payment Limits Program. This paragraph (c) shall stand repealed from and after July 1, 2005.
(19) (a) Perinatal risk management services. The division shall promulgate regulations to be effective from and after October 1, 1988, to establish a comprehensive perinatal system for risk assessment of all pregnant and infant Medicaid recipients and for management, education and follow-up for those who are determined to be at risk. Services to be performed include case management, nutrition assessment/counseling, psychosocial assessment/counseling and health education. The division shall set reimbursement rates for providers in conjunction with the State Department of Health.

(b) Early intervention system services. The division shall cooperate with the State Department of Health, acting as lead agency, in the development and implementation of a statewide system of delivery of early intervention services, under Part C of the Individuals with Disabilities Education Act (IDEA). The State Department of Health shall certify annually in writing to the executive director of the division the dollar amount of state early intervention funds available that will be utilized as a certified match for Medicaid matching funds. Those funds then shall be used to provide expanded targeted case management services for Medicaid eligible children with special needs who are eligible for the state’s early intervention system. Qualifications for persons providing service coordination shall be determined by the State Department of Health and the Division of Medicaid.

(20) Home- and community-based services for physically disabled approved services as allowed by a waiver from the United States Department of Health and Human Services for home- and community-based services for physically disabled people using state funds that are provided from the appropriation to the State Department of Rehabilitation Services and used to match federal funds under a cooperative agreement between the division and the department, provided that funds for these services are
specifically appropriated to the Department of Rehabilitation Services.

(21) Nurse practitioner services. Services furnished by a registered nurse who is licensed and certified by the Mississippi Board of Nursing as a nurse practitioner, including, but not limited to, nurse anesthetists, nurse midwives, family nurse practitioners, family planning nurse practitioners, pediatric nurse practitioners, obstetrics-gynecology nurse practitioners and neonatal nurse practitioners, under regulations adopted by the division. Reimbursement for those services shall not exceed ninety percent (90%) of the reimbursement rate for comparable services rendered by a physician.

(22) Ambulatory services delivered in federally qualified health centers, rural health centers and clinics of the local health departments of the State Department of Health for individuals eligible for Medicaid under this article based on reasonable costs as determined by the division.

(23) Inpatient psychiatric services. Inpatient psychiatric services to be determined by the division for recipients under age twenty-one (21) that are provided under the direction of a physician in an inpatient program in a licensed acute care psychiatric facility or in a licensed psychiatric residential treatment facility, before the recipient reaches age twenty-one (21) or, if the recipient was receiving the services immediately before he reached age twenty-one (21), before the earlier of the date he no longer requires the services or the date he reaches age twenty-two (22), as provided by federal regulations. Precertification of inpatient days and residential treatment days must be obtained as required by the division.

(24) [Deleted]

(25) Birthing center services.

(26) Hospice care. As used in this paragraph, the term "hospice care" means a coordinated program of active professional
medical attention within the home and outpatient and inpatient
care that treats the terminally ill patient and family as a unit,
employing a medically directed interdisciplinary team. The
program provides relief of severe pain or other physical symptoms
and supportive care to meet the special needs arising out of
physical, psychological, spiritual, social and economic stresses
that are experienced during the final stages of illness and during
dying and bereavement and meets the Medicare requirements for
participation as a hospice as provided in federal regulations.

(27) Group health plan premiums and cost sharing if it
is cost effective as defined by the Secretary of Health and Human
Services.

(28) Other health insurance premiums that are cost
effective as defined by the Secretary of Health and Human
Services. Medicare eligible must have Medicare Part B before
other insurance premiums can be paid.

(29) The Division of Medicaid may apply for a waiver
from the Department of Health and Human Services for home- and
community-based services for developmentally disabled people using
state funds that are provided from the appropriation to the State
Department of Mental Health and/or funds transferred to the
department by a political subdivision or instrumentality of the
state and used to match federal funds under a cooperative
agreement between the division and the department, provided that
funds for these services are specifically appropriated to the
Department of Mental Health and/or transferred to the department
by a political subdivision or instrumentality of the state.

(30) Pediatric skilled nursing services for eligible
persons under twenty-one (21) years of age.

(31) Targeted case management services for children
with special needs, under waivers from the United States
Department of Health and Human Services, using state funds that
are provided from the appropriation to the Mississippi Department
of Human Services and used to match federal funds under a
cooperative agreement between the division and the department.

(32) Care and services provided in Christian Science
Sanatoria listed and certified by the Commission for Accreditation
of Christian Science Nursing Organizations/Facilities, Inc.,
rendered in connection with treatment by prayer or spiritual means
to the extent that those services are subject to reimbursement
under Section 1903 of the Social Security Act.

(33) Podiatrist services.

(34) The division shall make application to the United States Health Care Financing Administration for a waiver to
develop a program of services to personal care and assisted living
homes in Mississippi. This waiver shall be completed by December 1, 1999.

(35) Services and activities authorized in Sections
43-27-101 and 43-27-103, using state funds that are provided from
the appropriation to the State Department of Human Services and
used to match federal funds under a cooperative agreement between
the division and the department.

(36) Nonemergency transportation services for
Medicaid-eligible persons, to be provided by the Division of
Medicaid. The division may contract with additional entities to
administer nonemergency transportation services as it deems
necessary. All providers shall have a valid driver's license,
vehicle inspection sticker, valid vehicle license tags and a
standard liability insurance policy covering the vehicle.

(37) [Deleted]

(38) Chiropractic services. A chiropractor's manual
manipulation of the spine to correct a subluxation, if x-ray
demonstrates that a subluxation exists and if the subluxation has
resulted in a neuromusculoskeletal condition for which
manipulation is appropriate treatment, and related spinal x-rays
performed to document these conditions. Reimbursement for
chiropractic services shall not exceed Seven Hundred Dollars ($700.00) per year per beneficiary.

(39) Dually eligible Medicare/Medicaid beneficiaries. The division shall pay the Medicare deductible and ten percent (10%) coinsurance amounts for services available under Medicare for the duration and scope of services otherwise available under the Medicaid program.

(40) [Deleted]

(41) Services provided by the State Department of Rehabilitation Services for the care and rehabilitation of persons with spinal cord injuries or traumatic brain injuries, as allowed under waivers from the United States Department of Health and Human Services, using up to seventy-five percent (75%) of the funds that are appropriated to the Department of Rehabilitation Services from the Spinal Cord and Head Injury Trust Fund established under Section 37-33-261 and used to match federal funds under a cooperative agreement between the division and the department.

(42) Notwithstanding any other provision in this article to the contrary, the division may develop a population health management program for women and children health services through the age of two (2) years. This program is primarily for obstetrical care associated with low birth weight and pre-term babies. The division may apply to the federal Centers for Medicare and Medicaid Services (CMS) for a Section 1115 waiver or any other waivers that may enhance the program. In order to effect cost savings, the division may develop a revised payment methodology that may include at-risk capitated payments, and may require member participation in accordance with the terms and conditions of an approved federal waiver.

(43) The division shall provide reimbursement, according to a payment schedule developed by the division, for smoking cessation medications for pregnant women during their
pregnancy and other Medicaid-eligible women who are of child-bearing age.

(44) Nursing facility services for the severely disabled.

(a) Severe disabilities include, but are not limited to, spinal cord injuries, closed head injuries and ventilator dependent patients.

(b) Those services must be provided in a long-term care nursing facility dedicated to the care and treatment of persons with severe disabilities, and shall be reimbursed as a separate category of nursing facilities.

(45) Physician assistant services. Services furnished by a physician assistant who is licensed by the State Board of Medical Licensure and is practicing with physician supervision under regulations adopted by the board, under regulations adopted by the division. Reimbursement for those services shall not exceed ninety percent (90%) of the reimbursement rate for comparable services rendered by a physician.

(46) The division shall make application to the federal Centers for Medicare and Medicaid Services (CMS) for a waiver to develop and provide services for children with serious emotional disturbances as defined in Section 43-14-1(1), which may include home- and community-based services, case management services or managed care services through mental health providers certified by the Department of Mental Health. The division may implement and provide services under this waivered program only if funds for these services are specifically appropriated for this purpose by the Legislature, or if funds are voluntarily provided by affected agencies.

(47) Notwithstanding any other provision in this article to the contrary, the division, in conjunction with the State Department of Health, shall develop and implement disease management programs statewide for individuals with asthma,
diabetes or hypertension, including the use of grants, waivers, demonstrations or other projects as necessary.

(48) Pediatric long-term acute care hospital services.

(a) Pediatric long-term acute care hospital services means services provided to eligible persons under twenty-one (21) years of age by a freestanding Medicare-certified hospital that has an average length of inpatient stay greater than twenty-five (25) days and that is primarily engaged in providing chronic or long-term medical care to persons under twenty-one (21) years of age.

(b) The services under this paragraph (48) shall be reimbursed as a separate category of hospital services.

(49) The division shall establish copayments for all Medicaid services for which copayments are allowable under federal law or regulation and shall set the amount of the copayment for each of those services at the maximum amount allowable under federal law or regulation.

Notwithstanding any other provision of this article to the contrary, the division shall reduce the rate of reimbursement to providers for any service provided under this section by five percent (5%) of the allowed amount for that service. However, the reduction in the reimbursement rates required by this paragraph shall not apply to inpatient hospital services, nursing facility services, intermediate care facility services, psychiatric residential treatment facility services, pharmacy services provided under paragraph (9) of this section, or any service provided by the University of Mississippi Medical Center or a state agency, a state facility or a public agency that either provides its own state match through intergovernmental transfer or certification of funds to the division, or a service for which the federal government sets the reimbursement methodology and rate.

In addition, the reduction in the reimbursement rates required by this paragraph shall not apply to case management services and
home delivered meal services provided under the home- and community-based services program for the elderly and disabled by a planning and development district, if the planning and development district transfers to the division a sum equal to the amount of the reduction in reimbursement that would otherwise be made for those services under this paragraph.

Notwithstanding any provision of this article, except as authorized in the following paragraph and in Section 43-13-139, neither (a) the limitations on quantity or frequency of use of or the fees or charges for any of the care or services available to recipients under this section, nor (b) the payments or rates of reimbursement to providers rendering care or services authorized under this section to recipients, may be increased, decreased or otherwise changed from the levels in effect on July 1, 1999, unless they are authorized by an amendment to this section by the Legislature. However, the restriction in this paragraph shall not prevent the division from changing the payments or rates of reimbursement to providers without an amendment to this section whenever those changes are required by federal law or regulation, or whenever those changes are necessary to correct administrative errors or omissions in calculating those payments or rates of reimbursement.

Notwithstanding any provision of this article, no new groups or categories of recipients and new types of care and services may be added without enabling legislation from the Mississippi Legislature, except that the division may authorize those changes without enabling legislation when the addition of recipients or services is ordered by a court of proper authority. The executive director shall keep the Governor advised on a timely basis of the funds available for expenditure and the projected expenditures. If current or projected expenditures of the division can be reasonably anticipated to exceed the amounts appropriated for any fiscal year, the Governor, after consultation with the executive
director, shall discontinue any or all of the payment of the types
of care and services as provided in this section that are deemed
to be optional services under Title XIX of the federal Social
Security Act, as amended, for any period necessary to not exceed
appropriated funds, and when necessary shall institute any other
cost containment measures on any program or programs authorized
under the article to the extent allowed under the federal law
governing that program or programs, it being the intent of the
Legislature that expenditures during any fiscal year shall not
exceed the amounts appropriated for that fiscal year.

Notwithstanding any other provision of this article, from May
1, 2002, through June 30, 2004, the Governor is authorized, by
means of an executive order and in consultation with the executive
director of the division, to adopt and administer a state plan for
medical assistance in accordance with Titles XIX and XXI of the
federal Social Security Act, as amended, provided that the state
plan is administered within the amount of funds appropriated to
the division by the Legislature. In adopting and administering
the state plan, the division is authorized (a) to establish the
types of care and services to be available to eligible applicants
for and recipients of Medicaid; (b) to establish the amount,
duration, scope and terms and conditions of the care and services
for recipients, including the quantity or frequency of use of, and
the fees or charges for, any of the care or services available to
recipients; (c) to set the payments or rates of reimbursement to
providers rendering care or services to recipients; (d) to
establish such rules and regulations as may be necessary or
desirable for implementation of the state plan; and (e) to take
such actions as necessary to secure the maximum amount of federal
financial participation available for the program.

Notwithstanding any other provision of this article, it shall
be the duty of each nursing facility, intermediate care facility
for the mentally retarded, psychiatric residential treatment
facility, and nursing facility for the severely disabled that is participating in the Medicaid program to keep and maintain books, documents and other records as prescribed by the Division of Medicaid in substantiation of its cost reports for a period of three (3) years after the date of submission to the Division of Medicaid of an original cost report, or three (3) years after the date of submission to the Division of Medicaid of an amended cost report.

This section shall stand repealed on July 1, 2004.

SECTION 4. Section 41-86-15, Mississippi Code of 1972, is amended as follows:

41-86-15. (1) Persons eligible to receive covered benefits under Sections 41-86-5 through 41-86-17 shall be low-income children who meet the eligibility standards set forth in the plan. Any person who is eligible for benefits under the Mississippi Medicaid Law, Section 43-13-101 et seq., shall not be eligible to receive benefits under Sections 41-86-5 through 41-86-17. A person who is without insurance coverage at the time of application for the program and who meets the other eligibility criteria in the plan shall be eligible to receive covered benefits under the program, if federal approval is obtained to allow eligibility with no waiting period of being without insurance coverage. If federal approval is not obtained for the preceding provision, the Division of Medicaid shall seek federal approval to allow eligibility after the shortest waiting period of being without insurance coverage for which approval can be obtained. After federal approval is obtained to allow eligibility after a certain waiting period of being without insurance coverage, a person who has been without insurance coverage for the approved waiting period and who meets the other eligibility criteria in the plan shall be eligible to receive covered benefits under the program. If the plan includes any waiting period of being without insurance coverage before eligibility, the State and School
employees Health Insurance Management Board shall adopt
time regulations to provide exceptions to the waiting period for
families who have lost insurance coverage for good cause or
through no fault of their own.

(2) The eligibility of children for covered benefits under
the program shall be determined annually by the same agency or
entity that determines eligibility under Section 43-13-115(9) and
shall cover twelve (12) continuous months under the program.

***

SECTION 5. Section 43-13-115.1, Mississippi Code of 1972,
which provides presumptive eligibility for children under nineteen
(19) years of age under the Medicaid program, is hereby repealed.

SECTION 6. It is the intent of the Legislature that the
amendments to Section 43-13-117, Mississippi Code of 1972,
contained in this Senate Bill No. 3221, 2002 Regular Session,
shall supersede the amendments to that section contained in House
Bill No. 1200, Senate Bill No. 3060 and Senate Bill No. 2189, 2002
Regular Session.

SECTION 7. This act shall take effect and be in force from
and after its passage.
