HOUSE BILL NO. 25

AN ACT TO AMEND SECTION 27-7-15, MISSISSIPPI CODE OF 1972, TO REVISE THE DEFINITION OF THE TERM "GROSS INCOME" TO EXCLUDE COMPENSATION RECEIVED FOR ACTIVE FEDERAL SERVICE AS A MEMBER OF THE ARMED FORCES OF THE UNITED STATES IN AN ACTIVE DUTY STATUS; AND FOR RELATED PURPOSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. Section 27-7-15, Mississippi Code of 1972, is amended as follows:

[Through June 30, 2003, this section shall read as follows:]

27-7-15. (1) For the purposes of this article, except as otherwise provided, the term "gross income" means and includes the income of a taxpayer derived from salaries, wages, fees or compensation for service, of whatever kind and in whatever form paid, including income from governmental agencies and subdivisions thereof; or from professions, vocations, trades, businesses, commerce or sales, or renting or dealing in property, or reacquired property; also from annuities, interest, rents, dividends, securities, insurance premiums, reinsurance premiums, considerations for supplemental insurance contracts, or the transaction of any business carried on for gain or profit, or gains, or profits, and income derived from any source whatever and in whatever form paid. The amount of all such items of income shall be included in the gross income for the taxable year in which received by the taxpayer. The amount by which an eligible employee's salary is reduced pursuant to a salary reduction agreement authorized under Section 25-17-5 shall be excluded from the term "gross income" within the meaning of this article.
(2) In determining gross income for the purpose of this section, the following, under regulations prescribed by the commissioner, shall be applicable:

(a) Dealers in property. Federal rules, regulations and revenue procedures shall be followed with respect to installment sales unless a transaction results in the shifting of income from inside the state to outside the state.

(b) Casual sales of property.

(i) Prior to January 1, 2001, federal rules, regulations and revenue procedures shall be followed with respect to installment sales except they shall be applied and administered as if H.R. 3594, the Installment Tax Correction Act of 2000 of the 106th Congress, had not been enacted. This provision will generally affect taxpayers, reporting on the accrual method of accounting, entering into installment note agreements on or after December 17, 1999. Any gain or profit resulting from the casual sale of property will be recognized in the year of sale.

(ii) From and after January 1, 2001, federal rules, regulations and revenue procedures shall be followed with respect to installment sales except as provided in this subparagraph (ii). Gain or profit from the casual sale of property shall be recognized in the year of sale. When a taxpayer recognizes gain on the casual sale of property in which the gain is deferred for federal income tax purposes, a taxpayer may elect to defer the payment of tax resulting from the gain as allowed and to the extent provided under regulations prescribed by the commissioner. If the payment of the tax is made on a deferred basis, the tax shall be computed based on the applicable rate for the income reported in the year the payment is made. Except as otherwise provided in subparagraph (iii) of this paragraph (b), deferring the payment of the tax shall not affect the liability for the tax. If at any time the installment note is sold, contributed, transferred or disposed of in any manner and for any
purpose by the original note holder, or the original note holder
is merged, liquidated, dissolved or withdrawn from this state,
then all deferred tax payments under this section shall
immediately become due and payable.

(iii) If the selling price of the property is
reduced by any alteration in the terms of an installment note,
including default by the purchaser, the gain to be recognized is
recomputed based on the adjusted selling price in the same manner
as for federal income tax purposes. The tax on this amount, less
the previously paid tax on the recognized gain, is payable over
the period of the remaining installments. If the tax on the
previously recognized gain has been paid in full to this state,
the return on which the payment was made may be amended for this
purpose only. The statute of limitations in Section 27-7-49 shall
not bar an amended return for this purpose.

(c) Reserves of insurance companies. In the case of
insurance companies, any amounts in excess of the legally required
reserves shall be included as gross income.

(d) Affiliated companies or persons. As regards sales,
exchanges or payments for services from one to another of
affiliated companies or persons or under other circumstances where
the relation between the buyer and seller is such that gross
proceeds from the sale or the value of the exchange or the payment
for services are not indicative of the true value of the subject
matter of the sale, exchange or payment for services, the
commissioner shall prescribe uniform and equitable rules for
determining the true value of the gross income, gross sales,
exchanges or payment for services, or require consolidated returns
of affiliates.

(e) Alimony and separate maintenance payments. The
federal rules, regulations and revenue procedures in determining
the deductibility and taxability of alimony payments shall be
followed in this state.
(f) **Reimbursement for expenses of moving.** There shall be included in gross income (as compensation for services) any amount received or accrued, directly or indirectly, by an individual as a payment for or reimbursement of expenses of moving from one residence to another residence which is attributable to employment or self-employment.

(3) In the case of taxpayers other than residents, gross income includes gross income from sources within this state.

(4) The words "gross income" do not include the following items of income which shall be exempt from taxation under this article:

(a) The proceeds of life insurance policies and contracts paid upon the death of the insured. However, the income from the proceeds of such policies or contracts shall be included in the gross income.

(b) The amount received by the insured as a return of premium or premiums paid by him under life insurance policies, endowment, or annuity contracts, either during the term or at maturity or upon surrender of the contract.

(c) The value of property acquired by gift, bequest, devise or descent, but the income from such property shall be included in the gross income.

(d) Interest upon the obligations of the United States or its possessions, or securities issued under the provisions of the Federal Farm Loan Act of July 17, 1916, or bonds issued by the War Finance Corporation, or obligations of the State of Mississippi or political subdivisions thereof.

(e) The amounts received through accident or health insurance as compensation for personal injuries or sickness, plus the amount of any damages received for such injuries or such sickness or injuries, or through the War Risk Insurance Act, or any law for the benefit or relief of injured or disabled members of the military or naval forces of the United States.
(f) Income received by any religious denomination or by any institution or trust for moral or mental improvements, religious, Bible, tract, charitable, benevolent, fraternal, missionary, hospital, infirmary, educational, scientific, literary, library, patriotic, historical or cemetery purposes or for two (2) or more of such purposes, if such income be used exclusively for carrying out one or more of such purposes.

(g) Income received by a domestic corporation which is "taxable in another state" as this term is defined in this article, derived from business activity conducted outside this state. Domestic corporations taxable both within and without the state shall determine Mississippi income on the same basis as provided for foreign corporations under the provisions of this article.

(h) In case of insurance companies, there shall be excluded from gross income such portion of actual premiums received from an individual policyholder as is paid back or credited to or treated as an abatement of premiums of such policyholder within the taxable year.

(i) Income from dividends that has already borne a tax as dividend income under the provisions of this article, when such dividends may be specifically identified in the possession of the recipient.

(j) Amounts paid by the United States to a person as added compensation for hazardous duty pay as a member of the Armed Forces of the United States in a combat zone designated by Executive Order of the President of the United States.

(k) Amounts received as retirement allowances, pensions, annuities or optional retirement allowances paid under the federal Social Security Act, the Railroad Retirement Act, the Federal Civil Service Retirement Act, or any other retirement system of the United States government, retirement allowances paid under the Mississippi Public Employees' Retirement System,
Mississippi Highway Safety Patrol Retirement System or any other retirement system of the State of Mississippi or any political subdivision thereof. The exemption allowed under this paragraph (k) shall be available to the spouse or other beneficiary at the death of the primary retiree.

(l) Amounts received as retirement allowances, pensions, annuities or optional retirement allowances paid by any public or governmental retirement system not designated in paragraph (k) or any private retirement system or plan of which the recipient was a member at any time during the period of his employment. Amounts received as a distribution under a Roth Individual Retirement Account shall be treated in the same manner as provided under the Internal Revenue Code of 1986, as amended. The exemption allowed under this paragraph (l) shall be available to the spouse or other beneficiary at the death of the primary retiree.

(m) Compensation not to exceed the aggregate sum of Five Thousand Dollars ($5,000.00) for any taxable year received by a member of the National Guard or Reserve Forces of the United States as payment for inactive duty training, active duty training and state active duty.

(n) Compensation received for active federal service as a member of the Armed Forces of the United States in an active duty status.

(o) The proceeds received from federal and state forestry incentives programs.

(p) The amount representing the difference between the increase of gross income derived from sales for export outside the United States as compared to the preceding tax year wherein gross income from export sales was highest, and the net increase in expenses attributable to such increased exports. In the absence of direct accounting the ratio of net profits to total sales may be applied to the increase in export sales. This paragraph (p)
shall only apply to businesses located in this state engaging in the international export of Mississippi goods and services. Such goods or services shall have at least fifty percent (50%) of value added at a location in Mississippi.

(q) Amounts paid by the federal government for the construction of soil conservation systems as required by a conservation plan adopted pursuant to 16 USCS 3801 et seq.

(r) The amount deposited in a medical savings account, and any interest accrued thereon, that is a part of a medical savings account program as specified in the Medical Savings Account Act under Sections 71-9-1 through 71-9-9; provided, however, that any amount withdrawn from such account for purposes other than paying eligible medical expense or to procure health coverage shall be included in gross income.

(s) Amounts paid by the Mississippi Soil and Water Conservation Commission from the Mississippi Soil and Water Cost-Share Program for the installation of water quality best management practices.

(t) Dividends received by a holding corporation, as defined in Section 27-13-1, from a subsidiary corporation, as defined in Section 27-13-1.

(u) Interest, dividends, gains or income of any kind on any account in the Mississippi Affordable College Savings Trust Fund, as established in Sections 37-155-101 through 37-155-125, to the extent that such amounts remain on deposit in the MACS Trust Fund or are withdrawn pursuant to a qualified withdrawal, as defined in Section 37-155-105.

(v) Interest, dividends or gains accruing on the payments made pursuant to a prepaid tuition contract, as provided for in Section 37-155-17.

(w) Income resulting from transactions with a related member where the related member subject to tax under this chapter was required to, and did in fact, add back the expense of such
transactions as required by Section 27-7-17(2). Under no circumstances may the exclusion from income exceed the deduction add-back of the related member, nor shall the exclusion apply to any income otherwise excluded under this chapter.

(x) Amounts that are subject to the tax levied pursuant to Section 27-7-901, and are paid to patrons by gaming establishments licensed under the Mississippi Gaming Control Act.

(5) Prisoners of war, missing in action-taxable status.

(a) Members of the Armed Forces. Gross income does not include compensation received for active service as a member of the Armed Forces of the United States for any month during any part of which such member is in a missing status, as defined in paragraph (d) of this subsection, during the Vietnam Conflict as a result of such conflict.

(b) Civilian employees. Gross income does not include compensation received for active service as an employee for any month during any part of which such employee is in a missing status during the Vietnam Conflict as a result of such conflict.
