411 breast and cervical cancer under the Centers for Disease Control  
412 and Prevention Breast and Cervical Cancer Early Detection Program  
413 established under Title XV of the Public Health Service Act in  
414 accordance with the requirements of that act and who need  
415 treatment for breast or cervical cancer. Eligibility of  
416 individuals under this paragraph (24) shall be determined by the  
417 Division of Medicaid.

419 **SECTION 3.** Section 43-13-117, Mississippi Code of 1972, is  
420 amended as follows:

421           43-13-117. Medicaid as authorized by this article shall  
422 include payment of part or all of the costs, at the discretion of  
423 the division or its successor, with approval of the Governor, of  
424 the following types of care and services rendered to eligible  
425 applicants who have been determined to be eligible for that care  
426 and services, within the limits of state appropriations and  
427 federal matching funds:

428           (1) Inpatient hospital services.

429           (a) The division shall allow thirty (30) days of  
430 inpatient hospital care annually for all Medicaid recipients.  
431 Precertification of inpatient days must be obtained as required by  
432 the division. The division may allow unlimited days in  
433 disproportionate hospitals as defined by the division for eligible  
434 infants under the age of six (6) years if certified as medically  
435 necessary as required by the division.

436           (b) From and after July 1, 1994, the Executive  
437 Director of the Division of Medicaid shall amend the Mississippi  
438 Title XIX Inpatient Hospital Reimbursement Plan to remove the  
439 occupancy rate penalty from the calculation of the Medicaid  
440 Capital Cost Component utilized to determine total hospital costs  
441 allocated to the Medicaid program.

442           (c) Hospitals will receive an additional payment  
443 for the implantable programmable baclofen drug pump used to treat  
444 spasticity which is implanted on an inpatient basis. The payment  
445 pursuant to written invoice will be in addition to the facility's  
446 per diem reimbursement and will represent a reduction of costs on  
447 the facility's annual cost report, and shall not exceed Ten  
448 Thousand Dollars (\$10,000.00) per year per recipient. This  
449 subparagraph (c) shall stand repealed on July 1, 2005.

450           (2) Outpatient hospital services. Where the same  
451 services are reimbursed as clinic services, the division may  
452 revise the rate or methodology of outpatient reimbursement to  
453 maintain consistency, efficiency, economy and quality of care.

454 (3) Laboratory and x-ray services.

455 (4) Nursing facility services.

456 (a) The division shall make full payment to  
457 nursing facilities for each day, not exceeding fifty-two (52) days  
458 per year, that a patient is absent from the facility on home  
459 leave. Payment may be made for the following home leave days in  
460 addition to the fifty-two-day limitation: Christmas, the day  
461 before Christmas, the day after Christmas, Thanksgiving, the day  
462 before Thanksgiving and the day after Thanksgiving.

463 (b) From and after July 1, 1997, the division  
464 shall implement the integrated case-mix payment and quality  
465 monitoring system, which includes the fair rental system for  
466 property costs and in which recapture of depreciation is  
467 eliminated. The division may reduce the payment for hospital  
468 leave and therapeutic home leave days to the lower of the case-mix  
469 category as computed for the resident on leave using the  
470 assessment being utilized for payment at that point in time, or a  
471 case-mix score of 1.000 for nursing facilities, and shall compute  
472 case-mix scores of residents so that only services provided at the  
473 nursing facility are considered in calculating a facility's per  
474 diem.

475 During the period between May 1, 2002, and December 1, 2002,  
476 the Chairmen of the Public Health and Welfare Committees of the  
477 Senate and the House of Representatives may appoint a joint study  
478 committee to consider the issue of setting uniform reimbursement  
479 rates for nursing facilities. The study committee will consist of  
480 the Chairmen of the Public Health and Welfare Committees, three  
481 (3) members of the Senate and three (3) members of the House. The  
482 study committee shall complete its work in not more than three (3)  
483 meetings.

484 (c) From and after July 1, 1997, all state-owned  
485 nursing facilities shall be reimbursed on a full reasonable cost  
486 basis.

487                   (d) When a facility of a category that does not  
488 require a certificate of need for construction and that could not  
489 be eligible for Medicaid reimbursement is constructed to nursing  
490 facility specifications for licensure and certification, and the  
491 facility is subsequently converted to a nursing facility under a  
492 certificate of need that authorizes conversion only and the  
493 applicant for the certificate of need was assessed an application  
494 review fee based on capital expenditures incurred in constructing  
495 the facility, the division shall allow reimbursement for capital  
496 expenditures necessary for construction of the facility that were  
497 incurred within the twenty-four (24) consecutive calendar months  
498 immediately preceding the date that the certificate of need  
499 authorizing the conversion was issued, to the same extent that  
500 reimbursement would be allowed for construction of a new nursing  
501 facility under a certificate of need that authorizes that  
502 construction. The reimbursement authorized in this subparagraph  
503 (d) may be made only to facilities the construction of which was  
504 completed after June 30, 1989. Before the division shall be  
505 authorized to make the reimbursement authorized in this  
506 subparagraph (d), the division first must have received approval  
507 from the Health Care Financing Administration of the United States  
508 Department of Health and Human Services of the change in the state  
509 Medicaid plan providing for the reimbursement.

510                   (e) The division shall develop and implement, not  
511 later than January 1, 2001, a case-mix payment add-on determined  
512 by time studies and other valid statistical data that will  
513 reimburse a nursing facility for the additional cost of caring for  
514 a resident who has a diagnosis of Alzheimer's or other related  
515 dementia and exhibits symptoms that require special care. Any  
516 such case-mix add-on payment shall be supported by a determination  
517 of additional cost. The division shall also develop and implement  
518 as part of the fair rental reimbursement system for nursing  
519 facility beds, an Alzheimer's resident bed depreciation enhanced

520 reimbursement system that will provide an incentive to encourage  
521 nursing facilities to convert or construct beds for residents with  
522 Alzheimer's or other related dementia.

523 (f) The division shall develop and implement an  
524 assessment process for long-term care services.

525 \* \* \*

526 The division shall apply for necessary federal waivers to  
527 assure that additional services providing alternatives to nursing  
528 facility care are made available to applicants for nursing  
529 facility care.

530 (5) Periodic screening and diagnostic services for  
531 individuals under age twenty-one (21) years as are needed to  
532 identify physical and mental defects and to provide health care  
533 treatment and other measures designed to correct or ameliorate  
534 defects and physical and mental illness and conditions discovered  
535 by the screening services regardless of whether these services are  
536 included in the state plan. The division may include in its  
537 periodic screening and diagnostic program those discretionary  
538 services authorized under the federal regulations adopted to  
539 implement Title XIX of the federal Social Security Act, as  
540 amended. The division, in obtaining physical therapy services,  
541 occupational therapy services, and services for individuals with  
542 speech, hearing and language disorders, may enter into a  
543 cooperative agreement with the State Department of Education for  
544 the provision of those services to handicapped students by public  
545 school districts using state funds that are provided from the  
546 appropriation to the Department of Education to obtain federal  
547 matching funds through the division. The division, in obtaining  
548 medical and psychological evaluations for children in the custody  
549 of the State Department of Human Services may enter into a  
550 cooperative agreement with the State Department of Human Services  
551 for the provision of those services using state funds that are

552 provided from the appropriation to the Department of Human  
553 Services to obtain federal matching funds through the division.

554 (6) Physician's services. The division shall allow  
555 twelve (12) physician visits annually. All fees for physicians'  
556 services that are covered only by Medicaid shall be reimbursed at  
557 ninety percent (90%) of the rate established on January 1, 1999,  
558 and as adjusted each January thereafter, under Medicare (Title  
559 XVIII of the Social Security Act, as amended), and which shall in  
560 no event be less than seventy percent (70%) of the rate  
561 established on January 1, 1994. All fees for physicians' services  
562 that are covered by both Medicare and Medicaid shall be reimbursed  
563 at ten percent (10%) of the adjusted Medicare payment established  
564 on January 1, 1999, and as adjusted each January thereafter, under  
565 Medicare (Title XVIII of the Social Security Act, as amended), and  
566 which shall in no event be less than seventy percent (70%) of the  
567 adjusted Medicare payment established on January 1, 1994.

568 (7) (a) Home health services for eligible persons, not  
569 to exceed in cost the prevailing cost of nursing facility  
570 services, not to exceed sixty (60) visits per year. All home  
571 health visits must be precertified as required by the division.

572 (b) Repealed.

573 (8) Emergency medical transportation services. On  
574 January 1, 1994, emergency medical transportation services shall  
575 be reimbursed at seventy percent (70%) of the rate established  
576 under Medicare (Title XVIII of the Social Security Act, as  
577 amended). "Emergency medical transportation services" shall mean,  
578 but shall not be limited to, the following services by a properly  
579 permitted ambulance operated by a properly licensed provider in  
580 accordance with the Emergency Medical Services Act of 1974  
581 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced  
582 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,  
583 (vi) disposable supplies, (vii) similar services.

584           (9) (a) Legend and other drugs as may be determined by  
585 the division. \* \* \* The division may implement a program of prior  
586 approval for drugs to the extent permitted by law. The division  
587 shall allow seven (7) prescriptions per month for each  
588 noninstitutionalized Medicaid recipient; however, after a  
589 noninstitutionalized or institutionalized recipient has received  
590 five (5) prescriptions in any month, each additional prescription  
591 during that month must have the prior approval of the division.  
592 The division shall not reimburse for any portion of a prescription  
593 that exceeds a thirty-four-day supply of the drug based on the  
594 daily dosage.

595       \* \* \*

596       Provided, however, that until July 1, 2005, any A-typical  
597 antipsychotic drug shall be included in any preferred drug list  
598 developed by the Division of Medicaid and shall not require prior  
599 authorization, and until July 1, 2005, any licensed physician may  
600 prescribe any A-typical antipsychotic drug deemed appropriate for  
601 Medicaid recipients which shall be fully eligible for Medicaid  
602 reimbursement.

603       The division shall develop and implement a program of payment  
604 for additional pharmacist services, with payment to be based on  
605 demonstrated savings, but in no case shall the total payment  
606 exceed twice the amount of the dispensing fee.

607       All claims for drugs for dually eligible Medicare/Medicaid  
608 beneficiaries that are paid for by Medicare must be submitted to  
609 Medicare for payment before they may be processed by the  
610 division's on-line payment system.

611       The division shall develop a pharmacy policy in which drugs  
612 in tamper-resistant packaging that are prescribed for a resident  
613 of a nursing facility but are not dispensed to the resident shall  
614 be returned to the pharmacy and not billed to Medicaid, in  
615 accordance with guidelines of the State Board of Pharmacy.

616 (b) \* \* \* Payment by the division for covered  
617 multiple source drugs shall be limited to the lower of the upper  
618 limits established and published by the Centers for Medicare and  
619 Medicaid Services (CMS) plus a dispensing fee, or the estimated  
620 acquisition cost (EAC) plus a dispensing fee, or the providers'  
621 usual and customary charge to the general public. \* \* \*

622 Payment for other covered drugs, other than multiple source  
623 drugs with CMS upper limits, shall not exceed the lower of the  
624 estimated acquisition cost plus a dispensing fee or the providers'  
625 usual and customary charge to the general public.

626 Payment for nonlegend or over-the-counter drugs covered by  
627 the division \* \* \* shall be reimbursed at the lower of the  
628 division's estimated shelf price or the providers' usual and  
629 customary charge to the general public. \* \* \*

630 The dispensing fee for each new or refill prescription,  
631 including nonlegend or over-the-counter drugs covered by the  
632 division, shall be Three Dollars and Ninety-one Cents (\$3.91).

633 The Medicaid provider shall not prescribe, the Medicaid  
634 pharmacy shall not bill, and the division shall not reimburse for  
635 name brand drugs if there are equally effective generic  
636 equivalents available and if the generic equivalents are the least  
637 expensive.

638 \* \* \*

639 As used in this paragraph (9), "estimated acquisition cost"  
640 means twelve percent (12%) less than the average wholesale price  
641 for a drug.

642 \* \* \*

643 (10) Dental care that is an adjunct to treatment of an  
644 acute medical or surgical condition; services of oral surgeons and  
645 dentists in connection with surgery related to the jaw or any  
646 structure contiguous to the jaw or the reduction of any fracture  
647 of the jaw or any facial bone; and emergency dental extractions  
648 and treatment related thereto. On July 1, 1999, all fees for

649 dental care and surgery under authority of this paragraph (10)  
650 shall be increased to one hundred sixty percent (160%) of the  
651 amount of the reimbursement rate that was in effect on June 30,  
652 1999. It is the intent of the Legislature to encourage more  
653 dentists to participate in the Medicaid program.

654 (11) Eyeglasses for all Medicaid beneficiaries who have  
655 (a) had surgery on the eyeball or ocular muscle that results in a  
656 vision change for which eyeglasses or a change in eyeglasses is  
657 medically indicated within six (6) months of the surgery and is in  
658 accordance with policies established by the division, or (b) one  
659 (1) pair every five (5) years and in accordance with policies  
660 established by the division. In either instance, the eyeglasses  
661 must be prescribed by a physician skilled in diseases of the eye  
662 or an optometrist, whichever the beneficiary may select.

663 (12) Intermediate care facility services.

664 (a) The division shall make full payment to all  
665 intermediate care facilities for the mentally retarded for each  
666 day, not exceeding eighty-four (84) days per year, that a patient  
667 is absent from the facility on home leave. Payment may be made  
668 for the following home leave days in addition to the  
669 eighty-four-day limitation: Christmas, the day before Christmas,  
670 the day after Christmas, Thanksgiving, the day before Thanksgiving  
671 and the day after Thanksgiving.

672 (b) All state-owned intermediate care facilities  
673 for the mentally retarded shall be reimbursed on a full reasonable  
674 cost basis.

675 (13) Family planning services, including drugs,  
676 supplies and devices, when those services are under the  
677 supervision of a physician.

678 (14) Clinic services. Such diagnostic, preventive,  
679 therapeutic, rehabilitative or palliative services furnished to an  
680 outpatient by or under the supervision of a physician or dentist  
681 in a facility that is not a part of a hospital but that is

682 organized and operated to provide medical care to outpatients.  
683 Clinic services shall include any services reimbursed as  
684 outpatient hospital services that may be rendered in such a  
685 facility, including those that become so after July 1, 1991. On  
686 July 1, 1999, all fees for physicians' services reimbursed under  
687 authority of this paragraph (14) shall be reimbursed at ninety  
688 percent (90%) of the rate established on January 1, 1999, and as  
689 adjusted each January thereafter, under Medicare (Title XVIII of  
690 the Social Security Act, as amended), and which shall in no event  
691 be less than seventy percent (70%) of the rate established on  
692 January 1, 1994. All fees for physicians' services that are  
693 covered by both Medicare and Medicaid shall be reimbursed at ten  
694 percent (10%) of the adjusted Medicare payment established on  
695 January 1, 1999, and as adjusted each January thereafter, under  
696 Medicare (Title XVIII of the Social Security Act, as amended), and  
697 which shall in no event be less than seventy percent (70%) of the  
698 adjusted Medicare payment established on January 1, 1994. On July  
699 1, 1999, all fees for dentists' services reimbursed under  
700 authority of this paragraph (14) shall be increased to one hundred  
701 sixty percent (160%) of the amount of the reimbursement rate that  
702 was in effect on June 30, 1999.

703 (15) Home- and community-based services for the elderly  
704 and disabled, as provided under Title XIX of the federal Social  
705 Security Act, as amended, under waivers, subject to the  
706 availability of funds specifically appropriated therefor by the  
707 Legislature. \* \* \*

708 (16) Mental health services. Approved therapeutic and  
709 case management services (a) provided by an approved regional  
710 mental health/retardation center established under Sections  
711 41-19-31 through 41-19-39, or by another community mental health  
712 service provider meeting the requirements of the Department of  
713 Mental Health to be an approved mental health/retardation center  
714 if determined necessary by the Department of Mental Health, using

715 state funds that are provided from the appropriation to the State  
716 Department of Mental Health and/or funds transferred to the  
717 department by a political subdivision or instrumentality of the  
718 state and used to match federal funds under a cooperative  
719 agreement between the division and the department, or (b) provided  
720 by a facility that is certified by the State Department of Mental  
721 Health to provide therapeutic and case management services, to be  
722 reimbursed on a fee for service basis, or (c) provided in the  
723 community by a facility or program operated by the Department of  
724 Mental Health. Any such services provided by a facility described  
725 in subparagraph (b) must have the prior approval of the division  
726 to be reimbursable under this section. After June 30, 1997,  
727 mental health services provided by regional mental  
728 health/retardation centers established under Sections 41-19-31  
729 through 41-19-39, or by hospitals as defined in Section 41-9-3(a)  
730 and/or their subsidiaries and divisions, or by psychiatric  
731 residential treatment facilities as defined in Section 43-11-1, or  
732 by another community mental health service provider meeting the  
733 requirements of the Department of Mental Health to be an approved  
734 mental health/retardation center if determined necessary by the  
735 Department of Mental Health, shall not be included in or provided  
736 under any capitated managed care pilot program provided for under  
737 paragraph (24) of this section.

738 (17) Durable medical equipment services and medical  
739 supplies. Precertification of durable medical equipment and  
740 medical supplies must be obtained as required by the division.  
741 The Division of Medicaid may require durable medical equipment  
742 providers to obtain a surety bond in the amount and to the  
743 specifications as established by the Balanced Budget Act of 1997.

744 (18) (a) Notwithstanding any other provision of this  
745 section to the contrary, the division shall make additional  
746 reimbursement to hospitals that serve a disproportionate share of  
747 low-income patients and that meet the federal requirements for

748 those payments as provided in Section 1923 of the federal Social  
749 Security Act and any applicable regulations. However, from and  
750 after January 1, 1999, no public hospital shall participate in the  
751 Medicaid disproportionate share program unless the public hospital  
752 participates in an intergovernmental transfer program as provided  
753 in Section 1903 of the federal Social Security Act and any  
754 applicable regulations. Administration and support for  
755 participating hospitals shall be provided by the Mississippi  
756 Hospital Association.

757 (b) The division shall establish a Medicare Upper  
758 Payment Limits Program, as defined in Section 1902(a)(30) of the  
759 federal Social Security Act and any applicable federal  
760 regulations, for hospitals, and may establish a Medicare Upper  
761 Payments Limits Program for nursing facilities. The division  
762 shall assess each hospital and, if the program is established for  
763 nursing facilities, shall assess each nursing facility, for the  
764 sole purpose of financing the state portion of the Medicare Upper  
765 Payment Limits Program. This assessment shall be based on  
766 Medicaid utilization, or other appropriate method consistent with  
767 federal regulations, and will remain in effect as long as the  
768 state participates in the Medicare Upper Payment Limits Program.  
769 The division shall make additional reimbursement to hospitals and,  
770 if the program is established for nursing facilities, shall make  
771 additional reimbursement to nursing facilities, for the Medicare  
772 Upper Payment Limits, as defined in Section 1902(a)(30) of the  
773 federal Social Security Act and any applicable federal  
774 regulations. This subparagraph (b) shall stand repealed from and  
775 after July 1, 2005.

776 (c) The division shall contract with the  
777 Mississippi Hospital Association to provide administrative support  
778 for the operation of the disproportionate share hospital program  
779 and the Medicare Upper Payment Limits Program. This subparagraph  
780 (c) shall stand repealed from and after July 1, 2005.

781           (19) (a) Perinatal risk management services. The  
782 division shall promulgate regulations to be effective from and  
783 after October 1, 1988, to establish a comprehensive perinatal  
784 system for risk assessment of all pregnant and infant Medicaid  
785 recipients and for management, education and follow-up for those  
786 who are determined to be at risk. Services to be performed  
787 include case management, nutrition assessment/counseling,  
788 psychosocial assessment/counseling and health education. The  
789 division shall set reimbursement rates for providers in  
790 conjunction with the State Department of Health.

791           (b) Early intervention system services. The  
792 division shall cooperate with the State Department of Health,  
793 acting as lead agency, in the development and implementation of a  
794 statewide system of delivery of early intervention services, under  
795 Part C of the Individuals with Disabilities Education Act (IDEA).  
796 The State Department of Health shall certify annually in writing  
797 to the executive director of the division the dollar amount of  
798 state early intervention funds available that will be utilized as  
799 a certified match for Medicaid matching funds. Those funds then  
800 shall be used to provide expanded targeted case management  
801 services for Medicaid eligible children with special needs who are  
802 eligible for the state's early intervention system.  
803 Qualifications for persons providing service coordination shall be  
804 determined by the State Department of Health and the Division of  
805 Medicaid.

806           (20) Home- and community-based services for physically  
807 disabled approved services as allowed by a waiver from the United  
808 States Department of Health and Human Services for home- and  
809 community-based services for physically disabled people using  
810 state funds that are provided from the appropriation to the State  
811 Department of Rehabilitation Services and used to match federal  
812 funds under a cooperative agreement between the division and the  
813 department, provided that funds for these services are

814 specifically appropriated to the Department of Rehabilitation  
815 Services.

816 (21) Nurse practitioner services. Services furnished  
817 by a registered nurse who is licensed and certified by the  
818 Mississippi Board of Nursing as a nurse practitioner, including,  
819 but not limited to, nurse anesthetists, nurse midwives, family  
820 nurse practitioners, family planning nurse practitioners,  
821 pediatric nurse practitioners, obstetrics-gynecology nurse  
822 practitioners and neonatal nurse practitioners, under regulations  
823 adopted by the division. Reimbursement for those services shall  
824 not exceed ninety percent (90%) of the reimbursement rate for  
825 comparable services rendered by a physician.

826 (22) Ambulatory services delivered in federally  
827 qualified health centers, rural health centers and clinics of the  
828 local health departments of the State Department of Health for  
829 individuals eligible for Medicaid under this article based on  
830 reasonable costs as determined by the division.

831 (23) Inpatient psychiatric services. Inpatient  
832 psychiatric services to be determined by the division for  
833 recipients under age twenty-one (21) that are provided under the

977 the Legislature, or if funds are voluntarily provided by affected  
978 agencies.

979           (47) (a) Notwithstanding any other provision in this  
980 article to the contrary, the division, in conjunction with the  
981 State Department of Health, shall develop and implement disease  
982 management programs \* \* \* for individuals with asthma, diabetes or

1013 twenty-one (21) years of age by a freestanding Medicare-certified  
1014 hospital that has an average length of inpatient stay greater than  
1015 twenty-five (25) days and that is primarily engaged in providing  
1016 chronic or long-term medical care to persons under twenty-one (21)  
1017 years of age.

1018 (b) The services under this paragraph (48) shall  
1019 be reimbursed as a separate category of hospital services.

1020 (49) The division shall establish copayments for all  
1021 Medicaid services for which copayments are allowable under federal  
1022 law or regulation, except for nonemergency transportation  
1023 services, and shall set the amount of the copayment for each of  
1024 those services at the maximum amount allowable under federal law  
1025 or regulation.

1026 (50) Services provided by the State Department of

1033 Notwithstanding any other provision of this article to the  
1034 contrary, the division shall reduce the rate of reimbursement to  
1035 providers for any service provided under this section by five  
1036 percent (5%) of the allowed amount for that service. However, the  
1037 reduction in the reimbursement rates required by this paragraph  
1038 shall not apply to inpatient hospital services, nursing facility  
1039 services, intermediate care facility services, psychiatric  
1040 residential treatment facility services, pharmacy services  
1041 provided under paragraph (9) of this section, or any service  
1042 provided by the University of Mississippi Medical Center or a

1043 state agency, a state facility or a public agency that either  
1044 provides its own state match through intergovernmental transfer or  
1045 certification of funds to the division, or a service for which the  
1046 federal government sets the reimbursement methodology and rate.  
1047 In addition, the reduction in the reimbursement rates required by  
1048 this paragraph shall not apply to case management services \* \* \*  
1049 provided under the home- and community-based services program for  
1050 the elderly and disabled by a planning and development district  
1051 (PDD). Planning and development districts participating in the  
1052 home- and community-based services program for the elderly and  
1053 disabled as case management providers shall be reimbursed for case  
1054 management services at the maximum rate approved by the Centers  
1055 for Medicare and Medicaid Services (CMS). PDDs shall transfer to  
1056 the division state match from public funds (not federal) in an  
1057 amount equal to the difference between the maximum case management  
1058 reimbursement rate approved by CMS and a five percent (5%)  
1059 reduction in that rate. The division shall invoice each PDD  
1060 fifteen (15) days after the end of each quarter for the  
1061 intergovernmental transfer based on payments made for Medicaid  
1062 home- and community-based case management services during the  
1063 quarter.

1064 The division may pay to those providers who participate in  
1065 and accept patient referrals from the division's emergency room  
1066 redirection program a percentage, as determined by the division,  
1067 of savings achieved according to the performance measures and  
1068 reduction of costs required of that program.

1069 Notwithstanding any provision of this article, except as  
1070 authorized in the following paragraph and in Section 43-13-139,  
1071 neither (a) the limitations on quantity or frequency of use of or  
1072 the fees or charges for any of the care or services available to  
1073 recipients under this section, nor (b) the payments or rates of  
1074 reimbursement to providers rendering care or services authorized  
1075 under this section to recipients, may be increased, decreased or

1076 otherwise changed from the levels in effect on July 1, 1999,  
1077 unless they are authorized by an amendment to this section by the  
1078 Legislature. However, the restriction in this paragraph shall not  
1079 prevent the division from changing the payments or rates of  
1080 reimbursement to providers without an amendment to this section  
1081 whenever those changes are required by federal law or regulation,  
1082 or whenever those changes are necessary to correct administrative  
1083 errors or omissions in calculating those payments or rates of  
1084 reimbursement.

1085         Notwithstanding any provision of this article, no new groups  
1086 or categories of recipients and new types of care and services may  
1087 be added without enabling legislation from the Mississippi  
1088 Legislature, except that the division may authorize those changes  
1089 without enabling legislation when the addition of recipients or  
1090 services is ordered by a court of proper authority. The executive  
1091 director shall keep the Governor advised on a timely basis of the  
1092 funds available for expenditure and the projected expenditures.  
1093 If current or projected expenditures of the division can be  
1094 reasonably anticipated to exceed the amounts appropriated for any  
1095 fiscal year, the Governor, after consultation with the executive  
1096 director, shall discontinue any or all of the payment of the types  
1097 of care and services as provided in this section that are deemed  
1098 to be optional services under Title XIX of the federal Social  
1099 Security Act, as amended, for any period necessary to not exceed  
1100 appropriated funds, and when necessary shall institute any other  
1101 cost containment measures on any program or programs authorized  
1102 under the article to the extent allowed under the federal law  
1103 governing that program or programs, it being the intent of the  
1104 Legislature that expenditures during any fiscal year shall not  
1105 exceed the amounts appropriated for that fiscal year.

1106         Notwithstanding any other provision of this article, it shall  
1107 be the duty of each nursing facility, intermediate care facility  
1108 for the mentally retarded, psychiatric residential treatment

1109 facility, and nursing facility for the severely disabled that is  
1110 participating in the Medicaid program to keep and maintain books,  
1111 documents and other records as prescribed by the Division of  
1112 Medicaid in substantiation of its cost reports for a period of  
1113 three (3) years after the date of submission to the Division of  
1114 Medicaid of an original cost report, or three (3) years after the  
1115 date of submission to the Division of Medicaid of an amended cost  
1116 report.

1117 This section shall stand repealed on July 1, 2004.

1183 alternate for twelve-month periods between the chairmen of the

1225 division with respect to encouraging physicians and other medical  
1226 care providers to participate in the Medicaid program;

1227 (vi) Provide a written report on or before

1261 (5) (a) There is established a Pharmacy and Therapeutics  
1262 Committee, which shall be appointed by the Governor, or his  
1263 designee.

1264 (b) The committee shall meet at least quarterly, and  
1265 committee members shall be furnished written notice of the  
1266 meetings at least ten (10) days before the date of the meeting.

1267 (c) The committee meetings shall be open to the public,  
1268 members of the press, legislators and consumers. Additionally,  
1269 all documents provided to committee members shall be available to  
1270 members of the Legislature in the same manner, and shall be made  
1271 available to others for a reasonable fee for copying. However,

1278 (d) After a thirty-day public notice, the executive  
1279 director or his or her designee shall present the division's  
1280 recommendation regarding prior approval for a therapeutic class of  
1281 drugs to the committee. However, in circumstances where the  
1282 division deems it necessary for the health and safety of Medicaid  
1283 beneficiaries, the division may present to the committee its  
1284 recommendations regarding a particular drug without a thirty-day  
1285 public notice. In making such presentation, the division shall  
1286 state to the committee the circumstances which precipitate the  
1287 need for the committee to review the status of a particular drug  
1288 without a thirty-day public notice. The committee may determine  
1289 whether or not to review the particular drug under the  
1290 circumstances stated by the division without a thirty-day public  
1291 notice. If the committee determines to review the status of the  
1292 particular drug, it shall make its recommendations to the  
1293 division, after which the division shall file such recommendations  
1294 for a thirty-day public comment under the provisions of Section  
1295 25-43-7(1), Mississippi Code of 1972.

1296 (e) Upon reviewing the information and recommendations,  
1297 the committee shall forward a written recommendation approved by a  
1298 majority of the committee to the executive director or his or her  
1299 designee. The decisions of the committee regarding any  
1300 limitations to be imposed on any drug or its use for a specified  
1301 indication shall be based on sound clinical evidence found in  
1302 labeling, drug compendia, and peer reviewed clinical literature  
1303 pertaining to use of the drug in the relevant population.

1304 (f) Upon reviewing and considering all recommendations  
1305 including recommendation of the committee, comments, and data, the

1306 executive director shall make a final determination whether to  
1307 require prior approval of a therapeutic class of drugs, or modify  
1308 existing prior approval requirements for a therapeutic class of  
1309 drugs.

1310 (g) At least thirty (30) days before the executive  
1311 director implements new or amended prior authorization decisions,  
1312 written notice of the executive director's decision shall be  
1313 provided to all prescribing Medicaid providers, all Medicaid  
1314 enrolled pharmacies, and any other party who has requested the  
1315 notification. However, notice given under Section 25-43-7(1) will  
1316 substitute for and meet the requirement for notice under this  
1317 subsection.

1318 (6) This section shall stand repealed on July 1, 2004.

1319 **SECTION 5.** Section 43-13-122, Mississippi Code of 1972, is

1407           (8) (a) If a health care facility that is liable for  
1408 payment of the assessment levied under this section does not pay  
1409 the assessment when it is due, the division shall give written  
1410 notice to the health care facility by certified or registered mail  
1411 demanding payment of the assessment within ten (10) days from the  
1412 date of delivery of the notice. If the health care facility  
1413 fails or refuses to pay the assessment after receiving the notice  
1414 and demand from the division, the division shall withhold from any  
1415 Medicaid reimbursement payments that are due to the health care  
1416 facility the amount of the unpaid assessment and a penalty of ten  
1417 percent (10%) of the amount of the assessment, plus the legal rate  
1418 of interest until the assessment is paid in full. If the health

1430 notice of a tax lien with the circuit clerk of the county in which  
1431 the health care facility is located, for the amount of the unpaid  
1432 assessment and a penalty of ten percent (10%) of the amount of the  
1433 assessment, plus the legal rate of interest until the assessment  
1434 is paid in full. Immediately upon receipt of notice of the tax  
1435 lien for the assessment, the circuit clerk shall enter the notice

1436 of the tax lien as a judgment upon the judgment roll and show in  
1437 the appropriate columns the name of the health care facility as  
1438 judgment debtor, the name of the division as judgment creditor,  
1439 the amount of the unpaid assessment, and the date and time of  
1440 enrollment. The judgment shall be valid as against mortgagees,  
1441 pledgees, entrusters, purchasers, judgment creditors and other  
1442 persons from the time of filing with the clerk. The amount of the  
1443 judgment shall be a debt due the State of Mississippi and remain a

1449       **SECTION 7.** Section 43-13-115.1, Mississippi Code of 1972,

1458 Medicaid Law, Section 43-13-101 et seq., shall not be eligible to

1461 application for the program and who meets the other eligibility  
1462 criteria in the plan shall be eligible to receive covered benefits  
1463 under the program, if federal approval is obtained to allow  
1464 eligibility with no waiting period of being without insurance  
1465 coverage. If federal approval is not obtained for the preceding  
1466 provision, the Division of Medicaid shall seek federal approval to  
1467 allow eligibility after the shortest waiting period of being  
1468 without insurance coverage for which approval can be obtained.

1469 After federal approval is obtained to allow eligibility after a  
1470 certain waiting period of being without insurance coverage, a

1474 program. If the plan includes any waiting period of being without  
1475 insurance coverage before eligibility, the State and School  
1476 Employees Health Insurance Management Board shall adopt  
1477 regulations to provide exceptions to the waiting period for  
1478 families who have lost insurance coverage for good cause or  
1479 through no fault of their own.

1480 (2) The eligibility of children for covered benefits under  
1481 the program shall be determined annually by the same agency or  
1482 entity that determines eligibility under Section 43-13-115(9) and  
1483 shall cover twelve (12) continuous months under the program.
