51 A. Set and regulate the deer seasons on  
52 wildlife management areas which it administers;

53 B. Allow the harvesting of antlerless deer in  
54 the districts or zones upon the recommendation of the executive  
55 director based upon good and substantial quantitative data and  
56 research evaluations that demonstrate that the harvesting is  
57 necessary to properly manage the herd. The commission, only upon  
58 the recommendation of the executive director, may allow the  
59 harvesting of antlerless deer during the deer season with guns and

60 with dogs by a majority vote of the commission. Nothing in this  
61 section prohibits the harvesting of either sex deer by landowners  
62 or leaseholders on private lands under a deer management program

69 sustains crop damage by wildlife, in eradication of the problem  
70 wildlife.

75 State Park. The selection of participants in the primitive weapon  
76 season shall be by public drawing from all qualified applications.  
77 The commission shall set the number of permits to be issued and  
78 the length of the special seasons. The commission may also  
79 establish a special hunting season for youth and handicapped  
80 persons or a primitive weapon season as provided in this  
81 subparagraph in any other state park under the jurisdiction of the  
82 department but shall only do so upon the recommendation of the  
83 staff of the department as approved by the commission. The  
84 commission shall select participants and set the number of permits  
85 to be issued and the length of the special seasons in the manner  
86 provided in this subparagraph.

87 (ix) The commission may establish and regulate  
88 special youth hunts for all nonmigratory game birds and animals  
89 outside of the open season on wildlife management areas and on  
90 private lands.

91 (f) On fur-bearing animals: The commission may fix the  
92 open season on fur-bearing animals between November 1 and March 1

93 next following and fix the open season for hunting opossums,  
94 raccoons and bobcats with dogs and guns by licensed hunters from  
95 October 1 to February 28 next following; but raccoons and bobcats  
96 may be run, hunted, chased or pursued throughout the year with  
97 dogs by licensed hunters. The commission may establish an

105 (h) On predatory animals: The hunting of predatory  
106 animals shall be restricted to the open seasons for hunting any  
107 game animal or game bird, using only the firearms, ammunition,  
108 primitive weapons or archery equipment legal for use during that  
109 open season. Landowners, agricultural leaseholders or their  
110 designated agents may take predatory animals year-round on lands  
111 owned or leased by them. The taking of any animal or animals  
112 other than beavers or coyote by the use of a trap or traps is  
113 unlawful except during the time the season is open for the taking  
114 of fur-bearing animals. Fox and coyote may be run, chased or  
115 pursued with dogs except as provided in Section 49-7-32 year-round  
116 by licensed hunters.

117 (i) On migratory birds: The open season for migratory  
118 birds shall be the season prescribed by the Federal Migratory Bird  
119 Treaty regulations.

120 (j) It is unlawful to trap fox after the closed season  
121 for trapping of other fur-bearing animals, except on property  
122 owned or leased by the person trapping.

123 (2) It is the intent of the Legislature that the open season  
124 for game birds and game animals shall be stabilized unless some

125 unforeseen calamity affecting the resource necessitates earlier  
126 change.

127         **SECTION 2.** This act shall take effect and be in force from  
128 and after July 1, 2003.
