HOUSE BILL NO. 1321

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,  
2 TO PROHIBIT THE DIVISION OF MEDICAID FROM ESTABLISHING LIMITS OR  
3 RESTRICTIONS ON DRUGS OR TESTS PRESCRIBED FOR THE TREATMENT AND  
4 PREVENTION OF HIV/AIDS OR HEPATITIS C; AND FOR RELATED PURPOSES.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

6 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is  
7 amended as follows:

8 43-13-117. Medicaid as authorized by this article shall  
9 include payment of part or all of the costs, at the discretion of  
10 the division or its successor, with approval of the Governor, of  
11 the following types of care and services rendered to eligible  
12 applicants who have been determined to be eligible for that care  
13 and services, within the limits of state appropriations and  
14 federal matching funds:

15 (1) Inpatient hospital services.

16 (a) The division shall allow thirty (30) days of  
17 inpatient hospital care annually for all Medicaid recipients.  
18 Precertification of inpatient days must be obtained as required by  
19 the division. The division may allow unlimited days in  
20 disproportionate hospitals as defined by the division for eligible  
21 infants under the age of six (6) years if certified as medically  
22 necessary as required by the division.

23 (b) From and after July 1, 1994, the Executive  
24 Director of the Division of Medicaid shall amend the Mississippi  
25 Title XIX Inpatient Hospital Reimbursement Plan to remove the  
26 occupancy rate penalty from the calculation of the Medicaid  
27 Capital Cost Component utilized to determine total hospital costs  
28 allocated to the Medicaid program.

29                   (c) Hospitals will receive an additional payment  
30 for the implantable programmable baclofen drug pump used to treat  
31 spasticity which is implanted on an inpatient basis. The payment  
32 pursuant to written invoice will be in addition to the facility's  
33 per diem reimbursement and will represent a reduction of costs on  
34 the facility's annual cost report, and shall not exceed Ten  
35 Thousand Dollars (\$10,000.00) per year per recipient. This  
36 subparagraph (c) shall stand repealed on July 1, 2005.

37                   (2) Outpatient hospital services. Where the same  
38 services are reimbursed as clinic services, the division may  
39 revise the rate or methodology of outpatient reimbursement to  
40 maintain consistency, efficiency, economy and quality of care.

41                   (3) Laboratory and x-ray services.

42                   (4) Nursing facility services.

43                   (a) The division shall make full payment to  
44 nursing facilities for each day, not exceeding fifty-two (52) days  
45 per year, that a patient is absent from the facility on home  
46 leave. Payment may be made for the following home leave days in  
47 addition to the fifty-two-day limitation: Christmas, the day  
48 before Christmas, the day after Christmas, Thanksgiving, the day  
49 before Thanksgiving and the day after Thanksgiving.

50                   (b) From and after July 1, 1997, the division  
51 shall implement the integrated case-mix payment and quality  
52 monitoring system, which includes the fair rental system for  
53 property costs and in which recapture of depreciation is  
54 eliminated. The division may reduce the payment for hospital  
55 leave and therapeutic home leave days to the lower of the case-mix  
56 category as computed for the resident on leave using the  
57 assessment being utilized for payment at that point in time, or a  
58 case-mix score of 1.000 for nursing facilities, and shall compute  
59 case-mix scores of residents so that only services provided at the  
60 nursing facility are considered in calculating a facility's per  
61 diem.

62           During the period between May 1, 2002, and December 1, 2002,  
63 the Chairmen of the Public Health and Welfare Committees of the  
64 Senate and the House of Representatives may appoint a joint study  
65 committee to consider the issue of setting uniform reimbursement  
66 rates for nursing facilities. The study committee will consist of  
67 the Chairmen of the Public Health and Welfare Committees, three  
68 (3) members of the Senate and three (3) members of the House. The  
69 study committee shall complete its work in not more than three (3)  
70 meetings.

71                           (c) From and after July 1, 1997, all state-owned  
72 nursing facilities shall be reimbursed on a full reasonable cost  
73 basis.

74                           (d) When a facility of a category that does not  
75 require a certificate of need for construction and that could not  
76 be eligible for Medicaid reimbursement is constructed to nursing  
77 facility specifications for licensure and certification, and the  
78 facility is subsequently converted to a nursing facility under a  
79 certificate of need that authorizes conversion only and the  
80 applicant for the certificate of need was assessed an application  
81 review fee based on capital expenditures incurred in constructing  
82 the facility, the division shall allow reimbursement for capital  
83 expenditures necessary for construction of the facility that were  
84 incurred within the twenty-four (24) consecutive calendar months  
85 immediately preceding the date that the certificate of need  
86 authorizing the conversion was issued, to the same extent that  
87 reimbursement would be allowed for construction of a new nursing  
88 facility under a certificate of need that authorizes that  
89 construction. The reimbursement authorized in this subparagraph  
90 (d) may be made only to facilities the construction of which was  
91 completed after June 30, 1989. Before the division shall be  
92 authorized to make the reimbursement authorized in this  
93 subparagraph (d), the division first must have received approval  
94 from the Health Care Financing Administration of the United States

95 Department of Health and Human Services of the change in the state  
96 Medicaid plan providing for the reimbursement.

97 (e) The division shall develop and implement, not  
98 later than January 1, 2001, a case-mix payment add-on determined  
99 by time studies and other valid statistical data that will  
100 reimburse a nursing facility for the additional cost of caring for  
101 a resident who has a diagnosis of Alzheimer's or other related  
102 dementia and exhibits symptoms that require special care. Any  
103 such case-mix add-on payment shall be supported by a determination  
104 of additional cost. The division shall also develop and implement  
105 as part of the fair rental reimbursement system for nursing  
106 facility beds, an Alzheimer's resident bed depreciation enhanced  
107 reimbursement system that will provide an incentive to encourage  
108 nursing facilities to convert or construct beds for residents with  
109 Alzheimer's or other related dementia.

110 (f) The Division of Medicaid shall develop and  
111 implement a referral process for long-term care alternatives for  
112 Medicaid beneficiaries and applicants. No Medicaid beneficiary  
113 shall be admitted to a Medicaid-certified nursing facility unless  
114 a licensed physician certifies that nursing facility care is  
115 appropriate for that person on a standardized form to be prepared  
116 and provided to nursing facilities by the Division of Medicaid.  
117 The physician shall forward a copy of that certification to the  
118 Division of Medicaid within twenty-four (24) hours after it is  
119 signed by the physician. Any physician who fails to forward the  
120 certification to the Division of Medicaid within the time period  
121 specified in this paragraph shall be ineligible for Medicaid  
122 reimbursement for any physician's services performed for the  
123 applicant. The Division of Medicaid shall determine, through an  
124 assessment of the applicant conducted within two (2) business days  
125 after receipt of the physician's certification, whether the  
126 applicant also could live appropriately and cost-effectively at  
127 home or in some other community-based setting if home- or

128 community-based services were available to the applicant. The  
129 time limitation prescribed in this subparagraph shall be waived in  
130 cases of emergency. If the Division of Medicaid determines that a  
131 home- or other community-based setting is appropriate and  
132 cost-effective, the division shall:

133 (i) Advise the applicant or the applicant's  
134 legal representative that a home- or other community-based setting  
135 is appropriate;

136 (ii) Provide a proposed care plan and inform  
137 the applicant or the applicant's legal representative regarding  
138 the degree to which the services in the care plan are available in  
139 a home- or in other community-based setting rather than nursing  
140 facility care; and

141 (iii) Explain that the plan and services are  
142 available only if the applicant or the applicant's legal  
143 representative chooses a home- or community-based alternative to  
144 nursing facility care, and that the applicant is free to choose  
145 nursing facility care.

146 The Division of Medicaid may provide the services described  
147 in this subparagraph (f) directly or through contract with case  
148 managers from the local Area Agencies on Aging, and shall  
149 coordinate long-term care alternatives to avoid duplication with  
150 hospital discharge planning procedures.

151 Placement in a nursing facility may not be denied by the  
152 division if home- or community-based services that would be more  
153 appropriate than nursing facility care are not actually available,  
154 or if the applicant chooses not to receive the appropriate home-  
155 or community-based services.

156 The division shall provide an opportunity for a fair hearing  
157 under federal regulations to any applicant who is not given the  
158 choice of home- or community-based services as an alternative to  
159 institutional care.

160           The division shall make full payment for long-term care  
161 alternative services.

162           The division shall apply for necessary federal waivers to  
163 assure that additional services providing alternatives to nursing  
164 facility care are made available to applicants for nursing  
165 facility care.

166           (5) Periodic screening and diagnostic services for  
167 individuals under age twenty-one (21) years as are needed to  
168 identify physical and mental defects and to provide health care  
169 treatment and other measures designed to correct or ameliorate  
170 defects and physical and mental illness and conditions discovered  
171 by the screening services regardless of whether these services are  
172 included in the state plan. The division may include in its  
173 periodic screening and diagnostic program those discretionary  
174 services authorized under the federal regulations adopted to  
175 implement Title XIX of the federal Social Security Act, as  
176 amended. The division, in obtaining physical therapy services,  
177 occupational therapy services, and services for individuals with  
178 speech, hearing and language disorders, may enter into a  
179 cooperative agreement with the State Department of Education for  
180 the provision of those services to handicapped students by public  
181 school districts using state funds that are provided from the  
182 appropriation to the Department of Education to obtain federal  
183 matching funds through the division. The division, in obtaining  
184 medical and psychological evaluations for children in the custody  
185 of the State Department of Human Services may enter into a  
186 cooperative agreement with the State Department of Human Services  
187 for the provision of those services using state funds that are  
188 provided from the appropriation to the Department of Human  
189 Services to obtain federal matching funds through the division.

190           (6) Physician's services. The division shall allow  
191 twelve (12) physician visits annually. All fees for physicians'  
192 services that are covered only by Medicaid shall be reimbursed at

193 ninety percent (90%) of the rate established on January 1, 1999,  
194 and as adjusted each January thereafter, under Medicare (Title  
195 XVIII of the Social Security Act, as amended), and which shall in  
196 no event be less than seventy percent (70%) of the rate  
197 established on January 1, 1994. All fees for physicians' services  
198 that are covered by both Medicare and Medicaid shall be reimbursed  
199 at ten percent (10%) of the adjusted Medicare payment established  
200 on January 1, 1999, and as adjusted each January thereafter, under  
201 Medicare (Title XVIII of the Social Security Act, as amended), and  
202 which shall in no event be less than seventy percent (70%) of the  
203 adjusted Medicare payment established on January 1, 1994.

204 (7) (a) Home health services for eligible persons, not  
205 to exceed in cost the prevailing cost of nursing facility  
206 services, not to exceed sixty (60) visits per year. All home  
207 health visits must be precertified as required by the division.

208 (b) Repealed.

209 (8) Emergency medical transportation services. On  
210 January 1, 1994, emergency medical transportation services shall  
211 be reimbursed at seventy percent (70%) of the rate established  
212 under Medicare (Title XVIII of the Social Security Act, as  
213 amended). "Emergency medical transportation services" shall mean,  
214 but shall not be limited to, the following services by a properly  
215 permitted ambulance operated by a properly licensed provider in  
216 accordance with the Emergency Medical Services Act of 1974  
217 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced  
218 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,  
219 (vi) disposable supplies, (vii) similar services.

220 (9) \* \* \* Legend and other drugs as may be determined  
221 by the division. The division may implement a program of prior  
222 approval for drugs to the extent permitted by law. Payment by the  
223 division for covered multiple source drugs shall be limited to the  
224 lower of the upper limits established and published by the Centers  
225 for Medicare and Medicaid Services (CMS) plus a dispensing fee, or

226 the estimated acquisition cost (EAC) plus a dispensing fee, or the  
227 providers' usual and customary charge to the general public. The  
228 division shall allow seven (7) prescriptions per month for each  
229 noninstitutionalized Medicaid recipient; however, after a  
230 noninstitutionalized or institutionalized recipient has received  
231 five (5) prescriptions in any month, each additional prescription  
232 during that month must have the prior approval of the division.  
233 The division shall not reimburse for any portion of a prescription  
234 that exceeds a thirty-four-day supply of the drug based on the  
235 daily dosage.

236 Payment for other covered drugs, other than multiple source  
237 drugs with CMS upper limits, shall not exceed the lower of the  
238 estimated acquisition cost plus a dispensing fee or the providers'  
239 usual and customary charge to the general public.

240 Payment for nonlegend or over-the-counter drugs covered on  
241 the division's formulary shall be reimbursed at the lower of the  
242 division's estimated shelf price or the providers' usual and  
243 customary charge to the general public. No dispensing fee shall  
244 be paid.

245 The dispensing fee for each new or refill prescription shall  
246 be Three Dollars and Ninety-one Cents (\$3.91).

247 The Medicaid provider shall not prescribe, the Medicaid  
248 pharmacy shall not bill, and the division shall not reimburse for  
249 name brand drugs if there are equally effective generic  
250 equivalents available and if the generic equivalents are the least  
251 expensive.

252 The division shall develop and implement a program of payment  
253 for additional pharmacist services, with payment to be based on  
254 demonstrated savings, but in no case shall the total payment  
255 exceed twice the amount of the dispensing fee.

256 All claims for drugs for dually eligible Medicare/Medicaid  
257 beneficiaries that are paid for by Medicare must be submitted to

258 Medicare for payment before they may be processed by the  
259 division's on-line payment system.

260 The division shall develop a pharmacy policy in which drugs  
261 in tamper-resistant packaging that are prescribed for a resident  
262 of a nursing facility but are not dispensed to the resident shall  
263 be returned to the pharmacy and not billed to Medicaid, in  
264 accordance with guidelines of the State Board of Pharmacy.

265 The division shall not establish any limits on, or restrict  
266 by any prior authorization, any prescription drug, laboratory or  
267 diagnostic test as prescribed and determined to be medically  
268 necessary for the treatment and prevention of HIV/AIDS or  
269 Hepatitis C by a physician or other health care provider licensed  
270 by the State of Mississippi. Prescription drugs excluded from any  
271 formulary limits or restrictions shall include, at a minimum, the  
272 following classes:

273 (a) Anti-retroviral medications, including, but not  
274 limited to, protease inhibitors, non-nucleoside reverse  
275 transcriptase inhibitors, nucleoside reverse transcriptase  
276 inhibitors, antivirals and fusion inhibitors;

277 (b) All medications prescribed for HIV/AIDS for a  
278 person diagnosed with HIV/AIDS illness;

279 (c) All medications prescribed for a person diagnosed  
280 with Hepatitis C;

281 (d) All medications prescribed for a person diagnosed  
282 with End State Renal Disease.

283 The division shall make all of the exemptions and exclusions  
284 from formulary limitations specified in the preceding paragraph  
285 applicable to agencies, departments and programs under its  
286 jurisdiction.

287 As used in this paragraph (9), "estimated acquisition cost"  
288 means twelve percent (12%) less than the average wholesale price  
289 for a drug.

290 \* \* \*

291           (10) Dental care that is an adjunct to treatment of an  
292 acute medical or surgical condition; services of oral surgeons and  
293 dentists in connection with surgery related to the jaw or any  
294 structure contiguous to the jaw or the reduction of any fracture  
295 of the jaw or any facial bone; and emergency dental extractions  
296 and treatment related thereto. On July 1, 1999, all fees for  
297 dental care and surgery under authority of this paragraph (10)  
298 shall be increased to one hundred sixty percent (160%) of the  
299 amount of the reimbursement rate that was in effect on June 30,  
300 1999. It is the intent of the Legislature to encourage more  
301 dentists to participate in the Medicaid program.

302           (11) Eyeglasses for all Medicaid beneficiaries who have  
303 (a) had surgery on the eyeball or ocular muscle that results in a  
304 vision change for which eyeglasses or a change in eyeglasses is  
305 medically indicated within six (6) months of the surgery and is in  
306 accordance with policies established by the division, or (b) one  
307 (1) pair every five (5) years and in accordance with policies  
308 established by the division. In either instance, the eyeglasses  
309 must be prescribed by a physician skilled in diseases of the eye  
310 or an optometrist, whichever the beneficiary may select.

311           (12) Intermediate care facility services.

312           (a) The division shall make full payment to all  
313 intermediate care facilities for the mentally retarded for each  
314 day, not exceeding eighty-four (84) days per year, that a patient  
315 is absent from the facility on home leave. Payment may be made  
316 for the following home leave days in addition to the  
317 eighty-four-day limitation: Christmas, the day before Christmas,  
318 the day after Christmas, Thanksgiving, the day before Thanksgiving  
319 and the day after Thanksgiving.

320           (b) All state-owned intermediate care facilities  
321 for the mentally retarded shall be reimbursed on a full reasonable  
322 cost basis.

323           (13) Family planning services, including drugs,  
324 supplies and devices, when those services are under the  
325 supervision of a physician.

326           (14) Clinic services. Such diagnostic, preventive,  
327 therapeutic, rehabilitative or palliative services furnished to an  
328 outpatient by or under the supervision of a physician or dentist  
329 in a facility that is not a part of a hospital but that is  
330 organized and operated to provide medical care to outpatients.  
331 Clinic services shall include any services reimbursed as  
332 outpatient hospital services that may be rendered in such a  
333 facility, including those that become so after July 1, 1991. On  
334 July 1, 1999, all fees for physicians' services reimbursed under  
335 authority of this paragraph (14) shall be reimbursed at ninety  
336 percent (90%) of the rate established on January 1, 1999, and as  
337 adjusted each January thereafter, under Medicare (Title XVIII of  
338 the Social Security Act, as amended), and which shall in no event  
339 be less than seventy percent (70%) of the rate established on  
340 January 1, 1994. All fees for physicians' services that are  
341 covered by both Medicare and Medicaid shall be reimbursed at ten  
342 percent (10%) of the adjusted Medicare payment established on  
343 January 1, 1999, and as adjusted each January thereafter, under  
344 Medicare (Title XVIII of the Social Security Act, as amended), and  
345 which shall in no event be less than seventy percent (70%) of the  
346 adjusted Medicare payment established on January 1, 1994. On July  
347 1, 1999, all fees for dentists' services reimbursed under  
348 authority of this paragraph (14) shall be increased to one hundred  
349 sixty percent (160%) of the amount of the reimbursement rate that  
350 was in effect on June 30, 1999.

351           (15) Home- and community-based services, as provided  
352 under Title XIX of the federal Social Security Act, as amended,  
353 under waivers, subject to the availability of funds specifically  
354 appropriated therefor by the Legislature. Payment for those  
355 services shall be limited to individuals who would be eligible for

356 and would otherwise require the level of care provided in a  
357 nursing facility. The home- and community-based services  
358 authorized under this paragraph shall be expanded over a five-year  
359 period beginning July 1, 1999. The division shall certify case  
360 management agencies to provide case management services and  
361 provide for home- and community-based services for eligible  
362 individuals under this paragraph. The home- and community-based  
363 services under this paragraph and the activities performed by  
364 certified case management agencies under this paragraph shall be  
365 funded using state funds that are provided from the appropriation  
366 to the Division of Medicaid and used to match federal funds.

367 (16) Mental health services. Approved therapeutic and  
368 case management services (a) provided by an approved regional  
369 mental health/retardation center established under Sections  
370 41-19-31 through 41-19-39, or by another community mental health  
371 service provider meeting the requirements of the Department of  
372 Mental Health to be an approved mental health/retardation center  
373 if determined necessary by the Department of Mental Health, using  
374 state funds that are provided from the appropriation to the State  
375 Department of Mental Health and/or funds transferred to the  
376 department by a political subdivision or instrumentality of the  
377 state and used to match federal funds under a cooperative  
378 agreement between the division and the department, or (b) provided  
379 by a facility that is certified by the State Department of Mental  
380 Health to provide therapeutic and case management services, to be  
381 reimbursed on a fee for service basis, or (c) provided in the  
382 community by a facility or program operated by the Department of  
383 Mental Health. Any such services provided by a facility described  
384 in subparagraph (b) must have the prior approval of the division  
385 to be reimbursable under this section. After June 30, 1997,  
386 mental health services provided by regional mental  
387 health/retardation centers established under Sections 41-19-31  
388 through 41-19-39, or by hospitals as defined in Section 41-9-3(a)

389 and/or their subsidiaries and divisions, or by psychiatric  
390 residential treatment facilities as defined in Section 43-11-1, or  
391 by another community mental health service provider meeting the  
392 requirements of the Department of Mental Health to be an approved  
393 mental health/retardation center if determined necessary by the  
394 Department of Mental Health, shall not be included in or provided  
395 under any capitated managed care pilot program provided for under  
396 paragraph (24) of this section.

397 (17) Durable medical equipment services and medical  
398 supplies. Precertification of durable medical equipment and  
399 medical supplies must be obtained as required by the division.  
400 The Division of Medicaid may require durable medical equipment  
401 providers to obtain a surety bond in the amount and to the  
402 specifications as established by the Balanced Budget Act of 1997.

403 (18) (a) Notwithstanding any other provision of this  
404 section to the contrary, the division shall make additional  
405 reimbursement to hospitals that serve a disproportionate share of  
406 low-income patients and that meet the federal requirements for  
407 those payments as provided in Section 1923 of the federal Social  
408 Security Act and any applicable regulations. However, from and  
409 after January 1, 1999, no public hospital shall participate in the  
410 Medicaid disproportionate share program unless the public hospital  
411 participates in an intergovernmental transfer program as provided  
412 in Section 1903 of the federal Social Security Act and any  
413 applicable regulations. Administration and support for  
414 participating hospitals shall be provided by the Mississippi  
415 Hospital Association.

416 (b) The division shall establish a Medicare Upper  
417 Payment Limits Program, as defined in Section 1902(a)(30) of the  
418 federal Social Security Act and any applicable federal  
419 regulations, for hospitals, and may establish a Medicare Upper  
420 Payments Limits Program for nursing facilities. The division  
421 shall assess each hospital and, if the program is established for

422 nursing facilities, shall assess each nursing facility, for the  
423 sole purpose of financing the state portion of the Medicare Upper  
424 Payment Limits Program. This assessment shall be based on  
425 Medicaid utilization, or other appropriate method consistent with  
426 federal regulations, and will remain in effect as long as the  
427 state participates in the Medicare Upper Payment Limits Program.

688 prevent the division from changing the payments or rates of  
689 reimbursement to providers without an amendment to this section  
690 whenever those changes are required by federal law or regulation,  
691 or whenever those changes are necessary to correct administrative  
692 errors or omissions in calculating those payments or rates of  
693 reimbursement.

694 Notwithstanding any provision of this article, no new groups  
695 or categories of recipients and new types of care and services may

698 without enabling legislation when the addition of recipients or  
699 services is ordered by a court of proper authority. The executive  
700 director shall keep the Governor advised on a timely basis of the  
701 funds available for expenditure and the projected expenditures.  
702 If current or projected expenditures of the division can be  
703 reasonably anticipated to exceed the amounts appropriated for any  
704 fiscal year, the Governor, after consultation with the executive  
705 director, shall discontinue any or all of the payment of the types  
706 of care and services as provided in this section that are deemed  
707 to be optional services under Title XIX of the federal Social  
708 Security Act, as amended, for any period necessary to not exceed  
709 appropriated funds, and when necessary shall institute any other  
710 cost containment measures on any program or programs authorized  
711 under the article to the extent allowed under the federal law  
712 governing that program or programs, it being the intent of the  
713 Legislature that expenditures during any fiscal year shall not  
714 exceed the amounts appropriated for that fiscal year.

720 documents and other records as prescribed by the Division of  
721 Medicaid in substantiation of its cost reports for a period of  
722 three (3) years after the date of submission to the Division of  
723 Medicaid of an original cost report, or three (3) years after the  
724 date of submission to the Division of Medicaid of an amended cost  
725 report.

726 This section shall stand repealed on July 1, 2004.

727 **SECTION 2.** This act shall take effect and be in force from  
728 and after July 1, 2003.
