SENATE BILL NO. 2103

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,  
2 TO PROVIDE THAT MENTAL HEALTH COUNSELING SERVICES PROVIDED BY A  
3 LICENSED PROFESSIONAL COUNSELOR (LPC) SHALL BE REIMBURSABLE UNDER  
4 THE MEDICAID PROGRAM; AND FOR RELATED PURPOSES.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI.

6 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is  
7 amended as follows:

8 43-13-117. Medicaid as authorized by this article shall  
9 include payment of part or all of the costs, at the discretion of  
10 the division or its successor, with approval of the Governor, of  
11 the following types of care and services rendered to eligible  
12 applicants who have been determined to be eligible for that care  
13 and services, within the limits of state appropriations and  
14 federal matching funds:

15 (1) Inpatient hospital services.

16 (a) The division shall allow thirty (30) days of  
17 inpatient hospital care annually for all Medicaid recipients.  
18 Precertification of inpatient days must be obtained as required by  
19 the division. The division may allow unlimited days in  
20 disproportionate hospitals as defined by the division for eligible  
21 infants under the age of six (6) years if certified as medically  
22 necessary as required by the division.

23 (b) From and after July 1, 1994, the Executive  
24 Director of the Division of Medicaid shall amend the Mississippi  
25 Title XIX Inpatient Hospital Reimbursement Plan to remove the  
26 occupancy rate penalty from the calculation of the Medicaid  
27 Capital Cost Component utilized to determine total hospital costs  
28 allocated to the Medicaid program.

29 (c) Hospitals will receive an additional payment  
30 for the implantable programmable baclofen drug pump used to treat  
31 spasticity which is implanted on an inpatient basis. The payment  
32 pursuant to written invoice will be in addition to the facility's  
33 per diem reimbursement and will represent a reduction of costs on  
34 the facility's annual cost report, and shall not exceed Ten  
35 Thousand Dollars (\$10,000.00) per year per recipient. This  
36 subparagraph (c) shall stand repealed on July 1, 2005.

37 (2) Outpatient hospital services. Where the same  
38 services are reimbursed as clinic services, the division may  
39 revise the rate or methodology of outpatient reimbursement to  
40 maintain consistency, efficiency, economy and quality of care.

41 (3) Laboratory and x-ray services.

42 (4) Nursing facility services.

43 (a) The division shall make full payment to  
44 nursing facilities for each day, not exceeding fifty-two (52) days  
45 per year, that a patient is absent from the facility on home  
46 leave. Payment may be made for the following home leave days in  
47 addition to the fifty-two-day limitation: Christmas, the day  
48 before Christmas, the day after Christmas, Thanksgiving, the day  
49 before Thanksgiving and the day after Thanksgiving.

50 (b) From and after July 1, 1997, the division  
51 shall implement the integrated case-mix payment and quality  
52 monitoring system, which includes the fair rental system for  
53 property costs and in which recapture of depreciation is  
54 eliminated. The division may reduce the payment for hospital  
55 leave and therapeutic home leave days to the lower of the case-mix  
56 category as computed for the resident on leave using the  
57 assessment being utilized for payment at that point in time, or a  
58 case-mix score of 1.000 for nursing facilities, and shall compute  
59 case-mix scores of residents so that only services provided at the  
60 nursing facility are considered in calculating a facility's per  
61 diem.

62           During the period between May 1, 2002, and December 1, 2002,  
63 the Chairmen of the Public Health and Welfare Committees of the  
64 Senate and the House of Representatives may appoint a joint study  
65 committee to consider the issue of setting uniform reimbursement  
66 rates for nursing facilities. The study committee will consist of  
67 the Chairmen of the Public Health and Welfare Committees, three  
68 (3) members of the Senate and three (3) members of the House. The  
69 study committee shall complete its work in not more than three (3)  
70 meetings.

71                           (c) From and after July 1, 1997, all state-owned  
72 nursing facilities shall be reimbursed on a full reasonable cost  
73 basis.

74                           (d) When a facility of a category that does not  
75 require a certificate of need for construction and that could not  
76 be eligible for Medicaid reimbursement is constructed to nursing  
77 facility specifications for licensure and certification, and the  
78 facility is subsequently converted to a nursing facility under a  
79 certificate of need that authorizes conversion only and the  
80 applicant for the certificate of need was assessed an application  
81 review fee based on capital expenditures incurred in constructing  
82 the facility, the division shall allow reimbursement for capital  
83 expenditures necessary for construction of the facility that were  
84 incurred within the twenty-four (24) consecutive calendar months  
85 immediately preceding the date that the certificate of need  
86 authorizing the conversion was issued, to the same extent that  
87 reimbursement would be allowed for construction of a new nursing  
88 facility under a certificate of need that authorizes that  
89 construction. The reimbursement authorized in this subparagraph  
90 (d) may be made only to facilities the construction of which was  
91 completed after June 30, 1989. Before the division shall be  
92 authorized to make the reimbursement authorized in this  
93 subparagraph (d), the division first must have received approval  
94 from the Health Care Financing Administration of the United States

95 Department of Health and Human Services of the change in the state  
96 Medicaid plan providing for the reimbursement.

97 (e) The division shall develop and implement, not  
98 later than January 1, 2001, a case-mix payment add-on determined  
99 by time studies and other valid statistical data that will  
100 reimburse a nursing facility for the additional cost of caring for  
101 a resident who has a diagnosis of Alzheimer's or other related  
102 dementia and exhibits symptoms that require special care. Any  
103 such case-mix add-on payment shall be supported by a determination  
104 of additional cost. The division shall also develop and implement  
105 as part of the fair rental reimbursement system for nursing  
106 facility beds, an Alzheimer's resident bed depreciation enhanced  
107 reimbursement system that will provide an incentive to encourage  
108 nursing facilities to convert or construct beds for residents with  
109 Alzheimer's or other related dementia.

110 (f) The Division of Medicaid shall develop and  
111 implement a referral process for long-term care alternatives for  
112 Medicaid beneficiaries and applicants. No Medicaid beneficiary  
113 shall be admitted to a Medicaid-certified nursing facility unless  
114 a licensed physician certifies that nursing facility care is  
115 appropriate for that person on a standardized form to be prepared  
116 and provided to nursing facilities by the Division of Medicaid.  
117 The physician shall forward a copy of that certification to the  
118 Division of Medicaid within twenty-four (24) hours after it is  
119 signed by the physician. Any physician who fails to forward the  
120 certification to the Division of Medicaid within the time period  
121 specified in this paragraph shall be ineligible for Medicaid  
122 reimbursement for any physician's services performed for the  
123 applicant. The Division of Medicaid shall determine, through an  
124 assessment of the applicant conducted within two (2) business days  
125 after receipt of the physician's certification, whether the  
126 applicant also could live appropriately and cost-effectively at  
127 home or in some other community-based setting if home- or

128 community-based services were available to the applicant. The  
129 time limitation prescribed in this paragraph shall be waived in  
130 cases of emergency. If the Division of Medicaid determines that a  
131 home- or other community-based setting is appropriate and  
132 cost-effective, the division shall:

133 (i) Advise the applicant or the applicant's  
134 legal representative that a home- or other community-based setting  
135 is appropriate;

136 (ii) Provide a proposed care plan and inform  
137 the applicant or the applicant's legal representative regarding  
138 the degree to which the services in the care plan are available in  
139 a home- or in other community-based setting rather than nursing  
140 facility care; and

141 (iii) Explain that the plan and services are  
142 available only if the applicant or the applicant's legal  
143 representative chooses a home- or community-based alternative to  
144 nursing facility care, and that the applicant is free to choose  
145 nursing facility care.

146 The Division of Medicaid may provide the services described  
147 in this subparagraph (f) directly or through contract with case  
148 managers from the local Area Agencies on Aging, and shall  
149 coordinate long-term care alternatives to avoid duplication with  
150 hospital discharge planning procedures.

151 Placement in a nursing facility may not be denied by the  
152 division if home- or community-based services that would be more  
153 appropriate than nursing facility care are not actually available,  
154 or if the applicant chooses not to receive the appropriate home-  
155 or community-based services.

156 The division shall provide an opportunity for a fair hearing  
157 under federal regulations to any applicant who is not given the  
158 choice of home- or community-based services as an alternative to  
159 institutional care.

160 The division shall make full payment for long-term care  
161 alternative services.

162 The division shall apply for necessary federal waivers to  
163 assure that additional services providing alternatives to nursing  
164 facility care are made available to applicants for nursing  
165 facility care.

166 (5) Periodic screening and diagnostic services for  
167 individuals under age twenty-one (21) years as are needed to  
168 identify physical and mental defects and to provide health care  
169 treatment and other measures designed to correct or ameliorate  
170 defects and physical and mental illness and conditions discovered  
171 by the screening services regardless of whether these services are  
172 included in the state plan. The division may include in its  
173 periodic screening and diagnostic program those discretionary  
174 services authorized under the federal regulations adopted to  
175 implement Title XIX of the federal Social Security Act, as  
176 amended. The division, in obtaining physical therapy services,  
177 occupational therapy services, and services for individuals with  
178 speech, hearing and language disorders, may enter into a  
179 cooperative agreement with the State Department of Education for  
180 the provision of those services to handicapped students by public  
181 school districts using state funds that are provided from the  
182 appropriation to the Department of Education to obtain federal  
183 matching funds through the division. The division, in obtaining  
184 medical and psychological evaluations for children in the custody  
185 of the State Department of Human Services may enter into a  
186 cooperative agreement with the State Department of Human Services  
187 for the provision of those services using state funds that are  
188 provided from the appropriation to the Department of Human  
189 Services to obtain federal matching funds through the division.

190 (6) Physician's services. The division shall allow  
191 twelve (12) physician visits annually. All fees for physicians'  
192 services that are covered only by Medicaid shall be reimbursed at

193 ninety percent (90%) of the rate established on January 1, 1999,  
194 and as adjusted each January thereafter, under Medicare (Title  
195 XVIII of the Social Security Act, as amended), and which shall in  
196 no event be less than seventy percent (70%) of the rate  
197 established on January 1, 1994. All fees for physicians' services  
198 that are covered by both Medicare and Medicaid shall be reimbursed  
199 at ten percent (10%) of the adjusted Medicare payment established  
200 on January 1, 1999, and as adjusted each January thereafter, under  
201 Medicare (Title XVIII of the Social Security Act, as amended), and  
202 which shall in no event be less than seventy percent (70%) of the  
203 adjusted Medicare payment established on January 1, 1994.

204 (7) (a) Home health services for eligible persons, not  
205 to exceed in cost the prevailing cost of nursing facility  
206 services, not to exceed sixty (60) visits per year. All home  
207 health visits must be precertified as required by the division.

208 (b) Repealed.

209 (8) Emergency medical transportation services. On  
210 January 1, 1994, emergency medical transportation services shall  
211 be reimbursed at seventy percent (70%) of the rate established  
212 under Medicare (Title XVIII of the Social Security Act, as  
213 amended). "Emergency medical transportation services" shall mean,  
214 but shall not be limited to, the following services by a properly  
215 permitted ambulance operated by a properly licensed provider in  
216 accordance with the Emergency Medical Services Act of 1974  
217 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced  
218 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,  
219 (vi) disposable supplies, (vii) similar services.

220 (9) (a) Legend and other drugs as may be determined by  
221 the division. The division shall opt out of the federal drug  
222 rebate program and shall create a closed drug formulary as soon as  
223 practicable after April 12, 2002. Drugs included on the formulary  
224 will be those with the lowest and best price as determined through  
225 a bidding process. The division may implement a program of prior

226 approval for drugs to the extent permitted by law. The division  
227 shall allow seven (7) prescriptions per month for each  
228 noninstitutionalized Medicaid recipient; however, after a  
229 noninstitutionalized or institutionalized recipient has received  
230 five (5) prescriptions in any month, each additional prescription  
231 during that month must have the prior approval of the division.  
232 The division shall not reimburse for any portion of a prescription  
233 that exceeds a thirty-four-day supply of the drug based on the  
234 daily dosage.

235 The dispensing fee for each new or refill prescription shall  
236 be Three Dollars and Ninety-one Cents (\$3.91).

237 The division shall develop and implement a program of payment  
238 for additional pharmacist services, with payment to be based on  
239 demonstrated savings, but in no case shall the total payment  
240 exceed twice the amount of the dispensing fee.

241 All claims for drugs for dually eligible Medicare/Medicaid  
242 beneficiaries that are paid for by Medicare must be submitted to  
243 Medicare for payment before they may be processed by the  
244 division's on-line payment system.

245 The division shall develop a pharmacy policy in which drugs  
246 in tamper-resistant packaging that are prescribed for a resident  
247 of a nursing facility but are not dispensed to the resident shall  
248 be returned to the pharmacy and not billed to Medicaid, in  
249 accordance with guidelines of the State Board of Pharmacy.

250 (b) Legend and other drugs as may be determined by  
251 the division. The division may implement a program of prior  
252 approval for drugs to the extent permitted by law. Payment by the  
253 division for covered multiple source drugs shall be limited to the  
254 lower of the upper limits established and published by the Centers  
255 for Medicare and Medicaid Services (CMS) plus a dispensing fee, or  
256 the estimated acquisition cost (EAC) plus a dispensing fee, or the  
257 providers' usual and customary charge to the general public. The  
258 division shall allow seven (7) prescriptions per month for each

259 noninstitutionalized Medicaid recipient; however, after a  
260 noninstitutionalized or institutionalized recipient has received  
261 five (5) prescriptions in any month, each additional prescription  
262 during that month must have the prior approval of the division.  
263 The division shall not reimburse for any portion of a prescription  
264 that exceeds a thirty-four-day supply of the drug based on the  
265 daily dosage.

266 Payment for other covered drugs, other than multiple source  
267 drugs with CMS upper limits, shall not exceed the lower of the  
268 estimated acquisition cost plus a dispensing fee or the providers'  
269 usual and customary charge to the general public.

270 Payment for nonlegend or over-the-counter drugs covered on  
271 the division's formulary shall be reimbursed at the lower of the  
272 division's estimated shelf price or the providers' usual and  
273 customary charge to the general public. No dispensing fee shall  
274 be paid.

275 The dispensing fee for each new or refill prescription shall  
276 be Three Dollars and Ninety-one Cents (\$3.91).

277 The Medicaid provider shall not prescribe, the Medicaid  
278 pharmacy shall not bill, and the division shall not reimburse for  
279 name brand drugs if there are equally effective generic  
280 equivalents available and if the generic equivalents are the least  
281 expensive.

282 The division shall develop and implement a program of payment  
283 for additional pharmacist services, with payment to be based on  
284 demonstrated savings, but in no case shall the total payment  
285 exceed twice the amount of the dispensing fee.

286 All claims for drugs for dually eligible Medicare/Medicaid  
287 beneficiaries that are paid for by Medicare must be submitted to  
288 Medicare for payment before they may be processed by the  
289 division's on-line payment system.

290 The division shall develop a pharmacy policy in which drugs  
291 in tamper-resistant packaging that are prescribed for a resident

292 of a nursing facility but are not dispensed to the resident shall  
293 be returned to the pharmacy and not billed to Medicaid, in  
294 accordance with guidelines of the State Board of Pharmacy.

295 As used in this paragraph (9), "estimated acquisition cost"  
296 means twelve percent (12%) less than the average wholesale price  
297 for a drug.

298 (c) The division may operate the drug program  
299 under the provisions of subparagraph (b) until the closed drug  
300 formulary required by subparagraph (a) is established and  
301 implemented. Subparagraph (a) of this paragraph (9) shall stand  
302 repealed on July 1, 2003.

303 (10) Dental care that is an adjunct to treatment of an  
304 acute medical or surgical condition; services of oral surgeons and  
305 dentists in connection with surgery related to the jaw or any  
306 structure contiguous to the jaw or the reduction of any fracture  
307 of the jaw or any facial bone; and emergency dental extractions  
308 and treatment related thereto. On July 1, 1999, all fees for  
309 dental care and surgery under authority of this paragraph (10)  
310 shall be increased to one hundred sixty percent (160%) of the  
311 amount of the reimbursement rate that was in effect on June 30,  
312 1999. It is the intent of the Legislature to encourage more  
313 dentists to participate in the Medicaid program.

314 (11) Eyeglasses for all Medicaid beneficiaries who have  
315 (a) had surgery on the eyeball or ocular muscle that results in a  
316 vision change for which eyeglasses or a change in eyeglasses is  
317 medically indicated within six (6) months of the surgery and is in  
318 accordance with policies established by the division, or (b) one  
319 (1) pair every five (5) years and in accordance with policies  
320 established by the division. In either instance, the eyeglasses  
321 must be prescribed by a physician skilled in diseases of the eye  
322 or an optometrist, whichever the beneficiary may select.

323 (12) Intermediate care facility services.

324 (a) The division shall make full payment to all  
325 intermediate care facilities for the mentally retarded for each  
326 day, not exceeding eighty-four (84) days per year, that a patient  
327 is absent from the facility on home leave. Payment may be made  
328 for the following home leave days in addition to the  
329 eighty-four-day limitation: Christmas, the day before Christmas,  
330 the day after Christmas, Thanksgiving, the day before Thanksgiving  
331 and the day after Thanksgiving.

332 (b) All state-owned intermediate care facilities  
333 for the mentally retarded shall be reimbursed on a full reasonable  
334 cost basis.

335 (13) Family planning services, including drugs,  
336 supplies and devices, when those services are under the  
337 supervision of a physician.

338 (14) Clinic services. Such diagnostic, preventive,  
339 therapeutic, rehabilitative or palliative services furnished to an  
340 outpatient by or under the supervision of a physician or dentist  
341 in a facility that is not a part of a hospital but that is  
342 organized and operated to provide medical care to outpatients.  
343 Clinic services shall include any services reimbursed as  
344 outpatient hospital services that may be rendered in such a  
345 facility, including those that become so after July 1, 1991. On  
346 July 1, 1999, all fees for physicians' services reimbursed under  
347 authority of this paragraph (14) shall be reimbursed at ninety  
348 percent (90%) of the rate established on January 1, 1999, and as  
349 adjusted each January thereafter, under Medicare (Title XVIII of  
350 the Social Security Act, as amended), and which shall in no event  
351 be less than seventy percent (70%) of the rate established on  
352 January 1, 1994. All fees for physicians' services that are  
353 covered by both Medicare and Medicaid shall be reimbursed at ten  
354 percent (10%) of the adjusted Medicare payment established on  
355 January 1, 1999, and as adjusted each January thereafter, under  
356 Medicare (Title XVIII of the Social Security Act, as amended), and

357 which shall in no event be less than seventy percent (70%) of the  
358 adjusted Medicare payment established on January 1, 1994. On July  
359 1, 1999, all fees for dentists' services reimbursed under  
360 authority of this paragraph (14) shall be increased to one hundred  
361 sixty percent (160%) of the amount of the reimbursement rate that  
362 was in effect on June 30, 1999.

363 (15) Home- and community-based services, as provided  
364 under Title XIX of the federal Social Security Act, as amended,  
365 under waivers, subject to the availability of funds specifically  
366 appropriated therefor by the Legislature. Payment for those  
367 services shall be limited to individuals who would be eligible for  
368 and would otherwise require the level of care provided in a  
369 nursing facility. The home- and community-based services  
370 authorized under this paragraph shall be expanded over a five-year  
371 period beginning July 1, 1999. The division shall certify case  
372 management agencies to provide case management services and  
373 provide for home- and community-based services for eligible  
374 individuals under this paragraph. The home- and community-based  
375 services under this paragraph and the activities performed by  
376 certified case management agencies under this paragraph shall be  
377 funded using state funds that are provided from the appropriation  
378 to the Division of Medicaid and used to match federal funds.

379 (16) Mental health services. Approved therapeutic and  
380 case management services (a) provided by an approved regional  
381 mental health/retardation center established under Sections  
382 41-19-31 through 41-19-39, or by another community mental health  
383 service provider meeting the requirements of the Department of  
384 Mental Health to be an approved mental health/retardation center  
385 if determined necessary by the Department of Mental Health, using  
386 state funds that are provided from the appropriation to the State  
387 Department of Mental Health and/or funds transferred to the  
388 department by a political subdivision or instrumentality of the  
389 state and used to match federal funds under a cooperative

390 agreement between the division and the department, or (b) provided  
391 by a facility that is certified by the State Department of Mental  
392 Health to provide therapeutic and case management services, to be  
393 reimbursed on a fee for service basis, or (c) provided in the  
394 community by a facility or program operated by the Department of  
395 Mental Health. Any such services provided by a facility described  
396 in subparagraph (b) must have the prior approval of the division  
397 to be reimbursable under this section. After June 30, 1997,  
398 mental health services provided by regional mental  
399 health/retardation centers established under Sections 41-19-31  
400 through 41-19-39, or by hospitals as defined in Section 41-9-3(a)  
401 and/or their subsidiaries and divisions, or by psychiatric  
402 residential treatment facilities as defined in Section 43-11-1, or  
403 by another community mental health service provider meeting the  
404 requirements of the Department of Mental Health to be an approved  
405 mental health/retardation center if determined necessary by the  
406 Department of Mental Health, shall not be included in or provided  
407 under any capitated managed care pilot program provided for under  
408 paragraph (24) of this section.

409 (17) Durable medical equipment services and medical  
410 supplies. Precertification of durable medical equipment and  
411 medical supplies must be obtained as required by the division.  
412 The Division of Medicaid may require durable medical equipment  
413 providers to obtain a surety bond in the amount and to the  
414 specifications as established by the Balanced Budget Act of 1997.

415 (18) (a) Notwithstanding any other provision of this  
416 section to the contrary, the division shall make additional  
417 reimbursement to hospitals that serve a disproportionate share of  
418 low-income patients and that meet the federal requirements for  
419 those payments as provided in Section 1923 of the federal Social  
420 Security Act and any applicable regulations. However, from and  
421 after January 1, 1999, no public hospital shall participate in the  
422 Medicaid disproportionate share program unless the public hospital

423 participates in an intergovernmental transfer program as provided  
424 in Section 1903 of the federal Social Security Act and any  
425 applicable regulations. Administration and support for  
426 participating hospitals shall be provided by the Mississippi  
427 Hospital Association.

428 (b) The division shall establish a Medicare Upper

689 district transfers to the division a sum equal to the amount of  
690 the reduction in reimbursement that would otherwise be made for  
691 those services under this paragraph.

692 Notwithstanding any provision of this article, except as  
693 authorized in the following paragraph and in Section 43-13-139,

700 unless they are authorized by an amendment to this section by the  
701 Legislature. However, the restriction in this paragraph shall not  
702 prevent the division from changing the payments or rates of  
703 reimbursement to providers without an amendment to this section  
704 whenever those changes are required by federal law or regulation,  
705 or whenever those changes are necessary to correct administrative  
706 errors or omissions in calculating those payments or rates of  
707 reimbursement.

708 Notwithstanding any provision of this article, no new groups  
709 or categories of recipients and new types of care and services may  
710 be added without enabling legislation from the Mississippi  
711 Legislature, except that the division may authorize those changes  
712 without enabling legislation when the addition of recipients or  
713 services is ordered by a court of proper authority. The executive  
714 director shall keep the Governor advised on a timely basis of the  
715 funds available for expenditure and the projected expenditures.  
716 If current or projected expenditures of the division can be  
717 reasonably anticipated to exceed the amounts appropriated for any  
718 fiscal year, the Governor, after consultation with the executive

719 director, shall discontinue any or all of the payment of the types  
720 of care and services as provided in this section that are deemed  
721 to be optional services under Title XIX of the federal Social  
722 Security Act, as amended, for any period necessary to not exceed  
723 appropriated funds, and when necessary shall institute any other  
724 cost containment measures on any program or programs authorized  
725 under the article to the extent allowed under the federal law  
726 governing that program or programs, it being the intent of the  
727 Legislature that expenditures during any fiscal year shall not  
728 exceed the amounts appropriated for that fiscal year.

729       Notwithstanding any other provision of this article, it shall  
730 be the duty of each nursing facility, intermediate care facility  
731 for the mentally retarded, psychiatric residential treatment  
732 facility, and nursing facility for the severely disabled that is  
733 participating in the Medicaid program to keep and maintain books,  
734 documents and other records as prescribed by the Division of  
735 Medicaid in substantiation of its cost reports for a period of  
736 three (3) years after the date of submission to the Division of  
737 Medicaid of an original cost report, or three (3) years after the  
738 date of submission to the Division of Medicaid of an amended cost  
739 report.

740       This section shall stand repealed on July 1, 2004.

741       **SECTION 2.** This act shall take effect and be in force from  
742 and after July 1, 2003.
