Unused major medical leave in excess of thirty (30) days shall be counted as creditable service for the purposes of the retirement system as provided in Sections 25-11-103 and 25-13-5.
(6) Any officer of the Mississippi Highway Safety Patrol who is injured by wound or accident in the line of duty shall not be required to use earned major medical leave during the period of recovery from such injury.

(7) For the purpose of Sections 25-3-91 through 25-3-99, the earned major medical leave of each employee shall be credited monthly after the completion of each calendar month, and the appointing authority shall not increase the amount of major medical leave to an employee's credit. It shall be unlawful for an appointing authority to grant major medical leave in an amount greater than was earned and accumulated by the officer or employee.

(8) Any employee may donate a portion of his or her earned personal leave or major medical leave to another employee who is suffering from a catastrophic injury or illness, as defined in Section 25-3-91, or to another employee who has a member of his or her immediate family who is suffering from a catastrophic injury or illness, in accordance with the following:

(a) The employee donating the leave (the "donor employee") shall designate the employee who is to receive the leave (the "recipient employee") and the amount of earned personal leave and major medical leave that is to be donated, and shall notify the donor employee's appointing authority or supervisor of his or her designation. The donor employee's appointing authority or supervisor then shall notify the recipient employee's appointing authority or supervisor of the amount of leave that has been donated by the donor employee to the recipient employee.

(b) The maximum amount of earned personal leave that an employee may donate to any other employee may not exceed a number of days that would leave the donor employee with fewer than seven (7) days of personal leave left, and the maximum amount of earned major medical leave that an employee may donate to any other employee may not exceed fifty percent (50%) of the earned major medical leave.
medical leave of the donor employee. All donated leave shall be
in increments of not less than twenty-four (24) hours.

(c) An employee must have exhausted all of his or her
earned personal leave and major medical leave before he or she
will be eligible to receive any leave donated by another employee.

(d) Before an employee may receive donated leave, he or
she must provide his or her appointing authority or supervisor
with a physician's statement that states the beginning date of the
catastrophic injury or illness, a description of the injury or
illness, and a prognosis for recovery and the anticipated date
that the recipient employee will be able to return to work.

(e) If an employee is aggrieved by the decision of his
or her appointing authority that the employee is not eligible to
receive donated leave because the injury or illness of the
employee or member of the employee's immediate family is not, in
the appointing authority's determination, a catastrophic injury or
illness, the employee may appeal the decision to the employee
appeals board.

(f) Beginning on the effective date of Senate Bill No.
2317, 2003 Regular Session, the maximum period of time that an
employee may use donated leave without resuming work at his or her
place of employment is ninety (90) days, which commences on the
first day that the recipient employee uses donated leave. Donated
leave that is not used because a recipient employee has used the
maximum amount of donated leave authorized under this paragraph
shall be returned to the donor employees in the manner provided
under paragraph (g) of this subsection.

(g) If the total amount of leave that is donated to any
employee is not used by the recipient employee, the donated leave
shall be returned to the donor employees on a pro rata basis,
based on the ratio of the number of days of leave donated by each
donor employee to the total number of days of leave donated by all
donor employees.
(h) The failure of any appointing authority or supervisor of any employee to properly deduct an employee's donation of leave to another employee from the donor employee's earned personal leave or major medical leave shall constitute just cause for the dismissal of the appointing authority or supervisor.

(i) No person through the use of coercion, threats or intimidation shall require or attempt to require any employee to donate his or her leave to another employee. Any person who alleges a violation of this paragraph shall report the violation to the executive head of the agency by whom he or she is employed or, if the alleged violator is the executive head of the agency, then the employee shall report the violation to the State Personnel Board. Any person found to have violated this paragraph shall be subject to removal from office or termination of employment.

(j) No employee can donate leave after tendering notice of separation for any reason or after termination.

(k) Recipient employees of agencies with more than five hundred (500) employees as of the effective date of Senate Bill No. 2317, 2003 Regular Session, may receive donated leave only from donor employees within the same agency. A recipient employee in an agency with five hundred (500) or fewer employees as of the effective date of Senate Bill No. 2317, 2003 Regular Session, may receive donated leave from any donor employee.

(l) In order for an employee to be eligible to receive donated leave, the employee must:

(i) Have been employed for a total of at least twelve (12) months by the employer on the date on which the leave is donated; and

(ii) Have been employed for at least one thousand two hundred fifty (1,250) hours of service with such employer during the previous twelve-month period from the date on which the leave is donated.
(m) Donated leave shall not be used in lieu of disability retirement.

(n) For the purposes of this subsection, "immediate family" means spouse, parent, stepparent, sibling, child or stepchild.

(o) This subsection shall stand repealed from and after July 1, 2005.

Conditions that are short-term in nature, including, but not limited to, common illnesses such as influenza and the measles, and common injuries, are not catastrophic. Chronic illnesses or injuries, such as cancer or major surgery, which result in intermittent absences from work and which are long-term in nature and require long recuperation periods may be considered catastrophic.

However, in order for an employee to be eligible to receive donated leave, the employee must meet the requirements provided in Section 25-3-95(8).

(d) "Workday" shall mean a day as defined in Section 25-1-98.

(e) "Temporary employment" means the employment of a person in a temporary or time-limited position not to exceed twelve (12) months.
