53 **SECTION 5.** (1) The Mississippi Rx Senior Patient Assistance
54 Program shall be administered by the division. The division shall
55 promulgate and adopt rules and regulations as are necessary to
56 implement the program in a cost-effective manner and to ensure the
57 program is the payer of last resort for prescription drugs. Rules
58 and regulations shall include the following:

59 (a) Payment assistance shall not exceed a dollar amount
60 established by the division per state fiscal year to assist each
61 eligible person in the purchase of prescription drugs.

62 (b) The division shall establish a state rebate program
63 to collect rebates from pharmaceutical manufacturers in an amount

110 person's most recent federal and state income tax returns and

112 may be verified by submission of such document, as the division
113 deems reasonable.

114 (d) Rules and regulations the division deems necessary
115 to implement the program consistent with the purposes outlined
116 herein and appropriations provided to implement this program.
