SENATE BILL NO. 2486

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,  
2 TO PROVIDE THAT VETERANS MAY PAY A PRICE NOT TO EXCEED THE  
3 MEDICAID REIMBURSEMENT RATE FOR PRESCRIPTION MEDICINES PLUS A  
4 PROCESSING FEE FROM ALL PHARMACISTS PARTICIPATING IN THE MEDICAID  
5 PROGRAM; AND FOR RELATED PURPOSES.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

7 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is  
8 amended as follows:

9 43-13-117. Medicaid as authorized by this article shall  
10 include payment of part or all of the costs, at the discretion of  
11 the division or its successor, with approval of the Governor, of  
12 the following types of care and services rendered to eligible  
13 applicants who have been determined to be eligible for that care  
14 and services, within the limits of state appropriations and  
15 federal matching funds:

16 (1) Inpatient hospital services.

17 (a) The division shall allow thirty (30) days of  
18 inpatient hospital care annually for all Medicaid recipients.  
19 Precertification of inpatient days must be obtained as required by  
20 the division. The division may allow unlimited days in  
21 disproportionate hospitals as defined by the division for eligible  
22 infants under the age of six (6) years if certified as medically  
23 necessary as required by the division.

24 (b) From and after July 1, 1994, the Executive  
25 Director of the Division of Medicaid shall amend the Mississippi  
26 Title XIX Inpatient Hospital Reimbursement Plan to remove the  
27 occupancy rate penalty from the calculation of the Medicaid

28 Capital Cost Component utilized to determine total hospital costs  
29 allocated to the Medicaid program.

30 (c) Hospitals will receive an additional payment  
31 for the implantable programmable baclofen drug pump used to treat  
32 spasticity which is implanted on an inpatient basis. The payment  
33 pursuant to written invoice will be in addition to the facility's  
34 per diem reimbursement and will represent a reduction of costs on  
35 the facility's annual cost report, and shall not exceed Ten  
36 Thousand Dollars (\$10,000.00) per year per recipient. This  
37 subparagraph (c) shall stand repealed on July 1, 2005.

38 (2) Outpatient hospital services. Where the same  
39 services are reimbursed as clinic services, the division may  
40 revise the rate or methodology of outpatient reimbursement to  
41 maintain consistency, efficiency, economy and quality of care.

42 (3) Laboratory and x-ray services.

43 (4) Nursing facility services.

44 (a) The division shall make full payment to  
45 nursing facilities for each day, not exceeding fifty-two (52) days  
46 per year, that a patient is absent from the facility on home  
47 leave. Payment may be made for the following home leave days in  
48 addition to the fifty-two-day limitation: Christmas, the day  
49 before Christmas, the day after Christmas, Thanksgiving, the day  
50 before Thanksgiving and the day after Thanksgiving.

51 (b) From and after July 1, 1997, the division  
52 shall implement the integrated case-mix payment and quality  
53 monitoring system, which includes the fair rental system for  
54 property costs and in which recapture of depreciation is  
55 eliminated. The division may reduce the payment for hospital  
56 leave and therapeutic home leave days to the lower of the case-mix  
57 category as computed for the resident on leave using the  
58 assessment being utilized for payment at that point in time, or a  
59 case-mix score of 1.000 for nursing facilities, and shall compute  
60 case-mix scores of residents so that only services provided at the

61 nursing facility are considered in calculating a facility's per  
62 diem.

63 During the period between May 1, 2002, and December 1, 2002,  
64 the Chairmen of the Public Health and Welfare Committees of the  
65 Senate and the House of Representatives may appoint a joint study  
66 committee to consider the issue of setting uniform reimbursement  
67 rates for nursing facilities. The study committee will consist of  
68 the Chairmen of the Public Health and Welfare Committees, three  
69 (3) members of the Senate and three (3) members of the House. The  
70 study committee shall complete its work in not more than three (3)  
71 meetings.

72 (c) From and after July 1, 1997, all state-owned  
73 nursing facilities shall be reimbursed on a full reasonable cost  
74 basis.

75 (d) When a facility of a category that does not  
76 require a certificate of need for construction and that could not  
77 be eligible for Medicaid reimbursement is constructed to nursing  
78 facility specifications for licensure and certification, and the  
79 facility is subsequently converted to a nursing facility under a  
80 certificate of need that authorizes conversion only and the  
81 applicant for the certificate of need was assessed an application  
82 review fee based on capital expenditures incurred in constructing  
83 the facility, the division shall allow reimbursement for capital  
84 expenditures necessary for construction of the facility that were  
85 incurred within the twenty-four (24) consecutive calendar months  
86 immediately preceding the date that the certificate of need  
87 authorizing the conversion was issued, to the same extent that  
88 reimbursement would be allowed for construction of a new nursing  
89 facility under a certificate of need that authorizes that  
90 construction. The reimbursement authorized in this subparagraph  
91 (d) may be made only to facilities the construction of which was  
92 completed after June 30, 1989. Before the division shall be  
93 authorized to make the reimbursement authorized in this

94 subparagraph (d), the division first must have received approval  
95 from the Health Care Financing Administration of the United States  
96 Department of Health and Human Services of the change in the state  
97 Medicaid plan providing for the reimbursement.

98 (e) The division shall develop and implement, not  
99 later than January 1, 2001, a case-mix payment add-on determined  
100 by time studies and other valid statistical data that will  
101 reimburse a nursing facility for the additional cost of caring for  
102 a resident who has a diagnosis of Alzheimer's or other related  
103 dementia and exhibits symptoms that require special care. Any  
104 such case-mix add-on payment shall be supported by a determination  
105 of additional cost. The division shall also develop and implement  
106 as part of the fair rental reimbursement system for nursing  
107 facility beds, an Alzheimer's resident bed depreciation enhanced  
108 reimbursement system that will provide an incentive to encourage  
109 nursing facilities to convert or construct beds for residents with  
110 Alzheimer's or other related dementia.

111 (f) The Division of Medicaid shall develop and  
112 implement a referral process for long-term care alternatives for  
113 Medicaid beneficiaries and applicants. No Medicaid beneficiary  
114 shall be admitted to a Medicaid-certified nursing facility unless  
115 a licensed physician certifies that nursing facility care is  
116 appropriate for that person on a standardized form to be prepared  
117 and provided to nursing facilities by the Division of Medicaid.  
118 The physician shall forward a copy of that certification to the  
119 Division of Medicaid within twenty-four (24) hours after it is  
120 signed by the physician. Any physician who fails to forward the  
121 certification to the Division of Medicaid within the time period  
122 specified in this paragraph shall be ineligible for Medicaid  
123 reimbursement for any physician's services performed for the  
124 applicant. The Division of Medicaid shall determine, through an  
125 assessment of the applicant conducted within two (2) business days  
126 after receipt of the physician's certification, whether the

127 applicant also could live appropriately and cost-effectively at  
128 home or in some other community-based setting if home- or  
129 community-based services were available to the applicant. The  
130 time limitation prescribed in this subparagraph shall be waived in  
131 cases of emergency. If the Division of Medicaid determines that a  
132 home- or other community-based setting is appropriate and  
133 cost-effective, the division shall:

134 (i) Advise the applicant or the applicant's  
135 legal representative that a home- or other community-based setting  
136 is appropriate;

137 (ii) Provide a proposed care plan and inform  
138 the applicant or the applicant's legal representative regarding  
139 the degree to which the services in the care plan are available in  
140 a home- or in other community-based setting rather than nursing  
141 facility care; and

142 (iii) Explain that the plan and services are  
143 available only if the applicant or the applicant's legal  
144 representative chooses a home- or community-based alternative to  
145 nursing facility care, and that the applicant is free to choose  
146 nursing facility care.

147 The Division of Medicaid may provide the services described  
148 in this subparagraph (f) directly or through contract with case  
149 managers from the local Area Agencies on Aging, and shall  
150 coordinate long-term care alternatives to avoid duplication with  
151 hospital discharge planning procedures.

152 Placement in a nursing facility may not be denied by the  
153 division if home- or community-based services that would be more  
154 appropriate than nursing facility care are not actually available,  
155 or if the applicant chooses not to receive the appropriate home-  
156 or community-based services.

157 The division shall provide an opportunity for a fair hearing  
158 under federal regulations to any applicant who is not given the

159 choice of home- or community-based services as an alternative to  
160 institutional care.

161 The division shall make full payment for long-term care  
162 alternative services.

163 The division shall apply for necessary federal waivers to  
164 assure that additional services providing alternatives to nursing  
165 facility care are made available to applicants for nursing  
166 facility care.

167 (5) Periodic screening and diagnostic services for  
168 individuals under age twenty-one (21) years as are needed to  
169 identify physical and mental defects and to provide health care  
170 treatment and other measures designed to correct or ameliorate  
171 defects and physical and mental illness and conditions discovered  
172 by the screening services regardless of whether these services are  
173 included in the state plan. The division may include in its  
174 periodic screening and diagnostic program those discretionary  
175 services authorized under the federal regulations adopted to  
176 implement Title XIX of the federal Social Security Act, as  
177 amended. The division, in obtaining physical therapy services,  
178 occupational therapy services, and services for individuals with  
179 speech, hearing and language disorders, may enter into a  
180 cooperative agreement with the State Department of Education for  
181 the provision of those services to handicapped students by public  
182 school districts using state funds that are provided from the  
183 appropriation to the Department of Education to obtain federal  
184 matching funds through the division. The division, in obtaining  
185 medical and psychological evaluations for children in the custody  
186 of the State Department of Human Services may enter into a  
187 cooperative agreement with the State Department of Human Services  
188 for the provision of those services using state funds that are  
189 provided from the appropriation to the Department of Human  
190 Services to obtain federal matching funds through the division.

191           (6) Physician's services. The division shall allow  
192 twelve (12) physician visits annually. All fees for physicians'  
193 services that are covered only by Medicaid shall be reimbursed at  
194 ninety percent (90%) of the rate established on January 1, 1999,  
195 and as adjusted each January thereafter, under Medicare (Title  
196 XVIII of the Social Security Act, as amended), and which shall in  
197 no event be less than seventy percent (70%) of the rate  
198 established on January 1, 1994. All fees for physicians' services  
199 that are covered by both Medicare and Medicaid shall be reimbursed  
200 at ten percent (10%) of the adjusted Medicare payment established  
201 on January 1, 1999, and as adjusted each January thereafter, under  
202 Medicare (Title XVIII of the Social Security Act, as amended), and  
203 which shall in no event be less than seventy percent (70%) of the  
204 adjusted Medicare payment established on January 1, 1994.

205           (7) (a) Home health services for eligible persons, not  
206 to exceed in cost the prevailing cost of nursing facility  
207 services, not to exceed sixty (60) visits per year. All home  
208 health visits must be precertified as required by the division.

209                       (b) Repealed.

210           (8) Emergency medical transportation services. On  
211 January 1, 1994, emergency medical transportation services shall  
212 be reimbursed at seventy percent (70%) of the rate established  
213 under Medicare (Title XVIII of the Social Security Act, as  
214 amended). "Emergency medical transportation services" shall mean,  
215 but shall not be limited to, the following services by a properly  
216 permitted ambulance operated by a properly licensed provider in  
217 accordance with the Emergency Medical Services Act of 1974  
218 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced  
219 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,  
220 (vi) disposable supplies, (vii) similar services.

221           (9) (a) Legend and other drugs as may be determined by  
222 the division. The division shall opt out of the federal drug  
223 rebate program and shall create a closed drug formulary as soon as

224 practicable after April 12, 2002. Drugs included on the formulary  
225 will be those with the lowest and best price as determined through  
226 a bidding process. The division may implement a program of prior  
227 approval for drugs to the extent permitted by law. The division  
228 shall allow seven (7) prescriptions per month for each  
229 noninstitutionalized Medicaid recipient; however, after a  
230 noninstitutionalized or institutionalized recipient has received  
231 five (5) prescriptions in any month, each additional prescription  
232 during that month must have the prior approval of the division.  
233 The division shall not reimburse for any portion of a prescription  
234 that exceeds a thirty-four-day supply of the drug based on the  
235 daily dosage.

236         The dispensing fee for each new or refill prescription shall  
237 be Three Dollars and Ninety-one Cents (\$3.91).

238         The division shall develop and implement a program of payment  
239 for additional pharmacist services, with payment to be based on  
240 demonstrated savings, but in no case shall the total payment  
241 exceed twice the amount of the dispensing fee.

242         All claims for drugs for dually eligible Medicare/Medicaid  
243 beneficiaries that are paid for by Medicare must be submitted to  
244 Medicare for payment before they may be processed by the  
245 division's on-line payment system.

246         The division shall develop a pharmacy policy in which drugs  
247 in tamper-resistant packaging that are prescribed for a resident  
248 of a nursing facility but are not dispensed to the resident shall  
249 be returned to the pharmacy and not billed to Medicaid, in  
250 accordance with guidelines of the State Board of Pharmacy.

251                 (b) Legend and other drugs as may be determined by  
252 the division. The division may implement a program of prior  
253 approval for drugs to the extent permitted by law. Payment by the  
254 division for covered multiple source drugs shall be limited to the  
255 lower of the upper limits established and published by the Centers  
256 for Medicare and Medicaid Services (CMS) plus a dispensing fee, or

257 the estimated acquisition cost (EAC) plus a dispensing fee, or the  
258 providers' usual and customary charge to the general public. The  
259 division shall allow seven (7) prescriptions per month for each  
260 noninstitutionalized Medicaid recipient; however, after a  
261 noninstitutionalized or institutionalized recipient has received  
262 five (5) prescriptions in any month, each additional prescription  
263 during that month must have the prior approval of the division.  
264 The division shall not reimburse for any portion of a prescription  
265 that exceeds a thirty-four-day supply of the drug based on the  
266 daily dosage.

267 Payment for other covered drugs, other than multiple source  
268 drugs with CMS upper limits, shall not exceed the lower of the  
269 estimated acquisition cost plus a dispensing fee or the providers'  
270 usual and customary charge to the general public.

271 Payment for nonlegend or over-the-counter drugs covered on  
272 the division's formulary shall be reimbursed at the lower of the  
273 division's estimated shelf price or the providers' usual and  
274 customary charge to the general public. No dispensing fee shall  
275 be paid.

276 The dispensing fee for each new or refill prescription shall  
277 be Three Dollars and Ninety-one Cents (\$3.91).

278 The Medicaid provider shall not prescribe, the Medicaid  
279 pharmacy shall not bill, and the division shall not reimburse for  
280 name brand drugs if there are equally effective generic  
281 equivalents available and if the generic equivalents are the least  
282 expensive.

283 The division shall develop and implement a program of payment  
284 for additional pharmacist services, with payment to be based on  
285 demonstrated savings, but in no case shall the total payment  
286 exceed twice the amount of the dispensing fee.

287 All claims for drugs for dually eligible Medicare/Medicaid  
288 beneficiaries that are paid for by Medicare must be submitted to

289 Medicare for payment before they may be processed by the  
290 division's on-line payment system.

291 The division shall develop a pharmacy policy in which drugs  
292 in tamper-resistant packaging that are prescribed for a resident  
293 of a nursing facility but are not dispensed to the resident shall  
294 be returned to the pharmacy and not billed to Medicaid, in  
295 accordance with guidelines of the State Board of Pharmacy.

296 As used in this paragraph (9), "estimated acquisition cost"  
297 means twelve percent (12%) less than the average wholesale price  
298 for a drug.

299 (c) The division may operate the drug program  
300 under the provisions of subparagraph (b) until the closed drug  
301 formulary required by subparagraph (a) is established and  
302 implemented. Subparagraph (a) of this paragraph (9) shall stand  
303 repealed on July 1, 2003.

304 As a condition of a pharmacy's participation in the Medicaid  
305 program, the pharmacy, upon presentation of a valid prescription  
306 for the patient and the patient's veterans identification card or  
307 other proper document, shall charge veteran beneficiaries a price  
308 that does not exceed the Medicaid reimbursement rate for  
309 prescription medicines, and an amount, as set by the Division of  
310 Medicaid to cover electronic transmission charges. However,  
311 veteran beneficiaries shall not be allowed to use the Medicaid  
312 reimbursement rate for over-the-counter medications or compounded  
313 prescriptions. The Division of Medicaid shall determine the  
314 proper identification to be shown by the veteran in order to  
315 qualify for the rate prescribed herein, which may be the card  
316 issued by the U.S. Bureau of Veterans Affairs if the veteran is  
317 retired, or a DD214 form if the veteran is discharged but not  
318 retired. The Division of Medicaid shall also provide a mechanism  
319 to calculate and transmit the price to the pharmacy, but shall not  
320 apply the Medicaid drug utilization review process for purposes of  
321 this section. The division shall monitor pharmacy participation

322 with the requirements of this paragraph and report to the  
323 Legislature annually on that participation including information  
324 on any pharmacies that discontinue participation in the Medicaid  
325 program and the reasons given for the discontinuance.

326 (10) Dental care that is an adjunct to treatment of an  
327 acute medical or surgical condition; services of oral surgeons and  
328 dentists in connection with surgery related to the jaw or any  
329 structure contiguous to the jaw or the reduction of any fracture  
330 of the jaw or any facial bone; and emergency dental extractions  
331 and treatment related thereto. On July 1, 1999, all fees for  
332 dental care and surgery under authority of this paragraph (10)  
333 shall be increased to one hundred sixty percent (160%) of the  
334 amount of the reimbursement rate that was in effect on June 30,  
335 1999. It is the intent of the Legislature to encourage more  
336 dentists to participate in the Medicaid program.

337 (11) Eyeglasses for all Medicaid beneficiaries who have  
338 (a) had surgery on the eyeball or ocular muscle that results in a  
339 vision change for which eyeglasses or a change in eyeglasses is  
340 medically indicated within six (6) months of the surgery and is in  
341 accordance with policies established by the division, or (b) one  
342 (1) pair every five (5) years and in accordance with policies  
343 established by the division. In either instance, the eyeglasses  
344 must be prescribed by a physician skilled in diseases of the eye  
345 or an optometrist, whichever the beneficiary may select.

346 (12) Intermediate care facility services.

347 (a) The division shall make full payment to all  
348 intermediate care facilities for the mentally retarded for each  
349 day, not exceeding eighty-four (84) days per year, that a patient  
350 is absent from the facility on home leave. Payment may be made  
351 for the following home leave days in addition to the  
352 eighty-four-day limitation: Christmas, the day before Christmas,  
353 the day after Christmas, Thanksgiving, the day before Thanksgiving  
354 and the day after Thanksgiving.

355                   (b) All state-owned intermediate care facilities  
356 for the mentally retarded shall be reimbursed on a full reasonable  
357 cost basis.

358                   (13) Family planning services, including drugs,  
359 supplies and devices, when those services are under the  
360 supervision of a physician.

361                   (14) Clinic services. Such diagnostic, preventive,  
362 therapeutic, rehabilitative or palliative services furnished to an  
363 outpatient by or under the supervision of a physician or dentist  
364 in a facility that is not a part of a hospital but that is  
365 organized and operated to provide medical care to outpatients.  
366 Clinic services shall include any services reimbursed as  
367 outpatient hospital services that may be rendered in such a  
368 facility, including those that become so after July 1, 1991. On  
369 July 1, 1999, all fees for physicians' services reimbursed under  
370 authority of this paragraph (14) shall be reimbursed at ninety  
371 percent (90%) of the rate established on January 1, 1999, and as  
372 adjusted each January thereafter, under Medicare (Title XVIII of  
373 the Social Security Act, as amended), and which shall in no event  
374 be less than seventy percent (70%) of the rate established on  
375 January 1, 1994. All fees for physicians' services that are  
376 covered by both Medicare and Medicaid shall be reimbursed at ten  
377 percent (10%) of the adjusted Medicare payment established on  
378 January 1, 1999, and as adjusted each January thereafter, under  
379 Medicare (Title XVIII of the Social Security Act, as amended), and  
380 which shall in no event be less than seventy percent (70%) of the  
381 adjusted Medicare payment established on January 1, 1994. On July  
382 1, 1999, all fees for dentists' services reimbursed under  
383 authority of this paragraph (14) shall be increased to one hundred  
384 sixty percent (160%) of the amount of the reimbursement rate that  
385 was in effect on June 30, 1999.

386                   (15) Home- and community-based services, as provided  
387 under Title XIX of the federal Social Security Act, as amended,

388 under waivers, subject to the availability of funds specifically  
389 appropriated therefor by the Legislature. Payment for those  
390 services shall be limited to individuals who would be eligible for  
391 and would otherwise require the level of care provided in a  
392 nursing facility. The home- and community-based services  
393 authorized under this paragraph shall be expanded over a five-year  
394 period beginning July 1, 1999. The division shall certify case  
395 management agencies to provide case management services and  
396 provide for home- and community-based services for eligible  
397 individuals under this paragraph. The home- and community-based  
398 services under this paragraph and the activities performed by  
399 certified case management agencies under this paragraph shall be  
400 funded using state funds that are provided from the appropriation  
401 to the Division of Medicaid and used to match federal funds.

402 (16) Mental health services. Approved therapeutic and  
403 case management services (a) provided by an approved regional  
404 mental health/retardation center established under Sections  
405 41-19-31 through 41-19-39, or by another community mental health  
406 service provider meeting the requirements of the Department of  
407 Mental Health to be an approved mental health/retardation center  
408 if determined necessary by the Department of Mental Health, using  
409 state funds that are provided from the appropriation to the State  
410 Department of Mental Health and/or funds transferred to the  
411 department by a political subdivision or instrumentality of the  
412 state and used to match federal funds under a cooperative  
413 agreement between the division and the department, or (b) provided  
414 by a facility that is certified by the State Department of Mental  
415 Health to provide therapeutic and case management services, to be  
416 reimbursed on a fee for service basis, or (c) provided in the  
417 community by a facility or program operated by the Department of  
418 Mental Health. Any such services provided by a facility described  
419 in subparagraph (b) must have the prior approval of the division  
420 to be reimbursable under this section. After June 30, 1997,

421 mental health services provided by regional mental  
422 health/retardation centers established under Sections 41-19-31  
423 through 41-19-39, or by hospitals as defined in Section 41-9-3(a)  
424 and/or their subsidiaries and divisions, or by psychiatric  
425 residential treatment facilities as defined in Section 43-11-1, or  
426 by another community mental health service provider meeting the

709 planning and development district, if the planning and development  
710 district transfers to the division a sum equal to the amount of  
711 the reduction in reimbursement that would otherwise be made for  
712 those services under this paragraph.

713           Notwithstanding any provision of this article, except as  
714 authorized in the following paragraph and in Section 43-13-139,

719 under this section to recipients, may be increased, decreased or  
720 otherwise changed from the levels in effect on July 1, 1999,  
721 unless they are authorized by an amendment to this section by the  
722 Legislature. However, the restriction in this paragraph shall not  
723 prevent the division from changing the payments or rates of  
724 reimbursement to providers without an amendment to this section  
725 whenever those changes are required by federal law or regulation,  
726 or whenever those changes are necessary to correct administrative  
727 errors or omissions in calculating those payments or rates of  
728 reimbursement.

729       Notwithstanding any provision of this article, no new groups  
730 or categories of recipients and new types of care and services may  
731 be added without enabling legislation from the Mississippi  
732 Legislature, except that the division may authorize those changes  
733 without enabling legislation when the addition of recipients or  
734 services is ordered by a court of proper authority. The executive  
735 director shall keep the Governor advised on a timely basis of the  
736 funds available for expenditure and the projected expenditures.  
737 If current or projected expenditures of the division can be  
738 reasonably anticipated to exceed the amounts appropriated for any  
739 fiscal year, the Governor, after consultation with the executive  
740 director, shall discontinue any or all of the payment of the types  
741 of care and services as provided in this section that are deemed  
742 to be optional services under Title XIX of the federal Social  
743 Security Act, as amended, for any period necessary to not exceed  
744 appropriated funds, and when necessary shall institute any other  
745 cost containment measures on any program or programs authorized  
746 under the article to the extent allowed under the federal law  
747 governing that program or programs, it being the intent of the

748 Legislature that expenditures during any fiscal year shall not  
749 exceed the amounts appropriated for that fiscal year.

750 Notwithstanding any other provision of this article, it shall  
751 be the duty of each nursing facility, intermediate care facility  
752 for the mentally retarded, psychiatric residential treatment  
753 facility, and nursing facility for the severely disabled that is  
754 participating in the Medicaid program to keep and maintain books,  
755 documents and other records as prescribed by the Division of  
756 Medicaid in substantiation of its cost reports for a period of  
757 three (3) years after the date of submission to the Division of  
758 Medicaid of an original cost report, or three (3) years after the  
759 date of submission to the Division of Medicaid of an amended cost  
760 report.

761 This section shall stand repealed on July 1, 2004.

762 **SECTION 2.** This act shall take effect and be in force from  
763 and after July 1, 2003.
