AN ACT TO AMEND SECTION 31-7-13, MISSISSIPPI CODE OF 1972, TO REMOVE THE PROVISION THAT REQUIRES GOVERNING AUTHORITIES TO ISSUE REQUESTS FOR PROPOSALS BEFORE ENTERING INTO ANY CONTRACT FOR GARBAGE COLLECTION OR DISPOSAL, CONTRACT FOR SOLID WASTE COLLECTION OR DISPOSAL, OR CONTRACT FOR SEWAGE COLLECTION AND DISPOSAL, WHICH INVOLVES AN EXPENDITURE OF MORE THAN $50,000.00; AND FOR RELATED PURPOSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. Section 31-7-13, Mississippi Code of 1972, is amended as follows:

31-7-13. All agencies and governing authorities shall purchase their commodities and printing; contract for garbage collection or disposal; contract for solid waste collection or disposal; contract for sewage collection or disposal; contract for public construction; and contract for rentals as herein provided.

(a) Bidding procedure for purchases not over $3,500.00. Purchases which do not involve an expenditure of more than Three Thousand Five Hundred Dollars ($3,500.00), exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. Provided, however, that nothing contained in this paragraph (a) shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Three Thousand Five Hundred Dollars ($3,500.00) or less.

(b) Bidding procedure for purchases over $3,500.00 but not over $15,000.00. Purchases which involve an expenditure of more than Three Thousand Five Hundred Dollars ($3,500.00) but not more than Fifteen Thousand Dollars ($15,000.00), exclusive of freight and shipping charges may be made from the lowest and best
bidder without publishing or posting advertisement for bids,
provided at least two (2) competitive written bids have been
obtained. Any governing authority purchasing commodities pursuant
to this paragraph (b) may authorize its purchasing agent, or his
designee, with regard to governing authorities other than
counties, or its purchase clerk, or his designee, with regard to
counties, to accept the lowest and best competitive written bid.
Such authorization shall be made in writing by the governing
authority and shall be maintained on file in the primary office of
the agency and recorded in the official minutes of the governing
authority, as appropriate. The purchasing agent or the purchase
clerk, or their designee, as the case may be, and not the
governing authority, shall be liable for any penalties and/or
damages as may be imposed by law for any act or omission of the
purchasing agent or purchase clerk, or their designee,
constituting a violation of law in accepting any bid without
approval by the governing authority. The term "competitive
written bid" shall mean a bid submitted on a bid form furnished by
the buying agency or governing authority and signed by authorized
personnel representing the vendor, or a bid submitted on a
vendor's letterhead or identifiable bid form and signed by
authorized personnel representing the vendor. Bids may be
submitted by facsimile, electronic mail or other generally
accepted method of information distribution. Bids submitted by
electronic transmission shall not require the signature of the
vendor's representative unless required by agencies or governing
authorities.

(c) **Bidding procedure for purchases over $15,000.00.**

(i) **Publication requirement.** Purchases which
involve an expenditure of more than Fifteen Thousand Dollars
($15,000.00), exclusive of freight and shipping charges may be
made from the lowest and best bidder after advertising for
competitive sealed bids once each week for two (2) consecutive
weeks in a regular newspaper published in the county or municipality in which such agency or governing authority is located. The date as published for the bid opening shall not be less than seven (7) working days after the last published notice; however, if the purchase involves a construction project in which the estimated cost is in excess of Fifteen Thousand Dollars ($15,000.00), such bids shall not be opened in less than fifteen (15) working days after the last notice is published and the notice for the purchase of such construction shall be published once each week for two (2) consecutive weeks. The notice of intention to let contracts or purchase equipment shall state the time and place at which bids shall be received, list the contracts to be made or types of equipment or supplies to be purchased, and, if all plans and/or specifications are not published, refer to the plans and/or specifications on file. If there is no newspaper published in the county or municipality, then such notice shall be given by posting same at the courthouse, or for municipalities at the city hall, and at two (2) other public places in the county or municipality, and also by publication once each week for two (2) consecutive weeks in some newspaper having a general circulation in the county or municipality in the above provided manner. On the same date that the notice is submitted to the newspaper for publication, the agency or governing authority involved shall mail written notice to, or provide electronic notification to the main office of the Mississippi Contract Procurement Center that contains the same information as that in the published notice.

(ii) **Bidding process amendment procedure.** If all plans and/or specifications are published in the notification, then the plans and/or specifications may not be amended. If all plans and/or specifications are not published in the notification, then amendments to the plans/specifications, bid opening date, bid opening time and place may be made, provided that the agency or governing authority maintains a list of all prospective bidders.
who are known to have received a copy of the bid documents and all such prospective bidders are sent copies of all amendments. This notification of amendments may be made via mail, facsimile, electronic mail or other generally accepted method of information distribution. No addendum to bid specifications may be issued within two (2) working days of the time established for the receipt of bids unless such addendum also amends the bid opening to a date not less than five (5) working days after the date of the addendum.

(iii) **Filing requirement.** In all cases involving governing authorities, before the notice shall be published or posted, the plans or specifications for the construction or equipment being sought shall be filed with the clerk of the board of the governing authority. In addition to these requirements, a bid file shall be established which shall indicate those vendors to whom such solicitations and specifications were issued, and such file shall also contain such information as is pertinent to the bid.

(iv) **Specification restrictions.** Specifications pertinent to such bidding shall be written so as not to exclude comparable equipment of domestic manufacture. Provided, however, that should valid justification be presented, the Department of Finance and Administration or the board of a governing authority may approve a request for specific equipment necessary to perform a specific job. Further, such justification, when placed on the minutes of the board of a governing authority, may serve as authority for that governing authority to write specifications to require a specific item of equipment needed to perform a specific job. In addition to these requirements, from and after July 1, 1990, vendors of relocatable classrooms and the specifications for the purchase of such relocatable classrooms published by local school boards shall meet all pertinent regulations of the State
Board of Education, including prior approval of such bid by the State Department of Education.

(d) **Lowest and best bid decision procedure.**

(i) **Decision procedure.** Purchases may be made from the lowest and best bidder. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(ii) **Construction project negotiations authority.**

If the lowest and best bid is not more than ten percent (10%) above the amount of funds allocated for a public construction or renovation project, then the agency or governing authority shall be permitted to negotiate with the lowest bidder in order to enter into a contract for an amount not to exceed the funds allocated.

(e) **Lease-purchase authorization.** For the purposes of this section, the term "equipment" shall mean equipment, furniture and, if applicable, associated software and other applicable direct costs associated with the acquisition. Any lease-purchase of equipment which an agency is not required to lease-purchase under the master lease-purchase program pursuant to Section 31-7-10 and any lease-purchase of equipment which a governing authority elects to lease-purchase may be acquired by a lease-purchase agreement under this paragraph (e). Lease-purchase
financing may also be obtained from the vendor or from a third-party source after having solicited and obtained at least two (2) written competitive bids, as defined in paragraph (b) of this section, for such financing without advertising for such bids. Solicitation for the bids for financing may occur before or after acceptance of bids for the purchase of such equipment or, where no such bids for purchase are required, at any time before the purchase thereof. No such lease-purchase agreement shall be for an annual rate of interest which is greater than the overall maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101, and the term of such lease-purchase agreement shall not exceed the useful life of equipment covered thereby as determined according to the upper limit of the asset depreciation range (ADR) guidelines for the Class Life Asset Depreciation Range System established by the Internal Revenue Service pursuant to the United States Internal Revenue Code and regulations thereunder as in effect on December 31, 1980, or comparable depreciation guidelines with respect to any equipment not covered by ADR guidelines. Any lease-purchase agreement entered into pursuant to this paragraph (e) may contain any of the terms and conditions which a master lease-purchase agreement may contain under the provisions of Section 31-7-10(5), and shall contain an annual allocation dependency clause substantially similar to that set forth in Section 31-7-10(8). Each agency or governing authority entering into a lease-purchase transaction pursuant to this paragraph (e) shall maintain with respect to each such lease-purchase transaction the same information as required to be maintained by the Department of Finance and Administration pursuant to Section 31-7-10(13). However, nothing contained in this section shall be construed to permit agencies to acquire items of equipment with a total acquisition cost in the aggregate of less than Ten Thousand Dollars ($10,000.00) by a single lease-purchase transaction.
equipment, and the purchase thereof by any lessor, acquired by 
lease-purchase under this paragraph and all lease-purchase 
payments with respect thereto shall be exempt from all Mississippi 
sales, use and ad valorem taxes. Interest paid on any 
lease-purchase agreement under this section shall be exempt from 
State of Mississippi income taxation.

(f) **Alternate bid authorization.** When necessary to 
ensure ready availability of commodities for public works and the 
timely completion of public projects, no more than two (2) 
alternate bids may be accepted by a governing authority for 
commodities. No purchases may be made through use of such 
alternate bids procedure unless the lowest and best bidder, for 
reasons beyond his control, cannot deliver the commodities 
contained in his bid. In that event, purchases of such 
commodities may be made from one (1) of the bidders whose bid was 
accepted as an alternate.

(g) **Construction contract change authorization.** In the 
event a determination is made by an agency or governing authority 
after a construction contract is let that changes or modifications 
to the original contract are necessary or would better serve the 
purpose of the agency or the governing authority, such agency or 
governing authority may, in its discretion, order such changes 
pertaining to the construction that are necessary under the 
circumstances without the necessity of further public bids; 
provided that such change shall be made in a commercially 
reasonable manner and shall not be made to circumvent the public 
purchasing statutes. In addition to any other authorized person, 
the architect or engineer hired by an agency or governing 
authority with respect to any public construction contract shall 
have the authority, when granted by an agency or governing 
authority, to authorize changes or modifications to the original 
contract without the necessity of prior approval of the agency or 
governing authority when any such change or modification is less
than one percent (1%) of the total contract amount. The agency or
governing authority may limit the number, manner or frequency of
such emergency changes or modifications.

(h) **Petroleum purchase alternative.** In addition to
other methods of purchasing authorized in this chapter, when any
agency or governing authority shall have a need for gas, diesel
fuel, oils and/or other petroleum products in excess of the amount
set forth in paragraph (a) of this section, such agency or
governing authority may purchase the commodity after having
solicited and obtained at least two (2) competitive written bids,
as defined in paragraph (b) of this section. If two (2)
competitive written bids are not obtained the entity shall comply
with the procedures set forth in paragraph (c) of this section.
In the event any agency or governing authority shall have
advertised for bids for the purchase of gas, diesel fuel, oils and
other petroleum products and coal and no acceptable bids can be
obtained, such agency or governing authority is authorized and
directed to enter into any negotiations necessary to secure the
lowest and best contract available for the purchase of such
commodities.

(i) **Road construction petroleum products price
adjustment clause authorization.** Any agency or governing
authority authorized to enter into contracts for the construction,
maintenance, surfacing or repair of highways, roads or streets,
may include in its bid proposal and contract documents a price
adjustment clause with relation to the cost to the contractor,
including taxes, based upon an industry-wide cost index, of
petroleum products including asphalt used in the performance or
execution of the contract or in the production or manufacture of
materials for use in such performance. Such industry-wide index
shall be established and published monthly by the Mississippi
Department of Transportation with a copy thereof to be mailed,
upon request, to the clerks of the governing authority of each
municipality and the clerks of each board of supervisors throughout the state. The price adjustment clause shall be based on the cost of such petroleum products only and shall not include any additional profit or overhead as part of the adjustment. The bid proposals or document contract shall contain the basis and methods of adjusting unit prices for the change in the cost of such petroleum products.

(j) **State agency emergency purchase procedure.** If the executive head of any agency of the state shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, then the provisions herein for competitive bidding shall not apply and the head of such agency shall be authorized to make the purchase or repair. Total purchases so made shall only be for the purpose of meeting needs created by the emergency situation. In the event such executive head is responsible to an agency board, at the meeting next following the emergency purchase, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the nature of the emergency shall be presented to the board and placed on the minutes of the board of such agency. The head of such agency shall, at the earliest possible date following such emergency purchase, file with the Department of Finance and Administration (i) a statement under oath certifying the conditions and circumstances of the emergency, and (ii) a certified copy of the appropriate minutes of the board of such agency, if applicable. On or before September 1 of each year, the State Auditor shall prepare and deliver to the Senate Fees, Salaries and Administration Committee, the House Fees and Salaries of Public Officers Committee and the Joint Legislative Budget Committee a report containing a list of all state agency emergency
purchases and supporting documentation for each emergency purchases.

(k) **Governing authority emergency purchase procedure.**

If the governing authority, or the governing authority acting through its designee, shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the governing authority, then the provisions herein for competitive bidding shall not apply and any officer or agent of such governing authority having general or special authority therefor in making such purchase or repair shall approve the bill presented therefor, and he shall certify in writing thereon from whom such purchase was made, or with whom such a repair contract was made. At the board meeting next following the emergency purchase or repair contract, documentation of the purchase or repair contract, including a description of the commodity purchased, the price thereof and the nature of the emergency shall be presented to the board and shall be placed on the minutes of the board of such governing authority.

(l) **Hospital purchase, lease-purchase and lease authorization.**

(i) The commissioners or board of trustees of any public hospital may contract with such lowest and best bidder for the purchase or lease-purchase of any commodity under a contract of purchase or lease-purchase agreement whose obligatory payment terms do not exceed five (5) years.

(ii) In addition to the authority granted in subparagraph (i) of this paragraph (l), the commissioners or board of trustees is authorized to enter into contracts for the lease of equipment or services, or both, which it considers necessary for the proper care of patients if, in its opinion, it is not financially feasible to purchase the necessary equipment or
services. Any such contract for the lease of equipment or services executed by the commissioners or board shall not exceed a maximum of five (5) years' duration and shall include a cancellation clause based on unavailability of funds. If such cancellation clause is exercised, there shall be no further liability on the part of the lessee. Any such contract for the lease of equipment or services executed on behalf of the commissioners or board that complies with the provisions of this subparagraph (ii) shall be excepted from the bid requirements set forth in this section.

(m) Exceptions from bidding requirements. Excepted from bid requirements are:

(i) Purchasing agreements approved by department. Purchasing agreements, contracts and maximum price regulations executed or approved by the Department of Finance and Administration.

(ii) Outside equipment repairs. Repairs to equipment, when such repairs are made by repair facilities in the private sector; however, engines, transmissions, rear axles and/or other such components shall not be included in this exemption when replaced as a complete unit instead of being repaired and the need for such total component replacement is known before disassembly of the component; provided, however, that invoices identifying the equipment, specific repairs made, parts identified by number and name, supplies used in such repairs, and the number of hours of labor and costs therefor shall be required for the payment for such repairs.

(v) **Governmental equipment auctions.** Motor vehicles or other equipment purchased from a federal or state agency or a governing authority at a public auction held for the purpose of disposing of such vehicles or other equipment. (vi) **Intergovernmental sales and transfers.** Purchases, sales, transfers or trades by governing authorities or state agencies when such purchases, sales, transfers or trades are made by a private treaty agreement or through means of negotiation, from any federal agency or authority, another governing authority or state agency of the State of Mississippi, or any state agency of another state. Nothing in this section shall permit such purchases through public auction except as provided for in subparagraph (v) of this section. It is the intent of this section to allow governmental entities to dispose of and/or purchase commodities from other governmental entities at a price that is agreed to by both parties. This shall allow for purchases and/or sales at prices which may be determined to be below the market value if the selling entity determines that the sale at below market value is in the best interest of the taxpayers of the state. Governing authorities shall place the terms of the agreement and any justification on the minutes, and state agencies shall obtain approval from the Department of Finance and Administration, prior to releasing or taking possession of the commodities.
(vii) **Perishable supplies or food.** Perishable supplies or foods purchased for use in connection with hospitals, the school lunch programs, homemaking programs and for the feeding of county or municipal prisoners.

In connection with the purchase of noncompetitive items only available from one (1) source, a certification of the conditions and circumstances requiring the purchase shall be filed by the agency with the Department of Finance and Administration and by the governing authority with the board of the governing authority. Upon receipt of that certification the Department of Finance and Administration or the board of the governing authority, as the case may be, may, in writing, authorize the purchase, which authority shall be noted on the minutes of the body at the next regular meeting thereafter. In those situations, a governing authority is not required to obtain the approval of the Department of Finance and Administration.

responses to the request for proposals have been duly received, the governing authority or agency may select the most qualified proposal or proposals on the basis of price, technology and other relevant factors and from such proposals, but not limited to the terms thereof, negotiate and enter contracts with one or more of the persons or firms submitting proposals.
