SENATE BILL NO. 2639

AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972, TO ESTABLISH A PROGRAM OF ASSISTANCE PAYMENTS FOR PERSONS WHO RESIDE IN PERSONAL CARE HOMES AND WHO ARE ELIGIBLE FOR AND RECEIVING CERTAIN MEDICAID ASSISTANCE; TO AUTHORIZE THE DIVISION OF MEDICAID TO ADMINISTER THE PROGRAM OF ASSISTANCE PAYMENTS; AND FOR RELATED PURPOSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. Section 43-13-117, Mississippi Code of 1972, is amended as follows:

43-13-117. Medicaid as authorized by this article shall include payment of part or all of the costs, at the discretion of the division or its successor, with approval of the Governor, of the following types of care and services rendered to eligible applicants who have been determined to be eligible for that care and services, within the limits of state appropriations and federal matching funds:

(1) Inpatient hospital services.
   (a) The division shall allow thirty (30) days of inpatient hospital care annually for all Medicaid recipients. Precertification of inpatient days must be obtained as required by the division. The division may allow unlimited days in disproportionate hospitals as defined by the division for eligible infants under the age of six (6) years if certified as medically necessary as required by the division.
   (b) From and after July 1, 1994, the Executive Director of the Division of Medicaid shall amend the Mississippi Title XIX Inpatient Hospital Reimbursement Plan to remove the occupancy rate penalty from the calculation of the Medicaid...
Capital Cost Component utilized to determine total hospital costs allocated to the Medicaid program.

(c) Hospitals will receive an additional payment for the implantable programmable baclofen drug pump used to treat spasticity which is implanted on an inpatient basis. The payment pursuant to written invoice will be in addition to the facility's per diem reimbursement and will represent a reduction of costs on the facility's annual cost report, and shall not exceed Ten Thousand Dollars ($10,000.00) per year per recipient. This subparagraph (c) shall stand repealed on July 1, 2005.

(2) Outpatient hospital services. Where the same services are reimbursed as clinic services, the division may revise the rate or methodology of outpatient reimbursement to maintain consistency, efficiency, economy and quality of care.

(3) Laboratory and x-ray services.

(4) Nursing facility services.

(a) The division shall make full payment to nursing facilities for each day, not exceeding fifty-two (52) days per year, that a patient is absent from the facility on home leave. Payment may be made for the following home leave days in addition to the fifty-two-day limitation: Christmas, the day before Christmas, the day after Christmas, Thanksgiving, the day before Thanksgiving, and the day after Thanksgiving.

(b) From and after July 1, 1997, the division shall implement the integrated case-mix payment and quality monitoring system, which includes the fair rental system for property costs and in which recapture of depreciation is eliminated. The division may reduce the payment for hospital leave and therapeutic home leave days to the lower of the case-mix category as computed for the resident on leave using the assessment being utilized for payment at that point in time, or a case-mix score of 1.000 for nursing facilities, and shall compute case-mix scores of residents so that only services provided at the
nursing facility are considered in calculating a facility's per diem.

During the period between May 1, 2002, and December 1, 2002, the Chairmen of the Public Health and Welfare Committees of the Senate and the House of Representatives may appoint a joint study committee to consider the issue of setting uniform reimbursement rates for nursing facilities. The study committee will consist of the Chairmen of the Public Health and Welfare Committees, three members of the Senate and three members of the House. The study committee shall complete its work in not more than three meetings.

(c) From and after July 1, 1997, all state-owned nursing facilities shall be reimbursed on a full reasonable cost basis.

(d) When a facility of a category that does not require a certificate of need for construction and that could not be eligible for Medicaid reimbursement is constructed to nursing facility specifications for licensure and certification, and the facility is subsequently converted to a nursing facility under a certificate of need that authorizes conversion only and the applicant for the certificate of need was assessed an application review fee based on capital expenditures incurred in constructing the facility, the division shall allow reimbursement for capital expenditures necessary for construction of the facility that were incurred within the twenty-four (24) consecutive calendar months immediately preceding the date that the certificate of need authorizing the conversion was issued, to the same extent that reimbursement would be allowed for construction of a new nursing facility under a certificate of need that authorizes that construction. The reimbursement authorized in this subparagraph (d) may be made only to facilities the construction of which was completed after June 30, 1989. Before the division shall be authorized to make the reimbursement authorized in this
subparagraph (d), the division first must have received approval from the Health Care Financing Administration of the United States Department of Health and Human Services of the change in the state Medicaid plan providing for the reimbursement.

(e) The division shall develop and implement, not later than January 1, 2001, a case-mix payment add-on determined by time studies and other valid statistical data that will reimburse a nursing facility for the additional cost of caring for a resident who has a diagnosis of Alzheimer's or other related dementia and exhibits symptoms that require special care. Any such case-mix add-on payment shall be supported by a determination of additional cost. The division shall also develop and implement as part of the fair rental reimbursement system for nursing facility beds, an Alzheimer's resident bed depreciation enhanced reimbursement system that will provide an incentive to encourage nursing facilities to convert or construct beds for residents with Alzheimer's or other related dementia.

(f) The Division of Medicaid shall develop and implement a referral process for long-term care alternatives for Medicaid beneficiaries and applicants. No Medicaid beneficiary shall be admitted to a Medicaid-certified nursing facility unless a licensed physician certifies that nursing facility care is appropriate for that person on a standardized form to be prepared and provided to nursing facilities by the Division of Medicaid. The physician shall forward a copy of that certification to the Division of Medicaid within twenty-four (24) hours after it is signed by the physician. Any physician who fails to forward the certification to the Division of Medicaid within the time period specified in this subparagraph shall be ineligible for Medicaid reimbursement for any physician's services performed for the applicant. The Division of Medicaid shall determine, through an assessment of the applicant conducted within two (2) business days after receipt of the physician's certification, whether the
applicant also could live appropriately and cost-effectively at home or in some other community-based setting if home- or community-based services were available to the applicant. The time limitation prescribed in this subparagraph shall be waived in cases of emergency. If the Division of Medicaid determines that a home- or other community-based setting is appropriate and cost-effective, the division shall:

(i) Advise the applicant or the applicant's legal representative that a home- or other community-based setting is appropriate;

(ii) Provide a proposed care plan and inform the applicant or the applicant's legal representative regarding the degree to which the services in the care plan are available in a home- or in other community-based setting rather than nursing facility care; and

(iii) Explain that the plan and services are available only if the applicant or the applicant's legal representative chooses a home- or community-based alternative to nursing facility care, and that the applicant is free to choose nursing facility care.

The Division of Medicaid may provide the services described in this subparagraph (f) directly or through contract with case managers from the local Area Agencies on Aging, and shall coordinate long-term care alternatives to avoid duplication with hospital discharge planning procedures.

Placement in a nursing facility may not be denied by the division if home- or community-based services that would be more appropriate than nursing facility care are not actually available, or if the applicant chooses not to receive the appropriate home- or community-based services.

The division shall provide an opportunity for a fair hearing under federal regulations to any applicant who is not given the
choice of home- or community-based services as an alternative to
institutional care.

The division shall make full payment for long-term care
alternative services.

The division shall apply for necessary federal waivers to
assure that additional services providing alternatives to nursing
facility care are made available to applicants for nursing
facility care.

(5) Periodic screening and diagnostic services for
individuals under age twenty-one (21) years as are needed to
identify physical and mental defects and to provide health care
treatment and other measures designed to correct or ameliorate
defects and physical and mental illness and conditions discovered
by the screening services regardless of whether these services are
included in the state plan. The division may include in its
periodic screening and diagnostic program those discretionary
services authorized under the federal regulations adopted to
implement Title XIX of the federal Social Security Act, as
amended. The division, in obtaining physical therapy services,
occupational therapy services, and services for individuals with
speech, hearing and language disorders, may enter into a
cooperative agreement with the State Department of Education for
the provision of those services to handicapped students by public
school districts using state funds that are provided from the
appropriation to the Department of Education to obtain federal
matching funds through the division. The division, in obtaining
medical and psychological evaluations for children in the custody
of the State Department of Human Services may enter into a
cooperative agreement with the State Department of Human Services
for the provision of those services using state funds that are
provided from the appropriation to the Department of Human
Services to obtain federal matching funds through the division.
(6) Physician's services. The division shall allow twelve (12) physician visits annually. All fees for physicians' services that are covered only by Medicaid shall be reimbursed at ninety percent (90%) of the rate established on January 1, 1999, and as adjusted each January thereafter, under Medicare (Title XVIII of the Social Security Act, as amended), and which shall in no event be less than seventy percent (70%) of the rate established on January 1, 1994. All fees for physicians' services that are covered by both Medicare and Medicaid shall be reimbursed at ten percent (10%) of the adjusted Medicare payment established on January 1, 1999, and as adjusted each January thereafter, under Medicare (Title XVIII of the Social Security Act, as amended), and which shall in no event be less than seventy percent (70%) of the adjusted Medicare payment established on January 1, 1994.

(7) (a) Home health services for eligible persons, not to exceed in cost the prevailing cost of nursing facility services, not to exceed sixty (60) visits per year. All home health visits must be precertified as required by the division. (b) Repealed.

(8) Emergency medical transportation services. On January 1, 1994, emergency medical transportation services shall be reimbursed at seventy percent (70%) of the rate established under Medicare (Title XVIII of the Social Security Act, as amended). "Emergency medical transportation services" shall mean, but shall not be limited to, the following services by a properly permitted ambulance operated by a properly licensed provider in accordance with the Emergency Medical Services Act of 1974 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids, (vi) disposable supplies, (vii) similar services.

(9) (a) Legend and other drugs as may be determined by the division. The division shall opt out of the federal drug rebate program and shall create a closed drug formulary as soon as
practicable after April 12, 2002. Drugs included on the formulary will be those with the lowest and best price as determined through a bidding process. The division may implement a program of prior approval for drugs to the extent permitted by law. The division shall allow seven (7) prescriptions per month for each noninstitutionalized Medicaid recipient; however, after a noninstitutionalized or institutionalized recipient has received five (5) prescriptions in any month, each additional prescription during that month must have the prior approval of the division. The division shall not reimburse for any portion of a prescription that exceeds a thirty-four-day supply of the drug based on the daily dosage.

The dispensing fee for each new or refill prescription shall be Three Dollars and Ninety-one Cents ($3.91).

The division shall develop and implement a program of payment for additional pharmacist services, with payment to be based on demonstrated savings, but in no case shall the total payment exceed twice the amount of the dispensing fee. All claims for drugs for dually eligible Medicare/Medicaid beneficiaries that are paid for by Medicare must be submitted to Medicare for payment before they may be processed by the division's on-line payment system.

The division shall develop a pharmacy policy in which drugs in tamper-resistant packaging that are prescribed for a resident of a nursing facility but are not dispensed to the resident shall be returned to the pharmacy and not billed to Medicaid, in accordance with guidelines of the State Board of Pharmacy.

(b) Legend and other drugs as may be determined by the division. The division may implement a program of prior approval for drugs to the extent permitted by law. Payment by the division for covered multiple source drugs shall be limited to the lower of the upper limits established and published by the Centers for Medicare and Medicaid Services (CMS) plus a dispensing fee, or
the estimated acquisition cost (EAC) plus a dispensing fee, or the
providers' usual and customary charge to the general public. The
division shall allow seven (7) prescriptions per month for each
noninstitutionalized Medicaid recipient; however, after a
noninstitutionalized or institutionalized recipient has received
taxe (5) prescriptions in any month, each additional prescription
during that month must have the prior approval of the division.
The division shall not reimburse for any portion of a prescription
that exceeds a thirty-four-day supply of the drug based on the
daily dosage.

Payment for other covered drugs, other than multiple source
drugs with CMS upper limits, shall not exceed the lower of the
estimated acquisition cost plus a dispensing fee or the providers'
usual and customary charge to the general public.

Payment for nonlegend or over-the-counter drugs covered on
the division's formulary shall be reimbursed at the lower of the
division's estimated shelf price or the providers' usual and
customary charge to the general public. No dispensing fee shall
be paid.

The dispensing fee for each new or refill prescription shall
be Three Dollars and Ninety-one Cents ($3.91).

The Medicaid provider shall not prescribe, the Medicaid
pharmacy shall not bill, and the division shall not reimburse for
name brand drugs if there are equally effective generic
equivalents available and if the generic equivalents are the least
expensive.

The division shall develop and implement a program of payment
for additional pharmacist services, with payment to be based on
demonstrated savings, but in no case shall the total payment
exceed twice the amount of the dispensing fee.

All claims for drugs for dually eligible Medicare/Medicaid
beneficiaries that are paid for by Medicare must be submitted to
Medicare for payment before they may be processed by the
division's on-line payment system.

The division shall develop a pharmacy policy in which drugs
in tamper-resistant packaging that are prescribed for a resident
of a nursing facility but are not dispensed to the resident shall
be returned to the pharmacy and not billed to Medicaid, in
accordance with guidelines of the State Board of Pharmacy.

As used in this paragraph (9), "estimated acquisition cost"
means twelve percent (12%) less than the average wholesale price
for a drug.

(c) The division may operate the drug program
under the provisions of subparagraph (b) until the closed drug
formulary required by subparagraph (a) is established and
implemented. Subparagraph (a) of this paragraph (9) shall stand
repealed on July 1, 2003.

(10) Dental care that is an adjunct to treatment of an
acute medical or surgical condition; services of oral surgeons and
dentists in connection with surgery related to the jaw or any
structure contiguous to the jaw or the reduction of any fracture
of the jaw or any facial bone; and emergency dental extractions
and treatment related thereto. On July 1, 1999, all fees for
dental care and surgery under authority of this paragraph (10)
shall be increased to one hundred sixty percent (160%) of the
amount of the reimbursement rate that was in effect on June 30,
1999. It is the intent of the Legislature to encourage more
dentists to participate in the Medicaid program.

(11) Eyeglasses for all Medicaid beneficiaries who have
(a) had surgery on the eyeball or ocular muscle that results in a
vision change for which eyeglasses or a change in eyeglasses is
medically indicated within six (6) months of the surgery and is in
accordance with policies established by the division, or (b) one
(1) pair every five (5) years and in accordance with policies
established by the division. In either instance, the eyeglasses

S. B. No. 2639
03/SS26/R429
PAGE 10
must be prescribed by a physician skilled in diseases of the eye
or an optometrist, whichever the beneficiary may select.

(12) Intermediate care facility services.

(a) The division shall make full payment to all
intermediate care facilities for the mentally retarded for each
day, not exceeding eighty-four (84) days per year, that a patient
is absent from the facility on home leave. Payment may be made
for the following home leave days in addition to the
eighty-four-day limitation: Christmas, the day before Christmas,
the day after Christmas, Thanksgiving, the day before Thanksgiving
and the day after Thanksgiving.

(b) All state-owned intermediate care facilities
for the mentally retarded shall be reimbursed on a full reasonable
cost basis.

(13) Family planning services, including drugs,
supplies and devices, when those services are under the
supervision of a physician.

(14) Clinic services. Such diagnostic, preventive,
therapeutic, rehabilitative or palliative services furnished to an
outpatient by or under the supervision of a physician or dentist
in a facility that is not a part of a hospital but that is
organized and operated to provide medical care to outpatients.
Clinic services shall include any services reimbursed as
outpatient hospital services that may be rendered in such a
facility, including those that become so after July 1, 1991. On
July 1, 1999, all fees for physicians' services reimbursed under
authority of this paragraph (14) shall be reimbursed at ninety
percent (90%) of the rate established on January 1, 1999, and as
adjusted each January thereafter, under Medicare (Title XVIII of
the Social Security Act, as amended), and which shall in no event
be less than seventy percent (70%) of the rate established on
January 1, 1994. All fees for physicians' services that are
covered by both Medicare and Medicaid shall be reimbursed at ten
percent (10%) of the adjusted Medicare payment established on January 1, 1999, and as adjusted each January thereafter, under Medicare (Title XVIII of the Social Security Act, as amended), and which shall in no event be less than seventy percent (70%) of the adjusted Medicare payment established on January 1, 1994. On July 1, 1999, all fees for dentists’ services reimbursed under authority of this paragraph (14) shall be increased to one hundred sixty percent (160%) of the amount of the reimbursement rate that was in effect on June 30, 1999.

(15) Home- and community-based services, as provided under Title XIX of the federal Social Security Act, as amended, under waivers, subject to the availability of funds specifically appropriated therefor by the Legislature. Payment for those services shall be limited to individuals who would be eligible for and would otherwise require the level of care provided in a nursing facility. The home- and community-based services authorized under this paragraph shall be expanded over a five-year period beginning July 1, 1999. The division shall certify case management agencies to provide case management services and provide for home- and community-based services for eligible individuals under this paragraph. The home- and community-based services under this paragraph and the activities performed by certified case management agencies under this paragraph shall be funded using state funds that are provided from the appropriation to the Division of Medicaid and used to match federal funds.

(16) Mental health services. Approved therapeutic and case management services (a) provided by an approved regional mental health/retardation center established under Sections 41-19-31 through 41-19-39, or by another community mental health service provider meeting the requirements of the Department of Mental Health to be an approved mental health/retardation center if determined necessary by the Department of Mental Health, using state funds that are provided from the appropriation to the State
Department of Mental Health and/or funds transferred to the department by a political subdivision or instrumentality of the state and used to match federal funds under a cooperative agreement between the division and the department, or (b) provided by a facility that is certified by the State Department of Mental Health to provide therapeutic and case management services, to be reimbursed on a fee for service basis, or (c) provided in the community by a facility or program operated by the Department of Mental Health. Any such services provided by a facility described in subparagraph (b) must have the prior approval of the division to be reimbursable under this section. After June 30, 1997, mental health services provided by regional mental health/retardation centers established under Sections 41-19-31 through 41-19-39, or by hospitals as defined in Section 41-9-3(a) and/or their subsidiaries and divisions, or by psychiatric residential treatment facilities as defined in Section 43-11-1, or by another community mental health service provider meeting the requirements of the Department of Mental Health to be an approved mental health/retardation center if determined necessary by the Department of Mental Health, shall not be included in or provided under any capitated managed care pilot program provided for under paragraph (24) of this section.

(17) Durable medical equipment services and medical supplies. Precertification of durable medical equipment and medical supplies must be obtained as required by the division. The Division of Medicaid may require durable medical equipment providers to obtain a surety bond in the amount and to the specifications as established by the Balanced Budget Act of 1997.

(18) (a) Notwithstanding any other provision of this section to the contrary, the division shall make additional reimbursement to hospitals that serve a disproportionate share of low-income patients and that meet the federal requirements for those payments as provided in Section 1923 of the federal Social Security Act.
Security Act and any applicable regulations. However, from and after January 1, 1999, no public hospital shall participate in the Medicaid disproportionate share program unless the public hospital participates in an intergovernmental transfer program as provided in Section 1903 of the federal Social Security Act and any applicable regulations. Administration and support for participating hospitals shall be provided by the Mississippi Hospital Association.

(b) The division shall establish a Medicare Upper Payment Limits Program, as defined in Section 1902(a)(30) of the federal Social Security Act and any applicable federal regulations, for hospitals, and may establish a Medicare Upper Payments Limits Program for nursing facilities. The division shall assess each hospital and, if the program is established for nursing facilities, shall assess each nursing facility, for the sole purpose of financing the state portion of the Medicare Upper Payment Limits Program. This assessment shall be based on Medicaid utilization, or other appropriate method consistent with federal regulations, and will remain in effect as long as the state participates in the Medicare Upper Payment Limits Program. The division shall make additional reimbursement to hospitals and, if the program is established for nursing facilities, shall make additional reimbursement to nursing facilities, for the Medicare Upper Payment Limits, as defined in Section 1902(a)(30) of the federal Social Security Act and any applicable federal regulations. This subparagraph (b) shall stand repealed from and after July 1, 2005.

(c) The division shall contract with the Mississippi Hospital Association to provide administrative support for the operation of the disproportionate share hospital program and the Medicare Upper Payment Limits Program. This subparagraph (c) shall stand repealed from and after July 1, 2005.
(19) (a) Perinatal risk management services. The division shall promulgate regulations to be effective from and after October 1, 1988, to establish a comprehensive perinatal system for risk assessment of all pregnant and infant Medicaid recipients and for management, education and follow-up for those who are determined to be at risk. Services to be performed include case management, nutrition assessment/counseling, psychosocial assessment/counseling and health education. The division shall set reimbursement rates for providers in conjunction with the State Department of Health.

(b) Early intervention system services. The division shall cooperate with the State Department of Health, acting as lead agency, in the development and implementation of a statewide system of delivery of early intervention services, under Part C of the Individuals with Disabilities Education Act (IDEA). The State Department of Health shall certify annually in writing to the executive director of the division the dollar amount of state early intervention funds available that will be utilized as a certified match for Medicaid matching funds. Those funds then shall be used to provide expanded targeted case management services for Medicaid eligible children with special needs who are eligible for the state’s early intervention system. Qualifications for persons providing service coordination shall be determined by the State Department of Health and the Division of Medicaid.

(20) Home- and community-based services for physically disabled approved services as allowed by a waiver from the United States Department of Health and Human Services for home- and community-based services for physically disabled people using state funds that are provided from the appropriation to the State Department of Rehabilitation Services and used to match federal funds under a cooperative agreement between the division and the department, provided that funds for these services are
specifically appropriated to the Department of Rehabilitation Services.

(21) Nurse practitioner services. Services furnished by a registered nurse who is licensed and certified by the Mississippi Board of Nursing as a nurse practitioner, including, but not limited to, nurse anesthetists, nurse midwives, family nurse practitioners, family planning nurse practitioners, pediatric nurse practitioners, obstetrics-gynecology nurse practitioners and neonatal nurse practitioners, under regulations adopted by the division. Reimbursement for those services shall not exceed ninety percent (90%) of the reimbursement rate for comparable services rendered by a physician.

(22) Ambulatory services delivered in federally qualified health centers, rural health centers and clinics of the local health departments of the State Department of Health for individuals eligible for Medicaid under this article based on reasonable costs as determined by the division.

(23) Inpatient psychiatric services. Inpatient psychiatric services to be determined by the division for recipients under age twenty-one (21) that are provided under the direction of a physician in an inpatient program in a licensed acute care psychiatric facility or in a licensed psychiatric residential treatment facility, before the recipient reaches age twenty-one (21) or, if the recipient was receiving the services immediately before he reached age twenty-one (21), before the earlier of the date he no longer requires the services or the date he reaches age twenty-two (22), as provided by federal regulations. Precertification of inpatient days and residential treatment days must be obtained as required by the division.

(24) [Deleted]

(25) Birthing center services.

(26) Hospice care. As used in this paragraph, the term "hospice care" means a coordinated program of active professional
medical attention within the home and outpatient and inpatient care that treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social and economic stresses that are experienced during the final stages of illness and during dying and bereavement and meets the Medicare requirements for participation as a hospice as provided in federal regulations.

(27) Group health plan premiums and cost sharing if it is cost effective as defined by the Secretary of Health and Human Services.

(28) Other health insurance premiums that are cost effective as defined by the Secretary of Health and Human Services. Medicare eligible must have Medicare Part B before other insurance premiums can be paid.

(29) The Division of Medicaid may apply for a waiver from the Department of Health and Human Services for home- and community-based services for developmentally disabled people using state funds that are provided from the appropriation to the State Department of Mental Health and/or funds transferred to the department by a political subdivision or instrumentality of the state and used to match federal funds under a cooperative agreement between the division and the department, provided that funds for these services are specifically appropriated to the Department of Mental Health and/or transferred to the department by a political subdivision or instrumentality of the state.

(30) Pediatric skilled nursing services for eligible persons under twenty-one (21) years of age.

(31) Targeted case management services for children with special needs, under waivers from the United States Department of Health and Human Services, using state funds that are provided from the appropriation to the Mississippi Department
of Human Services and used to match federal funds under a
cooperative agreement between the division and the department.

(32) Care and services provided in Christian Science
Sanatoria listed and certified by the Commission for Accreditation
of Christian Science Nursing Organizations/Facilities, Inc.,
rendered in connection with treatment by prayer or spiritual means
to the extent that those services are subject to reimbursement
under Section 1903 of the Social Security Act.

(33) Podiatrist services.

(34) The division shall make application to the United
States Health Care Financing Administration for a waiver to
develop a program of services to personal care and assisted living
homes in Mississippi. This waiver shall be completed by December
1, 1999.

(35) Services and activities authorized in Sections
43-27-101 and 43-27-103, using state funds that are provided from
the appropriation to the State Department of Human Services and
used to match federal funds under a cooperative agreement between
the division and the department.

(36) Nonemergency transportation services for
Medicaid-eligible persons, to be provided by the Division of
Medicaid. The division may contract with additional entities to
administer nonemergency transportation services as it deems
necessary. All providers shall have a valid driver's license,
vehicle inspection sticker, valid vehicle license tags and a
standard liability insurance policy covering the vehicle.

(37) [Deleted]

(38) Chiropractic services. A chiropractor's manual
manipulation of the spine to correct a subluxation, if x-ray
demonstrates that a subluxation exists and if the subluxation has
resulted in a neuromusculoskeletal condition for which
manipulation is appropriate treatment, and related spinal x-rays
performed to document these conditions. Reimbursement for
chiropractic services shall not exceed Seven Hundred Dollars ($700.00) per year per beneficiary.

(39) Dually eligible Medicare/Medicaid beneficiaries. The division shall pay the Medicare deductible and ten percent (10%) coinsurance amounts for services available under Medicare for the duration and scope of services otherwise available under the Medicaid program.

(40) [Deleted]

(41) Services provided by the State Department of Rehabilitation Services for the care and rehabilitation of persons with spinal cord injuries or traumatic brain injuries, as allowed under waivers from the United States Department of Health and Human Services, using up to seventy-five percent (75%) of the funds that are appropriated to the Department of Rehabilitation Services from the Spinal Cord and Head Injury Trust Fund established under Section 37-33-261 and used to match federal funds under a cooperative agreement between the division and the department.

(42) Notwithstanding any other provision in this article to the contrary, the division may develop a population health management program for women and children health services through the age of two (2) years. This program is primarily for obstetrical care associated with low birth weight and pre-term babies. The division may apply to the federal Centers for Medicare and Medicaid Services (CMS) for a Section 1115 waiver or any other waivers that may enhance the program. In order to effect cost savings, the division may develop a revised payment methodology that may include at-risk capitated payments, and may require member participation in accordance with the terms and conditions of an approved federal waiver.

(43) The division shall provide reimbursement, according to a payment schedule developed by the division, for smoking cessation medications for pregnant women during their
pregnancy and other Medicaid-eligible women who are of child-bearing age.

(44) Nursing facility services for the severely disabled.

(a) Severe disabilities include, but are not limited to, spinal cord injuries, closed head injuries and ventilator dependent patients.

(b) Those services must be provided in a long-term care nursing facility dedicated to the care and treatment of persons with severe disabilities, and shall be reimbursed as a separate category of nursing facilities.

(45) Physician assistant services. Services furnished by a physician assistant who is licensed by the State Board of Medical Licensure and is practicing with physician supervision under regulations adopted by the board, under regulations adopted by the division. Reimbursement for those services shall not exceed ninety percent (90%) of the reimbursement rate for comparable services rendered by a physician.

(46) The division shall make application to the federal Centers for Medicare and Medicaid Services (CMS) for a waiver to develop and provide services for children with serious emotional disturbances as defined in Section 43-14-1(1), which may include home- and community-based services, case management services or managed care services through mental health providers certified by the Department of Mental Health. The division may implement and provide services under this waivered program only if funds for these services are specifically appropriated for this purpose by the Legislature, or if funds are voluntarily provided by affected agencies.

(47) Notwithstanding any other provision in this article to the contrary, the division, in conjunction with the State Department of Health, shall develop and implement disease management programs statewide for individuals with asthma,
diabetes or hypertension, including the use of grants, waivers, demonstrations or other projects as necessary.

(48) Pediatric long-term acute care hospital services.
   (a) Pediatric long-term acute care hospital services means services provided to eligible persons under twenty-one (21) years of age by a freestanding Medicare-certified hospital that has an average length of inpatient stay greater than twenty-five (25) days and that is primarily engaged in providing chronic or long-term medical care to persons under twenty-one (21) years of age.
   (b) The services under this paragraph (48) shall be reimbursed as a separate category of hospital services.

(49) The division shall establish copayments for all Medicaid services for which copayments are allowable under federal law or regulation, except for nonemergency transportation services, and shall set the amount of the copayment for each of those services at the maximum amount allowable under federal law or regulation.

(50) As used in this paragraph (50):
   (a) "Division" means the Division of Medicaid in the Office of the Governor.
   (b) "Applicant" means a person who applies for personal care home assistance payments under this paragraph.
   (c) "Recipient" means a person who resides in a personal care home, who is eligible for assistance under the Mississippi Medicaid Law as prescribed in Section 43-13-115, Mississippi Code of 1972, and who is receiving Medicaid assistance for medicine, hospital services and physician's services.
   (d) "Personal care home" means any building or buildings, residence, private home, boarding home, home for persons eighteen (18) years of age or older, or other place, whether operated for profit or not, which undertakes through its ownership or management to provide, for a period exceeding
twenty-four (24) hours, housing, food service, and one or more personal services for four (4) or more adults who are not related to the owner or operator by blood or marriage and who require such services, and which is licensed as a personal care home by the State Department of Health under Section 43-11-1 et seq., Mississippi Code of 1972.

There is established a program of assistance payments for persons who reside in personal care homes, to be administered by the Division of Medicaid. The amount of such assistance payments shall be in the amount of Three Dollars ($3.00) per bed per day for each eligible recipient, subject to appropriations therefor by the Legislature.

Recipients of such personal care home assistance payments shall be applicants who reside in personal care homes, who are certified by the division as persons eligible for Medicaid assistance, and who are receiving Medicaid assistance for medicine, hospital services and physician's services.

The division is authorized and empowered to administer the program of personal care home assistance payments established in this act, and to adopt and promulgate reasonable rules, regulations and standards, with the approval of the Governor, as may be necessary for the proper and efficient payment of claims to all qualified recipients.

Notwithstanding any other provision of this article to the contrary, the division shall reduce the rate of reimbursement to providers for any service provided under this section by five percent (5%) of the allowed amount for that service. However, the reduction in the reimbursement rates required by this paragraph shall not apply to inpatient hospital services, nursing facility services, intermediate care facility services, psychiatric residential treatment facility services, pharmacy services provided under paragraph (9) of this section, or any service provided by the University of Mississippi Medical Center or a
state agency, a state facility or a public agency that either
provides its own state match through intergovernmental transfer or
certification of funds to the division, or a service for which the
federal government sets the reimbursement methodology and rate.
In addition, the reduction in the reimbursement rates required by
this paragraph shall not apply to case management services and
home delivered meal services provided under the home- and
community-based services program for the elderly and disabled by a
planning and development district, if the planning and development
district transfers to the division a sum equal to the amount of
the reduction in reimbursement that would otherwise be made for
those services under this paragraph.

Notwithstanding any provision of this article, except as
authorized in the following paragraph and in Section 43-13-139,
neither (a) the limitations on quantity or frequency of use of or
the fees or charges for any of the care or services available to
recipients under this section, nor (b) the payments or rates of
reimbursement to providers rendering care or services authorized
under this section to recipients, may be increased, decreased or
otherwise changed from the levels in effect on July 1, 1999,
unless they are authorized by an amendment to this section by the
Legislature. However, the restriction in this paragraph shall not
prevent the division from changing the payments or rates of
reimbursement to providers without an amendment to this section
whenever those changes are required by federal law or regulation,
or whenever those changes are necessary to correct administrative
errors or omissions in calculating those payments or rates of
reimbursement.

Notwithstanding any provision of this article, no new groups
or categories of recipients and new types of care and services may
be added without enabling legislation from the Mississippi
Legislature, except that the division may authorize those changes
without enabling legislation when the addition of recipients or
services is ordered by a court of proper authority. The executive
director shall keep the Governor advised on a timely basis of the
funds available for expenditure and the projected expenditures.
If current or projected expenditures of the division can be
reasonably anticipated to exceed the amounts appropriated for any
fiscal year, the Governor, after consultation with the executive
director, shall discontinue any or all of the payment of the types
of care and services as provided in this section that are deemed
to be optional services under Title XIX of the federal Social
Security Act, as amended, for any period necessary to not exceed
appropriated funds, and when necessary shall institute any other
cost containment measures on any program or programs authorized
under the article to the extent allowed under the federal law
governing that program or programs, it being the intent of the
Legislature that expenditures during any fiscal year shall not
exceed the amounts appropriated for that fiscal year.

Notwithstanding any other provision of this article, it shall
be the duty of each nursing facility, intermediate care facility
for the mentally retarded, psychiatric residential treatment
facility, and nursing facility for the severely disabled that is
participating in the Medicaid program to keep and maintain books,
documents and other records as prescribed by the Division of
Medicaid in substantiation of its cost reports for a period of
three (3) years after the date of submission to the Division of
Medicaid of an original cost report, or three (3) years after the
date of submission to the Division of Medicaid of an amended cost
report.

This section shall stand repealed on July 1, 2004.

SECTION 2. This act shall take effect and be in force from
and after July 1, 2003.
