To: Wildlife and Fisheries

## COMMITTEE SUBSTITUTE FOR SENATE BILL NO. 2682

AN ACT TO DECLARE A TEMPORARY MORATORIUM ON THE IMPORTATION OF CERTAIN CERVIDS SUSCEPTIBLE TO CHRONIC WASTING DISEASE; TO AUTHORIZE THE COMMISSION ON WILDLIFE, FISHERIES AND PARKS, THE DEPARTMENT OF WILDLIFE, FISHERIES AND PARKS, THE COMMISSIONER OF AGRICULTURE, THE BOARD OF ANIMAL HEALTH, AND THE STATE 3 VETERINARIAN TO IMPLEMENT SUCH MORATORIUM; TO REQUIRE SUCH 6 7 AGENCIES TO COOPERATE AND COORDINATE EFFORTS TO PREVENT THE INTRODUCTION OF CHRONIC WASTING DISEASE INTO THE STATE; TO EMPOWER 8 SUCH AGENCIES TO INSPECT, MONITOR AND TEST ANIMALS IN ENCLOSURES 9 10 FOR CHRONIC WASTING DISEASE; TO PROVIDE A PENALTY FOR VIOLATIONS OF THE MORATORIUM; TO AMEND SECTION 69-15-9, 69-15-109 AND 11 49-1-29, MISSISSIPPI CODE OF 1972, TO CONFORM; TO AMEND SECTION 12 49-7-54 MISSISSIPPI CODE OF 1972 TO INCREASE THE PENALTY FOR 13 ILLEGAL IMPORTATION OF WHITE TAILED DEER, AND FOR RELATED 14 15 PURPOSES. BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI: 16 SECTION 1. The Legislature finds Chronic Wasting Disease 17 18 (CWD) is a transmissible spongiform encephalopathy currently known 19 to infect free ranging deer and elk in Colorado, Wyoming, Nebraska, New Mexico and Wisconsin. The disease has also infected 20 farmed elk herds in South Dakota, Montana, Nebraska, Colorado, 21 Kansas and Okalahoma. With the discovery of CWD in free-ranging 22 deer on the east side of the Mississippi River and the transport 23 24 of CWD-exposed elk to numerous states, CWD has become a national 25 concern. Little is known about the biology and pathogenesis of CWD, 26 27 including how the disease agent enters the animal, how it multiplies in the body, how it causes disease and how it is 28 transmitted. These significant research and knowledge gaps 29

regarding the fundamental characteristics of the disease greatly

impede plans to control the disease. The only effective control

has been the destruction of captive cervids and the depopulation

of wild cervids in large geographical areas. Because of the

30

31

32

urgency of the situation and the potential devastating effects on 34 35 the native wildlife and recreational economies of the states, the United States Department of Agriculture had formed a task force to 36 37 control and eradicate this disease. Enhancing early detection is 38 a major emphasis of the task force. Diagnostic testing, 39 monitoring of enclosures, inspections of farmed cervids and sampling of cervid populations are critical components of the 40 detection program. In addition, many states have imposed 41 emergency statewide moratoriums on the importation of cervids. 42 Because of the potential devastating effect on native wildlife and 43 44 the recreational economy dependent on wildlife and the urgency of the situation, the Legislature finds that to ensure the health and 45 46 safety of native wildlife and domestic animals that a temporary emergency moratorium is warranted and in the public interest and 47 that certain state agencies be empowered with inspection, 48 monitoring, and sampling authority to effectively combat chronic 49 50 wasting disease. 51 **SECTION 2**. (1) (a) In addition to the ban on importing 52

white-tailed deer under Section 49-7-54, there is hereby imposed a temporary moratorium on the importation of elk, red deer, mule deer, black-tailed deer and other cervids designated as susceptible to chronic wasting disease by the State Veterinarian and crosses of any such animals into the State of Mississippi. The moratorium on importing such animals shall end upon the adoption of chronic wasting disease regulations by the United States Department of Agriculture.

(b) Any person who possesses, buys, imports or
transports any cervid that has been imported in the state in
violation of the moratorium shall be subject to a Class I penalty
under Section 49-7-141. Any person that imports any exotic animal
into the state in violation of entry requirements or regulations
of the Board of Animal Health or the Department of Wildlife shall
be subject to a Class I penalty under Section 49-7-141. The

- 67 agency issuing a permit for cervids or exotic animals within an
- 68 enclosure shall revoke the permit of any person found in violation
- 69 of the moratorium. If any cervid in an enclosure tests positive
- 70 for chronic wasting disease or if any cervids within the enclosure
- 71 have been imported from an area diagnosed with chronic wasting
- 72 disease, then all cervids in the enclosure shall be deemed a
- 73 threat to native wildlife and to public health and may be killed
- 74 and disposed of by the state.
- 75 (2) It shall be the duty of the Commissioner of Agriculture
- 76 and Commerce, the Board of Animal Health, the State Veterinarian,
- 77 the Commission on Wildlife, Fisheries and Parks, and the
- 78 Department of Wildlife, Fisheries and Parks to consult and
- 79 coordinate efforts on matters related to chronic wasting disease,
- 80 the prevention of the introduction of chronic wasting disease in
- 81 the state and to ensure the health and safety of the public and
- 82 wildlife.
- 83 (3) The Commission on Wildlife, Fisheries and Parks and the
- 84 Department of Wildlife, Fisheries and Parks shall have plenary
- 85 authority in matters related to the importation of white-tailed
- 86 deer, white-tailed deer in enclosures, and prevention of the
- 87 introduction of chronic wasting disease into the native wildlife
- 88 population.
- SECTION 3. Section 69-15-9, Mississippi Code of 1972, is
- 90 amended as follows:
- 91 69-15-9. (1) The Board of Animal Health shall have plenary
- 92 power to deal with all contagious and infectious diseases of
- 93 animals as in the opinion of the board may be prevented,
- 94 controlled or eradicated, and with full power to make, promulgate
- 95 and enforce such rules and regulations as in the judgment of the
- 96 board may be necessary to control, eradicate and prevent the
- 97 introduction and spread of anthrax, tuberculosis, hog cholera,
- 98 Texas and splenic fever and the fever-carrying tick (margaropus
- 99 annulatus), cattle brucellosis, anaplasmosis, infectious bovine

rhinotracheitis, muscosal disease, cattle viral diarrhea, cattle scabies, sheep scabies, hog cholera, swine erysipelas, swine brucellosis, equine encephalomyelitis, rabies, vesicular diseases, salmonella group, newcastle disease, infectious laryngotracheitis, ornithosis-psittacosis, mycoplasma group, chronic wasting disease and any suspected new and/or foreign diseases of livestock and poultry and all other diseases of animals in this state, and the board is hereby vested with full authority to establish and maintain quarantine lines and to quarantine by county, supervisors district, parcel of land or herd. The State Veterinarian shall appoint as many inspectors and range riders as may be deemed necessary, and the funds at his disposal will permit, and shall delegate authority to said inspectors and range riders, to enter premises to inspect and disinfect livestock and premises, and enforce quarantine including counties, farms, pens, stables and other premises.

No officer or agent of the State Veterinarian may enter the actual enclosures of any person except (1) with the consent of the person lawfully in possession thereof or (2) in the absence of such consent, with a proper writ obtained as in other cases of searches and seizures under constitutional law. When such officers and agents are lawfully on the premises, either by permission or writ, they shall be authorized to inspect the premises and the livestock and animals found thereon by entering the enclosures and buildings and they are authorized to check livestock and poultry found therein for any contagious diseases and take proper action to control or eradicate any such diseases that may be found. While such officers and agents are performing their duties hereunder, they shall not be personally liable except for gross negligence. The refusal without lawful reason of any person to give the consent aforesaid shall be deemed a misdemeanor and shall be punishable as for violations of Article 5 of this chapter as provided for in Section 69-15-115.

133	The	Board	of	Animal	Health	shall	administer	the	special	fund
134	created :	in Sect	ioi	n 69-15	-19.					

- (3) (a) The Board of Animal Health shall have plenary power
  to control, prevent, eradicate, inspect and monitor chronic
  wasting disease or other contagious disease of exotic cervids or
  other exotic livestock. It shall be the duty of the board to
  develop an inspection, testing and monitoring program for such
- (b) An officer or agent of the State Veterinarian is 141 authorized to enter any facility containing cervids or other 142 143 exotic livestock to inspect the premises and the cervids or exotic livestock. Such officer or agent may inspect, monitor or test any 144 cervid or exotic livestock for disease and may take proper action 145 to control or eradicate any diseases found. While such officers 146 or agents are performing their duties, they shall not be 147 personally liable, except for gross negligence. 148
- (c) As a condition of maintaining a permit for a cervid

  or other exotic livestock facility, it shall be the duty of the

  permittee to allow the agents of the State Veterinarian to enter

  the facility and to conduct inspections and tests.
  - (4) As a condition of maintaining a permit for a cervid or other exotic livestock facility, the permittee shall immediately notify the State Veterinarian upon discovery of the escape of a cervid or exotic livestock. Any such animal shall be treated as an escaped wild animal and may be disposed of accordingly.
- SECTION 4. Section 69-15-109, Mississippi Code of 1972, is amended as follows:
- 160 69-15-109. (1) The Governor of the State of Mississippi,
  161 when advised by the Board of Animal Health that an emergency
  162 exists due to the presence of foot and mouth disease, rinderpest,
  163 contagious pleuropneumonia, or other contagious or infectious
  164 diseases of animals, or European fowl pest and similar diseases
  165 among poultry, in this state, or chronic wasting disease in any

140

153

154

157

diseases.

- cervids, is hereby authorized to declare a state of emergency and 166 to order all animals or poultry quarantined or slaughtered that 167 may be affected with, or possible carriers of such diseases. 168
- 169 The Governor is hereby authorized and empowered to 170 cooperate with any department of the federal government engaged in the combating and control of any such disease mentioned in 171 subsection (1) and to this end the Governor is authorized and 172 empowered to do any and all things in cooperation with the federal 173 government necessary to the control and extermination of any such 174 diseases mentioned in subsection (1) among animals or poultry that 175 176 may be affected therewith.
- 177 For the purposes of this section, the Governor shall have full and complete police power, and shall exercise same 178 anywhere in the State of Mississippi, and if an emergency should 179 180 exist to such an extent that such becomes necessary the Governor may employ such personnel to enforce such police powers and 181 quarantine that may be necessary to control and prevent the 182 183 spreading of any such diseases mentioned in subsection (1) among animals or poultry in this state. Such personnel when appointed 184 185 by the Governor shall work under the direction of the Mississippi 186 Board of Animal Health, or its representative, and shall be paid 187 such compensation as the Governor may determine out of any money made available for the enforcement of this section. 188
- When any animals or poultry or materials are ordered to 189 190 be destroyed, under the provisions of this section, the owner of same shall be paid for each such animal or poultry or materials 191 destroyed an amount not exceeding the amount authorized to be paid 192 by the federal government in matching funds expended for the 193 194 destruction of each such animal or poultry or materials infected 195 with any such diseases mentioned in subsection (1).
- In the event of the happening of an outbreak of any such 196 197 diseases mentioned in subsection (1) in Mississippi, the Governor 198 is hereby authorized to borrow not to exceed two hundred thousand

- 199 dollars (\$200,000.00) to carry out the terms and provisions of
- 200 this section.
- 201 **SECTION 5.** Section 49-1-29, Mississippi Code of 1972, is
- 202 amended as follows:
- 203 49-1-29. The commission may promulgate rules and
- 204 regulations, inaugurate studies and surveys, and establish any
- 205 services it deems necessary to carry out wildlife laws. A
- 206 violation of any rules or regulations promulgated by the
- 207 commission shall constitute a misdemeanor and shall be punished as
- 208 provided in Section 49-7-101.
- The executive director shall have authority with commission
- 210 approval:
- 211 (a) To close or shorten the open season as prescribed
- 212 by law in cases of urgent emergency on any species of game birds,
- 213 game or fur-bearing animals, reptiles, fish or amphibians, in any
- 214 locality, when it finds after investigation and public review that
- 215 the action is reasonably necessary to secure the perpetuation of
- 216 any species of game birds, game or fur-bearing animals, reptiles,
- 217 fish or amphibians and to maintain an adequate supply in the
- 218 affected area. The statutes shall continue in full force and
- 219 effect, except as restricted and limited by the rules and
- 220 regulations promulgated by the commission.
- 221 (b) To designate wildlife refuges, with the consent of
- 222 the property owner or owners, in any localities it finds necessary
- 223 to secure perpetuation of any species of game birds, game or
- 224 fur-bearing animals, reptiles, fish or amphibians and to maintain
- 225 an adequate supply for the purpose of providing a safe retreat
- 226 where the animals may rest and replenish adjacent hunting,
- 227 trapping or fishing grounds or waters.
- (c) To acquire and hold for the state by purchase,
- 229 condemnation, lease, or agreement as authorized from time to time
- 230 by the Legislature, and to receive by gifts or devise, lands or
- 231 water suitable for fish habitats, game and bird habitats, state

- 232 parks, access sites, wildlife refuges, or for public shooting,
- 233 trapping or fishing grounds or waters, to provide areas on which
- 234 any citizen may hunt, trap or fish under any special regulations
- 235 as the commission may prescribe.
- 236 (d) To extend and consolidate lands or waters suitable
- 237 for the above purposes by exchange of lands or waters under its
- 238 jurisdiction.
- (e) To capture, propagate, transport, sell or exchange
- 240 any species of game birds, game or fur-bearing animals, reptiles,
- 241 fish or amphibians needed for stocking or restocking any lands or
- 242 waters of the state.
- 243 (f) To enter into cooperative agreements with persons,
- 244 firms, corporations or governmental agencies for purposes
- 245 consistent with this chapter.
- 246 (g) To regulate the burning of rubbish, slashings and
- 247 marshes or other areas it may find reasonably necessary to reduce
- 248 the danger of destructive fires.
- (h) To conduct research in improved wildlife and
- 250 fisheries conservation methods and to disseminate information to
- 251 the residents of the state through the schools, public media and
- 252 other publications.
- 253 (i) To have exclusive charge and control of the
- 254 propagation and distribution of wild birds, animals, reptiles,
- 255 fish and amphibians, the conduct and control of hatcheries,
- 256 biological stations and game and fur farms owned or acquired by
- 257 the state; to expend for the protection, propagation or
- 258 preservation of game birds, game or fur-bearing animals, reptiles,
- 259 fish and amphibians all funds of the state acquired for this
- 260 purpose arising from licenses, gifts or otherwise; and shall have
- 261 charge of the enforcement of all wildlife laws.
- 262 (j) To grant permits and provide regulations for field
- 263 trials and dog trainers.

- 264 (k) To prohibit and to regulate the taking of nongame 265 gross fish, except minnows.
- 266 (1) To enter into agreements with landowners to trap
  267 and purchase quail on the premises of the landowner and to provide
  268 for the distribution of quail.
- other rights or privileges on lakes owned or leased by the
  department. Owners of land adjoining land owned or leased by the
  department shall have priority to the concessions or rights or
  privileges, if the owners meet the qualifications established by
- (n) To implement a beaver control program and to charge fees, upon the recommendation of the Beaver Control Advisory

  Board, to landowners participating in the beaver control program described in Section 49-7-201.
- (o) To apply for, receive and expend any federal, state or local funds, contributions or funds from any other source for the purpose of beaver control or eradication.
- 282 (p) To require the department to divide the districts
  283 into zones if necessary, and periodically survey the districts or
  284 zones to obtain information that is necessary to properly
  285 determine the population and allowable harvest limits of wildlife
  286 within the district or zone.
- 288 white-tailed deer harvested within any enclosure; to grant
  289 wildlife personnel authority to access the property and depopulate
  290 white-tailed deer within an enclosure where CWD has been
  291 diagnosed; and to grant wildlife personnel authority to access the
  292 property and utilize lethal collection methods to obtain tissue
- 293 samples for testing where CWD has been diagnosed within five (5)
- 294 <u>miles of the enclosure.</u>

amended as follows:

296

274

the commission.

- SECTION 6. Section 49-7-54, Mississippi Code of 1972, is

297	49-7-54. <u>(1)</u> It is unlawful to import and translocate live							
298	white-tailed deer into this state, except that university research							
299	facilities may import live white-tailed deer upon prior approval							
300	of the commission. The commission shall establish regulations							
301	governing the importation of white-tailed deer with emphasis on							
302	preventing the introduction of diseases.							
303	(2) A person who violates this section is guilty of a Class							
304	I violation and shall be punished as provided in Section 49-7-141.							
305	SECTION 7. This act shall take effect and be in force from							
306	and after its passage.
