SENATE BILL NO. 2775

1 AN ACT TO CODIFY SECTION 73-21-125, MISSISSIPPI CODE OF 1972,
2 TO AUTHORIZE THE STATE BOARD OF PHARMACY TO PRESCRIBE
3 QUALIFICATIONS AND MAINTENANCE OF RECORDS REQUIREMENTS FOR
4 PHARMACISTS PROVIDING DISEASE MANAGEMENT SERVICES; TO AMEND
5 SECTION 43-13-117, MISSISSIPPI CODE OF 1972, TO REQUIRE
6 PHARMACISTS TO PROVIDE DISEASE MANAGEMENT SERVICES TO QUALIFY FOR
7 MEDICAID REIMBURSEMENT AND TO AUTHORIZE MEDICAID REIMBURSEMENT FOR
8 PHARMACISTS PROVIDING DISEASE MANAGEMENT SERVICES; AND FOR RELATED
9 PURPOSES.

10 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

11 **SECTION 1.** The following provision shall be codified as
12 Section 73-21-125, Mississippi Code of 1972:

13 73-21-125. The State Board of Pharmacy is authorized to
14 establish a Disease Management Protocol to be developed between
15 the pharmacist and the patient's referring physician. This
16 protocol shall be required for pharmacists providing services to
17 Medicaid recipients. The primary components of this service shall
18 be: (a) patient evaluation; (b) compliance assessment; (c) drug
19 therapy review; (d) disease management according to clinical
20 practice guidelines; and (e) patient and caregiver education. To
21 provide this service, a pharmacist shall be a registered
22 pharmacist with a doctorate in pharmacy or a registered pharmacist
23 who has completed a disease specific certification program
24 approved by the Mississippi State Board of Pharmacy and practicing
25 within the scope of practice. All certified pharmacists shall
26 renew their specific disease management certification every two
27 (2) years as required by board regulation. Certified pharmacists
28 shall provide a separate, distinct private area for providing
29 disease management services, as required by board regulation. A
30 copy of the patient's pharmacy care records for such disease

31 management services shall be shared with the patient's physician
32 and shall remain on file in the pharmacist's facility available
33 for audit by the Division of Medicaid and the State Board of
34 Pharmacy.

35 **SECTION 2.** Section 43-13-117, Mississippi Code of 1972, is
36 amended as follows:

37 43-13-117. Medicaid as authorized by this article shall
38 include payment of part or all of the costs, at the discretion of
39 the division or its successor, with approval of the Governor, of
40 the following types of care and services rendered to eligible
41 applicants who have been determined to be eligible for that care
42 and services, within the limits of state appropriations and
43 federal matching funds:

44 (1) Inpatient hospital services.

45 (a) The division shall allow thirty (30) days of
46 inpatient hospital care annually for all Medicaid recipients.
47 Precertification of inpatient days must be obtained as required by
48 the division. The division may allow unlimited days in
49 disproportionate hospitals as defined by the division for eligible
50 infants under the age of six (6) years if certified as medically
51 necessary as required by the division.

52 (b) From and after July 1, 1994, the Executive
53 Director of the Division of Medicaid shall amend the Mississippi
54 Title XIX Inpatient Hospital Reimbursement Plan to remove the
55 occupancy rate penalty from the calculation of the Medicaid
56 Capital Cost Component utilized to determine total hospital costs
57 allocated to the Medicaid program.

58 (c) Hospitals will receive an additional payment
59 for the implantable programmable baclofen drug pump used to treat
60 spasticity which is implanted on an inpatient basis. The payment
61 pursuant to written invoice will be in addition to the facility's
62 per diem reimbursement and will represent a reduction of costs on
63 the facility's annual cost report, and shall not exceed Ten

64 Thousand Dollars (\$10,000.00) per year per recipient. This
65 subparagraph (c) shall stand repealed on July 1, 2005.

66 (2) Outpatient hospital services. Where the same
67 services are reimbursed as clinic services, the division may
68 revise the rate or methodology of outpatient reimbursement to
69 maintain consistency, efficiency, economy and quality of care.

70 (3) Laboratory and x-ray services.

71 (4) Nursing facility services.

72 (a) The division shall make full payment to
73 nursing facilities for each day, not exceeding fifty-two (52) days
74 per year, that a patient is absent from the facility on home
75 leave. Payment may be made for the following home leave days in
76 addition to the fifty-two-day limitation: Christmas, the day
77 before Christmas, the day after Christmas, Thanksgiving, the day
78 before Thanksgiving and the day after Thanksgiving.

79 (b) From and after July 1, 1997, the division
80 shall implement the integrated case-mix payment and quality
81 monitoring system, which includes the fair rental system for
82 property costs and in which recapture of depreciation is
83 eliminated. The division may reduce the payment for hospital
84 leave and therapeutic home leave days to the lower of the case-mix
85 category as computed for the resident on leave using the
86 assessment being utilized for payment at that point in time, or a
87 case-mix score of 1.000 for nursing facilities, and shall compute
88 case-mix scores of residents so that only services provided at the
89 nursing facility are considered in calculating a facility's per
90 diem.

91 During the period between May 1, 2002, and December 1, 2002,
92 the Chairmen of the Public Health and Welfare Committees of the
93 Senate and the House of Representatives may appoint a joint study
94 committee to consider the issue of setting uniform reimbursement
95 rates for nursing facilities. The study committee will consist of
96 the Chairmen of the Public Health and Welfare Committees, three

97 (3) members of the Senate and three (3) members of the House. The
98 study committee shall complete its work in not more than three (3)
99 meetings.

100 (c) From and after July 1, 1997, all state-owned
101 nursing facilities shall be reimbursed on a full reasonable cost
102 basis.

103 (d) When a facility of a category that does not
104 require a certificate of need for construction and that could not
105 be eligible for Medicaid reimbursement is constructed to nursing
106 facility specifications for licensure and certification, and the
107 facility is subsequently converted to a nursing facility under a
108 certificate of need that authorizes conversion only and the
109 applicant for the certificate of need was assessed an application
110 review fee based on capital expenditures incurred in constructing
111 the facility, the division shall allow reimbursement for capital
112 expenditures necessary for construction of the facility that were
113 incurred within the twenty-four (24) consecutive calendar months
114 immediately preceding the date that the certificate of need
115 authorizing the conversion was issued, to the same extent that
116 reimbursement would be allowed for construction of a new nursing
117 facility under a certificate of need that authorizes that
118 construction. The reimbursement authorized in this subparagraph
119 (d) may be made only to facilities the construction of which was
120 completed after June 30, 1989. Before the division shall be
121 authorized to make the reimbursement authorized in this
122 subparagraph (d), the division first must have received approval
123 from the Health Care Financing Administration of the United States
124 Department of Health and Human Services of the change in the state
125 Medicaid plan providing for the reimbursement.

126 (e) The division shall develop and implement, not
127 later than January 1, 2001, a case-mix payment add-on determined
128 by time studies and other valid statistical data that will
129 reimburse a nursing facility for the additional cost of caring for

130 a resident who has a diagnosis of Alzheimer's or other related
131 dementia and exhibits symptoms that require special care. Any
132 such case-mix add-on payment shall be supported by a determination
133 of additional cost. The division shall also develop and implement
134 as part of the fair rental reimbursement system for nursing
135 facility beds, an Alzheimer's resident bed depreciation enhanced
136 reimbursement system that will provide an incentive to encourage
137 nursing facilities to convert or construct beds for residents with
138 Alzheimer's or other related dementia.

139 (f) The Division of Medicaid shall develop and
140 implement a referral process for long-term care alternatives for
141 Medicaid beneficiaries and applicants. No Medicaid beneficiary
142 shall be admitted to a Medicaid-certified nursing facility unless
143 a licensed physician certifies that nursing facility care is
144 appropriate for that person on a standardized form to be prepared
145 and provided to nursing facilities by the Division of Medicaid.
146 The physician shall forward a copy of that certification to the
147 Division of Medicaid within twenty-four (24) hours after it is
148 signed by the physician. Any physician who fails to forward the
149 certification to the Division of Medicaid within the time period
150 specified in this paragraph shall be ineligible for Medicaid
151 reimbursement for any physician's services performed for the
152 applicant. The Division of Medicaid shall determine, through an
153 assessment of the applicant conducted within two (2) business days
154 after receipt of the physician's certification, whether the
155 applicant also could live appropriately and cost-effectively at
156 home or in some other community-based setting if home- or
157 community-based services were available to the applicant. The
158 time limitation prescribed in this subparagraph shall be waived in
159 cases of emergency. If the Division of Medicaid determines that a
160 home- or other community-based setting is appropriate and
161 cost-effective, the division shall:

162 (i) Advise the applicant or the applicant's
163 legal representative that a home- or other community-based setting
164 is appropriate;

165 (ii) Provide a proposed care plan and inform
166 the applicant or the applicant's legal representative regarding
167 the degree to which the services in the care plan are available in
168 a home- or in other community-based setting rather than nursing
169 facility care; and

170 (iii) Explain that the plan and services are
171 available only if the applicant or the applicant's legal
172 representative chooses a home- or community-based alternative to
173 nursing facility care, and that the applicant is free to choose
174 nursing facility care.

175 The Division of Medicaid may provide the services described
176 in this subparagraph (f) directly or through contract with case
177 managers from the local Area Agencies on Aging, and shall
178 coordinate long-term care alternatives to avoid duplication with
179 hospital discharge planning procedures.

180 Placement in a nursing facility may not be denied by the
181 division if home- or community-based services that would be more
182 appropriate than nursing facility care are not actually available,
183 or if the applicant chooses not to receive the appropriate home-
184 or community-based services.

185 The division shall provide an opportunity for a fair hearing
186 under federal regulations to any applicant who is not given the
187 choice of home- or community-based services as an alternative to
188 institutional care.

189 The division shall make full payment for long-term care
190 alternative services.

191 The division shall apply for necessary federal waivers to
192 assure that additional services providing alternatives to nursing
193 facility care are made available to applicants for nursing
194 facility care.

195 (5) Periodic screening and diagnostic services for
196 individuals under age twenty-one (21) years as are needed to
197 identify physical and mental defects and to provide health care
198 treatment and other measures designed to correct or ameliorate
199 defects and physical and mental illness and conditions discovered
200 by the screening services regardless of whether these services are
201 included in the state plan. The division may include in its
202 periodic screening and diagnostic program those discretionary
203 services authorized under the federal regulations adopted to
204 implement Title XIX of the federal Social Security Act, as
205 amended. The division, in obtaining physical therapy services,
206 occupational therapy services, and services for individuals with
207 speech, hearing and language disorders, may enter into a
208 cooperative agreement with the State Department of Education for
209 the provision of those services to handicapped students by public
210 school districts using state funds that are provided from the
211 appropriation to the Department of Education to obtain federal
212 matching funds through the division. The division, in obtaining
213 medical and psychological evaluations for children in the custody
214 of the State Department of Human Services may enter into a
215 cooperative agreement with the State Department of Human Services
216 for the provision of those services using state funds that are
217 provided from the appropriation to the Department of Human
218 Services to obtain federal matching funds through the division.

219 (6) Physician's services. The division shall allow
220 twelve (12) physician visits annually. All fees for physicians'
221 services that are covered only by Medicaid shall be reimbursed at
222 ninety percent (90%) of the rate established on January 1, 1999,
223 and as adjusted each January thereafter, under Medicare (Title
224 XVIII of the Social Security Act, as amended), and which shall in
225 no event be less than seventy percent (70%) of the rate
226 established on January 1, 1994. All fees for physicians' services
227 that are covered by both Medicare and Medicaid shall be reimbursed

228 at ten percent (10%) of the adjusted Medicare payment established
229 on January 1, 1999, and as adjusted each January thereafter, under
230 Medicare (Title XVIII of the Social Security Act, as amended), and
231 which shall in no event be less than seventy percent (70%) of the
232 adjusted Medicare payment established on January 1, 1994.

233 (7) (a) Home health services for eligible persons, not
234 to exceed in cost the prevailing cost of nursing facility
235 services, not to exceed sixty (60) visits per year. All home
236 health visits must be precertified as required by the division.

237 (b) Repealed.

238 (8) Emergency medical transportation services. On
239 January 1, 1994, emergency medical transportation services shall
240 be reimbursed at seventy percent (70%) of the rate established
241 under Medicare (Title XVIII of the Social Security Act, as
242 amended). "Emergency medical transportation services" shall mean,
243 but shall not be limited to, the following services by a properly
244 permitted ambulance operated by a properly licensed provider in
245 accordance with the Emergency Medical Services Act of 1974
246 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced
247 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,
248 (vi) disposable supplies, (vii) similar services.

249 (9) (a) Legend and other drugs as may be determined by
250 the division. The division shall opt out of the federal drug
251 rebate program and shall create a closed drug formulary as soon as
252 practicable after April 12, 2002. Drugs included on the formulary
253 will be those with the lowest and best price as determined through
254 a bidding process. The division may implement a program of prior
255 approval for drugs to the extent permitted by law. The division
256 shall allow seven (7) prescriptions per month for each
257 noninstitutionalized Medicaid recipient; however, after a
258 noninstitutionalized or institutionalized recipient has received
259 five (5) prescriptions in any month, each additional prescription
260 during that month must have the prior approval of the division.

261 The division shall not reimburse for any portion of a prescription
262 that exceeds a thirty-four-day supply of the drug based on the
263 daily dosage.

264 The dispensing fee for each new or refill prescription shall
265 be Three Dollars and Ninety-one Cents (\$3.91).

266 The division shall develop and implement a program of payment
267 for additional pharmacist services, with payment to be based on
268 demonstrated savings, but in no case shall the total payment
269 exceed twice the amount of the dispensing fee.

270 All claims for drugs for dually eligible Medicare/Medicaid
271 beneficiaries that are paid for by Medicare must be submitted to
272 Medicare for payment before they may be processed by the
273 division's on-line payment system.

274 The division shall develop a pharmacy policy in which drugs
275 in tamper-resistant packaging that are prescribed for a resident
276 of a nursing facility but are not dispensed to the resident shall
277 be returned to the pharmacy and not billed to Medicaid, in
278 accordance with guidelines of the State Board of Pharmacy.

279 (b) Legend and other drugs as may be determined by
280 the division. The division may implement a program of prior
281 approval for drugs to the extent permitted by law. Payment by the
282 division for covered multiple source drugs shall be limited to the
283 lower of the upper limits established and published by the Centers
284 for Medicare and Medicaid Services (CMS) plus a dispensing fee, or
285 the estimated acquisition cost (EAC) plus a dispensing fee, or the
286 providers' usual and customary charge to the general public. The
287 division shall allow seven (7) prescriptions per month for each
288 noninstitutionalized Medicaid recipient; however, after a
289 noninstitutionalized or institutionalized recipient has received
290 five (5) prescriptions in any month, each additional prescription
291 during that month must have the prior approval of the division.
292 The division shall not reimburse for any portion of a prescription

293 that exceeds a thirty-four-day supply of the drug based on the
294 daily dosage.

295 Payment for other covered drugs, other than multiple source
296 drugs with CMS upper limits, shall not exceed the lower of the
297 estimated acquisition cost plus a dispensing fee or the providers'
298 usual and customary charge to the general public.

299 Payment for nonlegend or over-the-counter drugs covered on
300 the division's formulary shall be reimbursed at the lower of the
301 division's estimated shelf price or the providers' usual and
302 customary charge to the general public. No dispensing fee shall
303 be paid.

304 The dispensing fee for each new or refill prescription shall
305 be Three Dollars and Ninety-one Cents (\$3.91).

306 The Medicaid provider shall not prescribe, the Medicaid
307 pharmacy shall not bill, and the division shall not reimburse for
308 name brand drugs if there are equally effective generic
309 equivalents available and if the generic equivalents are the least
310 expensive.

311 The division shall develop and implement a program of payment
312 for additional pharmacist services, with payment to be based on
313 demonstrated savings, but in no case shall the total payment
314 exceed twice the amount of the dispensing fee.

315 All claims for drugs for dually eligible Medicare/Medicaid
316 beneficiaries that are paid for by Medicare must be submitted to
317 Medicare for payment before they may be processed by the
318 division's on-line payment system.

319 The division shall develop a pharmacy policy in which drugs
320 in tamper-resistant packaging that are prescribed for a resident
321 of a nursing facility but are not dispensed to the resident shall
322 be returned to the pharmacy and not billed to Medicaid, in
323 accordance with guidelines of the State Board of Pharmacy.

324 As used in this paragraph (9), "estimated acquisition cost"
325 means twelve percent (12%) less than the average wholesale price
326 for a drug.

327 (c) The division may operate the drug program
328 under the provisions of subparagraph (b) until the closed drug
329 formulary required by subparagraph (a) is established and
330 implemented. Subparagraph (a) of this paragraph (9) shall stand
331 repealed on July 1, 2003.

332 (d) From and after July 1, 2003, pharmacists shall
333 be required to have in place a Disease Management Protocol as
334 provided in Section 73-21-125 and provide disease management
335 services as a prerequisite for Medicaid reimbursement under this
336 subsection. Disease management services performed by certified
337 pharmacists shall be reimbursed on a per encounter basis as
338 approved by the division, limited to twelve (12) per recipient per
339 fiscal year.

340 (10) Dental care that is an adjunct to treatment of an
341 acute medical or surgical condition; services of oral surgeons and
342 dentists in connection with surgery related to the jaw or any
343 structure contiguous to the jaw or the reduction of any fracture
344 of the jaw or any facial bone; and emergency dental extractions
345 and treatment related thereto. On July 1, 1999, all fees for
346 dental care and surgery under authority of this paragraph (10)
347 shall be increased to one hundred sixty percent (160%) of the
348 amount of the reimbursement rate that was in effect on June 30,
349 1999. It is the intent of the Legislature to encourage more
350 dentists to participate in the Medicaid program.

351 (11) Eyeglasses for all Medicaid beneficiaries who have
352 (a) had surgery on the eyeball or ocular muscle that results in a
353 vision change for which eyeglasses or a change in eyeglasses is
354 medically indicated within six (6) months of the surgery and is in
355 accordance with policies established by the division, or (b) one
356 (1) pair every five (5) years and in accordance with policies

357 established by the division. In either instance, the eyeglasses
358 must be prescribed by a physician skilled in diseases of the eye
359 or an optometrist, whichever the beneficiary may select.

360 (12) Intermediate care facility services.

361 (a) The division shall make full payment to all
362 intermediate care facilities for the mentally retarded for each
363 day, not exceeding eighty-four (84) days per year, that a patient
364 is absent from the facility on home leave. Payment may be made
365 for the following home leave days in addition to the
366 eighty-four-day limitation: Christmas, the day before Christmas,
367 the day after Christmas, Thanksgiving, the day before Thanksgiving
368 and the day after Thanksgiving.

369 (b) All state-owned intermediate care facilities
370 for the mentally retarded shall be reimbursed on a full reasonable
371 cost basis.

372 (13) Family planning services, including drugs,
373 supplies and devices, when those services are under the
374 supervision of a physician.

375 (14) Clinic services. Such diagnostic, preventive,
376 therapeutic, rehabilitative or palliative services furnished to an
377 outpatient by or under the supervision of a physician or dentist
378 in a facility that is not a part of a hospital but that is
379 organized and operated to provide medical care to outpatients.
380 Clinic services shall include any services reimbursed as
381 outpatient hospital services that may be rendered in such a
382 facility, including those that become so after July 1, 1991. On
383 July 1, 1999, all fees for physicians' services reimbursed under
384 authority of this paragraph (14) shall be reimbursed at ninety
385 percent (90%) of the rate established on January 1, 1999, and as
386 adjusted each January thereafter, under Medicare (Title XVIII of
387 the Social Security Act, as amended), and which shall in no event
388 be less than seventy percent (70%) of the rate established on
389 January 1, 1994. All fees for physicians' services that are

390 covered by both Medicare and Medicaid shall be reimbursed at ten
391 percent (10%) of the adjusted Medicare payment established on
392 January 1, 1999, and as adjusted each January thereafter, under
393 Medicare (Title XVIII of the Social Security Act, as amended), and
394 which shall in no event be less than seventy percent (70%) of the
395 adjusted Medicare payment established on January 1, 1994. On July
396 1, 1999, all fees for dentists' services reimbursed under
397 authority of this paragraph (14) shall be increased to one hundred
398 sixty percent (160%) of the amount of the reimbursement rate that
399 was in effect on June 30, 1999.

400 (15) Home- and community-based services, as provided
401 under Title XIX of the federal Social Security Act, as amended,
402 under waivers, subject to the availability of funds specifically
403 appropriated therefor by the Legislature. Payment for those
404 services shall be limited to individuals who would be eligible for
405 and would otherwise require the level of care provided in a
406 nursing facility. The home- and community-based services
407 authorized under this paragraph shall be expanded over a five-year
408 period beginning July 1, 1999. The division shall certify case
409 management agencies to provide case management services and
410 provide for home- and community-based services for eligible
411 individuals under this paragraph. The home- and community-based
412 services under this paragraph and the activities performed by
413 certified case management agencies under this paragraph shall be
414 funded using state funds that are provided from the appropriation
415 to the Division of Medicaid and used to match federal funds.

416 (16) Mental health services. Approved therapeutic and
417 case management services (a) provided by an approved regional
418 mental health/retardation center established under Sections
419 41-19-31 through 41-19-39, or by another community mental health
420 service provider meeting the requirements of the Department of
421 Mental Health to be an approved mental health/retardation center
422 if determined necessary by the Department of Mental Health, using

423 state funds that are provided from the appropriation to the State
424 Department of Mental Health and/or funds transferred to the
425 department by a political subdivision or instrumentality of the
426 state and used to match federal funds under a cooperative
427 agreement between the division and the department, or (b) provided
428 by a facility that is certified by the State Department of Mental
429 Health to provide therapeutic and case management services, to be
430 reimbursed on a fee for service basis, or (c) provided in the
431 community by a facility or program operated by the Department of
432 Mental Health. Any such services provided by a facility described
433 in subparagraph (b) must have the prior approval of the division
434 to be reimbursable under this section. After June 30, 1997,
435 mental health services provided by regional mental
436 health/retardation centers established under Sections 41-19-31
437 through 41-19-39, or by hospitals as defined in Section 41-9-3(a)
438 and/or their subsidiaries and divisions, or by psychiatric
439 residential treatment facilities as defined in Section 43-11-1, or
440 by another community mental health service provider meeting the
441 requirements of the Department of Mental Health to be an approved
442 mental health/retardation center if determined necessary by the
443 Department of Mental Health, shall not be included in or provided
444 under any capitated managed care pilot program provided for under
445 paragraph (24) of this section.

446 (17) Durable medical equipment services and medical
447 supplies. Precertification of durable medical equipment and
448 medical supplies must be obtained as required by the division.
449 The Division of Medicaid may require durable medical equipment
450 providers to obtain a surety bond in the amount and to the
451 specifications as established by the Balanced Budget Act of 1997.

452 (18) (a) Notwithstanding any other provision of this
453 section to the contrary, the division shall make additional
454 reimbursement to hospitals that serve a disproportionate share of
455 low-income patients and that meet the federal requirements for

456 those payments as provided in Section 1923 of the federal Social
457 Security Act and any applicable regulations. However, from and
458 after January 1, 1999, no public hospital shall participate in the
459 Medicaid disproportionate share program unless the public hospital
460 participates in an intergovernmental transfer program as provided
461 in Section 1903 of the federal Social Security Act and any
462 applicable regulations. Administration and support for
463 participating hospitals shall be provided by the Mississippi
464 Hospital Association.

465 (b) The division shall establish a Medicare Upper
466 Payment Limits Program, as defined in Section 1902(a)(30) of the
467 federal Social Security Act and any applicable federal
468 regulations, for hospitals, and may establish a Medicare Upper
469 Payments Limits Program for nursing facilities. The division
470 shall assess each hospital and, if the program is established for
471 nursing facilities, shall assess each nursing facility, for the

762 Legislature that expenditures during any fiscal year shall not
763 exceed the amounts appropriated for that fiscal year.

764 Notwithstanding any other provision of this article, it shall
765 be the duty of each nursing facility, intermediate care facility
