(6) All fines, penalties and other sums recovered or 415 collected by the commission for and in behalf of the state under 416 this section shall be deposited in the Pollution Emergency Fund 417 established by Sections 49-17-61 through 49-17-70, and the 418 419 commission is authorized to receive and accept, from any and all available sources whatsoever, additional funds to be deposited in 420 such fund and expended for the purpose of remedial, cleanup or 421 422 abatement actions involving the introduction of solid waste upon

- 423 or into the land, air or waters of this state in violation of
- 424 Sections 17-17-1 through 17-17-47, any rule or regulation or
- 425 written order of the commission in pursuance thereof, or any
- 426 condition or limitation of a permit.
- 427 (7) In determining the amount of any penalty under this
- 428 chapter, the commission shall consider at a minimum:
- 429 (a) The willfulness of the violation;
- (b) Any damage to air, water, land or other natural
- 431 resources of the state or their uses;
- (c) Costs of restoration and abatement;
- 433 (d) Economic benefit as a result of noncompliance;
- (e) The seriousness of the violation, including any
- 435 harm to the environment and any hazard to the health, safety and
- 436 welfare of the public;
- (f) Past performance history; and
- 438 (g) Whether the noncompliance was discovered and
- 439 reported as the result of a voluntary self-evaluation. If a
- 440 person discovers as a result of a voluntary self-evaluation,
- 441 information related to noncompliance with an environmental law and
- 442 voluntarily discloses that information to the department,
- 443 commission or any employee thereof, the commission shall, to the
- 444 greatest extent possible, reduce a penalty, if any, determined by
- 445 the commission, except for economic benefit as a result of
- 446 noncompliance, to a de minimis amount if all of the following are
- 447 true:
- 448 (i) The disclosure is made promptly after
- 449 knowledge of the information disclosed is obtained by the person;
- 450 (ii) The person making the disclosure initiates
- 451 the appropriate corrective actions and pursues those corrective
- 452 actions with due diligence;
- 453 (iii) The person making the disclosure cooperates
- 454 with the commission and the department regarding investigation of
- 455 the issues identified in the disclosure;
- 456 (iv) The person is not otherwise required by an
- 457 environmental law to make the disclosure to the commission or the

458 department; The information was not obtained through any 459  $(\nabla)$ source independent of the voluntary self-evaluation or by the 460 461 department through observation, sampling or monitoring; \* \* \* (vi) The noncompliance did not result in a 462 463 substantial endangerment threatening the public health, safety or welfare or the environment; and 464 465 (vii) The noncompliance is not a repeat violation occurring at the same facility within a period of three (3) years. 466 "Repeat violation" in this subparagraph means a second or 467 468 subsequent violation, after the first violation has ceased, of the same statutory provision, regulation, permit condition, or 469 condition in an order of the commission. 470 Any provision of this section and chapter regarding 471 (9) liability for the costs of cleanup, removal, remediation or 472 abatement of any pollution, hazardous waste or solid waste shall 473 474 be limited as provided in Section 49-17-42 and rules adopted 475 thereto. (10) Any person who violates Section 49-17-603, shall, in 476 477 addition to any other penalties, be subject to the penalties provided in this section. 478 SECTION 5. The following shall be codified as Section 479 17-17-67, Mississippi Code of 1972: 480 <u>17-17-67.</u> (1) Any person who purposely or recklessly 481 482 disposes of any hazardous waste in violation of this chapter which contaminates a drinking water source to the extent that it is 483 484 unsafe for human consumption, as determined by the state agency charged with the responsibility of regulating safe drinking water 485 for human consumption; or any person who purposely or recklessly 486 487 disposes of any hazardous waste in violation of this chapter and who knows that he places another person in imminent danger of 488 death or serious bodily injury shall, upon conviction, be guilty 489 of a felony, and shall be subject to imprisonment for a term of 490 491 not less than one (1) year nor more than ten (10) years, and shall

also be subject to a fine of not less than Five Thousand Dollars

- (\$5,000.00) nor more than Fifty Thousand Dollars (\$50,000.00) for 493
- 494 each day of violation or both fine and imprisonment. The fine
- 495 shall not exceed a total of One Million Dollars (\$1,000,000.00).
- For purposes of this section, a person acts purposely 496
- with respect to a material element of an offense when: 497
- 498 If the element involves the nature of his conduct
- or a result thereof, it is his conscious object to engage in 499
- conduct of that nature or to cause such a result; and 500
- If the element involves the attendant 501
- 502 circumstances, he is aware of the existence of such circumstances
- or he believes or hopes that they exist. 503
- 504 For purposes of this section, a person acts recklessly
- with respect to a material element of an offense when he 505
- consciously disregards a substantial and unjustifiable risk that 506
- the material element exists or will result from his conduct. The 507
- risk must be of such a nature and degree that, considering the 508
- 509 nature and purpose of the actor's conduct and the circumstances
- known to him, its disregard involves a gross deviation from the 510
- 511 standard of conduct that a law-abiding person would observe in the
- actor's situation. 512
- This section shall not apply to any person holding a (4)513
- permit from the Department of Environmental Quality and acting 514
- within the scope of that permit. 515
- 516 SECTION 6. This act shall take effect and be in force from
- 517 and after its passage.
